Merchant's Carnival to Close County Fair Here

There will be no lyceum course at the high school auditorium tonight at 7:00 o'clock, it was announced shortly after noon today—instead, the performance as scheduled for the high school will be held at Fair Park, preceding the Merchants' Carnival, in the event Mr. and Mrs. Arthur Wells, who were to appear at the high school consent to give an open air performance. All season tickets to the lyceum will be honored at Fair Park, it was announced.

In the event Mr. and Mrs. Wells consent to give their performance in open air, it will precede the Merchants' Carnival that will mark the closing of the sixth annual Runnels County Fair.

The carnival is the feature of today's program at the fair, and will be staged in front of the grandstand tonight, following which the free fireworks display will be staged.

All exhibit buildings, including the livestock, poultry, agricultural, women's and merchants' departments and the carnival will be open during the evening and until late into the night for the closing day.

There was a large crowd in the city this afternoon and today's gate receipts will probably run higher than for any of the five days. Friday has so far been the biggest day. It is expected that a large crowd will witness the evening performance in front of the grandstand as the program will be unusually interesting and entertaining.

The streets were crowded all afternoon and many hundreds had entered Fair Park at press time. The exact attendance at this year's fair will be announced next week it was stated today.

The parade brought out many people who had not visited the livestock department at the fair. Traffic on the streets in the business district was halted many times during the afternoon.

Livestock Parade an Attraction
The livestock parade represented many thousands of dollars in horses, mules, jacks, cows, bulls and sheep. It was the main attraction up town this afternoon.

The Ballinger Chamber of Commerce Band led the procession, and the Junior Band brought up the rear. The livestock was all shown to be well fed and groomed and made a pretty appearance on parade.

Illuminated Parade Tonight
The closing parade will be held tonight when a number of illuminated cars, occupied by the characters who assume roles in the Merchants' Carnival will pass through the streets to Fair Park. Everyone who is to take part in the performance is requested to be at the Legion hall on Eighth Street not later than 6:30 o'clock. The carnival will be held immediately following the parade.

Afternoon Performance
The hippodrome acts were presented before the grandstand this afternoon at 2:30 to a large audience. It was the largest crowd that has occupied the grandstand during the 1926 fair.

Many school children who could not come here Friday on account of the rain and muddy roads were here Saturday attending the big show. There were probably more school children in attendance today than on Friday.

CAST OF MERCHANTS' CARNIVAL NOTIFIED

All who are to take part in the Merchants' Carnival are requested to meet at the Legion Hall on Eighth Street not later than 6:30 o'clock this evening in order to prepare for the illuminated car parade.

PITTSBURGH BANK CLOSED

(By Associated Press)
PITTSBURGH, Oct. 16.—The Brotherhood Savings Trust Company, Pittsburgh labor bank, failed to open today for business, following the disclosure of an alleged bond swindle involving \$102,000 of the bank's funds.

The bank was ordered closed by the state banking department which took over the affairs of the institution after the arrest of five men, three of whom were officials of the bank.

Charges of conspiracy against the three officials of the institution and charges against two other men were filed this afternoon.

One of the defendants, Charles Knopp, known as a bond salesman, is missing. He is alleged to have disappeared with more than \$300,000, including some of the bank's money.

Ex Soldier Gets Back at Former Prison Camp Commandant
(By Associated Press)

PARIS, Oct. 16.—"You were the chief of the German prison camp back of San Quentin during the war!" asked Jean Sevellier, a French chauffeur, when his fare descended in front of the Monte Carlo Casino.

"I was the commandant," replied the portly German, who had journeyed from Nice to try his luck at roulette.

"Well, then—take that," shouted the Frenchman, landing a punch on the other's nose, knocking him into the gutter.

At the police station, Sevellier told the officials that he was willing to go to jail for a year if necessary since he had kept his vow to repay some of the cruelties he said he had endured during his days as a prisoner of war. The German officer refused to make a complaint and Sevellier was released, after the desk officer advised him to read the speech of friendship delivered by Foreign Minister Briand at Geneva, upon the occasion of Germany's entrance into the league.

"I prefer Poincare's speech at Bar Le Due," said Sevellier, referring to the premier's statement that Germany's war guilt could not be forgotten.

