

# THE BANNER-LEDGER

VOLUME 47.

BALLINGER, TEXAS, FRIDAY, JUNE, 1, 1928

NUMBER 37.

## OUTPUT OF WEST TEXAS SHOWS SLIGHT INCREASE

Minor advances in the Runnels, Jones, Loving and Scurry county oil fields and gains of 5,710 barrels in Winkler county, 2,522 in Pecos county, and 610 barrels in Crane county, helped to send the daily oil production of West Texas higher after it had lost 19,367 barrels daily output during the previous week.

There were slight decreases in Upton, Reagan, Crockett, Fisher, Mitchell and Howard counties, but the increases in the other county fields were enough to offset the slow-down.

Runnels county's two wells showed a slight increase, the report indicated.

Following is the total for West Texas counties:

	Daily Av.	Wells	Pr'd'n
Winkler county*	172	141	355
Crane county	265	58	880
Reagan county	209	17	685
Pecos county*	196	51	875
Upton county	284	12	360
Howard county*	149	4	140
Mitchell county	140	3	020
Crockett county	35	1	975
Jones county	24	1	315
Fisher county	2	2	195
Runnels county	2	145	
Loving county	2	110	
Scurry county	5	40	
Ector county	1	10	
Totals	1,486	293	1,053

## GLEASON LEADS INDIANAPOLIS AT 200 MILES

INDIANAPOLIS, May 30.—Louis Meyer, driving a Miller special, won the 500-mile auto speed classic here today after wrestling the lead from Jimmy Gleason in a Dusenberg special, when Gleason was forced to the pits in the 186th lap.

INDIANAPOLIS, May 30.—Twenty-three of the twenty-nine automobiles starting in the sixteenth annual 500-mile classic, were still in the race at the end of the 200-mile mark today.

Jimmy Gleason in the Dusenberg was leading, with an average speed of 105.123 miles per hour.

Babe Stapp was second; Ray Keech, third; Louis Meyer, fourth; and Lou Moore, fifth.

INDIANAPOLIS, May 30.—Leon Duray held the lead at the end of the 50-mile mark in today's 500-mile speedway classic here.

Tony Gulletta, Babe Stapp, Ray Keech and Louis Schneider followed in the order named.

## M.E. BROTHERS HAVE GOOD MEET

The Brotherhood of the Methodist Church met Thursday night of last week in one of the best meetings the men have enjoyed this year. Instead of a formal banquet the men met in a social meeting and were served ice cream and home-made cake by the ladies of the Missionary Society.

Misses Helen Williams and Jewell Chaney delighted the gathering with a group of songs that called for numerous encores. These young ladies are popular entertainers with the brotherhood and are often requested to sing for their meetings.

After refreshments C. P. Shepherd, acting as master of ceremonies, introduced the visitors and a number of local men who in turn responded with short talks. Mr. Shepherd kept the meeting full of pep and fun and all entered into the spirit of the occasion, making it one of the most enjoyable evenings since the brotherhood was organized.

Earl Morley, president of the organization, stated that the next meeting would be held on the creek or river at a near date, and a real picnic dinner would be enjoyed with the members bringing their wives and members of their families.

## HOPES DIM FOR ITALIA'S CREW

LONDON, May 30.—Hopes for the safety of General Umberto Nobile and his crew of 16 men, lost with the dirigible Italia, dimmed today as inclement weather continued in the Arctic regions.

Meanwhile the search is being pressed by the Russians, Norwegians and Italians.

The Soviet government has dispatched an ice-breaker with a seaplane aboard.

LONDON, May 30.—Balked by storm and ice in an effort to land the searching party on Amsterdam Island to scout the Italia, the dirigible's supply ship, the City of Milan returned to Kings Bay today, according to Central News Agency dispatches from Kings Bay this afternoon.

Violent storms are raging over the Arctic regions.

John Pechacek, of Abilene, was in Ballinger Wednesday looking after business.

## Road Bond Issue Will Call for Only 50c Tax Raise

### Road Matters Discussed By Officials of Chamber

The Board of Directors of the Chamber of Commerce Tuesday morning in regular session heard a report given by County Judge Paul Trimmier. This report concerned the proposed Runnels county concrete highways on the Ballinger-Abilene, Ballinger-Coleman, Ballinger-San Angelo and Ballinger-San Antonio highways, No. 30 from the Taylor county line and from the Coleman county line to the Concho county line.

Judge Trimmier's report was based on actual figures and contained no guess work or propaganda.

The directors order the highway committee of the chamber, composed of A. K. Doss, city attorney; C. P. Shepherd, county attorney; and R. E. George, local business man, to work and cooperate with the Commissioners' Court until all matters and details in regard to the carrying out of this work had been accomplished.

#### Convention Trip Planned

The directors also appointed R. E. George, Sam Behringer and E. E. King as the committee to make plans for sending the Ballinger Booster Band and delegation to the Fort Worth convention of the West Texas Chamber of Commerce. This committee will start work Wednesday morning preparing for the convention, it was stated.

A sponsor will be named from Ballinger and she will have the honor of attending all social functions held in Fort Worth during the convention and will also ride on the Heart of Texas float which will be seen in opening parade of the convention.

The Heart of Texas delegation has been assigned two floors in the Worth Hotel during the three-day stay and uptown headquarters in the Fake's Furniture Company building.

Ballinger will join with other towns in this section for the Heart of Texas delegation and will go on a special train to start from San Angelo on the Santa Fe. Delegations from Winters, and other towns in this section are expected to join in with the Santa Fe special, at a round trip fare, including Pullman, of less than \$12. People going from this section will have the privilege of sleeping in the Pullmans at no extra charge, if they ride the special.

Special badges and caps will be provided everyone in the Heart of Texas delegation.

J. D. Motley, secretary of the Ballinger Chamber of Commerce; Sim O'Neal, of Coleman; Hilton Burks, of Brownwood, have been appointed by the Heart of Texas Association officials to make arrangements for the train and delegation.

(Note: Judge Trimmier's report on the highways will be given in detail in Wednesday's issue of The Ledger.)

#### Creamery Report

W. B. Currie, president of the Runnels County Co-operative Creamery, made a report of unusual interest to the directors. He stated that the organization was in full operation and all that was needed now was more raw material for the plant. He said that an active campaign would be started within the near future in an effort to obtain several new members and to get more material for the factory. The creamery has been in operation only a few months but has done an excellent business and products turned out by this plant have found a demand not only in Ballinger but also in neighboring cities, and some points as far as 200 miles distant.

## Wells' Death is Affirmed

AUSTIN, May 30.—The death sentence of O. C. Wells, convicted of the murder of J. A. Mitchell, last year, in Coleman county, was affirmed today by the Court of Criminal Appeals.

## C. R. STEPHENS ANNOUNCES FOR REPRESENTATIVE

C. R. Stephens, of this city, former representative of the 92nd district in the Texas legislature, embracing Runnels, Coke and Concho counties, has again filed his application for that office, it was officially stated here Wednesday.

Mr. and Mrs. Stephens at present are visiting in Corpus Christi and other places in South Texas.

It was learned here several days ago that Judge O. L. Parish was not a candidate for reelection to this office, and some doubt had been expressed whether there would be any candidates for the place.

Mr. Stephens served two terms in the state legislature and six years ago was defeated by a man named Carter from Coke county. Four years ago Judge Parish was elected and two years ago was re-elected but this year declined to enter the race despite the untiring efforts of friends in the three counties.

Mr. and Mrs. Clarence Richards and children, of Abilene, are here visiting Mrs. Richards' father, R. T. Williams, and family. Mr. Richards has recently been appointed agency manager of the Abilene territory for the American Central Life Insurance Co.

Max Russell has returned from Temple, where he had been in a hospital for several days. Mr. Russell is much improved. He became seriously ill at his Menard ranch several weeks ago.

If plans are finally adopted to vote a bond issue for the building of concrete roads in two districts of Runnels county, the increased tax on the \$100 valuation will not exceed fifty cents, County Judge Paul Trimmier said Wednesday morning. Judge Trimmier presented the board of directors of the Ballinger Chamber of Commerce with some very interesting data on the road building for this section, relating to the directors just what information he had obtained from the State Highway Department.

The State Highway Commission has tentatively agreed to pay two-thirds of the cost of paving about 70 miles of state and federal designated highways in Runnels county, on highways Nos. 30 and 23, No. 30 extending from the Taylor county line to Tom Green county line, and No. 23 from the Coleman county line to the Concho county line.

The entire cost of this will be about \$1,847,575.20, according to figures furnished Judge Trimmier by the state department. This figure, Judge Trimmier explained, includes a new bridge over Elm Creek, east of this city. The state will see that its part of the bargain is kept, it was said, if Runnels county will get busy and raise its one-third of the total.

