DISTRICT 4-H FOOD SHOW WINNER-Shown above is Karla James, daughter of Mr. and Mrs. Fred James, O'Donnell, re- presented Lynn County at the District 24-H Food Show on March 22 in Lubbock. Karla was the top winner in her category, Breads and Desserts, in the Junior division. Karla is a member of the O'Donnell 4-H Club.

Why don't you...

From time to time we and other editors are asked various things and we decided this week (with the help of some material borrow- ed from one of our exchanges) to answer some of those questions.

Question: Why don't you write an editorial and tell those guys on the city commission what they can do to improve the town?
 Answer: Why don't you go down to the next commission meeting and tell them yourself?
 Q. Why don't you print more letters to the editor?
 A. Why don't you write me one? And sign it with your name, please — don't be chicken.
 Q. Why don't you run more pages in the paper?
 A. Because the outgo would exceed the income and then out I'd go.
 Q. Why don't you print in color, say red, more often?
 A. Our entire supply of red ink is used in the bookkeeping depart- ment.
 Q. Why don't you have funny papers?
 A. We think we have the funniest paper in Texas already.
 Q. Why don't you have an "Advice to the Lovelorn" column, like Dear Abby?
 A. None of our readers has any such problems.
 Q. Why don't you carry TV reviews?
 A. They can pay for their advertising.
 Q. Why don't you run a pin-up picture once in a while?
 A. Why not?
 Q. Why do you make so many grammatical mistakes?
 A. Cause we ain't never learned no better.
 Q. Why don't you run recipes?
 A. We did and left a line out. Twenty people got sick and cancel- led their subscriptions.
 Q. Why do you devote space to such trivialities as "Joe Smith entered the hospital this week?"
 A. Because good old Joe has many friends who are concerned about his health, even if you're not. And some of them might send him cards which he would appreciate.
 Q. Who cares about questions like this anyway?
 A. We do.
 Q. How come there are so many misspelled words?
 A. Could you please repeat the question?

These questions and answers have not solved a lot of problems, but at least they should not have created any which is quite an ac- complishment in these times.

A SHORT REPORT

By REPRESENTATIVE E. L. SHORT

H.B. 825 Failed - would require a fiscal note on cost at local level - many bills are passed imposing great fiscal impact to cities, counties, etc. Hopefully, it will be brought up again.

Passed from Intergovernmental Affairs Committee and House - State to pay 100 percent of all right-of-way

cost - (Now the County pays 50 percent.)

Introduced - State pay all cost on change of venue - (Now the county must pay total cost for the defendant if he is unable to retain legal service himself. Also a Cotton Contractor Bill - simply provides everyone will be required to register (Fee

\$25.) Class C misdemeanor if fails to do so. We would at least know who they are.

Thursday, March 13 - Railroad Commission had hearing regarding hydrogen sulfide gas - people will be notified close by these wells as to the hazard.

Speaker Clayton reported a record 2,149 bills introduced by House Members before the cutoff hour last Friday for prefilling of proposed legislation.

The Speaker said Texas could quit leasing state land for oil and gas as a protest to the proposal in Washington to take federal jurisdiction over intrastate gas supplies.

Restrict Texas Gas Sales - A bill to restrict natural gas produced from state-owned lands to sales within Texas was passed 30-0 in Senate. I coauthored the same in the House.

Attorney General Hill says he'll do everything in his power to fight consumer battles against utilities, but he doesn't want full statutory

regulatory power.

Briscoe said he might veto the drive over 55 for \$25 bill passed by the House if it endangers federal highway funds.

New Bill introduced - creating a referendum to allow people to vote on whether Texas should divide into five states - new states would be North Texas, East Texas, Central Texas, South Texas, and the largest - West Texas. (Not by Bill).

Thank you STANTON and all the fine people of Martin County for the E. L. Short Appreciation Day. Dink and I shall be forever grateful to our many friends and acquaintances.

Intergovernmental Affairs Committee, which I Chair, has had referred 154 bills as of March 11th.

Phebe K Club Met March 25

Phebe K. Warner Study Club met Tuesday, March 25, in the home of Mrs. Emil Prohl with Mrs. Harold Green serving as co-hostess.

Mrs. Jim Wells reported on the Caprock Convention held in Lubbock March 15-16. The club was awarded Outstanding Club Program and won 2nd place in Yearbooks. Numerous other awards were received including 1st in Girlstown, U.S.A. Project. Mrs. Harold Green, Caprock District President, conducted the convention and carried out her theme, "Hear America Singing" in all the meetings.

