Ballinger is a patriotic city but few of the people living here know how and when to use the American flag. Tuesday, June 29th, Ballinger's birthday, was a day for the flag and a few used them, in fact almost every business house in the city used the flags in decorating the sidewalks and streets of the business district to let the visitors know that it was a special day in Ballinger. But few of those people used the flags in the right way. First thing, there were four blocks of the business district that did not have a flag up. They should all be put up at the same time in the morning or about the same time. The streets were ragged Tuesday morning with flags, one business house had its flag out, the next did not, but some of these later put the flags out. Many did not know what the flags were out for. And a second thing, one of the most important is this, it is not flag etiquette to leave an American flag out after dark or dusk, the flag should be put up at sunrise or shortly after and should be lowered at dusk. It is alright to use the flag on special days in decorating the city's streets but one must first learn how to use the flag and the

use of the flag before he endeavors such a thing.

Next week, on July 7, 8 and 9, the citizens of Ballinger will have as their guests between some 400 and 600 boys and girls and their parents, of the rural communities of Runnels county at the annual Boy's and Girl's Club Encampment to be held in the Runnels County Fair Park, and there will also be a few visitors here from neighboring counties for this encampment.

C. W. Lehmborg, county farm demonstration agent, Miss Eula Key, county home demonstration agent, J. D. Motley and the Chamber of Commerce are responsible for this encampment and it is up to the citizens of Ballinger to assist in entertaining these young people as they come here for three days of work, study and recreation. They are the future citizens of this city and county and need the assistance of the people of Ballinger and the county in their work and especially at such an encampment. An interest shown in the boys and girls while they are here for the meeting next week will make them feel they are doing something on which the older people place their stamp of approval and they will work harder.

Get out and see if there isn't something you can do to help Mr. Lehmborg, Miss Key and Mr. Motley do while they are here. Your assistance at this meeting will never be regretted and you will be repaid many times for the minutes you will lose while doing this. When you do this it will aid, not only you and the boys and girls but Ballinger, Runnels county and the state as a whole.

SOCIETY

Three charming Ballinger visitors were the inspiration for a lovely picnic on Saturday evening of last week: Miss Zula McKay of Wichita Falls, Miss Marjorie Kipp, of Pasadena, Calif., and Mrs. Anthony Sherman of Guadalajara, Mexico. A gay group motored to the Vanciel ranch and after a delightful feast at the tank, bridge games were played at the house for sometime. Those enjoying this affair were: Misses McKay, and Kipp, Mildred Herring, Mmes. Sherman, I. Vanciel, Floyd Carr, Messrs. Ralph Vanciel, K. V. Northington, R. W. Earnshaw, W. B. Woody, D. C. Middleton, A. R. Jones, Troy Simpson, Messrs. Delbert Vanciel and Marvin Atkins.

Little Miss Vivian Sellers of Dallas, who is the house guest of her cousin, Mrs. Flody Carr was guest of honor at an unusually attractive party on Saturday afternoon at the Carr home on 7th Street. The beautiful flower-bordered lawn provided an ideal place for the outdoor games played under the supervision of Mmes. Malcolm McGregor, Homer Carsey and Troy Simpson. In the "statue" game, Miss Gloria McGregor won the prize which was a dainty little orchid parasol. Miss Sellers was given a pretty guest prize of handkerchiefs and a coin purse. Mrs. Carr conducted a unique carnival stand with pink and white crepe paper. Here the children bought balloons, fans, pastry dolls, popcorn balls, chewing gum and candy with the "money" the bestess provided.

The children given an opportunity of spending this after-

noon with Vivian were: Gloria and Armour Lynn McGregor, Cordelia Lynn, Dorothy Nance, Evelyn and Dorothy Doss, Mary Ann Stephens, Dorothy Lynn, Mary Simpson, Clara Mae Forgey, Katharine Wilson and Master Donnell McGregor.

CHURCH ROOF GARDEN, AIDS

(By Associated Press)
SAN ANTONIO, June 29.—An idea originated in the world of gaiety has been adopted by one of San Antonio's largest churches and is proving quite successful in increasing attendance at worship services. The church is the First Presbyterian, (South) and its new departure is a roof garden, where Sunday night and Wednesday night services are held throughout the summer. It is the largest church roof garden in Texas, as well as one of the few in this state, and for that matter, in the United States. A Dallas church is said to have the only other such place in Texas.

Dr. P. B. Hill, pastor, said that the roof, now beginning its third summer as a place of worship, has quickened interest in evening services as well as brought out probably hundreds of persons who would have not attended indoor meetings because of the heat. He estimated the average Sunday night summer congregation at 500.

This open-air auditorium can seat 1,200 persons. Dr. Hill said, and he believes that number will attend every Sunday night late this summer, when an elevator is installed. The "life" has been ordered and is expected to be in use for several weeks before indoor night services are resumed. As the roof is three flights from

the ground, a number of persons, particularly the elderly do not come now.

The roof, of course, is always cool, for the refreshing gulf breeze sifts over the building soon after sundown. "Day" electric light bulbs around the enclosure give a light that is sufficient, yet not glaring and hard on the eyes.