COTTON BODY IS WORKING TODAY

(By Associated Press)
MEMPHIS, Oct. 16.—Letters soliciting aid of the governors of cotton growing states in furtherance of the plan of the committee in charge of stabilizing the market, went forward from here today.

Various state committees were also mailed letters acquainting them with plans whereby the cotton grower will be reached and a systematic and accurate canvass made of the situation.

The week beginning October 25 has been set aside as Cotton Acreage Reduction Week with the state governors being asked to issue proclamations setting the week aside as such and designating November 1 as Sign-Up Week.

According to the plans of the committee, November 1, has been set aside for the time when cotton growers all over the cotton belt will be asked to sign a pledge to reduce their cotton acreage next year.

**OLD RUNNELS WINS
IN SCHOOL PARADE**

School children from Old Runnels, five miles North of Ballinger, were winners of the first prize offered by the West Texas Utilities Company in the School Day parade at the Runnels County Fair here Friday afternoon. Runnels won the \$20 flag offered as first prize by the utilities company.

More than 62 per cent of the enrollment of the school was present in the parade.

Other schools winning were: Hatchel, second, 39 per cent; and Herring, third, with 35 per cent. Crews was represented with 30 per cent of its student body.

The second and third award schools were given the \$10 and the \$5 flag, respectively.

An Appreciation
In behalf of the old Confederate veterans who attended the Runnels County Fair, we extend to the fair manager our heartfelt thanks and appreciation for the courtesies and privileges extended us. It makes us feel glad to know that the new generation has not forgotten the part played by these old boys in the long ago.

\$300,000 FIRE SWEEPS UNIVERSITY OF TEXAS

(By Associated Press)
AUSTIN, Oct. 16.—Following a mysterious explosion, the Chemistry building of the University of Texas was destroyed by fire here today, causing a loss of approximately \$300,000.

The explosion was heard about 5:00 o'clock this morning by two watchmen, and in a few minutes the building was in flames.

A rare and valuable library was destroyed in the blaze. Firemen were unable to check the flames owing to the burning of chemicals in the building.

Mrs. J. T. Williams, of Fayetteville, Arkansas, is here visiting her daughter, Mrs. John A. Williams.

**Much Brighter Men in
Sight, Tailors Decree**
(By Associated Press)

LONDON, Oct. 11.—Very much brighter men will appear on London streets this fall if tailors have their way.

Violet, red, lavender, purple, and other showy colors will banish dull grays, blues and blacks, if customers accept the suggestions James Wedell, of Manchester, president of the National Federation of Merchant Tailors, made at their annual meeting.

"I combat the idea that color in men's dress is a sign of effeminacy," declared the president.

"The great captains of the Elizabethan period, who built up their empire were attired in ribbons, velvets and silks of every color in the rainbow. May not the dullness and deadly respectability of men's wear in recent generations typify the decay of the spirit of manly adventure?"

Like all Runnels county rains,
this week's moisture was worth
more than the cost, notwithstand-
ing it dampened the fair spirit.

A few heated words and blows
passed between two attorneys at
the McPherson trial. This was
naturally to be expected—there
is a woman in the case.

A \$25 prize has been offered in
a neighboring school to the pupil
who writes the best essay on
"Football." It is probably a
move to encourage the literary
talent of the pupils.

District Attorney Early ac-
companied the officers on a
liquor raid at Coleman this week.
Fifty bottles of beer, a quantity
of whiskey and one alleged boot-
legger was captured. It was a
case in which the prosecuting
attorney went out and got the
evidence.

We are ready to match Runnels
county's fair fans against any in
Texas, or anywhere else, for loy-
alty and determination to put the
thing over. Notwithstanding
Fair Park was floating in a lob-
lolly Friday afternoon and night,
citizens from all parts of the
county split the mud and took in
the program from start to finish.
It was a good natured crowd
who refused to permit the rain
to dampen the carnival spirit.

We are told by the keeper of
such records that the infant mor-
tality rate has been cut from 200
per 1,000 in our grandmothers'
day to only 60 per 1,000 in the
present age of the flapper

mother. One writer attributes
this to the scientific way of feed-
ing caring for babies, while an-
other gives the modern method
of dressing credit for it. Per-
haps both are right.

