Well Runs 325 Second Day; May Deepen No. 2

The Vacuum-McMillan No. 3 continued to produce the second day the same as the first. The reading on the gauge at 7 o'clock Wednesday morning showed that 325 barrels had been through the gauge in the last 24 hours. All through Wednesday the well continued to head at regular intervals and no let down in production has been detected.

Geo. H. Luck stated Wednesday that he was preparing an estimate for going into McMillan No. 2 and deepening that well. As soon as he completes his estimate it will be sent in to the New York office for approval and when approved work will start on No. 2 to drill deeper and make a test as to what can be found at a lower depth.

It will require Mr. Luck some time to finish the estimate of the cost for the needed work on No. 2, and some little time in going through to the New York office. However, it is likely that this work will be under way in a few weeks.

Smith Near Death From Car Accident

J. M. Smith, who was struck by a car on the streets of Ballinger Monday of this week, is in a serious condition in the local sanitarium and is not expected to live. He has not regained consciousness since the accident occurred and is gradually sinking into a stupor. It is believed he is suffering from concussion of the brain.

Mr. Smith stepped from between some cars into the street Monday afternoon at 3:30 o'clock, in front of the J. Y. Pearce Drug Store, just as Jim Hambricht, of Norton, turned the corner at Eighth Street and Hutchings Avenue. His car struck Mr. Smith as he started across the street from between two cars parked against the curb. Mr. Smith was knocked to the ground and after first aid was rendered to him at the Pearce Drug Store he was hurried to the sanitarium where he has been since that time.

His son, J. A. (Bud) Smith, of Concho, operated one of the first jitneys ever to operate in Ballinger.

Other children of Mr. Smith are: Mrs. Tony Hamark, of Ballinger; Mrs. Allen, of Wingate. Other relatives reside in this county and are at the bedside of the stricken man. Mr. Smith is 74 years of age.

Rue Addresses Rotary Club

The Ballinger Rotary Club enjoyed a fine program at their Wednesday luncheon when Rev. Alvin O. Rue, pastor of the Eighth Street Presbyterian church, addressed the club on the subject of creating a students' loan fund.

Rev. Rue went into all the details of the students' loan and showed many concrete cases where ambitious boys and girls were being given an education in this manner. "Many boys and girls are almost able to defray their expenses and only need a little help to get through school," the speaker said. He pointed out to the club several definite ways in which the club could soon have a fund on hand to work with.

At the conclusion of his talk President H. C. Lyon, instructed the students' loan committee to present to the club some definite plan, at a meeting in the near future, to create this fund in the local club.

Approximately 20 members stated definitely Wednesday that they would attend the meeting to be held in Abilene Friday night at the Hilton Hotel.

Meeting Discusses Uses of Cotton

(By International News Service)
BOSTON, Oct. 24.—Represented by executives owning mills in 27 states and Canada, the two-day convention of the National Cotton Manufacturers' Association opened here today. Also attending the convention are leaders of cotton goods industries and members of the Cotton Textile Institute, the New York Cotton Exchange and Cotton Textile Merchants of New York.

The creation of a greater demand for cotton through new uses and extending the present uses will be important questions at the convention. The mill problems, hedging of cotton and the Sherman anti-trust laws will be other issues discussed.

Loud Speakers For Ballinger-Winters Game

Loud speakers will be installed on the side lines at the coming Ballinger-Winters football game which will be played in Winters on November 23. This information was made known Wednesday by Supt. C. R. Smith of Winters in a letter to The Ledger. This does not mean that the game will be broadcasted but the four thousand fans who witness the game will be able to keep up with who is carrying the ball, the number of yards gained, who makes the tackles, who completes passes, substitutions, penalties and what they are for, and all other information about the game that a big crowd might be unable to see.

In all probability this game will decide the district championship of this district and will draw a large crowd. Both the Ballinger and Winters teams are so far undefeated in the district with very little chance of being defeated before the game on November 23.

Following is a copy of the letter received Wednesday from the Winters superintendent:
"Loud speakers will be installed on either side of the football field and the announcer will give the name of the ball carrier, the yardage made, etc., to some four thousand who are expected to witness the district championship football game between Ballinger High School and Winters High School at Winters, Texas, on Blizzard Field, November 23 beginning at 4 o'clock.

Arrangements have been made for the complete installation of necessary equipment to furnish this novel form of entertainment to football goes through the courtesy of P. G. Garrett, a radiotriician of Winters. Mr. Garrett states that he has never been called on to hook up this kind of an outfit before and no doubt it will be the first of its kind to ever have been used for that purpose.

