13 Year Olds Win Babe Ruth Tourney

Lynn County 13 year old Ruth team won the district tournament played at Brownfield. The first game Lynn County 11, Brownfield 10. Monty Hancock was on the mound for Lynn County. The second game was Wednesday night and Lynn County lost to Lamesa 13-10. On the mound for Lynn County were Mike Dockery, Britt Dockery, Roddy Jolly, and Carlton Jolly. The team lead 13 to 7 until the 6th inning, when Lamesa hit them. Dockery, Webster, and Huffaker each had a 2 hit. Persons having RBI's were Jolly, Webster, and Dockery.

Thursday night Lynn County defeated Tri City, 3-0. Persons were hit by Nettles, Huffaker, and Brooks. Hancock was the winning pitcher.

The final two championship games were played Friday night Lynn County vs. Lamesa. The first game was very close. Lamesa 18, Lynn County 17 was the final score. Nettles and Dockery

pitched. Persons receiving RBI's were Dockery, Webster, Hancock, one each, Brooks 2 and Huffaker 3.

In the bottom of the 6th inning Lynn County was behind 15-17. Dockery scored and there were 2 outs with Webster and Hancock on base. Huffaker was at bat and got a 3 base hit, winning the game.

The second game was Lynn County 8 and Lamesa 3. In the first inning Jolly, Dockery, and Brooks each got a 3 base hit and in that inning received 5 runs. RBI's were made by Webster, Brooks, Huffaker and Nettles, 3. Hancock was on the mound. If you missed these games, you missed some good baseball.

Members of the team were Monty Hancock of O'Donnell, Duane Webster and Monte Maloney, both of New Home and Mike Nettles, Darryl Stotts, Roddy Brooks, Carlton Jolly, Cal Huffaker, Britt Dockery, and Lee Summers, all of Tahoka. Jay Dee House was manager and Wayne Huffaker was coach.

MIKAKO TAKIMOTO

Lions Exchange Student In Tahoka

Tahoka's latest Lions Club foreign exchange student is pretty 19 year old Mikako Takimoto, from Sapparo, Japan.

Mikako is sponsored by the Elm Lions Club of Sapparo, of which her Grandfather is a member. She arrived here July 15th., and is staying with the Wendall Patterson family.

Interested in everything, Mikako especially likes the open spaces and our uncrowded way of life "in Sapparo", "she says "everything buildings and concrete."

Her first week has been a busy one with visits to the Tech Museum and ranch headquarters, and the Scurry County Rodeo.

She is one of 10 Japanese students in the area. Her brother is saying with a family in Olton. The group will leave for a two week stay in the San Antonio area on Sunday. The Pattersons will then pick up Mikako in San Antonio and go to the Houston area for a week.

Mikako's Grandfather owns a wholesale shoe store in Sapparo, one of the oldest there. Her father is employed by him and her mother teaches flower arranging.

Upon returning to Japan, Mikako will enter Fuji Womens College, where she will major in English Literature.

Mikako is a charming, talented girl and is an asset to the Lions Youth Exchange Program.

She takes great pleasure in demonstrating the art of paper folding to the Younger members of Lions families. She is also an adept watercolorist.

We welcome Mikako to Tahoka and hope she takes many happy memories of her visit home with her.

City Finances In Good Shape

Tahoka City finances are in good shape, but there is a possibility that an increase in water rates will be necessary some time in the future, Mayor Meldon Leslie told Tahoka Rotarians last Thursday is a talk "bringing City affairs up to date".

Such a water rate increase would become necessary if cost of bringing the water to Tahoka from the Canadian River Municipal Water Authority dam on the North Plains increases, Leslie explained.

In spite of the drought, Tahoka citizens are not using as much water as has been the case some years in the past.

The one cent sales tax and the Federal aide to cities have been a big help to the city.

Among recent improvements have been the addition of a new fire truck, installation of the land-fill garbage dump and purchase of a bulldozer for use there, applying caliche to many dirt streets at a minimum cost.

Jesse Dorman, a new council member, was in charge of the program and introduced the speaker.

Dr. David Midkiff, new club president, called a meeting of club directors for this week.

Official Memorandum

By
DOLPH BRISCOE
Governor of Texas

GREETINGS:

Accidents on Texas farms and ranches continue to take a heavy toll in spite of advances made in recent years in agricultural technology. These accidents are a great loss to the agricultural economy of our state. Each year thousands of Texans suffer painful injuries as a result of rural accidents of all types and hundreds more lose their lives.

Although the farm and ranch environment contains many hazards experience has shown that caution, common sense, skill and protective equipment can counter these hazards and keep accidents and injuries to a minimum. Texas farmers and ranchers, their families and employees need to dedicate themselves to the task of safely producing the commodities needed by an entire nation.

The needless waste of human economic resources caused by rural accidents is a matter of national as well as statewide concern, and The President of the United States has proclaimed the week of July 25 to 31, 1974, National Farm Safety Week, in order to focus attention on the problem.

During this special week, a statewide farm accident prevention and education program will be undertaken by the Texas Safety Association, Texas Farm Bureau, Texas Agricultural Extension Service, Future Farmers and Future Homemakers of America, and Young Farmers of Texas. Such a campaign can do much to call attention to the need for accident prevention among our rural residents.

THEREFORE, I, as Governor of Texas, do hereby designate the week of July 25-31, 1974, as

TEXAS FARM AND RANCH SAFETY WEEK

and urge all farm and ranch families in Texas to put safety first, to take advantage of modern methods designed to remove many of the hazards in agricultural enterprises; and further urge all persons, organizations and particularly those working in agriculture, to unite in a strong and purposeful effort to reduce farm and ranch work, home, recreational and highway accidents.

In official recognition whereof, I hereby affix my signature this 12th day of July, 1974

Governor of Texas

Little League

Tahoka Little League lost their first game in the District Little League baseball tournament Monday night with the team being Lubbock Easterners 6, Tahoka 5.

The Easterners came from behind in the second inning, Tahoka 5-5 in the fifth inning and stole the game in the 6th on a sacrificed fly, for the winning run.

Tahoka led early in the game,

scoring four runs in the first inning. Mark Hudlin led off the inning with a single and was hit in by a George Vega home-run. Rick Garcia brought in Johnnie Alvarado and Cliff Oages Mitchell with a double for the next two scores.

Tuesday night Tahoka slipped past North Lynn County 13-12 for the district tournament's consolation.

School Board Meeting Held

Tahoka ISD Board of Education met for its July meeting on Tuesday, July 23, 8:00 p.m., in the Board Room at the High School.

