

## From the desk of Santa Claus

Mrs. Claus and I came to Friona Texas, all the way from the North pole and we are very happy we did. The people of Friona are good people and all the kids big and little were wonderful. The elves were a big help to us and the train ride in was the best. Mrs. Claus and I would like to wish all of the people of Friona A Very Merry Christmas and a Blessed and Wonderful New Year. Hope to see you again next year.

Merry Christmas Yall.

**FHS is victim of bomb threat hoax**

According to various law enforcement agencies, dozens of bomb threats were reported last Thursday at government buildings, media outlets, banks, and schools across the United States. The threats were sent in spam emails requesting that their targets pay ransoms in bitcoin. The emails were all similar in that the sender had hired a "recruited mercenary" to place an explosive device in the building and that it would be detonated unless \$20,000 in cyber currency was paid. These threats were a twist on earlier cyber extortion schemes that threatened individuals with blackmail if a payment was not sent.

One of the targets of the cyber attack last Thursday was Friona High School. Somewhere around 2:30 p.m., a teacher at FHS checked their email and discovered the threatening message. That teacher reported the threat to the High School office and the staff notified local law enforcement officials. After determining that the threat posed a danger to the students, a predetermined evacuation plan was implemented. All students exited the buildings and loaded onto buses and were driven to an undisclosed location until the threat was declared over. The evacuation plan took approximately 5 minutes to complete. Meanwhile, the Primary, Elementary, and Junior High Schools were all placed on "lockdown" as a precaution.

At approximately 3:20 p.m., the Friona Police Department informed Superintendent Jimmy Burns that the Texas Rangers had given the "all clear" signal and that the students could return to school. Even though there were a few anxious moments, school officials were very pleased with how everyone handled the crisis. Superintendent Burns would like to remind parents that the safety of the students is his number one priority and that all lockdowns and evacuations are designed and mandated in order to protect your kids from danger.

The FBI has offered support to all local authorities. "We are aware of the recent bomb threats made in cities around the country," the FBI said in a statement. "As always, we encourage the public to remain vigilant and to promptly report suspicious activities which could represent a threat to public safety."

It will be hard to discover who initiated the cyber attack scam and if their motivation was money or just chaos. There were no reports that any explosive devices were found, but the threats alone cost thousands of dollars.

**Book Shoppe Holiday Schedule**

## FRIONA FLASHBACKS

From the Friona Star Archives

### January 8, 2018

The Friona star is under new ownership. A group of local investors organized as Friona Star, LLC have purchased the Friona Star. The new owners are Danny & Holly Campbell, Bill & Jeri Lynn White, Teddy & Sharon White, and Clint Mears. All are long-time friends of previous owners Bill & Carol Ellis and Ron Carr. Their goal is to continue to make the Friona Star a wonderful paper full of local news, sports, history, pictures, special events, and to showcase Friona and its citizens. Readers wishing to submit information to the Friona Star may do so by emailing frionastar@wtrt.net, faxing (806) 250-5127, or calling (806) 250-2211. If emailing or faxing, please include your name and phone number.

### February 1, 2018

Records are meant to be broken and this record really needed to go. The goal was to break 35,422 bales ginned in a season. That mark was set in the year 2000, or Y2K if your memory allows you to go back that far. Yes, the same Y2K that terrorized the country at the turn of the century. Well Y2K is gone and so is the record. The new standard is 36,353 bales. No sophomore jinx for Duncan Welch. The second-year manager of the Friona Farmers Co-Op is already looking forward to breaking the record again. The season started October 25, 2017 when a module was brought in for John Jarnecki. The gin fired up, sometimes literally, on October 26th and three months later the record-breaking bale was loaded up and hauled away. This year marked the first time in decades that James Anthony has not hauled for the gin. Mark Anthony Trucking has assumed the responsibility and the finished bales were transported to the compress in Sudan, Texas. Tony Beauchamp had the last module that was brought in and the gin finished ginning operations on January 25, 2018. For the season, 4,106 modules were brought to the gin yard. That included the traditional modules, which look like portable storage units, and the round bales that are wrapped in yellow. You might have seen these being hauled through town by trucks carrying about ten bales each. The average module weighs 18,000 pounds and it takes roughly four of