According to information recently received here by the Commissioners' Court, highway No. 30 will be a concrete road or with a concrete base and asphalt topping, while highway No. 23 will be macadamized road with asphalt topping, each of 18-foot

width. The No. 23 road will be similar to the No. 30 road south of San Angelo, according to the specifications received here.

Judge Trimmier said that with close figures, the court had found that the increase to the taxpayers, in the districts embraced, would not exceed 50 cents on the \$100 valuation and that 30-year bonds can be voted, to be retired serially from year to year.

If present plans are followed, and this is not yet certain, the county adjacent to the highways will be divided into two road districts. It has not been determined how the districts will be formed, although it is certain that not all of the county will be included in these two districts.

The tentative plans also call for an underground crossing of the Santa Fe Railroad tracks, east of the city. Engineers of the state department who have been working on this job have not yet made a survey of this crossing but it is thought they will recommend moving it further down the right-of-way.

## AUTO REGISTRATIONS SHOW LARGE INCREASE

Runnels county's automobile registrations for 1928 will run nearly 6,500, in the opinion of W. L. Brown, county tax collector, as the registrations to May 18 this year showed to be about 4,885 as compared with 4,450 on the same date a year ago, the collector stated. Mr. Brown pointed out that the year was not yet half over and there would be many new automobiles purchased in the next few months.

On May 15, 1928 there had been licenses issued on 4,876 automobiles, while on September 17, 1927, there had been licenses issued on 4,876 automobiles.

In 1927 licenses were issued on 5,241 automobiles and 476 trucks, in 1926 there were 5,342 automobiles and 478 trucks licensed.

Mr. Brown said the decrease last year was due to the shortage of Fords but that he believes they will be turned out fast enough this year to run the number to well over 6,500. About 410 trucks have already been registered at the collector's office this year. On May 18 fifty-nine automobiles had been registered for this month and it is believed that more than 100 will be registered before the month closes.

W. A. Bridwell has returned from Austin and Granger where he accompanied Mrs. Bridwell and daughter, Miss Willwood, who will visit relatives in those places before going to Denton to attend summer school at North Texas Teachers' College.

## Girl, 16, Takes Own Life With .410 Shot Gun

Della Mitchell, 16 years of age, took her own life at 1 o'clock Tuesday afternoon at the home of her father, John Mitchell, on Sealy Avenue. The young lady used a .410 gauge shot-gun, the charge from which entered her right temple. She died instantly.

A coroner's verdict was suicide. According to friends, the young lady had been melancholy for the past few days and had remarked only Monday to a girl friend that she was going to kill herself.

Miss Mitchell had been under the treatment of Dr. F. M. Hale, local physician, for some time, and the doctor called to see the young lady at 12 o'clock, an hour before her death. At 1 o'clock she lay on the floor of her father's home, dead.

Mr. Mitchell is in charge of the city pump station during the day and was on duty when notified of his daughter's death.

Funeral arrangements had not been made at 3:00 o'clock this afternoon.

Funeral services for Miss Vella Mitchell, 17, daughter of John Mitchell, city pumper, who took her own life about 1 o'clock Tuesday afternoon, will be held Thursday at 4 p. m. from the home of Mrs. S. A. McCray, 407 Strong Avenue, it was announced Wednesday.

Miss Mitchell ended her life by shooting herself in the right temple with a .410 gauge shot-gun. She died instantly. The young woman had been in low

spirits for some time, it was said, and had been under the treatment of a local physician.

She is survived by her father; one sister, Mrs. Ruby Hampton, of Fort Arthur; and four brothers, F. C., Frank and L. T., all of Bisbee, Arizona; and Will, of California.

The funeral services will be conducted by Rev. J. H. McClain, pastor of the Ballinger Baptist Church, of which the young woman was a member.

Interment will be made in Evergreen Cemetery with Higginbotham Bros. & Co. undertakers in charge. Rebecca and Odd Fellows will conduct the services at the grave.

A coroner's inquest held Tuesday afternoon resulted in a verdict of suicide.

LOCAL FIREMEN AT BANQUET AT MENARD

Chief Louis Cohen, of the Ballinger fire department; Joe Forman, secretary of the local company; L. J. Campbell, assistant chief, and Burns Holt and Woodrow Wilson, local firemen, attended a banquet of the Menard fire department held there Monday night.

Chief Cohen said the banquet was a most elaborate affair and that it was served in the New Bevans Hotel. The chief said the hotel was one of the finest he had ever seen in a town the size of Menard.

Chief John Parker, of the San Angelo department, and Chief Miller, of the Anarillo department, were the only other out-of-town guests at the banquet.

PIONEER SAN ANGELO BANKER RANCHER DIES

J. M. Shannon, a pioneer of West Texas, one of the founders of the Western Federal Reserve Insurance Company of San Angelo, a banker, ranchman and capitalist, died Monday morning at the age of 79 in his San Angelo home. Mr. Shannon had been in bad health for some time.

Shannon herded cattle over this section many years ago. He was an official in San Angelo, Sonora, Snyder and Ozona banks at the time of his death and also owned considerable ranching interests in West Texas.

San Angelo banks closed at 1 o'clock Tuesday afternoon to honor this pioneer. Funeral services were held Tuesday afternoon and interment made in a San Angelo cemetery.

COUNTY JUDGE TRIMMIE MARRIES NEGRO COUPLE

County Judge Paul Trimmie performed the ceremony Saturday afternoon which united L. E. O'Quinn and Urella G. Hamilton in wedlock. The colored couple applied at County Clerk W. A. Forgy's office for a license and then had Mr. Forgy obtain a man eligible to marry them.

Judge Trimmie also recently performed a marriage ceremony for a Mexican couple in this city.

WHOLESALE FIRM HAS CELEBRATION

Officials, branch house managers and employes of the Walker-Smith Company, Brownwood, are this week celebrating the 33rd year of business of this wholesale grocery firm in Central, West and Southwest Texas. The firm was organized in 1894 by J. A. Walker of Brownwood and New York, and by J. L. Smith, deceased, and has seen 33 years of successful business.

The Brownwood Bulletin Monday issued three special sections for Walker-Smith Company in addition to the regular Monday paper and the edition is a credit to any newspaper in West Texas.

The Bulletin carried pictures of all branch house managers and the branch houses in West Texas of which there are sixteen. W. A. Francis, manager of the Ballinger house for a number of years, comes in for part of the praise in the building up of Walker-Smith business in this section. His picture and that of the new building here appeared in the Bulletin.

When organized the Walker-Smith Co. was comparatively small, but through the past third of a century has constantly expanded its business until now it has a capital and surplus of a million and a half and maintains branch houses in sixteen towns and cities in addition to the general headquarters in Brownwood. The branch houses are scattered from the far western portion of the state to Galveston, and are handling a tremendous volume of business annually.

The Walker-Smith organization is so large and the volume of business handled is so heavy that the concern holds a position of great importance in the entire section in which it operates. In addition to the big staff of workers in the general offices, between 250 and 300 traveling salesmen represent the company all over the southern half of the state. The headquarters staff is headed by C. Y. Early, vice-president and general manager, who has had a long period of service with the company. J. A. Walker, one of the founders, is president; Douglas Coakson is secretary-treasurer; Mrs. James Lowrey Smith, wife of the late J. L. Smith, one of the founders, is a director, as is J. R. Stone.

FRIENDS OF PAYNE MARATHON RUNNER VISIT HERE

Mrs. G. O. Bayless, and three sons, Paul, John, G. O. Jr., and Miss Helen Satterwhite, of Claremore, Oklahoma, are here visiting Mrs. Bayless' mother, Mrs. Elizabeth Paul and son, T. A., of this city.

Mr. Paul and three nephews called at The Ledger office Saturday night and inquired about the Los Angeles-to-New York marathon as Andrew Payne, of Claremore was leading in the coast-to-coast race at last reports. Payne is one of America's most noted long-distance runners.

All of the Oklahoma visitors are friends of the runner and were very much interested in his success. "President" Will Rogers also hails from Claremore.

How Expectant Mothers Prepare for Baby's Coming

MOTHER'S FRIEND is a comfort to expectant mothers. Externally applied, it relieves prenatal distress by relaxing tight tissues and muscles. And it is so soothing. Its daily use makes the skin soft and pliable. Three generations of mothers have praised Mother's Friend. "I think it is worth its weight in gold," writes Mrs. Lela Mabe, Lawsonville, N. C. "My baby was born without hardly any pain and it was all due to Mother's Friend."

TELEPHONE CO. STARTS REPAIRS

Monday morning will find a work crew of the West Texas Telephone Company busy on the city communication system. M. C. Atkins, local manager, announced Saturday afternoon. This work is on the outside of the plant here and considerable improvements and repairs will be made.

