

BANNER-LEDGER

BALLINGER, TEXAS, FRIDAY OCTOBER 19, 1928

NUMBER 5.

19,779 Bales Cotton Ginned in the County

The cotton ginnings up to and including October 13 amounted to 19,779 bales. This report was compiled by the Ballinger Cotton Oil company from all the gins of the county.

The figures gathered Monday from over the county gave the following figures for the towns listed below:

Ballinger	4,425
Rowena	1,767
Miles	2,313
Winters	6,276
Norton	1,633
All others	3,364
Total	19,779

Estimates on the cotton crop of the county vary according to estimates made public by local cotton people. Some estimate that the present ginning report represents about one-third of the present crop while others bring the crop down as low as between 40,000 and 45,000 bales.

At the present time there is lots of cotton open in the fields all over the county and many pickers are working from daylight to dark gathering the crop as fast as possible. Ginning receipts are behind last year's receipts at this time more than 5000 bales but that is on account of the lateness of the crop and not on account of gathering the crop any slower.

Plan Union of Three Churches

WASHINGTON, Oct. 17.—Delegates to the Triennial Episcopal Convention today were discussing the possibility of an organic union of the Episcopal, Methodist and Presbyterian churches of America. Bishop Charles H. Brent of New York, introduced a resolution providing for a commission composed of three bishops, three presbyterians and three laymen of the Episcopal church which would invite the other two churches to form a similar commission and discuss the matters of "Christian Morality." The resolution was adopted by an overwhelming majority.

HAS NOVEL HORSE FOR SALE TO SHOW OF FREAKS

John Kelmmeier, who lives near Miles, was in Ballinger Wednesday attending the Runnels County Fair and while here called at The Ledger office to tell us about a novel horse he has. The horse has been in use by Mr. Kelmmeier for 12 years but now he feels like the horse should be worth a fortune to some show man and was here trying to locate a buyer.

The horse has 21 white stripes on each side and 111 white stripes on each jaw. To the eye they look like just white hair but to feel of them you will find that every one is rigid like ridges on a washboard.

An advertised article never becomes shop-worn.

Coleman Will Celebrate on Armistice Day

COLEMAN, Oct. 15.—Plans are going right along for the biggest Armistice Day celebration ever held in this part of the country by the Ray Post No. 213 of the American Legion of Coleman.

Several Legion posts around Coleman will be here in a body with their uniforms, guns, flags, etc., and be in the mammoth parade which will be held on the morning of November 10.

Arrangements are being made to have several bands here including the Simmons University Cowboy Band and other bands of note.

The feature of the big celebration will be the round-up which will be staged at the West Texas League Park for three days, Nov. 10, 11 and 12. Thousands of dollars in cash prizes will be offered for the different cowboy events.

A band of real Comanches will be here to take part in the big doin's and they will have their tepee village at the round-up grounds and will sell bead work and other Indian novelties to the visitors. The Indians will also give their dances in the arena at each performance of the round-up. The Indians will be headed by the famous Chief Ho-koa-bitty, the only survivor of the famous battle of the Dobbie Walls on the north Texas plains, and one of the few left who were in the bloody battle of Wounded Knee.

One of the features of the round-up will be the drilling contest between the local National Guard company and a National Guard company of Brownwood. This contest will be held in the arena on the second of the celebration which will be Sunday, November 11. Great interest is being taken over this drilling contest as both National Guard companies are fine drilling organizations and a hard contest is expected.

Arrangements have been made for an old-time cowboy square dance of the street on the night of November 9th, the night before the round-up opens to entertain the people who will be in Coleman for the Armistice celebration. Old timers will be seen with their guns, boots, etc., and the night will be theirs and everybody knows that they will make the best of it.

A big boxing exhibition will be held in the arena of the ball park on the night of November 12, aside from the main bout, the feature of the exhibition will be the negro battle royal in which five dusky demons will try to annihilate each other for the negro who remains in the ring to the last will receive the prize. It is planned to have negroes from different towns so the boxing will be more interesting. The boxing will be held at 8 o'clock in the evening after which the big celebration will come to a close.

WINGGATE SERVED UTILITIES COMPANY

ABILENE, Oct. 17.—The addition of Dodson, Collinsworth county, Medicine Mound, Hardeeman county, and Wingate, Runnels county, brings the total number of cities, towns and communities served by the West Texas Utilities company to 105. It was announced from the general offices here.

The number of customers served to date totals 53,430, making a gain of 1,636 customers in the past month. Seven years ago the West Texas Utilities company was serving but seven of the larger West Texas cities. Today the entire area covered by approximately 2,900 miles of transmission lines has a population of more than 500,000.

The quickest way to keep abreast with the times is to read the ad-

Schools Seeking 2 Amendments

School people over Texas are very much interested in two amendments that will be voted upon at the November election, pertaining to school matters. The Texas Teachers association, The Texas Outlook, educational publication, and many other bodies connected with our schools are urging the people to go to the polls and vote for the two amendments.

The first amendment is in regard to the State Board of Education and proposes that "The Legislature shall provide by law for the State Board of Education," whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall prescribe such duties as may be prescribed by law."

The State Board of Education has been in effect for more than 50 years. At first its duties were not very serious and only in recent years has its work become such that it is imperative that the board be completely reorganized so that it may properly look after the school matters of Texas.

Amendment No. II proposes that "The Legislature shall fix by law the terms of all offices of the public school system and of the state institutions of higher learning, inclusive, and the terms of members of the respective boards, not to exceed six years."

The present constitution limits the term of office as a school trustee to two years. It is the plan of the proposed amendment to make that limit six years with an odd number on the board, electing a certain number each year so that the board would never be demoralized by a majority of new members.

It would likely be the plan in an independent district like Ballinger to elect for a term of three years, two the first year, two the second year and three the third year.

These amendments are popular with school people all over the country and they are working for their adoption.

PARIS MAN GAVE BLOOD FOR 264 TRANSFUSIONS

PARIS, Oct. 17.—Having endured 264 transfusions totalling 17 gallons of blood, Raymond Briez, of this city claims to be the champion blood donor of the world.

Briez, who is employed in a vegetable market, looks neither healthy nor strong. He will often submit to two transfusions in a day with an interval of only few days.

The world does get better. We haven't heard of a single flagpole sitter practicing his profession this year.—The Beloit Daily News

State Highway Engineers Here to Commence Work

G. M. Garrett, state highway engineer, has arrived in Ballinger and established an office at the courthouse to begin his work in this county on Highway No. 30. He has associated with him A. E. Winters, and these two engineers with local help, will begin work Thursday on the north end of Highway No. 30, getting the plans ready from which the contracts for the paving of the highway will be let.

Mr. Garrett stated Tuesday morning that he would send a crew Thursday to the precinct line north of Hatcher and begin work-

ing this fast with the preliminary work. As soon as they reach Ballinger the work of getting the plans ready will be carried on west to the Tom Green county line.

Mr. Garrett will have an office with R. E. White on the third floor of the courthouse. The preliminary work will be rushed as fast as possible until the plans are drawn and ready for the commission to ask for bids on the stretch of No. 30 in this county covered by the recent bond issue. After the letting of the contract Mr. Garrett will look after the construction work for the state.

Union Company Spuds; McMillan No. 3 is Due

Farm Bureau Has Office at Brownwood

Headquarters have been established at Brownwood for extending the membership and all services of the Texas Farm Bureau Federation and the Service Corporation in a group of Central West Texas counties, according to L. R. Campbell, secretary of both organizations. The state office is very fortunate, Mr. Campbell said, in being able to secure the services of Quincy A. Main for this work.

The time and help of Mr. Main will for the present be devoted to Brown, Callahan, Coleman, Comanche, Eastland, Erath, Hamilton, Mills and Runnels counties. The members and Farm Bureaus of these counties are invited to call on Mr. Main freely for any help he can give or service he can render them. The purpose of this move is to make the benefits and services of the Farm Bureau more directly available to the members, and if it proves of sufficient benefit to the membership and farmers generally of this section, other regional headquarters will be established as suitable men can be found to handle the work.

