Police Searching for Murderers of Women

(By International News Service)
DALLAS, Nov. 5.—The police today are rounding up and questioning friends of Mrs. Bessie Lynch, age 21, and Mrs. Cleo Lieto, age 19, in an effort to apprehend their slayers. The women were beaten to death and their bodies found in a corn field on the outskirts of the city yesterday by two boys who were picking pecans. One of the boys is being held in connection with the affair.
The police announced today that a man who is being held for information regarding the women's friends, had no connection with the case otherwise.
An admirer of Mrs. Lynch is said to have made threats against her and is being sought.

R. E. White Favors School Amendment

County Superintendent R. E. White in the following article points out some of the reasons why the school amendments to be voted on tomorrow should receive the careful consideration of the voters. A brief explanation of the two amendments follow in a signed statement by Mr. White:

"This is not a political article, but permit us to call your attention to the amendments to be voted on in the coming election next Tuesday, and ask that you give them serious consideration. Four amendments will appear at the bottom of the ticket. The last two we are especially calling your attention to. The third proposes to amend Article 7 so that Boards of Trustees of all institutions of learning may hold office for a period to be fixed by the Legislature, but not exceeding six years. At present all such boards hold office for only two years, which means that a majority of the personnel of such boards is changed every two years. No business institution would attempt to survive under such constant change of management. It is not fair to expect the school system to prosper until its management is vested in a more stable body.
"The fourth amendment on the ticket proposes to change the manner of securing a State Board of Education as well as regulating its duties. When the Constitution was written the educational system of the state was insignificant compared with what it is now. At that time it was provided that the governor, the secretary of state and the comptroller should constitute a State Board of Education, and about their only duty was that of apportioning the state school fund. None of these persons are chosen on account of their fitness for educational work or for their knowledge of same. It was simply a matter of imposing a minor task to some one. The proposed change reads as follows: 'The Legislature shall provide by law for a State Board of Education, whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall perform such duties as may be prescribed by law.'

"Neither amendment has anything to do with taxation.
"A vote for these amendments is a vote for the progress of education in Texas.
"Your kind and thoughtful consideration of the above amendments is needed. A vote for them is a progressive step. Yours to serve,
"R. E. WHITE."
Mr. and Mrs. P. C. Straley and Mrs. LeRoy Nicholson motored to Coleman Monday morning to be with their daughter and niece, Mrs. Robert Lee Jonas, who is ill in that city.

You'll be surprised at The SMOKE HOUSE. 5-2d

Court Returns Decision Today

(By International News Service)
WASHINGTON, Nov. 5.—The district of Columbia Court of Appeals failed to render the expected decision of attempt conviction of Harry F. Sinclair who was sentenced to three months and fine of \$500 for refusing to answer questions in the Senate Teapot Dome committee investigation one year ago.

FORMER BALLINGER BOY NOW CONNECTED WITH BIG PIPE LINE COMPANY

David Gregory, who was reared in Ballinger, graduated from the high school here, worked in various capacities from bank clerk to assistant cashier and became one of the valuable employees of one of the biggest banks in San Angelo, and who later accepted employment with the Humble Pipe Line company, at its West Texas headquarters at McCamey, is now located in Colorado, where he is assistant to the field superintendent of the Shell Pipe Line company, which is said to be the largest in America. Much responsibility rests on his shoulders, he being responsible for a big force of men and what they do. One employee of the firm in writing to a friend had the following to say of Mr. Gregory's success:
"They have tried him in the easiest and the hardest places, and everywhere he has more than made good, improving in many instances over the system formerly employed."

David Gregory is the eldest son of Mr. and Mrs. W. D. Gregory of this city, and only left Ballinger a few years ago. His wife, formerly Miss Lloyds Ward, was a teacher in the Ballinger High School, and the couple have the best wishes and congratulations of many friends in Ballinger and San Angelo upon the success attained by him in his profession.
Mr. and Mrs. Gregory were here to spend Sunday with his parents and left Sunday evening, accompanied by his mother, who will visit them in Colorado for a few days.