Personnel action and a budget session consumed most of the meeting. Resignations were accepted for Mrs. Baker, Delbert Wiginton and Miss Betsy Trapp. Baker taught the vocational course in high school, conducting furniture-upholstery. Trapp was engaged as an assistant football coach earlier in the summer. Miss Trapp is in 5th grade.

Recommendations for employment were approved for Miss Shaw, Resource Teacher; Mrs. Reva Baker, C.V.A.E., Resource Teacher; Mrs. Judith Larmer, Resource Teacher; Mrs. Kathrine Wilker, Resource Teacher; Mrs. Linda Gilbert, High School English;

English and Speech; Mike Tannehill, Assistant Football Coach; Mrs. Judy Tannehill, Junior and Senior High School Math; Charles Purdom, Assistant Football Coach; Howard Canafax, Junior High School Language Arts; and Mrs. Gay Patterson, Elementary.

In other actions, Melvin Burks was designated Cafeteria Manager, adding other responsibilities to his duties as Director of Guidance and Special Services.

The Board also approved Southwestern States General Agency, of Dallas, as carrier for the student accident insurance program during the 1974-75 school year.

Members attending were: Kenneth Turner, President, Joe Brooks, J.D. Atwell, Dan Curry and Robert Warren. The Superintendent and Director of Business Affairs were also in attendance.

WORLD TRADE CENTER-Pictured (Right to left) Governor Dolph Briscoe, Bill Cooper, Trammel Crow, and Vice President Gerald Ford. Governor Dolph Briscoe congratulates World Trade Center Developer Trammel Crow during the dedication ceremonies of the World Trade Center in Dallas last weekend. In his remarks governor Briscoe stated, "The World Trade Center is destined to become a focal point of trade...not only for Texas, but for the entire Southwest."

Shortages 'Acute' Says Survey

AUSTIN—Baling wire and fertilizer shortages are termed acute in numerous counties around the state according to figures recently issued by the Texas State Agricultural Stabilization and Conservation Service (ASCS) in College Station.

Agriculture Commissioner John C. White said the figures reveal that the baling wire shortage is acute in 62 counties and tight in 95. Baling twine is acute in 39 counties and tight in 81.

Nitrogen fertilizer supplies are reported as acute in 17 counties, phosphate in 11 and potash and mixtures in eight.

The report is issued monthly by the ASCS as a monitoring service. State findings are forwarded to the Federal Energy Office in Dallas. The report was started with the onset of the fuel shortage and it continues to monitor gasoline and diesel supplies.

No counties reported acute fuel shortages during June and only 33 mentioned tight gasoline or diesel supplies.

White said fuel problems generally can be alleviated quickly because agricultural producers receive top priority in this area. Fertilizer and baling wire are different stories, however, because the government has no control over either.

Cane Acres Cutting Into Vegetables

AUSTIN—The two-year-old sugar cane industry in the Lower Rio Grande Valley has diverted 29,000 acres from other crops what may be a trend to produce fewer vegetables in part of the state known to them.

Agriculture Commissioner John C. White said built problems of economic account for the decline in vegetable production in the Valley, Texas' largest producer of vegetables.

The big decline is seen in hard-to-grow crops such as tomatoes which are extremely susceptible to weather conditions. White said there has been a noticeable change in east grown crops such as onions, cabbage and carrots.

Many farmers have diversified into sugar cane, leaving some acreage in vegetables while others have turned entirely to sugar cane.

One of the major advantages to cane production is its almost totally mechanized nature, White stated. Many farmers, faced with increasing labor difficulties, have turned to cane and other crops such as cotton and sorghum which can be grown and harvested by machine labor, alleviating production problems which often result in losses.

Citrus acreage also increased in the Valley diverting more vegetable acreage into fruit production.

The U.S. farmer received about 46 cents of the consumer's food dollar. In 1973 he received 49 cents, according to Agriculture Commissioner John C. White.

Greenbugs Hit Grain Crops

Grain Sorghum crops in the High Plains are being hit by greenbugs in epidemic proportions, according to Jack King, research director of the Texas Grain Sorghum Producers Board.

King compared this infestation of greenbugs to the epidemic of 1968, but added the main difference is that control is very poor at this time. The use of existing chemical compounds is resulting in only 50 to 70 percent control. "We don't know why we're having control difficulties," King said, "but it could be one of two things: The extremely dry period could have affected the results of chemical usage or there may be a resistance in greenbugs to the present registered compounds."

King added that farmers should recognize that in most cases, the fault is not with the chemical itself or the aerial applicator.

"If chemicals are going to work, then the low rate (one-sixth pint) is enough. If chemicals aren't going to work, it doesn't matter how much is used," King said, adding that if rapid mite buildup is present, higher rates of granular or

liquid chemical could be advisable.

The area hardest hit at this time is north of Plainview, east of the Caprock and west through the grain sorghum producing areas of New Mexico. There appears to be some problem north of the Canadian River, but there's little reported activity in the North Plains.

Public School Textbooks

Publishers of textbooks are now offering their books for adoption by subjects to the adoption by subjects to the state board of education. The State Textbook Committee will review the books and make selections for approval of the state board of education during the period of September 30 to October 4, 1974. The state board of education will then select not more than five nor less than three books for each subject at their November 1974 board meeting. The local school district will then select one out of each group to be used by the school.

There has been a great deal of interest in Farm Bureau circles regarding textbooks used by the public school system. Counties wishing to participate in this program this year should establish committees and responsibilities immediately as any protests must be postmarked not later than August 9, 1974. The purpose of this discussion is to encourage local leaders to review the public school books being offered by publishers and file protests if their content is unacceptable.

There are, at the present time, over 500 books being offered. These books and instructions for

filing protests are available at 20 education service centers across the state. Individual citizens may check these books out for examination. The nearest service center is Dr. Omer Douglas, 700 Texas Commerce Bank Bldg., Lubbock, Texas 79401; telephone: (806) 763-4127.