the round bales to equal one module. The average module produces around 8 to 10 bales of cotton. By-products of the ginning process are seed and burrs. Seed is sent to the PYCO mill in Lubbock, Texas. Seed and burrs are also hauled to local dairys and feedyards. Even though it was a record breaking year it still could have been better. Of the 21,000 acres of cotton that were planted around 6,000 acres were lost due to hail and drought. The wet and cool weather in August also hampered plant growth and maturity. Duncan said that the overall quality of the crop for the year would be rated as "poor" in comparison to other years. He also expects that there will be more acres planted in cotton next year. An unnamed source said that if you lined up all the bales ginned back to back that they would stretch from one end to the other. Go figure.

U.S. Air Force Airman Luz A. Salas graduated from basic military training at Joint Base San Antonio-Lackland, San Antonio, Texas. The airman completed an intensive, eight-week program that included training in military discipline and studies, Air Force core values, physical fitness, and basic warfare principles and skills. Airmen who complete basic training also earn four credits toward an associate in applied science degree through the Community College of the Air Force. Salas is the daughter of Gregory A. and Luz M. Salas and granddaughter of Maria L. Salas of Friona, Texas. She is a 2017 graduate of Friona High School, Friona, Texas.

### June 14, 2018

Denver - Jacee Burney, a 6th grade student at Friona Junior High School has earned a position on the New Mexico state National Junior High rodeo team and will be traveling with fellow teammates to Huron, South Dakota, June 24th thru June 30th to compete at the 14th annual Nation Junior High Finals Rodeo (NJHFR) in the Pole Bending competition. Featuring roughly 1,000 contestants from 43 states, five Canadian provinces, Australia and Mexico, the NJHFR is the world's largest junior high rodeo. In addition to competing for more than \$80,000 in prizes, contestants will also be vying for more than \$200,000

in college scholarships and the chance to be named a National Junior High Finals Rodeo World Champion. To earn this title, contestants must finish in the top 20, based on their combined times/scores in the first two rounds, to advance to Saturday evening's final round. World champions will then be determined based on their three-round combined times/scores. Again this year, the Saturday championship performance will be televised nationally as a part of the Cinch High School Rodeo Tour telecast series on RFD-TV. Live broadcasts of all NJHFR performances will air on www.RidePass.com. Performance times are 7 p.m. on June 24th and 9 a.m. and 7 p.m. each day thereafter. Along with great rodeo competition and the chance to meet new friends from around the world, NJHFR contestants have the opportunity to enjoy shooting sports, volleyball, contestant dances, family-oriented activities, church services sponsored by the Fellowship of Christian Cowboys, and shipping at the NJHFR tradeshow, as well as visiting area attractions as Huron hosts the NJHFR this year. To follow your local favorites at the NJHFR, visit www.NHSRA.com daily for complete results. Jacee also qualified for and competed in the New Mexico state rodeo that was held May 24-28. She tied for 3rd in the pole bending, 15h in Barrel Racing, 10th in Ribbon Roping, 16th in Goat Tying, 25th in Team Roping, and 18th in Breakaway Roping. She was named the Reserve Rookie of the Year and finished 12th in the All Around. This was Jacee's first year to compete in the Junior High Rodeo.

### July 26, 2018

The heat was on. The 13th Annual Cheeseburger Festival was smokin' as the temperature reached triple digits and cheeseburger maniacs broke the festival attendance record with over 2,700 filling the city park. They came, they saw, they ate. One thousand pounds of beef, 500 pounds of cheese, and 2,500 hamburger buns were devoured. Also, 500 pounds of "World Famous" french fries were served by the Noon Lions Club, and kettle corn, funnel cakes, and handmade sodas were also in hot demand. Calories, what calories.