BALLINGER MARKET BETTER THAN THAT ELSEWHERE

Ballinger cotton buyers are paying on an average of three-quarters of a cent per pound more for cotton on the streets than is being paid elsewhere since they are paying according to the length of the staple. Also, Ballinger merchants and produce men were paying 40 cents per dozen for eggs, when the egg market was quoted at 32 cents wholesale elsewhere.

The pecan crop coming on the Ballinger market also comes in for a boost in price as the buyers here are paying a little over the market quotation on this commodity.

Taking these prices and commodities as a basis it would seem that Ballinger is in a general way paying more money in spot cash for the products of the farmer than any town in West Texas. Of course, where a man pays a debt with his farm products he naturally expects a long price, but Ballinger buyers are not paying these prices and cancelling debts; the farmers first selling their products at a long price and then paying their debts in a business way.

Mrs. Will Curris of Paint Rock passed through Ballinger Monday, en route to Sweetwater, where her sister was to have been operated upon in a hospital at 11 o'clock. She was accompanied from Ballinger by Mrs. Kirk Gregory, R. N., who will nurse her sister until she is able to be removed from the hospital.

DALHART—New hospital building under construction.

Smith Pleads for Farmers' Votes

(By International News Service)
NEW YORK, Nov. 5.—A final forceful plea to the American farmer and his wife to go to the polls tomorrow and chastise the republican party for failure to provide agricultural relief during the last two administrations, will be broadcasted through the grain belt today by Governor Al Smith, democratic presidential candidate. This will be accompanied by a plea with a definite pledge, that the democrats, if restored to power, will deal with the problem with efficiency and dispatch.

Smith Confident On Election Eve

(By International News Service)
NEW YORK, Nov. 5.—Reports and advices clearly indicate a democratic victory tomorrow," Governor Al Smith, democratic presidential nominee, declared following a two-hour conference with John J. Raskob, democratic national chairman. Raskob claims 402.

Hoover Returns To California

(By International News Service)
HOOPER SPECIAL ENROUTE TO PALO ALTO, Calif., Nov. 5.—Herbert Hoover returned to his home state today to await the verdict of Tuesday's election. He is confident of victory. Despite the long journey from Washington with 14 rear platform speeches, the candidate is in good trim. Hoover crossed the Nevada state line at sunrise and was cheered by large assemblages all along the route. He will make his final appeal over the radio tonight.

WASHINGTON, Nov. 5.—In a telegram from his home at Pueblo, Colorado, Hubert Work, chairman of the republican national committee, today predicted that Hoover and Curtis would be elected tomorrow by four hundred electoral votes.

WASHINGTON, Nov. 5.—President Coolidge will leave Washington tonight for Northampton, Mass., to cast a vote for Herbert Hoover tomorrow.

Nicaragua Elects Moncada President

(By International News Service)
WASHINGTON, Nov. 5.—General Jose Moncada, liberal candidate, is apparently elected president of Nicaragua, according to incomplete returns to the State Department today. Adolfo Bernard, conservative candidate is running more than 19,000 votes behind with 275 of 432 precincts already in. United States marines supervised the voting.

Roy Sharp was here over the week-end visiting his mother, Mrs. Mary B. Sharp and other relatives.

Ledger Completes Arrangements For General Election Returns

The Ledger is all set to give the election returns Tuesday night to its patrons. A bulletin service will be run from 6 o'clock to past midnight. The Texas Election Bureau will supply the Texas returns. The International News Service will give bulletins every 15 minutes on tabulations from the entire nation and arrangements have been made with the Ballinger Electric company through its manager, G. P. Teague, to install a radio and loud speaker at The Ledger office which will be turned on early to

Boy is Crushed Beneath Tractor

Aubrey Morrison, age 15, son of W. J. Morrison, is in the Halley & Love Sanitarium in a serious condition as the result of an accident Saturday afternoon. The young man was driving a tractor home for Ben Stacy who lives in the Dietz community. A loose collar on the steering wheel of the tractor was causing some trouble in steering the machine and the young man was having to hold to the spokes of the wheel and hold the wheel firm on the shaft. In turning from the Crews road into a side lane that leads to the Dietz community, he lost control of the tractor and it ran across a ditch, throwing him from the machine. In some way he fell under the tractor and one of the large wheels ran upon his chest until the engine was killed. One side of his chest is caved in badly and he was brought here Monday morning for treatment in a very critical condition.
Had the engine not been killed when the wheel struck the boy's chest, it would have passed over the entire body and perhaps killed him instantly.