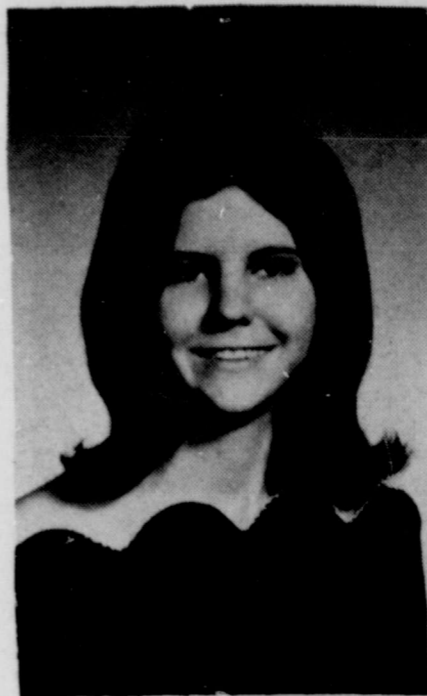

Mrs. Joe Nagy Named to Beautify Council

Mrs. Joe Nagy of Lubbock was reappointed district governor of the Beautify Texas Council at the Council's annual meeting held here June 18 and 19. The district Mrs. Nagy represents includes Parmer, Castro, Swisher, Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Garza, Gaines and Dawson counties.

Mrs. Nagy formerly taught music education at Texas Tech University. She is president of the Texas A & M Mother's Club, an active member of Community Concerts, Monterey High School PTA, First United Methodist Church, and various charity drives in Lubbock throughout the year. She is the wife of a practicing attorney in Lubbock and the mother of two children.

As the Beautify Texas Council district governor, Mrs. Nagy will encourage the formation of beautification and cleanup organizations in her district and will encourage cities and towns in the area to enter the competition for the Governor's Community Achievement Award.

The Beautify Texas Council is a statewide voluntary organization composed of private citizens and representatives of industry, state and local governments, civic and garden clubs, and is dedicated to making Texas a cleaner, healthier, and more beautiful state.

MRS. DAVID GANDY
... nee Judy Turner

Turner-Gandy Recite Marriage Vows

Miss Judy Gail Turner became the bride of David Lawrence Gandy on Saturday, July 20, in the New Home Baptist church. Rev. Leo Cole, pastor, officiated the double ring ceremony.
Parents of the couple are Mr. and Mrs. Dick Turner of New Home, and Mr. and Mrs. J.C. Gandy, of Tahoka.
Miss Turner was given in marriage by her father. She

wore a formal length gown of white organza, fashioned with a high Victorian neckline of scalloped venise lace, long sheer bishop sleeves with a deep cuff, and a ruffle at the wrist. A sheer-see-through yolk with tiny covered buttons and a ruffle of organza with bands of lace accented the empire bodice. A deep ruffle formed the hemline of the softly gathered A-line skirt and chapel length train.

The bride carried a nosegay bouquet, featuring pink baby roses, stephenotes, feathered white mums, and baby's breath.

Maid of honor was Menette Maloney of New Home. Matron of honor was Mrs. Ron Miller of Plainview. Bridesmaids were Karon Edwards and Shirley Clements both of New Home. The bride's attendants each wore formal length dresses made of pink eyelet and matching pink hats accented with a pink satin bow. They carried nosegays of feathered pink carnations, daisys, and glad bubbles with streamers and love knots.

Attending the groom as best man was Clifford Laws of Kessler A.F.B., Mississippi. Other attendants were Dickie Turner, brother of the bride of Sundown, Gordon Terry of Tahoka and Stanley McNeely of New Home.

Candlelighters were Dana Duvalle of Sweetwater, Bill Burleson of Lubbock, and Monte Dale Maloney of New Home. Miss Duvalle wore a formal length dress of floral eyelet and an arrangement of pink daisys in her hair.

Guests were seated by Steven Dabbs and Steve Burleson, both of Lubbock, and Mark Celm and Brad Smith, both of New Home.

Wedding music was presented by Kathy Clements of New Home. Peri Phifer, also of New Home accompanied herself of the guitar as she sang "The Wedding Song" and "My Sweet Lady".

Following the ceremony, a reception was held in the fellowship hall. Vickie Harmonson of New Home, registered guests. The bride's table was laid with a white cloth, silver appointments, and a 3-tiered wedding cake. Serving at the table were Mrs. Dickie Turner of Sundown, and Mrs. Bob Earle of Abilene. They were assisted by Debbie White and Sheila McClintock, both of New Home.

The groom's table was covered with a shocking pink tablecloth, and was completed with silver and white appointments and a chocolate cake and coffee. Denise Gandy and Nelma Gandy, sisters of the groom, both attended the table.

The bride chose a pink, tailored dress accented with a corsage of baby pink roses as her going away outfit. After a honeymoon in Ruidoso, New Mexico, the couple will reside in Tahoka.

Mrs. Gandy is a 1974 graduate of New Home High School and will enter Texas Tech in the fall. Mr. Gandy is a 1973 graduate of Tahoka High School and is presently engaged in farming.

SEPTIC TANK - CESSPOOL CLOGGING CAN NOW BE PREVENTED!

LIVINGSTON, N. J. — An amazing bacterial discovery that prevents clogging of septic tanks and cesspools with but a single, safe and easy-to-use yearly treatment, has been developed by the FX-Lab Co., Livingston, N. J.

Sluggish systems and drainfields can also be restored to normal by fast acting bacterial cultures.

They are also recommended as a "starter" to seed newly cleaned out or newly installed septic tanks and cesspools.

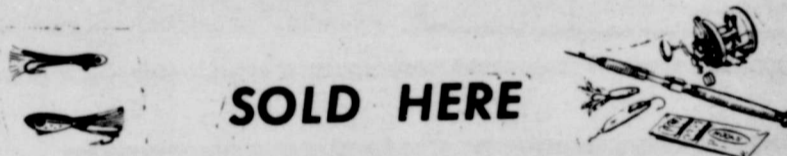

These proven FX bacterial organisms, known as FX-4 for septic tanks, FX-7 for cesspools, and FX-11 for sluggish septic tanks and cesspools are available locally.

Available also, is a free booklet "The Story of Willie Bacteria, or How To Take Care of Your Septic Tank or Cesspool" from:

Among the display articles were 3 antique, handmade quilts. One of which was 125 years old belonging to Mrs. Gaither. Mrs. Gaither gave a most interesting demonstration on creating large true to nature mums from plastic egg cartons.

Mrs. Jerry Malish, an extension member of the club was up from her home at Roscoe for the meeting. She also received the door prize.

The next meeting will be Aug. 6 with Mrs. Bernice Gribble and Mrs. Steve Greer, hostesses.

Ralph Bailey's Funeral Held

Services for Ralph Lee Bailey, 67, who died Wednesday in St. Mary of the Plains Hospital in Lubbock were held at 3 p.m. Thursday in White Funeral Home Chapel in Tahoka.

