FIVE PERISH WHEN CHICAGO HOTEL BURNS

(By Associated Press)
CHICAGO, Jan. 31.—Five persons were killed and one is missing in a fire this morning which destroyed a four-story apartment building on the South Side.

Four of the bodies burned here were identified and one other was seen in the ruins by firemen, but has not been identified. The identified dead are: Anthony Hardie, age 24; Olive Pryor, age 22; and his wife, Loretta, age 16; and Doris Hardie.

The body of a woman was seen by rescuers on the third floor and it was thought that more bodies might be uncovered when the debris was penetrated. The two women were killed in jumps from third story windows, the firemen said.

The fire started in one of the lower floors of the building. The building was erected in the time of the Chicago world fair, and was one of the oldest apartment houses in use.

DALLAS, Jan. 31.—William Lester Crawford, son of the late Judge W. L. Crawford, was found guilty of manslaughter today on charges of killing Paul O'Day, a young lawyer. The jury which heard the evidence and argument in the case returned a verdict fixing the penalty at five years in the state penitentiary.

Crawford is the son of the late Col. William Crawford, a widely known lawyer, and pioneer of Dallas. He is alleged to have shot and instantly killed Paul O'Day in the lobby of a bank building here as O'Day was en route to his office last November 11th. Arguments in the case were closed late last night and the case went to the jury.

Crawford was alleged to have waited for O'Day at an elevator entrance and shot him with a shot-gun loaded with buck shot. He claimed as his defense that O'Day had insulted Mrs. Crawford, mother of the defendant, in preparing a brief in a suit over the Crawford will.

The attorneys for the Klan contended that the court had erred in ruling that its failure to secure a state charter as a foreign corporation constituted legal grounds for the ouster and claimed that the court was incompetent to pass on the question which it was asserted involved interstate commerce.

**MAKING PLANS
 FOR NEW CHURCH**

The building committee of the Methodist church is meeting with encouragement in the preliminary work of raising the money with which to build a new church here. Rev. E. W. Bridges, pastor, is devoting considerable time to the work, and he is optimistic over the outlook, for early action and success of the movement.

The committee recently made an estimate of the amount possible to raise for the cause among the membership, and met with encouragement in canvassing the congregation and getting an idea of what each will contribute to the building fund. In a number of cases members have voluntarily expressed a willingness to contribute a greater amount than they were listed for.

The Methodist congregation of this city is one of the strongest, if not the strongest, financially, and they will no doubt construct an edifice that will be a credit to the city and a credit to the cause they represent.

As soon as the congregation can be canvassed, the proposition will be presented to the members in a definite form, and as soon as it is determined that the proposition can be successfully financed, contractors will be summoned for the job.

Architects have already submitted tentative plans, and other preliminaries of the work are well in hand.

It is said that Governor Ferguson's bill proposing a tax on smokes for the support of the public schools, has little chance to pass. Most of the law-makers are smokers.

The cross-word puzzle epidemic has become so severe that the railroads have added dictionaries to the libraries in observation and sleeping cars, and news boys on the train carry dictionaries in stock.

If you haven't paid your poll tax when you read this, provided you read it before twelve o'clock Saturday night, Jan. 31st, you had better borrow \$1.75 and go spend it with the tax collector. The man or woman who does not pay his or her poll tax, counts for little in shaping the policies of this government.

The postal salary bill which passed the Senate by a vote of 70 to 8 Friday brought rejoicing to mail clerks and carriers. The bill now goes to the House and when finally passed will give the postal employes an increase in salary dating from last July, and the back pay checks will make good honeymoon money.

KIDNEYS NEED LOTS OF WATER AT TIMES

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys and help stimulate them to ment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble. By all means have your physician examine your kidneys at least twice a year.

Rev. W. E. Moore, pastor of the First Christian church, is at home from Little Rock, Arkansas, where he was called on account of the illness of his father. Rev. Moore's father died within a short time after he reached his bedside. He was 76 years of age and was stricken with paralysis.