## Panhandle Parables Hope For The Holidays

By Jeff Procter, Minister, 6th Street Church of Christ

Let's face it holidays can be a trying time. It would be nice if everything had a Hallmark ending, but the reality is there can be a lot of stress, struggle and despair that can present itself too. Emotions can run high dealing with all that encompasses the traditions of the seasons. Long lines and parking lot mania are just a couple of the chaotic experiences this time of year. For some it goes much deeper as they face the first holiday season without a loved one. Still others long to connect to family, but do not have that opportunity. I do not share all this to bring anyone down, I am not a Baugh hum bug type of person. The problem is these things can affect believers in Christ just as much as non-believers and it is to that end, I write to you today.

This world can be cold and heartless, it can be very dark in places. It was so also at the birth of Jesus Christ. Yet, when His light blasted through the darkness like a knife through hot butter it would never be overcome. Although darkness made every effort, darkness failed to dim His light. As light of the world, Jesus came to remind people of God, He came to be king. He came to give hope and salvation to mankind. Hope is such a powerful force that anything can be overcome if hope is clung to during those dark times. Take a little walk through the Bible and you will find hope flows freely through its pages. Joseph had to cling to hope and believe some pretty difficult stuff about his bride Mary. Mary too clung to hope that what she believed would come to pass. Hope is not wishful thinking, but eager anticipation. It goes hand in hand with faith and love. Jesus gave us all of them. It is His gift. Even Jesus spent much time spreading a simple message to repent for the kingdom was at hand. It was the light that darkness could never overcome, but only retreat.

It doesn't take much; a small amount of hope can conquer a large amount of fear. Couple it with faith and love and the perfect trifecta is formed. I want to wish you a very Merry Christmas and a Blessed New Year and to remind you there is hope for the holidays and He started in a cradle that lead to a cross but ended with an empty tomb. So, go and share the hope that endures beyond the holidays.

## How Strong Is Your Faith?

By Teena Hughs

I know of someone who, according to credible sources, is both gay and agnostic. Since I don't personally know this person, I will refer to her as "Sue." For years, I have prayed many different prayers for "Sue", and one of those prayers has been for her to accept Jesus as her Lord and Savior.

One of the things that really upsets me is that "Sue" doesn't own up to who she really is. I have become angry with her because she is pretending to be a Christian and straight, when she is neither. I had stopped praying for her, but Sunday night, I started thinking about her. God is the only One who can change her, and she needs Him and prayer. As soon as I started praying for her, I heard, "It is such a fake lifestyle."

I was surprised at what I heard so, I looked up the meaning of the word "fake," and I found: not genuine; counterfeit, not what it seems to be; sham; fraud.

I had never thought of "Sue" living a fake lifestyle, but that is exactly what it is, for two reasons.

First of all, pretending to be something you aren't fits all of the definitions of living a fake life. "Sue" can fool many people she deals with and comes in contact with, but she cannot fool God. The truth always comes out, and when it does, many people will be hurt and disappointed at the deception "Sue" has perpetrated on them.

Secondly, the opposite of "fake" is real and genuine. To me, the only way to live a real, genuine lifestyle is to accept Jesus as your Savior and live your life in an authentic relationship with Him--loving Him, living for Him, serving Him, studying/knowing His Word, striving to be like Jesus. God doesn't want us to be shams or frauds; He wants us to be "real" and honest about who we are so we can grow in Him and with others; He wants us to be like His Son; and, He wants us to be in relationship with Him.

We are about to celebrate the birthday of the most real Man who ever walked the face of this earth, Jesus Christ. He is the Way, the Truth, and the Life (John 14:6); He is our example for how we should live our lives. We are not perfect, but in all that we say and do, we should honor God and try our best to be like His Son. Merry Christmas and happy birthday, Jesus!!!

## How Much Will This Season Cost Holiday Shoppers?

(StatePoint) According to one quirky and fun annual economic indicator, the cost of holiday shopping is on the rise this year, at least according to the song "The 12 Days of Christmas."

