Runnels County Fair to Open Tuesday Morning

Today is a busy day and Sunday and Monday will be much busier days at Fair Park as those who have exhibits and entries for the sixth annual Runnels County Fair arrange their displays and groom their livestock and poultry for Tuesday, October 12th, opening day of the fair.

Exhibits and livestock entries are being received on every train and many are bringing their displays in motor trucks and cars. Fair Park is undoubtedly a busy place, with everybody there working. Concession stands are being erected, carpenters are making ready the huge platform in front of the grandstand and those preparing exhibits are getting ready to touch up the final spots and prepare for the opening day.

Livestock and poultry entries will be much larger this year than ever before, as all previous records have already been broken and the entries continue to flow in.

One of the largest livestock exhibitors will be Courts Cleveland, of Granbury. Mr. Cleveland has shipped 35 head of registered Hereford yearling heifers and several fine bulls to Ballinger.

Will Hale, of Talpa, will have his fine sheep here, the sheep that have taken many first places at district, county and state fairs, and some additional new stuff.

Edgar Jayroe, of Crews, will also have some of his fine sheep here on display.

Other ranchmen from over this section of the state are shipping their stuff here for the fair.

Decorators arrived in Ballinger early this morning and started work in dressing up the business district for this annual celebration. Practically every business house in Ballinger will be decorated with the colors this year and in an elaborate way.

Only a few of the business houses are falling down on this but before Tuesday, when the fair opens, it is believed that every house of any importance will be "dolled up."

"Doc" Holland, the big-mouthed man with the megaphone, arrived in the city Saturday morning and will be on hand to tell those on the streets what there is on the inside of the fair enclosure.

Mr. Holland is not new in this city but he is always welcome because when he arrives the citizens realize that something is bound to happen or he would not be here.

Some novel stunts are being prepared by Mr. Holland in the way of entertaining on the streets and at the same time advertising what there is inside Fair Park.

All records are expected to be broken, barring inclement weather, during this four-day celebration, planned to be Runnels county's greatest fair, the biggest county fair ever held in Texas.

Business men are jubilant over the prospects for next week. Employees are working hard getting

4TH LOCATION MADE FOR TEST THIS WEEK

Location of a fourth wild-cat test well in Runnels county was made near Crews, North of Ballinger, during the past week, it was learned Saturday through a reliable source. Two wells are now drilling South Ballinger, location has been made for a third, six miles North of Ballinger on the R. McMillan farm in the Blanton block, and the fourth location is Northwest of Crews, approximately two miles.

This well is to be drilled by Moore & Bell, of Okmulgee, Oklahoma. It was announced Saturday that the contractors are now hauling their rig and material to the location and that drilling will start in the immediate future. The contract calls for the rig to be on the location by Monday, and the drillers were hauling the rigging from Breckenridge to the Crews community.

Frank Yates and associates, of Fort Worth, will start work on the McMillan tract within the next few weeks, it is understood.

In the Zoch-McCamey-Bruce No. 1 casing has been set to 1,425 feet and drilling is continuing. Only a slight showing of water has been found in this well.

In the Red Bank-Fowler No. 1 another strong flow of water has been encountered, it was stated Saturday, and more casing will have to be set before the bit continues its journey downward. A strong flow of water was struck a few nights ago and it was necessary to lay more casing before drilling could be continued.

With two tests at work, the other locations made and geologists and lease buyers active, the county will be given a thorough test before the drillers leave the wells.

**CADILLAC SUSTAINS
BAD INJURY HERE**

A Cadillac roadster, said to have been driven by a Mr. McAdams, a contractor of Winters, had the crank-case torn up Friday evening just before the evening performance at the Palace Theatre where a number of cars were parked on account of a special attraction.

The fire siren blew and Mr. McAdams was coming down Eighth Street, crossing the railroad tracks. He did not see the culvert on the right of the street, and while slowing down for the fire trucks to come out of the station, his car slipped off over the culvert and a bad hole was ripped in the crank-case. It was necessary that the car be towed to Winters as it could not be driven. There were two persons in the car, neither, however, was injured in the accident.

**BROWNWOOD AT ABILENE;
SAN ANGELO AT CISCO**

The Brownwood high school Lions play the Abilene high school Eagles today in Abilene, while San Angelo and Cisco play in Cisco.

These two games are of much interest to football fans in this part of the county as it is expected that either Abilene or Cisco will be district Class A champs this season. San Angelo and Brownwood are just playing these two teams with no hopes of defeating either squad.

Several carloads of rooters from San Angelo passed thru Ballinger Friday evening and this morning en route to Cisco. There were also several high school students from Brownwood who passed thru Ballinger en route to Abilene.

**BEARCATS BEAT
EDEN 26 TO 0**

Ballinger high school grid warriors left the jinx at home Friday when they played in Eden and won from the Eden high squad 26 to 0. It was the locals first win in two years, however the Bearcats tied four games last season.

The first two games of this season were defeats at the hands of much stronger teams, but the third game was a sure win when the Bearcats were turned loose to run wild over the Eden squad in the first half of the game to score 20 points. A hard contest was expected in Eden but the Conecho county boys did not come anywhere near scoring.

During the first half the Bearcats scored 20 points on end runs and line bucks. The Bearcats had the Eden team outweighed a slight bit but it was no matter as they were a charging group of youngsters, but the Bearcats have developed a charge that is hard to beat. The score should have been 60 to 0 instead of 26 to 0. The Bearcats played excellent football but it should have been superlative.