Runnels county officers in the Farm Bureau are B. F. Kemp, president, Ben F. Currie, vice-president, and P. R. Deitz, secretary-treasurer. These officers are assisted in the work by the following board of directors: Clarence Routh, Jno. P. West, B. R. King and G. S. Walker.

Governor to Name Good Roads Body

AUSTIN, Oct. 17.—Governor Dan Moody announced today that he will appoint an advisory committee of 31 to work out and present to the next Legislature a suitable state highway program. The committee will frame all highway legislation and will have the administration's support.

The governor stated that he had written to each member of the House and Senate in each of the 31 senatorial districts to suggest a name from each district for membership on the committee.

When the fellow reached for his hip, in the bad old days, he was going to kill you on purpose.—Rochester Times-Union

The Union Oil company of California have spudded their well on the W. E. Allen place west of town and are drilling at present at about 100 feet, according to local oil operators. B. L. Agnew & Son are doing the drilling with Gill Agnew actively in charge of the force. This well is to be a deep test and the hole will be drilled as fast as possible to its completion, or until a producing well is brought in.

The Vacuum Oil Co. McMillan No. 3 is past the 2400 foot mark and is expecting to bring that well in Friday of this week. Everything is in readiness to bring in a well at this location and the sand is expected to be topped around the 2500 foot mark. No. 1 and No. 2 McMillan topped the sand around 2545 and 2520. Both of these wells are still producing high grade oil after being brought in a year ago.

The Agnew & Son Russell No. 1 six miles up the Colorado River is reported drilling at between 3400 and 3500 feet. They are making good progress and will continue on to a deeper depth, perhaps making one of the deepest tests in this county.

The Nourse-Tilton No. 1 near Winters which has been shut down since spudding to a depth of 150 feet, to clear some titles, will resume drilling next week according to reports from those in charge of this well.

Other activities in the county are in progress but have not yet reached a place where any definite information can be given out on them. Operators are here working on several different projects and it is likely that new locations will be announced in a few more days.

111 Bushels Corn Raised on 1 Acre

TYLER, Oct. 15.—One hundred and 11 bushels of corn were grown by Cone Beckham, a member of the Smith County Boys' Corn Club, on one acre of his father's farm on the Smith-Van Zandt county line, final check here showed. The lad won a trip to the State Fair at Dallas and looms as a high winner in the Kiwanis Club corn contest, in which 175 boys and girls of the county are entered. Beckham's yield of 111 bushels to the acre is believed to be unrivalled in this section. It is four times the average yield of Texas corn.

Every Season of the Year

should be a banking season, but surely, more than all others—Harvest Time is Banking Time.

It is the season for storing up the fruits of the year's labors in a substantial bank account to meet the emergencies that are bound to arise in all lines of endeavor.

Make this harvest season a real banking season by putting your harvest money in the bank.

The Winters State Bank

"The Dependable Since 1906."
Winters, Texas.

No trace has yet been found of the robber or robbers who boldly entered the Home Motor company Saturday evening about 8:30 and took \$174 in currency from the cash drawer. At the time of the robbery all employes of the company were engaged in different pursuits about the building and no one saw the thieves either enter or leave.

In rifling the cash drawer the thieves took only currency, overlooking or not deigning to take the small change.

No one has been identified as yet with the attempted getaway with a Dodge touring car from the garage of A. M. Burden Sunday evening. It is reported that while the family of Mr. Burden were sitting in the house Sunday evening awaiting church time that it was noticed that the lights of the car were burning while the car was in the garage. Upon investigation it was found that the engine was running, also and that an attempt to steal the car had been frustrated.

Mr. Burden and a son gave chase after the thief, but after covering about a block the miscreant was picked up by a companion in a sedan. Mr. Burden secured the license number of the pick-up car, and while it is registered in this county, the identity of the owner has not yet been established.

The sheriff's department has been at work on both these cases but no arrests have been made.

112 Students are Enrolled in Class

T. C. Gardner and Miss Grace Conn, State B. Y. P. U. workers, began a school of instruction for the Runnels Baptist Association, with the Ballinger Baptist church last night with a splendid enrollment. One hundred and twelve students enrolled in seven classes taught by the following teachers: T. C. Gardner, Miss Grace Conn, Miss Lucile Smith, J. H. Mosley, Mrs. J. A. Patterson and Miss Mary D. Taylor. Seven churches were represented in the first enrollment.

Every teacher is an expert in the work he or she is teaching, and every one is urged to avail themselves of this opportunity to increase their efficiency for Christ. From 8 to 8:30 o'clock Monday evening Mr. Gardner gave an inspirational lecture which gripped every hearer. His subject was "Five 'C's' Upon Which We Are Judged," i. e. character, conversation, conduct, creed and contribution. Every worker with young people whether Sunday school or B. Y. P. U. will receive untold benefit from these meetings and you are cordially invited to be present with us at any or all of the meetings.

We are also to have a group of visitors from San Angelo Tuesday evening. They are the Lindbergh Flyers of the First Baptist church of San Angelo. This group of young people will present the inspirational program this evening at 8 p. m. Come out and hear them and enjoy yourself with us.

Lunch at 6:30 o'clock and first class period at 7 o'clock Tuesday evening.

NEW \$350,000 THEATRE IS PLANNED FOR SAN ANGELO

SAN ANGELO, Oct. 16.—Bids will be received and possibly opened to award the contract for the \$350,000 Rob-Raymond and Jones' new theatre here Saturday.

Scott Dunne, Dallas architect has been in San Angelo frequently consulting John D. Jones concerning specifications and announced that the show building here will be among the finest in West Texas.

If you want to buy something, ask for it through the classified column of The Daily Ledger.

Courtesy of the Domestic Science Department, Perfection Stove Company

Like a great many women, Mrs. Alden was inclined to resent the interference of any outsider into her kitchen affairs. Her kitchen was her own; and while she attended the meetings of the Kitchen Club, and was glad to give suggestions, she decided to make her improvements without calling the Club in.

However, when the job was done, Mrs. Alden invited the Club in to see it; for, after all, she had been inspired to dress up her kitchen by seeing what was done for other women.

"Girls," she said to the Kitchen Clubbers before they went in to look at it, "My kitchen might not suit anybody else in the world but me. But I have made it remind me of the thing I love most—the sea—and now it makes me happier just to go into it. I was born on the coast of Maine, as you may know, and I never got over missing the water with its marvelous blue and green and white. Come and see how I have reproduced it in my kitchen!"

"O a life on the ocean wave!"

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

Mrs. Alden's kitchen is a dream! It has all the cool, restful effect of the sea itself! Washable paint walls of the palest blue-green, dark blue and white "marbled" linoleum; jade green chairs and kitchen cabinet; white shelves lined with jade green; white porcelain enamel oil range; jade green table with white porcelain enamel top. Dark blue woodwork. A beautiful print of the ocean, hung right above the sink! It's surprising to see pictures in the kitchen; but, after all, why not? And why shouldn't a woman make her kitchen a picture of the thing she loves best, if it will make her happier?

Refinishing Furniture

Mrs. Alden did all her furniture herself, and it looks like a professional's job. She gave us these directions for using lacquer on old pieces:

Clean the surface. Sandpaper. If furniture has had glossy finish. Wipe off with cloth saturated in benzene, gasoline or alcohol. Wait until surface dries. Brush lacquer on lightly; for a heavy stroke will soften any remaining varnish on the piece, and make it "bleed through". Three coats of lacquer should be used, and more if you wish a more satiny surface than the three coats give. Do your painting in a room away from the fire, or outdoors if the weather permits. Lacquer dries almost instantly, but should be aired before using.

"Wet Paint. Come back in half an hour."

New Heat Indicator

Mrs. Alden's new range has a heat indicator which she says is the most accurate she has ever seen for an oil stove. It is built into the side of the oven.