Officiating was the Rev. Frank Oglesby, pastor of the Tahoka United Methodist. Burial was in Tahoka Cemetery under the direction of White Funeral Home.

Bailey, who had lived in Lynn County 25 years, moved from Terry County. He was married to the former Virginia Sanford April 15, 1939. She died Feb. 2, 1973. He was a member of the United Methodist Church.

Survivors include six sisters, Mrs. Dewitt Fears of Fort Smith Ark., Mrs. Lucille B. Sampson of Lubbock, Veda Bailey, Mrs. Ruth B. Hicks and Mrs. S.W. Patton, all of Fort Worth.

Pallbearers were Jack Robinson, Tom Hale, Charles Brookshire, Paul Howell, Beecher Sherrod and Charles Smart.

Eddie Schneider Funeral Held

Eddie Schneider, 53, was found dead about noon Monday at his home on a farm eight miles southeast of Lubbock. He died of natural causes.

Services were at 10 a.m. Wednesday in the Wilson Baptist Church with Rev. E.K. Shepard, pastor, officiating. Burial was in Green Memorial Cemetery.

Schneider, a South Plains resident since 1923, was a veteran of World War II and a member of the Wilson Baptist Church.

Survivors include four brothers, Frank and Willie, both of Wilson, and Herman and Adolph, both of Slaton; and four sisters, Mrs. Willie Neiman of New Home, Mrs. Frances Huges of Big Spring and Mrs. C.V. Schneider and Mrs. S.J. Jones, both of Lubbock.

Party At First Baptist Friday

There will be a "Praise the Lord" party at First Baptist Church, Friday night, July 26, at 7:00 p.m. People from all over West Texas will be coming to share in fellowship, singing, and testimonies. All of our community is invited to this special occasion. Bring sandwiches, chips and dips for your family or group.

The church will provide cookies, tea, and coffee. Come and join in on an "old-timey" gathering of friends.

... nee Melinda Sheppard

Sheppard-Stevens Repeat Wedding Vows

Miss Melinda Sheppard and Richard Lee Stevens repeated marriage vows Friday, July 5,

at 8 p.m. in the garden of the brides parents, 1308 Carroll Dr. Yoakum before an arch decorated with Japanese Yew flanked with potted palms. Don Stevens, brother of the groom and minister of Church of Christ in Fordtran, officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Allen V. Sheppard and Mr. and Mrs. Wesley Stevens, all of Yoakum.

Given in marriage by her father, the bride wore a gown of white eyelet embroidered with tiny bunches of yellow, pink, green and blue flowers. The gown had a large neck ruffle edged with white lace,

puffed sleeves and a deep ruffle at the bottom edged in white lace. Her headpiece was a wreath of fresh flowers and she carried a bouquet of long-stemmed carnation of blue, yellow, green, orchid and pink.

Matron of honor was Mrs. Mel Davis of Yorktown, sister of the bride. Ginger Sterling of Tahoka was maid of honor and bridesmaids were Mrs. Rick McCracken and Brenda Stevens, sisters of the groom. They wore checked gingham dresses in the bride's colors of blue, green, yellow, and orchid. The dresses featured ruffles around the neck, armhole and

bottom of the skirt. They wore small carnations in their hair and carried a single long-stem

carnation, the color of the dress. Michele Shows was flower girl and was dressed like the other attendants in a pink dress.

Best man was Gary Stevens, brother of the groom. Groomsmen were Allan Stevens, brother of the groom, Larry Stevens, cousin of the groom and Mel Davis, brother-in-law of the bride. Dickie Knopp, cousin of the groom and Danny Ray Idrett seated guests.

Mrs. and Mrs. Ardie Stevens, Chesley Stevens, and Mrs. G.O. Stevens presented musical selections.

After a wedding trip to Corpus Christi the couple will make their home in Victoria.

Both Mr. and Mrs. Stevens are graduates of Yoakum High School. Mrs. Stevens will attend Victoria College and Stevens is employed by Steel in Victoria.

Economic Impact Of Farm Exports Is Far-Ranging

The economic impact of agricultural exports extends far beyond the farm community, says a University of Tennessee economist.

"Research indicates that each dollar increase in farm exports means \$2.25 of business generated in the economy," D. R. Humberd points out, "and about 60 percent of that accrues to the non-agricultural sector."

On a gross dollar basis, agricultural exports were responsible for generating an estimated \$28.8 billion in business activity in the 1973 fiscal year. Of that, only \$11.7 billion went to the farm sector.

Food processors alone received more than \$4.8 billion, transportation \$1.7 billion, and wholesaling and retailing \$1.8 billion.

Last year's farm exports directly or indirectly provided more than 450,000 jobs in manufacturing, wholesaling and retailing, food processing, transportation, and warehousing.

Agriculture As Customer

Latest estimates show that farmers bought goods and services worth \$64.5 billion in 1973. This is up from \$23.6 billion in 1960.

CANTALOUPE COOLER

- 3/4 cup cantaloupe
- 3/4 cup ice water
- 1 1/4 tsp. fresh lemon or lime juice
- 2 tsp. sugar
- 2 Tbsp. crushed ice

Place cantaloupe in blender and run until cantaloupe is pureed or mash cantaloupe and press through sieve. Add remaining ingredients. Whizz and shake vigorously until frothy. Serve garnished with a slice of lemon or lime or a sprig of fresh mint. Yield: 1 serving (about 1 cup).

STRAWBERRY WAKE-UP

- 1 pint fresh strawberries, washed and hulled or frozen strawberries
- 1 carton (8 ounces) plain yogurt
- 1/2 cup milk
- 3 Tbsp. brown sugar (packed)
- 1 tsp. vanilla
- 1/4 tsp. ground allspice
- 2 drops red food color

Measure all ingredients into blender. Cover and blend on high speed 10 seconds. Stop and start blender, blend 10 seconds. Pour into chilled glasses. Garnish with whole strawberries on straws. Yield: 4 servings (about 5 ounces each).

AROUND TOWN

BY LEONA WALDRIP

CALL 998-4496

Visiting in the home of Mr. and Mrs. W.T. Luttrell from Tuesday to Thursday were their daughter and husband, Mr. and Mrs. Joel Holloway of Olney. Also the family of a granddaughter, Mr. and Mrs. John Howley and son Chris of Wichita Falls.

Having just returned from the funeral, after the passing of her sister, Mrs. J.E. Glover of Snyder, Mrs. Ethel Adams received word that a brother, Clarence Johnson of Corsicana was seriously ill. She and another sister, Mrs. Thole Young of Wilson, drove down last week to be at his bedside. He is some improved and the ladies returned to their homes on Sunday.