Sykes Motor Gets Another Building

A deal has been closed by the Sykes Motor company in which they lease the Noyes Building on Hutchings Avenue formerly occupied by the Ballex Auto company. The building is a double front and only two doors from their other building in the same block.

The new building will be used to house the used-car department, washing and polishing, greasing, and will sell used tires and tubes. Storage will also be available in the new building under this firm either day or night.
C. G. Locklin of Thorndale, will be in charge of the new department for Sykes Motor company. He is an experienced automobile man and has had many years of experience in the business.

Stores to Close November 12th

According to a survey made Monday morning by a representative of the chamber of commerce, all stores in Ballinger will close their places of business on Monday, Nov. 12 to celebrate Armistice Day.

All the places in Ballinger were not consulted Monday morning but as many as could be seen were canvassed and many others phoned and without a single exception everybody was intending to close anyway. About 20 firms stated that they intended to close whether anyone else did or not and regardless of any objection that might come from others, their places would remain closed for the day.

Last week several merchants here left ads with the Banner-Ledger to be printed this week telling the public that they would observe this day and according to indications now the entire town will join in the movement.

It is still undetermined as to whether the Ballinger High School football team will play in Brady on Friday of this week or on Monday, Armistice Day. Many people from here are planning to attend the game if it is played on Armistice Day.

AMARILLO—Contract awarded on bid of \$227,221 for construction of 14.7 miles hard-surfaced highway between here and Borger.

Hindenburg Receives Graf Zeppelin Flyers

Famous Gambler Shot Last Night

(By International News Service)
NEW YORK, Nov. 5.—Arnold Rothstein, age 46, famous gambler and turf operator, lay at the point of death in Poly Clinic Hospital today while 200 detectives combed the city in search of an unknown assailant who shot him last night. The wounded man was rushed to an operating table but after working over him for 45 minutes, physicians decided that his condition was too critical to operate. The police are greatly hampered in their search by Rothstein's refusal to divulge any clues. Rothstein is reputed to be worth \$5,000,000.

Sykes Motor Gets Another Building

A deal has been closed by the Sykes Motor company in which they lease the Noyes Building on Hutchings Avenue formerly occupied by the Ballex Auto company. The building is a double front and only two doors from their other building in the same block.

The new building will be used to house the used-car department, washing and polishing, greasing, and will sell used tires and tubes. Storage will also be available in the new building under this firm either day or night.

C. G. Locklin of Thorndale, will be in charge of the new department for Sykes Motor company. He is an experienced automobile man and has had many years of experience in the business.

H. L. Thompson has been put in charge of the parts and service department for this company. Charles Forbes has been made shop foreman and Bill Pagles will be in the service department at the new building and will greet the customers who want curb service for water, gas, oil and air.

TRUCK FARMING BEING RECOGNIZED AS VALUABLE

Truck farming in Ballinger territory is fast becoming a money making industry, many farmers have been planting small patches to garden stuff each year until now it has become quite general as well as one of the best paying propositions that a farmer can follow.

There are several farmers in the territory immediately adjacent to Ballinger who make trips to town daily with carloads of truck, such as tomatoes, turnips, greens, radishes, sweet peppers, sweet potatoes, squash, roasting ears, etc.

This class of field grown crop is a money maker, because it produces so much to the acre in the matter of dollars and cents. Tomatoes will average, perhaps, the year around, seven cents per pound and it is stated that 1,000 pounds of tomatoes may be gathered from one acre easily in a day when the fruit is yielding at its best. Other vegetables bring prices good in comparison.

THE WEATHER

West Texas: Scattered showers and not much change.