We got some recipes for excellent imitation sea dishes this afternoon. Here they are:

Beef Oysters

Beat one pound of round steak. Cut it into pieces the size of an oyster. Soak for ten minutes in water with a teaspoon of baking soda in it. Take out, dry, salt and pepper. Dip in meal. Fry in hot fat until very brown. This process makes the steak taste very much like oysters, and it can be eaten at any time of year.

Tomato Oysters

Slice half-ripe tomatoes. Salt, pepper, and dip into cracker crumbs. Fry in deep fat. This dish also tastes like oysters, and many like it better.

Salsify (Oyster Plant)

Scrape the salsify. Boil it tender. Remove from fire, mash well and mix with cracker crumbs, butter, salt, pepper and a beaten egg. Make into patties the size of an oyster, roll in cracker dust and fry in hot fat.

"Treasure Chest" Salad

"To ho ho and a plate of salad!"

Take curved leaves of lettuce. Wash and arrange on plate. Halves of fresh or canned peaches. Scoop out center of both halves. Set one half on lettuce leaf. Fill with grated pineapple. Cover with other half. French dressing and paprika over the top. Makes a beautiful salad, as curved lettuce leaf resembles a sea shell, and the peach, of course, is the treasure chest.

One Seriously Injured in Fight Saturday Night

Three felony cases were filed in the justice court over the weekend to await the action of the grand jury. Six misdemeanors also were filed in justice court; three affrays, one simple assault and two drunkenness.

Kenneth Bruenhan was arrested Saturday night and charged with assault with intent to murder following an altercation which occurred near the fair grounds. According to the evidence in the case four boys from Millersview were going to the fair grounds together when they began quarreling and Bruenhan is alleged to have struck Claud Robbins in the head twice with a car crank, fracturing his skull with both blows and rendering him unconscious. Robbins was rushed to the sanitarium here where his wounds were dressed and slivers of bone removed from his brain. Very little hope is held for his recovery.

Claud Robbins, the victim, lived in Dallas and is married. He was with his brother who lives in Millersview and the rest of the crowd were Clyde Robbins, Roy Woodrass and the defendant, Kenneth Bruenhan. It is alleged that all four men were the best of friends and had come here to take in the fair together, and had been drinking some before starting for the grounds. When within about 100 feet of the gate the quarrel started which ended in the fight which may cost one man his life and another his freedom.

Bruenhan's bond was set at \$1000 and was made at once by his attorneys, Doss & Boynton.

Fannie Echols, a negro woman, was arrested and charged with hi-jacking a man by the name of Ray Grimes. Grimes left the vicinity of the Abilene & Southern depot Wednesday night of last week and started across a side street to Fair Park. He alleges that when he was about half way across that block that a negro man placed a revolver in his back and demanded that he hold his hands up. He complied with the request and the negro woman came in front of him and went through his pockets relieving him of \$45 in currency.

Grimes has identified the woman and she was arrested and her bond set at \$250. The man behind Grimes could not be identified because Grimes never got a look at him.

The sheriff's department raided the home of Perry Todd Saturday afternoon and secured 184 bottles of home brew. Perry Todd was arrested and charged with possession for the purpose of sale. His bond was fixed at \$500.

W. H. Gee, of Winters, pleaded guilty in Justice Court Monday to

a vagrancy charge and possession of home brew and paid a fine of \$114.80. Gee was arrested Sunday by Winters deputies after watching Mexicans flock to the home of Gee and secure what is alleged to have been home brew. Gee has been living in Runnels county for many years and is well known.

An Unpleasant Subject

All the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from Weeks Drug Store.

MASTER JNO. A. NICHOLSON WINS IN ART EXHIBIT

Master Jno. A. Nicholson of this city won one first prize and one second prize in the Art Exhibit at the Runnels County Fair. One of the pictures is a lake scene with trees and mountains in the background and on this painting he drew a blue ribbon. Another is the picture of a tree in black and white and for this he received a second prize. The tree is a local scene and was copied from a Ballinger yard.

At the West Texas Fair at Abilene John won two first places in the exhibit there. The lake scene on which he won here got a blue ribbon at Abilene and a blue vase of flowers won a first place at Abilene but did not receive anything here.

John's work to the public looks as good as anything in the exhibit and his talent in the art line should be developed.

PLEASANT TO TAKE Scott's Emulsion

DOGS ON DISPLAY

Attracting attention of the children are two litters of puppies at the fair grounds. Not before have dogs been placed on display and no premiums are offered, but there is one Collie with a litter of pups and one Spitz, located near the poultry sheds.

Thus gaining the idea, the fair association might open a new department next year. There are, in this and surrounding counties many dogs of high breeding, which if placed on exhibition would attract wide interest.

Sanders Delivery Stopped by Writ

Sheriff R. E. McWilliams was served Saturday afternoon with a writ of habeas corpus which was granted by Judge J. O. Woodward at Coleman earlier in the afternoon, in the case of Paul Sanders, who is wanted in Mississippi for forgery.

One day last week Mr. McWilliams received a message stating that Sanders was in this part of the country and asking the sheriff to arrest him and notify the Mississippi officers. Sanders was located in Winters and later the same day the message came Sanders was made a prisoner in the county jail.

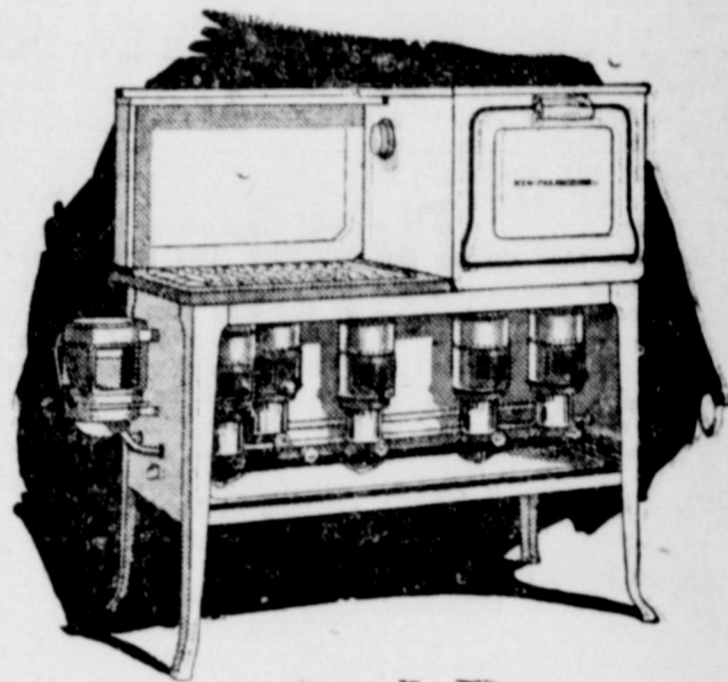

Saturday the sheriff received a message from a Mississippi officer at Austin, asking the sheriff to bring the prisoner to Brady and meet him there. The sheriff was busy but turned the prisoner over to Bob Miller, ex-sheriff of Concho county, who took Sanders to Brady.

When the writ was turned over to Deputy Sheriff John White it was five or six hours before he could get the sheriff and serve the writ. The delivery of the prisoner to the Jackson, Miss., officer was stopped and the prisoner placed in the Brady jail until the case is settled.

The securing of extradition papers from the governor at Austin by the Mississippi officer was contested and it is understood here that they were not granted and on that ground the writ was issued against the Runnels county sheriff.

MEADERS & THOMAS MAKE IMPROVEMENTS IN SHOP

Following plans to make a first-class and presentable establishment of their barber shop, the managers of Meaders & Thomas Barber Shop on Hutchings Avenue have added very attractive and brilliant electrical fixtures recently. It is just this spirit of steady progress which makes all of us proud of our town.