On Saturday afternoon, Mrs. Claud Harper and Clara were pleasantly surprised by a visit from former neighbors, Mr. and Mrs. Amel Willingham, their daughter and her 3 year old son, all of Austin. Both families lived north of town in the old Dixie community back in the 20s. The Willinghams came up for the funeral of his

mother, Mrs. Ora Willingham, who was buried at Brownfield Sunday afternoon. She had made her home at the Winters' for several years, but the family lived in Brownfield after Lynn County and her husband, F.L. Willingham was buried there in 1945. Clara Harper and Floyce Sherrod attended services from Tahoka Sunday afternoon.

Visiting overnight with Thelma Dewbre on Thursday were Mr. and Mrs. M.L. Green and boys of Comanche. Early Friday the family accompanied by Mrs. Dewbre left for a camping trip in New Mexico. They went thru the caverns at Carlsbad on Saturday and visited other points of interest, returning Monday. The Greens left for home Tuesday morning.

The Past Noble Grand Club met with Iline McMillan in O'Donnell, Thursday night. Six members were present. The hostess served a lovely dinner at the close of the meeting.

After visiting for nearly a month with friends and relatives, Mrs. Ola Reid of New Hope, Arkansas began the first

leg of her journey home on Saturday. Her granddaughter, Sandra of Wichita Falls, picked her up here and she will visit with her for a few days before going on home.

Mrs. Trudy Schuknecht with her 4 year old great-grandson left by plane Tuesday for Fremont, Nebraska, where they will visit for several days with her son Joe Van and family.

Mr. and Mrs. John Roberts are entertaining the Robert Tucker family this week, prior to their returning to the Venezuela as missionaries in the near future. The Tuckers are just completing a year in the states, while he was doing work on his Doctorate in Christian Education at Southern Baptist Seminary at Fort Worth. Mr. and Mrs. Roberts plan to take the family to see "Texas" in Palo Duro Canyon, one night this week. It will be a "first" for them.

Mr. Jim White is able to be home and much improved, after having had surgery in Lubbock a couple of weeks ago.

Mr. Carl McClintock is able to be out again after spending nearly a month in the hospital in Lubbock.

Mrs. E. J. Tanner's sister Mrs. J. M. Webb of Comanche is visiting her this week.

Post Rodeo Set Aug. 8-10

The 34th annual Post Stampede Rodeo is to be held Aug. 8-10, with each of the three night shows starting at 8 o'clock.

The producer will be Bucking S Rodeo, Inc., of Lawton, Okla., with contests scheduled in saddle, bareback bronc and bull riding, calf roping, team roping, and girls barrel race.

The opening day parade will be at 5:30 p.m. Aug. 8, with trophies to be awarded the winning riding groups, and cash prizes going to winners in the float division. Weldon Reed's Solid Country Band will play for a dance following each night's rodeo performance.

The rodeo office will open for entries Monday, Aug. 5, according to Tommy Young, secretary, whose mailing address is Rt. 2, Post, Texas.

TALKING ABOUT the suffering cattle industry, cattle growers in Freestone, Leon, and Milam Counties face more brucellosis testing before shipping beef or dairy breeding cattle. Those three counties, and some counties in Oklahoma and South Dakota, have been taken off the modified-certified brucellosis areas. Navarro, Wood and Cherokee have been restored to the modified-certified brucellosis areas. A part of Bailey County, Texas has been placed under quarantine for psoroptic cattle scabies after an infestation was found in a feedlot late in June.

SCREWWORM control officials report that there were 628 confirmed screwworm cases in 71 counties of Texas during June. Counties reporting their first screwworm cases in 1974 included Edwards, Reeves, Crane, Upton, Hays, Williamson, San Saba, and Menard. Over all of Texas, there were 628 cases of screwworms reported in June, Bee County leading the list with 55 cases, followed by Kenedy with 51 and Brooks with 48. There were only 145 cases reported in June, 1973 and 15,889 in June, 1972. There have been 1,500 confirmed screwworm cases so far this year in the State.

COTTON FARMERS are waiting for the USDA's first cotton production estimate August 12. It is expected that the 1974 crop will produce less than 13.4 million bales, because the crop reports earlier are believed higher than the number of acres actually planted. In late June, USDA estimated it thinks the 1974-75 cotton supply will be below the 1973-74 supply of 16 million bales. The August 1 carryover is estimated to be 3.5 million bales. On the High Plains, a total of 2,271,000 acres are estimated planted or being planted, and that is 20% below the total in 1973. Total for the entire State is estimated at 5,600,000 acres, compared to 5,400,000 acres in 1973. However, there were only 5,200,000 acres harvested last year.

AND A FEW NOTES: Federal Crop Insurance protection is now available in 87 Texas counties. . . Broiler chicks placed in Texas during the week ending July 6 totaled 3,357,000; and there were 193,000 turkey poult hatched during the same week. . . Drylot sheep feeders had 115,000 sheep and lambs on feed for slaughter July 1.

THREE TEXANS are on the new Cattle Industry Advisory Committee announced by the U. S. Department of Agriculture. They are: James W. Campbell of Pampa, Tobin Armstrong of Armstrong, and Harold D. Florence Jr. of Dumas. The large committee is supposed to provide counsel on cattle production, marketing, international trade, economics outlooks; but will meet only as needed when called by the chairman, Dr. Richard L. Feltner, assistant secretary for marketing and consumer services.

Crowson-Creswell Pledge Double Vows

The First Baptist Church of Wilson was the setting Saturday evening for the candlelight ceremony, uniting Miss Brenda Jane Crowson and Terry Doyle Creswell in marriage. Rev. E.K. Shepherd, pastor, officiated for the double ring ceremony.

Parents of the couple are Mr. and Mrs. A.N. Crowson of Wilson and Mr. and Mrs. H.S. Creswell of Slaton.

Escorted to the altar by her father, the bride wore a white gown of nylon organza overlaid with chiffon. The bodice featured a v-neck tufted yoke edged in polyester lace. The long sleeves of chiffon featured cap sleeves of lace, with lace at the wrist. The A-line fell from a raised waistline, and held a

chapel-length train in the back. Her veil of illusion also trailed to chapel length. The bridal bouquet was made up of seed pearls, crystals, and satin roses, with white streamers and love knots.

