## HYSTERICAL

South Carolina Lady Then Tried Cardui and Says She Noticed Remarkable Improvement.

Anderson, S. C .- "I suffered a long long time, before I tried Cardui, and my only regret is that 1 did not know about it sooner," says Mrs. Lillie Pruitt, 130 "K" Street,

"I was badly run down in health. My nerves 'went to pieces', and I had to go to bed. I was not able to do my house work for many months.

"I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had bad pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild. "One day I was reading and I

saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once try it; so I began on a course of the 'Home Treatment'. "It began to help me from the very first. I took Cardui regularly,

for several months, and my improvement was so remarkable, that my family and friends were delighted. "Cardui has-no equal, in my opinion. I gladly recommend it to

1909, will not be finished for many years. Indeed, some countries, melt,ding America and Australia have hardly made a beginning.

Brazil, on the other hand, a country with vast tracts of unsurveyed land, has sent in more sheets than any other nation.

More than 200 maps have been drawn up so far, the uniform size for each sheet being six degrees longitude and four degrees latitude. The completed maps are done in layer tint, the contours being shown by various colors from green at sea level to dark brown at 3,000 metres above the sea.

Towns, lighthouses, six types of roads, tracks, streams and railways are all marked in a uniform manner in every country. A feature of this exactitude is the necessity of many sheets with a tiny corner of land in .

The maps of Britain and France are complete. The mainland of Europe was drawn up by Miss Edna Mae Lowry is here the Royal Geographical Society to this scale in time for the great war. It was published by the general staff and formed the basis from which boundaries 100 rolls Adding Machine Paper were laid down at the peace confor \_\_\_\_\_\$9.56 ference.