(By International News Service)
BERLIN, Nov. 5.—President von Hindenburg today received in audience the crew of the German dirigible Graf Zeppelin and three American naval officers who accompanied them. He expressed the hope that such a flight would bring Germany in closer friendship with the far away countries. Turning to the Americans, the president thanked them for the wonderful reception given the Germans in America, adding, "I hope this will further cement our friendship."

LINDBERGH RETURNS TO U. S. FROM MEXICO HUN

(By International News Service)
FORT WORTH, Nov. 5.—Colonel Charles A. Lindbergh took off a 10 o'clock this morning from Chihuahua, en route to the United States from Mexico, where he has been on a hunting trip.

Methodist Society In Good Program

A very pleasing program was presented Sunday night at the Ballinger Methodist church by the missionary society of that church. The entire program was in charge of the ladies who were celebrating their golden jubilee week and also giving the program in honor of the charter members of the Ballinger missionary society here when the first Methodist church was organized.

Mrs. Jno. A. Weeks, president of the society, presided over the meeting and introduced the numbers on the program.

After the singing of a hymn by the choir Mother Myers was called upon for the prayer. Miss Zadie Royalty read the Scripture lesson and the choir rendered an anthem. Mrs. Mary B. Sharp, a charter member of the missionary society, spoke to the crowd on the first missionary society, their help in building the first church and other problems of the early day. Her talk was very interesting and impressed the audience of the trials of the early society compared with today. Mrs. B. W. Denny sang a solo and Mrs. R. E. Bruce gave a reading.

Rev. W. H. Doss talked on the missionary society work as had been observed under him as a pastor for the last 53 years.

SHORTAGE OF BUTTER, EGGS AND MILK HERE

Owing to the great number of transients in the country and town at this particular season there is a shortage of eggs, butter and milk, which in a sense is rather an inconvenience to the fellow living in town at times.

The local creamery is suffering to a certain extent for the want of more fresh milk and cream. The local demand for fresh butter and eggs is so strong that the supply offered is very scant and the demand from the outside for the two latter commodities is so great that the supply is far from sufficient at this time.

It would appear that with the creamery, the demand from without and from within, that Ballinger's territory could use several more milk cows, many more chickens and many times as many eggs as are available at present.

MAKE IT SNAPPY, PLEASE!

We are writing this column with the hopes that it may help us get ad copy into this office a little earlier this week than is the usual custom. The force in the mechanical department of our shop will be compelled to work day and night in order that they may be able to handle the unusual amount of advertising that is to be done, owing to the enormous amount being placed in the weekly and daily edition for next Friday, which will announce Ballinger's first Trade Week.

As the time draws near for the final touches of the big editions, and as the time draws near for the opening of the biggest trade week in Ballinger's history, each interested merchant seems to realize more fully the importance and significance of the mighty effort to be put forth.

This is truly Ballinger's biggest opportunity to expand her business relations. Each merchant should and surely will do his best to offer something which will draw trade each day of the six included in the Trade Week campaign. So many have signified their intention of joining in the movement that to wait until the last day to get in the copy would be to wait too long for we will not be able to handle such a mass of advertising on such a short notice.

So please make it snappy. Stop right now, please, and give this a few minutes' thought; get that copy ready and let's make this Ballinger's best and biggest Trade Week.

LEAGUE SMOKERS IN INTERNATIONAL MEETING AT PARIS IN NOVEMBER

(By International News Service)
PARIS, Nov. 5.—A "date extraordinary" in the history of tobacco is to be marked on the 18th day of November when the League for the Defense of Smokers will hold an international congress in Paris. According to the organizers it will be only second in importance to the date when Sir Walter Raleigh first put spark to leaf for the comfort of Europeans.

The league indicates that it is equally ready to cooperate with anybody who may have ideas as to how tobacco can be still better enjoyed, fire risks reduced, and everybody made happier all around. The congress will include smokers, representatives of plantations, manufacturers and workmen from tobacco, cigaret and pipe factories and even tax collectors.

Other officials invited are representatives of the fire brigade, the ministry of agriculture, the forestry department, and the water works.

