VOLUME 47.

BALLINGER, TEXAS, FRIDAY MARCH 16, 1928

NUMBER 26.

SLAYER OF 3 AT ANGELO CONFESSES

BYRNES NERVOUS AS JURY PROBES SLAYING

SAN ANGELO, Mar. 14.—"I am a little nervous this morning, I did not rest very well last night," these words were spoken to a news reporter at the Tom Green county jail this morning by Floyd Newton Byrnes, 24, and white, lacking quite a bit of being free.

Byrnes is being watched closely and attendants are always near him in case he wants to say something in regard to his horrible crime of a week ago, in which he butchered a grandmother, Mrs. Rose Schirra, and a daughter, Miss Myrna Juergens.

While he is being watched, a grand jury is hearing testimony in the case. It convened today and will hear testimony of the triple slaying. An indictment will probably not be returned before Thursday.

Six witnesses were heard Wednesday morning and ten others have been summoned.

The principal witnesses who have testified are, Mrs. L. Deen Biggs, a friend of Mrs. W. J. Juergens, 37, one of the slain women; Hugh Allen, a neighbor; Henry Famin, a neighbor, and Mr. and Mrs. W. W. Christner, also neighbors.

SAN ANGELO, Mar. 14.—Floyd Newton Byrnes, 24, confessed slayer of three persons here on March 3, expressed himself as being ready to fight for his life today when he was told that the court would appoint an attorney for him.

Byrnes is without funds. He repeated the statement that he does not remember any other "death implement" than the hand axe.

The grand jury, summoned Tuesday, began an investigation at 10 o'clock this morning.

A. A. Glover of San Angelo was

appointed foreman of the special jury.

MAN IN CELL WITH KILLER SAYS HE HAS BEST JOB IN HIS LIFE

SAN ANGELO, Mar. 14.—"It is the best job I ever had," so says a big red-headed Irishman in the same jail cell with Floyd Newton Byrnes, 24, triple murderer, in this city, a week ago last Saturday.

"I spend the winter in jail and get out in the summer time," he told a news reporter. "I like this job of keeping Byrnes from 'kicking off' just fine."

Officers and officials had fears that Byrnes would attempt to take his own life in his cell, so they took the big Irishman out of his cell and he is now in constant attendance with the killer of three women.

NEW WYOMING TOWN NAMED OR LINDBERGH

CHEYENNE, Wyo., Mar. 14.—"Lindbergh" is the name of a new town of about 200 inhabitants, located 35 miles east of here, on a proposed cutoff branch of the Union Pacific railroad.

The inhabitants of the village are mainly of Scandinavian or Viking descent, and desired to honor their famous descendant, Col. Charles A. Lindbergh, the eagle of the U. S. A.

\$400,000,000 FOR U. S. FARM PRODUCT POOLS

WASHINGTON, Mar. 14.—The treasury is backing up to \$400,000,000 for operation of farm product pools in every state in the Union provided under an amendment to the McNary-Haugen Bill was adopted by the House Agriculture Committee today.

Flier Off On Mystery Hop Is Missing

LONDON, Mar. 14.—Thirty hours having elapsed since Captain Walter Hincheliffe and his "mystery passenger" believed to be Miss Elsie Mackaye, hopped off from Cranwell airdrome on a non-stop flight from this country across the Atlantic to America and the absence of definite news of is causing anxiety here.

The plane, a Stinson monoplane, should have reached Newfoundland early this afternoon.

It is believed that the plane was sighted 200 miles west of Ireland yesterday by a ship. No report has been heard since then.

ST. JOHN'S, New Foundland, Mar. 14.—An unconfirmed report was received from Brigus that several persons had heard an airplane motor between 6 and 7 o'clock this morning.

It is thought that the plane was perhaps that piloted by Hincheliffe, who is still unheard from.

