VISITS FRIEND IN JAIL; IS ALSO LOCKED UP

Deputy Sheriff John White pulled a good joke on I. E. Musil, Rowena man, indicted by the recent grand jury for violation of the liquor laws, County Attorney C. P. Shepherd tells today.

A friend of Mr. Musil's, John Kornisky, was arrested this week in a raid near Rowena and he was also indicted by the grand jury for violating the liquor laws. Kornisky was in jail here and Musil came over to see about making bond for his friend and asked Deputy White if he could visit the jail and talk with Kornisky.

Mr. White consented and he and Musil proceeded to the Hotel de McWilliams, where Kornisky is comfortably located in one of the private rooms.

Mr. White unlocked the door, permitting Musil to enter the cell and then he locked it again.

"I have an indictment for you," White told Musil, and the officer proceeded to serve the papers on Musil while in jail.

Musil is still confined to the county jail unable to make his bond.

The Riverside Filling Station, located near the Colorado River bridge, was burglarized Friday night, the sheriff's department announced today. The amount of the accessories taken has not been estimated.

The burglar entered the building by using a pass key and he locked the place up neatly after helping himself to several articles.

Several casings, tubes, several cans of lubricating oil, some cash and several gallons of gasoline were missing.

Officers began work on the job immediately but at a late hour no arrests had been made in connection with the burglary.

LENINAKAN, Armenia, Oct. 30.—A blizzard set in here today, sweeping over the region devastated by last week's earthquake and adding to the misery of the homeless survivors. The earth tremors continue intermittently, a particularly severe one being felt shortly after midnight.

Leninakan is assuming the appearance of a city on the war front—dugouts, caves, trenches and all sorts of underground shelters appearing everywhere as the homeless make frantic efforts to protect themselves from the snow and cold.

**NEGRO BOY GOES DOWN
110 FEET INTO AN OIL
WELL FOR A LOST BIT**

ABILENE, Oct. 29.—Drilling
at the L. S. Brown test of the
Sanger Oil and Refining Com-
pany, four miles East of Abilene,
was under way Tuesday because
of the daring of a small negro
boy who went down into the hole
for a depth of 110 feet, attached
a cable to a lost bit and made
possible the clearing of the
trouble.

The boy, Rawleigh Dick, first
stayed in the fifteen-inch hole
for twenty minutes, but was unable
to attach the cable. He was
hoisted to the surface, given fur-
ther instructions and once more
made the descent between the
crumbling walls of shales and
limestone. This time he was suc-
cessful and received \$25 for his
work.

The only request he made was
that he be "guaranteed" there
were no snakes or spiders in the
hole.

**French Show Motors to
Match Milady's Frocks**
(By Associated Press)

PARIS, Oct. 30.—Motor cars to
match frocks appeared for the
first time at the Paris Auto-
mobile Show and made a hit with
feminine customers. Clothed out-
side in silk, linen, tapestry and
even linoleum, the automobiles
seemed to have come out of dress-
makers shops rather than the
manufacturers.

A light framework over which
is stretched various kinds of
materials is the main basis of the
new idea. Women visitors dis-
played more interest in the
"clothing" of the cars than in
the endurance of the motors.
They placed their frocks against
the auto bodies to see if the
colors matched and asked for
books of patterns of the materi-
als.

"I read quite a bit about Black-

Bearcats Blank Sonora Here Friday 58 Points

Sonora was not strong enough to hold the Ballinger Bearcats Friday afternoon on the gridiron at Fair Park, and as a result, the Bearcats emerged from the football battle victorious with a score of 58 while the Sonora eleven was only successful in making three first downs, and no scores.

The Bearcats kicked off to the Sonora Brones to start the game but Sonora was held and forced to kick to Arthur who made a good return of the ball. It was then that Ballinger started making first downs and scoring. Line bucks and cross bucks put the ball on Sonora's 8-yard line and McKenzie went over for the first touchdown. Arthur kicked goal.

It was not much trouble for the Bearcats to score again in the first quarter. A pass was completed from McKenzie to James Parrish for about 22 yards and a first down after the locals had been penalized for holding. Arthur took the ball over but failed to kick the extra point.

The quarter ended 13 to 0 in Ballinger's favor.

In the second quarter, the Bearcats scored another when Arthur, Bearcat full took the ball over after a series of passes and bucks. He again failed to kick the extra point. After the second kick-off in this quarter, Sonora was forced to kick and Arthur, receiving the ball for the Bearcats made a very pretty 32-yard return of the pigskin. Alagood on the next two or three plays took the ball over for a counter. Arthur failed again to kick the extra point, but Sonora was off-side and the point counted. The score here was 26 to 0.