Ballinger, Texas

More Money Paid for Cotton on Local Market

The farmer who brings his cotton to the Ballinger market receives from a fraction of a cent to three-quarters of a cent more for his staple here than in most places, owing to the fact that Ballinger buyers are now paying for cotton according to staple and not according to mere looks of the sample.

It is pointed out that while most cities in the territory are paying only 17½ to 18¼ cents per pound that Ballinger is paying from 18 to 19 cents for all cotton offered.

The local yard is nearing the 5000 mark and the promise of a better outturn than was at first expected is now certain, although the crop is estimated to be nearly three-fourths or less harvested. The fact that the local yards has received only 5000 bales is not indication that this is all the cotton which has been marketed in Ballinger, as the Farm Bureau handles perhaps a third of the crop, and independent and big buyers send much of the cotton from the streets to the compress and this cotton is not recorded at the cotton yard.

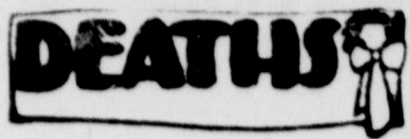

Produce Market High
The produce market is holding up well with a general tendency to show an increase. The following prices were being paid at the week's end:

Heavy hens 15 cents.
Leghorns 13 cents.
Heavy fryers 24 cents.
Eggs 35 to 38 cents per dozen.
Pecans 10 cents up.
Sweet cream 45 cents.
Sour cream 40 cents.
While turkeys are not quoted, it was reported from Fort Worth that the Texas crop is about one-third short and of course this will force the price upward and it is expected that this year's turkey prices will perhaps set a record.
It will be noted that while straight run pecans are bringing

10 cents, a higher price is paid for the better grades and nuts that have been classed.

Eggs led the general run of stuff for a raise in prices for the past week and you will doubtless pay at least another nickel for this item in about another week.

Beef prices are the highest since war days and hog prices are also holding up well.

Mrs. O. Yarnell

Mrs. O. Yarnell, of Norton, died very suddenly at the Halley & Love Sanitarium Wednesday morning at 10:50 o'clock after an operation for having her tonsils removed, and while preparations were being made to pull some teeth. Death was due, supposedly, from shock or from the effects of the anaesthetic.

Mrs. Yarnell was the wife of O. Yarnell, young farmer of the Norton country. She was 22 years of age and the mother of two small boys, J. S., four, and Hyinton, two. Her mother resides at Talpa.

Funeral arrangements were not complete at 2 o'clock Wednesday afternoon, and the body was lying in state at the undertaking parlors of Higginbotham Bros. & Co., where the body was prepared for burial. It was the intention of loved ones, however, to have the funeral Thursday.

Mrs. Paul Faw of Amarillo is here visiting her cousin, Mrs. C. P. Shepherd and her great-aunt, Mrs. H. H. Luckett. Mrs. Faw was, before her marriage, Miss Lottie Clyde Howe, daughter of Mr. and Mrs. Jack Howe of Santa Rita, N. M.

Ballinger-Angelo Battle Scoreless

The Ballinger and San Angelo reserves football teams battled to a 0 and 0 tie at Fair Park Thursday afternoon before a large crowd. The Ballinger team was made up of a few reserves and the rest junior school boys, and while they were outplayed some on the offensive, they made up in defense and only one time during the game was their goal in danger of being crossed. In the first period the San Angelo team carried the ball to the Ballinger two yard line with four downs to cross the line. At the end of the fourth down the Ballinger team had carried their opponents back to the 17 yard line.

Perhaps the feature of the game was the defensive work by the two Ballinger ends, Dalton McWilliams and Tony Marsh, weighing only about one-half as much as any of the rest of their team mates, smashed up interference and pulled down men carrying the ball who were twice their size. Marsh snagged a pass in the third quarter and all but got away for a clear field.

Dankworth, Cooper and Flynt on the backfield for the locals, did most of the ball carrying and several times reeled off good gains but did not have sufficient punch to push it across the line for a touchdown. Cooper passed very accurately and averaged about 35 yards on his kicks.

The San Angelo backfield had good interference and was fast, and as a whole showed better offensive football than the locals, but the Ballinger forward wall was too much for them to score over.

The game was fast, free from disputes, was well officiated over and the crowd lingered on the side lines until the final gun shot sounded which closed the fourth quarter.

Judge Paul Trimmer has returned from a week's visit in Dallas, attending the convention of county judges in that city. He was accompanied by his wife and children.

Misses Ruth Holliday, Evelyn Shepherd, Hattie Mae Dunlap and Eleanor Hancock returned to Simmons University Monday after spending the week-end with home folks.

Visiting Groups Rivals Thursday

San Angelo-Abilene day at the Runnels County Fair was the largest so far this week and by far the most peppy. The visitors with their bands, added much to the afternoon program and the big crowd got their share of fun Thursday afternoon. Abilene left shortly after the football game was finished, in their cars, and San Angelo left on their special train at 7 o'clock.

The terrapin races, with 25 entries from each city resulted in a draw and no decision was ever made on this part of the program. The terrapins ran alright, but the crowd on the edge of the circle kept turning the terrapins back until they never crossed the outer edge of the circle. Both cities had some fast entries but they were not used to the crowd.

In the absence of the burros in the polo game the teams were mounted on stick horses instead, given a croquet mallet and with four soda water cases for goals the polo game got its share of the laughs from the crowd. The Abilene team was dressed in blue overalls and San Angelo in striped overalls when they entered the field. San Angelo made short work of the game when they rushed the ball straight down the field and knocked it squarely between the goals without much interference. The referee then ruled the game to be the best two out of three, and on the second try the Abilene team gave the Angelo players a little competition but after carrying the ball back and forth several times San Angelo again drove it squarely between the goals making it two straight.

Abilene blamed their defeat on the horses not being trained for the game.

The grandstand, bleachers and the temporary seats in front of the grandstand were filled to capacity Thursday night and everyone was liberal in their praise of the program. Performers stated that it was the most appreciative audience they had played to here and the applause coming from the stands made the actors work harder and present a better program than they have at any previous performance.

The quickest way to keep abreast with the times is to read the ads.

WEDDING BELLS

Singleton-Cordell
Mr. Robert Singleton and Miss Alma Cordell were married at the First Presbyterian manse Monday evening at 8 o'clock by Rev. E. W. McLaurin.

The young couple is well known here and many friends wish for them happiness in married life.

Lane-Elliott

Miss Dolores Elliott and Guy P. Lane were married at the home of Mrs. Viola Allison on October 12 at 9:30 a. m.

Miss Elliott was a student in Draughons Business College at Abilene before coming to Ballinger to work in the law office of Roy Hill. At the time of her marriage she was working for the R. F. Lane Insurance company.

Mr. Lane has been here for some time, coming here from Wichita Falls. The happy couple will leave Saturday for Wichita Falls where they will make their home.

Rev. R. B. Hooper, the bride's pastor, spoke the words which made the couple man and wife.

BOBCAT-LOBOS CLASH AT ANGELO SATURDAY

SAN ANGELO, Oct. 17.—An opportunity for fans of this section to view in action the football team that is regarded as West Texas' chief hope to battle the Waco Tigers will be given Saturday afternoon, October 20, when the famous Cisco Loboes will meet the San Angelo Bobcats on the San Angelo gridiron.

The Loboes have piled up 228 points thus far this season and are the greatest scoring machine in this half of Texas. They have developed a "hidden ball" play to such an extent that the ball seems to become invisible, so swiftly, surely and secretly is it gotten rid of.

As San Angelo defeated Del Rio 60 to 0 last week, the Bobcats are capable of giving Cisco a battle and it is not even impossible that the Bobcats might spring the greatest upset of the season by winning.

Former Ballinger boys who are here with the Howard Payne. Peers are C. A. Doose, Jr., Pete Marecek and Buck Elkins.

Always Something New

Cold Can't Cause Them to Disappoint!

Singers can't always keep from catching cold, but they can get the best of any cold in a few hours—and so can you.

