## DRY LAW BOMBARDED; WINE-BEER IS DEMANDED

(By Associated Press)  
**NEW YORK, Feb. 22.**—New and concerted bombardment was directed at prohibition today and mingled with the fire was general criticism in demanding for a repeal or modification of the Eighteenth Amendment. The guns were trained from luncheon tables set by the Association Against the Prohibition Amendment. The conference contentions were that six years of prohibition under the Volstead Act had proven a failure and this was coupled with a demand that light wines and beer be legalized. Addresses by a number of persons prominent in and out of congress supplied ammunition for the onslaught on prohibition.

## BOY PLEADS NOT GUILTY TO KILLING

(By Associated Press)  
**WEWOKA, Okla., Feb. 22.**—Herman Higdon plead not guilty when arraigned today on a charge of murder growing out of the death on February 14th, May Gosa, his fiancée. The trial was set for March 10th.

## SEVERAL INJURED IN TRAIN WRECK

(By Associated Press)  
**LUBBOCK, Tex., Feb. 22.**—Several persons are reported to have been injured, some seriously, when a South bound Santa Fe passenger train went into the ditch twelve miles South of here today, according to a message received here at the railroad offices.

Fritz Kridel will leave March 1st for Kerrville to enter the American Legion hospital for treatment until June 15th. Mr. Kridel suffered shell shock during the World War and has been suffering for the past two years. His friends will hope that he secures permanent relief.

## YOUNG GIRL SHOTS MOTHER

(By Associated Press)  
**CLEVELAND, Ohio, Feb. 22.**—Hazel Cowles, age 31, shot and killed her mother, Nancy Cowles, age 50, in their home in Solon township today. She then turned the revolver upon herself and both died instantly. Miss Cowles had been under observation for mental trouble for the past six weeks, according to Constable Charles Hickox, of Solon.

## GUESTS TRAPPED IN HOTEL AFIRE

(By Associated Press)  
**MIDDLETOWN, N. Y., Feb. 22.**—Four persons are known to be dead, two are missing and twenty-six persons are in hospitals as the result of a fire which swept the Swindlers-Prairie House, at Hurleyville, 25 miles North of here today. Several of the injured are believed to be fatally hurt.

Property damage is estimated at \$150,000. The flames spread so rapidly through the three-story modern structure that many guests were trapped in their rooms before they could be awakened.

### Court Hearing Criminal Cases; One Plea Guilty

District court reconvened at 1:30 o'clock Monday afternoon, after a recess since last Friday. Good progress was made during the early afternoon in disposing of criminal cases.

V. B. Logsdon was arraigned for trial on a charge of driving an automobile while intoxicated. The defendant plead guilty and the district attorney recommended the minimum fine of \$50 and costs. The defendant made a talk to the jury, stating that it was his first offense, and promising to go straight if the jury would deal mercifully with him.

Griggs Holland, negro, charged with possessing liquor, received a clean bill of health, and was discharged on the same grounds that the Borders moonshining case was dismissed last Friday, the court holding that the search warrant law had not been complied with in searching the negro's premises and recovering the "evidence." The officers caught the negro with the liquor, and he made a written confession, also stating that he had been making sales.

"Discharge the defendant," said Judge Woodward when District Attorney Walter U. Early stated to the court that the same question of law was involved as defeated the state in the Borders

case. When the sheriff told the negro he could go he bowed to the court as he went out the door and said "thank you gentlemen." Judge Overshiner, of Abilene, was here to defend the negro.

Joe Castro, charged with stealing an automobile, was brought into court. His attorney stated that the defendant would plead guilty and a jury was selected to hear the case. After the district attorney had read the indictment to the jury, and turned to the Mexican and said "to which the defendant pleads guilty or not guilty?" and the defendant said "not guilty." The defendant's attorney stated that he understood that his client was going to plead guilty, but the Mexican persisted in saying "not guilty." The state said that it was relying on the written testimony of witnesses to support the guilty plea, and as the witnesses were not present the case was continued. "Take the defendant back to jail," said the court. The Mexican stated he had served a term in the penitentiary.

Dewey Branch, negro, charged with selling liquor, was brought from jail and placed on trial. He plead not guilty and the court went into the trial of the case.

