INVASION OF GERMANY IS BEGUN, CLAIM

PETROGRAD, Nov. 7.—The invasion of Germany has begun, according to an official announcement made here this morning.

Konigsburg is again the objective point of the right wing.

The advance on Cracow has been resumed by the Russians. The Austro-German line is falling back along its entire length, the statement declares.

Great packs of wolves have come out of the forests and down the mountains to devour the dead and wounded on the desolate fields of Galicia, according to news which has been received here from the front. The beasts are also eating the dead and wounded where unprotected in Russian Poland. So bold have they become, that they attack the dead and wounded on the fields.

Hundreds of the wounded soldiers are dying from cold and lack of care.

The Aleove, cold drinks and confectionery is a new line of business being opened up next to the Roark Tailor Shop on Eighth Street and the proprietors are Chew & Boyd.

5 Burn; Attempt Escape Prairie Blaze

DICKINSON, N. D., Nov. 7.—A teacher of a country school and four of her pupils are dead, and three are dying as a result of a prairie fire near here today.

The teacher and the children attending the school deserted the house to reach a ploughed field when the flames overcame them. The school house was unoccupied. The children were some distance from the school.

Carranza May Go to Vera Cruz for Safety; Is Now Near City

WASHINGTON, Nov. 7.—General Carranza is expected to resign and go to Vera Cruz. He has already moved his capital from Puebla to Salado, which city is within the shadow of the American army at Vera Cruz.

Another report that Huerta, former dictator of Mexico, has offered General Carranza a "comfortable home abroad" is in circulation here.

TURKEY DESTROYS ALLIED VESSELS

SMYRNA, Nov. 7.—Turkey has confiscated all of the allied steamers lying in the harbor here at the outbreak of hostilities between the Ottoman empire and the allied powers.

Will Not Attack Troops of U. S.

WASHINGTON, Nov. 7.—The junta in this city today branded as a false story the report that General Carranza had ordered the attack on American troops at Vera Cruz.

GERMANS BURN ALL VILLAGES, IS REPORT

PETROGRAD, Nov. 7.—The Germans burned all villages in their retreat from Russian Poland. The government is taking strong steps to relieve the situation caused by the enemy, says an official announcement.

LONDON, Nov. 7.—The fleets of Japan, Australia, and New Zealand and the British fleet will now hunt down all German warships in the Pacific waters.

The capture of Tsing Tau released the entire Japanese fleet and the fleets of others.

The concentration of the German men-of-war around the South American coast indicates that they have a naval base somewhere on that continent, it is stated here by military experts. This must be demolished and the warships either sunk or captured, if British commerce on the Pacific ocean is to continue, it is declared by these same authorities on military affairs.

QUAKERS AND WOLVERINES CLASH ON FERRY FIELD

ANN ARBOR, Mich., Nov. 7.—In one of the big inter-sectional contests of the year, Michigan and Pennsylvania clashed this afternoon on Ferry field. Judging from early season records the two teams seemed more evenly matched than they have been in recent years.

HEAVY ARTILLERY BEING USED BY GERMANS TO BLAST THEIR WAY TO THE FRENCH-BELGIAN COASTS

PARIS, Nov. 7.—The Germans are utilizing their heavy artillery to blast their way to the French and Belgian coasts. Hundreds of heavy guns are in action from Ypres to Arras. A hail of exploding shells is falling against the allies who, however, are well

protected by bomb proofs. The best German troops are preparing to follow the German bombardment with their fierce assaults.

Kaiser Wilhelm, himself, is in supreme command of the troops in Northern France. He is going

from point to point, encouraging with his presence, the bravery of his men.

The French have occupied Hautcourt and Hogeville.

Night and day attacks on the French which have been in progress on the Anglo-French lines from southeast of Ypres against

the British on the Oise river and at Nieu Chapelle, have all been repulsed with heavy losses to the Germans, says an official communique.

The allies are not only holding their own at every point but are advancing, the communique declares.

NO WHITE CAPPING, SAYS GRAND JURY, IN LENGTHY REPORT; 15 INDICTMENTS

To the Honorable Jno. W. Goodwin, Judge of the 35th Judicial District of Texas.

