

BALLINGER DAILY LEDGER

VOLUME XIV.

BALLINGER, TEXAS, FRIDAY, MAY 9, 1919

PRICE FIVE CENTS

GO "OVER THE TOP" APPEALS PRES. WILSON

Washington, May 9.—President Wilson today cabled a message to the United States making an appeal to the American people to support the Victory Loan to the limit and not let the news go to the boys in France that the people at home had fallen short of their duty.

The treasury department announced that the loan was less than sixty three percent subscribed, with only one more day of the campaign left.

MEETING ENDS; 27 ADDITIONS

Rev. E. C. Moore returned to his home at Brownwood Friday afternoon, after closing one of the most successful week's revivals ever held in this city. The revival closed Thursday night with a good attendance.

Notwithstanding that no advanced preparation was made for the series of services in a church which has been without a pastor for some time, and the meeting only continued eight days, there were twenty seven additions to the church, most of whom were grown people. There were twenty four confessions and three joined by letter.

Rev. Moore spoke most kindly for the people of Ballinger in his closing remarks Thursday night, and stated that he never enjoyed a week's work more than his stay here, and that he thought Ballinger one of the best towns on the map. He is pastor of the Christian church at Brownwood, and he is hurrying home to attend to some important church work before leaving Sunday night, for Paris, Texas, to attend a state meeting of the Christian church.

Rev. Moore delivered a series of services while here that not only brought more than two dozen into the church, but which greatly revived the church, and those who heard him from time to time learned to love him as a preacher and man. The town is a better town by his having spent a few days here in church work.

Mr. and Mrs. Q. V. Miller, who went to LaGrange to visit Mrs. Miller's parents, and bring a car which her parents had given her back to Ballinger, returned on the train Thursday. They started in the car, but had to leave it on account of the heavy rains and conditions of the road.

AN AWFUL EXCUSE TO HIDE BEHIND

"No one called on me." Some are saying this today. Perhaps no one has ever asked you face to face to buy a VICTORY LIBERTY BOND. For some reason you were missed by the solicitors. Perhaps because the solicitors were afraid you would insult them with your answer. Consider yourself called upon now.

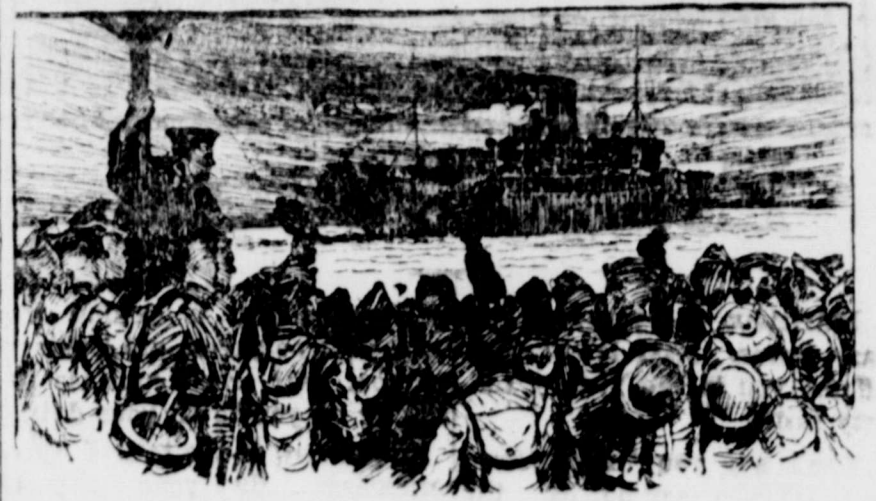

Meet the committee. The man who has given up two years of income and comfort to risk his life for you. The woman who has given something dearer than life to her boy for your protection. And then that other figure standing there looking strangely familiar. This last is your own conscience.

The committee is looking you right in the face, waiting in silence to know how much you are going to buy. Consider yourself called upon.