W. F. Weathersby has accepted a position with the Jones Company, a corporation owning a string of thirteen stores, and he left Saturday for Brownfield, where he will be manager of the store for the company in that city. After spending a few days at Brownfield getting a line-up on the situation he will go to New York to buy goods for the store.

Mr. Weathersby has been a citizen of Ballinger for quite a number of years, being employed by different firms here, more recently with Higginbotham Bros. & Co. His family will join him at Brownfield as soon as he can arrange for living quarters.

Another good man in the person of C. M. Doyle, has gone wrong. Mr. Doyle has deserted Runnels county and moved to the Plains. He purchased land near Lubbock and is improving it, spending several weeks before Christmas on his new homestead building a house and returned here since the first and got his family. Mr. Doyle formerly lived in the Valley Creek community, and he was engaged in the grocery business in Ballinger for some time. He admitted while here a short time ago that he came near freezing to death during the cold snap on the plains.

J. W. Patterson, secretary of the Winters Mutual Insurance Society; and Sidney Caskey, a representative of the society, were here from Winters Saturday to pay a death claim on the life of Mrs. A. M. Halliburton, who died Friday.

CONFINED TO BED

Birmingham Lady Took Cardui for Relief of Change of Life Troubles and Says It Helped Her "So Much."

Birmingham, Ala.—"I first took Cardui for that tired, worn-out feeling that comes from being dreadfully run-down," says Mrs. Catherine E. Smith, of 2106 Stout Street. "Twenty-five years ago, I was suffering from womanly weakness. I read of Cardui in an almanac, and thought I would try it. I got a bottle and it helped me from the first. After that, during the whole of my married life, I took Cardui when I needed it. "About four years ago, change of life came on me. . . I grew weaker and weaker, and was confined to my bed, where I lay on my back for days. I was told that only a severe operation could do me any good, and this depressed me very much, for I dreaded such an ordeal. "I remembered how Cardui had helped me for female trouble in the past and I had read of how it had helped other women during change of life, so one night I told my husband to go to the drug store and get me a bottle. I began taking it at once. From the first dose I could feel myself getting stronger. . . I continued to take Cardui until I was entirely through this very trying period of a woman's life." COTTAGE PRAYER MEETING
A cottage prayer meeting was held at the home of Mr. and Mrs. E. L. Sargent on Strong Avenue Friday night with about thirty in attendance. The meeting was led by Mrs. French. The services were declared to be a success with good singing. The services will be held again at the same place next Friday night, and all who wish to attend will find a hearty welcome. Mrs. Sargent is not able to attend church, and it was for her benefit that the first prayer meeting was held at her home, and those responsible for it

accepted an invitation to come back.
Diaz Wood, who had been here visiting relatives for a day or two, returned to his home at Granger Saturday afternoon. He had business at Brownwood, and while that near to his old home came on up to visit his sister, Mrs. W. A. Bridwell and Mrs. Porter Murray.

A. O. Bartlett has returned from a trip to Littlefield, where he went to look after some land he owns in that country. He says the plains country is on a boom, but is awfully close to the North Pole.

FAMOUS AUTHOR DIES IN FLORIDA
ST. PETERSBURG, Fla., Jan. 31.—George W. Cable, widely known Southern author and

man of letters, died here today at his winter home, where he had been ill for some time. Cable was quietly living with his bride of only one year. She was at his bedside when death came.

FLASHING LIGHTS ILLUMINE PATHWAY INTO FRANCE
LONDON, Jan. 31.—In readiness for the night service to Paris, planned by the Imperial Airways, 41 new flashing beacons have been installed between London and the South coast of England, to indicate the boundaries of the four airdromes and landing grounds on the route. Fed by acetylene gas stored in cylinders, the lights will operate for six months without attention.

New air expresses, each driven by a big engine in the nose of the machine and two smaller motors in the wings, to minimize the risk of forced landings, will be used in this service.