(By Associated Press)  
**ELECTRA, Tex., Feb. 22.**—Jewelry, money and checks totalling \$12,000 were taken from the C. L. Still Jewelry Company here yesterday, it became known today when the burglary was discovered.

The safe was broken open after the burglars had gained entrance to the building through a broken skylight.

### STOCKHOLDERS COUNTRY CLUB TO MEET TONIGHT

Stockholders of the Ballinger Country Club have been notified to meet at the club house at 7:30 o'clock tonight. Business of importance will be placed before the club, and all members are urged to be present.

**FT. WORTH, Feb. 22.**—Three unmasked men held up and robbed four persons, two men and two women, last night, and binding them hand and foot left them in a deserted house North of town, the victims told the police here today.

Thornton and Brown Boggess, Mrs. William Huey and Miss Loanne Morrow were victims of the alleged robbery.

The victims told police they freed themselves soon after the departure of the robbers.

Arthur P. Duggan, West Texas  
capitalist, of Littlefield, is slated  
as the next president of the West  
Texas Chamber of Commerce.  
The convention will be held in  
Amarillo in June.

According to the Dallas News,  
Col. Morgan Jones, of Abilene,  
owner of the A. & S. Railroad, is  
the wealthiest man in Texas. In  
giving an account of the death of  
John Sealy, of Galveston, last  
week, the News stated that Mr.  
Sealy was the second wealthiest  
man in Texas, and placed Col.  
Jones at the head of the list. A  
recent merger of the Magnolia  
oil company with the Standard  
Oil Company gave Mr. Sealy  
\$30,000,000 stock in the Standard  
according to the News.

Figures quoted by County  
Agent Leuberg at the farm  
meeting Saturday certainly  
contained food for thought. It was  
shown that twenty-seven per cent  
of the farmers in Runnels county  
did not make any butter, and  
twenty-two per cent of the farm-  
ers were without poultry. We  
can hardly conceive how a fam-  
ily living in the country can get  
along without milk, butter and  
eggs, to say nothing of the oppor-  
tunity they have to make money  
in helping to supply the poor  
town folks who have to depend  
on the farms for what we eat. It  
is high time somebody was  
waking up.

Sheriff Earl McWilliams ex-  
pressed himself as being sorely  
disappointed when the defendant  
in the biggest liquor haul he had  
made since being elected sheriff,  
was permitted to go scot-free  
through a loop hole in our laws  
in district court here last week.  
The man was caught with the  
goods, admitted he was guilty  
and laughed in the face of the  
court, but was given a clean bill  
of health through the law gov-  
erning search warrants which  
seems to have been cleverly de-  
signed for the benefit of the boot-  
legger. Such things are calcu-  
lated to discourage our law en-  
forcing officials as well as the  
law abiding citizenship.

R. W. Earnshaw is among his  
friends on the streets again and  
is able to be back at his post of  
duty at Weeks drug store for a  
few hours daily, after spending  
sixteen days in the hospital. Mr.  
Earnshaw underwent an emer-  
gency operation for appendicitis,  
was quite ill for several days, but  
came out best, and his friends are  
glad to know that he is getting  
back to normal again.

(By Associated Press)  
WASHINGTON, Feb. 22.—  
The capital of the nation joined  
with the remainder of the coun-  
try today in paying honor to the  
memory of George Washington.  
A number of public ceremonies  
were arranged by patriotic or-  
ganizations, and the first pres-  
ident was honored without re-  
gard for the recent controversy  
over our personal habits, and the  
newer debate over how he would  
stand on the prohibition issue.  
In congress time was set aside  
from the regular work for read-  
ing in both the House and the  
Senate Washington's farewell ad-  
dress. Tonight President Coolidge  
will deliver an address before the  
National Educational Association.  
His speech will be heard through-  
out the nation over the radio.

rant, antiseptic healing cream in  
your nostrils. It penetrates thru  
every air passage of the head,  
softens the inflamed or swollen  
mucous membrane and relief  
comes instantly.  
It's just fine. Don't stay  
stuffed-up with a cold or nasty  
catarrh.

