RUNS FOR SENATE DEPOSED LEADER ON WET PLANK WINS IN IOWA

(By Associated Press)
WASHINGTON, June 8.—Senator Wadsworth, republican of New York, who is offering for renomination, came out late today for a repeal of the Eighteenth Amendment. Senator Wadsworth is making the race on a wet platform, but proposes as a substitute for the Eighteenth Amendment some such system as prevails in the province of Quebec, Canada. This plan would result in the government taking over the sale of all alcoholic beverages and does away with the saloon and private liquor traffic. Franklin Christmas, state senator, has accepted a request to lead the dry forces and become an independent republican candidate against Wadsworth.

GOVERNOR IS WITNESS IN OSAGE KILL CASE

(By Associated Press)
PAWUSKA, Okla., June 8.—Subpoenas calling Governor Trapp and his secretary, Parker Lamore, and Lieut. Gov. Holloway as defense witnesses in the trial of Ernest Burkhart, were drawn up here today, the clerk of the district court announced. Burkhart is charged with murdering an Osage Indian, on the government reservation.

Mr. and Mrs. W. B. Haynie, of Llano, are here visiting Mr. and Mrs. J. J. Beck. Mrs. Haynie is a sister of Mrs. Beck.

KIDNAPPED MAN FOUND IN RIVER

(By Associated Press)
HONGKONG, June 8.—The body of J. M. Phillips, British manager of the Asiatic Petroleum Company, has been found in the river at Nanking. Phillips was kidnapped by bandits several days ago.

(By Associated Press)
DES MOINES, Iowa, June 8.—Iowa republicans want Col. Smith W. Brookhart in the United States Senate and since he cannot sit in the seat for which they nominated him in 1924, he will succeed, as the party's nominee, Albert Cummins, a Senate veteran of eighteen years service by a vote close to a majority over all four of his opponents. Brookhart was returned to preferment by his party yesterday, two months after his deposition from the Senate in favor of Daniel Steek, democrat, who contested his election in 1924.

With returns received from 1800 precincts out of a total of 2447 precincts in the state, Brookhart had 160,931 votes against 113,040 for Cummins, and the other three candidates were far behind.

In the race for the senatorial nomination on the democratic ticket, Porter had 12,703; Files, 7,852; Murtagh, 6,151; and Finch, 2,399.

WASHINGTON, June 8.—Loud and persistent were the political echoes awakened in Washington by a sweeping vote of confidence which was given former Senator Brookhart yesterday in his contest in Iowa against Senator Cummins, by the republican insurgents.

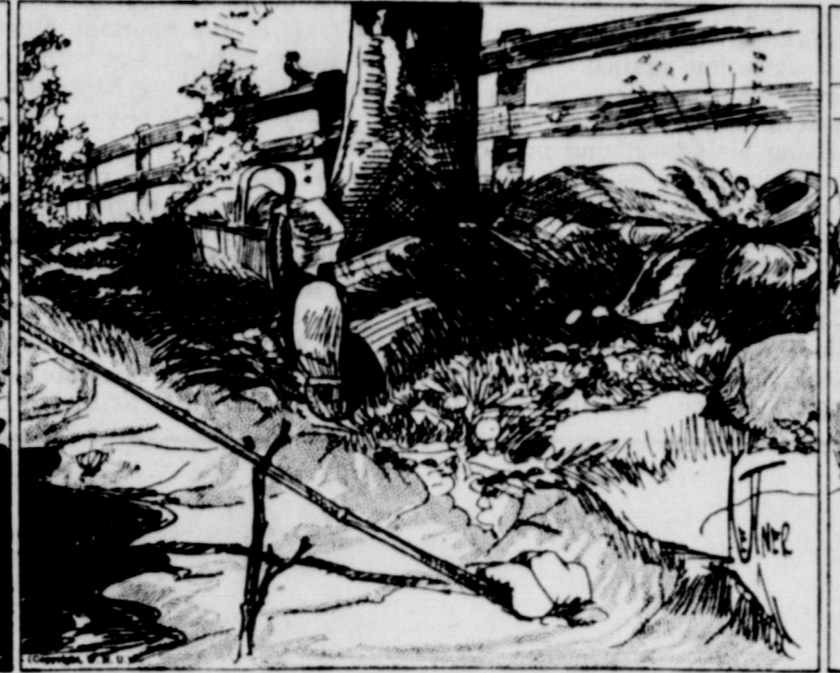

The outcome of the primary was acclaimed as a double victory in vindicating the stand the insurgents had taken against Brookhart's recent exclusion from the Senate and adding new support to their campaign for far reaching legislation to aid the farmers.

