\$10,000 IN JEWELRY IS STOLEN

(By Associated Press)
DALLAS, May 20.—Theft of \$10,000 worth of diamonds from the home of Mrs. J. R. Doroty, of Dallas, on May 4, was revealed here today.
A nation-wide search is being made for a woman suspected of having taken the jewels from a locked box while Mrs. Doroty was absent from her room.
A reward of several thousand dollars has been posted for the suspected woman-thief's arrest.

METHODISTS SCORE PICTURE INDUSTRY

(By Associated Press)
MEMPHIS, May 20.—The General Conference of the Methodist Episcopal Church, South, today scored the moving picture industry and called upon congress to pass the federal censorship bill now pending.

SHIPS 1,250 SHEEP TO FORT WORTH MARKET

H. Giesecke, local ranchman and capitalist, Wednesday morning shipped another bunch of sheep to the Fort Worth market. Mrs. Giesecke shipped 1,250 head to the markets this week.
Last week he shipped 750 head of sheep to Fort Worth.
The 1,800 sheep were brought to Ballinger from the old Russell Ranch, East of Ballinger, where they were wintered.

Mr. and Mrs. C. B. Roberts, of Bunker Hill, Ill., are here visiting Mrs. Roberts' aunt, Mrs. J. Y. Pearce. Mr. and Mrs. Roberts are very well pleased with Texas and especially this part of the state. This is their first visit to the Southwest.

G. W. Dunlap, who underwent a major operation in San Angelo Tuesday morning, is reported to be resting very well. Mr. Dunlap has been ill for some time. Mrs. Dunlap is in San Angelo with Mr. Dunlap.

Be careful with your wishing. You very often get just what you wish for others.

FISHER LEADING GOVERNOR RACE

(By Associated Press)
PHILADELPHIA, May 20.—John Fisher increased his lead over Edward Biedleman, supported by Congressman Vare for the Republican gubernatorial nomination as additional returns tabulated today with 204 districts missing.
Fisher's plurality was 7,800.
Vare, wet candidate, however, maintained a large lead over Senator Pepper and Governor Pinchot for the United States senatorial nomination.

PERSONALS WANTED
Personals make good local news and Ballinger people want to see who is coming and going and all that concerns local citizens.
It is a hard matter, a proposition to gather personals and city briefs, but the subscribers of this paper could assist in keeping the sheet full of local, personal mention and city briefs if they would call the office and report same.
All calls will be given prompt and courteous attention.
Use your telephone—call No. 27.

SIMS TO HARVEST 5,000 ACRE CROP

Over in Concho county next week, there is a big grain field that will closely resemble the grain fields of Northwest Texas and Kansas, when the binders start making the rounds in reaping the crop.
Orland Sims, one of the county's most prosperous ranchmen and farmers, and one of the leaders of that county in other lines, will start to cutting a 5,000-acre-crop of grain, both wheat and oats.
Mr. Sims has one field of 2,500 acres of wheat and oats which will be ready to cut within the next few days.
During the past week or ten days, Mr. Sims has been very busy lining up eight binders and four tractors which will be used to harvest the grain. He has purchased binder twine in Ballinger, parts for his tractors and binders in Brownwood, Ballinger, Paint Rock and San Angelo, and within the next few days, the weather permitting, Mr. Sims will be cutting the largest single grain crop ever raised in this section of the country.
"The oats will be about ready next week," Mr. Sims said Wednesday afternoon in Paint Rock as he was getting more parts for his binders. "They are made but it will take another good rain to make us a good wheat crop."
Last fall Mr. Sims sowed 5,000 acres in wheat and oats in Concho county and he expects to run the binders over every field where the drills went last fall in sowing the grain.
The arrangement Mr. Sims will make in binding the crop is on a big scale. He will have two binders attached onto each tractor and will work them all in the same field at the same time. It will take a large number of farm hands to gather this crop. The grain will be shocked as it is cut.
This field will look as though this is a regular grain raising country when Mr. Sims starts his binders to work gathering this bumper crop.
In some communities of Concho, Runtels and other counties of this section, several oat fields have been harvested and the grain shocked preparatory to the starting of the threshers.