We, your Grand Jurors, empaneled for October 1914 term of district court, Runnels County, Texas, beg to submit the following as our report:

We have been in session only one week and should we have been able to have obtained sufficient riding bailiffs, (we had only two applications), our session would have been reduced at least one third. But this state of affairs is encouraging, it is indisputable evidence that our citizens are able to find more lucrative employment.

After fully investigating every matter brought to our attention, we are able to return only fifteen true bills and 10 of these are misdemeanors.

The law makes it obligatory that officers file with the District Court at the beginning of each term a report showing what money they have handled belonging to the state and county since last term. We regret to note a gross carelessness on their part. Court has been in session three weeks and we have no report from the following officers: District Attorney, Mayor J. W. Powell, Sheriff

J. P. Flynt, Justice of the peace, Geo. Graves, Justice of the peace, W. A. Halamiciek, Justice of the peace, R. P. Cogdell, Justice of the Peace, M. G. Caperton, City Marshall, J. N. McKay, Constable J. A. DeMoullie, F. J. Kuhn, C. C. Cidwell, Bedford Caperton, J. E. Cleveland, E. F. Edwards, Joe Vinyard.

Officers failing to comply with the law from District Attorney down to Constable should show just reason for their dereliction of direct duty. If they, who are under obligation both as citizens and sworn officials, manifest such slackness in complying with the law, how can they be able to properly administer it to others.

We have visited the jail and find on complaints from the prisoners as to the treatment or board. While we do not think it possible to conduct it like a modern hospital, yet we feel that its sanitary condition could be improved and we suggest that those in charge look more after its cleanliness. The float to one of the flush boxes is broken causing a continual sluice of water, this, as a matter of economy should be repaired. We also find that the flush in the misdemeanor room fails to trip. The sheriff advises that the locks on the doors opening to the run-around are insecure and can be picked. This should receive attention.

While the family is not large, yet by reason of our jail's antiquated, impracticable arrangement, whites Mexicans and negroes live, eat and sleep in the same quarters. This, being under present arrangements unpreventable, we suggest that the commissioner's court take some steps to obviate this predicament, if possible. While the most of its guests are transient and we trust are only temporary there, yet, should we have anything like a normal run, its stock of bed clothes will have to be supplemented. Present bed furnishings are badly in need of both a water and sun bath.

Following your instructions, we made a thorough inquiry into the alleged "White Capping." In one instance only has there been any attempted molestation of the negroes and that by irresponsible parties. While unable at this time to secure evidence that would justify an indictment, the officers are fully advised and are shadowing the suspects.

We are glad to say to the entire world that the rights of every one, regardless of nationality are most sacredly guarded by the citizenship of Runnels county and we exceedingly regret that such a serious misrepresentation should have gained so wide a circulation. Farmers living in the same neighborhood where it was alleged to have occurred and, though most of them have phones in their homes, had heard nothing of the trouble, until they read it in the daily papers.

We assure you that there was absolutely no foundation for the White Cap item handled so liberally by the papers and we sincerely trust that the press will give as much prominence to this correction

as it did to the fabrication.

We regret very much that some of our young men and boys see fit to take advantage of the good feeling prevailing at Christmas and Hallow'een to show their contempt for the law and to violate the rights of others. Hallow'een having occurred on Saturday night last, the attention of your grand jurors was attracted to the wrecked condition of vehicles, signs and other acts of vandalism which were still in evidence when your court convened. Investigation disclosed the fact that much of this depredation was committed by boys scarcely in their teens, some of them tell us that they did not get to bed until four o'clock Sunday morning. Shall we conclude that the parents of these boys know of their all night raids and that their mother's sleep serenely, never thinking of the probably whereabouts of their boys or company they were keeping, nor what they were engaged in. We believe in healthful, innocent recreation and that every person should have all the fun possible, but whenever you trespass upon the rights of others it ceases to be fun and becomes crime. Criminals do not mature in a day, it redevelop more rapidly in darkness than in sunshine. How many of these Hallow'een stunts could you have gotten these boys to have "pulled off" in the day time.