"Smith's Election Means Tammany Rule" By Bressler

Hudspeth Strikes At G.O.P. Leader

AUSTIN, Nov. 5.—The democratic party has a program that offers a greater guarantee of protection to the producers of live stock and farm products than the republicans, and democratic victory in the election next Tuesday will mean a greater degree of protection under the tariff, it was declared in a statement from Congressman Claude B. Hudspeth issued from the state democratic headquarters here today. Congressman Hudspeth was the only Texas member to vote for the Fordney-McCumber tariff bill. He is so ardent in his enthusiasm for the tariff policies proposed by Governor Smith, and backed up by an overwhelming majority of democratic nominees for congress, that he has left a convalescent easy chair to make speeches in his district, pointing out the tariff proposals of the democratic party. Together with Congressman John M. Garner, ranking democrat on the ways and means committee, Mr. Hudspeth spoke at Uvalde Tuesday night. Both congressmen declared in their speeches that the Texas producers of wool, mohair, cattle, sheep, goats, onions, tomatoes, cabbages, peanuts, and other products of farm and ranch, have everything to gain from a democratic victory. Congressman Hudspeth already has spoken at Rock Springs and has engagements at Midland Thursday an engagement in his home in El Paso Saturday night. He has challenged former Governor O. B. Colquitt to divide his time with him in these speeches.

"During the ten years that I have been in Congress," Mr. Hudspeth said in his statement, "I have fought determinedly for tariff protection for the interests of the people I represent. And in fighting for them I have fought for my own interests, because everything I have invested in the ranching industry. I believe I know the minds of the members of congress and I am happy to be able to tell my people that the time has come when they can look to the democratic party with assurance for a greater degree of protection than could ever be hoped for or could ever be got from the republican party. Whatever protection we have had under the republican tariff schedule was incidental. The protection primarily was provided for the manufacturers and we got the crumbs that fell from the table. The democratic plank adopted at

Six Girls Teams In County Fight

C. R. Smith of Winters, director of girls' athletics in Runnels county, was here Saturday looking after business and stated to a Ledger reporter that only six girls' basketball teams would compete this year for the championship of the county to represent Runnels county at the district meet.

The county was divided into three districts at the meeting held by Mr. Smith Saturday, with the following teams in each district: District No. 1, Bethel and Crews; District No. 2, Wingate and Drasco; District No. 3, Maverick and Miles. The district champions must be decided by December 14, the semi-finals to be played by January 11 and the county championship played by February 1.

There is a silver loving cup goes to the winner of the girls' basketball tourney in the county. The cup is at present in possession of Wingate, they having won the cup from Winters last year when they defeated Maverick for the county championship. The cup was offered three years ago and was won two years in succession by the Winters girls. The cup becomes the property of any school which wins it three consecutive years.

Mr. Smith stated that they were making big preparations for the football game between Ballinger and Winters on November 23 and that he hoped to see all of Ballinger there when the whistle is blown.

The Ballinger-Winters game is the only real game of the year and if it were not for it the teams would have a hard time getting by. Both teams share equally in the receipts and a big delegation from Ballinger to this game will help one team as much as another in a financial way.

Health Program Excellent One

The first program of Education Week was held Monday morning at the high school auditorium from 10 to 11 o'clock. The subject for the first day was "Health Day," and the program was in charge of the Runnels County Medical Society.

Dr. J. W. Blasdel was the first speaker and talked to the student body about the co-operation of the people for stamping out disease.

Dr. O. R. Lasater followed next and spoke on the care of the teeth, especially among young people.

Dr. J. W. Macune spoke on the necessity of health in the school while getting an education.

The program was unusually good and brought a very timely message to the students. The faculty and student body were very appreciative of the doctors having taken time to give them the helpful thoughts, and with the start Monday, the entire week will do much good if the programs are in keeping with the first.

The SMOKE HOUSE is open all night. 5-2d

HIGH SCHOOL ORCHESTRA CONCERT IS POSTPONED

The orchestra concert at the high school auditorium by the High School Orchestra under the direction of Miss Dorothy Chancey, has been postponed from November 23 to November 27. The postponement was caused by the pep meeting that will be staged here on that night before the Winters-Ballinger game and the banquet to be given the football team by the Lions Club.