To purchase all the gifts mentioned in

the classic holiday song, it will cost 1.2 percent more than it did in 2017, according to the PNC Christmas Price Index, the 35th annual holiday economic analysis by The PNC Financial Services Group. The 2018 price tag for all the gifts was calculated at

\$39,094.93, approximately \$450 more than last year's cost. For the full report, visit [www.pnc.com](http://www.pnc.com).

"True loves" everywhere take note, you'll need a bit more money on-hand to fill the stockings on the mantle this season.

### Christmas Candy

Making candy at Christmas to give away or keep and enjoy is another common tradition. If you are like me, you have always just followed the recipe without really considering the science behind making candy. This week I will touch on a few candy-making facts and tips, and of course include a few of my favorite Christmas time candy recipes.

Candy usually begins with one or more of these three ingredients: sugar, water, and chocolate. Isn't it amazing that by using these basic ingredients you can make a whole assortment of candy?

Along with quality ingredients another important factor in candy making is the process. Basically, different types of candy depend on the temperature that is reached during the cooking of the ingredients, or the length of time that sugar crystals are allowed to grow, and the way the sugar is handled as it cools down.

Most candy begins with a simple syrup of sugar dissolved in water. By heating the solution, more sugar can be forced to dissolve in the liquid. The longer the sugar is on the heat, the more the sugar molecules break down and recombine. When the molecules recombine, crystallization begins. By manipulating the size of the sugar crystals that form, an array of textures can be produced. As the temperature decreases, crystals began to form. The speed at which the sugar cools also impacts the texture. For example, cooling over several days will create crystals like those found in rock candy.

Cooling that happens at a medium speed produces a fudge texture. This candy has minimal crystallization. Hard candies have more crystallization that results in a grainy structure. While very quick cooling creates sugar "glass" or sugar threads like found in cotton candy. Stirring and spreading out the simple syrup can speed up the cooling time for the sugar.

Another important factor in making candy is the use of an interfering agent. An interfering agent helps prevent crystallization so the candy you are making has the correct texture. Some examples of interfering agents include lemon juice, white distilled vinegar, and cream of tartar.

Candy making requires a few specialized tools and supplies depending on what you are making such as a double boiler, a candy thermometer, a kitchen scale, flavored oils and extracts, heat proof spatulas, dipping forks, pastry bags, molds, pastry brushes, and candy colors. Of these the most important is the candy thermometer. This brings us to another of Bill's favorite kitchen gadgets, his digital thermometer. Over the years, we have tried a variety of brands. We tried to be economical about our purchases, but we finally splurged and bought a Thermopen digital thermometer. We wished we had bought one of these years ago. This thermometer can be used to measure the internal temperature of meat as well as for making candy. So, if you don't already have a candy thermometer, I high-

ly recommend a Thermopen. These can be bought at [www.thermoworks.com](http://www.thermoworks.com). There is a great chart for candy temperatures on their website as well.

#### A few tips for making candy:

- Always use the correct sized pan. The water and sugar should come half way up the side of the pan. If the pan is too small, you risk boiling over the sugar mixture. A pan that is too large will cause the cooking to happen too fast.
  - Medium to high heat is best for cooking sugar.
  - You can combine the sugar and water off the heat. Just stir until the sugar is moistened.
  - Avoid stirring unless the recipe specifically asks you to stir. This can be an important way to correctly cool the mixture.
  - If you have to stir, use a stainless-steel spoon, unless instructed otherwise.
  - Use a pastry brush dipped in cool water to wipe down the edges of the pot to prevent crystallization on the sides of the pan.
  - Watch your pot like a hawk. When making candy, it is best not to multi-task.
- Most of this information was found at the following websites: [www.spruceeats.com](http://www.spruceeats.com), [www.thekitchn.com](http://www.thekitchn.com), and [www.acs.org](http://www.acs.org).
- Here are a few recipes for you to try. Maybe now you will notice some of the techniques that are used to create the different textures of the candy.

