**Sour Stomach**

"Phillips Milk of Magnesia"  
 Better than Soda

Instead of soda hereafter take a little  
 "Phillips Milk of Magnesia" in water  
 any time for indigestion or sour, acid,  
 gassy stomach, and relief will come  
 instantly.  
 For fifty years genuine "Phillips Milk  
 of Magnesia" has been prescribed by  
 physicians because it increases three  
 times as much acid in the stomach as a  
 saturated solution of bicarbonate of  
 soda, leaving the stomach sweet and free  
 from all gases. It neutralizes acid for-  
 mations in the bowels and gently  
 moves the morning waste from the system  
 without purging. Besides, it is more  
 pleasant to take than soda. Inset upon  
 "Phillips." Twenty-five cent bottles, any  
 drugstore.

LONDON, July 3.—Gentlemen  
 may prefer blonds, but British  
 portrait painters prefer brunettes  
 if one may judge from the por-  
 traits of women shown in the an-  
 nual exhibition of the Royal Aca-  
 demy.

The lack of blondes among the  
 pictures shown this year has at-  
 tracted universal comment and  
 caused much speculation. There  
 is even a lack of henna hair. Most  
 of the bobbed, shingled and crop-  
 ped heads shown in the gallery  
 are dark brown or black.

*All that's best in a cigarette*

AFTER glorious exercise nothing  
 is so refreshing as the fragrant  
 smoke of a Camel. Wherever  
 Camels go—to the seashore, to  
 the mountains, to the office—  
 they bring pleasure, full smoking  
 enjoyment.

No other cigarette made ever  
 gladdened the taste of so many  
 millions, for Camels are made of  
 the choicest tobaccos grown. Camels  
 alone satisfy the taste for  
 all that's best in a cigarette, for  
 Camel blending can be found no-  
 where else at any price. Camels  
 never tire the taste, never leave a  
 cigarette after-taste.

Camel leadership over all other  
 cigarettes shows that the smokers  
 of America want smoking quality.  
 Camel success is built up on good-  
 ness, by the world's largest tobacco  
 organization. Each year the mak-  
 ers of Camels spend millions for  
 quality, and not one cent for frills  
 or fancy wrappings.

No two ways about it, Camels  
 are the finest pleasure, the richest  
 contentment that ever came from  
 a cigarette. If you haven't yet  
 found the utmost in cigarette  
 goodness, answer the most popular  
 smoke invitation ever sounded—

*Have a Camel!*

**WOMEN OF MIDDLE AGE**

**Praise Lydia E. Pinkham's Vegetable Compound**

Mrs. Annie Kwinski of 526 1st Avenue, Milwaukee, Wis., writes that she became so weak and run-down that she was not able to do her housework. She saw the name Lydia E. Pinkham's Vegetable Compound in the paper and said to her husband, "I will try that medicine and see if it will help me." She says she took six bottles and is feeling much better.

Mrs. Mattie Adams, who lives in Downing Street, Brewton, Ala., writes as follows: "A friend recommended Lydia E. Pinkham's Vegetable Compound and since taking it I feel like a different woman."

With her children grown up, the middle-aged woman finds time to do the things she never had time to do before—read the new books, see the new plays, enjoy her grand-children, take an active part in church and civic affairs. Far from being pushed aside by the younger set, she finds a full, rich life of her own. That is, if her health is good.

Thousands of women just fifty, say they owe their vigor and health to Lydia E. Pinkham's Vegetable Compound, and are recommending it to their friends and neighbors.

**Texas Lady Was Advised by Her Mother To Take Cardui, Which She Did With Good Results.**

Hamilton, Texas.—Mrs. Gladys Poitevin, of this city, says: "At times I suffered awfully with pains across my back and through my sides. I would have to go to bed and sleep two or three days at a time. It was very worrisome. I managed to keep going, but I did not enjoy myself at all.

"One day my mother remarked on how pale I looked. She said: 'You look so pale and peaked, why don't you take a change for the better. The first thing I noticed was that my appetite was improved. I began to be hungry and I enjoyed my meals. I slept better at night. My rest was so much quieter that I got the benefit from it. I kept on with the Cardui and took it for several months. The pains in my back and sides grew less until they finally quit bothering me.'"

## ASK CITIZENS TO COOPERATE IT ANNUAL CAMP

Captain W. C. McCarver, commander of Company C of the 142nd Infantry of the Texas National Guard, addresses a letter to the citizens of Ballinger asking their co-operation this year in the annual guard encampment to be held at Palacios. Captain McCarver and his company will leave Ballinger on July 8th for a two-weeks stay at the camp.

