BALLINGER, TEXAS, FRIDAY, JULY, NUMBER 9.

NUMBER 42.

## SUBWAY OPERATORS STRIKE IN GOTHAM

NEW YORK, July 6.—New York was in the throes of a strike on its principal subway system, which daily transports more passengers than comprises the population of Chicago.

Reports assembled after the motormen and switchmen of the Interborough Rapid Transit Co., who went on a strike at midnight for increased wages, showed curtailed service was being maintained by strike breakers. There was some congestion. Service to Brooklyn was temporarily abandoned.

No violence was reported. Thousands of persons anticipating delays, forsook their usual underground routes and took elevated lines, busses, railroads and trolleys.

NEW YORK, July 7.—New York's subway strike continued into its second day today with both the striking motormen and switchmen, and officials of the Interborough Rapid Transit Co. expressing satisfaction with their respective operations.

The strikers claim their cause is being strengthened by joining in strike with other transportation workers while the subway officials say they have enough men to maintain nearly normal service.

### FIRE DOES SLIGHT DAMAGE TO BAKER-NICHOLSON ELDG.

A very dangerous fire was narrowly averted about 1:00 o'clock Wednesday afternoon when the janitor's room on the second floor of the Baker-Nicholson building on the corner of Eighth Street and Hutchings Avenue burst into a mass of flames.

A silent alarm was sounded and trucks from the Central station responded.

The fire, had it burned five minutes longer would have no doubt destroyed much of the property and store goods of the block. The D. Reeder store, the Cordill jewelry store, the offices of H. Giesecke, A. K. Doss, Hamilton & Dickey and McCarver & Lynn were all endangered by the flames.

The damage will not be heavy. The building is the property of C. L. Baker and Mrs. R. A. Nicholson.

Miss Beatrice McDonald, of San Angelo, is here visiting her grandfather, R. E. Hardin and family.

James Skinner has returned from Mexico City, where he spent his vacation.

## POSTAL RECEIPTS SHOW INCREASE

Postal receipts for the first six months of this year show about ten per cent increase over the same period of 1925, according to J. A. Reese, postmaster, who this morning made public the receipts of the past two quarters.

For the last six months the total receipts at the Ballinger office were 9,466.16, while for the same period in 1925 the receipts were \$8,566.98. The increase is \$899.18.

Both quarters of the past six months show an increase of several hundred dollars, the report shows. The first quarter of 1925, January, February and March, totals \$4,379.36; the second quarter total was \$4,187.62. For the same periods of this year the totals were \$4,942.72 and \$4,523.44.

"That is a very good increase," Postmaster Reese declared, "but we can not hope to hold to such an increase during the entire year. Business has been very good and this is the only reason for the increase."

The recent arrest in this situation were made by the sheriff's force after they had been notified of the sand haulers taking sand from the public high way near the Evergreen Cemetery, south of Ballinger on the Ballinger-San Angelo highway.

### SYSTEMATIC DEPOSITING OF A PART OF EARNINGS MAY KEEP THE WOLF AWAY

That horror to all of us—"want"—may not face you today or tomorrow, but who knows what dire future is ahead of us. In a twinkling of the eye all that we have, and own, may be wiped out. Yes, it isn't a pleasant picture, but if you're protected by a strong back such as ours, with a comfortable account, there will be no necessity of fearing "want."

### CAUDLE IS NEW SCHOOL TRUSTEE

Tom Caudle, manager of the H. H. Lumber Co., here was Friday night, appointed a member of the school board to succeed J. S. Jones, who recently resigned as a trustee, it was announced by A. F. Brock, secretary of the board this morning.

Mr. Caudle stated this morning he would accept the appointment.

The Trustees met in regular session Friday night at the offices of the board and regular business was discussed and transacted.

H. C. Lyon, the new Superintendent from Hearne, who with Mrs. Lyon arrived in Ballinger Friday morning met with the board and discussed several matters pertaining to the 1926-27 school term. No definite action was taken but it is expected that several changes will be made before school opens sometime in September.

The board had invited David S. Castle, architect from Abilene to meet with them, but Mr. Castle was out of the city at the time of the invitation and a representative of Mr. Castle was present and discussed with the board the new school building which during the past two or three months has shown several defects.

C. C. Holderness was this representative. He practically assured the board that the contractors, Horn and Son, of Abilene, would make good these defects by repairing the building within the next few weeks.

The matter of the defects in the new building was one of the biggest problems which confronted the new school board, as it went into office several weeks ago. The problem is not solved yet but the board has had the matter under consideration for several weeks.

### ASK CITIZENS TO COOPERATE IT ANNUAL CAMP

Captain W. C. McCarver, commander of Company C of the 142nd Infantry of the Texas National Guard, addresses a letter to the citizens of Ballinger asking their co-operation this year in the annual guard encampment to be held at Palacios. Captain McCarver and his company will leave Ballinger on July 8th for a two-weeks stay at the camp.

Following is the letter: "Our annual guard encampment begins July 9th and ends the 23. Our company leaves Ballinger on the afternoon of July 8th and will return to Ballinger at noon on July 24th.

"We have 68 active members however, several of them are in other sections of the country and their addresses are unknown. Consequently it is hard to tell whether they will be here for the camp.