This recipe goes by a variety of names, but mine is just called Cracker Candy. It is simple, delicious, and addictive. You can also exchange the saltines with graham crackers for a different flavor.

#### Cracker Candy

- 40 saltines
- 1 cup of butter
- 1 cp packed light brown sugar
- 2 cups milk chocolate chips

Place the crackers side by side in a foil-lined baking pan. Combine the butter and brown sugar in a saucepan. Bring to a boil. Cook for 3 minutes, stirring constantly. Spread the mixture over the crackers. Bake at 400oF for 5 minutes. Sprinkle chocolate chips over baked crackers. Let stand 5 minutes; spread the melted chocolate over the top. Chill in refrigerator until firm. Invert onto a flat surface and remove foil. Break into pieces. Store, covered, in an airtight container in the refrigerator.

This recipe is from my Pop Pop, Glen Stevick. He used to make it every year at Christmas. Funny thing is that I don't love to eat peanut brittle, but I like to make it. I think it is fun to watch the sugar turn at the crackle stage. I didn't know all the info from this article when I began cooking the peanut brittle years ago. I just learned from trial and error.

#### Peanut Brittle by Glen Stevick

- ½ cup water
- 1 cup white corn syrup
- 2 cups sugar
- 3 cups peanuts, shelled
- 2 teaspoons baking soda
- 1 teaspoon butter
- 1 teaspoon vanilla

Add water to pan and add sugar and syrup. Boil until temperature reaches 230oF. Add peanuts. Then boil until 300oF stirring continuously. Then add butter, vanilla, and soda and mix thoroughly. Quickly pour onto a greased cookie sheet and allow to cool to touch. Then pop out of pan and crack into pieces.

Tip: It is important that you have all your ingredients measured and your pan greased before you begin to cook. Once the sugar reaches the desired temperature, things move really quickly.

I got this recipe from my dad just this week. He likes to make this every Christmas to share with friends. However, I am pretty sure he takes a few test bites as well.

#### Crock Pot Candy by Jerry LaFrance

- 32 oz. peanuts
- 12 oz. semi-sweet chocolate chips
- 4 oz. German chocolate bar
- 32 oz. white chocolate almond bark

Put all the ingredients in a crockpot as listed breaking up the bars into pieces before adding. Cover with a lid. Turn on low for 2 hours. **Do NOT remove lid until the 2 hours are up!!!!!! Do NOT overcook.** Stir and drop small amounts on parchment paper to cool and set.

## OBITUARIES

### Phil Montoya

On December 11, 2018, Phil Montoya, 77, of Albuquerque, NM, formerly of Friona, went home to be with his Heavenly Father.

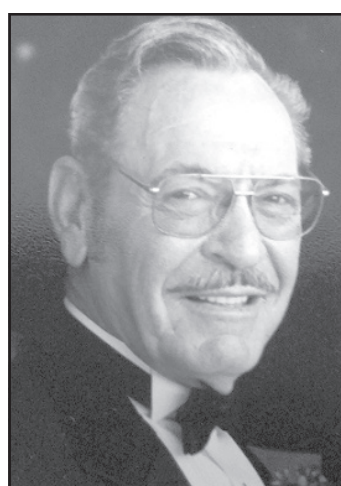

Phil was born in Albuquerque, NM, on June 16, 1941. He married Inez Morales on November 27, 1959. She preceded him in death on November 7, 1999.

Phil was a long-time farmhand in the Friona area. He spent thirty years working for local farm and rancher, E.G. Phipps.

In 2000, Phil moved back to New Mexico. On May 21, 2004, Phil married Cecelia Lucero. They celebrated fourteen wonderful years together enjoying dancing, traveling with children and going to the local casinos.

A rosary and celebration of Phil's life was held Friday, December 21, 2018 at Church of the Ascension Catholic Church in Albuquerque, NM. Catholic Mass and burial was at the church and Pajarito Cemetery in Albuquerque on Saturday, December 22.

Phil is also preceded in death by his parents, Atanacio and Adela Montoya and

one sister, Angelina Hern.