Following is the letter: "Our annual guard encampment begins July 9th and ends the 23. Our company leaves Ballinger on the afternoon of July 8th and will return to Ballinger at noon on July 24th.

"We have 68 active members however, several of them are in other sections of the country and their addresses are unknown. Consequently it is hard to tell whether they will be here for the camp.

"The Government requires me to bring 60 percent of the enlisted strength of my company to camp, which means that I must take at least 41 men.

"Camp orders were mailed out more than 30 days ago in order that the men as well as their employers might have ample time to arrange for these two weeks absence, and that those who had reasonable excuses might be excused, and by July 1st, all would know definitely what to depend upon.

"Inasmuch as this company is nearly five years of age, it is time that it should be producing men who are familiar with the line of study and work we are engaged in, but due to the fact that there is a very large turn over in the enlisted strength and others insist on being excused from camp, the result is we take a number of men each year without any training whatever, which makes the entire company look ragged and un-drilled, and puts us in a bad light before our superiors.

"I have at all times, done every thing in my power to cause as little trouble, taking only such men as could very conveniently get off, while others have satisfactorily arranged for their absence, even tho needed, and now I believe that more co-operation is due me from the various interests of Ballinger and surrounding country in this respect. If you have a man digging holes, farming or driving a truck for you, clerking in the store, or any other occupation, please do just a little bit and let us have this man for these two weeks. He needs the vacation and in 95 percent of the cases you can better arrange for his absence and supply a substitute for him than I can. It is hard enough for us to work with these men each week, trying to make better citizens and better men in general, and arrange for these annual camps, without having to be put in the position of arguing and begging employers to give us a man for the two weeks. Find out what the Guard here is doing and what it stands for, then sit down and think a little while and see if the younger generation needs the

kind of training we are giving in Ballinger Company, and I believe every right thinking man in Ballinger will put his shoulder to the wheel and help us instead of pulling back.

"W. C. McCARVER, Capt. 142nd Infantry."

### White as Cotton Face Now Ruddy

Says Mrs. Wolcott—All the Terrible Aches, Pains and Sour Bile Sicknes Gone

Like many other folks thereabouts, Mrs. Wolcott was a picture of misery. She says: "I was ghastly white as cotton, all thinned out, bilious all the time, terrible headaches, bones creaked as if they would snap apart, ached all over, could hardly walk or lift an arm; had been taking calomel steadily, and it made me so deathly sick I was completely discouraged. Then one day my cousin who lives near the state line came on a visit and she had a bottle of Dodson's Liver Tone. My! what a change. It gave me new courage. We went to town for two bottles, and since then my face is filled out, with a ruddy glow. Gained over twenty pounds and am the picture of health. Whenever I feel bilious or constipated I take a dose of Dodson's Liver Tone and it works just fine."

This wonderful liver tone is sold by all druggists and is absolutely guaranteed to start your liver without making you sick.

Get a bottle today, and when you feel sick, bilious, sluggish, constipated, with dull headache, Dodson's Liver Tone will put you to rights every time. Try it today.

## CAUDLE IS NEW SCHOOL TRUSTEE

Tom Caudle, manager of the H. H. Lumber Co., here was Friday night, appointed a member of the school board to succeed J. S. Jones, who recently resigned as a trustee, it was announced by A. F. Brock, secretary of the board this morning.

Mr. Caudle stated this morning he would accept the appointment.

The Trustees met in regular session Friday night at the offices of the board and regular business was discussed and transacted.

H. C. Lyon, the new Superintendent from Hearne, who with Mrs. Lyon arrived in Ballinger Friday morning met with the board and discussed several matters pertaining to the 1926-27 school term. No definite action was taken but it is expected that several changes will be made before school opens sometime in September.

The board had invited David S. Castle, architect from Abilene to meet with them, but Mr. Castle was out of the city at the time of the invitation and a representative of Mr. Castle's was present and discussed with the board the new school building which during the past two or three months has shown several defects.

C. C. Holderness was this representative. He practically assured the board that the contractors, Horn and Son, of Abilene, would make good these defects by repairing the building within the next few weeks.

The matter of the defects in the new building was one of the

biggest problems which confronted the new school board, as it went into office several week ago. The problem is not solved yet but the board has had the matter under consideration for several weeks.

Roy Mack and Cicero Smith have returned from Abilene, where they spent the week-end.

Rev. R. E. Harding returned Tuesday from Temple, where he had been on business.