PAPE'S COLD COMPOUND

Local Creamery Enjoys Big Trade

The Runnels County Co-Operative Creamery, which has been running for the last two months under the management of C. A. Wornack, is now on the road to success according to Wix Currie, president of the firm.

J. E. Taylor is the new head of the manufacturing department and under his direction and care are all items which are to be made into something different from their original state.

The company's products are being used freely in Ballinger homes and elsewhere. The supply of cream and milk is far short of the demand, and it is apparent that the county needs just about twice as many milk cows as it now has.

The shipments of butter to distant cities is steadily increasing, and by the end of the present year it is estimated that the demand for these products will be much larger.

The use of pasteurized milk is becoming more and more popular and this item alone is bringing good returns for the investment. The sales of butter have been excellent.

Mr. Currie stated that their customers now state that the quality of their butter, buttermilk and pasteurized milk was of the very highest, and the patrons of the company were of the unanimous opinion that these items are now better than ever before.

The company will be out of debt and on a paying basis before long and the stockholders will then begin to realize returns on their investment.

Without a doubt the creamery is one of the best things for the farmer as well as the business man that could be had, and the support of the home institution should be the first thought of all loyal citizens.

Miss Audra Lee Smith, who is attending Draughon's Business college at Abilene, is visiting her parents, Mr. and Mrs. Carl Smith.

The Ballinger Printing Company

Office of Publication, 711 Hutchings
Avenue, Ballinger, Texas.

Entered at the Postoffice at Ballinger
as second-class mail matter.

Subscription, the year -----\$1.50

Few convicts think that the jury
system is what it is said to be.

Subscriptions falling due, prior
to November 1 can be paid this
month without penalty.

District court will meet in Bal-
linger next Monday for a three
weeks grind.

Colleges, all over the country,
are now giving their first semester
over to the football teams.

Few men fight over a chance to
contribute to the relief of hurri-
cane victims.

Advertising in The Ledger won't
run your business, but it will make
it hum.

Merchants state that Saturday
was one of the biggest days they
have had this year.

Duck season is here but no
ducks are here for the sportsmen
to hunt.

It seems just a little quiet this
week on the streets after the five
big days last week.

Just three weeks now until
the voters will decide who will be
the next president of the United
States.

However a few more days like
today with the mercury dropping
down 20 degrees will bring the
ducks.

The old fashioned man who used
to play chess has a flapper daugh-
ter who knows how to play strip
poker.

This is not the time of the year
to neglect your health. Little ail-
ments can be relieved; big ones
kill people.

When the peddler rings your
front door bell that's the time to
remember your own home inter-
ests.

Bringing factories into Ballinger
is not the only way to make Bal-
linger a real city. The prime end
of cities is to promote better liv-
ing. Let us remember this, always.

Local merchants welcomed the
cold weather and shoppers are be-
ginning to take an interest in
heavier clothes. The recent warm
spell has made it hard to sell men
heavy winter clothes.

The Atlantic Pipe Line company
will have a pay day in Ballinger
Saturday and approximately \$30,-
000 will be paid to employees of
that crew at two Ballinger firms.

Ballinger will have a real cir-
cus day October 27 when the
Schell Bros. shows pitch their
tents here for their first per-
formance in Ballinger. This be-
ing on Saturday, a great crowd
will be in town for the day.

In the recent ginning report
for Runnels county, Ballinger
ranked higher than ever before
with the rest of the county. Win-
ters was the only town in the
county with a heavier ginning
record than Ballinger and we are
very pleased to see more cotton
coming this way.

Ballinger merchants are co-op-
erating on a city-wide Dollar Day
for Saturday and Monday, October
20 and 22. Real bargains are go-
ing to be offered on these two
days and they will attract peo-
ple here from all parts of the
county.

Get ready for Dollar Days here
on October 20 and 22. Practi-
cally every store in Ballinger will
offer dollar bargains and people
will come here from all over Run-
nels county on Saturday and Mon-
day to take advantage of this offer
by Ballinger merchants.

TELEPHONE 267,000,000 PEOPLE

If you have the price and want
to talk to a friend who happens
to be in England, Germany, Bel-
gium, Holland, Switzerland, Paris,
Copenhagen, Oslo, Stockholm, Ca-
nada, Cuba, Mexico or way sta-
tions you can go to your phone
and satisfy your longing for con-

versation.
It seems that there are 26,058,-
000 telephones in the world that
are connected, affording the chance
of connecting something like 267,-
000,000 of the world's inhabitants.
Surely the world is getting closer
together.

HOOVER'S RECORD
REGARDING AGRICULTURE

Mr. Hoover's record as food ad-
ministrator was never favorable to
agriculture. He sacrificed the in-
terests of farmers whenever they
in any way clashed with those of
industry. Promises made to the
farmers of this country, as an ex-
ample, his promise to maintain
hog prices on the corn-hog ratio
fixed by a commission which he
had appointed, were broken with
never so much as an attempt to
keep them, or an explanation.

As secretary of commerce he did
all in his power to take from the
department of agriculture some
of its effective work and antag-
onized the late secretary of agri-
culture, Henry Wallace, in his
every attempt to promote the
interests of agriculture, if Hoover
thought those interests clashed in
any way with the interests of com-
merce and industry.

During the last two sessions of
congress, those working in Wash-
ington in the interests of agricul-
ture have known and felt keenly
the force of his brilliant mind in
his attempts to block their every
effort. The last veto message in
its violent language and lack of
sympathy and knowledge of agricul-
ture was much more like Hoover
than Coolidge. His early life
as the son of a blacksmith, his
training as a mining engineer, his
experience and associations, and
finally his public life as the secre-
tary of commerce have all tended
to prevent his acquiring any knowl-
edge of or sympathy with agricul-
tural problems, just as they
have fostered his sympathy with
big business—the recipient of gov-
ernmental privilege.

Hoover could never be neutral
and consequently he is the enemy
of agriculture whenever a question
arises between the rights of agricul-
ture and the privileges of pro-
tected industry and commerce.—
The Progressive Farmer.

Statement of the Ownership, Man-
agement, Circulation, etc., Required
by the Act of Congress of August
24, 1912, of The Banner-Ledger,
published weekly at Ballinger, Texas,
for October, 1928.

STATE OF TEXAS,
County of Runnels—ss.

Before me, a notary public in and
for the State and county aforesaid,
personally appeared C. P. Shepherd,
who, having been duly sworn ac-
cording to law, deposes and says that
he is the Business Manager of the
Banner-Ledger, and that the fol-
lowing is, to the best of his knowl-
edge and belief, a true statement of
the ownership, management (and if
a daily paper, the circulation), etc.,
of the aforesaid publication for the
date shown in the above caption, re-
quired by the Act of August 24, 1912,
embodied in Section 411, Postal Law
and Regulations, printed on the re-
verse of this form, to-wit:

1. That the names and addresses
of the publisher, editor, managing
editor, and business managers are:

Publisher, Ballinger Printing Co.,
Inc., Ballinger, Texas
Editor, Troy Simpson, Ballinger,
Texas.

Business Manager, C. P. Shepherd,
Ballinger, Texas.

2. That the owner is: (If owned
by a corporation, its name and ad-
dress must be stated and also im-
mediately thereunder the names and
addresses of stockholders owning or
holding one per cent or more of total
amount of stock. If not owned by a
corporation, the names and addresses
of the individual owners must be
given. If owned by a firm, com-
pany, or other unincorporated con-
cern, its name and address, as well
as those of each individual member,
must be given.)

Ballinger, Texas, C. P. Shepherd, J.
M. Skinner, Troy Simpson, James
Skinner, Mrs. D. C. Simpson, Mrs.
C. P. Shepherd, and J. Y. Pearce, all
of Ballinger, Texas.

3. That the known bondholders,
mortgagees, and other security hold-
ers owning or holding 1 per cent or
more of total amount of bonds, mort-
gages, or other securities are: (If
there are none, so state.) NONE.