This will enable a person who does not understand all the finer points of football to enjoy the game by listening. The reasons for penalties, substitutions, points, yardage made and yardage to go, will be announced at each down.
C. R. SMITH,
Winters, Texas."

BRITISH MAYOR DRAWS POOR RELIEF IN ORDER TO MAKE ENDS MEET

(By International News Service)
CREWE, Eng., Oct. 24.—Although unemployed and drawing State unemployment relief, Councillor W. C. White has been elected as the next mayor of Crewe.

He will draw \$1,000 during his term of office to cover his expenses, but will be forced to wait in line at the local Labor Bureau every week to draw his relief.

Sen. Norris Speaks In Omaha Saturday

(By International News Service)
NEW YORK, Oct. 24.—The democratic national headquarters today announced that Senator George W. Norris, Nebraska progressive, would speak at Omaha Saturday night in behalf of the candidacy of Governor Smith. A nation-wide radio hook-up will be arranged for the insurgent leader's address.

Smith is Ready To Invade East

(By International News Service)
ALBANY, Oct. 24.—Governor Alfred E. Smith set out today upon the supreme effort in his presidential campaign, the winning of the East, with Boston as the starting point. He will speak at Arena tonight. Without the electoral votes of the populous in the industrial wet East, the nominee can hardly hope to win the presidency. With their support anything is possible. He already feels that Massachusetts, New Jersey and New York are with him. His speech tonight will probably be a reply to Herbert Hoover's charge in New York a few nights ago that Smith's stand on prohibition, farm relief and water power was "state socialism."

HOOPER PREPARING FOR WESTERN CAMPAIGN TRIP

(By International News Service)
WASHINGTON, Oct. 24.—Having wound up his eastern campaign, Herbert Hoover today studied the national reaction to his New York address and planned the itinerary of his transcontinental trip to the Pacific coast on the eve of the election. Hoover's next speech will be at St. Louis about November 2, when he will probably make a bid for the doubtful Missouri, Minnesota, Wisconsin, Tennessee, Kentucky and Arkansas vote, through flood control problems.

Pecan Meeting At Brownwood

BROWNWOOD, Oct. 24.—Under the title, "The Loan Value of Pecan Lands," a subject of state-wide importance, will come up for discussion and conference at the Pecan Institute to be held here on November 15-16, under the sponsorship of the Brownwood Chamber of Commerce. This is the first time in history that this matter has been taken up publicly.

Judge M. H. Gossett, president of the Federal Land Bank at Houston, will be the chief speaker. Some 50 representatives of National Farm Loan Associations are expected as well as a large number of land owners and bankers within a radius of 75 miles of Brownwood.

The West Texas Chamber of Commerce will be represented by Homer D. Wade, manager, and other officials of that body. Mr. Wade has been gathering pecan data for the past two years, showing the value and earning power of land on which pecan trees grow. Informed pecan men have long been aware that Texas is far behind in the production of paper-shell pecans, whereas, the state of Georgia is cited as having thousands of acres of paper-shell orchards which return a large annual income. The open forum on this matter at the Brownwood meeting is expected to be the first step in establishing an extra value of pecan lands as a basis for loans, thus directly and indirectly affecting all citizens of the state. Invitations have been sent to more than 200 banks within 100 miles of Brownwood asking them to have a representative present to take part in the deliberations.

Police Kill Man In Gun Battle

(By International News Service)
DALLAS, Oct. 24.—An unidentified man was shot and killed near Oak Cliff today by officers. The police said that he fired on and wounded Policeman A. A. Ivy, who with other officers, were attempting to arrest the man when they were called to that place to quell the disturbance.

The man fled but was later cornered in the Trinity bottom where he again gave battle, forcing the officers to shoot him.

Negro Who Shot Mexican is Found

Sheriff R. E. McWilliams received a telephone message Wednesday morning from Big Spring that the sheriff there was holding Henry D. Estell, negro, who is wanted in this county for shooting a Mexican through the neck near Winters last Saturday night.

Mr. McWilliams was called to the Howard Poe farm near Winters last Saturday night where trouble had taken place between negroes and Mexicans at a joint dance which was staged early in the night. Arriving there the sheriff found that a Mexican man had been shot through the neck but was not in a serious condition. The negro who did the shooting had made his get-away and Mr. McWilliams immediately notified other sheriffs to be on the watch for the man. He will leave for Big Spring Thursday to bring Estell here to the Runnels county jail and for possible trial at this term of the district court. The grand jury at present is investigating the case and will likely return an indictment this week before they adjourn.

