KILLS WIFE IN ROW OVER SHOP

(By Associated Press)
 FT. WORTH, June 18.—Simon Cummings, 47, charged with murder in connection with the death of his wife, Mrs. Bessie Cummings, 45, here Thursday night, today made a statement saying that in an argument with his wife, the two of them tripped over a ragged floor covering and a pair of scissors they were scuffling over pierced her body.
 The argument concerned efforts to sell their tailor shop on account of a suit cleaners price war, which Cummings said was losing them money.

Swiss Italians Issue

Edict on Modern Dance
 LOCARNO, June 16.—The authorities in Italian Switzerland are beginning to be fearful about the moral effects of modern dancing among the young.
 The Grand Council of the Tessin district has adopted a new law which declares that henceforth public dancing will only be authorized at certain periods of the year. Young people of both sexes under sixteen are prohibited from public dancing, and girls from sixteen to twenty can only attend public dance halls when accompanied by parents.

(By Associated Press)
 AMARILLO, June 18.—Following one inch of rain here last night, the temperature today dropped to 58 degrees.

UNDATED.—West Texas continued to be the battleground of the candidates for governor today.

In addresses yesterday by two of the principal candidates and by James E. Ferguson, who is campaigning for his wife, attacks of policies advocated by the speakers made up the substance of the talks.

Lynch Davidson's schedule for today is for addresses at Seymour, Electra and Wichita Falls. Dan Moody will talk in Canyon, Tulia and Plainview. James E. Ferguson will make an address in Abilene.

WASHINGTON, June 18.—During a temporary armistice in the verbal battle over the political activities of the Anti-Saloon League, the Senate campaign funds committee was told today that expenditures were around \$165,000 by the Pepper-Fisher Republican campaign committee which operated before this year's primary in thirty-one Pennsylvania counties outside Pittsburgh. Fisher Wood, head of the coalition organization of the thirty-one counties, was questioned at length.

WASHINGTON, June 18.—The Missouri, Kansas & Texas Railway was tentatively valued by the Interstate Commerce Commission today at \$81,884,000 as of June 30, 1918.

PARIS, June 18.—Former Premier Herriot, of the radical wing of the Chamber of Deputies, has accepted the request of President Doumergue to endeavor to form a new cabinet, after former Premier Aristide Briand announced that he was unable to form a ministry.

HOUSTON, June 18.—Charles Gordon, trusty chauffeur for Col. William Dulaney, state prison commissioner, drove the commissioner's car from the Blue Ridge state prison farm today and escaped.

CONSTANTINOPLE, June 18.—A plot against President Mustapha Kemal, pasha of Turkey, has been discovered in Smyrna, and a number of arrests have been made.

REPUBLICANS TO HAVE A PRIMARY

Republicans of Runnels county will hold a primary election on July 24th, with the Democrats, it was announced Friday morning by A. F. Brock, county chairman for the party, who with J. A. Reese, local postmaster, and W. A. Esmond, attended a luncheon in Abilene Thursday at the Hotel Grace for Republican party leaders who were passing through that city.

The luncheon was fostered by the Rotary, Lions and Kiwanis clubs of Abilene. Postmaster Reese joined the party in Abilene and will be with them on tour until Saturday when he will return to Ballinger. The party went from Abilene to Cisco for a short meeting.

Two hours was spent in the dining room of the Hotel Grace discussing plans for the coming election, with the main figure of the meeting being R. B. Creager, of Brownsville, National Republican Committeeman. Leonard Withington, director of organization for the Republican party of Texas, was also with the G. O. P. chiefs on this trip through West Texas.

Talks were made by Mr. Creager, Mr. Withington, Congressman Thomas L. Blanton, who has returned to Abilene for the summer; Dr. J. W. Hunt, of McMurry College; and Dr. J. D. Sandefer, of Simmons University.

There were about 200 present at this luncheon.

Under the primary laws, the Republican party will be forced to conduct an election in all counties of this congressional district. Mr. Brock stated, Runnels county will have a primary but only one office holder will be elected and he is that of Republican chairman for this county. Mr. Brock's name will be on the ticket again this year.

E. M. Eubank is secretary of the Republican committee of this county.

100 BUSHELS OATS PER ACRE IN McCULLOCH

Now that the threshers are at work, some remarkable stories of crop production may be looked for from all over McCulloch county. H. N. (Henry) Davis, living four miles North of Brady in the Fairview community, brings in the first report of 100 bushels per acre off 23 acres—which he smilingly admits is the best oat crop he ever made. Mr. Davis was the first man in the Fairview community to thresh, and whether his record will be beaten remains to be seen. He admits that everyone out his way made good oats.