"The Government requires me to bring 60 percent of the enlisted strength of my company to camp, which means that I must take at least 41 men.

"Camp orders were mailed out more than 30 days ago in order that the men as well as their employers might have ample time to arrange for these two weeks absence, and that those who had reasonable excuses might be excused, and by July 1st, all would know definitely what to depend upon.

"Inasmuch as this company is nearly five years of age, it is time that it should be producing men who are familiar with the line of study and work we are engaged in, but due to the fact that there is a very large turn over in the enlisted strength and others insist on being excused from camp, the result is we take a number of men each year without any training whatever, which makes the entire company look ragged and un-drilled, and puts us in a bad light before our superiors.

"I have at all times, done every thing in my power to cause as little trouble, taking only such men as could very conveniently get off, while others have satisfactorily arranged for their absence, even tho needed, and now I believe that more co-operation is due me from the various interests of Ballinger and surrounding country in this respect. If you have a man digging holes, farming or driving a truck for you, clerking in the store, or any other occupation, please do just a little bit and let us have this man for these two weeks. He needs the vacation and in 95 percent of the cases you can better arrange for his absence and supply a substitute for him than I can. It is hard enough for us to work with these men each week, trying to make better citizens and better men in general, and arrange for these annual camps, without having to be put in the position of arguing and begging employers to give us a man for the two weeks. Find out what the Guard here is doing and what it stands for, then sit down and think a little while and see if the younger generation needs the kind of training we are giving in Ballinger Company, and I believe every right thinking man in Ballinger will put his shoulder to the wheel and help us instead of pulling back.

W. C. McCARVER, Capt. 142nd Infantry."

## GOOD AUDIENCE IS GIVEN MOODY

Dan Moody spoke here a few minutes Tuesday evening about 6:45 o'clock from a truck on the corner of Eighth Street and Hutchings Avenue. He stopped while en route to San Angelo from Brownwood where he spoke to a large crowd. A party from San Angelo greeted Mr. Moody in Brownwood and escorted him to San Angelo through Coleman and Ballinger.

In Coleman Mr. Moody and his party stopped only a few minutes in order to greet friends there.

The intersection of Eighth and Hutchings was blocked when Mr. Moody and his party arrived in the city. Shortly before 6:00 o'clock a crowd of several hundred people had gathered at the intersection and when the horns of the cars in which the party were riding, were sounded as soon as they drove upon the pavement in the Eastern part of the city, a response was given by the crowd that had gathered here.

Mr. Moody was not introduced here but greeted a crowd that gathered around the car in which he was riding, with "Gentlemen."

He then mounted the truck and spoke for a few minutes, flaying the Fergusons, the Ferguson administration, and the road contracts which he said Ferguson and his wife had been responsible for during the past two years. He mentioned the speaking date of A. E. Wood, formerly a citizen of Ballinger, here Saturday evening at 8:00 o'clock on the court house lawn.

After a few minutes here, the party set out for San Angelo, where Mr. Moody was scheduled to deliver an address last evening at 8:00 o'clock.

Mr. Moody was met here by his wife, formerly Miss Mildred Paxton, of Abilene, who had been visiting in Abilene for some three weeks.

Mrs. Moody, driving a Buick sedan, arrived in Ballinger about 6:00 o'clock and after making

three or four blocks of the business district, was finally halted in front of the Farmers & Merchants State Bank by a flat tire. She hastily had the tire changed and then greeted friends here. After the speaking Mr. Moody greeted his wife in the main thoroughfare with a big kiss and then the couple departed in Mrs. Moody's car, leading the other two cars to San Angelo.

Mr. Moody has grown older during the tiring campaign and it was shown here Tuesday evening. He was seen by several Ballinger citizens some few months ago when he and his wife passed thru Ballinger en route to Austin after their wedding in Abilene, and friends were heard to remark that he looked much worse than he did then.

Mrs. Moody begged Dan to let her drive to San Angelo, but he took the wheel of the Buick and left the city without lingering any longer.

### SENATOR WOOD TO SPEAK HERE IN MOODY'S BEHALF

Senator A. E. Wood, of Granger, formerly of this city, will speak here Saturday night about 8:00 o'clock at the court house in behalf of Dan Moody, of Williamson county candidate for governor.

## MISS MAPES WINS BISCUIT CONTEST

Miss Anna B. Mapes, of South Ballinger, was declared the winner in the county wide biscuit contest held Saturday afternoon at the office of the West Texas Utilities Company. Mrs. Caudle, of the Hagan community, was second. There were five entered in this contest.

In winning this contest Miss Mapes is entitled to enter the state wide contest to be held at Texas A. & M. College during the first week of August. Miss Mapes intends to attend this contest and try for the state awards. The West Texas Utilities Company presented Miss Mapes with an aluminum steam cooker as first prize in the contest.

There were about 44 rural club members and a number of Ballinger women present for the contest. Each was given a set of aluminum measuring spoons by the utilities company. Aluminum

cream ladders were given each one present, and drinks were served to all.

"We want to publicly thank the West Texas Utilities Co. for the courtesies extended during the contest," Miss Eula Key, county home demonstration agent, who was in charge of the demonstration, said Tuesday. "We also want to thank them for the awards to each one and especially for the use of their building."