Buck Elkins, playing a good game in the Bearcat backfield, in this quarter intercepted a pass for the next touchdown. He ran about 35 yards for a touchdown. Arthur was out of the game then and McKenzie ran 10 yards around right end for the extra point. The score was made 33 to 0 in Ballinger's favor.

In the second half, the Bearcats scored 26 points, and each was scored on a very pretty play. The local plowed thru the visitors' line every time for long gains, and on one occasion Pete McKenzie, Bearcat half, got loose for 30 yards before being downed on Sonora's 8-yard line. He took the ball over on the next play and the score stood 39 to 0. Arthur again failed to kick the extra point.

McKenzie, in the next two or three minutes after Ballinger had gotten the ball following the kickoff, went about 65 yards for a touchdown on an off-tackle play. Pete broke through the line and squirmed around until he was free of players and then marched on for a touchdown. The attempt for the extra point failed.

About this time the Sonora boys started their passes and before the Bearcats could get next, three first downs were made, two being the direct result of passes while passes helped to make the third. A place kick failed, and the ball went out on Ballinger's 2-yard line. Arthur kicked out of danger and the third quarter ended.

The fourth quarter started with Sonora trying more passes. They tried two and were penalized 5 yards and the third time they tried one, Rayburn, Bearcat center, intercepted the ball and ran about 60 yards for his only counter. Rayburn had been playing in the defense and watching for passes and two or three times he came very near intercepting passes, and when he did intercept this pass he ran like a jack rabbit chased by a greyhound. He did not slow up once until he crossed the goal line. Rayburn is considered one of the best defensive players in West Texas high school football and would make a good offensive man on many of the squads. Arthur kicked for the extra point and made the score 52 to 0.

Elkins and Marecek took the ball to the goal line for the last touchdown and the Sonora line literally made way for them after the Ballinger line started opening holes for these two backs. When Elkins took the ball over for his second touchdown there were four men trying to tackle him but he shook two off and the other two were hanging on when he went over the line. That was all the scoring.

Marecek and Elkins were two new players in the backfield. Elkins had been in before but he did not stay in very long in any other game, while it was Marecek's first try in the backfield. Both proved to be good ball toters, and they will alternate with Alagood, Arthur and McKenzie in the backfield during the remainder of the season. Ballinger has about 25 players in suits and every one is about the same size and about as good as the other for their respective positions.

Substitutes were numerous in the Bearcat line-up, while Coach Bryan used only two subs on the Sonora team, they both going in in the first half.

Passes were numerous but Sonora completed only a few while Ballinger intercepted several passes. Ballinger also completed several passes for long gains. Ballinger made 21 first downs while Sonora made 3 first downs.

The Bearcats were penalized four times for a total of 40 yards while Sonora was penalized three times for a total of 15 yards and one extra point.

The line-up was as follows: Ballinger—Foreman and Tucky, ends; Mason and Powell, tackles; Middleton and Smith, guards; McWhirter, center; James Parrish, quarter; Alagood and McKenzie, halves; and Arthur, full. Sonora—Holmig and McClelland, ends; Striegler and Williamson, tackles; Sykes and J. Trainer, guards; Taylor, center; Archer, quarter; Turney and Trainer, halves; Ridley, full.

Subs: Ballinger—Reese for Middleton; Marecek for McKenzie; Elkins for Alagood; Rayburn for McWhirter; Beck for Foreman; and probably two or three others. Sonora—Brown for Sykes; Hull for J. Trainer.

Referee, Suggs, (A. C. C.); umpire, Earnshaw; head linesman, Penn, (Howard Payne).

Scoring, touchdowns, McKenzie, 3; Arthur, 2; Elkins, 2; Rayburn and Alagood. Points after touchdowns, Arthur, 3 (drop-kicks); McKenzie, 1 (end run).

Time of quarters, 12 1-2 minutes.

"Gentle Cyclone" is Rather Rough

Thrills, from the moment the first sequence opens until the last man is whipped, in the final fade-out! This, in a word, tells the gripping story of "The Gentle Cyclone," Fox Western picture starring Buck Jones which closes its two-day run at the Palace Theatre tonight. The production was directed by W. S. VanDyke and includes such well known actors as Will Walling, Reed Howes, Stanton Heck, Grant Withers, Oliver Hardy, Jay Hunt and others. Tiny Rose Blossom and beautiful Marian Harlan are among the feminine characters.

Adolphe Menjou at Palace Next Week in Paramount Film

Safety razors and shaving creams have taken on new meaning to Adolphe Menjou. You see, "A Social Celebrity," the Paramount star's latest production presents him as a white coated barber.