BALLINGER DROPS GAME TO WINTERS

The local amateurs dropped a baseball game to Winters at Winters Monday afternoon with the score 13 to 4. The same teams with a change in batteries were slated to meet on the Fair Park diamond in Ballinger Tuesday.

What Is So Rare as a Day in June?

TO PUSH SALE MAY SAVE NECK BONDS FOR HALL MEMPHIS MAN

Other business on the first of the month caused a little lull in the campaign launched by the American Legion here to sell \$3,000 worth of bonds at \$10 each in carrying out a plan to provide Ballinger with a modern auditorium for public entertainments, public meetings, etc. It was announced Tuesday that the work would be resumed and the project put over within the next few days.

"We are highly pleased at the results so far," said a prominent Legionnaire. A few hours work by the committee on the first day of the sale placed about \$1,000 worth of the bonds and most of those solicited were individuals. None of the larger firms, with perhaps two exceptions have purchased bonds, but it is expected that practically all will buy when they are solicited.

It is the plan of the American Legion to remodel the auditorium of the library, changing the entire interior and stage in such way as to make it one of the most modern and complete public gathering places to be found in the smaller cities of the country. The plans call for one of the best stages to be found anywhere, with electric equipment and space for taking care of about seventy-five people on the stage.

The only criticism offered so far is that the auditorium will not be large enough to meet the demands of Ballinger. In reply to this it is pointed out that the auditorium will seat about 500 people and perhaps only once or twice each year is there a demand for a larger auditorium in this city. This of course does not apply to religious gatherings, but as a show house and a place to hold public entertainments, it must be admitted that a 500 pay audience is a good house.

Those who have not been solicited can help to speed up the work by seeing any Legionnaire and indicating how many of the \$10 bonds they want. The committee will be out again this week and hope to put the proposition over in short order. There have

PARIS, June 8.—The French foreign office notified the war ministry upon recommendation of American Ambassador Herriek today, that if the sentence of death has already been passed upon Bennett Doty, of Memphis, Tenn., member of the French Foreign Legion in Syria, it shall not be carried out until all the papers in the case have been referred to Paris.

DAUGHTER OF FOR CONGRESS

(By Associated Press)
JACKSONVILLE, Fla., June 8.—Florida democrats are going to the polls today in the party primary to select nominees for one United States senator and two congressmen, with chief interest centering in the congressional race in the fourth district. Mrs. Ruth Owens, daughter of the late William Jennings Bryan, is candidate for congress in the fourth district, opposing Joe Hears, present incumbent.

Mrs. F. D. Futeh, who has been seriously ill for several days, is gradually weakening and her death is expected at any time, according to reports from her bedside today.

Mr. and Mrs. J. H. Wilke and daughter, Mrs. Chester Cherry, and Mrs. O. P. Dorsey left Monday for Cameron and Houston, making the trip in their auto.

been several citizens to come forward and volunteer to buy bonds. At present the high school auditorium is the only suitable place for entertainments, and the school board has fixed a price of \$25, which in a manner closes the doors to many free attractions as well as for those making only a small admission charge.

MEN DROWN WHILE FISHING

(By Associated Press)
KINGSLAND, Tex., June 8.—The bodies of Rev. J. T. Bradbury, pastor of the Christian church at Ennis; and A. L. Lilly, a tailor of Ennis; who drowned near here yesterday while fishing, were recovered near Longs Fall, on the Llano River. The body of Lilly was found last night, and that of Rev. Bradbury was recovered from the river early today.