Get an application form, sign and hand it in to your local banker.

You can't say now, "NO ONE CALLED ON ME."

What Saved Our Boys?

Look at the boys who are home and then realize that, had the war gone on six months longer, 100,000 more of them would have been sleeping beneath wooden crosses in France, and 300,000 more of them would have been wounded to say nothing of an additional expenditure of at least fifteen billion of dollars. These are official figures.

What saved them? Our enormous preparation. That broke down German morale and ended the war.

Isn't it worth paying for? A Victory Liberty Loan Button is a badge of honor and an indication of good business sense—as well as a thanksgiving proclamation. Subscribe to your limit!

Hobby Signs Soldier Vote Bill; Legislature Adjourns

Austin, May 9.—The bill permitting all honorably discharged soldiers to vote in all elections to be held during 1919 and 1920 without the payment of a poll tax, was signed by Governor Hobby at eleven o'clock this morning.

The legislature adjourned sine die at noon today to reconvene in June after the amendment elections are held.

SET YOUR DOLLARS TO WORKING NOW

The 250,206 persons and corporations in the Eleventh Federal Reserve District who bought Second Liberty Loan Bonds will have an opportunity of turning interest into more interest on May 15. J. L. Chastain cashier of the Farmers & Merchants State Bank, of this city said today. "On that date, the Government makes a semi-annual interest payment on the Second Liberty Loan. The Treasury Department is urging that bond holders reinvest this interest in Thrift or War Savings Stamps, and thus keep their dollars working."

"Twenty years ago a certain man owned the clothes he stood in and that was about all. Now he is worth \$10,000. He saved—and put his money out at interest. The first year, he only saved \$50 and the second year \$75."

"What he saved was an average of \$5 a week, but that amounted to around \$5,000 in the twenty years. The other \$5,000 is the interest. When you set your dollars to working it grows slowly at first, but even a little faster until finally interest outruns saving. War Savings Stamps to more than add dollars to dollars; they begin to multiply. They are also cashable at the postoffice on ten days' written notice."

Mrs. Lelia Johnson and Mrs. Cole Lewis, of Coleman, passed through Ballinger Thursday en route home from Eastland, where they had been visiting. They were guests of Ballinger friends a few hours between trains.

RATTLER BITES LITTLE GIRL

The little four year old girl of T. O. Cape of Concho, was brought here this week for treatment for rattlesnake bite. The little lady was playing out in the yard when she found a snake and began playing with it. It was not until after the snake had hung its poisoned fangs in the index finger of the child's hand and made the "bleed come," did she report her discovery to her mother.

Running into the house the little girl told her mother that she wish she had not played with that "old ting" and the mother being attracted by the child's bleeding finger, returned to the yard with here where she found a snake about eighteen inches long with one rattler.

The mother hastily corded the child's arm, and applied a coal oil treatment and the parents hurried to Ballinger with the baby. After remaining in the Halley & Love Sanitarium for about twenty four hours the child was carried back home safely. The arm was badly swollen for a few hours, but no serious effects are now expected.

Fresh bread for sale at Ward's Cafe.

Four Killed In Battle With Mexicans; Three Wounded

Laredo, May 9.—A battle between Mexicans and officers took place near here last night in which four Mexicans were killed, one fatally wounded, one seriously wounded and one slightly wounded.

Immigration inspector, Charles Hopkins and three Mexicans were killed, one Mexican smuggler fatally wounded, Inspector Hill, of the Texas Health Service, seriously wounded, and Inspector Dunaway, of the immigration service, was slightly wounded in the battle.

DRAFTING PEACE FOR AUSTRIA

Paris, May 9.—Making peace with Austria will come shortly following settlement with Germany. The peace conference today ordered the drafting of a treaty with Austria, and it will be presented to the Austrian delegates as soon as approved by the peace conference.