In regular business the club endorsed Mrs. Robert N. Tipps of Denver City for the office of president, TFWC for 1976-1978.

As a part of the club's Bicentennial participation, a Bicentennial Quilt will be made and be sold, auctioned, or raffled in order to raise money to buy equipment for the new mini-park. Each member will quilt a square the entire quilt will depict events from American history or local history.

The program for the day was given by Tahoka High's debate team, Lindy Thomas and Cole Brecheen. Both young men proved to be outstanding speakers and will be competing in district events soon. Special guest for the meeting was Mrs. Mary Brecheen.

false alarm, there's peace of mind to be gained. If it's cancer, a life might be saved.

Last year ACS budgeted more than \$79 million, of which over \$62 million went for Research, Education, Service, and Rehabilitation, declared Mr. Howard Moore of the Lynn County Unit announcing the opening of the ACS annual educational and fund raising crusade on April 8. Besides direct contributions the Society also receives support from leg-

acies. Research which is making gains against cancer received about 30 cents of each dollar or about \$24 million, he noted.

Informing people about cancer's Seven Warning Signals and urging regular health checkups to discover cancer at its earliest and most curable stage are at the heart of our Public Education Program and received about 18 cents of each dollar or \$14 million, Mr. Moore said.

Patient and community services such as Reach to Recovery programs for women who have had breast surgery or teaching people who've lost their voices after throat cancer surgery how to speak again received more than \$15.5 million or 19 cents of each dollar. Nearly 11 cents or about \$8.6 million was devoted to professional education. These programs provide dentists, physicians, nurses, and other medical personnel with the latest information on diagnosis and treatment of cancer.

Introducing

Mr. and Mrs. Edward Smith of Seminole are the parents of a son born Friday, March 21st at 2:10 a.m. in Memorial Hospital in Seminole.

The baby weighed 6 lbs. 13 oz. and has been named Edward Gail.

Grandparents are Mr. and Mrs. Tom Dempsey of Eldorado and Mr. and Mrs. Herbert Smith of Tahoka.

Cancer Crusade Begins April 8

A flashing red light... A SOS... A siren. These are familiar warning signals. But what about cancer's warning signals? If you don't know cancer's warning signals, how do you know you haven't got one? Volunteers for the American Cancer Society will be asking that question over 40 million times throughout the country and thousands of times here in Lynn County.

Cancer is silent, usually painless disease in its early stages and so often its Warning Signals are fairly common complaints - things like heartburn or a cough or a change in bathroom habits.

Cancer is not one, but many forms of a disease that can attack different parts of the body and all age groups. Still there is something in common: cancer is most curable when caught early and treated promptly and properly. For this reason, as the volunteers speak to their friends, neighbors, and business associates during the Crusade time, they will be teaching them the importance of cancer's Warning Signals.

The signals are: Change in bowel or bladder habits.

A sore that does not heal Unusual bleeding or discharge.

Thickening or lump in breast or elsewhere.

Indigestion or difficulty in swallowing.

Obvious change in wart or mole.

Nagging cough, or hoarseness.

None of these signals automatically means cancer, but should trigger a visit to a physician. If it's a

Baptist Plan First Service Next Sunday

The First Baptist Church of Tahoka is planning to have its first worship service in the new auditorium next Sunday morning at 10:50 a.m. Demolition of the old auditorium must precede the completion of the entire new structure. A new Fellowship hall with office space and Sunday School rooms is planned. Construction will begin immediately.

The new auditorium is slightly larger than the old one and will seat approximately 425 people with over flow room for about 50 to 75 more. The beautiful new sanctuary is finished in pecan paneling, exposed brick, and bright red carpet. Lighting is both indirect and decorative fixtures. The windows are designed by the artist, John Kerbie of Dallas and made by the very latest process for church windows in faceted glass. The large window which has not yet been installed will be 32 feet by 6 feet and will picture "The Grace of God." The new building is furnished with a new three manuel Allen organ and a new Grand Piano and red cushioned pews also made in pecan finish from S-K furniture in Jacksonville, Texas. The pulpit, communion table, flower stands, and choir area are also made in pecan and trimmed in carved grape moldings. The church has been using their new Sunday School space for the past two Sundays. Two of the Sunday School departments have been furnished with new Spinet Pianos. A record crowd is expected this next Sunday to exceed last Sunday's Easter Service.

A formal dedication service is planned for a later date. The pastor invites members and visitors alike to be a part of this service. "TO GOD BE THE GLORY."