Mrs. Margret Crispin served her sister as matron of honor and Sue Crowson served as maid of honor. Bridesmaids included Misses Connie Moore, Janie Arnold, and Terry Mears.

Tammy Weaver and Randa Creswell, nieces of the groom, served as flower girls. Each wore a gown featuring a royal blue bodice and blue floral, A-line skirt. The attendants wore pale blue garden hats and carried white tapers surrounded by nosegays of blue carnations. Ted Dawson of Slaton served

as best man. Groomsman included Ferrill Creswell, brother of the groom, Robert Englund, Tate Fondy and Wesley Fondy, all of Slaton. Jayson Bartley, nephew of the bride, served as ring bearer. Ushers were Ray Crispin and Ronny Follis.

David Weaver, Mitchell Bartley and Tracy Bartley lighted window and altar candles for the ceremony.

Mrs. Evelyn Nelson, organist, played traditional wedding music and Miss Peri Phifer, soloist, accompanied herself on the guitar.

A reception followed in the fellowship hall of the church. Miss Denise Spence registered guests, while Misses Lou Lyn Moore, Vicki Kahlich and Twilla Talkmitt presided at the serving table.

The table, laid with a white cloth, featured crystal and silver appointments, and a centerpiece of blue and white carnations and baby's breath in a high silver candelabra with white tapers.

Other members of the house-party included Meses. Oscar Follis, Jerry Swope, Z.L. Moore, B.W. Hobbs, Jr., and Billy Weaver, and Miss Ann Davidson.

Mrs. Creswell is a 1974 graduate of Wilson High School and her husband is a 1970 graduate of Slaton High School. Both are employed by Smith Ford, Inc., of Slaton.

Following a wedding trip to Red River, N.M., the couple will make their home in Wilson.

Mr. and Mrs. H.S. Creswell were hosts for a rehearsal supper Friday night at the Steak House in Slaton.

UPPER ROOM SINGERS

Singers To Be At Church

The Upper Room Singers of Cherokee, Oklahoma will be appearing in concert at Tahoka United Methodist Church on July 28th. The performance will begin at 11:00 a.m. The Singers are an outreach ministry of the Upper Room, an interdenominational Christian coffee house, under the direction of Errol Hada. They have sung for audiences in churches, coffee-houses, parks, prisons, crusades, civic clubs, radio, and television. Many of the songs they sing were written by members of the singing group. The excitement which shows on their faces radiates the experience each of the Singers have with Christ. The public is

invited to the concert which is without admission charge.

Other ministries of the Upper Room include a prayer ministry, Bible Studies, Jesus Music Festivals, publication of a monthly newsletter, The Upper Room Experience.

Rev. Frank Oglesby of Tahoka United Methodist Church extends a warm welcome to every one to share in this opportunity to enjoy a highly inspirational time of Christian fellowship.

That's A Lot of Corn

If you can visualize a train long enough to stretch around the earth with 3,000 miles of boxcars left over, then you can get a pretty good idea of the size of America's corn crop in 1973. Production hit a record 5.6 billion bushels—enough to fill 28,000 miles of boxcars.

I AM A CHILD

...by Percy Hayward

I am a child. All the world waits for my coming. All the earth watches with interest to see what I shall become. Civilization hangs in the balance.

For what I am, the world of tomorrow will be.

I am the child.

I have come into your world about which I know nothing. Why I came I know not; How I came I know not.

I am curious; I am interested. I am the child.

You hold in your hand my destiny.

You determine largely whether I shall succeed or fail.

Give me, I pray you, things that make for happiness. Train me I beg you, that I may be a blessing to the world.

FLB Loan Rates Are Increased

Jay Dee House, Manager of the Federal Land Bank Association of Tahoka, announced today that the Federal Land Bank's billing rate on farm and ranch variable interest rate loans would be increased from 7 3/4 percent to 8 1/2 percent effective August 1, 1974. The billing rate on rural residence loans will be increased from 8 1/4 percent to 9 percent the same date. The variable interest rate plan was introduced by the Houston Bank July, 1969 with a billing rate on loans outstanding to "float" with the variations in the money market.

In making this announcement Mr. House stated, "The Bank's decision to make this change was necessary because of the increased cost of bonds which had increased with every issue since the beginning of the year, with the most recent issue selling at an all time record high of 9.12 percent average effective rate. The Bank has delayed action in raising the billing rate in order to assess the duration of present high interest levels, and there is nothing in the present monetary situation to indicate any improvement in the immediate future."

The Federal Land Bank of Houston makes long-term real estate loans on farm and ranch land and rural residences throughout Texas and now has more than 913 million dollars in volume of loans outstanding. The local Association makes and services loans in Lynn and Garza Counties as a part of Borden County, Oklahoma.

Officers and directors of the Association are Fred McClintock, L.A. Forsythe, Joe D. Unfried, J.D. McCampbell and Aver Moore, Jr.

Practice FARM SAFETY Regularly

KEEP EQUIPMENT SAFE!

It's never too early to learn the value of farm safety. Remember, most accidents are preventable if precautions are taken against potential dangers before they strike. So act now to insure your safety and the safety of others.

Lynn County News Singleton Family Reunion Held

Carolyn Haley Says...

Washday "blues" may turn "brown" for you homemakers using aerosol- or spray-type fabric softeners in your dryers. Continued use of the softener can leave a residue in the dryer especially at the back of the drum. This residue will build up gradually and become brown from the heat. It also creates a stickiness and sometimes stains clothes.

If the residue is discovered in the early stages, it can be removed from the dryer with a mild cleaning powder on a damp cloth.

But getting the brown stains out of clothes isn't easy. Rubbing them by hand, using bar soap, liquid detergent or a detergent paste may help.

The stickiness is more noticeable on the area around the door opening, on the lint screen and the lint screen holder. This causes lint to cling.

To remove it from these areas, wipe them with a wet cloth. Wash the lint screen in water and then dry it to remove the residue.

Another problem is that the thermostats may become coated with lint if the softener has been sprayed through the perforations of the door opening--the duct ring.

If it has been sprayed through the perforations at the drum rear, the back side of the drum and other parts of the dryer may also develop a brown residue.

It is recommended using a liquid fabric softener in the rinse water of the washer to soften the laundry and minimize static electricity.

Food preservation seems to be well under way in Lynn County from the phone calls I have been receiving. If I can be of help with canning or freezing procedures or problems, let me know.