**Scientist Finds Bats
Destroy Coddling Moths**
(By Associated Press)
SAN ANTONIO, Oct. 13.—Bats
can reduce to a minimum the
havoc wrought on the apple
crops by the coddling moth, de-
clares Dr. Charles A. R. Camp-
bell, San Antonio bat authority.
The coddling moth is particu-
larly pernicious to the apple-
growing districts of the Pacific
Northwest. Dr. Campbell and W.
Kelley Price, apple grower of
Selah, Wash., conducted tests
which satisfied them that the bat
can eradicate the coddling moth
as it does many malaria-carrying
mosquitoes in South Texas.

Price sent the doctor some of
the coddling moths and some
guano from bats of the Yakima
Valley. It was in the micro-
scopic examination of this excre-
tion that it was ascertained that
the food of bats in that vicinity
was almost 95 per cent coddling
moths.

**Best Dramatic Appeal
in Tears and Fortitude**
(By Associated Press)
NEW YORK, Oct. 15.—George
M. Cohan has said of the theatre
audience: "Make 'em laugh,
make 'em wait, make 'em cry!"
But Victor McLaglen observed
that if he were phrasing it, he
would put the laughter last. "I
like to send 'em away with a
grin."

This started a discussion on the
Fox Films set of "Mother Ma-
chree," as to the form of final
dramatic appeal best calculated
to put the sum of the play's
values across to the audience.
"Everybody likes to cry," said
Belle Bennett. "We like to learn
that in our busy lives we can feel
so much unselfish sympathy for
the other fellow. If an audience
goes out drying its eyes, you may
be sure people are satisfied with
the play because it has made
them satisfied with themselves."
"That's a new angle," ad-

mitted McLaglen, "and it is a
fact that pathos is the eloquent
interpreter of roles. Humor,
tragedy, melodrama all respond
to pathos. A bit at the end of a
clever play will go far toward
summing up all its values.
"There is one value, however,
the greatest in drama, the great-
est in life which in its nature is
the negation of pathos. Forti-
tude. If fortitude is the soul of
your play; a bravely borne dis-
tress, a sacrifice of self, it must
continue to dominate to the very
end. It cannot compromise and
must not be compromised."

Pilot Mountain, N. C.—"For several

of chronic indigestion," says Mrs.

had bad spells with my stomach.
At times I had severe pains in my
right side. My stomach would get

I ate disagreed with me. I was in
pretty bad shape.
"My husband had been using The-

too, so he suggested that I try
Black-Draught. I took some from
his box, just to see if it would help

was brought on by a chronic case of

from this, I found my general health

WINTERS BLANKS SANTA ANNA

Winters high school Blizzards won from the Santa Anna Mountaineers here Friday afternoon, on a muddy field, 26 to 0, in a very slow game.

The Winters squad had the Mountaineers outweighed but Santa Anna showed more fight than did the Blizzards and the defensive work of two Santa Anna players was outstanding during the entire game. They were Joiner, captain and full-back; and Harrel, center, who played half during the latter part of the game. These two players made some good tackles and were in the fight every minute of the game. They put the fight into their line and helped to keep the big score down to 26 points before the inrush of the heavy line and backfield of the Blizzards.

The muddy field was slow and the heavy line of the Winters team pushed the lighter line of the Mountaineers out of the way for the Blizzard backs. The Bliz-

zards made 15 first downs to the Mountaineers nothing.

Coach H. E. Hopper, of Santa Anna, used only 14 men in the game. He started out his regular line-up and each man played the entire game with the exception of three men. Harrod, a half of the squad, was injured and went out for a substitute but the other two men were just replaced.

Coach Smith, of the Winters squad, used almost every man of the 26 he brought to Ballinger. The Blizzards scored touchdowns in every quarter of the game but the Winters kickers were only successful in kicking for two of the extra points. Two of the touchdowns were made on forward passes. Winters completed four of the many passes they began, while Santa Anna failed to complete a single attempt. Winters fumbled the ball several times during the first part of the game which kept them out of scoring distance.

The only long run of the game was in the first quarter when Winters kicked off after a touchdown to Santa Anna. Joiner received the ball on his own 10-yard line and ran 45 yards before being downed. He looked like he was good for a touchdown but he was downed on the Winters 45-yard line. Joiner had distance an dwas accurate in his direction. In the latter part of the fourth quarter he also intercepted a pass on his own 5-yard line which probably kept the Blizzards from scoring a counter.