WILL SING OVER RADIO TUESDAY

Mr. and Mrs. Ira Sims will leave Sunday for Ft. Worth, where Mrs. Sims goes to broadcast a program of songs from the Ft. Worth Star-Telegram's station, WBAP, Tuesday evening beginning at 9:30. Mrs. Sims was recently selected from a large class by Theophilus Fitz, who tested the voices on a record-making machine.
Many Ballinger friends will no doubt want to listen in Tuesday evening when Mrs. Sims will be heard in a group of songs.

VETS WILL ELECT OFFICERS TODAY

(By Associated Press)
BIRMINGHAM, May 20.—As business of the second day of the thirty-sixth annual convention of the United Confederate Veterans got under way here today, the principal topic was the election of a commander-in-chief to succeed General W. B. Freeman, who is resigning.
The election will be held late today.
The names of three men loom as possible successors to General Freeman, who has declined to make the race for re-election on account of ill health. They are: J. C. Foster, commander of the Texas Division; General M. D. Vance, commander of the Arkansas division of the Trans-Mississippi department; and R. A. Sneed, of Oklahoma City, commander of the Oklahoma division of the Trans-Mississippi department.

GERMANY HAS DISARM PLANS

(By Associated Press)
GENEVA, May 20.—Concrete proposals to forbid the use of airplanes, poison gas warfare, and to suppress the use of heavy artillery and tanks were put forward by Germany today at a session of the preparatory disarmament commission.
The proposals were presented by Count Von Bernstorff, former ambassador to the United States.

OIL MERGER IS O. K.

(By Associated Press)
WASHINGTON, May 20.—The merger of the Standard Oil Company of New York and the General Petroleum Corporation has been found, by the Department of Justice, to involve no apparent violation of the Sherman anti-trust law.

SAYS NIGHT CLUB BLOCKING TRACTS TASTES FICKLE IN CONCHO CO.

(By Associated Press)
NEW YORK, May 20.—The tastes of people who make the night life of New York change like fashions, and if those who provide the entertainment would survive through the years they must make humanity a subject of constant study.
This is a conclusion Sophie Tucker, internationally known night club artist, reached long ago. She believes its observance was never more necessary than at present.
"When I came back from Paris and London last winter, after seven years absence from night life here, I found conditions entirely changed from what they used to be," she said.
"Would you think ballads would take with those who now frequent the clubs? Oh, no. They don't want any 'Little Gray Homes in the West' songs."
"Hot songs are what they demand and you've got to sing them if you want attention. I use a ballad now and then and whenever I do I always feel the attention of my listeners dropping away."
"I make a close study of the people in my place every night and before I begin singing try to meet as many as possible. I want to know them and I want them to know me. Then I know what to give them in the way of songs and other entertainment."
Miss Tucker is disappointed in New York's present night life. The fellowship and desire for real entertainment, which she said existed in the days of the old Reisenweber Club, now are missing.
"There's too much drinking now," she explained. "In fact, the chief thing appears to be the bottle and no one wants to quit until the bottle has been emptied."
"The night life of Paris and London is on a higher basis from every point of view."

ROYAL NEIGHBORS

Regular meeting Royal Neighbors, Harmony Camp, Friday night, May 21, at hall Mrs. Annie Stubblefield, District Deputy, will be present. Important business to come before meeting. Mrs. Mattie Middleton, Oracle Mrs. Abby Pogue, Recorder.

PRESIDENT SIGNS NEW LABOR ACT

(By Associated Press)
WASHINGTON, May 20.—The Watson-Parker railway labor act, abolishing the United States Railroad Labor Board and substituting a new system of handling railway disputes, was signed today by President Coolidge.

\$1,500,000 LOSS IN PLANT FIRE

(By Associated Press)
BALTIMORE, May 20.—Fire wrecked two fertilizer plants and damaged other property in Canton, a suburb of this city, today, causing losses which may reach \$1,500,000.
The plants destroyed were the Griffith & Boyd Company, and the Summers Fertilizer Company.

MUSIC RECITAL

Miss Louise Doss, instructor of music in the Senior high school, will present her piano pupils in a recital at the auditorium of the high school Friday evening at 8:00 o'clock.
Miss Doss has been conducting music classes at the high school for the past year and only recently was elected music instructor of the high school for the 1926-27 term.