CHARGED WITH POISONING HUSBAND

Mrs. Anna Cook, wife of Oscar Cook, who returned to his home in Kent county from the army a few days ago, and who a few days later died from the effects of a dose of poison, has not been released from the Aspermont jail, where she is held charged with poisoning her husband, according to the Abilene Reporter.

The case is one of unusual interest. The defendant who is only seventeen years of age, was married to Oscar Cook about three weeks before his death and lived with him at his brother's home near Girard. Before her marriage she was Miss Anna Yarnell, daughter of Mr. and Mrs. S. Yarnell, who have resided in Kent county a number of years. Cook was twenty-three years old and had recently returned from the army.

According to Judge Stinson, Mrs. Cook gives about the following as the facts connected with the death of her husband:

On Friday before the death she alleges that Cook gave her money with which to buy some strychnine to kill wolves, and dogs and she went to Girard and purchased same and gave it to her husband that day upon her return home. On Monday she went to Girard and purchased some capsules which she wanted to use in taking quinine. She says that she took three doses of quinine and that on Tuesday afternoon her husband asked to be given a dose as he was feeling bad; that she went to the box that contained the capsules she had been taking and got one for herself and one for her husband and they each took a capsule. Her husband then went to the lot and milked the cow, returning in about thirty minutes very sick. She called his brother and they together got him out of

SANTA FE TRAIN ORDERED RESTORED

A report coming from Austin says that the railroad commission has ordered that trains taken off the Santa Fe between Brownwood and San Angelo some time ago be restored on June first.

These orders come as a result of the hearing held in Austin before the railroad commission two or three weeks ago. The orders with testimony introduced before the commission has been forwarded to the Railroad Administration at Washington. If the orders are carried out the early morning train east and the night train west will be in service again by June, or changes made in the schedule which will give Ballinger another train each way each day on the Santa Fe.

No order was issued by the commission concerning the A. & S.

the storm cellar where she and Cook roomed.

Judge Stinson says that Mrs. Cook alleges that she never saw the strychnine after she delivered it to her husband on Friday and knows nothing of how it got into the capsule that she got out of her quinine box. The defendant also declares that she loved her husband, that they got along well and that he never mistreated her at any time.

The Yarnell family are highly respected citizens of Kent county and the case has caused considerable excitement. Cook had no relatives in this county except his brother with whom he was making his home. The arrest of Mrs. Cook was made by the sheriff of Kent county on Wednesday, April 30th, following the death of Cook on Tuesday afternoon, April 29th.

M. Friek who had been at home in the Winters country for a few days, returned to Markham, Thursday, where he will complete planting his rice crop. He stated that he had two hundred acres planted, and would finish planting next week.

Willard Service and You

It's for you that the Willard Service Stations are maintained.

It's for you that the Willard 90-day insurance plan was worked out.

It's for you that the Willard Service and Adjustment Policies you'll see in every Willard Service Station were drafted.

The meaning of Willard Service to you as a car owner is given in the booklet, "Willard Service and You." Ask for a copy next time you come in. Ask also to have your battery tested with a hydrometer so that you can be sure you have been keeping it properly charged.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—“For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble.”—Mrs. ALICE HELLER, Christopher, Ill.

PREDICTS A COLD RECEPTION FOR JOE

I notice that J. W. Bailey while on his tour in Texas, speaking against woman suffrage and for the whisky interests, has been invited to charm Tom Green county citizens with his wonderful oratory, this invitation being extended by the Hon. Sam Hill.

It is surprising to me that a man who is not a citizen of Texas and one who has denounced and renounced the Democratic party could have the nerve to come into a State to tell good and true Democrats how to vote. J. W. Bailey is a man who is a self-acknowledged employ of the breweries of the United States of America—Corporations that for gain and greed would have debauched every American soldier stationed in the training camps in Texas, had not the ten mile zone law prohibited them from so doing. These same breweries are now using every means within their power to put the saloons back on every prominent corner of the cities, and towns of our beloved state, to snare and enslave the young manhood of Texas. As a means to accomplish an end, they have purchased one of the greatest of God's handiwork, a man with a well trained mind, a wonderful personality and of great oratorical ability; they have purchased this man and are sending him out over the land to so charm the people with his wonderful and persuasive voice, so hypnotize them with the glamor of his name, that they will do as he says, forgetting that he bears the brand of the golden eagle on his forehead the ownership mark placed there by these said breweries.