The company only recently completed quite a number of improvements on the switchboard and in the office here. The work crew will now start stringing new lines and replacing old lines.

New cables will be strung in the alleys on Tenth and Eleventh streets, it was stated, replacing the street poles. Most of the lines west of Eighth Street will be run down the alleys instead of the streets. There are also some improvements to be made in the eastern part of the city, east of Eighth Street.

New cable lines, each of 50 pair, will be run to Hillcrest, and into Wilke Terrace, it was stated.

The company also plans to install a new 200-pair cable to the corner of Eighth Street and Sharp Avenue.

"We are also planning to rebuild the telephone lines in the business district, Magner Atkins declared. "This work will be done at the same time the construction in other sections of the city is being carried out."

McLEAN PAYS FINE IN COURT FOR ASSAULT

H. A. McLean, local oil operator, who last week faced charges in county court of aggravated assault, paid a fine in this case Tuesday morning after entering a plea of guilty before Judge Paul Trimmie. His fine was \$100 and costs, which amounted to \$122.80.

McLean was charged with assault in the case where C. W. (Bill) Johnson, a former partner of Mr. McLean's, was stabbed. Mr. Johnson is at his home on Eighth Street recovering from his injuries.

MISS HOLT WINS MEDAL IN ART

Miss Hortense Holt, of this city, a Freshman at Baylor College, Belton, won a medal in the art exhibit held at the college this week, it was learned here Tuesday.

Miss Holt, the daughter of W. A. Holt, and a niece of Mr. and Mrs. E. E. King, of this city, is completing her first year at Baylor and also her first year in art. She started her art course last August in summer school at Belton.

MOTLEY HOME FROM CORPUS

J. D. Motley, secretary of the Ballinger Chamber of Commerce, returned home Sunday with his family, from Corpus Christi where he had been attending the Texas Commercial Secretaries' school, and from San Antonio where he visited friends and relatives.

Mr. Motley declared that the recent school was probably the most successful ever held, with over 125 secretaries present for the four days and nights of instruction.

The Ballinger secretary was honored by being elected as one of the members of the executive board. Other members of the board are: A. B. Davis, Lubbock, president; C. T. Watson, Big Spring; Jack H. Holt, Ft. Worth; Ray Gill, Beaumont; Roy Christian, Corsicana; G. C. Richardson, Brownsville and Ralph Bradford, Corpus Christi.

Joe Leopold, manager of the United States Chamber of Commerce, was the presiding officer at this meeting and conducted all of the discussions, with Southwestern commercial secretaries taking the lead in almost every discussion.

Some of the most important topics presented at the meeting were: "Effective Leadership," Mr. Holt; "Organization Structure and Program of Work," W. N. Blanton, manager of the East Texas Chamber of Commerce; "Meetings and Committee Management," W. E. Long, Austin; "Membership and Finances," M. E. Melton, Texarkana; "Chamber of Commerce Publicity," Roy Christian, Corsicana; "Commercial Activities," John Boyse, Dallas; "Industrial Activities," Ray Gill, Beaumont; "Civic Activities," Herbert Harrison, Wichita Falls; "Agriculture and Livestock," J. E. Bell, San Benito.

This was Mr. Motley's sixth visit to a commercial secretaries' school.

The next meeting date has not been set nor has the place been selected, Mr. Motley stated, but this will be done at a meeting of the executive board to be held within the next few weeks.

NEW SHERIFF ARRIVES HERE TUESDAY MORN

Sheriff and Mrs. R. E. McWilliams are the proud parents of a 9-pound boy born to them early Tuesday morning. Mother and son are both resting very well. This gives the sheriff and wife ten children in their family, five boys and five girls.

Sheriff McWilliams declined to state when the young man would take his place but it is thought he is already doing the bossing over at the jail.

SAN ANGELO MAYOR LEADS GOLFERS TO TOURNAMENT

SAN ANGELO, May 24.—San Angelo's aggregation in the West Texas golf tournament to open Monday at Mineral Wells will be led by a pair of southpaws, Mayor W. D. Holcomb and J. A. Miller. Miller does not have equal rating with the mayor, who is ranked an opportunity to make the first flight, while Miller may have to pasture in another flight, and this excludes any possibility of the portside pairing off.

A staff of seasoned linksmen will hold the city's hopes for recognition at the resort city tourney, those slated to enter including B. C. Alexander, dean of San Angelo linksmen and who is slated for a first flight berth along with Alex Collins, Penrose Metcalfe, Al Badger, Eugene Mays, Paul Henshaw and K. D. Harrison. Collins won the championship here three years ago but since lost it, while Badger and Metcalfe are both runners-up in other years of championship play.

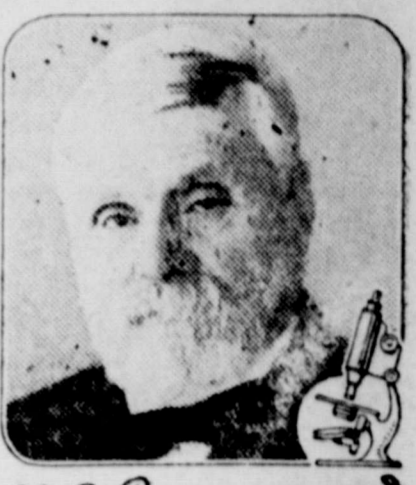

NEW HOME ON FOURTH

Plans have been drawn and the contract will be let shortly, by H. W. Lynn, for the erection of a new home on Fourth Street. Mr. Lynn is manager of the Ballinger Cotton Oil Mill, Inc.

Lance Whaley, of Brownwood, was in Ballinger Monday and Tuesday looking after business.

Doctor Found Women and Children Sick More Often than Men

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were contented.

J. C. Caldwell, M.D. AT AGE 83

In the course of Dr. Caldwell's 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in Dr. Caldwell's private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is coming into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have gotten many hundreds of letters from grateful people telling us that it helped them when everything else failed. While women, children and elderly people are especially benefited by Dr.

Caldwell's Syrup Pepsin, it is promptly effective on the most robust constitution and on the most obstinate cases. It is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest baby. Children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home—where many live someone is sure to need it quickly.

We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

M. E. PARSONAGE DAMAGED BY FIRE

Loss from the fire at the Methodist parsonage Sunday night amounted to several hundred dollars. The exact extent of the damage had not been ascertained early Monday.

The home and furniture were insured, together with personal effects of Rev. and Mrs. R. B. Hooper. The fire originated from an unknown source in the bottom of a clothes closet and did considerable damage before it was discovered by neighbors.

Rev. Hooper was preparing to start the evening services at the First Methodist Church when neighbors came to the church, one block distant, and told him his home was afire. There was no evening service.

The house will be repaired, it was announced Monday.

Mrs. Hooper was preparing to go to Columbia, Mo., where she was to attend the graduation of a son, George Hooper, who is a student of the University of Missouri.

MERCURY GOES HIGH SUNDAY

Sunday was one of the first really warm days experienced in this section of the state this year, according to Mrs. E. M. Eubank, government recorder, as the mercury stood at the 100 mark for a good part of the afternoon.

At 1:30 o'clock Monday afternoon the temperature was 93 degrees.

This kind of weather will be of much benefit to the cotton crop in this section as cool weather has held the crop back for many days. The Rannels county crop is reported to be about three weeks late but with present weather prevailing for some time cotton will show much progress.

There are a few communities in the county that are in need of rain but most sections are in splendid condition.

More Charm—no blemishes now

UNDERNEATH a clear, smooth skin, healthy tissues—full of rich, red blood—thrive. No worry about pimples now. Instead there is a certain satisfaction that gives confidence.

All this because rich, red blood is Nature's way of building and sustaining the body. Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear. Thousands have regained their strength and charm by taking a few bottles of S.S.S.—Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

**BENEFITS OF GOOD  
ROADS**

In good roads, as in so many other ways, the United States leads the world. The splendid, safe highways that are common to us, would in many other countries be considered miracles. We can cross entire states, and go from coast to coast, without encountering dangerous roads.

No public investment pays better. A city with good streets is an attraction to industry and home-seekers; our mountain and country highways, aside from their more practical uses, are a constant invitation to investigate new parts. We have come to depend on these good roads and they are now necessities of business and pleasure.

Plans are being made for a highway from this country to South America, to be the longest in the world. The possibilities of such a connection are enormous in building international good will, in making it easy for foreigners to see and understand the United States, and for us to do the same.

Good roads bear the same relation to a nation as the arteries do to the human body; they give us life and national health, industrially and physically.

**THE TOURISTS**

Hotels, tourist parks and camp grounds along the scenic route from Ballinger to the old South are reported to be doing a good business and the tourist season has hardly opened. This year promises to set a new record in this line.—Ballinger Ledger.