Here's a little tip that may be of interest to you canners. When trying to remove the flat lid from a canning jar, instead of prying the outside of the jar, stick an ice pick in the center of the lid. (The flat lid is not supposed to be reused.) By

doing this you prevent possible damage to the peaking surface of the jar. Also, if you hear a slight out-gust of air, you know the jar was sealed.

AGERITA JELLY

2 cups agerita juice
2 cups sugar
Use equal parts of washed fruit and water and place in non metal container. Let stand overnight. Boil for 5 minutes. Mash, strain and squeeze to remove juice. Use about one-third half ripe berries for best jelly. If fruit is very ripe use commercial pectin.

Place juice over heat and let come to boil. Add sugar and boil about 5 minutes until it gives the sheet test. Remove from heat, skim off foam, pour into hot sterilized jars, and seal.

MS Drive Held In Tahoka

Multiple sclerosis is a serious disease that strikes most often between the ages of 20 and 40, a person's most productive years. It can lead to paralysis, blurred vision, loss of balance, speech impediment and many other problems.

We do not know the cause of MS. We have no cure for it. No really effective treatment for the hundreds of thousands of Americans who have MS has ever been developed.

But there is hope. The National Commission on Multiple Sclerosis reported to the President recently that the scientific community is hard on the track of finding the cause of ms, that the possibility of finding a cure of preventive is near, and that an effective treatment can be developed.

This is exciting news. Sat., July 20, Catholic Youth Organization conducted a fund-raising drive in Tahoka. When the MS volunteer calls at your house, we urge you to contribute generously.

For the multiple sclerosis patient, it is the chance of a lifetime.

Their daughter and son-in-law Daisy and Hal Singleton brought their family to Tahoka in 1914 and later moved to O'Donnell.

All 4 of the Hall Singleton's living children were present for the reunion. They are Edward Singleton of Big Spring, Mrs. Mate Kelly Lee of Marlow, Oklahoma, Mrs. Ethel Hoffman of Albuquerque, and Sam Singleton of Lamesa.

In December 1914, Dr. James Robert Singleton was urged by his brother Hal to bring his dental chair to the new frontier of Tahoka, then unestablished as a functioning city. This he did and when school was out in the spring of 1915, his wife Mag followed with their two children Olabelle and Dan who now lives in Lamesa.

As pioneers, the family contributed much toward the development of Tahoka and Lynn County. Dr. Singleton served Tahoka as mayor from 1916 until 28 when the brick paving was laid in the business district around the square and leading to the Santa Fe depot. Also during this time a municipal light, power, water, and ice plants were established and a sewer system was installed.

Turner - Gandy Rehearsal Supper

A rehearsal supper was given Friday, July 19, in the home of Mr. and Mrs. J.C. Gandy, honoring David Gandy and bride-elect Judy Turner. A menu of sandwiches, home-made ice cream, and cake was served. Invited guests were members of the house party and special guests were Mr. and Mrs. Dick Turner, Mr. and Mrs. Jack Clements, Mr. and Mrs. L.L. Clark, Mrs. W.H. Mayfield, Mrs. Hazel Lee, Mrs. H.C. Duvalle, Rev. Leo Cole, Jeff Black, Larry Durham, Maureen and Jeanne McCravey.

THE FIRST NATIONAL BANK OF TAHOKA, TEXAS

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Three High Plains farmers from the high and rolling plains most severely affected by the prolonged drought are personally taking to Washington their case for more equitable administration of farm program disaster provisions. Heading up the delegation will be Dawson County farmer, Donnell Echols of Patricia, member of the Executive Committee and past president of Plains Cotton Growers, Inc. He will be accompanied by Donovan Phipps of Welch, also in Dawson County, and C.A. Daugherty of Fluvanna in Scurry County.

The trip was planned for the week of July 22 at Chamber of Commerce sponsored meetings in Snyder and Lamesa July 16 and 18 involving some fifty farmers, PCG, the Rolling Plains Cotton Growers Association of Stamford, and the Lubbock Chamber of Commerce.

The Agriculture and Consumer Protection Act of 1973 provides that farmers pre-

vented from planting or making less than two-thirds of normal yields because of drought or other adverse weather conditions will be paid 12.67 cents per pound times the difference between normal yields and actual production. Farmers who were not able to plant this year, generally, are happy with the way this section of the law is being administered. They will be paid 12.67 cents per pound times their allotted acreage times the farm's established yield as the law intended.

But for those who planted and either didn't get a good stand or got a stand and lost most of it to the drought, sand or hail, there are problems.

ASCS is using Federal Crop Insurance Corporation procedures to "appraise" the potential production of remaining plants on these farms, and those procedures do not permit economically sound appraisals.

A sample is a field with what the FCIC appraisers say

Lynn County News

has 18 percent of a normal stand. The farm's established yield is 544 pounds per acre, so the current procedures set potential production at 98 pound per acre (18 percent of 544), without regard for the size and condition of plants, lack of soil moisture, the economics of trying to farm 18 percent of a stand, or the fact that such a crop couldn't be machine harvested even if it realized it's full "potential" under ideal conditions.

The determination that the field, if left to maturity would produce 98 pounds per acre, leaves the farmer with two choices. He can plow up the remaining cotton and lose over 12 dollars per acre of his disaster payment, or he can leave the cotton until Fall to prove it won't produce, foregoing in the process any possible soil conservation or other alternative use of the land. Either way, in comparison to his neighbor who did not plant, he is being penalized for having made the effort to produce a crop.

Another gross injustice is encountered by the farmer who plants and subsequently loses cotton on more than his allotted acres. A case reviewed by PCG shows that a farmer, with a 100-acre cotton allotment and a 100-acre feed grain allotment, planted 110 acres of cotton and no grain sorghum he would get almost 3,000 dollars less in disaster payments than if he had planted only 100 acres of cotton. This example assumes a 600 pound established yield for cotton and a 30 bushel yield for grain sorghum.

These matters, plus other examples of misadministration, have been and continue to be called to the attention of Washington AXCS officials by PCG and others. And the trip by Dawson and Scurry County farmers is welcomed as one more step toward getting the program administered in a manner that will be fair and equitable for all farmers.

BILL GRIFFIN SAYS

The Texas Cotton Association (TCA) has adopted new trade rules that will be effective for the 1974 ginning season.

According to Dr. Calvin B. Parnell, Jr., cotton ginning and mechanization specialist with the Texas Agricultural Extension Service, penalties will be levied for lightweight and heavy-weight flat bales (net weight).