If Mr. Bailey comes to Texas and San Angelo, will our good men ask him what he did to help win the war? A man as irresistible as he could have done a wonderful good if he had seen fit to raise his voice in the interest of the draft, the Liberty loan or the Red Cross but it seems as if Mr. Bailey was silent on all these subjects. While our women worked with the Red Cross, the Liberty loan, the war savings stamps and every patriotic move that was inaugurated taking the places vacated by the men in the fields, as well as in the stores and factories, it seems that Mr. Bailey was helping not to win the war by criticism of the administration and embarrassing, as much as was in his power, President Wilson the greatest statesman the world has ever produced, and a man who cannot be bought by gold.

Are the men of San Angelo going to invite and give a big reception to a man like this? A man, with his pockets stuffed with brewery money, who is coming here to tell you to vote against the woman who worked as co-partners with you men in winning the war for democracy for the world. Will you? The women of San Angelo are watching, and in justice I will say that we don't believe that you will extend a cordial hand to Joseph Weldon Bailey. MRS. C. R. FIELDS.

Martin's Screw Worm Killer kills worms, keeps off flies, heals wounds. 6 oz. bottle 35c. Your money back if not satisfied. Ask your druggist.

Where the War Money Went

THE ORDER AND THE BILL

From our entry in the war to the end of 1919, Uncle Sam's outgo was more than 26 billion dollars. But of this nearly 8 billion were lent to other nations—and that was some of the best fighting finance, as you will see a little later.

By spending and lending 26 billion in nineteen months we saved six months' further warfare, and perhaps a year.

We also saved at least 100,000 American soldiers' lives and four times as many wounded.

Nor was this all. For had the war continued through 1919 our further expense this year would have been not less than 25 billion dollars, and more likely 30 billions. So that through the nineteen months of war spending, if we deduct money raised to lend Allied nations, we find that every dollar raised by Liberty Bonds and War Savings Stamps came pretty near saving the spending of two dollars during 1919—the year of fighting that never came.

Shipping was a big problem, and we were caught short of merchant ships. But our shipyards got busy and new ships were built, and old ones brought from the Great Lakes, taken from coast-wise service, chartered from neutral nations, and lent us by the Allies. So, in

November, 1918, we had a cargo fleet of 2,335,000 deadweight tons, which transported to France 5,979,000 short tons of cargo. Of the 2,048,008 American soldiers sent over, 898,449 were carried under the American flag.

Uncle Sam built in France 937 miles of standard gauge railroad and 538 miles of narrow gauge—a total of 1,475 miles nearly as much standard gauge railroad as there is in Connecticut—almost another Lackawanna system. Counting in the narrow gauge, there is more mileage than the railroads in Maryland, and nearly another Chicago, Great Western system. In locomotives, 1,333 standard gauge engines were shipped to France, and 1,055 erected; 406 narrow gauge locomotives shipped to France; 18,013 standard gauge cars shipped to France and 14,302 erected; 3,751 narrow gauge cars shipped over. In this country the Armistice found half as much railroad equipment again, ready for shipment or under construction; 599 standard gauge locomotives, 32,685 standard gauge cars, 217 narrow gauge locomotives, 4,872 narrow gauge cars.

When the war ended our army abroad was equal to the British Expeditionary Force—2,013,039 officers and men in Europe and Siberia. Back home we had 1,690,234 more in training, and were steadily turning them out of the training camps after 4 months' drilling.

Where the war money went?