Just arrived, a large shipment of Holland grown bulbs. Ballinger Floral Co. 2-5d

Floyd Sykes of Winters was a visitor in Ballinger Sunday with relatives.

MOVIES

Chaplin Says Films Are For Emotions

Charlie Chaplin, whose newest comedy, "The Circus," comes to the Palace Theatre today, believes films should appeal to the emotions, not merely to the intellect.

"In 'The Circus,' as in all my pictures, I appeal to the feelings," says Charlie. "I am not at all fond of merely clever things. I do not want to make my films purely intellectual; they must have moving power in them. Of course, different things give different people. I have sat down and deliberately said to myself:

"I will enjoy this poetry of Keats or Shelley, or whenever it happened to be.

"But I can't. I can't get it from the words, as I can, for instance, through watching a dancer. Pavlova, to me, is all life. She embodies everything. I try to clasp the poetry in my films as she embraces it in her great art. And the rhythm."

Charlie again spoke of the emotional appeal in a picture.

"You cannot emphasize too much the importance of orchestral scores for pictures. I believe that the score should be made, and not that people should spend a year making a film and then have a score written in a week. It is just as though Pavlova were to say:

"I shall dance,—and, oh yes,—we shall have some music, too"

"The picture of today is dance, swing, movement. Hence its orchestral arrangement is just as important."

Charlie Chaplin personally supervised the scoring of "The Circus." The famous comedian is an accomplished violinist, pianist and organist.

HUDDSPETH STRIKES—

(Continued From Page 2.)

Houston is a stronger and fairer tariff plank than that adopted by the republicans at Kansas City. Under the leadership of a democratic administration, agriculture will find more sympathy than it did from the republicans. Governor Smith has stated his tariff views in very specific terms and he has said that he will protect the livestock industry. Not only has he as the nominee for the presidency declared for a protective tariff, but he has received pledges from 80 per cent of the democratic nominees for congress that they will back him up in this matter. As between Alfred E. Smith and Herbert Hoover as men, Governor Smith necessarily must be the choice of the producers of raw materials because he has always been the friend of agriculture and the friend of the people. On the contrary, Mr. Hoover has always been the friend of industry and opposed to the people.

"When he established a rule as food administrator that a beef car-

case must weight 750 pounds before it could be accepted for the market, he was the friend of the packer and not of the cowmen. When he commandeered our wool and our mohair to sell at 40 cents a pound, when in a free market it might have brought 65 or 70 cents Mr. Hoover was not our friend. Every livestock producer in Texas can rest assured that Governor Smith will keep his promise and there will be no discrimination against the producers and no favors of the manufacturers in any tariff schedule adopted by a democratic congress under the administration of Alfred E. Smith. It was a republican administration under President Taft in 1909 that took the tariff off our hides and left a sky-high tariff on leather goods. From that day to this the republicans have fought tenaciously to preserve that discrimination in favor of the leather manufacturers and tanners. They are content with no tariff that is not above 500 per cent greater on leather goods than it is on hides. I can tell the cattlemen of Texas now that there will be no such instances of discrimination in a

tariff schedule that is approved by Governor Smith. If he approves a tariff on leather goods, there will be one commensurate with it on hides. I have seen members of congress who formerly fought a protective tariff swing around to our views and I am perfectly satisfied that our democrats in congress now recognize the need of a tariff

that will at the very least equalize our costs of production with the cost of production in those countries where there is no labor cost.

WEDDING BELLS

Smith-Clifton
 Mr. Cicero Smith and Miss Bertie Clifton were married Saturday night at the Presbyterian manse by Rev. E. W. McLaurin. Friends had been suspecting something but the couple surprised them without any notice, stole a march and showed up married. Herbert Sledge was the only person who was let in on the secret and accompanied the couple to the manse.

The happy young couple are at home in one of the Sam Behringer duplex apartments at present.