John Jones, living on the J. E. Campbell place, threshed 106 bushels to the acre, off just a small patch. The thresher is on the A. R. Carlson place today.

Mr. Davis sold 1,000 bushels of his crop at 32c per bushel, but will reserve the remaining 1,300 bushels for seed.—Brady Standard.

LIGHTNING KILLS MAN; ABILENE HAS STORM

Special to The Ledger:
SHEP, Taylor county, Texas, June 18.—C. A. Lightsey, 30 years of age, a farmer, was instantly killed one and a half miles South of here, when an electric bolt struck him as he was plowing in a field on Valley Creek.

The four mules he was driving were also instantly killed. Lightsey was a son-in-law of J. P. Self, of Winters.

He leaves a wife and other relatives to mourn his death. Relatives in Oklahoma were notified of the death by long distance telephone.

(By Associated Press)

ABILENE, June 18.—Two passenger trains are reported marooned, a child was injured when a concrete storm cellar was struck by lightning and serious damage was done to crops as the result of a violent wind and rain-storm in this vicinity last night.

More than 800 feet of track of the Wichita Valley railroad was washed out between Dundee and Seymour. Two trains are reported marooned between these two towns.

The storm cellar of B. C. Brook, in which the Brook family took refuge near here was wrecked by lightning. One child was injured.

Thursday's rainfall only amounted to a few local showers over this section of the state, but fell fast and hard in some places and while it cooled off the torrid temperature considerably, it is not believed it will be of much assistance to the growing crops. Rainfall in Ballinger in about 40 minutes, was recorded at half an inch.

Paint Rock, to the South, reported the heaviest rainfall, which was 2.50 inches. This rain fell in about 40 minutes and caused washouts in the fields around Paint Rock. Some hail fell with this rain and caused consid-

SHOT TO DEATH IN FENCE FIGHT

(By Associated Press)
 BEAUMONT, June 18.—Mrs. Frank Kahmfield, of Port Acres, near Port Arthur, is dead, and her husband is in a Port Arthur hospital seriously wounded as a result of a shooting today following an argument over a fence.

T. B. Fountain has been arrested in connection with the shooting. The argument is said to have been over a line between two lots. Two fences had been built about three feet apart, one by each of the property owners.

Brownwood is trying to increase its water supply and at the same time put a few thousand acres under the ditch. A sure road to success for any city.

An Eastland county farmer says he has lived on a farm for thirty-seven years and during that time never bought a pound of bacon or pound of lard for family use. Many farmers of today come to town on Saturday afternoon and load out a week's supply of groceries and too many farmers are living out of paper bags and tin cans.

It is very seldom that an automobile runs wild. It is the wild driver at the wheel who keeps the auto death toll on the increase. Eighty per cent of the 1925 fatalities in the world have occurred in the United States.

A controversy between Sunday baseball fans and church goers in a certain East Texas town has been compromised. The fans have agreed to attend church and Sunday school regularly if the church folks will not place a ban on Sunday baseball games. A new plan, probably, for fighting the devil.

SANTA ANNA MAN GIVEN LIFE FOR DEPUTY'S DEATH

Dave W. Rutherford, of Santa Anna, was given life imprisonment in the state penitentiary this week by a jury in the district court at Brownwood, for the killing of J. H. Griffith, in Santa Anna, on the night of February 16, 1924.

Rutherford was first called to trial in Coleman county before Judge J. O. Woodward, but the judge granted a change of venue to McCullough county. In this county Rutherford was given life imprisonment. The case was appealed to the higher courts and a new trial was granted.

Judge Woodward then changed the case from McCullough to Brown county, and for the second time Rutherford was given life

imprisonment in the penitentiary. It is highly probable that attorneys for the defendant will file a motion for a new trial.

NEW BUILDING FOR PRODUCE COMPANY

The Ballinger Poultry & Egg Company have purchased the produce plant of the Potter Produce Co., of this city, and are now preparing for a better business on their location at the intersection of Seventh Street and Sealy Avenue.

The produce company have purchased the corner lot and are building a modern poultry house with a concrete floor and openings on two sides of the building.

There will be no open pens in the place, Arthur Doose, manager of the plant, stated Friday morning, but there will be fifteen battery coops where the chickens will be kept. Modern coops have been contracted for by this company, and they plan one of the most modern poultry houses in West Texas. There is also a nicely equipped room for eggs.