ROY NIX ON TRIAL AT SAN ANGELO

The case of the state of Texas versus Roy Nix, charging receiving and concealing stolen property, went to trial Monday morning in district court. R. C. Jones, manager of the James McCord Company from whom it is alleged ten cases of cigarettes valued at \$64 each were stolen on the night of June 1, 1925, was the first witness. John F. Reimers, shipping clerk was the next witness. Clyde Bowman and Johnnie Walker were to be called in the afternoon. The indictment alleging that Clyde Bowman delivered the property to Nix in Runnels county, was returned by the September, 1925, grand jury. A continuance was granted the defense when the case was called for trial in October. It is expected the case will go to the jury Tuesday morning.—San Angelo Standard.

Nix formerly lived in Ballinger and was connected with a local cafe.

W. A. Bridwell returned from Granger Monday night, where he had been to accompany Mrs. Bridwell and daughter, Miss Willwood. Mr. Bridwell returned by way of Austin and was accompanied home by his sister, Miss Myrtle.

Chas. Hasse, of the Winters country, had business in Ballinger Tuesday. Mr. Hasse reported that the cut worms had been doing some damage to crops in his section.

SHOOTS WOMEN; KILLS HIMSELF

(By Associated Press)
NEW YORK, June 8.—Enraged by a quarrel he was having with a female employee of a beauty parlor here today, John Olasin drew a revolver and shot four women who were in the beauty shop, and then committed suicide by firing a bullet into his mouth. The four women were rushed to a hospital.

"WILDEST KITTEN IN THE COUNTRY"

(San Angelo Standard)
"I am the wildest kitten in the country," a woman told Roy Nelms, traffic officer, late Saturday night, after she had been questioned following remarks she shouted as she passed a wreck at the intersection of 5th and Chadbourne. "Stay with him Jimmy," she had cried out as she drove alongside the wreck. Nelms piloted the Ford touring car in which she was riding to the curb and later took her to the police station, where she was booked on charge of drunkenness. She at first said she was from Los Angeles, then from San Angelo and finally from Temple. She paid a fine totalling \$13.35 under the name of Mrs. E. F. Griffin.

The wreck was the result of a collision between a Ford coupe driven by Mr. Kincaannon, local barber, and a Chevrolet operated by G. C. Smith, an employe of a local wholesale house. The damage to the cars was slight.

A. J. Nichols and J. R. Holloway left Tuesday for Lubbock, where they went on gin business.

**MEXICAN BANDITRY IS
OVERDRAWN**

J. W. Shanklin, one of the
Americans abducted by Mexican
bandits a few days ago, has been
released, and in a telegram to his
wife at Canyon, Texas, said he
was "back on the job again."
Mr. Braden, "another American
who was held by the Mexicans for
several days, has been released,
and says his greatest peril came
when soldiers fired on him thru
mistake following his release.
Other Americans who were re-
cently abducted and held for ran-
som in Mexico have been turned
loose, and so far as the news dis-
patches inform us, not a single
peso has been paid in ransom for
any of them.

Mexican bandits are not so bad
as they are painted. They lack
the skill of Texas bank robbers,
who not only get the money in
good United States currency, but
frequently murder their victims
with neatness and dispatch. Nor
are there as many Mexican band-

just now is not suffering from
any unusual crime wave, either.
Here and there in that great, big
republic of ignorance and pov-

bands of outlaws, and occasion-
ally they rob or kidnap an Ameri-

prisoners loose before getting
any ransom money, and the great-

**BIG SUBJECTS
FOR PRESS MEET**

(By Associated Press)
SAN ANTONIO, June 3.—Free
publicity and libel, two of the
most vexing problems confronting
newspaper publishers today,
will come up for extensive discus-
sion at the annual meeting of the
Texas Press Association here on
June 24th, 25th and 26th.

Taking cognizance of the pres-
ent agitation against the press
agent who sometimes openly and
sometimes covertly succeeds in
getting his advertising printed in
the newspapers as news, the edi-
tors will hear addresses on the
publicity subject and discuss the
various topics involved.