Our war money—if it went anywhere it was largely from one pocket to the other, and it has worked so well for us, and will work so much harder in the future, that it was not an expenditure, but a splendid national investment.

THIN, IRRITABLE CHILD Gained Flesh, Strength and Good Nature by Taking Vinol

Middleton, Conn.—“I used Vinol for my little girl 5 years old for a run-down, nervous condition. She was thin, irritable all the time and had no appetite. In a week I noticed an improvement and now she has a good appetite, has gained in flesh and strength and is much pleasanter to live with.”—Mrs. C. B. Wilkerson.

There is no secret about Vinol—it owes its success in such cases to beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates, the oldest and most famous body building tonics known.

DISTRICT M. E.

MEET AT WINTERS

Dr. Sam G. Thompson, Presiding Elder of the Methodist church for the Brownwood District, arrived here Friday at noon to hold the second quarterly conference at this place. The conference will meet tonight.

Dr. Thompson will go from Ballinger to Winters, where a district conference for the Brownwood district will be held beginning Monday night. The conference at Winters will be largely attended by delegates from the counties comprising the district, and Dr. Thompson says there should be about 140 delegates present. Dr. H. L. Munger, of Coleman, will preach the opening sermon at the Winters conference.

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Sold by Weeks Drug Store.

Mrs. G. M. Vaughn returned home Friday from Eastland, where she attended the meeting of federated clubs.

Surgeons agree that in case of cuts, burns, bruises and wounds, the first treatment is most important. When an efficient antiseptic is applied promptly there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the ideal antiseptic and healing agent. Buy it now and be ready for an emergency. Sold by Weeks Drug Store.

J. A. Arnold, of the Winters country, was in Ballinger Friday.

**FEELING BLUE,
LIVER LAZY,
TAKE A CALOTAB**

Wonderful How Young and Energetic You Feel After Taking This Delightful, Nauseless Calomel.

If you have not tried Calotabs you have a delightful surprise awaiting you. The wonderful liver cleansing and system purifying properties of calomel may now be enjoyed without the slightest unpleasantness for Calotabs are calomel with the liver benefits left in and the sting taken out. A Calotab at bedtime with a swallow of water that's all. No taste, no nausea, no salts, nor the slightest unpleasant after effects. You wake up in the morning feeling fine. Your liver is clean, your system is purified, your appetite hearty. Eat what you wish, no danger, and no risk of salivation. The next time you feel lazy, mean nervous, blue or discouraged give your liver a thorough cleansing with a Calotab. They are so delightful and effective that your druggist is authorized to refund the price as a guarantee that you will be delighted.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. At all drug stores.

Manager Britton, of the West Texas Telephone Co., is soliciting advertising for a new hello book, and the new directory will be printed at an early date. If you are going to install a telephone you should get your name in the directory before it goes to the printers.

Suggestion for a Camping Trip
Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

Mrs. W. J. Coulson, of Coleman, is here visiting her sister, Mrs. Jno A. Weeks, and to be with her niece Miss Maurine Weeks, during an operation.

KILL THE BLUE BUGS
by feeding Martin's Wonderful Blue Bug Killer to your chickens. Your money back if not absolutely satisfied. Ask your druggist. I 30td

**WORLD LOAN TO PUT
EUROPE ON HER FEET**

New York, May 8.—A quick peace, food and work for Europe, and then a world loan enabling those countries bankrupted by the war to rehabilitate themselves—these are the immediate needs of the world today, in the opinion of Ralph D. Blummenfeld, editor of the London Daily Express. Blummenfeld, who is one of the most influential British publishers, was born in this country but has lived in England for 27 years, during which time he has been identified with the direction of large journalistic enterprises. His present visit is his first to the United States in fifteen years.

The question of a quick peace is more important than the question of the terms of that peace Blummenfeld believes.