If parents were one half as careful of the company of their boys and of the places they visit unattended as they are of their girls of like age, we would not have to make use of those threadbare phrases "boys will be boys" and "every boy has to sow his wild oats." Remember he will have to "hand pick" and market the crop regardless of price.

Believing that the Hallow'een depredations belong to the local officers, we have for their information made a list of those who took part, trusting however, that the parents of these boys will not let it become necessary for the officers to have to take action.

We also regret to note among some of the youth of our land, a very slack regard for facts, laying more stress upon a compact formed among their associates, than they do for the truth or the sacredness of their oaths. Are we parents instilling in our children the high regard they should at all times maintain for the rights of others and of the inviolableness of their oaths. Our citizenship will never rise higher than the standard of our homes.

In conclusion we are pleased to state that as a whole, we find our people peaceable and law-abiding and congratulate ourselves that we are a part of such splendid citizenship.

We wish to thank your Honor for courtesies, the County Officials and Bailiffs for their very prompt and willing attention and valuable assistance, and our esteemed court house janitor for permission to enjoy his flowers and to look upon the best kept court yard park within our knowledge.

Cattle Escape Big Fire and Overrun Streets of Kansas City Early Today
KANSAS CITY, Nov. 7.—Hundreds of cattle that escaped from the \$250,000 fire in the stock yards at midnight last night thronged the downtown streets this morning at the break of day. Street cars were stopped and pedestrians were terrorized for a short while. Finally the cattle were rounded up and driven to quarters.

Seven thousand steers and cattle were saved from the fire. The hogs and sheep were not reached by the biting flames because of their distance from the fierce blazes, which consumed one-third of the local yards.

It is declared that the fire originated from the stub of either a cigar or cigarette thrown aside by some careless smoker.

Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gentle yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

HIMROD PUSHING NEW ROAD PROJECT

James Himrod, accompanied by Engineer Moore, arrived in Bronte Saturday morning and hastened from here to Robert Lee for a conference with citizens. Then, in charge of Sheriff-elect Jim Burrough, they viewed out a probable route between Bronte and Robert Lee. The men walked several miles and being an old and practical civil engineer Capt. Moore got a good idea of the feasibility of building a railroad over the route taken.

The men returned Monday to Robert Lee and a mass meeting was held in the evening, at which the Himrod proposition was renewed. Capt. Moore told the people that a railroad will be built over the route heretofore mentioned. He gave it out that he would make a special report to an interested bond company, and does not nancing the enterprise.—Bronte apprehend any drawback in Enterprise.

The above project is the one recently put up to Ballinger, in which Ballinger is offered a road from Austin through to the Panhandle country and connecting with the coal field of New Mexico.

The proposition as presented to Ballinger in the first round only calls for the small sum of \$75,000 as a starter. Of course Ballinger will put up this—we don't think.

AGED MAN, A STRANGER HAS STROKE OF APOPLEXY ON STREET OF COLEMAN

An old gentleman, tired and feeble from the effects of railroad travel, arrived in Coleman on the Santa Fe morning train Thursday. While walking along the sidewalk in front of the First National Bank he suffered a stroke of apoplexy and fell to the sidewalk.

After medical attention he recovered sufficiently to give his name and destination. His name, he said, was Edward Daley, Asheville, North Carolina en route to Sierra Blanca to live with William Langely. He is an old man, probably 75 or 80 years of age, and has but little money on his person. He is being given charitable attention and his relatives or friends will be communicated with as soon as their exact location can be determined.—Coleman Democrat-Voice.

COULDN'T REACH IT.

This should be good news for our energetic young men and young women who are desirous of earning a good salary. The U. S. Civil Service Department has put out a most urgent appeal for as many as can to at once prepare for and take the Civil Service examination for stenographers and typists, at salaries ranging from \$840 to \$1200 per annum. There has been five special examinations held in Tyler this year and another is to be held this month. This is one class of work that the war didn't reach. Our American Government is needing more help than ever before for our present administration has been an exceptional active one. All lines of business are looking brighter, yet at all times the demand has been greater than the supply for telegraph operators. The northern railroads are literally blocked in moving grain and handling merchandise. One of the northern roads within the last thirty days, ordered ten young men from the Tyler Commercial College, Tyler, Texas, at one time. In less than two weeks they ordered five more and they have now requested this institution to furnish them with all the men they can properly qualify. This, together with the fact that the United States Government has addressed the Tyler Commercial College six personal communications during the year, insisting that their graduates take the Civil Service examination, shows there is, even in the hardest of times, a demand for the graduates of the Tyler Commercial College. The high class training given by this institution fits its graduates to go into the government work at splendid salaries or into the best railroad offices, direct from the school room.