A negro woman also was taken in charge at Big Spring who is suffering with a bullet wound in one leg. The Runnels county sheriff was looking for a negro woman who was reported to have been wounded and she evidently made her get-away with the negro who is alleged to have done the shooting.

Chevrolet Agency To Move Tuesday

The Healer Chevrolet company's new building will be completed Monday, October 29, and the company expects to start moving Tuesday and be in their new home by the 1st of November.

A painter from the Chevrolet company is here doing the interior painting and it will be impossible for him to finish before Monday night.

An electric sign was being unloaded Wednesday and will be installed at the new home on the corner of Strong Avenue and Eighth Street. The new sign will be five feet wide and 17 feet high and at night will be a blaze of light that can be seen in four directions.

A formal opening of the new home will be held some time after the first of the month, or as soon as a new shipment of cars can be had from the factory to place in the show rooms.

SAN FRANCISCO MAN IS COMPLETING DICTIONARY OF SULU LANGUAGES

(By International News Service)
SAN FRANCISCO, Oct. 24.—Here is good news for the linguists who crave a little Sulu.

A dictionary of the Sulu language, to be one of the largest extant of any Oriental language, is being completed by J. M. Garvan, he announced today.

Garvan, who spent 20 years in the Philippines among the aborigine tribes, will turn over 2,000 pages of material on the Sulu Moros to the University of California after completing his unique dictionary.

Denies That Rangers Sent to Huntsville

Court Affirms Death Verdict

(By International News Service)
AUSTIN, Oct. 24.—The court of criminal appeals affirmed the death sentence of Harry J. Leahy, who was convicted in connection with the slaying of Dr. J. A. Ramsey, Mathis physician, two years ago. The first trial resulted in a 50-year prison sentence for Leahy. He was granted a new trial and a change of venue to Georgetown where he was convicted and punishment by death assessed by a jury.

The state contended that Leahy was attempting to regain a ranch Ramsey had obtained through a sheriff's sale.

LIONS CLUBS TO PLACE GOLD PLAQUE ON TOMB OF UNKNOWN SOLDIER

(By International News Service)
WASHINGTON, Oct. 24.—By permission of the war department the Lions International of Lions Clubs in the United States and other countries, will place a gold plaque at the Tomb of the Unknown Soldier in Arlington Cemetery. The plaque will be dedicated to the "Spirit of American Youth."

The tablet will be unveiled during the two-day executive meeting of the international association here October 26 and 27. Arthur B. Heaton, local artist, designed the memorial. He is a member of the Washington Lions Club.

THE WEATHER

All Texas: Generally fair and warmer.

(By International News Service)
AUSTIN, Oct. 24.—Adjutant General R. L. Robertson today denied the rumor that two state rangers were in Huntsville to prevent any reported effort to rescue J. R. (Bob) Silver, who is scheduled to be electrocuted Friday morning. Robertson said that rangers were in Huntsville on business and probably had gone to Huntsville to pay a friendly visit to Warden M. E. Harrell, a former ranger.

Return Journey Set for Zeppelin

(By International News Service)
NEW YORK, Oct. 24.—The Graf Zeppelin will delay its departure on its return trip to Germany, until Wednesday and possibly Thursday of next week, it was announced today.

High Winds Halt Westward Flight

(By International News Service)
LAKEHURST NAVAL STATION, Oct. 24.—With a 35-mile wind cutting across the station, Commander Hugo Eckener announced that a take-off of the Graf Zeppelin on its westward cruise was impossible today, unless the winds took a decided change for the better. Shortly before noon the wind had reached such a velocity that the commander said he would not even risk taking the big ship from its hangar.

FOOCHOW IN COMEBACK AS GREATEST TEA PORT; MAY SET NEW RECORD

(By International News Service)
WASHINGTON, Oct. 24.—Famous for its sweet-smelling tea, Foochow, China, is reported to have staged a comeback as one of the world's greatest tea ports, according to the National Geographic Society.
"The steep slopes of Fukien Province, which bowed to the east plantations of Ceylon and Japan nearly two decades ago, are again covered with thriving tea bushes," the society said. "Tea-laden boats on the Min recall the days when the Yankee clippers cleared Foochow with cargoes of fragrant leaves destined for American teapots."

The Min river was not opened to foreign shipping until 1361. After that year, Foochow's annual output of tea alone reached the one hundred million pound mark, and it makes a fair bid to repeat this record.

Subscription, the year.....\$4.50

November should open with a bang in Ballinger. November 3 falls on Saturday and there is always a good crowd here on that Saturday. Monday the 5th is first Monday and Tuesday the 6th, is general election day.