"During the summer we expect to build a couple of vaults to store eggs and butter in," Mr. Doose said.

A small part of the front of the new building has been rented to J. O. Cline, who will install a potato chip and doughnut factory. Mr. Cline already has the machines necessary for the output of these two products in wholesale numbers and will open for business as soon as the rented space is put in order.

START PROJECT FOR MORE FISH

(By Associated Press)

ARANSAS PASS, Tex., June 15.—Fish may come and fish may go, but fishermen go on forever.

To make it easier for anglers, whether it be by rod or net, a project is on foot here to cut another pass through Padre Island, a long, low strip of earth which makes a large part of this Gulf Coast section almost landlocked.

It is reasoned that the additional pass will prove seductive to the fish to travel into the bays hereabouts. Now they apparently prefer to bask in the open Gulf which adds to the difficulties of catching them. Thus far they have been reluctant to travel around the island, a journey of many miles, and into these nearby waters.

Turner E. Hubby, state game, fish and oyster commissioner, with Senator A. E. Wood, of Granger, chairman of the fish and game committee of the state Senate, recently met with the commercial fishermen of Aransas Pass and other nearby points, Leader.

with fish dealers and others interested in fish only as a means of sport.

Some of the commercial fishermen, reports of the meeting related, admitted violating the fishing laws and asserted they could not be stopped.

Senator Wood took sharp issue with them. "You say you cannot be stopped?" he asked. "I say you can and that in a hurry. We can stop the sale of fish and that will stop you if nothing else will."

The upshot of the session was that a committee was appointed to confer with the federal government about obtaining permission to cut a pass thru Padre Island. It includes E. B. Erad, secretary of the Kingsville chamber of commerce; R. C. Meeklin, editor of the Kingsville Record; J. E. Bell, Sa nBenito; Louis Cobilini, Brownsville; Dr. J. W. Sykes and Ralph Bradford, Corpus Christi; and Mayor J. A. Zimmerman, of Aransas Pass.

One of Napoleon's famous cocked hats has been sold at auction for 43,000 francs. This would be quite a bit in real money. — Sioux Falls Argus-Press and other nearby points, Leader.

NATIVE INDIAN TEEPEES ARE SELDOM SEEN TODAY

(By Associated Press)

OKLAHOMA CITY, June 18.—Native teepees with their blanketed Indian occupants seldom are seen any more on the Oklahoma prairies. The modern Indian lives as does his white brother, in comparatively comfortable surroundings. So says Houston B. Teehee, a Cherokee himself and assistant attorney general of the state.

In the Osage country of Northern Oklahoma there still may be seen a few Indians wearing brightly colored blankets, long braided hair and Indian finery, but for the most part they drive high-priced automobiles and live in modern houses.

Those who wear blankets are of the older generation. The young squaws and bucks attire themselves in white man's fashion, and a large number hold responsible positions with business firms and in offices at the state capitol.

A boy can't follow in his father's footsteps because time has changed the scenery.

You Have Heard of Bruce Barton

Not long ago he was making a speech, and he said:

Some years ago there was a celebration in Boston in honor of the landing of the Pilgrim Fathers. After several laudatory speeches had been made by men, a bright and vivacious woman was called on. She said:

"I am tired of hearing so many praises of the Pilgrim Fathers. I want to say a word about the Pilgrim Mothers. They had to endure all the Pilgrim Fathers endured and they had to endure the Pilgrim Fathers besides."

Do you know what happened to the Pilgrim Mothers, my friends? I will tell you. They died. They died young. It took two or three of them to bring up one family. The Fathers were tough and lived long, but work and hardship made short work of the wives.

It has been truly said that you can measure the height of any civilization by the plane upon which its women live. Measured by that standard, we have made great progress in the United States, but we have not made enough. An electric motor which runs a washing machine or a vacuum cleaner works for three or five cents an hour. There are still millions of women doing this work which motors can do; selling their time at coolie wages of three cents an hour, having to neglect the highest work entrusted to human beings, the work of motherhood.

The time in the life of a child when a mother can exert her influence is terribly brief. "Give me a child until he is seven years old," a great philosopher said, "and I care not who has him afterwards."

Seven years in which to mould character; seven short, fleeting years! What a tragedy that a single moment of these years should be wasted in work which an electric machine can do!