Those left to honor Phil's legacy include: Cecelia, of the home. Two sons, Mark and wife, Mozelle of Phoenix, AZ, Sam and wife, Melissa of Montgomery, TX and daughter, Brenda and husband, Paul, of Earth, TX. Five grandchildren, Brittany, Blake and Brennen of Phoenix, AZ, Heather of Oklahoma City, OK and Lindsey of Montgomery, TX. Three great grandchildren, Rori, Bryson and Gabe of Phoenix, AZ. Seven step children, and numerous step grandchildren and step great grandchildren.

Elva "Ann" Kelley, 89, of Friona arrived in Heaven at 8:10 a.m. on Saturday, December 15, 2018 after a long battle with multiple health issues. Her chains are now gone and she's been set free - what a glorious homecoming with her Lord and Savior we know it must have been! Family and friends will gather together for a celebration of her life Friday, December 21, 2018 at 2:00 p.m. at First Baptist Church in Friona with Rev. Brett Hoyle, pastor, officiating. Burial will follow in the Friona Cemetery by HANSARD FAMILY Funeral Home of Friona.

Ann was born in Halfway, Texas January 22, 1929. She was 36 days from her 90th birthday. We had planned to have a grand celebration to honor her life but the one she will have now with her Lord and family & friends will be far more special than anything we could have done for her here! Ann married T.A. Kelley in 1946 in Plainview when she was a senior in high school before he could be sent off to war. Due to heart damage from rheumatic fever he was not selected for service and they were able to celebrate 66

years of marriage before he passed away in 2012. Together they raised three daughters - Audry, Randie, and Tammi.

Ann was the oldest of 4 siblings and the matriarch of the family in the truest sense of the word. She had a fierce and rare love for her family and friends and she kept the generations connected. She truly cared about and loved every member of her family as well as her many friends and she made sure we all knew what was going on in the lives of the others. She was the glue that held us together.

Ann was a homemaker who supplemented the family income by making afghans, quilts, and baby quilts. She quilted for the public for

many, many years. Her heart and hands were filled with love and she often expressed it in her gifts for others. She made quilts or crocheted items for every member of her family no matter how distantly related as well as for her countless friends. Her love for others and her legacy will continue for years to come as we are literally wrapped in her love by her creations. She was the thread that lovingly stitched us all together and kept us hemmed in prayer.

Ann's passion was her family and friends. She loved for us to all be together and when we were, there was always good food, a lot of laughter, and usually some pretty exciting card games - she almost always won! She and T. A. spent many evenings playing 42 with their friends in the community. Ann also loved to read and she enjoyed sharing her books with others. She was a member of the First Baptist Church for 55 years. When her health no longer allowed her to attend, she faithfully watched the service every Sunday on TV.

Ann experienced many health problems for several

years but her race is now complete and she ran it well. She fought the good fight and we know her reward is great. She will be missed terribly but we know that when we join her one day our reunion will be incredible.

Ann is survived by her daughters; Audry Rowell and her husband, Vince, of Canyon, Randie Hamilton and the late Charles Hamilton of Friona, and Tammi Lafuente and her husband, Harvey, of Lubbock as well as her cherished grandchildren; Jason Rowell, Chad Hamilton, Kris Haffner, Cory Hamilton, Addie Velez and their spouses. Great grandchildren include Shelby and Lindsay Rowell, Carson and Layton Haffner, Caleb, Sammie, and Charlie Hamilton, and Lynnlie Hamilton. One brother, Delton Lewellen, and one sister, Tommy Goetz.