If the tourists are already on the wing, who is plowing out the corn and a chopping of the cotton? It beats bobbed hair how so many Americans find the means and the leisure to be on the go all the year round. While the toiling majority of us are moping at our bread and butter tasks, a rolling minority are viewing the scenery and mingling with the gas stations along life's inviting road. How do they do it—how do they glide through this working world without ever hitting a liek? State Press wishes he knew the answer. He wishes he knew how the perpetual tourists pay for their gasoline and hamburgers. He wishes he knew how they bring themselves to enjoy sleeping in camps or unventilated hotels? How they get a new spring when they break an old one? How they finance a new tire when their oldest one blows out? If S. P. knew that secret, all those secrets, he would bid good-bye to literature. He would give up the pursuit of truth and the illumination of dark corners and take his place in the rubber-tire procession, headed west and east, east and west, north and south, south and north. The new vagabondage has been motorized. No more bunions, no more stone-bruised feet. No more lust for riches, no more aspiration for office, no more fidelity to ancient landmarks. The new independence is not the independence of a domestic security, the title deed to an owned home. It is, rather, the independence of the high road, the irresponsibility for new acquaintances, the bill of sale for a going automobile. A whirling world full of roving nomads!—Dallas News.

**LOCAL BANKERS ATTEND  
MEETING AT WINTERS**

R. G. Erwin and Joe Forman, of the First National Bank; Fred Kiechle and Robert Bruce, of the Farmers & Merchants State Bank; and J. C. Richards, of the Ballinger State Bank, attended the regular meeting of the Runnels County Bankers' Association held at the Winters Country Club Tuesday night.

Barbecued chicken was served, and those attending from Ballinger stated the menu was delicious and well served.

R. E. Homan, instructor of vocational agriculture of the Winters high school, and Mr. Shanks of Clyde were the only speakers.

The next meeting of the association will be held in Miles some time during July.

**\* SWEET HOME 4H CLUB  
ORGANIZED**

Mr. Lehnberg came to the Sweet Home school building, May 29, and organized a 4H club for boys and girls with twelve members.

Officers were chosen as follows: President, Lois Roach; vice-president, Gustav Urbantke; Miss Edith Wright, secretary-treasurer and reporter. Three committees were appointed. The membership committee is: Wilburn Wright, Stanley Schulz and Miss Augusta Urbantke; social and program committee; James Wright, Lois Roach, Miss Edith Wright.

The name chosen for the club was the "Sweet Home Boosters."

The next meeting will be held at the home of E. P. Haulfus on the second Wednesday in June. The work will be judging dairy cattle.

**GETS INSURANCE MONEY  
ON PERSONAL EFFECTS**

Rev. R. B. Hooper, pastor of the First Methodist Church, whose home was badly damaged by fire Sunday night, Tuesday afternoon received insurance money on the personal effects he and Mrs. Hooper lost in the fire. The couple lost many clothes in the blaze, but they were all insured.

McCarver & Lynn, local insurance agency, handled the insurance and paid 100 per cent on the lost property. Rev. Hooper said.

An adjuster for the fire insurance company, which had the insurance on the parsonage and furniture, came here Wednesday to make an investigation and adjust the loss.

**BUFFINGTON MADE  
MANAGER PALACE**

E. B. Buffington, known familiarly in Ballinger as "Ernest" or "Buff," who has been here with his family for several days visiting relatives, has accepted a position with the Hodge Theatres and has been made manager of the Palace Theatre. W. D. Seales, in charge of the Hodge-Seales interests in Ballinger, will take a short vacation and probably visit a health resort with his family for the benefit of his wife's health.

Since leaving Ballinger about five years ago, Mr. Buffington has advanced far in the theatrical business. He came here from San Antonio where he had been house manager for the Victor Theatres, Inc., following the sale of that combine. Previously "Buff" operated theatres of his own at Goldthwaite, Mullin, and Woodville. At the last named town he built an airdome. He was also for a time with the Corpus Christi Amusement Company at Corpus Christi, and the Elks' Theatre at Port Arthur.

Before leaving Ballinger Mr. Buffington was with theatres here owned by L. Cohen, Wood & Jones, H. J. Wood and the Hodge-Seales interests.

ATTEND MANUFACTURERS'  
BANQUET AT SAN ANGELO**

W. C. McCarver, president, and J. D. Motley, secretary of the Ballinger Chamber of Commerce, have received and accepted invitations to attend the Board of City Development's annual manufacturers' dinner to be given in San Angelo on the evening of June 5th, it was said here Wednesday in the local chamber offices following the receipt of a letter from Claud Wild, manager of the San Angelo commercial organization.

The dinner will be served on the St. Angelus Hotel roof. All products to be served at the banquet will be "made in San Angelo."

**CANDIDATE FOR DISTRICT  
JUDGE VISITS BALLINGER**

E. J. Miller, of Brownwood, member of the firm of Jenkins, Miller & Wilson, Brownwood attorneys, was in Ballinger Thursday and Friday visiting friends and electioneering.

Mr. Miller stated he would visit Winters Saturday.

The candidate's announcement recently appeared in The Ledger. Mrs. E. L. Ginsburg, recently of Dallas, who had been here visiting her sister, Mrs. W. A. Bridwell, and other relatives, left Thursday afternoon for her new home at Denver, Colo.

**COURT PROBES  
WINTERS WRECK**

County Attorney C. P. Shepherd went to Winters Thursday morning to hold a court of inquiry in the case of Prewitt Smith, of that city, charged with aggravated assault, following a serious automobile wreck there on May 2nd, in which Miss Mildred Spill, daughter of Mr. and Mrs. Albert Spill, was seriously injured.

The young woman has partially recovered from the injuries. For a time it was thought she would be permanently disabled.

Smith was driving another automobile at the time the girl was injured. As a result of the collision charges of aggravated assault have been filed against Smith.

The inquiry will be conducted before a justice of the peace at Winters.

Jess Jones, of this city, is in Paint Rock at the bedside of his mother, Mrs. J. C. Jones, pioneer resident of this section, who is reported to be seriously ill.

Mrs. H. G. Hayes, of this city, left Monday morning for O'Donnell, where she will visit her daughter, Mrs. W. P. Howard, and her son, C. B. Hayes.

Mrs. Sarah Corkle, of San Antonio, arrived in Ballinger Sunday to spend several days with her daughter, Mrs. J. D. Motley. Mrs. Corkle has visited in Ballinger on previous occasions.

D. M. West, editor of the Bronte Enterprise, was in Ballinger Monday looking after business.

**MAN KILLS SIX WOLVES  
NEAR HERE TUESDAY**

Jack Martin, who lives northwest of Ballinger, killed six wolves Tuesday of this week and received a bounty of \$1 per scalp for his kills from the commissioners court.

The court recently passed an order allowing \$1 per wolf scalp and Mr. Martin was the first to bring in any scalps. He killed the animals on the Nixon ranch a few miles northwest of Ballinger on the Colorado River.

**SCHOOL MEN LEAVE  
ON FISHING TRIP**

H. C. Lyon, superintendent of the city schools, J. B. Pace, Jr., principal of Senior high school, and Felton Wright, head athletic coach of the Ballinger schools left Thursday morning for the fishing paradise near Junction.

The party will spend a greater part of the time fishing on Mr. Wright's father's ranch near Junction. They will return the latter part of this week.

**YOUNG MAN ADDED  
TO L. COHEN FORCE**

Walter Camminer, of Fort Worth, has moved to Ballinger and accepted a position with L. Cohen, gent's furnishings store.

The young man comes to Ballinger highly recommended and will be an addition to the sales force, Mr. Cohen stated.

**J. T. PRESTON BROUGHT  
HERE FROM WACO**

J. T. Preston, a student of Baylor University, and a nephew of Dr. and Mrs. A. S. Love of this city, has been brought here from the Waco hospital where he was confined for several days following an automobile accident there.

The youth was accompanied home by Dr. and Mrs. Love and is reported to be resting very well in the Halley & Love Sanitarium.