DAUGHERTY ANSWERS NOT GUILTY IN COURT

(By Associated Press)
NEW YORK, May 20.—Harry Daugherty, former United States attorney general, indicted for alleged conspiracy to defraud the government in the American Metals Company, case, which involved irregular return of \$7,000,000 worth of property, appeared in the federal court today and pleaded not guilty.
He was released under \$5,000 bond.
Thomas Miller, former alien property custodian, jointly indicted with Mr. Daugherty, did not appear. His attorney said he was ill in Wilmington, Delaware.

MELLON EXPLAINS FRENCH DEBT

(By Associated Press)
WASHINGTON, May 20.—The French debt settlement was described today by Secretary of the Treasury Mellon to the House ways and means committee, as fair both to the American taxpayer and to the French people.
"It represents France's capacity to pay," Mellon said.
He predicted that when France has concluded her debt settlements with England as well as with this country that she will be able to stabilize her currency, which has declined considerably in recent weeks.

BALLINGER MEN WIN PRIZES

Sam Behringer, manager of the Piggly Wiggly here, received a check for \$10 from the Kellogg's Sales Company, branch office at Dallas, for the fourth best trimmed window in this, the West Texas district, composed of several counties.
Mr. Behringer trimmed the window advertising Kellogg's products and then sent a picture to the Dallas branch office. He was awarded fourth prize of \$10.
John M. Hampton, 115 Sixth Street, won another prize during the recent \$25,000 "presidents' game," conducted by the Liberty magazine.
Hampton was one of the \$10 winners in this contest. He has won several prizes through contests conducted by magazines, newspapers and patent medicine houses.
According to information received in Ballinger, all awards have not yet been announced in the Liberty weekly contest.

COLEMAN COUNTY GETS THREE NEW PRODUCERS

COLEMAN, May 20.—Independent Oil and Gas Company's No. 2 Maples & Gardner, Dibrell pool, came in Sunday night making thirty-five barrels an hour and is estimated by field men at 600 to 900 barrels a day.
Gwinnap's No. 4, Dibrell pool, was shot Sunday, resulting in an increase of gas and oil, which tore the top off the derrick when the tools went out. The well later bridged, but production will be doubled at least by the shot.
Kirby No. 1, an extension 1,300 feet due West of the pool, is flowing 200 barrels a day after being shot Saturday afternoon. Several other wells are expected in on the Dibrell Ranch this week.

Collect Shells for Study

(By Associated Press)
HONOLULU, May 20.—More than 25,000 shells have been collected in Samoa by a special expedition of the Bishop Polynesian Museum, for study here. The expedition also brought back Samoan relics of early life on that island, including an ancient grave stone made from hard blue rock and weighing 650 pounds.

The writer recently observed a
sign printed on the back of a
flivver which read, "If I should
stop—could you?" If anybody
is driving close enough to read
that sign he could not stop but
the sign is a good one, neverthe-
less, and will possibly make the
driver who reads it slow down a
little or go on around.

Simmons University favors the
abolishment of baseball among
colleges and universities. This
decision was reached by the fac-
ulty and athletic directors be-
cause the game costs so much and
receipts are so little from it. They
favor track being given more con-
sideration and less attention per-
mitted baseball.

A few weeks more and binders
will begin to harvest one of the
best grain crops ever made in
West Texas. Some farmers will
start runs next week and there
will be a big demand for labor in
the fields until the grain crop is
safely harvested. Hail storms

nearby have damaged good crops
and local farmers are anxious to
put their grain up before some
calamity strikes here.

The American Legion will start
this week or the first of next on
their campaign to sell 300 build-
ing bonds to equip the auditorium
of the Carnegie Library. This is
a work that every citizen in Bal-
linger should have a part in, and
everyone will be given a chance.
Make up your mind now how
many you will buy so that the
boys can finish the work in as
short a time as possible. The
auditorium will be for everybody
to use, serving the city as a mun-
icipal auditorium, and will fill a
long felt need.

It is easy to see where some-
thing is needed in a town the
size of Ballinger. One thing that
citizens all want to see done and
an improvement that is badly
needed is a paved street from the
business section to the fair park.
Each year during the fair that
street has been muddy and it was
impossible for parades to go
farther than the pavement to-
wards the grounds. If the re-
maining two blocks could be
paved or some hard surface put
on this section of Eighth Street
it would do away with a regular
mud hole in case of rain during
the fall expositions.