MAN KILLED IN RAID ON STILL

HOUSTON, Mar. 14.—Sam Magalitto, farmer, was shot and killed and Special Ranger Officer Carl Greene, was probably fatally wounded when officers raided a still 12 miles from here this morning.

Magalitto was killed by Special Ranger Claude Beverly after Greene had been wounded.

Officers were working out of the office of District Attorney Horace Soule.

J. H. Austin of Abilene was in Ballinger Tuesday and Wednesday looking after business.

SAN ANGELO, Mar. 12.—Newt Burns, 23, charged with murder in connection with the slaying of Mrs. W. J. Juergens, 37, her mother, Mrs. Rose Schirra, 60, of Pittsburgh, Pa., and Myrna Juergens, 14, of this city, on Saturday night, March 3, has confessed to the affair, a telephone message from Sheriff Bob Hewitt of Tom Green county, who had gone to Sulphur Springs to get Burns, said this afternoon.

The reason for the murder was given in the confession, Sheriff Hewitt said, but it was not transmittable either over telephone or telegraph wires. Other reports stated that the triple brutal slaying followed an argument with Mrs. Juergens over a check, while still another said that Burns was reprimanded for playing the radio so late on Saturday night.

3 Dead in Santa Fe Train Derailment

LOS ANGELES, Mar. 14.—Engineer Tom Baury, Fireman Bailey and Mail Clerk Daugherty were killed and several passengers injured when the crack Santa Fe passenger train was derailed at Yampa, Arizona, last night, it was learned here today.

CHICAGO TAXICAB MAN HAS RADIO FOR FARES

CHICAGO, Mar. 12.—An enterprising cab driver of Chicago, Edward H. Belding, has rigged up the interior of his car with a three-tube radio set. The aerial is on the roof, hanging on the side of the car is a daily newspaper clipping—"the pick of the air."

Belding reports that almost all his passengers enjoy the radio except the occasional wife of a DX "nut" who fails to use the device.

Mr. and Mrs. Harold Robitzsch of San Antonio are spending a few days in Ballinger. Mr. Robitzsch travels for a coffee concern in this section of the state.

Be wise and advertise.

Sheriff Hewitt and Deputy Jim White of this city have Burns en route to Fort Worth now, where he will be kept pending action of the special grand jury which was called to meet on Tuesday morning.

W. J. Juergens, of the Big Lake Oil Company, husband of Mrs. Juergens, was released from custody here Monday morning after the news of the confession reached the city. He was being held for questioning, but officers declared when he came here from Texon Sunday night at 7 o'clock that he was not the man who did the killing.

Burns will be held in the Fort Worth jail to avoid possible demonstrations against the prisoner in San Angelo, Hewitt said.

Burns, who was arrested in Sulphur Springs late Sunday afternoon, was held for the Tom Green county officers. They arrived in Sulphur Springs after an 12-hour, all night drive, about 9 o'clock this morning.

Bodies To Pittsburgh The bodies of the three victims will be shipped to Pittsburgh, the home of Mrs. Schirra, either this afternoon or Tuesday morning. Funeral arrangements will be made after they arrive in Pennsylvania. Friends of the family will accompany Mr. Juergens with the bodies to that city.

Special Grand Jury

A special session of the Tom Green county grand jury has been called for Tuesday morning at 8 o'clock, and it is expected that Burns will be indicted immediately. He will be held in Ft. Worth until after the grand jury investigates the case.

A speedy trial is promised.

Many Visit Scene

Many San Angelo citizens and people motoring in San Angelo from other cities visited the scene of the triple slaying, one of Texas' most horrible slayings, Sunday afternoon, after police

and county officers had forced their way into the home.

Drue W. Christner, geologist for the Marland Oil Company, who lives next door to the Juergens, noted an unusual number of flies flying about the door of the house Sunday afternoon and when he went over to investigate, the odor from the decomposing bodies was so noticeable that he immediately notified the police.