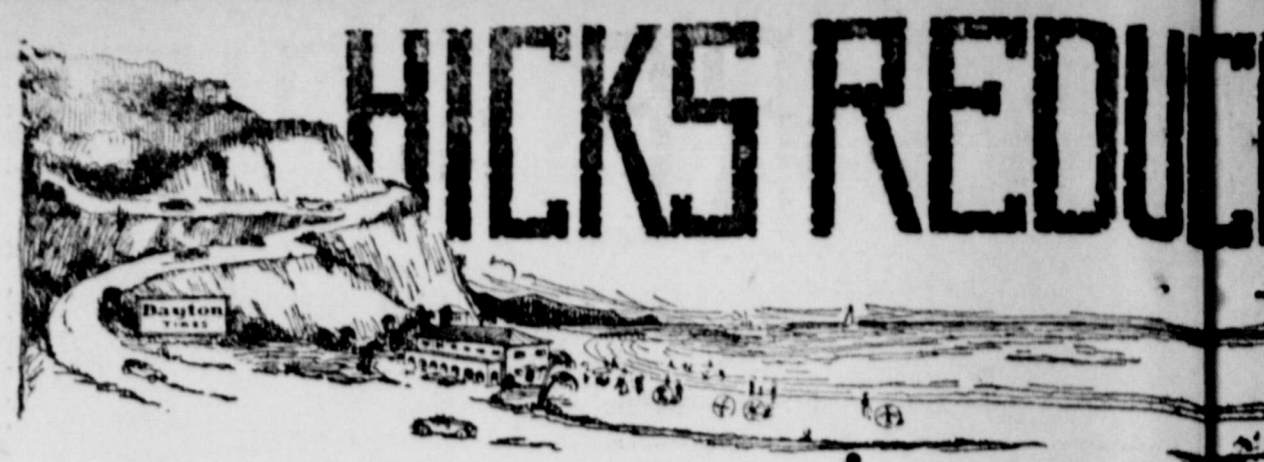

It was said here Thursday that young Preston may not lose the vision in one eye as the result of the accident as first stated.

**UTILITIES COMPANY  
HAS MORE THAN  
50,000 CUSTOMERS**

The number of customers of the electric department of the West Texas Utilities Company has been boosted to above 50,000, the May 17th issue of the West Texas Utilities News announces.

The increase was due to the addition of the Sonora and Eldorado systems, together with the additional consumers tied in in 100 other communities served by the corporation.

The total number of customers jumped from 49,087 to 50,109.

**Lower Rubber Market  
HICKS AGAIN  
SAVINGS**

**ONCE MORE**, through economies offered by modern merchandising and declines in the rubber market, the Hicks Rubber Company stores and associated stores take the lead in announcing lower tire prices.

Linking Dayton quality and Hicks service—the finest tire and the largest distributor—the Hicks policy begins to operate when the raw material is purchased and ends only when the finished product has given the maximum service

Under our supervision, everything—expense, tradition and precedent—has been sacrificed in order to build the greatest tire value in the world. Tire history reveals no contract that is so far reaching, in giving you a super tire at a moderate price, as the contract between the Hicks Rubber Company and the Dayton Rubber Manufacturing Company

So close had contact between the factory and the consumer been brought, so much of the usual warehousing and distribution expense has been eliminated by the Hicks policy of having carloads of Dayton tires shipped direct to individual stores, that we have been enabled to take tires designed to be high priced and consistently reduce them to reasonable levels.

Hicks modern merchandising, with its centralized buying power and its inevitable reward—large sales volume—has revolutionized the tire business in the Southwest and made the name of Hicks synonymous with better tire values.

In line with our policies, in view of rubber market declines, and in response to public demand, this announcement of tire price reduction is made—not only on the super-standard Dayton Thorobred All-Black tire that has won its place of leadership over highly-advertised first-line tires, but on the famous Dayton Red Strine Stabilized tire, safest and longest running tire on earth.

Thus the Hicks Rubber Company stores and associated stores again keep faith with the public, which has always kept faith with us, availing itself of Hicks money-saving opportunities and giving us the great sales volume that faith and service has visioned.

### WESTERN UNION CHANGES HOURS

Miss Bea Clifton, manager of the Western Union here, announced Friday afternoon that the head office had authorized her to extend the hours for business at the local office, until 8 o'clock each evening. The office has heretofore been closing at 6 o'clock each afternoon. This change was made in order that Ballinger citizens might have better telegraph service, which is now 12 hours daily. Heretofore it had been only 10 hours daily.

The office opens at 8 o'clock in the morning.

Sunday hours are from 9 o'clock until 10 o'clock and from 5 o'clock until 6 o'clock.

Following is a statement issued with the announcement of later business hours:

"This is being done to provide the citizens of Ballinger with a better telegraph service, for the telegraph company is cognizant of the growing importance of its Ballinger office and wants to keep in line with the continued development of this section and do its best in helping in the progress of our city.

"The citizens of Ballinger will doubtless want to show their appreciation of this recognition on the part of the telegraph company of the importance of our city by taking full advantage of this opportunity to file their telegrams as late as 8 o'clock each evening. This will be of special advantage in the filing of night letters that cannot be filed earlier."

### CANDIDATE FOR STATE SUPERINTENDENT HERE

W. E. James, of Austin, a candidate for the office of state superintendent of public instruction, was in Ballinger Friday electioneering and visiting friends.

For the past four years Mr. James has been connected with the state superintendent's office. He is making a tour of West Texas after delivering the commencement address to the Seniors of the Eldorado high school the first part of this week.

Mr. and Mrs. J. Ross Noland, of Tulla, who had been here visiting Mr. and Mrs. W. R. Bogle, left Tuesday afternoon for San Angelo to visit other relatives. Mrs. Noland and Mrs. Bogle are sisters.

A. H. Parks, oil operator, of Wichita, Kansas, who has spent much time in this city during the past few months, returned to Ballinger Wednesday from Kansas where he had been the last few weeks.

### PHONE DIRECTORY TO BE DISTRIBUTED IN JUNE

The new directory of the West Texas Telephone Company will be turned out by the job department of the Ballinger Printing Company some time in June, it was said Friday.

The new book with several hundred new subscribers listed will be distributed as soon as possible after it is finished.

The proofs for final revision were turned over to Manager M. C. Atkins Friday morning and shortly after the corrections are made the directors will be printed.

### L. P. WOOD REPORTED TO BE SOME BETTER

L. P. Wood, of old Runnels, pioneer citizen and former cowpuncher in the open range days, was reported to be resting a little better at his home near old Runnels Saturday morning. Mr. Wood has been ill for several months.

Friday afternoon he was reported to be in a very serious condition but with the passing of the night he was said to be slightly improved.

Mr. and Mrs. Crawford Lemburg, of Eden, are the parents of a nine-pound baby girl, born Saturday night. Mother and baby are resting well at the Halley & Love Sanitarium here. Mrs. Lemburg is the daughter of Mr. and Mrs. J. M. Skinner of this city.

Crawford Lemburg, of Eden, is here to visit his wife and baby.

THERE is nothing quite like Bayer Aspirin for all sorts of aches and pains, but be sure it is genuine Bayer; that name must be on the package, and on every tablet. Bayer is genuine, and the word genuine—in red—is on every box. You can't go wrong if you will just look at the box when you buy it:

Aspirin is the trade mark of Bayer Manufacture of Mononesticdiester of Salicylicacid

### WINTERS PARTY GETS BIG FISH IN CONCHO

Jim Johnson and a party of friends from Winters, returned to their home early Saturday morning from the Concho River, where they had been fishing for several days and while in Ballinger exhibited a big catfish caught in the river below Paint Rock.

The fish tipped the scales at 44 pounds.

This is another of the big rulers of the finny tribe that has been taken from the streams in this section recently.

### RETURN FROM CONVENTION OF THE CHRISTIAN CHURCH

Rev. and Mrs. Alfred Crager, Mr. and Mrs. Scott H. Mack and Mrs. H. S. Strain attended the state convention of the Christian Church at Greenville during the past week. Mr. and Mrs. Crager also visited friends and relatives at Dallas while away and Mrs. Strain remained over for a visit to her old home at Lancaster.

Mr. Crager reports a very enthusiastic meeting and returns home inspired to do bigger things in his church.

Mrs. Sue Jackson, of this city, who has been seriously ill in Coleman at the home of a daughter, was slightly improved Monday according to word received in Ballinger.

Mrs. Tom Ward is visiting her sister, Mrs. R. A. Hall, in San Angelo this week. Pete Baker, of Safford, Arizona, a brother of Mrs. Ward and Mrs. Hall, is also visiting in San Angelo.

Mr. and Mrs. Joe Neff are in San Angelo attending the district meeting of Texas Company agents. Mr. Neff is local Texas Company agent.

Miss Martha Kelly Bowden will leave Wednesday for Waco where she will attend Baylor University during the summer months. Miss Bowden will take violin, piano and harmony work at Baylor.

Coach and Mrs. Felton Wright and son, Bobbie, have returned from Junction, where they had been visiting for several days. Coach Wright will be in charge of the new substation of the West Texas Ice Company during the vacation period.

Mrs. W. A. Bridwell and daughter, Miss Williwood, left Friday for Denton, where they will attend the summer session at North Texas State Teachers' College. Mrs. Bridwell will take work in education and business administration while Miss Williwood will commence her regular college work. Miss Williwood was a graduate of the Ballinger high in the session just closing.