**Get Wise to Food Values, Girls;
It's a Certain Road to Matrimony**

CHICAGO—Before you pop the
question find out if she knows what
calories are. Determine whether
she's wise to the elements of a
balanced diet and never mind her
prowess as a chef.

The old fashioned theory that a
good cook makes a model wife is
hoaxum. In a thorough knowledge
of food values lies the secret of
matrimonial happiness.

"Good nutrition," said Miss
Meta Given, food expert doing re-
search work at the University of
Chicago, in an address here, "is a
larger factor in health, happiness
and efficiency than has been heretofore
realized. It doesn't mean
anything to be able to mix a
tempting dish unless it has the
proper nutritive value. Women
who know foods are the best wives.

"A few questions before the
minister asks 'Do you take this
woman' would save a thousand
recriminations later. It is as im-
portant for the man to find out
whether the girl he marries knows
her business as it is for the girl to
know whether the man is finan-
cially able to support her. A few
questions and the matter would be
definitely settled. What kind of
foods contain proteins, carbohy-
drates, fats? Why is evaporated
milk twice as rich as ordinary
cow's milk and why do the 'a. glo-
bules in evaporated milk remain in
homogenous suspension? Are
holy menus advisable? Are eggs
and nuts good substitutes for
meat?"

"Hear her answer a few ques-
tions like these before you ask for
a life term."

**CAN'T BEAT "TIZ"
WHEN FEET HURT**

Just take your shoes off and then
put those weary, shoe-crinkled, ach-
ing, burning, corn-pestered, bunion-
tormented feet of yours in a "Tiz"
bath. Your toes will wriggle with
joy; they'll look up at you and al-
most talk and then they'll take an-
other dive in that "Tiz" bath.

When your feet feel like lumps of
lead—all tired out—just try "Tiz."
It's grand—it's glorious. Your feet
will dance with joy; also you will
find all pain gone from corns, cal-
louses and bunions.

There's nothing like "Tiz." It's
the only remedy that draws out all
the poisonous exudations which puff
up your feet and cause foot torture.
A few cents buy a box of "Tiz" at
any drug or department store—don't
wait. Ah! how glad your feet get;
how comfortable your shoes feel.

A citizen takes out his "papers"

FIRST, he buys a tidy red tin or a toppy
red bag of Prince Albert. Then he takes
out his makin's papers and rolls the finest
little cigarette he ever did roll! And
then he lights up and gets the biggest
thrill a roll-your-owner ever had.

A cigarette made with P. A. rolls
easier. Because, P. A. is crimp-cut and
stays put. Doesn't butterfly all over the
place if you happen to breathe on it. It
burns better for the same reason. And
—how cool it smokes! Cool and sweet
and fragrant!

Yes, Sir! Here's a home-rolled ciga-
rette you can brag about. One right after
the other . . . that's the way you'll roll
'em. This friendly tobacco can't bite
the tongue or parch the throat. The
Prince Albert process fixed that for all
time. Try this better cigarette tobacco.

If you have never been able to smoke
a pipe successfully, try it again . . . with
P. A. You'll stick this time! Pull that
cool, fragrant smoke up the pipe-stem
and see what a beautiful world it is after
all. Try Prince Albert—today!

P. A. is sold everywhere in tidy red
tins and toppy red bags. And always
with every bit of bite and parch re-
moved by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

HOW I IMPROVED MY HEALTH

and It in Less Than One Month

Mrs. Weaver herself says, "I was very strong." This is a mild statement describing her condition, for, according to her letters, she was subjected to no small amount of ill health. Fortunately, her sister with Lydia E. Pinkham's Vegetable Compound and begged Mrs. Weaver to try it. "After three or four boxes," writes Mrs. Weaver, "I felt a difference in myself. I would go to bed and sleep sound, and although I did not do very much work, I seemed younger. I kept on taking it and now I am well and strong, do my work and care of three children. I sure do my friends about your wonderful medicine, and I will answer any letters to women asking about the Vegetable Compound."—Mrs. LAWRENCE AVERY, East Smithfield St., Mt. Pleasant, Pa.

If you know that thousands of men suffering from troubles similar to those you are enduring had improved in health by taking Lydia E. Pinkham's Vegetable Compound, wouldn't you think it was worth a trial? In some families, the fourth generation is learning the merit of Lydia E. Pinkham's Vegetable Compound.