Chief Sam Haynes of the police department entered the building through the use of a skeleton key, and it was that the bodies were found.

A small hatchet, a butcher knife and an ice pick had been used in the slayings. These were found over the blood splattered house.

Bodies Were Mutilated

The bodies of the three women were semi-decomposed and only partly clothed. The hatchet had been used on Mrs. Juergens and Mrs. Schirra while an ice pick had been run into the heart of the little girl several times.

The bodies had been terribly and horribly slashed and cut by the murderer when he used the knife, and the hatchet all effectively. The mother had been disemboweled and her face battered. Mrs. Schirra was found lying face down on a pallet. She had been disemboweled also.

Drawers in the tables and dressers of the house had been riddled and their contents scattered over the house.

The arrest of Burns came only a few hours after the discovery of the bodies. He had been missing from San Angelo for some time, as had the Nash sedan belonging to the Juergens. Burns was the chauffeur for the Juergens family.

SAN ANGELO, Mar. 13.—Newton Byrnes, 23, the murdering chauffeur of three members

T. P. Perkins of Mineral Wells Out for Congress

T. P. Perkins of Mineral Wells, has announced his candidacy for the Democratic nomination for Congress from the Seventeenth District of Texas. Mr. Perkins was born on a farm in Titus County, Texas, in 1883, and received his education in the public schools at Mount Pleasant, at Austin College, Sherman, Texas, and at the State University at Austin. For three years, 1905 to 1908, he taught in the public schools of this state—1905 to 1907 at Ferris, Texas, and the term of 1907-1908 at Grapeland, Houston County, earning a sufficient amount therefrom to complete his education in the law department of Texas University, where he graduated receiving his L. L. B. degree in 1910.

After having been admitted to the bar in 1910, Mr. Perkins commenced his career as a lawyer that year at Snyder, Scurry County, Texas, and continued his practice there until 1915 when he moved to Palo Pinto County. Since 1915 he has resided in Palo Pinto County and continuously followed his chosen profession in that county and enjoying a splendid practice. Mr. Perkins is an outstanding lawyer of his section of the state and has for many years taken a prominent part in civic and political affairs.

In 1912, Mr. Perkins married Miss Grace Cunningham, a daughter of the late J. L. Cunningham of Palo Pinto. He is a member of the Christian Church and is a teacher of a Bible class in the Central Christian Church of Mineral Wells.

The statement of Mr. Perkins relative to the principal planks in his platform is as follows:

"In announcing my candidacy for Congress from the Seventeenth District of Texas, I hereby submit to the Democratic voters of such district the following issues for their consideration, which issues I deem to be important at this time.

Federal Reserve Bank

At the two different hearings held in the Federal Reserve Bank at Dallas for the purpose of investigating complaints against the present management of the bank, at which hearing I was present and it was my pleasure to represent the complaining bankers as a patriotic duty, it was shown that the management was unsympathetic toward the banks located in the smaller towns of the Eleventh Federal Reserve District, which includes all of Texas, and that they had taken the position that banks should not lend money to farmers to assist them in the making of their crops, but such banks should invest their deposits in government securities and commercial paper. It was further shown that on June 29, 1927, when the local loans of banks was at its peak, the Federal Reserve Bank of Dallas had approximately ten times as much money invested in government securities and paper purchased in the open market, commercial paper, the majority of which had its origin outside this district, than it had in rediscounts to member banks, \$36,847,000.00 representing the first class and \$3,892,000.00 representing the latter. It is my contention that a continuation of such policies will seriously cripple the agricultural and live stock interests of this section and will greatly retard the development of this, the western section of Texas. This is a question of vital importance to you.

By the re-election of the governor and other officers over such evidence and in the face thereof, by a six to three vote, the board of directors of the Federal Reserve Bank have approved these actions and policies of the governor and have made his policies their policies.

