Approximately 200 are expected to attend the New Year's Eve dance at the Youth Center in Ballinger, sponsored by the G. G. Club members.

Serpentine streamers and confetti in brilliant colors will bring added merriment to the party. A large clock with Father Time and the New Year Babe on either side will stand at the entrance to give guests a hint of the more festive setting inside. A big bang of color—blue, pink and silver—will be featured in the dance hall.

Jimbeth Flynt, president of the G. G. Club, will be assisted by the club personnel in hosting the dance-party.

Pink, blue and white streamers were festooned about the dance hall. The refreshment table was laid with lace and centered with the punch bowl encircled with pink angel hair. Pink candles at each side completed the table decorations. Cookies and punch were served.

Mr. and Mrs. Henry Goetz of Rowena had as their guests during the holidays their children, M-Sgt. and Mrs. Elton Goetz and Carolyn, Mr. and Mrs. Mirand Goetz, Jeanne, Amy and Stevie, all of San Antonio, and T-Sgt. and Mrs. Rodney Watson and Emyln of Oklahoma City. New Year's Beginning

At the beginning of each new year all of us here in the bank feel a deep sense of gratitude to our friends and customers; without folks like you there would be no institutions of service like ours. Banks must enjoy the confidence of those they serve if they are to prosper and grow; so, at the beginning of this new year, we will attempt expressions of appreciation for loyalty and good-will and to say simply and earnestly, "Thanks to all of you."

We hope the New Year just beginning will bring to all contentment, prosperity and happiness.

There will be little change in Runnels County officially this week. The commissioners' court will meet to hear in 1959 new officers and approve all bonds of new and elected officials. Otis Jacob III become the new county treasurer and Melvin Mapes will be sworn in as commissioner of precinct No. 2. All other officials will continue on as in the past. The fact that there are a few candidates with opposition on election years and no changes at the court house should speak very highly for those who administer our county government. All are well experienced in their work and render a service which is satisfactory to the people, thereby letting them hold the offices as long as they desire.

There are two big events coming in this year. The first will be the annual March of Dimes and this county, with a large number of polio cases still needing hospitalization, is on the spot to raise a large

sum of money. During 1958 it was necessary for the county unit to borrow from the National Foundation to meet bills. Several thousand dollars was sent so that patients could continue to receive treatment and care in hospitals and at Warm Springs at Gonzales. The load will likely be no less in 1959 as all these children are still in a condition that will require much more treatment. Last year the local March of Dimes money was spent by the end of September and since that time bills have been paid by grants from the National Foundation.

The second event will be the raising of funds to finance the annual livestock show. The show will be sponsored again in 1959 by the Ballinger Chamber of Commerce and local people in the south half of Runnels County will be asked to pay the bill. The show will be for all 4-H and FFA boys in the Ballinger, Olfen, Rowena, Miles, and Norton school districts.

Every person should be ready to start 1959. It is not necessary to make a lot of resolutions that will likely be broken, but it is a good time to take stock and see just how we and our country are getting along. Those of us who live in this nation have a lot to be thankful for we are not at war, our economy is standing up fairly well, our standard of living continues on the top-side, our health, as a people, continues to improve; there is more tolerance, less bigotry; we have a most wonderful form

WEST TEXAS NOTES

Firemen at Eden had charge of the program to provide for the needy families and after packages were arranged, they accompanied Santa Claus to each home where the delivery was made. Prior to Christmas, Eden firemen were busy getting used toys repaired and repainted and last week they had a large number on hand. They called upon the public to advise them of any children that would be in need of playthings during the holiday season.

Comanche staged a successful Christmas decoration contest which resulted in many beautiful pieces and the night lighting attracted many people to that city. In the final contest the N N Durham home won first place and the Stag Creek Club a first in their division. Those in charge of the contest complimented the people who cooperated and made possible the beautiful homes, public buildings and other scenes in Comanche.

Civic leaders at Brady have been told by the Air Force that "Sonic Booms" over that city will be curbed as far as possible. Information from Kelly Air Force Base at San Antonio gave information that jets were flown over areas where the least possible disturbance would occur. At Brady there have been "booms" almost every day and in some cases damage has resulted in broken windows and local damage. The air force thanked the Brady men for calling the matter to their attention and promised to do everything possible to protect the area in the future.

named after some person at Menard and a plaque will be placed on the door of the room as soon as they can be made. The program will remain open and others who wish to provide a memorial room can do so by seeing the hospital manager.

Coleman firemen delivered about 100 Christmas baskets last week to take care of the families there who were in need of help. The baskets were purchased from a fund contributed by the people of Coleman and which amounted to more than \$1,400. Prior to Christmas, toys had been gathered and repaired for use in Christmas boxes and just before Christmas the cheer fund was used to provide for each family as best as was possible.