Bill Wright, of Junction, Howard Payne College football star, a brother of Coach Felton Wright of this city, arrived in Ballinger Sunday to spend the summer here. Mr. Wright will be employed by the West Texas Ice Co.

Miss Alida Macune has gone to Fort Worth where she will visit friends and relatives for several days.

## COOLIDGE SIGNS TAX REDUCTION

WASHINGTON, May 29.—President Coolidge today signed the \$225,000,000 tax reduction bill.

The corporations gained the chief benefit from the measure, the corporation rate being cut to 12 per cent.

WASHINGTON, May 29.—President Coolidge today signed the postal rate revision bill which lowers mail tariffs \$16,000,000 annually and provides lower rates for newspapers and magazines and restores the penny post card rate.

The president also signed the \$145,000,000 second deficiency appropriation bill.

WASHINGTON, May 29.—The president indicated today he would sign the Denison bill extending the Mississippi River barge line service.

He informed callers at the White House, however, that the bill does not embody all that he would like to have in it.

GETTYSBURG, May 30.—President Coolidge's annual address for Memorial Day today sounded a message of peace and good will to the world at large.

He declared that war no longer can be tolerated by the civilized peoples and urged other powers to join the United States and France in their efforts to forestall future strife.

WASHINGTON, May 30.—President Coolidge left at 10:30 o'clock this morning for Gettysburg, where he will deliver the Memorial Day address.

## Modern Sheep Barn and Shed That Provide Proper Housing for Flock

By WILLIAM A. RADFORD  
Mr. William A. Radford will answer questions and give advice FREE OF COST on all problems pertaining to the subject of building work on the farm for the readers of this paper. On account of his wide experience as editor, author and manufacturer, he is, without doubt, the highest authority on the subject. Address all inquiries to William A. Radford, No. 1827 Prairie avenue, Chicago, Ill., and only include two-cent stamp for reply.

With high prices for lambs for slaughter and good prices for wool, a farm flock of sheep of considerable proportions is a paying part of farming. To be successful with sheep, however, it is necessary that they and their feed be housed in a modern barn, where the proper conditions for their health and the health of the lambs may be maintained.

Shown in the illustration are plans for a modern sheep barn with an open feeding shed attached. This building is of the type used by those who are raising sheep and lambs successfully. It is designed to keep the animals healthy and to permit those who care for the flock to perform the necessary work efficiently.

The barn is a regular two-story

structure with pens on the ground floor and mow space above, where the forage for the flock is stored. The pen floor is equipped with partitions, feeding racks, etc., and is ventilated with a suction ventilation system. Sheep need plenty of fresh air, but are susceptible to drafts, so that such a system as is indicated on the plans is necessary. The feeding shed adjoining the barn is open on one side, the other three being closed on the sides toward the direction of the winds prevalent in the section where the building is erected.

A study of the floor plan will show the arrangement of the first floor of the barn and of the feeding shed. There is a feed mixing room, a pen for the buck and a shepherd's room. The pens are partitioned so that the ewes and their lambs may be separated into small groups.

The feeding shed is open so that the sheep may have a free run of the space and access to the feed racks.

This building should be erected on a site that is high so that there will be good drainage, and the floors constructed so that they will be dry at all times.

## Foundation Footing Is Called Important Item

Throughout all the planning now going forward on new homes to be built this year, one item of the utmost importance to the home owner, but too frequently overlooked, should be placed first in rank of things to be watched.

This is the foundation footing. Upon the adequacy of the footing depends the durability and satisfaction derived from every part of the house. Even the most strongly constructed frame or masonry wall, for instance, cannot withstand the unequal strains imposed by a settling foundation with out showing distortion which results in cracked plaster, sagging floors or roof, and other serious troubles.

The first consideration in constructing the footing is the sustaining power of the soil or rock upon which it is placed.

Sandy or loose soil requires greater total area of the footing to give proportionate spread, while stable rock requires practically no footing excepting an effective bond with the masonry foundation, obtainable by carefully washing off the rock and bonding with good mortar, whatever the foundation masonry material.

Where ordinary trench footings are used all around, the ground beneath should be tamped to increase its density. The footing materials should be portland cement, clean sharp sand and clean aggregate usually in the form of crushed rock.

The mixture most often used is one part cement to two and one-half of sand and five of stone or gravel.

Where conditions demand that part of the footing be placed upon rock and part upon soil or upon strata which vary in density of the underlying material at different points around the foundation, careful provision should be made to equalize the supporting power of the footing.

Otherwise the footing, upon receiving the load of the house, will settle at different points, cracking the foundation wall and distorting the house.

## Adequate Lighting

The first essential in room comfort nowadays is the provision for a sufficient amount of light for all occasions and enough outlets to permit the attachment of occasional electric appliances at points desired. This is only achieved in a home with adequate wiring installation, more and more coming to be accepted as standard in the modern dwelling.

## Colonial Style Came Over With the Early Settlers

While siding and shingle exterior coverings for homes did not strictly originate in this country, being largely modifications of existing methods brought over by the early settler-artisans, the availability of the materials and suitability to native architectural styles give houses sheathed in siding or shingles a distinctly American flavor.

Houses covered with rough-hewn siding boards, or clapboards, and crudely split shingles, directly succeeded in the first log cabins of the early colonists in this country. These materials have been refined by improved methods of manufacture into types which are individually appropriate to the variations of modern colonial architecture and to the architectural styles of other countries in American adaptations.

## Double Weathering Adds to Tightness of Windows

Basement windows must not only admit daylight but also must shut out wind and rain so tightly that chilling drafts do not penetrate to the cellar, to the detriment of heating plant efficiency. A new type steel basement window employing double-contact weathering insures the quality of tightness by interposing an air cushion between the two contacts.

These windows are constructed of rust-resisting steel. They may be quickly fitted into openings left by cellar walls of any masonry material. For use in concrete block walls, an end plate is furnished which assures of proper installation.

The windows are equipped with hinges of the hook type, facilitating removal and replacement. A cam-acting lever latch gives security against unauthorized entrance and maintains tightness of the weathering contacts.

## Face Brick

From a wall of diversified color of fact to one of quiet monotone of shade, simulating dressed stone, in the range of weather types, available today to face brick.

## OIL OPERATOR'S SON DIES AT MINERAL WELLS

Jack Agnew, son of B. I. Agnew, oil operator of this section, died in a Mineral Wells hospital Friday night following a tonsil operation, according to Bob Flisag, local oil scout, who received a telegram late Saturday afternoon telling of funeral arrangements which had been made.

Mr. Agnew is drilling a well on the Russell land, northwest of this city and north of the Colorado River. He has visited here on numerous occasions.

The deceased was also the youngest brother of Gill Agnew, another son of Mr. Agnew, who had been in Ballinger during the past few weeks looking after oil interests here.

Funeral services, Mr. Flisag said, would be held at San Angelo Tuesday, interment to be made in a San Angelo cemetery.

W. A. Holt, local oil man, went to Coleman Wednesday to look after business.

## ANTI-SALOON LEAGUE MEETS

DALLAS, May 29.—The W. C. T. U. and the Anti-Saloon League in meeting here today to select a candidate for governor, according to reports, have decided to withdraw their support from Dan Moody, and it is rumored they will support either William E. Hawkins or Louis J. Wardlaw, gubernatorial candidates, on the angle of dry enforcement, it is reported.

If they select their own candidate, Cato Sells, V. A. Collins or Tom Love are believed to have a chance.

Mrs. E. E. King and sister, Mrs. Horace Fain, of Amarillo, left Tuesday morning for Belton to attend the closing exercises at Baylor College. They will also attend commencement exercises at Baylor University at Waco.

**Pellagra-Stomach Trouble**

J. L. LEVERETT, M. D., SPECIALIST

Paris, Texas  
I have a NEW perfected treatment for Chronic Stomach trouble and Pellagra, superior to anything I have ever seen or tried in all of my 24 years' experience in the practice of medicine. I have so much faith and confidence in it that I will send a 28-day trial treatment to any sufferer, for half-price, and give back the money if the patient is not benefited—the patient to be the judge. If you have gas, pains, or a distressed feeling in the stomach, nervousness, loss of weight, can't sleep, dizziness or a "Crazy-like" swimming in the head, passing mucus from the bowel, burning skin, rash on arms and hands and exposed surfaces of the body, loss of strength and energy—then I have the remedy. Write for FREE diagnosis and long list of testimonials.

**PILES.**

I also have a painless and harmless treatment for PILES, without the KNIFE. More than 1,300 cases treated during the last 7 years, without a single bad after effect. Unless very bad, the patient never loses a day from work, or suffers any inconvenience, and gets better from the first treatment. **Congress May Adjourn at 5 this Evening**

WASHINGTON, May 29.—Reversing their action of yesterday, after an all-night session, the Senate today voted to adjourn at 5:30 o'clock this afternoon. Immediate adoption is expected by the House.