**MANY PAY TRIBUTE  
TO MRS. GOLDEN**

A funeral procession which ex-  
tended from the city to the gates  
of Evergreen Cemetery was  
formed at the Baptist Church and  
followed the remains of Mrs. M.  
C. Golden to their last resting  
place Sunday afternoon. The  
funeral services were held at the  
Baptist Church, Dr. Alvin Swin-  
nell conducting the services.  
The floral offering bespoke the  
high esteem in which Mrs. Golden  
was held, as well as the large  
concourse of sorrowing friends  
who gathered here was an evi-  
dence that a life well spent had  
taken its flight into that world  
beyond the grave. Many people  
were here from the outlying dis-  
tricts in the county where the  
deceased's husband had served  
as pastor.

Mrs. W. A. Taylor returned  
from Belton Saturday night  
where she was recently called to  
be with her son, Jones, who was  
burned in fire caused by a gaso-  
line explosion. Jones' burns are  
not as serious as at first reported.  
He suffered a blistered face and  
hands, however.

**Three Things to Be Sure of In  
Building a Home**

1. The Plan. Better safe than sorry. Be sure your  
plan is perfect in every detail before you build. Inconven-  
ient and unsatisfactory arrangements, too little closet space,  
too few built-ins, etc., can prove a constant source of regret.  
They can be remedied only at considerable expense. We  
may be able to help you in planning your home.
2. Materials. Trying to save on first cost by using cheap,  
inferior materials, always proves costly in the end. It is the  
most unwise of all courses to take. Buy materials that will  
last.
3. Construction. A good contractor and skilled work-  
men offer the best insurance against being a victim of "the  
high cost of cheap construction." Improper construction is  
apt to result in constant expense, worry and dissatisfaction.  
We can put you in touch with reliable workmen.

When you build, build to last. Be sure of these three  
things. Bring your building problems to us. Let us tell  
you about our roof that lasts for fifty years.

## Farmers Endorse Five Year Balance Program

Farmers signed a petition at the county-wide meeting held here Saturday and thereby endorsed the Five-Year Balanced Farm Program which is being brought about by the state A. & M. College county agents and organizations. During the world getting pay to put all our eggs in one basket. The majority of the farmers in this county are without a mortgage on their property. About 90 per cent of the farmers in this county have no mortgage on their property. About 90 per cent of the farmers in this county have no mortgage on their property.

"Twenty-seven per cent of the farms do not make any butter." "Fifteen per cent have no butter or milk." "And 87 per cent of the farms haven't a fruit tree on them." These are some of the facts brought out by C. W. Lehmburg, county agent, in presenting the five-year balanced farm program to the farmers assembled. Mr. Lehmburg furnished other statistics which he had compiled showing that Runnels county had about gone to seed on the one-crop idea, and all cotton. He told of the great amount of money being sent out of this county for feed and products which can be produced here.

present who kept books on their farming activities. Scott H. Mack was the second speaker on the program, speaking on the subject, "The Effect of the Balanced Farm Program on the Credit System." Mr. Mack heartily endorsed the program as outlined by the county agent. He stated that the one-crop farmer must depend on the credit system to get by, as he is often found without anything to sell. "Five cows and a cream separator will pay for a farm," said Mr. Mack, and he referred to instances in Runnels county where this statement had been verified. Mr. Mack endorsed diversified farming, more poultry, more hogs, and declared that it was a tragedy for the farmers of this county to be caught shipping in maize. The hardware man also stressed the importance of modern farm machinery, and modern methods of farming.

Mortgages are being filed at the rate of 360 per month, or twelve a day, and that in one of the best counties in Texas, and where diversified farming has been tested and proven and where such a program would eliminate the mortgage system. Mr. Walker endorsed the co-operative marketing system. F. L. Harper, and Lynn Stokes were the last speakers on the program. Mr. Harper spoke on "The Best Cultural Methods for Runnels County." He said that he plowed early and plowed deep, planted two rows and missed one, and he had been successful. He made an appeal for the co-operative marketing system. Mr. Stokes spoke on "The Effect of a Balanced Farm Program on the Marketing of Our Farm Products." Mr. Stokes stated that if the farmers would adopt the five-year program, and carry it out that the farmers who had cotton on hand now, or who had cotton stored with the Farm Bureau Cotton Association would realize a better price for it. He predicted that such a program would tell on the spring market.