4. That the two paragraphs next
above, giving the names of the
owners, stockholders, and security
holders, if any, contain not only the
list of stockholders and security hold-
ers as they appear upon the books of
the company but also, in cases where
the stockholder or security holder
appears upon the books of the com-
pany as trustee or in any other fidu-
ciary relation, the name of the per-
son or corporation for whom such
trustee is acting, is given; also that
the said two paragraphs contain
statements embracing affiants full
knowledge and belief as to the cir-
cumstances and conditions under
which stockholders and security
holders who do not appear upon the
books of the company as trustees,
bond stock and securities in a capa-
city other than that of a bona fide
owner; and this affiant has no reason
to believe that any other person,
association, or corporation has an
interest direct or indirect in the said
stock, bonds, or other securities than

as so stated by him.
5. That the average number of
copies of each issue of this publica-
tion sold or distributed, through the
mails or otherwise, to paid sub-
scribers during the six months pre-
ceding the date shown above is—
(This information is required from
daily publications only.)

C. P. Shepherd,
Business Manager.

Sworn to and subscribed before me
this 16th day of October, 1928.
HARRY LYNN,
(My commission expires June 1st,
1929.)

Smith Confident
Of Great Victory

SEDALIA, Mo., Oct. 16.—Three
weeks from the election day finds
Gov. Alfred E. Smith very confi-
dent of success. His present con-
fidence surprises even his close
associates. It was stated today
that he expects to carry both
Pennsylvania and Ohio. He ven-
tured this prediction during a press
conference this morning.

Smith said that while the re-
publicans believe that the great
crowds which have greeted him
came to see his brown derby, that
he believes a deeper feeling was
the motive for the crowds. To-
night Smith speaks here on Cool-
idge economy and a fiscal record
of the republicans for the last
eight years.

In St. Louis Smith received the
greatest ovation of his tour. State
legislators have assured Smith that
he will carry Tennessee, Kentucky
and Missouri.

Fire Department
To Elect Officers

The Ballinger Fire Department
will meet at the City Hall tonight
at 7:30 for the purpose of hear-
ing all reports for the year's work
and the election of officers for
the coming year. A complete re-
port will be given of all activity
by the department this year which
will cover a big scope as the de-
partment was very active this year
in securing the election of Chief
L. Cohen as fourth vice-presi-
dent of the Texas Firemen's As-
sociation.

Following the business meeting
at the City Hall the firemen will
go to the City Cafe where L. L.
Stroble will serve all firemen with

a complimentary oyster supper.
The local department has been
very successful in the fighting of
fire here this year and it ranks
among the best companies in this
entire section of the state.

THREE RURAL SCHOOLS
ARE OPENED MONDAY

County Superintendent R. E.
White reported the opening of
three more rural schools in the
county Monday. Independence,
Miller and Cochran schools began
the year's work with good attend-
ance in each school. Mr. White
stated that he could only visit two

of the schools Monday but that
each one visited was getting a
fine start for the first day's work
and that word coming from the
other indicated a better opening
than was expected.

Cotton picking is keeping the
attendance low in most of the
rural schools and only the little
tots are reporting for the begin-
ning of their studies. The larger
ones will not likely begin to enroll
until near the end of the cotton
season.

 Lard—1st: Mrs. Otto Straach, Miles.
 Sausage—1st: Mrs. A. G. Hoppe, Winters.

Legion Play to Wingate Friday

A fair crowd was present Monday night at the regular meeting of the American Legion held at the hall. Reports from the national convention were heard by the post with M. C. Atkins, Frank Cameron and others speaking on the big San Antonio meeting. Perhaps the most pleasing thing to local legion men was the report from all the Ballinger delegation that the meeting was one of the most orderly they ever had attended where a large delegation was assembled.

The legion voted to send their play "The Great Southwest" to Wingate this coming Friday night to be presented at the high school auditorium under the auspices of the school board.

The players will leave Ballinger in time to get to Wingate, set the stage and put the show on, beginning at 8 o'clock.

Following the meeting the ladies' auxiliary and legion men met in a social gathering. Sandwiches and soda water were served to those present after which games were enjoyed by those desiring to play.

The Home Motor company has delivered to Shannon McWilliams a Victory Six Dodge sedan, and to Prof. H. C. Lyon a standard six sedan.

Preparations Being Made For Marketing Turkeys

Both buyers and producers are getting in readiness for the marketing of Runnel's county's biggest turkey crop and never before was such a huge crop anticipated as that which will begin to come on the local market the latter part of this month.

When the frost is on the pumpkins and the nuts begin to fall, turkeys will begin to gobble and the farmers who produce them begin to smile.

Turkeys have proven to be the best money crop that can be raised and each year sees an increase in this industry. There will be operated in Ballinger, two or three and possibly more dressing plants, and the Texas Farm Bureau will also handle large numbers of the birds on foot. Shipping them by the carload will take place after the 1st of November.

The turkey dressing plants will furnish employment for several hundred people and will be the means of keeping people busy when otherwise the cotton picking season will have been closed.

Ladies, the wives of farmers, usually share heavily in turkey money and this money is usually spent for what the family needs in the way of wearing apparel. Several mortgages have been lifted off farms in years gone by through the sale of turkeys, also.

Some people enjoy their turkey money by the purchase of a new car for the family or by purchasing items for the home.

The estimated revenue for an average of five years is \$250,000 annually and with the other poultry products, including chickens and eggs, it is estimated that the industry releases into the channels of commerce each year something like \$100,000. Coming, as it does, at a season when farmers who own river land also have the turkey crop, a pecan crop and their other farm products all to market at one time, which turns an enormous amount of cash loose

at this particular season. Business will feel the benefits from the sale of turkeys from about the 25th of October to the Christmas holidays.

HERRING TOPICS

Sunday school was well attended at the Baptist church Sunday.

A number from here attended the singing at Crews Sunday afternoon and some good singing was reported.

Ira Hale of Ballinger was a guest of Mr. and Mrs. W. A. Hale Monday.

M. F. Kerley and family were guests of Mr. Simmons and family Sunday.

Mr. and Mrs. C. H. Grounds of Crews visited Mr. and Mrs. Owen Bragg Sunday.

Miss Ozella Arent spent Sunday with Miss Lemma Brevard.

A. S. Allcorn and family visited W. A. Hale Sunday afternoon.

Mr. and Mrs. J. P. Brevard visited Mr. and Mrs. D. L. Brevard of Blanton Sunday.

COKE COUNTY TO VOTE ON \$100,000 BOND ISSUE

The Coke County Commissioners' Court Tuesday approved a petition presented by the voters of District No. 1, for the calling of a road bond election in that district for \$100,000 and set the election day for November 24. If the issue carries the money will be used to improve the highway from Robert Lee to the Tom Green county line leading to San Angelo and will connect at that line with a good road.

Kirk Acquitted of Murder Charge

The trial of L. Paul Kirk, which had been in progress at Sweetwater for the past ten days, ended Friday night with the jury giving him an acquittal.

The case had been tried at two previous terms of court, once in Runnel's county and once in Nolan county, where it was transferred on a change of venue, both resulting in a hung jury.

It was brought out in all the trials that Kirk was a Ku Klux Klan organizer at the time of the charge against him, 1924, when the Klan was at the height of its strength in this country. It was also shown that Kirk and a party of Klansmen had gone to give Tabor, who was killed, an initiation in a field near the Wells home in the Norton country, when Tabor was called to help repair a broken down car and upon this pretense, against the wishes of Tabor's father-in-law, J. N. Wells, Tabor was to have been drawn from the house for the initiation, but Wells accompanied him and when confronted by the parties who accompanied Kirk, a pitched battle ensued, in which Tabor lost his life.

Kirk testified that he was an organizer for the Klan and was sent to Runnel's county for the purpose of increasing the membership in the county, and upon the objection of Tabor's father-in-law the ruse was used in calling him from the house the night of the fatal shooting, with the stated results.