"Delay, no matter for what cause, is dangerous," he declared in an interview with the United Press. "In fact, had the peace settlement been made last November, as it should have been made, the world would have been better off today. The uncertainty would have ended promptly, industry would have resumed and bolshevism would have been kept out of western Europe."

"The close of the war found nearly all the belligerents in a state of financial collapse. In four years England spent all of her excess wealth accumulated during 500 years of commerce. France and Italy are financially exhausted. Only the United States and Japan are able to finance reconstruction on their own account."

"How are these financially broken countries to rehabilitate themselves? There is not money enough in the world to immediately meet the debt under which Europe is staggering. Germany is ruined and cannot at once pay an enormous indemnity though she can and must do so eventually. Besides, to attempt to strip her bare at once would force her into Bolshevism and end all chance of her paying anything."

"So the powers must help Germany. They must loan her money not because they pity her or can do her crimes, but because they must loan if they expect ever to get a large indemnity from her. Germany is the international tramp, a tramp who owes much money but has no food, no business, no job. Before the tramp's creditors can hope for payment, they must provide the tramp with work, time to meet his debts and the opportunity to earn money."

"So it is with Germany. It is necessary to provide her an opportunity to resume her industry,

to rehabilitate her commerce, to get on her feet.

"To raise funds for such an undertaking, a world loan seems essential. This would be for about twenty-five billion dollars. Let us say England takes 20 percent, the United States 20 percent, France, Italy and Germany large shares and the other powers smaller amounts."

"This money put into a central fund administered by the League of Nations, could be loaned to various powers to enable them to pay their debts and to finance their reconstruction. It would also make it possible to provide funds to Germany to put her on her feet and enable her to pay her just debt to the world. Such loans as were made from the central fund for reconstruction work in any country, new railroads, new industrial plants and the like, would always be secured by this newly created physical property until such time as the country involved could pay back the loan and redeem the property."

"Such a plan would give the stricken countries of the world, even the enemy countries, work and hope, the two greatest factors in setting up their self-respect."

Blummenfeld, declared that the war had measurably increased the good feeling in Great Britain towards the United States.

"No single factor contributed more to that result than the splendid conduct of the American soldiers in England," he said. "The recent trouble between the police and American soldiers in London was due principally to the stupidity of a London policeman. The conduct of the Yankee soldiers was consistently beyond reproach."

The feeling in many quarters in England that Germany must be helped does not mean that bitterness against the Germans has abated, Blummenfeld said.

"The feeling was almost wholly the result of the Gotha raids on

London," said he. "Britons almost admired the efficiency as fighters of the German soldiers early in the war. They had not then the bitterness of personal feeling against the enemy that developed with the Gotha raids and the feeling of hatred began. It

was stimulated by the appearance of the Zeppelins over England, but it burst into full flame when the Gotha appeared in fleets and began to shower bombs upon the helpless poor of London. The terrible hatred which those raids engendered will not be forgotten for fifty years."

*People Will Buy If You Tell
Them About the Things You
Have To Sell*

ADVERTISE

The American public is a buying public. It has the money to spend and will spend it if you show them the need for spending it. Therefore---Advertise!

This is the message from the Department of Labor to all live, progressive merchants who believe in the future prosperity of America. Tell your story thru the press and reach the greatest number of potential customers at the smallest cost.

Advertising, intelligently planned and executed is the surest, quickest and most economical means of securing sales---stimulating business.

U. S. Department of Labor

ROGER W. BABSON, Director General, Information and Educational Service
W. B. WILSON, Secretary

TONIGHT... **QUEEN** ...TONIGHT

—her life's blood for a stranger

Evelyn Nesbit

—in the great story of self-sacrifice

"Her Mistake"

—a powerful drama of New York society life presenting the

famous beauty and her son
Russell Thaw

—admission 10c and 25c plus tax

QUEEN

Bookkeepers—Stenographers

are still in great demand at Washington. Unprecedented commercial prosperity is predicted for the United States, which means high office salaries. We train you for these extraordinary opportunities.