Frank Grimes, of the Abilene
Times, will speak on "Where
Shall We Draw the Line Between
Real News Matter and Advertis-
ing?" Bruce McCarty of the

Eagle Lake Headlight is to dis-
cuss extra charges for political
advertising and special contro-
versy advertising. Fred Storey,
of the Children Post, is to dis-
cuss the practice of transient
advertising "facture" competing
with legitimate mediums.

The libel question is scheduled
to be dealt with by Sydney
Samuels, attorney of Fort Worth,
whose subject is "Libel in Var-
ious Forms as Affecting News-
papers."

This question also will be
touched on in the address of A.
G. Hayes, of the Sherman Demo-
crat, whose subject has been an-
nounced as "Helping Newspapers
to Report Court News Accu-
rately."

Many newspapers regularly
feature a woman's page, but Miss
Cora Mae McKee, of the Frank-
lin Citizen is to bring up a new
idea. She is on the program for
a speech on "Should Weekly
Papers Maintain a Man's Page?"
Counter-balancing Miss McKee's
topic, Mrs. M. E. O'Neill, of the

Frisco Journal, will discuss things
that are of the most interest to
women readers.

Sour Stomach

"Phillips Milk of Magnesia"
Better than Soda

Instead of soda hereafter take a little
"Phillips Milk of Magnesia" in water
any time for indigestion or sour, acid,
gassy stomach, and relief will come
instantly.

For fifty years genuine "Phillips Milk
of Magnesia" has been prescribed by
physicians because it overcomes three
times as much acid in the stomach as a
saturated solution of bicarbonate of
soda, leaving the stomach sweet and free
from all gases. It neutralizes acid fer-
mentations in the bowels and gently
urges the soiling waste from the system
without purging. Besides, it is more
pleasant to take than soda. Insist upon
"Phillips." Twenty five cent bottles, all
druggists.

More people have been killed
by American bandits in Dallas

Mexico is a much maligned
country. There is a Brownwood
woman away down in Chilian-
cingo, not far from the Pacific
coast, who for sixteen years has
been engaged in religious and
educational work in Mexico. She
is wholly alone, but is never in
danger and is on the friendliest
of terms with the government's
teachers—in fact she is president
of a Mexican teachers association.
Americans in Mexico who behave
themselves are just about as safe
as they would be in Texas, whether
they be religious and
educational workers or industrial-
ists. Most of the industrial-
ists are of the adventurous type,
and most of the religious workers
are consecrated to their task, and
neither is discouraged by the
hardships that accompany the
work they are doing.—Brown-

**Motor Truck Library to
Take Books to Farmers**

DES MOINES, Iowa, June 3.—
A library mounted on a motor
truck will travel into the rural
districts of Iowa this summer to
demonstrate the educational
value of county circulating
libraries.

The Iowa Library Association,
which seeks to establish circulat-
ing libraries in each county now
without library service, is spon-
soring the demonstration.

The demonstration in each
county will last about a week. In
that time, the books will be
moved to different parts of the
county, to fairs, private resi-
dences, and to meetings of farm
bureaus, boys and girls clubs, and
schools. Books will in most cases
be furnished by town libraries,
and expenses paid by community
clubs, farm bureaus, and private
citizens. The books on the library
van will be lined with book cases
facing outward and protected by
glass windows to allow the maxi-
mum display.

**Camel is the smoker's sign
of friendship**

IN THE home, or at the club—in
busy office or crowded street—
whenever friend meets friend, you
will hear that magic invitation—
have a Camel!

And wherever Camels are
lighted, men come together in
more friendly understanding. No
other cigarette ever had or made
so many friends or brought so
much added friendliness to the
world as Camel, for Camel's quality
is a universal language.

Camel is more than a cigarette.
It is an experience in smoking en-
joyment—the finest this old earth
affords. Camels contain the choic-
est Turkish and Domestic tobaccos

grown, and these fine tobaccos are
superbly blended, as in no other
cigarette. The enjoyment of
Camels goes on forever, for they
never tire the taste no matter how
liberally you smoke them. They
simply never leave a cigarette after-
taste. No other cigarette in the
world is like them. Millions of ex-
perienced smokers who could well
afford to pay more will buy and
smoke only Camels.