TRESPASS NOTICE

I hereby give notice that my farm four miles up the Colorado River from Ballinger, and known as "Pecan Mot" farm, is posted and all trespassing such as taking wood, pecans, hunting, fishing or leaving gates open, etc., is forbidden and all such trespassers will be prosecuted to the full extent of the law. The pecan orchard on this place has a guard.

Methodist Church Nearly Completed

The Ballinger Methodist church is nearing completion and that congregation expects to move into the new building early in November Monday the art-glass windows arrived and are being placed in the frames this week. The electrical wiring is completed and fixtures are ready to be hung when the final coat of paint is applied to the interior. Many of the Sunday school rooms are practically completed now and only a finishing touch of varnish remains to be given the doors and facings.

The contractors have started building the steps leading to the front entrance. The steps will be constructed of cement and will extend across the entire front of the church. There will be 16 steps approximately 60 feet long leading to the front entrance to the auditorium.

Hardwood floors are being laid on the floor of the auditorium and as soon as this is completed and varnished the individual chairs will be installed and the pipe organ placed in the choir loft.

The completion of the building has been delayed by material not available.

Next to the waffle iron, the thing that has the greatest turnover in the world is the luncheon check.—The Louisville Times.

Last Night at Fair Breaks All Records

The Eighth Annual Runnel's County Fair passed into history Saturday night with the largest crowd ever to attend one performance. The giving away of the Ford car was the big drawing card and people from five counties were present when the grandstand show started. At the conclusion of the 11 acts on the stage, Mrs. L. R. Tigner, wife of a local jeweler, was declared the winner of the Ford.

Doc Holland shot a large display of fireworks and the big crowd was turned loose to take in the other attractions.

A serious traffic jam occurred immediately following the fireworks display when the 5000 people at the grandstand show started to the carnival grounds. The narrow bridge across the laundry ditch was not large enough to take care of the crowd going either way and with 3000 on each side of the ditch trying to cross at the same time and a jam occurred that took six officers to straighten out.

The officers opened another

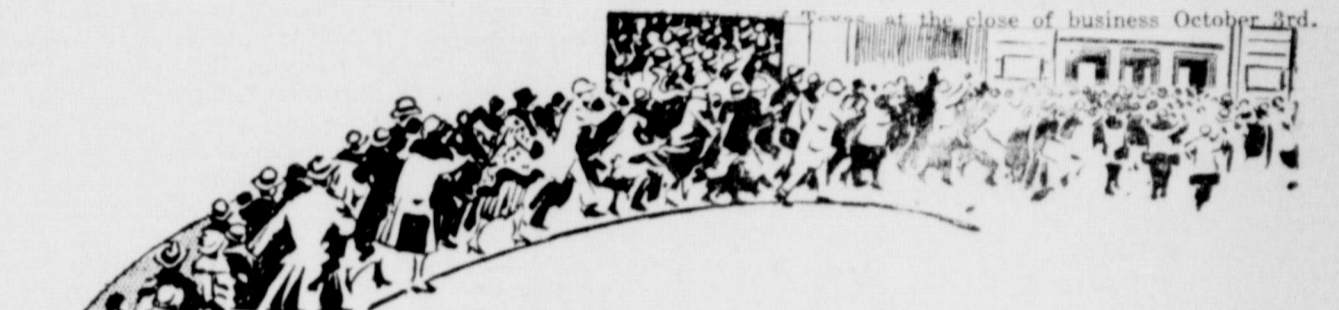

route to get to the carnival grounds and the bridge was used the remainder of the night for an exit only. The carnival was closed at 12 o'clock and it was stated that at that hour every ride was full to its capacity, and all shows and concessions were still doing a good business.

No official check has been made of receipts and Mr. Motley stated that he could not even guess close as to what the receipts would run but that he knew they would go well over the \$10,000 mark. Only one firm out of twenty had checked in their sale of season tickets Monday and many other items were out making it impossible to get a check on the total receipts today.

Randall County scored at the State Fair at Dallas, winning second place in the Agricultural exhibit. The exhibit was sent to the fair by the Canyon Chamber of Commerce and Randall County Commissioner's Court, with County Agent W. H. Upchurch in charge.

Local Juniors Beat Winters

made nice gains through the Winters line with Flynt and Barnett doing most of the ground gaining.

Both teams fumbled many times during the game and at times when they might have scored if they had clung to the ball.

GETS \$140 FOR PART OF HIS PECAN CROP

G. D. Wilson was here Tuesday with a load of pecans which he sold to a local buyer.

As a net profit for the growers there is nothing so nearly 100 per cent as pecans.

One man near Coleman took the money received from the sale of pecans gathered from one tree

Mr. Wilson has many pecans to gather yet on the Concho River.

B Gets First Place

The judging was completed in the Independent School booths Wednesday afternoon and awards made immediately afterwards as follows:

Ballinger, first. Winters, second. Miles, third.

The scoring of these booths gave the following score to the different booths: Ballinger 825; Winters 650 and Miles 615.

All three booths were good exhibits and showed the people just what kind of work is being done in the schools of Runnels county.

The work done in the Home Economics departments of all three schools was extra good and showed that the girls are being taught useful things along with their other courses.

Miss Addie Lou Glass returned to Abilene to resume her studies at Simmons University after spending the week-end with Mr. and Mrs. R. L. Harwell.

Between 15,000 and 20,000 rabbits have been poisoned in Midland this year with the county furnishing the poison.

More Charm—

no blemishes now

UNDERNEATH a clear, smooth skin, healthy tissues—full of rich, red blood—thrive.

No worry about pimples now. Instead there is a certain satisfaction that gives confidence.

All this because rich, red blood is Nature's way of building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful, healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that sallow complexion will disappear.

Thousands have regained their strength and charm by taking a few bottles of S.S.S.—Nature's own tonic for restoring the appetite—building strength—and clearing the body of so-called skin troubles.

*I was troubled with pimples and blackheads. I took a course of

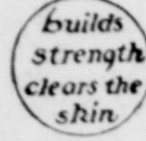

S.S.S. It cleared my face and back. I think S.S.S. is wonderful. I have told my friends about S.S.S., and they are getting as much benefit as I did.

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical.

S.S.S. — the great tonic SINCE 1826

a clear skin comes from within

FOR SALE—Meat hogs from 150 to 300 pounds. Also pigs. L. F. Lolka.

BIG SHOW COMING TO TOWN

Schell Bros. Trained Wild Animal exhibition is to be here for two performances on Saturday, October 27.

The advertising cars for Schell Bros. Trained Wild Animal Exhibition were in our city this week in charge of Roy Roberts, with a crew of 20 billposters, lithographers, bannermen and programmers.

Mr. Roberts has had years of experience in the management of advertising cars for the biggest shows on the road and knows how to advertise his show to the best advantage.

He says there is only one Schell Bros. Trained Wild Animal Show and it is in a class by itself when merit, novelty and quality are considered.

The performance will be presented in three rings, a stage, and a large steel arena. There will be only one Schell Bros. show day this season and on that day plenty of amusing and instructive sights will be found and for once it must be conceded that at least one show not only exhibits all its advertisements but ten times more.

E. E. Garretson, the veteran show agent, was in the city some ten days ago and made all contracts and arrangements and a record breaking crowd may be expected on Oct. 27—Schell Bros. Show day.

WINTERS PEP SQUAD ROOTS FOR BALLINGER

The Winters pep squad dressed in the costumes of blue and white, arrived in Ballinger Wednesday afternoon just before the Ballinger-Coleman game and marched to the Ballinger side line and worked hard to cheer Ballinger on to victory.

Friday the Ballinger squad will return the compliment when the local squad of ninety will line up and help support the Blizzards in their game against the Santa Anna eleven.