There is no use of our young people sitting down and saying they can't get work when it is a positive fact that they can enter the Tyler Commercial College at Tyler, Texas, and in three to five months prepare themselves for a splendid position at a beginning salary of \$840 to \$1200 per year. Before I would stay idle another week, I would write or phone this institution for catalogue and full particulars and make my arrangements to enter at once that they might place me in a good salaried position.

A crusade of education which aims "that common colds may be come uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

- "Don't sleep in hot rooms."
- "Don't avoid the fresh air."
- "Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sidesche, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

If you, my sister, are unhappy because of ill-health, if you feel unfit for household duties, social pleasures, or daily employment, write and tell me just how you suffer, and ask for my free ten days' trial of a home treatment suited to your needs. Men cannot understand women's sufferings. What we women know from experience, we know better than any man. I want to tell you how to cure yourself at home at a cost of about 12 cents a week.

If you suffer from women's peculiar ailments causing pain in the head, back, or bowels, feeling of weight and dragging-down sensation, falling or displacement of pelvic organs, causing kidney and bladder weakness or constipation and piles, painful or irregular periods, catarrhal conditions and discharges, extreme nervousness, depressed spirits, melancholy, desire to cry, hot flashes, weariness, sallow complexion with dark circles under the eyes, pain in the left breast, or a general feeling that life is not worth living.

I INVITE YOU TO SEND TODAY FOR MY FREE TEN DAYS' TREATMENT

and learn how these ailments can be easily and surely conquered at home without the dangers and expense of an operation. When you are cured, and able to enjoy life again, you can pass the good word along to some other sufferer. My home treatment is for young or old. To Mothers of Daughters, I will explain how to overcome green sickness (chlorosis), irregularities, headaches, and lassitude in young women, and restore them to plumpness and health. Tell me if you are worried about your daughter. Remember, it costs you nothing to give my home treatment a ten days' trial, and does not interfere with daily work. If health is worth asking for, then accept my generous offer and write for the free treatment, including my illustrated booklet, "Woman's Own Medical Adviser." I will send all in plain wrappers post-paid. To save time, you can cut out this offer, mark your feelings, and return to me. Send today, as you may not see this offer again. Address:

Boot Legging Case Rail-
roaded Through Court;
Jury Still Out at 4:30

The jury in the Baker boot-legging case reported to the court at four o'clock this afternoon that they could not agree and that a verdict was out of the question.

Judge Goodwin had planned to adjourn court and return to his home on the four-thirty train. After consulting with attorney for the defendant, and after defendant and his attorney held a short consultation, the judge ordered the jury returned to the jury room for further deliberation, the judge indicating that he would not discharge them until they were given ample time and opportunity to change their minds and render we are able to return only five a verdict.

The man arrested last Monday night for illegally selling booze was arranged before the bar of justice Friday afternoon, and given a trial. A night session of court was held and most of the evidence was introduced by the state at the night session.

Saturday morning the defendant was placed on the stand, the evidence all placed before the jury and the argument made in the case and the jury went into the jury room with the case in their hands at noon.

This is the quickest work in dealing with a boot-legging case ever brought before the court in this county. The defendant was arrested Monday night about ten o'clock. He was placed in jail, and Tuesday the grand jury took up the case and returned the indictment. The defendant employed attorneys to represent him and announced that he would fight the case, declaring his innocence.

Judges T. T. Crosson and L. B. Harris were employed to represent the defendant and District Attorney Early handled the state's side

of the case.

The defendant was the only witness to take the stand in his own behalf. While the state used George Schneider, the young man who purchased the whiskey from the defendant, and the two officers who made the arrest, B. W. Pileher and J. D. Perkins.