TARLETON ENDS YEAR MAY 25

Special to The Ledger: STEPHENVILLE, May 19.—Tuesday, May 25, John Tarleton Agricultural College will be one of the most successful in its history. From the standpoint of enrollment and of many, athletic, and musical accomplishments, the college may justly be proud of all that has been done.

Even states besides Texas are represented in the student body. Total enrollment is 850, the largest in the history of the school. Of these 850 students, approximately ninety-five will graduate. John Tarleton has won honors in other lines of endeavor. The stock judging team, under the supervision of H. N. Smith, won first place in the stock judging contest held at the Fort Worth Stock Show. In oratory, Ward, representing Tarleton, won first place in the third district of the Texas Junior College Historical Association. He will represent Tarleton in the state contest. The military band, under the direction of D. G. Hunewell, won state honors in the band contest held in Fort Worth during National Boys' Week.

Fastening bumpers submitted for test to a standard motor car frame, they let the ram crash into the bumpers at various speeds and for a specified number of times. A calibrated device records the ability of the bumper to withstand the collision. Hoarding Money

Individual safety and community growth depend upon the banking of money.

In the case of the individual, hoarding money about the person or premises endangers every waking and sleeping hour through fear of loss by fire or burglary.

To the community, hoarding money and keeping it from circulation in the banks, retards the growth of the community, and thereby lessens the usefulness of the bank in its service to depositors.

Your own personal safety and your duty to your community demands that you put your money on deposit in the bank. We solicit your account here.

PHONE COMPANY ANNOUNCE PLANS IMPROVES LINES SENIOR SERMON

The West Texas Telephone Company is making considerable improvements in this part of its territory, it was announced this morning by M. C. Atkins, manager of the Ballinger office of the company.

Construction was started Tuesday morning on a building in Paint Rock that will be leased by the telephone company for an office and residence.

This will be a frame building with the telephone office on the ground floor and the manager's home on the second floor. The building is the property of W. M. Houston.

At Talpa a concrete building is under construction for the telephone exchange at that place. S. P. Hale, of Talpa, is constructing this building for the telephone company who will take a lease on it from Mr. Hale. It will also be used as the Talpa telephone office and the home of the manager at that place.

Work also has been commenced on the construction of a second copper circuit between Ballinger and Winters, which will give two circuits, all copper to Abilene and other points North. At present there is one copper and two iron circuits between Ballinger and Winters, and this addition will give four circuits to Winters. Mr. Atkins stated that in time the two iron circuits would be replaced by copper.

The copper circuit to Coleman was completed some two months ago by this company and with its completion, it gave Ballinger much better service through to the Northern and Eastern part of the state.

Sunday night, May 23rd, at 8:00 o'clock, forty-six members of the Senior class of the Ballinger Senior high school, will hear Rev. E. W. McLaurin, pastor of the First Presbyterian Church, deliver the baccalaureate sermon for the closing of the 1925-26 term of the Ballinger schools.

Rev. McLaurin was selected some time ago by members of the graduation class to preach this sermon, and the program for the evening's worship was announced Wednesday morning by those designated to arrange an appropriate program for the closing of the schools.

Rev. McLaurin has announced as his subject for this service, "Filling the Gaps."

The sermon will be heard in the auditorium of the First Baptist Church on Eighth Street.

There will be no evening services at the other churches over the city as a majority of the pastors will take part in the services at the Baptist church.

COMMENCEMENT FRIDAY, MAY 28

Dr. J. Sam Eareus, president of Southwestern University of Georgetown, will deliver the commencement address to the 1925-26 graduation class of the Ballinger high school, it was announced Wednesday morning by Superintendent W. A. Cain.

The address will be delivered Friday evening, May 28th, at 8:00 o'clock. The commencement exercises will be held in the auditorium of the Senior high school.

The Seniors are taking their examinations this week, Mr. Cain announced, while the remainder of the classes of the Ballinger schools will complete their work next week.

The final examinations for Bible class of all the churches of the city were being held Wednesday. It will require only the one day for the completion of these tests.

No program has yet been prepared, the superintendent said, but a meeting of the principals was scheduled for Wednesday afternoon at which time the commencement program was to be planned.