Whenever and wherever you
meet a friend, let that be a stand-
ing invitation to the sheerest en-
joyment that ever came from a
cigarette.

Thought Malaria Still in System

Until Dodson's Liver Tone Drove Out Quarts of Sour Bile and Other Poisons

There are entire sections where every one seems to think they have malaria. Others believe they never fully got the malarial poison out of their systems.

Ald White says: "For years I took calomel for the aches, biliousness, headache, constipation and the deathly feeling associated with what we believed to be malaria.

Last year I heard about Dodson's Liver Tone and bought a bottle for a few cents. Man, man, what a Godsend. In the morning it drove out quarts of black, sour bile. I got back my appetite for food, braced right up and haven't had a sick spell since. Whenever I feel a little bilious or the stomach gets sour, one dose of Dodson's Liver Tone is all I need. It is surely a blessing."

Hundreds of others tell the same experience.

Take a spoonful of Dodson's Liver Tone tonight and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

"New Brooms" Closes at Queen Theatre Tonight

"New Brooms," Wm. DeMille's latest production for Paramount, which closes tonight at the Queen Theatre, is in reality a love story between a father and a son.

Wrecking a business but making a man out of a wayward and bumptious son are the things which the father does with his boy, Neil Hamilton, in this story, which is a fascinating comedy, centering around an American home.

There is also a love story between the girl, Bessie Love, and the boy, which is a delightful bit of romance and color.

Phyllis Haver, who completes the trio of players featured in the production, is a mercurial blonde engaged to Hamilton at the beginning of the story.

Robert McWade, as the father, also appeared in the same role on the stage. Fred Walton, Josephine Crowell, Larry Steers and James Neill complete the cast.

Will teach a class in piano this summer at home. Anyone interested phone 1290 or see me. Eleanor Greer. 31-9d-1w.

NO-NOX MOTOR FUEL STOPS KNOCKS

PUTS CARBON TO WORK

PUTTING the old demon, carbon, to work sounds like a paradox—nevertheless that's just what GULF No-Nox Motor Fuel does and here's how it happens: Compression is power. The more compression the more power. Greater compression is secured by reducing the displacement or space in the combustion chamber. Carbon deposits materially reduce this space—old time gasoline would not withstand this added carbon compression—clicks—knocks—pings or detonations of distress quickly following sudden acceleration or heavy pulls.

No-Nox withstands higher compression—stops the knocks or detonations, thereby increasing engine efficiency. GULF No-Nox and Carbon Deposits work together for more power and greater mileage.

Turns Mountains Into Mole Hills

This guarantee goes with it: GULF No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline—that it contains no *dope* of any kind—that the color is for identification only—that it positively will not heat the motor, winter or summer.

GULF No-Nox Motor Fuel is priced three cents per gallon higher than ordinary gasoline—and is worth it.

THROUGH ADVICE OF NEIGHBOR

Woman Tried Lydia E. Pinkham's Vegetable Compound

"A neighbor advised me to try Lydia E. Pinkham's Vegetable Compound, which she said had helped her so much. So I bought a few bottles and tried it out. It sure helped me wonderfully. I felt much better. My work was no longer a dread to me. If I hear of any one who is troubled the way I was, I will gladly recommend the Vegetable Compound to them and I will answer any letters in regard to the same."—Mrs. BERTHA MEACHAM, 910 Center St., Lansing, Mich.

"I had been sickly ever since I was fifteen years old. After taking Lydia E. Pinkham's Vegetable Compound I got so I could do all my housework and I am in good health."—Mrs. MARIK K. WILLIAMS, Ketchikan, Alaska.

From Michigan to Alaska, from Maine to Oregon and from Connecticut to California letters are continually being written by grateful women recommending Lydia E. Pinkham's Vegetable Compound.

The Compound is made from roots and herbs and for more than fifty years has been helping to restore run-down, over-worked women to health.