Following a discussion of the various subjects brought before the large audience of farmers, a motion was carried that the chair appoint a nominating committee to nominate an advisory board, the duty of which would be to advise with the farm agent and assist in putting on the five-year balanced program. C. W. Lehmburg, L. M. Bales and J. W. Bigby constitute the committee appointed. The following resolution was adopted and unanimously signed by the farmers present: "Realizing the vital importance and the unlimited possibilities of the balanced farm program being carried out in Runnels county, and believing that a five-year balanced plan should be adopted for the best interests of all the producers of the county, we, the undersigned citizens, pledge our endorsement and unlimited support to the five-year balanced farming program as proposed by the A. & M. College of the State of Texas, and presented by our county agent, C. W. Lehmburg."

community in the county was well represented. Notwithstanding that the program was a lengthy one, the farmers listened with intense interest through the two hours and a half, and no doubt much good will result from the movement which the farm leaders are trying to inaugurate. Mr. Lehmburg stated that there were about 2500 farms in Runnels county with an average acreage of 120 acres. Of this acreage 85 per cent has been planted in cotton every year for the last five years, and as far back as Mr. Lehmburg's survey was made in compiling the data. In urging the farmers to diversify, Mr. Lehmburg stated that if every farmer would raise two tons of maize for sale it would increase the revenue \$100,000. He said that 100 hens to the farm would increase the revenue \$600,000 per year, and he stated that these estimates were taking the lowest figures. One sow to the farm, and counting only six pigs to the sow would increase our money crop \$400,000 per year, declared the county agent. Two cows to the farm, allowing three gallons of milk per day to the cow would increase our revenue \$150,000.

Miss Eula Key, home demonstration agent, spoke on "Living at Home." Her appeal was for better living conditions for the women of the farm, and she declared that the reason so many people were leaving the farm was account of the living conditions in rural life. Miss Key urged the people to conserve what they raised. "There is no use to produce if you don't conserve," said Miss Key, and she urged the canning of the surplus fruits, vegetables, meats, etc. J. D. Motley held the audience spellbound while he told of instances of where the young folks had left the farm because they were deprived of the things which go to make the home attractive and a place in which to live. He spoke on "How Can We Keep Our Young Folks on the Farm."

E. D. Walker, in a brief talk, told the farmers that the bankers of Runnels county had organized to help put over the "five-year balanced farm plan," and he gave the farmers something to think about when he quoted a few mortgage record figures. Mr. Walker stated that more than 2,000 chattel mortgages, amounting to \$812,000, had been filed for record since the last mortgage season, and we still have six months mortgage season to go on.

HOME OFFICE  
320-21-22-23 Slaughter Building  
DALLAS, TEXAS  
February, 9th, 1926.  
Mr. W. A. Eggemeier,  
Rowena, Texas  
Dear Sir:  
The Buffalo State Mutual Fire Insurance Company of Texas was placed in the hands of a receiver on the 8th day of January, 1926.  
The records show that you were issued policy No. 560 and 561 in this Company, covering insurance to the amount of \$5,000 each and under the terms of your policy, the Directors of the Company may levy assessments on all policy holders when the amount of money on hand is not sufficient to pay the losses.  
Under the law the Receiver has the power, and he has been directed by the Court, to levy these assessments to cover all losses and you may consider this letter as notice that assessments Nos. 1, 2, and 3 have been levied on your policy, according to the terms thereof and that the amount now due from you is \$150.00.  
Unless this amount is paid within twenty days from date, the Receiver has been instructed to institute suit in Dallas County, and in this connection, your attention is called to the fact that under the terms of your policy you waived any right to be sued in the county of your residence.  
Thanking you for a prompt remittance, I am,  
Very truly yours,  
R. A. BRADFORD, Receiver.  
Buffalo State Mutual Fire Insurance Company of Texas  
NOTE—\$200.00 Has Already Been Paid for Premium on this Policy.