Where It Stops

BARNETT NEWS

Mr. and Mrs. W. D. Frost and family, of Barnett, Mr. and Mrs. E. D. Norman and daughter, Lorenne, of Hogan, and Mr. and Mrs. Earl Jones and family of Ballinger, were invited to sing Monday night in the home of Mr. and Mrs. Boulden of Ballinger.

Scout Leaders School in City

Ed Shumway, of Abilene, district Scout Executive in charge of Boy Scout Executive in charge of Boy counties, was in Ballinger Tuesday conferring with the local Boy Scout Council in regard to scout work being done here in Ballinger. Mr. Shumway was pleased to find one scout troop already over strength here and another being ready to start to work at once.

Scout Troop No. 2 with Frank C. Dickey as scoutmaster, will be organized at once and enrollment is expected to give that troop full strength by the end of the present week.

Troop No. 2 will be sponsored by one of the local churches or civic clubs, and as soon as that troop reaches a membership of 32 another troop will be organized. Mr. Shumway explained to the council Tuesday that it was best to have some church or local organization sponsor each troop and for the sponsoring organization to have a scout committee of five people who would work out all matters pertaining to the troop's work.

The question of financing the troops and Ballinger's part in the district was discussed at the Tuesday morning meeting and some plan will be decided upon at an early date and the drive made here. Ballinger has not been given a quota and what is raised will be strictly a free will offering to the cause. The raising of the money will likely be made on a membership in the Chisholm Trail and memberships will amount to \$10 each.

\$500.00 REWARD

I will pay the above reward for the arrest and conviction of any one caught stealing, killing or otherwise unlawfully handling any of my cattle anywhere. If it becomes necessary to kill them in making arrest or to prevent his escape, reward will be paid just the same. If two or more persons are implicated reward will be paid in proportion. This offer is from this date forward.

NATIONAL GUARD HAS INSTRUCTOR HERE MONDAY

Sergeant Kale, regimental instructor for the National Guard, was here Monday and Monday night working with the local unit of the National Guard. Kale makes his headquarters at Brownwood and works with all the units in this regiment.

Mr. and Mrs. Kirk Gregory were here on a combined visit and business trip Sunday, from Stamford. Mr. Gregory returned Monday, but expects to return to Ballinger soon.

The quickest way to keep abreast with the times is to read the ads.

Fair Ass'n. Faces Settlement Task

J. D. Motley manager of the Runnels County Fair Association, has begun the task of settling up the expenses of the 1923 fair and requests everyone who holds accounts against the organization to please file them with him as soon as convenient.

Tuesday morning he and his men in charge of the gates and concessions were still trying to get in all the receipts but had not completed this work Tuesday. Mr. Motley stated that they could already see receipts of \$10,500, which was the most the fair ever took in in one year. The receipts may run a little over that amount but placing his estimate on the cash they had and the amounts they knew were coming, indications were that the total amount would be as above stated.

The association will begin paying off accounts at once and then follow up with the premium list as soon as the clerical work can be done on these lists. The superintendents of various departments are checking in their list of prize winners in their departments and a stenographer will be started to compiling lists of these departments and opening accounts of the prize winners and listing each premium won under these accounts until every department is complete. When this is accomplished they will start mailing the checks all over West Texas to the winners.

NOTICE

My boiler machine and all cleaners have been trained out and are ready for this season.—Mrs. W. E. Harvey. 12-6d-w1

AGRICULTURAL CLUB FROM SANTA ANNA JUDGE AT FAIR

The Agricultural Club of the Santa Anna High School, composed of 25 members, accompanied by their instructors, were here Friday to witness the football game and to take in the fair, and while here also were given the privilege of judging the various exhibits at the fair, to get experience in this line.

The boys proved excellent judges and were said to be very capable at this task.

Methodist Church Nearly Completed

The Ballinger Methodist church is nearing completion and that congregation expects to move into the new building early in November. Monday the art-glass windows arrived and are being placed in the frames this week. The electrical wiring is completed and fixtures are ready to be hung when the final coat of paint is applied to the interior. Many of the Sunday school rooms are practically completed now and only a finishing touch of varnish remains to be given the doors and facings.

The contractors have started building the steps leading to the front entrance. The steps will be constructed of cement and will extend across the entire front of the church. There will be 16 steps approximately 60 feet long leading to the front entrance to the auditorium.

Hardwood floors are being laid on the floor of the auditorium and as soon as this is completed and varnished the individual chairs will be installed and the pipe organ placed in the choir loft.

The completion of the building has been delayed by material not arriving and with practically everything here now the building will be finished in record time. The contractor is ahead of his contracted working days at present and will deliver the building almost one month ahead of his contracted time, it is expected by the building committee.

A special service will be held the first Sunday the congregation meets in the new building.

SIMMONS GIRLS HERE FOR WEEK-END VISIT

Misses Evelyn Shepherd, Ruth Holliday, Eleanor Hancock, Hattie Mae Dunlap, Judia Jones and Sarah Elkins are here for a week-end visit with home folks. Misses Jones and Elkins are from Garford, and are the guests of Miss Eleanor Hancock. Miss Elkins is a niece of Mrs. M. S. Karmany and R. T. Williams of this city.

Mrs. Pauline McKenney, who had been here visiting her parents, Mr. and Mrs. J. W. E. Meaders, has returned to her home at Big Lake.

Last Night at Fair Breaks All Records

The Eighth Annual Runnels County Fair passed into history Saturday night with the largest crowd ever to attend one performance. The giving away of the Ford car was the big drawing card and people from five counties were present when the grandstand show started. At the conclusion of the 11 acts on the stage, Mrs. L. R. Tigner, wife of a local jeweler, was declared the winner of the Ford.

The giving away of the Ford car was the big drawing card and people from five counties were present when the grandstand show started. At the conclusion of the 11 acts on the stage, Mrs. L. R. Tigner, wife of a local jeweler, was declared the winner of the Ford.

Doc Holland shot a large display of fireworks and the big crowd was turned loose to take in the other attractions.

A serious traffic jam occurred immediately following the fireworks display when the 5000 people at the grandstand show started to the carnival grounds. The narrow bridge across the laundry ditch was not large enough to take care of the crowd going either way and with 3000 on each side of the ditch trying to cross at the same time and a jam occurred that took six officers to straighten out.

No official check has been made of receipts and Mr. Motley stated that he could not even guess close as to what the receipts would run but that he knew they would go well over the \$10,000 mark. Only one firm out of twenty had checked in their sale of season tickets Monday and many other items were out making it impossible to get a check on the total receipts today.

The officers opened another route to get to the carnival grounds and the bridge was used the remainder of the night for an exit only. The carnival was closed at 12 o'clock and it was stated that at that hour every ride was full to its capacity, and all shows and concessions were still doing a good business.

BENOIT ITEMS

School began here on Monday morning with only a few pupils on account of being so much cotton to pick. Most all the children are busy in the field and will be for another week or two.

Mr. and Mrs. C. M. Gibson and family and Mrs. F. E. Clayton motored to Norton Sunday to visit Tom Gibson and family.

Mr. Bell, with his family, moved into our midst. Mr. Bell is a pipe line worker and will put their children in school here.

Mrs. O. C. Cox was a guest of Mrs. B. B. Edmiston Wednesday afternoon at Talpa who entertained the ladies of the Methodist church at the parsonage.

Mr. Wagoner of Brownwood is here this week loading oil for the Humble people.

Mrs. Bettis Lockett of Lawn visited her sister Mrs. Claud Brookshire last week.

Mrs. J. D. Tullos and little daughter, Melba, left Sunday for a visit with relatives in Oklahoma.

Mr. and Mrs. L. B. Rumpy were Talpa visitors Sunday afternoon.

A. J. Pullin and family were guests of the Smith family near Ballinger Sunday.

Mrs. Mae Shipp who spent the summer in Fort Stockton came in home this week and was at her post of duty Monday morning to assist Mrs. Willingham in the school room this term.

Jewel Rockley came down from Oklahoma Saturday for a short stay with his parents, returning to his home Monday.