Dr. Hill believes that the worshippers who come to this roof garden are more receptive and responsive. "The star-studded sky and the cool, calm night brings one closer to God."

The pastor chooses sermon subjects in keeping with the setting, and the songs emphasize the beauty of night. The theme of one of his recent sermons was: "The heavens declare the glory of God, and the firmament showeth His handiwork."

The roof has an adequate stage, which serves as a pulpit and also is used for pageants when entertainments are provided week nights for the young people. There is radio apparatus on this stage which connects with station WOIA, though at present only the morning services, held indoor, are radioed from this church. The church has 2,200 members. It is credited with leading all other Southern Presbyterian churches in recent years in the number of converts.

G. W. Dunlap of this city candidate for tax collector, was returned to his home here on Hutchings Ave., Monday evening from a

hospital in San Angelo, where he underwent an operation several weeks ago. Mr. Dunlap is reported to be somewhat improved after the operation. Mr. Dunlap has been in ill health for several years.

for Washing Bleaching & Cleaning

all in one package

Don't have wash day blues. Cheer up! Savex has come to help you!

Savex is a good soap—ready to cleanse easily and thoroughly. Savex is a water softener—and it is the deadliness of hard water that makes washing so difficult. Savex is a mild, safe bleach—washing clothes whitely white and making bluing unnecessary.

In Savex this good combination will do your washing in double quick time. And of course, the easier the washing process the easier it is on your clothes.

Use Savex in washing machine without soaking or rubbing. Use it in tub or hand basin and only rub and soak badly soiled things. As for boiling and bluing—they are never necessary! There is nothing in Savex to injure the most delicate fabrics. Yellowed or stained things become gleamingly "white white;" colored things wash as bright as new and silks and woollens retain their textile beauty. Of course, care must be used when fabrics are delicately tinted. Moreover, since Savex is a good soap, a water softener and a safe bleach, it will both protect and whiten your hands. Women say "there's nothing like it!"

'The Iron Horse' True to History of Earl West

Numerous histories of the building of the new west, telling of the first continental railroad, record colorful incidents of that achievement which have been faithfully re-enacted for the screen in the William Fox special: "The Iron Horse." As an instance there is a detailed record in "New Colorado," by Hayes, of an attempt by Indians to lasso a train. The incident is shown in the picture as clearly as it occurred.

"The graders and track layers often had to fight their way and there is a tradition current of an attempt to stop an express train," wrote Hayes. "It is understood that a lariat was stretched across the track, breast high and held by some thirty braves on each side. "But" says the narrator, "when the engineer first saw it, he didn't know what on airth wuz the matter; but in a minute more he bust out laughin' and he ketches hold of that throttle, an' he opened her out; an' he struck that lariat agoin' a-bout forty miles an hour, an' he just piled them braves up everlastin' permiscuous, you bet."

Judge Ford, the director, follows actual history in the picture which has been heartily approved by both press and public.

"The Iron Horse" comes to the Queen theatre for two days beginning today.

'The Iron Horse'

Lo! The Iron Horse! exclaimed Sitting Bull the famous war chief of the Sioux Indians when he first saw the white man's engine steaming across the plains. The phrase coined by the Indian Chief is now used by all writers as a synonym for the locomotive—the authority for this historical fact is the famous scout, Buffalo Bill.

With that welee type of rugged manhood, George O'Brien and an all star cast.

additional \$35 out the pocket of every automobile owner in Texas for this year, to "swell the profits of the Standard Oil Company which last year were 120 percent on the capital stock." He said that the increase is due to senate bill 180, which allowed the Standard Oil Company to return to dominance in Texas, and that Attorney General Dan Moody assisted the Standard's plans by releasing one of its subsidiaries, the Magnolia Petroleum Company, from the trusteeship in which it had been placed to prevent violations of the anti-trust laws. He said "the young attorney general was the innocent tool of the Standard Oil Company, and that outfit, together with the whiskey forces of Texas, are backing the young man in his race for governor, hoping to use him again." He said that "more money is being spent in the young attorney general's race for governor than in any campaign since Ferguson and Colquitt were elected by the liquor forces." He said "the young attorney general is honest and upright, now—but he is playing with some big boys and some mighty bad boys and if he doesn't watch out they are going to lead him astray." COUNTY COUNCIL HEARS REPORTS

Miss Eula Key, county home demonstrator, Tuesday afternoon reported a meeting of the County Council which was held recently at the court house.

Seven clubs were represented at this meeting, Miss Key reported, with only twenty-three members present. Only five clubs made reports of the past months work and these reports showed that only a small percent of the club membership reported their work during the past month.

Following are only a few of the things the clubs reported during the past month:

Chickens hatched 1711; poultry sold \$28.90 (one club); gallons milk used, 985; gallons milk sold 28, \$9.80; lbs. cream sold, \$22.50; lbs. butter made, 562; lbs. sold, 375, \$153.80; (one club) of 28 members with only seven reporting sold 263 lbs. of butter, \$111.35) Another with only a small percent reporting sold 104 lbs. \$41.40.