There is very little trading going on here following the bringing in of the new oil well. Practically all acreage in the vicinity of this well is already leased and the proven territory runs in one direction only. Many parties hold royalty contracts on land around the well but very few are willing to sell now.

All Saturdays are big ones in Ballinger and the coming Saturday will bring a big crowd here owing to the fact that the first circus of the year will pitch its big top here on that day. The Scheel Bros. Circus will show afternoon and night in Ballinger and with the features that local merchants are offering, another record breaking day should be in store for Ballinger merchants.

Only 13 days from now until general election day over all the nation, and with the unusual interest which centers around this presidential election it is likely that the heaviest vote ever known will be polled Tuesday, November 6. The Ledger will bulletin the returns until a late hour on that night giving county, state and national returns. We invite our friends and patrons to come to the office and get the returns on the night of November 6.

CARRIED OUT—FEET FIRST

The following is from a column of "Observations" by Chas. M. C. Woodland, editor of The Redfield Press, Redfield, S. D. This newspaper is owned by Peter Norbeck, republican United States senator from South Dakota.

Among the very first pieces of literature we received during the present campaign was the announcement that business men should organize behind Hoover for he would carry out the Coolidge policies. That didn't set well here. We agreed the Coolidge policies should be carried out—feet first. We have seen nothing to change our opinion. When we look at the price of wheat, the foreclosed farms, the busted banks, and other evidences of prosperity brought about here by the Coolidge policies, we wonder why the republicans didn't nominate him and give us a crack at him. But we are told that Hoover will do just as well—lately that song has grown fainter and fainter. We seldom even hear the high notes now.

BRITISH MUSICIAN MUST MARRY OWN WIFE AGAIN TO VISIT UNITED STATES

(By International News Service) LONDON, Oct. 24.—The remarkable position of being forced to

marry his own wife has been thrust upon Edward Lockspeiser, a young British musical composer, by the American passport regulations.

Lockspeiser and his wife wish to visit the United States. They were married in May last at the British Consul-General's office in Paris, but since the American passport regulations do not recognize marriages performed at a British Consul's office in a country other than British, they have been forced to give notice of their impending "marriage" at a London register office.

Doctor Found What is Best for Thin, Constipated People

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell at age 83

In the course of his 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in his drug stores as it previously had in his private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have gotten many hundreds of letters from grateful people telling us that it helped them when everything else failed. Every

"Nothing So Clearly Marks a Failure"

"That last man seemed to have just the experience and other qualifications you were looking for. Why did you pass him up?"

"I thought so, too, at first but did you see his shoes? Nothing so clearly marks a failure, and we have no time for failures!"

Many a worthy fellow goes plodding through life, little realizing the unimportant points upon which he is judged and which, unknown to him, are continually neglected.

That's one of the insidious things about HOLISOLIS. Though it is easily corrected when recognized, even your best friends won't remind you of so personal a thing. And yet it may be an important item that stands between you and success!

DENVER SOCIETY COUPLE GET BUCKSHOT INSTEAD OF THRILL "SLEEPING ON HAY"

(By International News Service)
DENVER, Oct. 24.—The precedent of only wild turkeys sleeping on top of hay stacks proved the undoing of efforts of an unidentified Denver society couple to spend a peaceful night under the stars.

One morning bright and early, Bozo, faithful canine of Farmer J. R. Stemerwitz, came dashing up the stairs to his master's bedside. The dog expressed a desire, as only dogs can do, for Stemerwitz to follow, for something was wrong in the field close by.

The good old farmer followed the dog, but as a precaution took along his shot-gun. The dog leaped and bounded ahead, until he came to a hay stack. Stemerwitz seeing something on top of the huge mound, aimed carefully and stood in waiting for the wild turkeys he thought must be there to spread their wings in the early dawn and to fly away. Instead of wings spreading, a blanket spread to the breeze.

Notwithstanding, the farmer fired his musket.

"I'm shot, I'm shot," came a woman's scream from the lofty lair and a couple clad in silk pajamas scrambled to the ground and after explaining to farmer Stemerwitz that they slept on the stack merely for the novelty of "hitting the hay" in some out of the ordinary place, dashed away to the city in their high-powered motor car, none the worse for their experience.

GIVES LIFE FOR BABY

MILWAUKEE, Oct. 24.—Anthony Ganas, a day laborer, died because of his love for his newborn baby girl. Mrs. Ganas died in a local hospital as the baby was born but the child's life hung in the balance. The doctors said she needed more blood. Gladly, Ganas yielded his own and the little baby grew but he died.