Coach Felton Wright will work the Bearcats into shape for the Brownwood high school Lions here next Wednesday when they play during the Runnels County Fair. Brownwood today is playing Abilene at Abilene.

The Ballinger line opened holes on every occasion Friday and made way for the backfield chargers who scored touchdowns. Every touchdown was scored thru line plunges, with the exception of one, that being when Tuckey, captain and left end for the Bearcats, covered an Eden fumble behind the Eden goal line as the Edenites were preparing to kick out of danger. Tuckey was around and on the ball just about the same time the play was called.

Cephus Arthur, fullback and punter of the Bearcats scored one of the counters and then kicked for the extra point. Pete McKenzie, left half, scored a couple of the counters. The extra point came as Ballinger was preparing to kick, Eden was offside and the

point was automatically given.

Arthur's kicking Friday was not up to his standard, but regardless he got off several good punts. He did not have a single chance to try for a field goal.

Alagood and James Parrish, the other two backfield men, played good during the entire encounter. Parrish was at quarter and Alagood was at right half. The backfield worked good against the Eden team but are expected to be better before the Brownwood Lions come here. McKenzie was one of the best ground gainers of the afternoon. He played hard and plunged and charged the line when it was his time to carry the ball. McKenzie is expected to show up well during the encounter here next week.

Rayburn, Mason, Pug Powell and McWhirter, all on the line, played their usual brand of ball, opening up the opponent's line so the Bearcat backs might advance. Foreman, Reese, Middleton, Dow Smith and Marecek also played well on the line.

Elkins, a sub in the backfield, played very well during the time he was in. On his first run he made about 20 yards thru the line.

Other subs were Foreman, Smith, Nicholson, Jones Parrish, Coker, Robinson and Marecek.

Coach Wright also used several others during the last quarter of the game.

The starting line-up of the Ballinger squad was as follows: Tuckey, left end; Powell, left tackle; Middleton, left guard; McWhirter, center; F. Reese, right guard; Mason, right tackle; Rayburn, right end; James Parrish, quarter; Arthur, fullback; McKenzie, left half; and Alagood, right half.

PALE & PEAKED

Texas Lady Was Advised by Her Mother To Take Cardui, Which She Did With Good Results.

Hamilton, Texas.—Mrs. Gladys Poitevint, of this city, says: "At times I suffered awfully with pains across my back and through my sides. I would have to go to bed and stay two or three days at a time. It was very worrisome. I managed to keep going, but ... did not enjoy myself at all. "One day my mother remarked on how bad I looked. She said: 'You look so pale and peaked, why don't you take a bottle of Cardui?' She had taken it herself a number of times, and it had always improved her health, so she thought I had better try it. "I got the Cardui and began taking it, and from the first dose or two I could see a change for the better. The first thing I noticed was that my appetite was improved. I began to be hungry and I enjoyed my meals. I slept better at night. My rest was so much quieter that I got the benefit from it. I kept on with the Cardui and took it for several months. The pains in my back and sides grew less until they finally quit bothering me." Try Cardui for your case. At all drug stores.

Hail and Girls Get Good Crowd

Ewen Hail, Brunswick Vocalian artist and his "Dream Girls," appearing tonight at the Palace Theatre in their last performance in Ballinger, drew a large crowd Friday night at their first performance here.

Mr. Hail is recognized for his fine soft voice and his songs were unusually entertaining Friday evening. He was to have appeared at a music dealer's shop Saturday afternoon in a short concert, but conflicting dates caused this to be cancelled. Mr. Hail has appeared in many of the larger theatres of the state.

The pianist is J. C. Lilly, formerly of Abilene. He has also appeared in many of Texas' larger theatres and is regarded as an artist in his line. The two young ladies, Misses Josephine Hackney and Emma Jean Davis, were unusually entertaining in their dances and songs.

Mr. and Mrs. J. Y. Pearce are at home from a visit to Mineral Wells and other places.

STYLE

Its \$ & c Value

The average man pays around \$10 for his dress shoes. For \$3.50 or less he can buy a work shoe that will give him more service. The \$6.50 difference represents the \$ and cents cost of the stylish good looks he receives.

It costs more to build style into the shoe than it does to build service.

We pride ourselves on the fact that we are fully equipped to preserve that \$6.50 worth of dressy appearance in your shoes combined with long wear.

We preserve the style that you bought in your new shoes.

DALLAS, Oct. 9.—The Texas Educational Survey Commission will hold what will probably be its last meeting next Wednesday, in this city. This meeting has been called by Pat Neff, of Waco, chairman of the commission. The commission will pass on the proposed constitutional amendments to several bills.

Mr. and Mrs. Floyd Smith, of Winters, were here visiting and to attend the Palace performance Friday.

WINTERS DEFEATS COLEMAN 12 TO 7

The Winters Blizzards defeated the Coleman high school squad 12 to 7 Friday afternoon at Winters in the hardest game the Winters team has played this season. The Coleman squad proved to be rather tough for the Winters boys, who are expecting to win the Class B championship of this district this year.

The Blizzards come to Ballinger next week to play the Santa Anna Mountaineers during the Runnels County Fair.

Out of the Earth

From out of the earth comes all the farmer's wealth. But the farmer, and not the soil, deserves most of the credit for crops. His brains and productive ability make the finished products possible. Can you picture a green city man trying to farm successfully?

Yet even the farmer is not self-sufficient. He needs good banking advice, backing, and service to complete his efforts. And he knows he can successfully depend on this bank for them.