WINTERS BARBERS WIN GAME BY CLOSE SHAVE

The Winters barbers got away to a 12 run lead in the first inning of the baseball game here Wednesday afternoon between the Ballinger and Winters barbers, and the local chin scrapers were never able to overcome the lead. It was thought that the locals would run the Winters barbers down early in the game and then beat them, but the visitors were in better physical condition than was expected and continued to make scores until dark with very little effort. At stages of the race it appeared that the Ballinger club was going to tighten up and make the game close but

three baggers and home runs by the visitors ruined all plans and kept the Ballinger barbers on the little end of the score.

The game was called at the end of the fifth inning with the score standing 35 to 5 in favor of the Winters tonsorial artists.

The big feature for the locals come in the first inning when E. E. Woodson hit the first ball pitched to him far over the right field fence with nobody on in front of him.

WILL ASSIST IN ORGANIZING THE CONCHO COUNTY FAIR

J. D. Motley, secretary of the Ballinger Chamber of Commerce, and C. W. Lehmburg, county agent, left this morning for Eden, where they were invited to attend a mass meeting of citizens of Concho county and the Eden Chamber of Commerce to assist in the organization of a permanent county fair.

These two men have been so successful in putting over the Runnels county fairs of the past two or three years that their assistance has been asked in starting the Concho organization.

The Runnels County Fair has been an attraction for all counties in this part of the state for the last few years and the Eden and Concho county citizens believed they would progress with the assistance of the local men in starting their organization.

Mr. Motley and Mr. Lehmburg are due to return to Ballinger tonight.

PAINS ALL OVER

Lady Says She Took Cardui and Never Saw Such Improvement—Was So Weak Couldn't Stand.

Weatherby, Miss.—Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see such an improvement."

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship."

"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I sat for five more. By the time I had taken three, I was on my feet, going around, doing my work, gained in health and strength."

"I took two more bottles, and I am well and strong. Can work my garden. I haven't had any more sickness."

Scene from "SPORTING LIFE" UNIVERSAL-JEWEL MAURICE TOURNEUR PRODUCTION STARRING BERT LYTELL

Last Time Tonight for "Sporting Life" at Queen

Beautiful girls—gorgeous gowns—galloping horses—racing automobiles—fighting men—what more do you want, anyway? They're all in "Sporting Life," the Universal production, which opened yesterday for a two-day run at the Queen Theatre.

Woven together with a story crammed full of thrills and excitement, "Sporting Life," presents two hours of entertainment which keeps the audience sitting on the edge of its collective chair.

Opening with an elaborately staged musical revue a la Ziegfeld, in which chorus girls, dancing stars and comedians are there as in reality, the picture works up to a semi-climax with an exciting ring battle, then goes on to a whirlwind finish in a horse race at Epsom Downs, with the fortune of the hero staked on the outcome.

The direction of Maurice Tourneur was the best that pioneer producer-director has ever done, and the picture, filled with a record-breaking cast, is celebrated for its absence of a poor performance.

That extremely capable performer, Bert Lytell, reaches stellar proportions in the role of the spendthrift Lord Woodstock who tries his hand at every kind of sporting proposition, and manages to lose his money on most of them.

Marian Nixon, one of the screen's latest "finds," brings her remarkable ability and sweetness to the leading feminine role, while Paulette Duval adds exotic, but sinister feminine charm in an unsympathetic role.

Cyril Chadwick indulges in all

kinds of plots during the picture, and the supporting cast includes Charles Delaney, George Seigmann, Ena Gregory, Kathleen Clifford, Oliver Eckhard, Frank Finch Smiles, and others.

H and H BLEND COFFEE

There is nothing of chance in the fact that so many people drink H and H Blend Coffee every meal; their choice is constantly made—spontaneous with the first taste.

It is the blend that makes this true. The blend that combines the finest and most select coffee beans. The blend that produces a flavor so rich, so even, so extremely preferred that the aroma of H and H is used daily in steadily increasing.

Not only do more and more people learn of its goodness, but those who drink it now are adding a new joy to their daily life by drinking H and H Blend. Fine coffee beans have been used before—careful processes of roasting, but in no instance has H and H Blend been prepared.

After the first cup, you and your family will adopt H and H as an indispensable part of your daily meals.