Memorials may be made to the First Baptist Church, 404 West 5th Friona, Texas 79035 or Prairie Acres Nursing Home 201 East 15th St. Friona, Texas 79035

## Flying Queens Seek Nomination For Induction Into Basketball Hall of Fame

*Entry into the Hall of Fame Would Cement A Long, Rich History For Women's College Team From West Texas*

Wayland Baptist University's women's basketball team, the Flying Queens, is seeking nomination for enshrinement into the Naismith Memorial Basketball Hall of Fame 2019. The Queens were finalists for Enshrinement earlier this year. The Queens hold the record for most wins by a women's collegiate team; 300 plus more wins than any other women's college team in USA history. During the past 70 years (1948-49 through 2017-18) of basketball the Queens have a winning percentage of .743. The Flying Queens are also the current record holder for consecutive wins by either

a women's or men's team. From 1953 to 1958 the Flying Queens won 131 consecutive games. In the early 1950s, Wayland began providing 13 full scholarships for women's basketball players, becoming the first four-year college program to do so, decades prior to Title IX. As a result, annual tryouts attracted women from all over the nation. The team has won 10 National AAU Championships (Amateur Athletic Union), 9 consecutive NWIT titles (National Women's Invitational Tournament), and received 212 All American Honors. "The Queens and their

coaches, over the decades, have strongly influenced women's collegiate basketball," said Wayland Baptist University President Dr. Bobby Hall. "Through educating athletes, advancing the concept of postseason play, winning championships, modernizing rules and playing internationally, this team has a strong history of trailblazing that has laid the foundation for today's game." The Naismith Memorial Basketball Hall of Fame will announce the nominations later in December, the finalists for consideration in February and the Enshrinement Class in March. Induction will take place in September.

## Governor Abbott Announces The Professional Golfers' Association of America's Headquarters Is Relocating To Texas

Governor Greg Abbott today announced that The Professional Golfers' Association of America (The PGA of America) will relocate its headquarters from Palm Beach Gardens, Florida to Frisco, Texas, bringing \$30 million in capital investment and a minimum of 100 new jobs to the state of Texas. Founded in 1916, The PGA of America is an organization of professional golfers with over 29,000 members. A Texas Enterprise Fund (TEF) grant of up to \$1,500,000 has been extended to The PGA of America. "For years, the PGA of America has served its membership all across the nation where they engage their local communities, and help to raise over \$4 billion annually," said Governor Abbott. "The decision to relocate their headquarters to Texas because of our business-friendly climate is a welcome one. I thank the PGA of America for the new jobs and investment that they will bring to the City of Frisco, wish them continued success, and welcome them to the Lone Star State, the home of champions." "The PGA of America is very proud to call Frisco our new home," said CEO Seth Waugh. "We welcome the opportunity to develop friendships and partnerships with the community and its residents, as well as across North Texas and throughout the state. We are grateful to the City of Frisco, the State of Texas and Omni Stillwater Woods for embracing our vision of creating a transformational headquarters that, together with our world-class partners, helps us advance our mission of serving our nearly 29,000 PGA Golf Professionals and

growing the game." "Today is both historic and transformational for the City of Frisco," said Mayor Jeff Cheney. "Not only will this signature development change the future of Frisco's northern landscape, it will transform the sport, growing a new generation of pros, fans and golf enthusiasts. As Sports City, USA, we're thrilled to partner with another world class brand like PGA of America. We're also honored Omni is, once again, committing such a huge investment in our community, recognizing the potential to grow entertainment, tourism and economic development in one of the fastest growing cities in America." Under Governor Abbott's leadership, the Texas Enterprise Fund helped to close the deal on 29 projects in 2015-2018 that committed over \$853 million in new capital investments and more than 16,500 new direct jobs all across the state, from Amarillo to the Rio Grande Valley and communities in between. The TEF also serves as a jobs multiplier, supporting thousands more indirect jobs at existing local and small businesses. The \$70 million invested in job creation during Governor Abbott's administration also helped close the deal on eight corporate headquarter relocations to Texas. Administered by the Economic Development and Tourism Division within the Office of the Governor, the Texas Enterprise Fund helps to strengthen the state's already diverse and growing economy and attract new jobs to communities across the state.