The resolution now pending in the House of Representatives should be passed in order that Congress may be advised of the present conditions in the Federal Reserve Bank at Dallas to the end that legislation shall be passed remedying the present situation and preventing a recurrence of such conditions.

I further approve the principle of the bill now pending before Congress placing a limitation on the salaries of Federal Reserve Bank employees, the governor of which banks now receive as high as \$50,000.00 per annum and secondary officers as high as \$40,

000.00 per annum, and here state that in my opinion such salaries should be cut not less than fifty per cent.

State Rights

I am a firm believer in the Jeffersonian doctrine of state rights. If a halt is not made in the encroachment of the Federal Government upon the powers reserved by the states under the terms of the Federal Constitution, the time is not far distant when the sovereignty of the several states will be destroyed, and this government will be one of the centralized powers. The sovereign rights of the states must be restored and respected.

Tariff Revision

I am a firm believer in the Democratic doctrine of tariff for revenue only as a general proposition, but if a protective tariff is placed on manufactured products, which are the articles of purchase in this section, then justice and right requires that the raw products should be protected in a like manner. Our people of this section should not be required to purchase on a market competing with the cheap markets of the world.

National Defense

This country will never wage a war of aggression or a war for the purpose of territorial expansion. However, that does not mean that we will never be drawn into a war with some other nation. In order that we might be prepared to meet any nation or nations that may look upon this country as a prey and to defend ourselves from invasions of nations inclined to war, I hold that we should maintain a small army, build sufficient aircraft to provide for the adequate defense of the nation and to maintain sufficient navy to protect our shores and commensurate with the standing of this nation as a world power.

I am not in sympathy with and have no patience with the present invasion of Nicaragua and believe that we should in no wise interfere with the internal affairs of other nations, however small they be. The principle is wrong and I am against it in every way.

Cancellation of Foreign Debts

This government has already made offers of cancellation of a large portion of the debts owed by foreign nations, in some instances as much as fifty per cent, and to the extent that the remainder of the debts not offered to be cancelled represents only the funds loaned to such foreign countries since the war for rehabilitation and not for the reduction of such debts, for honesty and justice demand that such debts be paid.

Eighteenth Amendment

I am a life-long prohibitionist. I know that prohibition is the best thing for this country and its citizenship. Therefore, I stand four-square for the Eighteenth Amendment and all laws enacted placing it in force. I also believe in a rigid enforcement of prohibition laws, whether state or national, to the end that the illegal sale of intoxicants may be absolutely prohibited within the confines of this nation. I regret the effort that is being made to nullify the Eighteenth Amendment to our Constitution and have no sympathy with such movement and as your representative in

After Winter's Colds

It Is Wise to Check Up on the Kidneys.

WATCH your kidneys after colds and grip! When the kidneys slow up, impurities remain in the blood and are apt to make one tired and achy with headaches, dizziness and often nagging backache. A common warning is scanty or burning secretions. Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by experts everywhere. Ask your neighbor!

DOAN'S PILLS

Dexter, Minn. U.S. Pat. 1,192,000

T. P. Perkins, of Mineral Wells

Congress, I shall do everything in my power to uphold the letter and spirit of this great law.

Women's Rights

Of equal importance to the Eighteenth Amendment with regard to the welfare of this nation is the Nineteenth Amendment which conferred on the womanhood of this nation the right of suffrage. I have always believed in the political equality of the manhood and womanhood of this nation and believe that as the women of this country come more and more to the exercising of the right of suffrage just in such proportion will the affairs of government be run with honesty and in-

telligence. It is also my firm conviction that women engaged in the same character of employment as men should receive the same amount of compensation. I see no reason for it to be otherwise.

Adjusted Compensation For War Veterans.

I stand for an extension of the time for adjusted compensation claims to be made and filed by World War veterans. I further believe that this government, rich as it is, should adequately care for and provide for all disabled and crippled veterans.