SOME THINGS THAT MUTUAL INSURANCE COMPANY SOLICITORS DO NOT EXPLAIN—  
1. Where their policies are payable.  
2. The amount reserved to pay losses.  
3. How much is your liability from assessment.  
4. Should you have a loss and the company refuses settlement, could you file a suit in the county of your residence.  
5. Do the mutuals buy your produce, your merchandise or help pay your taxes.  
6. Many times mutual policies cover property that has not existed for years. How can they tell from some city office.  
**Insurance carried with Mutuals, Reciprocal or Lloyds are not counted in a city's good fire record credit.**  
**That's partly our trouble in Ballinger NOW!**

**THE MORAL IS—Buy your insurance from agents that you know and deal with every day in the year, from the one that buys your merchandise or produce, from the agent that you know that you can get an adjustment if a loss should occur, from the agent that makes a study of your needs and knows how to apply them.**

ESTHER RALSTON  
IN THE PARAMOUNT PICTURE  
"THE BEST PEOPLE"

### Beauty Contest Winners in "The Best People," at Queen

Included among the crowd of players participating in the tea-dansant scene in "The Best People," Sidney Oleott's latest production for Paramount, are more than a dozen girls who have won honors in beauty contests in various parts of the United States.

Among them are Evelyn Atkinson, who was "Miss Seattle" in two Atlantic City pageants; Barbara Cloutman, just been acclaimed "Miss Hollywood"; June de Vaney, famous artist model and beauty contest winner a dozen times; and Rozaline Borland, acclaimed the prettiest girl in Evansville, Indiana.

Incidentally the leading players of "The Best People" include three famous beauties of the screen, Esther Ralston, Margaret Morris and Margaret Livingston. Others in the cast are Kathryn Williams, Warner Baxter, Joseph Striker and Edwards Davis.

The picture, showing today and Tuesday at the Queen Theatre, is a screen version of the stage play by the same name by David Grey and Avery Hopwood. The story is a modern comedy teeming with youth, color, speed, pretty girls and gorgeous gowns.

### "SEA HAWK" HAILED AS A BIG DRAMA OF SEA

Heralded as the greatest sea drama ever filmed, Frank Lloyd's production of "The Sea Hawk," a First National picture version of the popular novel by Rafael Sabatini, is scheduled to begin its showing at the Queen Theatre on Wednesday and Thursday of this week.

Filed for the most part on the sea on four ships of sixteenth century design, rowed by hundreds of galley slaves, and re-

plete with stirring action and sacrifice and romance, "The Sea Hawk," like Mr. Lloyd's first independent production, "Black Oxen," is said to be a decided innovation in photoplays.

Milton Sills is seen as Sir Oliver Tressilian, later Sak-el-Bahr, commander of Algerian pirates and called "the hawk of the sea." Enid Bennett, who will long be remembered for her dainty Maid Marian in "Robin Hood," essays the part of Rosamund Godolphin, Sir Oliver's fiancée. Lloyd Hughes, playing his first character role, assumes the character of Lionel, Sir Oliver's brother, and Wallace MacDonald plays Master Peter, Rosamund's brother.

Mare MacDermott, recently seen in "Dorothy Vernon of Haddon Hall," plays Sir John Killigrew, guardian to Rosamund and Peter, and Wallace Beery is said to give a decided touch of realism to the pirate Jasper Leigh. Others in the large cast include: Frank Currier, Kathleen Key, Mme. Medea Radzina, late of the Moscow Art Theatre; Christine Montt, daughter of the Chilean president; Fred de Silva, Hector V. Sarno, Albert Priceo, Claire

Wallace Beery in "The Sea Hawk"

du Brey, Lionel Belmore, Henry Burrows, Kate Price and Louis Morrison.

Four ancient ships of gigantic dimensions, requiring from 100 to 150 men to sail them, and costing over \$275,000, an entire Algerian city with its slave markets, quaint streets and elaborately draped courts, English castles and massive old English interior sets were built that "The Sea Hawk" might have a proper background.

More than \$80,000 worth of costumes were necessary for the many members of the cast, but its producers say that even these extraordinary sets and gorgeous clothes are but incidentals in the true brilliance of the photoplay.

### PROFESSIONAL COURSES MORE POPULAR AT T. C. U.

(By Associated Press)  
FT. WORTH, Feb. 22.—Popularity and increasing favor of the general professional courses are shown in the large increase in enrollment in the department of business education at Texas Christian University here for the spring semester. Against 57 enrolled two years ago and 264 enrolled last year for the fall term, 327 lined up in this department this month.