As Max Haber, he decides that as the opportunities of his small home town are so limited, he may as well head for the big city. Arrived there, the only job he can get is that of an assistant tonorial artist in the shop of a hotel. One day he is sent to the home of Ten Eyck Stuyvesant, a rather good natured youth of ample wealth. In an effort to amuse his bored friends, "Tenny" takes his newly made barber acquaintance to a reception in borrowed clothes, and introduces him as the Count Havare de

Maxin.

And in that you have the beginning of Adolphe Menjou's new picture. It just teems with amusing instances, and is packed with the sort of humor which movie goers are beginning to expect from him. Malcolm St. Clair, who so successfully directed Menjou's last film, "The Grand Duchess and the Waiter" again handled the megaphone. Louise Brooks and Chester Conklin are seen to advantage in featured roles. The original story was written by Monte Katterjohn. "A Social Celebrity" is to be shown at the Palace Theatre on Monday and Tuesday of next week.

"Good Meat" Has Been Given Federal Marking (By Associated Press)

WASHINGTON, Oct. 30.—The "good meat" campaign of the Department of Agriculture, begun years ago, is one of the departmental activities of which officials never tire.

New ways constantly are being found to impress upon the public the necessity for surrounding the preparations of meat products with every sanitary safeguard.

A spotless model meat shop, prepared under the department's direction, is a part of the Sesqui-Centennial Exposition at Philadelphia. One of the placards says:

"Meat bearing the federal inspection marks is the only food carrying the assurance of the United States government, thru immediate supervision, that it is prepared under strictly sanitary conditions from animals good for food."

MON. ELECTION DAY FOR POST

Members of Pat Williams Post No. 8 of the American Legion will hold regular election of officers Monday night and close the present year's business, it was announced today.

The election of officers will come as a regular matter, while there will be much other business transacted by the post.

During the past year the Legion has expended several thousand dollars and while there will be indebtedness remaining over for the next year, the members feel that they have done something worthwhile in Ballinger this year and that the time and money spent was well worth it.

On January 1, 1926, Pat Williams Post No. 8 took over the Carnegie Library which had been practically vacant for several years and which was fast deteriorating. The building was leased by the post for a period of 30 years for \$1 per year.

Since moving into this building as a home, the Legion has spent \$5,000 on the building, putting it in first class condition, and it is now one of the finest buildings in the city, and has a good stage and auditorium. Recent purchases brought some \$1,000 worth of stage settings here from the King Scenic Company, and they have been installed in the auditorium. The floor has been elevated so a better view of the stage can be had from the rear of the house.

The building was very dirty. The building has been thoroughly renovated and painted, which adds materially to the appearance.

Other fixtures have also been installed, and the local unit of the National Guard also uses this building as an armory. The whole building is kept in first class condition. The Legion has a keeper who remains at the building 24 hours in the day and who prevents gambling, drinking and other obnoxious occurrences which prevailed almost every week before the Legion took over the library.

The Legion expects to bring in more high class shows to Ballinger and to give theatre goers here their money's worth.

If You Can Set a Clock

You can set the dials on a new Freed-Eisemann Radio

If you know how to set a clock, you are mechanical enough to be able to enjoy a good radio set to the limit!

You virtually need an engineer's license to operate some sets. But since we are selling entertainment rather than puzzles, we have been careful to select none but the simplest, most practical sets offered.

Chief among these is the remarkable Freed-Eisemann—a set that is installed without fuss or trouble; one that gives you the same stations night after night for the slight effort of setting the dials at the same numbers each time.

We'd like to show you—here or in your home—without obligation to you.

Spinners and Weavers to Hold Textile Show

GREENVILLE, S. C., Oct. 30.—Latest developments in the textile world will be displayed at the biennial Southern Textile Exposition to be held here Nov. 1-6.

The Southern exposition is held alternately with the National textile show, which is put on at Boston. Executives of every branch of the spinning and weaving industry are drawn to the shows, which are intended primarily to afford opportunities for learning of progress made in the business. Exhibits of machinery always are prominent in the display.

Steam railroads entering Chicago expended almost \$15,000,000 last year in maintenance of suburban service.

Farmer Turns Out Prize Sculpture as a Hobby

GALESBURG, Ill., Oct. 26.—A farmer whose hobby is sculpture is Ben Cable, who has turned out some models that have received high praise from art critics. His latest piece "Homeward Bound," was cast in bronze and was the only such exhibit to be accepted for the all-illinois art show now being held in Chicago.

Mr. Cable farms several hundred acres of land a few miles south of here. His studio adjoins

his residence and in his spare hours when "the spirit moves" him, he turns to his clay modeling. Animals and birds have received his chief attention.