Eggs sold \$29.64 (two clubs); Qts. vegetables canned 259; Qts. fruits canned 130; Qts. preserves, 12; glasses jelly made 292; Qts. pickles and relish, 47; lbs. soap made 400.

"Had all of the fifteen clubs and the members of each club reported, we would have had a very good report," Miss Key declared. "The above are just some of the things we do, there are a number of things such as food preparation, clothing, home improvements and other things that are not shown at this time."

Miss Key urges every club to be represented at the meetings, not only to hear the other clubs report but also give a report of what your club has done. These meetings are held in the last Saturday of each month.

"I want to urge every member of the clubs of the county to hand in their reports to their club secretary so she will have a complete and accurate report to make at each meeting," Miss Key said.

Lady Game Warden Plays Own Hand In North Woods
(By Associated Press)

ST. PAUL, June 30.—Clinehng her job by a daring capture of two illegal hunters, Mrs. Florence Stukel, one of the few women game wardens, is in the Minnesota lake country making life miserable for netters, dynamiters and other illicit fishermen.

One cold winter day last winter this intrepid woman tracked a pair of "poachers" from the scene of their kill deep in the woods to their automobile, parked along an isolated road. When the driver refused to halt Mrs. Stukel fired her revolver at a rear tire and punctured it. She gained a regular post with the state warden force after conviction of her captives.

Mrs. Stukel, a widow, quickly graduated from an office position to field work. Now she fearlessly scours the lake country surrounding a one-room cabin headquarters which she built. Her companions are Miss Marian Colby, another woods enthusiast, and her dog.

PLANS EXCURSION FOR GALVESTON'S JULY FOURTH

Galveston will stage a monster Independence Day celebration on July 4 and 5, according to information from the Santa Fe Agent here, J. J. Beck, who is boosting a special excursion over his road to that city over the week-end.

On the Fourth, a religious and patriotic meeting will be held in Menard Park. Prominent speakers will be in attendance. A combined choir of all Galveston churches, accompanied by the Galveston band will render patriotic and sacred music.

Battleships, U. S. Marines and Soldiers, U. S. Army and Navy planes and Balloons, will all be in Galveston for this celebration. In addition to all these attractions, the Galveston beach is expected to prove a very popular place during the celebration.

The Santa Fe has announced very low rates for this event which is an annual affair in one of the world's largest seaports.

THREE DEAD IN OKLAHOMA TOWN

(By Associated Press)

SHAMROCK, Okla., June 30.—Clarence Dryden, Lloyd Wheeler, and R. J. Booker, all of Shamrock were killed in an explosion of an undetermined cause at a filling station here today.

JULY 5th IS A HOLIDAY HERE

Monday, July 5th, will be celebrated as July Fourth, the Board of Directors of the Chamber of Commerce voted Tuesday at the noonday luncheon of the organization.

As July Fourth happens to be on Sunday this year, the habit of closing on the Fourth will be postponed until the Fifth, so on Monday, July 5th the business houses of Ballinger will close and as usual The Ledger will join in and help them celebrate, by not issuing a paper on that date.

The banks will also close on July 5th.

THREE BASEBALL GAMES AT MILES THIS WEEK

The Miles baseball nine have three big games scheduled for this week at their home lot, the first being scheduled for this afternoon when the Winters team goes to Miles for a contest.

Bangs, of Brown county, will take their nine to Miles on Saturday, July 2, for a game and on July 4th, the Miles nine will contest the Eden squad on the Miles diamond.

Several fast games have been played in Miles this season and these are expected to be some of the best.

SNAKES REFUSE TO GIVE BATTLE

(By Associated Press)

HOUSTON, June 30.—An experiment to rid Texas of the rattlesnakes was a failure so far as an exhibition here last night is concerned.

When two large Missouri black snakes were turned loose in a glass cage with two large Texas rattlers, it was believed the Missouri snakes would kill the Texas rattlesnakes. The only sign of aggressiveness from any snake was the angry display of fangs by one of the rattlers.

BIGGEST SHERIFF IN TEXAS BOOSTING EDEN PICNIC

Sheriff Bob Miller, known all over this section and a good part of the Southwest as the biggest sheriff in Texas, of Paint Rock, Concho county, was in Ballinger Wednesday looking after legal business and at the same time advertising the big two-day celebration to be held in Eden on July 14 and 15 by the citizens of Concho county.

Sheriff Miller promises a big time for all who will attend this affair. Ballinger and the Chamber of Commerce is planning to send a delegation and the Chamber of Commerce Band to Eden on July 15, the biggest day of the celebration.

John A. Weeks has returned from a business trip to Dallas.

Vogue Of American Negro Troupers Stir Frenchmen

PARIS, June 30.—French theatrical men are beginning to protest against the number of American negroes on the French stage.

France has been a country where the negro's freedom is traditional, and the vogue of two American troupes has threatened this tradition for the first time.

"Negromania" is what a writer in the principal French theatrical journal, calls the new stage fashion. But the writer protests that he writes from no "negrophobe" point of view. What he complains of was that it should be American negroes who are making the profits from the vogue, when France has her own "splendid colonies and consequently her own splendid negroes."

Envy seems, therefore, to be at the bottom of the protest, and not a new prejudice against the negro in general.