The adjournment resolution was introduced by administration leaders when it became apparent that the Boulder Dam project's proponents would not be able to break the filibuster led by Senators Ashurst and Hayden of Arizona.

The vote to adjourn was 46 to 35.

WASHINGTON, May 29.—With the Senate in continuous session all night for the second time within a week, listening to an endless oratorical flow by the filibusters against the Boulder Dam bill, the weary Senators today longed for an adjournment and end of the turmoil.

Administration leaders yesterday were defeated in an attempt to adjourn but are still hopeful that an agreement between friends and foes of the bill will permit adjournment today.

WASHINGTON, May 29.—Within an hour after the Senate had voted adjournment, the House adopted the resolution by a vote of 172 to 9.

Mr. and Mrs. John Schooler, of San Angelo, spent Sunday in Ballinger with Mr. and Mrs. Tom Routh and family. Mrs. Routh is a sister of Mr. Schooler.

**West Texas Chamber Convention at Ft. Worth Expected to Be Biggest**

FT. WORTH, May 30.—When West Texans come to this city, June 18, 19 and 20, for the tenth annual convention of the West Texas Chamber of Commerce, they may rightly expect the greatest convention in the history of the organization.

For more than two months, committees made up of approximately 200 of Fort Worth's leading business men have been engaged in making plans for the meeting. Such a spirit of co-operation of business men has never been better exemplified in Texas and the result is that plans are now practically complete.

There will be at least twenty-five sponsors to be presented at the pageant, an annual event on the opening night of the convention. More than one hundred entrants have registered for the "My Home Town Contest," while fifty-odd band masters have already signed entry blanks for as many squads of musicians. There also will be other contests, details for which are in the making. Headquarters for more than fifty towns, planning to send large delegations have also been assigned. Ft. Worth is sparing no expense to make the convention the greatest ever held by any organization in the United States.

The pageant, always an event looked for with all West Texas at this annual convalesce, will excel in brilliance, beauty and grandeur anything of the kind ever staged in Texas. It will be presented at the Texas

Christian University Stadium, Monday evening, June 18, where the seating capacity is twenty-odd thousand. At this time, Miss West Texas and the more than seventy sponsors, chosen by as many cities in West Texas, will be presented.

The annual convention parade will be staged Tuesday afternoon, June 18. Already more than thirty cities and towns in West Texas have announced they will enter floats for this contest. This will be the annual delegation parade and because the attendance at the convention is expected to set an all-time record, this parade is expected to be one of the longest that ever passed in review before a Texas assemblage. It will march over Main and Houston streets, after forming near the Texas & Pacific Railway passenger station.

Fort Worth's entertainment program is elaborate. Registration of delegates is expected to set new records because of this great entertainment program. Courtesy books will be presented each registered delegate. This will entitle free entrance to the pageant on Monday evening, one baseball game between the Fort Worth Cats and the Shreveport team, and will carry dance courties, as well as entrance to a theatre and swimming pools. Numerous other feature are yet

to be added. Registration had already been received in many places these badges are being sold in advance by chambers of commerce secretaries. Thus it will be seen that co-operation to make this the biggest convention West Texas has known has spread to every section of the great West.

The program in all of its detail will be announced within the next few days, according to Homer D. Wade, general manager of the West Texas Chamber of Commerce who is now in Fort Worth.

Mr. and Mrs. D. C. Middleton, Mr. and Mrs. W. B. Woody and Mrs. Lulu Noyes are spending a few days on the Noyes ranch near Melvin.

Mrs. Sam Waring, of Eden, is here visiting in the home of her mother, Mrs. A. J. Kelly, in South Ballinger.

Mrs. L. C. Alexander has returned home from Belton, where she had been visiting her daughter, Miss Elizabeth, who is an instructor at Baylor College.

Bill Henderson, coach of the Temple high school, is here spending a few days with his mother, Mrs. C. W. Johnson.

Miss Evelyn Routh, of San Angelo, spent the week-end in Ballinger with her parents, Mr. and Mrs. W. T. Routh.

MARJORIE NELL SMITH

**"Sweetest Baby in Texas!"**

For over fifty years, mothers, like this well-known Texas woman, have been telling each other about California Fig Syrup, and leading physicians have been endorsing it. Nothing else acts so gently and harmlessly to propel the souring waste from the delicate system of babies and children, which, when allowed to remain, keeps them cross, feverish, bilious, headachy, weak, with coated tongue, bad breath, broken-out skin, no appetite or energy. Its rich, fruity goodness helps to give tone and strength to their little stomach and bowels so they continue to set normally, of their own accord. It helps to build up and strengthen them—makes them active and happy.

"I have used California Fig Syrup with my little daughter since early babyhood," says Mrs. L. D. Smith, 109 S. Calaveras St., San Antonio. "Whenever she has a cold, is the least bit constipated or doesn't seem just right, I always give her a little, and it fixes her up quick. She's the picture of health, now, and friends say she's the sweetest baby in Texas. She has never had a serious illness, and I give California Fig Syrup full credit for it."

Protect your child from imitations of California Fig Syrup. See that the carton bears the word "California."

## MOTLEY ELECTED MAYOR OF MILES

MILES, May 30.—In a special mayoralty election held here Tuesday, Tom Motley won out over W. B. Tyler by ten votes. The count was: Tyler 73, Motley 83.

This election was made necessary by the failure of John L. Hunt, who defeated Motley at the regular election held a month ago, to qualify as mayor. Mr. Hunt is now candidate for district clerk of Runnels county. At that election Motley was the incumbent.

Tuesday's election, while a hotly contested affair, passed off in a friendly manner. Mr. Tyler spent the day in San Angelo, but his friends were busy in his behalf at home. Mr. Tyler's opponents' main argument was that he was too young for the office.

Mr. and Mrs. Sanford R. Yates and daughter, Miss Dorothy, of Arlington, have returned to their home after a visit here to Mr. and Mrs. Robert Bruce and young daughter.

Miss Verda Nell Trail, daughter of Mr. and Mrs. R. T. Trail, who has been attending Daniel Baker College has returned home from Brownwood to spend the summer.

Thirty-five, district, county and precinct candidates have filed their names with Judge A. O. Strother, county chairman, for places on the Democratic ticket for the July primary, it was announced Thursday by Judge Strother.

There are many candidates in both district and precinct places who have not yet filed with the county chairman, the list he has prepared showed Thursday, but they are expected to file within the next few days.

District and state candidates have until June 4th to file for places, Judge Strother said, while county and precinct offices may be filed for until June 16th.

It is believed there will be several more candidates for district offices, who may have already notified the district chairman. It is thought that all candidates seeking county offices have filed their names for places on the ticket.

Following is the list of candidates reported by Chairman Strother:

Congress, 17th representative district—Robert Quincy Lee, Cisco; T. P. Perkins, Mineral Wells.

Associate justice of the court of civil appeals, third supreme judicial district—Mallory B. Blair, Belton.

District judge, 35th judicial district—J. O. Woodward, Coleman, re-election; E. J. Miller, Brownwood.

District judge, 35th judicial district—Walter U. Early, Brownwood, re-election.

District clerk of Runnels county—Miss Georgia Singletary, Ballinger, re-election; E. Hoyt Smith, Ballinger.

County judge—Paul Triunmier, Ballinger, re-election.

Representative state legislature, 92nd representative district—U. S. Daniels, Ballinger; C. R. Stephens, Ballinger.

Tax assessor—Sid Caskey, Winters; Mike C. Boyd, Ballinger, re-election.

County clerk—Miss Ima McKown, Ballinger; C. A. Womack, Ballinger; T. F. Bridwell, Ballinger.

Tax collector—W. L. Brown, Ballinger, re-election; E. J. O'Kelly, Ballinger; Arthur Byers, Winters.

County attorney—C. P. Shepherd, Ballinger, re-election; Roy L. Hill, Ballinger.

County treasurer—Mrs. Jennie Kirk, Ballinger, re-election.

County sheriff—R. E. McWilliams, Ballinger, re-election.

County superintendent, public

instruction—R. E. White, Ballinger, re-election.

County surveyor—J. E. Powell, Ballinger, re-election.

County Commissioners, Precinct No. 1—R. J. Deens, Ballinger, re-election; Precinct No. 2—D. W. Yeager, re-election; Precinct No. 3—H. B. Poe, Winters; Precinct No. 4—R. A. Perry, Miles.

Justices of the peace, Precinct No. 1—C. H. Wilingham, Ballinger; Precinct No. 5—J. T. Brown, Winters.

Cotton weighers, Precinct No. 7—Henry Pustka, Rowena; A. W. Strube, Rowena.

Constable, Precinct No. 5—Sam Briley, Winters.