Approximately half of the students enrolled in the department are majoring in business administration. There are 11 candidates for the bachelor of business administration degree in June, as compared with six last year and one the preceding year. There are now 30 candidates for the professional degree in 1927.

The department now offers 22 courses, four more than last year, and will increase this number to 27 next year. Professor J. W. Ballard, department head, said:

Classes showing the largest increase include, elementary accounting, 167; industrial management, 39; advertising, 27; trust problems and banking, 20; and advanced accounting, 14.

### Court Grants Admiral Togo Permission to Carry Cane

(By Associated Press)  
TOKYO, Feb. 22.—Admiral Count Togo, commander of the Japanese fleet which destroyed the Russian squadrons in the Battle of the Sea of Japan, in May, 1905, now enfeebled by his 80 years, has been granted special permission to carry a cane when visiting the imperial court.

The carrying of sticks of any sort in the presence of the

nation's rulers is forbidden by court etiquette, but exception in the case of the aged sea hero was made by formal ruling of the minister of the imperial household.

# PREMIER Duplex ELECTRIC VACUUM CLEANER

Hundreds of women have useless, outdated, even antiquated vacuum cleaners. Some of these "cleaners" are too old to be of real use. Most refuse to pick up threads and lint. Some never were of much value. But they're there—and make you think twice about investing in a new cleaner that will really do your work, and do it thoroughly. \$12.50 for that old cleaner—deducted right from the regular standard price of the new. And if you wish, terms of payment that make it as easy to buy as a cleaner that's half the price and a quarter the worth.

You need nothing your old cleaner with you—just its name and type and serial number. When the new cleaner is delivered we will collect the old one.