Cicero Smith is one of Ballinger's most popular young business men. He was made manager of the H. H. Hardin Lumber company yard here about one year ago. He graduated from the Ballinger High School and attended school at Dallas before coming here to accept a position with the H. H. Hardin Lumber company. He is closely connected with the civic moves of the town, being a member of the chamber of commerce and Rotary club.

Miss Clifton came to Ballinger seven months ago as manager of the Western Union office. Since coming here she has made many friends both in a business and a social way.

Jeanes-Straley
 Mr. Paul Jeanes of this city and Miss Lols Straley were married in Comanche Sunday afternoon at 2:30 o'clock at the home of the bride. Rev. LaPrade, pastor of the Methodist church performed the ceremony in the presence of a few close friends.

Immediately after the marriage the young couple returned to Ballinger where they will make their home. They are at the home of Mrs. E. A. Jeanes for the present.

Paul Jeanes is one of Ballinger's youngest business men and has a host of friends. He has been engaged in the poultry business since his graduation from high school, being associated with his father until his death, and since that time has had complete charge of the Jeanes Poultry Farm on the western side of the city.

Miss Straley has relatives living here. Ernest Straley, a brother, and P. C. Straley, an uncle, both reside in this city.

Fuller-Middleton
 Miss Nannie Mae Middleton, of this city, a daughter of Mr. and

NEWS — COMEDY

Mrs. W. E. Middleton, surprised her many friends Saturday when she was married at Melvin, to Mr. John Fuller of Sweetwater.

Mrs. Fuller was a member of the graduating class of the Ballinger High School in 1925, and had since that time been teaching in the county and otherwise keeping herself employed. Lately she had been working in the office of the Community Gas company, and will continue to fill this position for some time to come. Mr. Fuller is an employee of the same company at Sweetwater.

The young couple, after being pronounced man and wife continued on their way to Brady where they spent Saturday night and Sunday with friends, returning here late Sunday. Mr. Fuller went on to Sweetwater and Mrs. Fuller stayed here.

Mrs. Fuller has many friends in this city as well as other cities, who will join The Ledger in extending congratulations.

LEGION MEETING TONIGHT CALLED TO ELECT OFFICERS

The Pat Williams Post No. 8 American Legion will meet tonight at 7:15 o'clock in the last meeting of the present year. The Legion year in this post is closed with Armistice and tonight the administration under Commander Cohen will give a report of the work done by the post since last Armistice Day.

After this report and a report for L. R. Tigner, finance officer for the post, the officers for another year will be elected and will immediately enter upon their work, taking their seats on the new jobs at tonight's meeting.

Commander Cohen is anxious that as many Legionnaires be present as possible tonight to take part in the meeting and hear the account of the work done for the last year.

FOR YOUR convenience I have stored with Currie Produce Co., green tomatoes, peppers and onions for your chow-chow. J. C. Taylor. 5-2d*

SMALL GRAIN CROP HELPED BY RECENT HEAVY RAINS

The recent seasonal rains and the prospective promise of more rain and moderate weather, has boosted the possibilities of a bumper crop of small grain to such a point that planting has been resumed and that grain which was already planted is up to a fair stand and growing good.

It is thought, that owing to unsatisfactory results of growing cotton and the disappointment usually met from the harvest of that crop, that a much larger acreage will be planted to small grain this year than is usually the case.

Carl Wilson has just returned from the Davis Mountains where he has been working for the last month. Mr. Wilson reports lots of rain in that country.

Local School Enrolls 959

The enrollment in the local schools totalled 959 Monday according to figures made public by Supt. H. C. Lyon. Of this number 330 are enrolled in the high school, 213 in Central High, 358 in the primary, 6 in the Mexican school and 52 in the colored school. The figures were based upon the reports to the superintendent for last week.

Also the report indicated that the following special subjects have been taught to the number of students indicated:

Patriotism 610, citizenship 610, flag rules and regulations 606, accident insurance 554, fire prevention 675, organized athletics 69, debating 11, piano, 45, voice 1, violin 4, orchestra, 12, glee club 20, art, 10, pep squad 101, expression 21 and band music 25.

GALVESTON—Actual construction on 200 mile extension of Intracoastal Canal from here to Corpus Christi will begin in near future.