Originally, a penalty was included of \$5.00 per bale for every bale that came off a gin flat press that had not been modified to produce 24-inch bales, Parnell said. This modification is referred to as "shimming" the press. However, the "Modified Press Penalty" was delayed by a meeting of the TCA board of directors on July 1, 1974, for one year. This means that gins will not be penalized for not "shimming" their press this ginning season, but will be required to shim their presses prior to 1975-76 gin season or be subject to a penalty.

The objective of the rules is to produce a more uniform bale that will have the end result of making U.S. cotton more desirable for foreign as well as domestic markets. Most ginners are aware of these penalties, he said, and will attempt to produce bales having a weight within the no-penalty range.

However, many cotton producers may not be aware of the penalties. They also may not be aware that penalties will most likely be passed on the producer. It is going to be more difficult for the ginner to handle the remnants without making bales that will be subject to a penalty with these rules in effect.

According to Parnell, the bale weights will be penalized as follows:
329 lbs and below---\$10 per bale or option to reject
330 lbs. to 379 lbs---\$5 per bale

380 to 550 lbs.....no penalty
551-575 lbs.....\$5 per bale
576 lbs and above.....\$10 per bale or option to reject

Cindy Cook To Attend Texas 4-H Congress

When some 500 4-H members converge on Dallas July 23 for the opening of the Texas 4-H Congress, they'll have a serious purpose in mind-looking at careers.

Theme of the four-day conference, which will be at the Baker Hotel, will be "Careers in the World of Work."

Congress delegates will be 15 to 19 years of age and will represent all areas of Texas.

The objectives of the Congress are for the youth to recognize the need to plan for selecting a career and to use a rational process in planning for their choice of a career.

Featured speakers include Dr. Herman L. Glaess of Concordia Teachers College, Seward, Nebraska, and John D. "Jack" Jackson, ground school instructor for American Airlines, Inc., Flight Academy, Fort Worth. These speakers will reflect on their personal career experiences as well as give their perspectives on selecting and planning for careers.

A highlight of the conference will be the division of Congress participants into mini-groups to participate in discussions and tours of various businesses and services in the Dallas-Fort Worth areas.

Four groups will be related to manufacturing and processing, banking and finance, public service, recreation and leisure, merchandising and sales, and transportation.

The delegation will attend Granny's Dinner Theater the evening of July 24 for the production of "Never Too Late" with Bob Cummings. A special Congress Ball will be held the following evening.

Cindy Cook, O'Donnell 4-H'er is the delegate attending from Lynn County. She is the daughter of Mr. and Mrs. W.H. Cook.

Immunization Clinic Aug. 2

An immunization clinic will be held Friday, August 2, from 1 to 4 p.m. in the Lynn County Community Action Center. Immunizations, such as DPT, Polio, Measles and Rubella will be given. These shots are required in order for your child to start to school.

National Farm & Ranch Week

President Nixon has proclaimed the week of July 25, 1974, as National Farm Safety Week. Effort must be put forth by every individual on a volunteer basis if we are to avert mishaps on the farm or ranch and in the home.

It is not enough to be aware of safety or to know what is a safe or unsafe situation. One must practice safety in order to be safe. This requires common sense, use of protective equipment, proper maintenance, and competent drivers. There are five dangerous situations on the farm we should try to avoid in the coming year. These are:

1. For safety's sake, always use the steps made for mounting the tractor. Never climb up the lugs of the tire, or up other extensions of the tractor. It is particularly easy to slip off the rubber lugs, especially if the tire is wet and slippery.
2. Never operate the hydrostatic drive from an off-the-seat position-even to move the tractor backward or forward for a hitchup. A little too much pressure on the lever could cause the machine to lurch and run over the careless operator.
3. Workers handling pest-

icides should comply with two safety laws: Wear safety goggles and protective rubber gloves.

4. Don't get under a tractor to check or work on it while the engine is running. When changing a tire or wheel, block other wheels so the machine will not move and pin you underneath. Use a protective cab or canopy.

5. Never stand in front or back of a wheel to talk to a driver whose machine is still running. You could be seriously injured if the tractor should roll or lurch. Stand clear, have operator shut off the engine, then talk.

T-Bar Bridge Winners

Winners in duplicate bridge play at T-Bar C. C. last week were: Mrs. Wilmer Smith and Mrs. Clint Walker, first; Mrs. Jess Gurley and Mrs. W. H. Cords, second; and Mrs. Gene McKee and Mrs. Frank Hill, third.

Think Safety... Farm Safely!

Next time he might not be this lucky.

But why must there be a next time? Strict observance of simple safety rules and common sense caution could prevent accidents like this from occurring. So heed our friendly reminder during Farm Safety Week. Think Safety!

*** Legal Notice**

State of Texas
 County of Lynn

SHERIFF SALE
 By virtue of an Order of Sale issued out of the District Court of Lynn County, Texas, on a Judgment rendered in said Court on the 10th day of June, 1974, wherein, James Fuller Judge, Marvin Burch Judge, Alma Lola Butler Sutton, Ila Athea Butler Tidwell, Joyce Burk Lewis, Clifford E. Burk, Lila Burk Smith, Nina Ruth Walker and Boyd Burk, as Plaintiffs recovered a Judgment against Loyd Burk, Nadyne Cates, James S. Burk and William Howard Butler, decreeing that the property hereinafter described is not capable of being partitioned and ordered a sale thereof, said Judgment being rendered in Cause No. 3426 on the docket of said Court, wherein the said James Fuller Judge, et al, are Plaintiffs and Loyd Burk, et al, are Defendants. I did on the 8th day of July, 1974, at 2:30 o'clock, p.m. levy upon the following described real property situated in the County of Lynn, State of Texas, as described in said Judgment and said Order of Sale, the same being described in two tracts as follows:

TRACT NO. 1: Being all of Lot No. 14 and the West One-half of Lot No. 15 all in Block No. 25 of the North Tahoka Addition to the Original Town of Tahoka, Lynn County, Texas.
 TRACT NO. 2: Being all of Lots Nos. 1, 3, and 4, in Block 34 of the Original Town of Tahoka, Lynn County, Texas.
 On the 6th day of August, 1974, the same being the 1st Tuesday of said month, between the hours of 10:00 o'clock, a.m. and 4:00 o'clock, p.m. on said day, at the Courthouse door of said County, I will offer for sale and sell at public auction, separately, for cash, all of the above described two tracts of land, and all right title and interest of Loyd Burk, Nadyne Cates, James S. Burk and William Howard Butler in and to said two tracts of property.
 DATED at Tahoka, Texas this 8th day of July, 1974. 28-3tc