## EASTERN STAR TO HAVE PUBLIC MEET THURSDAY

Announcement was made this week of the public installation service to be held at the Masonic hall for the new officers of the Order of Eastern Star Thursday night, at which time a large representation is expected to be present. The retiring officers will be in charge of the meeting at the beginning and as soon as the new officers are installed they will take charge.

These services are said to be very interesting and they are also very beautiful when properly presented.

Following is the list of officers to be installed Thursday night at 8:30 o'clock:

Miss Griffie Atkins, Worthy Matron; J. B. Pace, Jr., Worthy Patron; Mrs. Ira Sims, Associate Matron; Mrs. E. A. Saunders, Conductress; Mrs. Jennie Kirk, Associate Conductress; Mrs. G. P. Teague, secretary; J. Whit Patterson, treasurer; Mrs. Earl Baker, Adah; Mrs. C. L. Baker, Ruth; Mrs. Vernon Webb, Esther; Miss Ludee Mae Harrison, Martha; Mrs. J. C. Richards, Electra; Miss Agnes Glover, chaplain; Miss Grace Weams, marshal; Mrs. M. J. Collins, organist; Miss Maggie Lilly, warder; E. E. Avey, sentinel.

Mrs. A. H. Parks, who had been visiting in Wichita, Kans., arrived in Ballinger Monday night to join her husband here, who returned to Ballinger last week from Kansas. Mr. Parks is in the oil business in this section.

## COTTON UP TO GOOD STAND; LOOKING FINE

A trip to the Pony Creek neighborhood Friday afternoon revealed to the writer that cotton was up to a good stand in most places and the freshly plowed ground in several places indicates a good season. Most of the crop is being worked and hoed and appears to be in excellent shape. Maize and other row crops are also in a promising condition and range conditions generally are the best.

Ernest Nance has returned from San Antonio where he had been visiting Pete Giesecke for several days.

## John Formwalt First Sheriff of Runnels Co. Passes Away

News was received in Ballinger Wednesday that John Formwalt, Runnels county's first sheriff, died at his home at Granbury on May 21st.

This ex-pioneer of Runnels county, about whom more history and tradition is surrounded than probably any man who ever lived here, has passed over the great divide. Mr. Formwalt was well known to all the old time citizens of Runnels county, all of whom mourn his passing. He was 79 years 6 months and 20 days old at the date of his death and had been somewhat feeble for several years before his death.

Mr. Formwalt had attended the Ex-Open Range Cowpunchers Reunion near Old Runnels since its organization, and he was always surrounded by old-time friends ready to listen to his tales of the early history of Runnels county.

Deceased came, with his parents, from Pontotoc county, Mississippi, at an early date in this country's history and first settled in Anderson county. Later he moved to Granbury, where he resided for quite a while, coming to Runnels county in the late '70s. He was sheriff and tax collector of Runnels county from 1880 to 1890. He made this frontier county a very efficient and competent officer and he had many experiences with "bad men from Bitter Creek," while acting as sheriff, but was always master of the situation.

He has a sister living in Ballinger, Mrs. W. E. Allen; a brother, Charley Formwalt, lives at Colorado City; a brother in New Mexico and a brother in Oregon.

After coming to Runnels county Mr. Formwalt married a most estimable lady, Miss Effie Walden, whose family later came to Runnels county. He lived in the town of Old Runnels up to 1888 when the county site was moved to Ballinger. He moved to this city and lived here for some time thereafter, later moving back to Granbury, where he spent his last days.

## OFFICERS SLIGHTLY HURT IN AUTOMOBILE WRECK

Deputy Sheriff John White and Walter Watson, "cold-check" collector, were slightly injured Friday afternoon, when the Chrysler coupe belonging to Mr. White over turned near the Clarence Routh place on the Ballinger-Coleman highway.

Deputy White escaped with a few scratches and bruises, while Mr. Watson received an injured arm.

The officers were after a "cold-check" artist who had started out from Ballinger walking and had just caught a ride going toward Coleman.

The car turned over several times and was badly damaged.

## BALLINGER YOUTH TO GRADUATE AT BAYLOR

Robert Lee Maddox, son of Mr. and Mrs. Lee Maddox, of this city, is a member of the graduating class of Baylor University at Waco, according to invitations received here by friends this week.

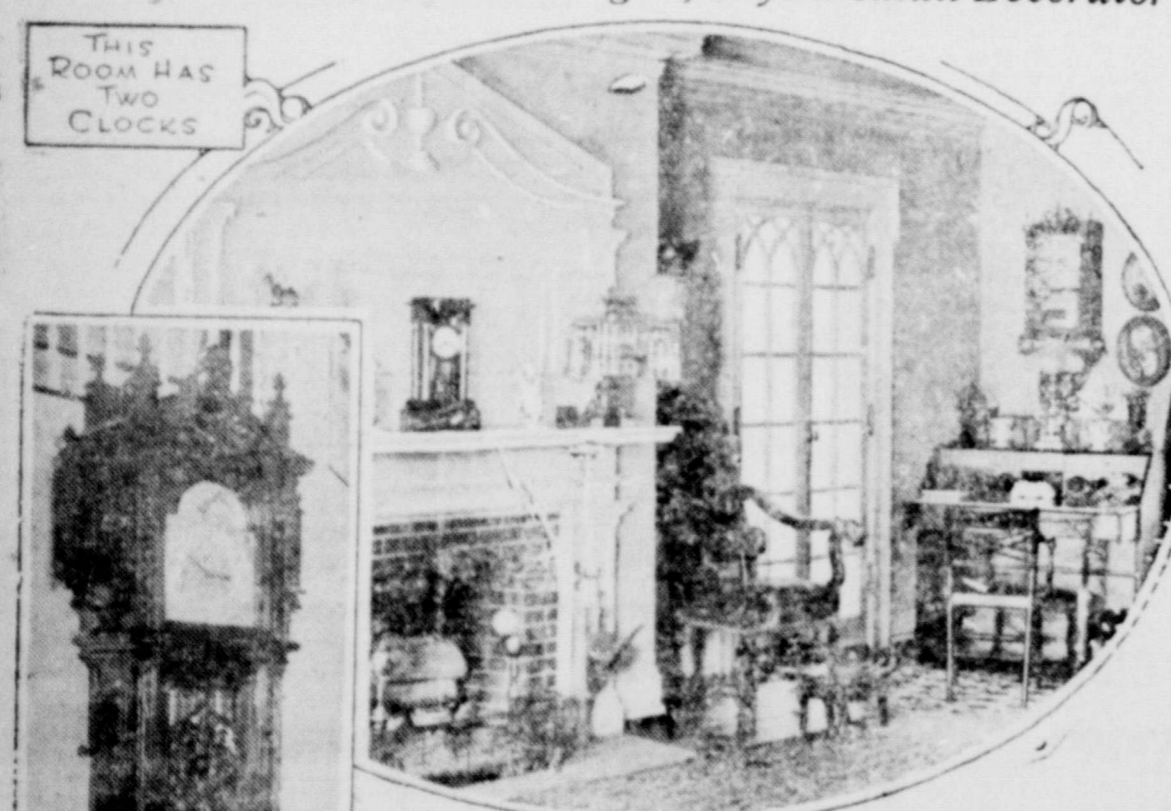

The young man has been active in the Baylor Band and in other university organizations.

Graduation exercises are to be held at 10 o'clock, Wednesday, May 30, in Baylor chapel.

There is a large number in the class this year, the invitation shows.

Be wise and advertise.

Clocks in Every Room is Vogue, Says Woman Decorator

The average home owner who previously had an alarm clock for general utility and a mantle timepiece in the parlor, is realizing that good clocks are the cheapest investment he can make. As a result, five or six clocks are now found in many homes. Some of the larger homes have ten and fifteen clocks.

"Importance and attractive decorative qualities of clocks are more and more being recognized by interior decorators," declared Miss Marian Ghese, president of the Women Interior Decorators Association of Chicago. "A clock should be an integral part of the living room decoration for the mantle shelf. There should be a floor clock in the hall, or one in a bracket in the reception room or in the dining room.

orator is sometimes amazed to find that the family timepiece has been relegated to the upper cupboard shelf and that there is no visible sign of one of the most important adjuncts to the day's work or play. There is a tendency among some classes to make home too pretty and not sufficiently comfortable. The first and best analysis of home-making is comfort. We think cheer and distraction must also be established, but comfort comes first. Therefore, clocks are one of the most essential requisites in a well-furnished home.

"Practically every move we make is guided by time. We consult clocks innumerable times daily. It, therefore, follows that the kinds of timepieces we own are in a large measure an index to the efficiency and accomplishment of their own

CHICAGO—Time in every room in the house is fast becoming the vogue in home decoration.