Cascara is Your Doctor's Choice

When physicians pronounce cascara the PERFECT laxative—why experiment with things that lash the system into action? Cascara, you know, is the bark of a tree. A natural and normal stimulus to the bowels.

The Indians, who used to chew this bark, had no word in their language that meant "constipation!" Perfect regularity is possible today, and to all of us. We have cascara in ideal form; the very delightful-tasting, candy Cascaret gives us pure cascara. It has helped at least a million people to habitual regularity. Millions of others, unfortunately, have stuck to stronger things and acquired only the laxative habit.

Your first Cascaret will demonstrate how THOROUGH this gentle laxative is, after all. Your next surprise will be the length of time before you need another. Eventually, you'll see that cascaring tends to make the bowels move thereafter of their own accord!

A modern drug-store must stock many laxatives, but for your own good the druggist would rather have you ask for the inexpensive little box of Cascarets than anything else.

Church Party

Twenty-five members of the missionary society of the First Christian church were guests in the home of Mrs. Scott Mack Tuesday afternoon at a party given by the society honoring Mrs. Berta McMaster of Fort Worth, who is state secretary of the missionary society work.

The spacious rooms of the reception suite of the Mack home on Broadway were given a beautiful floral adornment. The meeting was opened with a song and prayer after which accounts of the work done in both circles of the missionary society and the Endeavor societies were given. Mrs. J. R. Lusk introduced Mrs. McMaster who gave an interesting and inspirational talk concerning goals to be reached by the organizations by the pentecostal year 1931.

Mmes. H. S. Strain, A. B. Stobaugh, R. F. Lane and Miss Fan Wilmeth passed a dainty refreshment plate to the following: Mmes. McMaster, Mack, Robert Bailey, Lusk, Horace Murphy, M. H. Boynton, Carl Henson, Oscar Pearson, Alfred Crager, A. B. Legate, S. H. Crager, A. H. Parks, E. E. McElroy, Arthur Richardson, Claude Wilmeth, Fred Kiechle, Cora Hartgrove of Paint Rock, and Miss Lillie Clayton.

S. S. Class Entertains

About 50 members of the Senior Fidelis class of the First Baptist church of which Mrs. B. C. Kirk is teacher, were entertained on Tuesday afternoon of last week with a cleverly planned Hallowe'en party in the home of Mrs. Joe Huffman on Broadway. Mmes. M. H. Watson, Henry Doss and Bill Green were joint hostesses with

Jack-o-lanterns provided the only means of lighting the attractively furnished and flower bedecked rooms. An eerie atmosphere for the games which provoked much merriment was thus provided. A large yellow and black cake in a nest of yellow cosmos was cut for the various Hallowe'en insignia.

The hostess passed a plate containing pumpkin pie topped with whipped cream, and coffee with jack-o-lantern candies. Individual favors were Hallowe'en whistles.

ST. LOUIS CHIEF OF POLICE PROTESTS COMIC STRIP RIDICULING HIS MEN

(By International News Service) ST. LOUIS, Oct. 24.—Joseph A. Gerk, St. Louis chief of police sent a letter of protest against a colored installment appearing in a St. Louis newspaper here recently picturing St. Louis police as "Peanut Swipers," in a comic strip.

Gerk based his protest on the principal boy character who says, "I don't need an education, I'm going to be a policeman, they get street car rides and peanuts and other things for nothing." Gerk said: "This sort of thing is responsible throughout the country for the disrespect for the law, which is going on in the country today. It has a tendency to provoke contempt for the government and the principles of Americanism."

Texas Girl in Health Tests

Millions of boys and girls all over the world, thousands of them right here in Texas, are being restored to health and strength by the purely vegetable tonic and laxative known as California Fig Syrup and endorsed by physicians for over 50 years.

Children need no urging to take it. They love its rich, fruity flavor. Nothing can compete with it as a gentle, but certain laxative, and it goes further than this. It gives tone and strength to the stomach and bowels so these organs continue to act normally of their own accord. It stimulates the appetite, helps digestion.

A Texas mother, Mrs. W. H. Shelton, 925 Fulton Ave., San Antonio, says: "Mary is absolutely the picture of health, now with her rosy cheeks, bright eyes and plump but graceful little body and she stands at the top in every health test."

"Much of the credit for her perfect condition is due to California Fig Syrup. We have used it since babyhood to keep her bowels active during colds or any children's ailments and she has always had an easy time with them. She always responds to its gentle urging and is quickly back to normal."

Ask your druggist for California Fig Syrup and look for the word "California" on the carton so you'll always get the genuine.