In conclusion I desire to state that I am a Democrat and stand

for a government of, for and by the people. I further adhere to the rule of the majority as expressed at the ballot box and in favor of party government. If the democracy of this Congressional District sees fit to place me as its representative in the National House of Representatives I shall always strive to carry out the expressed wishes of my constituency and to do that which is for the best interest of the district I represent.

Very respectfully,
T. P. PERKINS.

Texas Mother Now Wants To Help Others

"I have three children and since I have seen from my experience with June how splendid California Fig Syrup is, I have used it with them all for every little upset spell and to keep their bowels active in case of colds and children's ailments."

California Fig Syrup is purely vegetable and works with nature to tone and strengthen the stomach and bowels so they continue to act normally of their own accord. Children like its rich, fruity taste and it acts quick to clean their system of the souring waste which is keeping them half-sick, feverish, out of sorts and sallow. It doesn't gripe or nauseate. All drug stores have it; but to be sure of getting the genuine, endorsed by physicians for over 30 years, ask for it by the full name, "California Fig Syrup."

CALIFORNIA FIG SYRUP

LESSON No. 20

Question: Why is emulsified cod-liver oil so very helpful as a vitamin-food for expectant and nursing mothers?

Answer: Because it provides an easily assimilated food rich in the essential vitamin that aids in building strong bones and good teeth.

Taste pure, wholesome, pleasantly flavored

SCOTT'S EMULSION

TEACHERS ASSOCIATION AT COLEMAN NEXT WEEK

PIONEER CITIZEN DIES WEDNESDAY

Frank Miles, about 70 years of age, of Santa Anna, formerly of this county, died there Wednesday afternoon, according to a message received by Fred Holliday from his mother, Mrs. Mattie Holliday, a sister of Mr. Miles, who has been at his bedside for several days.

Mr. Miles had been in bad health for about six weeks, and has been gradually growing worse. The end came Wednesday afternoon.

He was a pioneer of this county, having come here several years ago, and settling at Old Runnels when the county was first organized. He was in Ballinger and helped to build this city. About 12 years ago he removed to Santa Anna and has been making his home there. He spent much of his life in Runnels county, and served as a county official in the early days.

He is survived by his widow, four children, Mrs. J. D. Norwood, of San Antonio, formerly of this city; Hayden Miles of Glasscock county; Mrs. Phillips, of Santa Anna, and Mrs. Mattie Guthrie, of Santa Anna; three sisters, Mrs. Mattie Holliday and Mrs. Mary Bradford of this city, who have been in Santa Anna with their brother for the past few days, and Mrs. Ray of New York.

Funeral services were held in Santa Anna this afternoon from the residence at 2 o'clock. Interment was made in a Santa Anna cemetery.

Jack Holt and C. A. Doose, Jr., have returned from Fort Worth, where they attended the Fat Stock Show.

Mrs. Horace Strain has gone to Brownwood to visit for a few days.

Supt. H. C. Lyons, president of the Mid-West Teachers Association, stated that everything was ready for the meeting of the Association to meet in Coleman next week. Mr. Lyons stated that he was very anxious for as many people as possible to attend the meeting in Coleman next Friday night, as he felt that it would be of interest to everyone attending from here.

One feature Friday will be the Glee Club contest between girls' glee club from schools all over West Texas. The local club under the direction of Miss Jimmie Winters will be one of the strong contenders. The local club last year won first place at San Angelo and they are expecting to bring the cup back to Ballinger again this year.

Another matter that will attract many will be the lecture by Dr. Reister of Simmons University on "Evolution vs. Christianity." Mr. Lyons stated that the lecture was one of the finest he had ever heard from a scientific and Christian's standpoint, and he would like for as many Ballinger people as possible to hear it.

A style show will be given by classes in home economics from different schools over the district. The Ballinger school will have several entries in this style show and expect to make an excellent showing. This show will be unique and will attract a large crowd.

There will be no school Friday on account of the meeting at Coleman and many students from here will be in Coleman to take part and hear the program for the day.