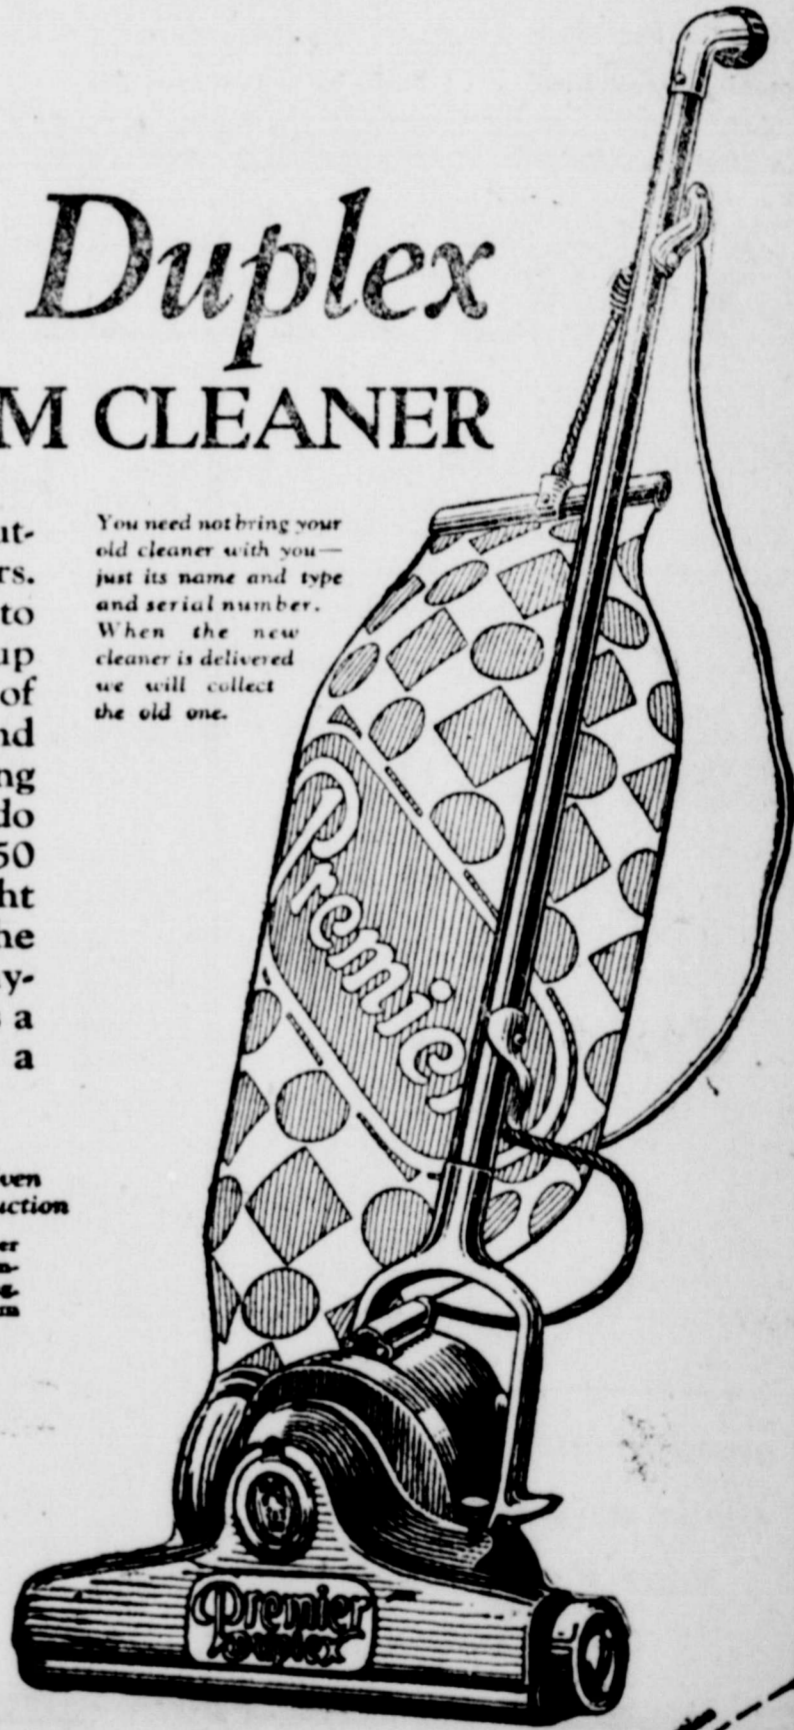

### 2 CLEANERS IN ONE—Motor-Driven Brush and Suction

A powerful suction that gets all the embedded dirt. A motor-driven brush that picks up lint, thread and hairs that cling to the carpet.

**DATE SET FOR DEMOLAY PLAY**

Friday evening, March 19th, has been definitely decided upon as the date for presenting the Demolay show to the public in Ballinger. Arrangements have been made for the high school auditorium, which has a good stage and all necessary adjuncts for the presentation of the offering. The cast taking part in the performance is now busy going through rehearsals and getting the play in perfect shape for one of the best evening's entertainments ever offered to the people of Ballinger.

Drury Hathaway, manager of the Demolay show, stated that seats would be placed on sale about March 1st, and that the public would do well to make reservations early as only one performance would be given and the boys expect to seat the big auditorium to its capacity.

The play, "Love a la Carte," is one of the funniest comedy productions ever shown here, and an excellent cast of five girls and four boys has been selected to present the show. Two big musical specialties between the acts and an excellent ten-piece orchestra will help to make the play the biggest success ever presented here.

An extensive advertising campaign will be carried on from March 1st until the date of the show, as well as an advance ticket sale, and the boys expect to be greeted by a full house when the curtain opens.

**RACE BETWEEN EGYPTIAN AND TEXAS ONIONS**

(By Associated Press)

SAN ANTONIO, Feb. 22.—The annual race to the New York market, between Texas onions and Egyptian onions, is likely to take place again this year, and be as close a competition as any of past seasons.

Shipments from Egypt will be two weeks late, the first arriving in New York probably early in April, the Bureau of Agricultural Economics of the Department of Agriculture has advised J. Austen Hunter, of the Texas Market News Service. But with the Texas crop also late, possibly by as much as two weeks, this factor will not be as important as under normal conditions, the bureau said.

"Texas growers, it appears, will not be able to profit much from the expected delay in arrivals from Egypt."

Every year, Laredo tries to beat Alexandria to the big onion market and get the cream of the profits. If a car or two reaches New York ahead of the Egyptian crop, the Texas Bermudas bring high prices and do not affect the market appreciably, but on the other hand, if Egypt wins the race with a shipload of the aromatic vegetables, prices have slumped considerably by the time the Laredo shipments arrive.