FORMER BALLINGER GIRL IS MARRIED AT BRONTE

BRONTE, June 8.—Thursday evening the marriage of Miss Carrie Glenn and B. P. Williams was solemnized at the Baptist parsonage, with the ceremony being said by the bride's pastor, the Rev. R. D. DeWeese.

The ceremony took place beneath an arch of white flowers and was witnessed by a few close friends. An informal reception followed and an ice course was served.

Mr. and Mrs. Williams will be at home to their friends in their apartment at the home of Mrs. Daisy Hickman.

Government Fostered Toy Industry Makes Big Gain
(By Associated Press)

TOKYO, June 8.—Tremendous gains in toy manufacturing for foreign trade, shown by export figures, are encouraging to the Japanese government's ambition to make this country the premier toyshop of the world.

Japan's foreign trade in toys last year was approximately \$8,000,000. This was nearly double the total for the preceding year and was more than the record established during the boom years of the World War.

The toys that go into foreign markets are chiefly those made of celluloid, rubber and wood.

Marcy Bennett, one of the pioneer citizens of this country, and for many years a citizen of Ballinger, was here Tuesday. Mr. Bennett is now living at Bronte.

WOMEN'S FOOT ILLS DISCUSSED

(By Associated Press)

DALLAS, June 8.—Fitting the pride instead of the foot is one of the chief causes of foot ills in America, Dr. William C. Loftin, chiropodist of Waco, declared in a speech prepared for delivery here today before the Southern Chiropodists Convention.

"Squeeze the average woman's hand as hard as she squeezes her foot into her shoe and she will cry with pain," said Dr. Loftin. "Cruelty to the feet is worse than cruelty to animals and there should be a humane society to prevent mistreatment of the pedal extremities.

"The duty of the foot specialist is to enlighten the public to the care of the feet, because these most necessary attachments are abused more than ever in this day of automobiles and fast dances. The state has licensed the chiropodist to specialize in this part of the human body and it is time he told the public what he is doing.

"A shoe should be adapted for the use to which it is subjected. A shoe worn for house work, for instance, and the shoe for sport wear should be fairly heavy and have a stiff shank for the support of the foot, while an evening pump may be lighter, as it is subjected to little wear.

"Too many women make the mistake of wearing their cast off, stylish shoes to do their house work, instead of a fairly heavy, stiff shanked shoe that will support their feet.

"A shoe fits the foot when the

"The answer to corns, bunions, and other foot ills is a properly fitted foot, and that is one large enough."

J. A. Guy, of Talpa, was looking after business in Ballinger Tuesday.

RANGER—Eastland county is enjoying another oil boom. All over the country new drillings are underway and every foot of land is being prospected. Not since 1920 have Ranger, Eastland and Cisco been so busy. Hotel accommodations are taxed.

VERNON—A special train will be operated from Vernon to Amarillo on account of the West Texas Chamber of Commerce convention. Delegates from this city, Quanah, Crowell and Chilton will make up the party.

WELLINGTON, Tex.—At a monster banquet of Wellington and Collingsworth county citizens held here June 7th under the auspices of the Wellington Chamber of Commerce, plans were placed underway to make Wellington the "swine production center" of the Panhandle. Carload shipment of hogs are to be placed underway.

Dr. T. A. Rape is still quite ill at his home, and his friends will regret to know that he is not improving. Dr. Rape was stricken ill almost a month ago. He is one of the pioneers of this city and

perhaps the oldest physician in Ballinger.

Mr. and Mrs. E. A. Holloway and little daughter, of Norton, were the guests of Mr. Holloway's parents, Mr. and Mrs. J. R. Holloway, Sunday. Bud Holloway accompanied them home for a visit.

The Unseen Soil

Dark garments, worn for weeks or months, accumulate a surprising amount of soil that is apparent only when removed by the solvents we use in cleaning them.

The detrimental effect of soil on light washable fabrics when left in them for some time is easily seen. Soil is no less injurious to heavy dark garments.

For economic and sanitary reasons, all soil should be removed from winter garments before storing for the long summer. Telephone today.