STOP THAT ITCHING

Use Blue Star Remedy to relieve Eczema, Itch, Tetter, Ringworm, Poison Oak, Pimples, Dandruff, Sores on Children, Cracked Hands, Sore Blisters, Feet, Red Bug bites and all itching skin diseases. It penetrates the skin kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Blue Star Soap may be used as a cleanser before applying Blue Star Remedy. All Drug Stores.

BEARCATS TO PLAY SPRING FOOT BALL

Announcement was made Friday by Coach Felton T. Wright of the Ballinger high school Bearcats that two spring football games would be played by the local eleven within the next few weeks. One will be played with San Angelo here and the other with the San Angelo Bobcats in San Angelo.

Coach Bill Bissett and Coach Wright got together a few days ago and decided on the games. "We have not yet decided where the first game will be played," Coach Wright said, "but Ballinger will get one of them. All the boys on the 1927 squad will be eligible to play in the two games."

The track meet of the county will be over on March 24. Coach Wright declared, and immediately after that the boys will start training for the spring football.

It will be three or four weeks probably before the first game is played, some time in April.

Most of the Bearcats are in pretty good physical condition now, but they have had no football training since the 1927 season closed.

The games will not be played under Interscholastic League rules but every participant must be enrolled in school, Coach Wright said.

Simmons University at Abilene is playing a couple of games this spring also, one to be played in Abilene, and the other to be played in Canyon with the West Texas Teachers.

Many of the local football fans believe the arrangement of these games is only a preliminary step toward regular scheduled Spring football seasons for the colleges and high schools over this section of the Southwest.

Mrs. Lee Richards has returned from Stanton, where she has been visiting relatives.

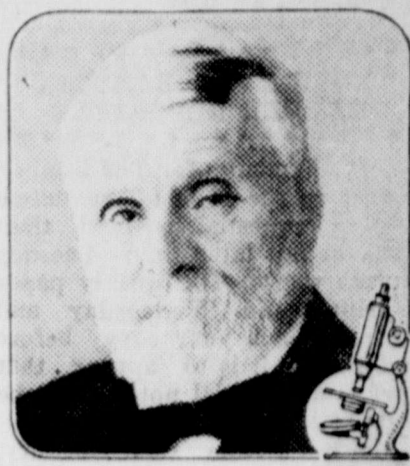

Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxative to be used by his patients.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies.

J. C. Caldwell M.D.
AT AGE 63

It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous bottles.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

GOOD RAIN FALLS HERE

One inch of rain accompanied by a heavy hail for a few minutes fell here Friday afternoon. The hail was small and no great amount of damage had been reported Saturday morning. The rain fell for several hours and it was worth much to the county, as practically all of it soaked in the ground.

Following is a rain report from over the county:

Abilene, .16; Ballinger, 1.22; Benoit, 1 inch; Blackwell, 1 inch; Bradshaw, 1.2 inch; Brady, 3.10; Bronte, 1.2 inch; Brownwood, 1.4 inch; Coleman, .45; Concho, 1.4 inch; Crews, 1 inch; Eden, 1.4 inch; Ft. Chadbourne, 7.8; Hatchel, 1.4 inch; Leaday, 3.4 inch; Maverick, 1.2 inch; Menard, .12 inch; Miles, 1.4 inch; Millersview, 1.2 inch; Norton 1.2; Offen, 1.2; Ovalo, 1.4 inch; Paint Rock, 7.8 inch; Pony, 1.2 inch; Rowena, 1.4 inch; San Angelo, .63; Santa Anna, 1.2 inch; Stacy, 1.2 inch; Talpa, 1 inch; Truitt, 1.4 inch; Wilmeth, 1.4 inch; Winters, 1.4 inch.

Miss Sammie Padgett of Lubbock is here visiting her parents, Mr. and Mrs. W. T. Padgett.