# Dear Santa...

Dear Santa  
My name is Audrey Rivera I have been awesome a little bit naughty but I can explain. I want a drone for Christmas this year. It would also be awesome if I were to receive a big unicorn plush as well. Please also bring a present for my mom and sister and also I will leave you some cookies. And tell Rudolph I said hi and the other reindeer and the elves also. Say hi to Mrs. Clause that I said hi and I hope you have a great Christmas. I would leave food for the reindeer. Also can you bring some treat for my dog MeMe, Panchito, and Luna. Panchito has been my dog since I was little I love him so much. Me-Me has been my dog since I was seven. Luna we just bairly got her she is mean but I love them all. They like chink-en flavored dog treats Luna is a huskey mix meme and pashito are chihahua.  
Sincerely, Audrey Rivera

Dear Santa  
I want a puzzle and cheese-burgers  
Love Ernesto

Dear Santa  
How is everyone doing? Can you please tell everyone I said hi. I hope i'm on the nice list. This year I really like the Julie B Jones bookset. I really like the books. May I also have food "North Pole Food". I really want to taste it. Can I also have earrings a whole set please. I had mine for a really long time. I would also like a laptoop. I've always wanted one. I hope you bring me what I asked for. Have a Merry and Jolly Christmas.  
Gracefully, Kailey

Dear Santa  
Please sive Kiba Presents. Give boy puppy & Honey Presents. List for mom & Gilbret Gilbret wants legends please give me my mom make up the best please

Dear Santa,  
My name is Ashley Rivera, I'm 10 years old. I live in Friona Texas. (It's a small town but really it's fun). I know your busy but can you answer some of my question. How is Mrs. Clause? Are the elves really busy? How many cookies do you eat on christmas day? I have a few things that I ask of you. The first thing is to bring my dad back, to bring my mom pots and pans, to bring my sister a big unicorn plush. Santa can you bring me a black drone and a big elephant plush. Santa before you come deliver my presents can you give the kind in need to give them a warm place to stay.  
Sincerely,  
Ashley Rivera

Dear Mr. Santa  
I want A hoverboard and a I Phone x and A digit and A those Pro YoYos. To: Santa From: Abel Vargas

Dear Santa,  
For christmas I'd like to maybe get an apple watch or a new phone case for christmas. I'd always wanted to see you since I was little. I hope the elves are doing good on making toys. I think you'll like the sugar cookies and egg nog I'm going to make you like!  
Love, Reese

Dear Santa  
I know you are busy, I will make sure this letter will be short, but first can you tell me. Claus and Rudolph that I said hello and now I want to tell you what I want for Christmas first, thing a Xbox, ps4 and a computer. Sorry one more thing can you bring my little brother toys that walk and dive please Santa he has been a good boy this year. Me and him has been a good boys all year but, can you bring him a robot that talks and walks. Thank you Merry Christmas Santa and every body even your reindeers.  
Sincerely, Pedro M

Dear Santa  
I know how busy you are. Sometimes I'm busy too. But not as busy as you. Also how is everything going at the North Pole. I hope everythig is going well and just to let you know. I'm doing great. Now I'm going to tell you what I want for Christmas this year now. I know it's not much of what I want so this's what I want I want a set of Christmas squishies or play day life size maximus but what I really want is a set of christmas squishies and maybe this yeare can you get a toy for every boy and girl thank you Santa.  
Sincerely, Maite Vega

Dear Santa  
I want to be happy for this christmas with my family and me. And I want to pet the raindears if thats ok with you. Oh and don't let tom go (my elf on the shelf) cause I want to put him back in his box. I also want you to bring poor peeple a gift.  
Sincerely,  
Jazmin Layla Cordova

### Bobsled Classic Speech Tournament Returns

After a four year hiatus, the Bobsled Classic Speech Tournament is back! Friona High School hosted the event last Saturday and the competition included 100 kids from 12 different schools. This year marked the first time that the tournament was held in December instead of January. Andy Montana cooked hamburgers for all of the participants courtesy of the Friona Noon Lions Club and other sponsors. The Bobsled Classic is conducted via a software program written by FHS alumnus Brent Hinkle. Hundreds of other schools also utilize this program for their events. The team from Sudan High School won the event. See you next year!