Penalties were numerous during the game, with Winters drawing more for offside than the Mountaineers. Each squad was fouled once for roughing.

In the third quarter the Blizzards made two first downs; in the first and second they made five each, and in the fourth they made six.

Winters has now five straight games, but still have some hard games on their card. However, they are expected to pull thru in good shape in most of these contests. Ballinger and Winters play on November 19th in Winters and it is expected to be a hard fought battle.

The line-ups:
Winters—A. Roberts, le; A. Holliday, lt; T. Barber, lg; R. Young, (c) center; P. Barber, rg;

V. Campbell, rt; R. Bartlett, re; L. Edwards, quarter; G. Neely, lb; Robertson, rh; A. Neely, full. Santa Anna—Oder, le; Gassiot, lt; Freeman, lg; Harrel, center; Atkinson, rg; Goen, rt; Cheaney, re; Sealy, quarter; Ashley, rh; Harrod, lb; Joiner (c) full.

Substitutes: Winters—Phillips, Newby, Keefe, Deadman, Witt, Kery, T. Barber, P. Barber, Bedford, Phillips, and Jennings. Santa Anna—MacDonald, and T. Goen.

Officials — Referee, Wright (Howard Payne); umpire, Mullins; head linesman, Robertson.

Richard Dix Coming to Palace—Director Declines Lack of Foresight

"If my foresight had been as good as my hindsight," said Gregory LaCava, who directed Richard Dix's latest Paramount picture, "Say It Again," which comes to the Palace Theatre Monday and Tuesday, "I would have reversed the shooting program on 'Say It Again.'" With a script calling for a much fighting and rough work as 'Say It Again,' I might have known the hospital scene should have been 'shot' last.

But, La Cava did the war hospital sequences first, when Dix in perfectly healthy condition, just rarin' to go, lay for ten days on a hospital cot, all swathed in bandages, his right arm in splints.

Later, Dix, having failed to "pull his punch" in a fight scene was found walking around with a broken hand in a plaster cast that reached to his elbow.

As La Cava pointed out, this would have been just the right make-up for the hospital scenes. But how, he asks, is a fellow to fight villains and flee over gar-

den walls with beautiful damsels when one arm looks like the emergency ward of a hospital?

Did you know that Bill is ahead? The question is can he hold the pace? 12-5td

Each Day New Proof of Pontiac Six Supremacy

Now rapidly approaching the 75,000 mark, Pontiac Six Production incontestably proves that there was a demand for a low-priced six of high quality—and that the Pontiac Six meets that demand like no other car in the world!

In all the thirty-one years of automotive history, the greatest first full year's production ever attained by any new make of automobile did not

exceed thirty-three thousand cars. Yet the Pontiac Six, introduced only nine months ago, has already more than doubled that figure.

This impressive achievement is based not only on the brilliant beauty and spacious comfort that the Pontiac Six offers at so low a price, but also on stamina, ruggedness and thrilling performance which stamp it a triumph of quality car design and construction.

Pontiac Six, Sedan or Coupe, \$825. Oakland Six, comparable to Pontiac Six—\$1025 to \$1295. All prices at factory. Easy to pay on the liberal General Motors Time Payment Plan.

Queen Marie of Rumania Likes Corn on the Cob (By Associated Press)

PARIS, Oct. 16.—Yellow bantam corn on the cob and the queen of Rumania are friends of old standing. This is one of the reasons why the queen is said to have been looking forward to her visit to the United States.

Marie made her first acquaintance with the succulent and distinctively American dish years ago, when as a guest at the home of an American diplomat in England she engaged in her first truly American meal—with corn on the cob. The corn had been sent from the United States.

When the queen returned to Rumania, she was surprised to find that sweet corn grew in some districts of her own country. It was known there, however, only as food for the pigs. Marie has been able from time to time to obtain some luscious ears for the royal table. Now she is anxious again to try the American brand and to eat it in the manner it was grown to be eaten—on the cob.

A Correction

In the mortuary write-up of the death of Mrs. Laura Turner several days ago, it was stated that Mrs. Turner, formerly Mrs. Sheffy was buried beside her first husband in the Evergreen Cemetery. This was a mistake. Mr. Sheffy was buried in Wolfe City, Texas, and Mrs. Turner was buried in the Evergreen Cemetery here.