OPTOMETRY: The Art and Science of Visual Care

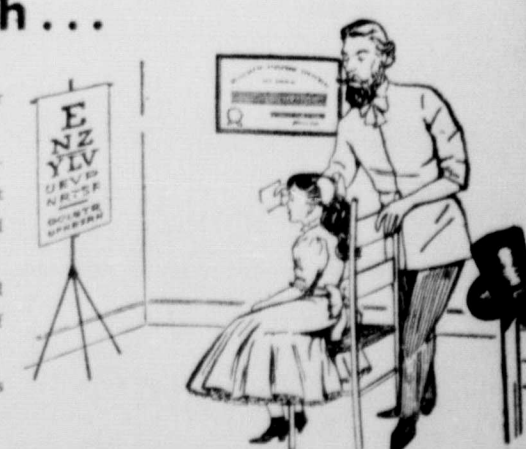

20/20 WAS good enough...

for Mr. Snellen, who invented that vision test in 1865. But not for today's needs, for much more is involved.

Children in school today do not learn at 20 feet but at near distances, 10 to 18 inches away. That's why testing for skillful vision at "near" is so important. Evidence shows that most children who fail the 20-foot test usually are in the UPPER fourth of their class.

Seeing problems increase as the grade advances. In grade school 9 per cent, in high school 24 per cent, and in college 40 per cent of the students have deficient vision.

Be sure YOUR child is examined for NEAR vision. That's important!

DEATHS

Mrs. Mattie Holliday

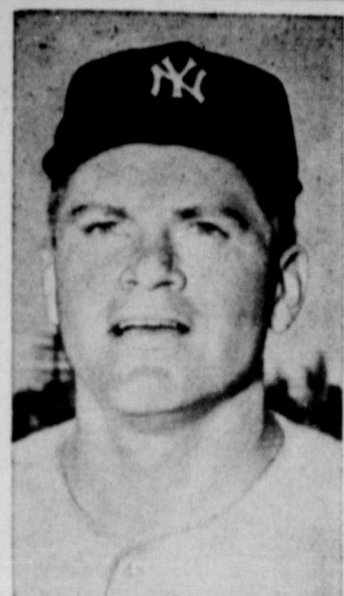

Mrs. Mattie Holliday, a resident of Runnels County for the past 75 years, died at the home of a daughter, Mrs. E. V. Grantland, in Colorado City at 3 a. m. on Christmas Eve. She was ill for only one day.

Decedent was a deeply religious woman and was responsible for much of the leadership in the pioneer days. She and her husband are credited with being responsible for one of the first Sunday schools in the county, a group organized at their farm home, four miles north of Runnels City, in the Bowman community.

She was born July 14, 1862, in Paris, Texas, and was married there to J. R. Holliday on December 10, 1879. They moved to Runnels County on March 1, 1883, and settled at Runnels City. Four years later they moved to their farm north of Runnels City.

Mr. Holliday was a freighter and helped move many of the houses from Runnels City to Ballinger after the coming of the railroad in 1886. He died in 1913.

In 1916 Mrs. Holliday moved to Ballinger to make her home. She was active in the Missionary Society of the Baptist Church and was a Sunday

"CAC" SHOT—Hank McCullough of West Hollywood, Calif., prowls downtown streets of Los Angeles with a tankful of "fresh air" from less smoggy localities. Reason: air pollution that plagues Los Angeles at times because of peculiar atmospheric conditions that trap ground air and its load of industrial and automotive exhaust fumes.

school teacher in the First Baptist Church for 22 years. In all she taught a Sunday school class for 47 years. She had been a member of the Baptist Church since early childhood.

Her hobby was letter writing. She was a direct descendant of General Nelson A. Miles who is buried in Arlington Cemetery in Virginia.

Funeral services were held at the First Baptist Church at 10:30 Friday morning with the Rev. B. J. Martin, a former pastor, now at Pasadena, and

the Rev. J. B. Fowler officiating. Burial was in Evergreen Cemetery under the direction of Newby-Davis Funeral Home.

Of her ten children, five survive. They are Robert Holliday of Houston; Fred Holliday of Ballinger; three daughters, Mrs. Mildred Watson of Lufkin, Mrs. Grantland of Colorado City and Mrs. Henry McDonald of Winters. The musical season of 1955 and '56, and the Summer Music Festivals of 1956 from the book, "Listening to Music," by Winthrop Sargent, will be discussed by Mrs. Troy Simpson. Mrs. Bob Bartlett will play "Viennese Sonatina" No. 2, by Mozart. Mrs. Earl Cope will be in charge of the business.

The regular meeting for the club was changed to Monday

instead of Tuesday because of the Van Cliburn concert in San Angelo.