Russell Simpson in "Rustling for Cupid" at the Queen

Russell Simpson, who attained such recognition in his role of Trampas, in the screen version of "The Virginian," that he cannot get away from cattle thief roles, is again a screen rustler in "Rustling for Cupid," Fox Films version of Peter B. Kyne's great romance of the West, which is showing today and Saturday at the Queen Theatre.

He has the role of Hank Blatchford, owner of the famous Swastika Ranch, a cattle baron who is supposed to have amassed his fortune by rustling. George O'Brien has the role of Brad Blatchford, his sterling son, and Anita Stewart plays the part of Sybil Hamilton, the feminine lead.

Simpson recently made vigorous efforts to escape calf-stealing roles and he had featured parts in "The Earth Woman," "The Splendid Road," "Why Women Love," "Ship of Souls," and "Thunder Mountain."

Others in the cast are Herbert Prior, Edith Yorke, Sid Jordan and Frank McGlynn Jr.

OH, BOY! There's a delightful, refreshing, cleansing kick in a FITCH SHAMPOO! The Fitch Shampoo dissolves and removes from the very first application every particle of dandruff and foreign matter, leaving the scalp clean and healthy and the hair soft and fluffy.

The tonic in the Fitch Shampoo actually penetrates into every hair follicle, thereby invigorating the growth of hair. The lather is then gradually created by the application of water and, when rubbed out and rinsed, the lather carries with it all dirt, dandruff and foreign matter, leaving every pore open and functioning as nature intended.

Know the joy of a really clean scalp. Make your next shampoo a Fitch. Buy a bottle at any toilet goods counter or write the F. W. Fitch Co., Des Moines, Ia., for free trial bottle. If Fitch's isn't all we say, take it back and your money will be refunded.

Copyright, 1925, F. W. Fitch Co.

After the Shampoo, there is a FITCH TONIC for every hair and scalp condition!

If the scalp has been sore and flaking, use FITCH'S IDEAL TONIC. If your hair is inclined to be oily, use FITCH'S QUININE TONIC or FITCH'S TONIQUE SUPERBE. (Both are Antiseptic and Astringent.)

If you want the hair to lie in place, use FITCH'S LA ROMA TONIQUE.

WORK STARTED ON 1926 FAIR

The Runnels County Fair catalogue committee is busy preparing the booklet for the 1926 annual fair. This committee will have something different in the line of a catalogue, J. D. Motley, secretary of the Chamber of Commerce, said Friday morning.

The committee consists of C. W. Lehmburg, county agent; Miss Eula Key, home demonstration agent; and Mr. Motley.

"Heretofore the catalogues have only had a list of the premiums and a few advertisements," Mr. Motley said, "but this year we are to have several nice articles and pictures of exhibits of the past fairs."

The fair grounds are also to be improved, Mr. Motley asserted. Several workmen are busy this week at Fair Park, putting the grounds in order for the Boys' and Girls' Clubs Encampment to be held here from July 7th to 9th, inclusive. The park will be renovated and several improvements which have been neglected for some time will be made.

Ballinger now boasts of one of the best fair parks in West Texas and after the 1926 Fair it is expected that the park will be enlarged for the next fair to make it one of the biggest ever held in this section of the state.

LARGE CROWDS ATTEND PRESBYTERIAN REVIVAL

During the past two days large crowds have been in attendance at the revival now in progress at the Eighth Street Presbyterian church, with Rev. J. L. Cleveland, of Lewisville, Texas, doing the preaching.

Thursday night, Rev. Cleveland delivered his sermon on "Has Christianity Failed in Ballinger," to a fairly large congregation.

This morning's service was attended by the largest crowd since the meeting began. Rev. Cleveland's subject was "Marks of God's Love."

Tonight, Rev. Cleveland will use as his subject, "The Consequences of Sin."

WILL LEAVE SUNDAY FOR C. OF C. CONVENTION

J. D. Motley, secretary of the Ballinger Chamber of Commerce, and Earl Morley, district manager of the West Texas Utilities Co., will leave here Sunday afternoon for Abilene where they will take the chamber of commerce special train from Abilene to Amarillo, the scene of the eighth annual convention.

Mr. Motley and Mr. Morley received invitations from both San Angelo and Abilene to ride with delegations from the two cities, and the Ballinger men accepted the Abilene invitation.

San Angelo and Abilene are the only two cities in this section of the state that are operating special trains to the Amarillo convention.

Several other Ballinger citizens are planning to attend this year's convention.