Mrs. Horace Strain has gone to Brownwood to visit for a few days.

COUNTY TO HOLD ESSAY CONTEST

In connection with a state wide essay contest, the schools of Runnels county will have a county wide contest, according to R. E. White, county school superintendent, who has announced that the Farmers and Merchants State Bank would give to the winner of the county contest \$5.00 in gold.

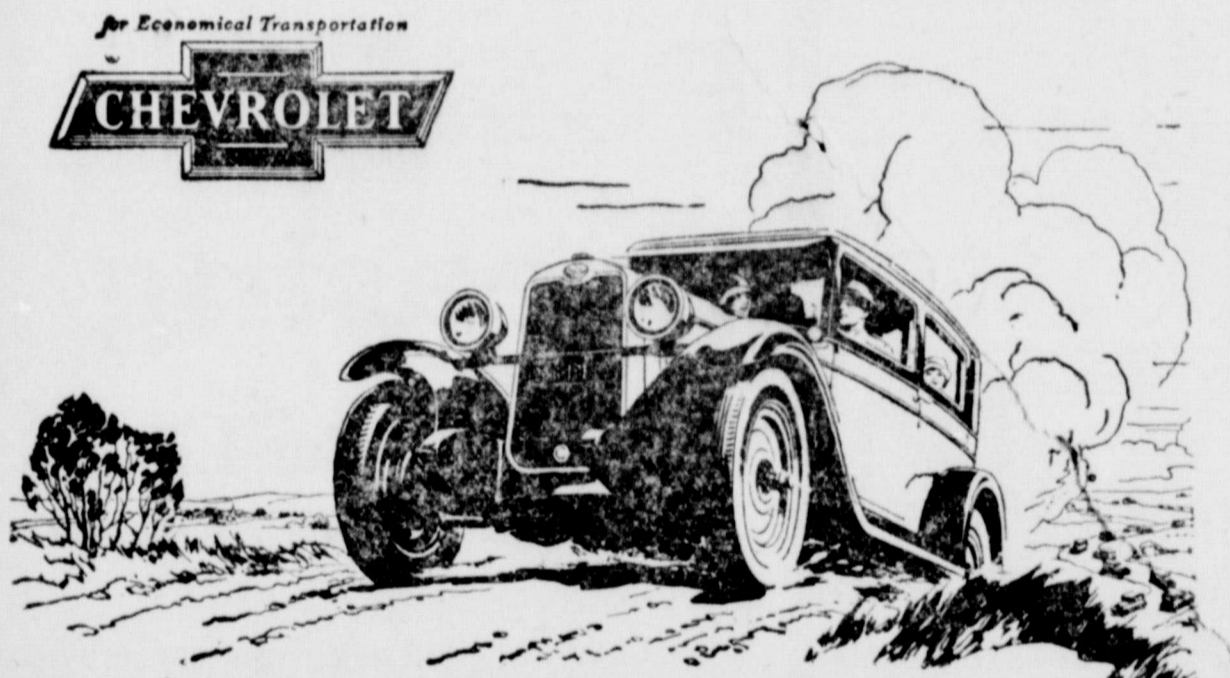

The winner of the state contest will receive \$20 in gold or a gold medal of equal value. "The Qualities of Good Citizenship" is the theme of the essay, and students in Runnels county have until March 20 to enter. This will be in plenty of time for Mr. White to send in the winning essays to the district committee, which meets on April 15.

Students are urged to see their teachers for particulars as Mr. White has mailed to every rural teacher in the county a list of the rules and other details to be used in this contest.

Look For the Red "O. K." Tag

After we have thoroughly reconditioned a used car, we attach a red "O. K." tag to the radiator cap. This tag certifies that the vital units of the car have been gone over completely by expert mechanics and put in condition to give thousands of miles of additional service. It takes all the "guess-work" out of used car buying.

Look for this tag when you buy a used car—for it is your guarantee of quality and value!