The Bureau of Agricultural Economics plans to establish a service to cover the Egyptian shipments this year. Beginning as soon as the Egyptian exports become important, it will receive from the American consul at Alexandria bi-weekly cables on the onion movements to the American markets. These cables will be relayed in condensed form over the agricultural department's leased wires to points where they will be of interest.

With a larger early American crop in prospect, it is possible that early shipments from Egypt will be materially smaller than last year, the bureau notified Mr. Hunter, with the bulk of the arrivals coming in after the peak of the early crop movement from Texas and California.

Although Egypt has exported onions for many years, the magnitude of the present trade is

only of recent development, being the result largely of wider distribution following establishment of a number of new steamship connections between Egypt and foreign ports. In former years Egyptian onions were shipped largely to the United Kingdom and some other European markets, especially Austria. The United States in pre-war years took no Egyptian onions direct, but in recent years has been one of Egypt's most important customers.

Egyptian onions, it is said, can not compete with Americans on favorable terms once the movement of the Texas crop is under way.

**Indianapolis Banks Shut Doors on Saturday Night**

(By Associated Press) INDIANAPOLIS, Feb. 22.—The policy of remaining open on Saturday night has been virtually abandoned by Indianapolis banks and trust companies.

Decreased night patronage was assigned as one reason. Fear of bandits was a secondary motive.

During 1925 there were more financial houses open in Indianapolis Saturday evenings than in any other year, many older banks being forced to try the plan by new competitors. A year's trial, however, convinced most bankers that the plan derived benefits for neither the patron nor the bank.

**Philippines May Become Center of Pearl Fishing**

(By Associated Press) MANILA, P. I., Feb. 22.—Restrictions imposed on the pearl fishing industry in Australia have caused owners of fleets to turn to the Philippines as their possible future fishing grounds.

The Bureau of Commerce and Industry here has been advised by H. S. Cross, head of a pearl fishing company at Broome, that because of heavy burdens existing in the Australian zones shell-fishing has become unattractive, "despite the lure of the big pearl which, like other gambling industries, keeps those engaged in it always living in a hope which rarely materializes."

He declared there is little inducement to "produce a commodity which costs practically as much as its market price in New York." If conditions are favorable he said he is prepared to transfer his fleet to the Sulu Sea. Twenty-one pearling vessels operated in the Sulu Sea last year.

## PAINTING HERE ON EXHIBITION

P. Fontaine, owner of Rosa Bonheur's famous \$65,000 painting, "Old Darby," arrived Monday, and has on exhibition the famous painting in the King-Holt furniture store. The picture will be here for an indefinite time and is being shown at the small admission price of ten cents for adults and five cents for children under twelve years of age. The proceeds will go to the kindergarten.

The Kindergarten Association is offering two cash prizes, one \$1.50, and the other \$1, for the best account of the picture written by high school and grammar school pupils. First prize goes to the high school pupil and the second to the grammar school pupil writing the best paper on the picture. The picture was put on exhibition Monday afternoon, and the public now has an opportunity to see the most wonderful painting ever shown in Ballinger, and one on which the owner carries \$48,000 insurance. A description of the picture was carried by this paper last week, but to appreciate the picture one must see it. M. Fontaine stated that the Denton schools realized \$400 from the picture at ten cents per admission.

### SCHOOL PROGRAM NETS GOOD MONEY

The elementary school program which was presented at the high school auditorium last Friday night was a success in several ways. The crowd filled the big house to its seating capacity and the children presented a program that was pleasing to everyone present. A small admission, 25 cents for adults and 15 cents for children was charged, and when the money was counted up the receipts showed \$115.58. The program was staged with only \$11.90 expenses, leaving a total of \$103.68 net to the school. This money will be used in equipping the library in the elementary school.

### VALLEY POTATOES WILL BE SHIPPED UNDER OWN NAME

(By Associated Press)  
BROWNSVILLE, Feb. 22.—Potatoes grown in the Lower Rio Grande will be shipped under their own trade name as the result of a prize contest just ended. All potatoes shipped from this section will be branded "Pride of the Valley," that phrase having been selected from 50 submitted to the potato growers association. W. S. Evans, of Villanueva, originated the idea.

Cameron county led the counties in Texas in the production of potatoes in 1925, according to the Texas department of agriculture. More than 1,000 car loads will be shipped this year, present crop conditions indicate.