SCHOOL BASEBALL HERE FRIDAY AND SATURDAY

The Ballinger high school baseball team will meet the Eldorado high school team here Friday and Saturday of this week at the Fair Park diamond. Due to track holding on so long this year, baseball has played a small part in school athletics and getting such a late start it may be that only these two games will be played by the locals.

The Ballinger team is strong this year and it is hoped that a good crowd will greet them in their first appearance and that baseball will not prove a losing proposition here.

Prize of \$37,000 Waits
Winner of Speed Classic (By Associated Press)
INDIANAPOLIS, May 20.—Approximately \$37,000 is in the bag of gold that awaits the winner of the annual 500-mile automobile race to be run May 31st.

Twenty thousand dollars of the \$60,000 the speedway company offers will go to the driver who hurls his little speedster across the tape first. To that amount will be added approximately \$8,500 from tire, carburetor, electrical and other accessories companies.

If the winner of the event follows precedent and is in front a great portion of the time, he will win approximately \$8,500 in lap prize money.

Britain's Lonely Island Suffers Over-Population
(By Associated Press)

LONDON, May 20.—Britain's loneliest possession, the island of Tristan da Cunha, is suffering from over-population.

There are 140 persons on the island, which is nearly double the population of twenty years ago, and the food supply has run short. The island is located in the middle of the Atlantic on a line between the Cape of Good Hope and Buenos Aires. It is only two miles long and adjoins two or three other smaller volcanic islands.

Most of the population consists of shipwrecked sailors and wives they have brought from St. Helena. Potatoes are the chief crop, but they were a failure this year.

NO PROFANITY IN SIOUX LANGUAGE

(By Associated Press) ABERDEEN, S. D., May 20.—Blasphemous and profane speech is impossible in the language of the Dakota Sioux Indians.

Reasons for the discrepancy are hazy, even to Dr. E. Ashley, Episcopal missionary among the Sioux for fifty-two years and an authority on their life and language. He points to the tribe name, Dakotah, which means "Friendly Peoples."

"Perhaps the life of the tribe flowed so smoothly, and they offered so little resistance to its course, that no need for profanity existed," he says.

The reputed stoicism of the red man and his silence in stalking game or making war do not explain the absence of profanity from the tongue, Dr. Ashley declares.

"The Indian is not a stoic when you come to know him, and perhaps he substituted blood-curdling yells for other vocal methods of easing his pent up feelings."

There is no word or expression in the Sioux tongue even to convey the damning of an enemy. A flick of the middle finger, resembling the snapping of an arrow and denoting scorn, is the ultimate in condemnatory gestures.

QUESTIONS ANSWERED BY PAULIST MISSIONARY

Some say that only children ask questions, but this week has proved that grown-ups can ask them too; for Father Cartwright has been kept busy every evening this week, answering the many questions that have come to him through the "question box." Last evening the largest congregation of the week assembled at St. Mary's Church to hear the lecture on the Catholic teaching and practice of confession of sin. It was a lecture that appealed both to the heart and to the intelligence of his audience. Not a few were deeply moved by it.

Among the questions were the following: "What warrant have you in scripture for baptizing infants and children?" "Will you please explain all about indulgences?" "Where in the Bible do you find the Rosary?" "Do you believe that the world was created in six days as the Bible says?" "When I ask any of my Catholic friends about the Pope coming to America to capture it and live here, they deny it. What have you to say?" "What is Heaven?"

To all of these the missionary gave a most satisfactory answer, clear, scholarly, kindly, with an occasional touch of humor, but always with the intensity of sincere conviction.

Tonight the lecture will be on the Catholic doctrine of the "real presence of Christ in the Eucharist." In discussing this, Rev. Cartwright will use the protestant Bible, King James version.

John A. Weeks, Garland Parks and Albert Sledge had business in Paint Rock Wednesday afternoon.

Dandruff Goes! Hair Gets Thick, Wavy, Beautiful

Save your hair! Dandruff disappears and hair stops coming out.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff. One application dissolves every particle of dandruff; invigorates the scalp, stops itching and falling hair.

Furthermore Danderine is to the hair that fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow strong and beautiful.

Bobbed hair has made the girls aware of the dangerous effects of unsightly dandruff which is now more apparent than ever since the hair is short.

Danderine is a sure way to get rid of dandruff and immediately doubles the beauty of your hair. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Danderine from any drug store or toilet counter for a few cents and keep that dandruff out of your hair and off your shoulders.