Schneider testified that he purchased the whiskey, and told in detail how the deal was made, and claimed that the white man tried to sell a quart of whiskey when he first bought only a drink. He told how he came to town, secured two dollars with which to buy the quart and notified the officers of the transaction. He told how the arrest was made when the officers appeared on the scene, and where the grip was located, etc.

Perkins and Pileher testified as to how they followed Schneider when he went to buy the whiskey, how they laid in waiting nearby and witnessed the sale, overhearing the conversation between the parties, how they made the arrest, placing both the defendant and the negro under arrest, searching both and finding the key to the grip and the cork screw and fifteen dollars in money in the white man's pocket, and taking possession of the grip that contained a quantity of booze.

The defendant swore on the stand that he had nothing to do with the transaction. He testified that he went to negro town to sell a finger ring, selling the ring to the negro, who he claimed was selling the booze, he waited until the negro took in the money by the sale of booze to pay him for the ring, and that when the negro sold the booze he passed the two dollars to him to pay for the ring. In accounting for how the key to the grip and the cork screw came to be in his possession when placed

Mr. C. N. Peteraen, dealer in fine boots, shoes and cigars, No. 132 South Main St., Council Bluffs, Iowa, writes: "I cannot tell you how much good Peruna has done me. Constant confinement in my store began to tell on my health and I felt that I was gradually breaking down. "I tried several remedies prescribed by my physician, but obtained no permanent relief until I took Peruna. I felt better immediately, and five bottles restored me to complete health. I have been in the best of spirits since, and feel that I owe my health to it."

Catch Cold Easily.

Mr. Arthur G. Peterson, R. F. D. 21, Box 21, Omro, Wisconsin. He was in the habit of catching cold easily.

He says: "It has been seven months now since I have taken any Peruna and I haven't felt the least touch of cold since, and I am positive that I am now rid of the tendency to catch cold. Peruna is a wonderful remedy."

Those who object to liquid medicines can now procure Peruna Tablets.

under arrest, the defendant claimed that the negro accidentally handed him the key and cork screw when he handed him the two dollars in payment of the ring. The defendant testified to his reputation as a gentleman and christian. Stated that he had not been to San Angelo from where the labels on the whiskey bottles showed the booze came from, and that he had no interest in the grip or its contents. Stated that his grip was at Winters. He denied that the sweater in the grip was his property. Said he was a stranger in this country, and that he had relatives living near Waco. He testified that he had been to Abilene looking for work, and had returned to Ballinger.

The state used expert witnesses to prove that the whiskey was intoxicating, and that it was the real stuff.

The negro who was arrested with the white man it will be remembered, made his escape while the two men were being carried to jail from the place where the sale of booze took place and where the arrest was made. He made a break for his liberty and got away from the officers in the dark after several shots had been fired to make him stop running. The negro is still at large.

Announcement was made at the post office today that J. D. Isom, who recently came to Brownsville from Asheville, N. C., to take a position in the Brownsville post office, has been named assistant postmaster, succeeding E. T. Pierce who has held the position the past three years. Mr. Pierce retired from the place on account of his preferment for the mailing end, having taken charge of the mailing division.

Mr. Isom, the new assistant postmaster, has a long experience in post office work, having been in the service fifteen years. Before going to North Carolina for the benefit of his wife's health he was assistant postmaster at Ballinger, Texas, and in his capacity as assistant postmaster here the authorities believe that he will be able to give the patrons of the Brownsville office an adequate postal service.

The change has already taken effect.—Brownsville Herald.

Mr. Isom will be remembered in Ballinger kindly. He was for a number of years assistant postmaster.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

One of the prettiest church weddings that has been solemnized in the county recently was that of Mr. Oscar Douglass and Miss Mary Thompson at the church in Hatchel last Wednesday night on which occasion Rev. CONFEDERATE MONUMENT PRESENTED TO ST. LOUIS

ST. LOUIS, Nov. 7.—A twenty year struggle by the Confederate Monument Association of Saint Louis to place a shaft here as a monument to the soldiers of the Confederacy ended today when Mrs. H. N.