BILL GRIFFIN SAYS

Spring lawn mowing time will soon be here, and with it will come numerous accidents unless precautions are taken.

A few points to keep in mind for the safe operation of a lawn mower:

1. Always wear leather shoes and long pants while mowing the yard.
2. Remove any rocks, sticks, toys or other objects in the yard before mowing.
3. Keep children and pets out of the yard while it is being mowed.
4. Don't mow grass if it's wet as it can damage the grass and clog the mower blade and discharge chute.
5. Always mow slopes sideways. It makes mowing easier and reduces slipping. Also, "push," don't "pull" the mower.
6. Always turn off the engine and disconnect the spark plug wire when working on the mower or refueling. Also, don't refuel the mower while engine is hot.

7. Never leave a running mower unattended.

8. Keep the mower in good working shape. A lawn mower turns into a hazardous machine if used carelessly. Next to the automobile, the rotary mower is the second most dangerous device used by the public in the United States.

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation

Doctors have found a medication that in many cases gives prompt, temporary relief from pain and burning itch in hemorrhoidal tissues. Then it actually helps shrink swelling of these tissues caused by inflammation.

The answer is Preparation H®. No prescription is needed for Preparation H. Ointment or suppositories.

Sorghum Value Jumps

AUSTIN—Though Texas sorghum production dropped more than 100 million bushels last year, the value of the crop jumped to record heights.

The 1974 crop totaled \$926,640,000, a \$51 million increase from 1973 and the highest recorded sorghum crop value in history.

Agriculture Commissioner John C. White blamed the production decline on adverse weather conditions which crippled the entire state's agricultural industry. Sorghum yields were severely reduced by late plantings, slow growth and development, low moisture and cool, wet October weather.

"The rain did not cooperate with our farmers last year," White said. "Most of the dryland acreage was lost even before the planting season began. There just wasn't enough moisture in the ground for planting."

According to the Texas Crop and Livestock Reporting Service, total production was 312 million bushels, a 25 percent reduction from the record 1973 crop. Yield per harvested acre was 52 bushels. In 1973 farmers produced 417 million bushels and averaged 60 bushels per acre.

In 1974, planted acreage dropped 600,000 acres with most of the decrease occurring on the Texas High and Low Plains. Total planted acreage was 7.5 million, compared with 8.1 million in 1973.

The average price for grain jumped 88 cents to \$2.97 a bushel, accounting for the record year in cash receipts. White reported, however, that prices have since dropped to around \$2.35.

Planting intentions show a marked improvement over conditions of the previous year. Texas acreage, which accounts for about 46 percent of the national total, is expected to be 9 million, 20 percent more than 1974. Most of the increase will be in South Texas and the Blacklands where much cotton acreage has been converted to sorghum.

Nationally, growers intend to plant 19.4 million acres for 1975, up 10 percent from 1974 and one percent from 1973.

DECA

THE WAY TO TOMORROW

The gross injustices to High Plains farmers that resulted in 1974 from U.S. Department of Agriculture regulations substituting of crops under the disaster provisions of the law "cannot occur in 1975."

The quote is from a letter written to Congressman Mahon of Lubbock by Victor A. Seneschal, USDA's Deputy Administrator of Farm Programs. The letter, of which was sent to Plains Cotton Growers, Inc., was accompanied by a revised set of program regulations.

According to PCG President Don Marble of South Plains, "Unless changed, these new regulations will give producers more protection under the farm act's disaster provisions in 1975."

Mahon, Chairman of the House Appropriations Committee, an active proponent of regulation changes, has worked with Marble, PCG Executive Vice President Donald Seneschal and others to secure the program improvements.

The disaster clause of the 1973 farm law, inserted by the insistence of PCG, provides for a producer payment if the farm's total production of a crop falls below two-thirds of the farm's normal yield of that crop. For cotton, the payment in 1974 was 12.67 cents per pound, two-thirds of the "target price" as specified by law.

In 1974, USDA decreed that whenever crop production occurred between two crops, total actual production of crops would be combined to determine eligibility for payment. Under this ruling, many producers who own their feed grain, wheat or cotton allotments and under one or both the others were denied payment even though the total or near total loss of one or more crops was above normal production of one program crop was offset by disastrous yields on other crops, making the total production ineligible for payment on failed acreage.

PCG, enlisting support from the Producer Subcommittee of the National Cotton Council, Lubbock's Sorghum Producers Association and others, loudly protested the inequities fostered by these rules at a meeting with officials, including Seneschal, in Washington December 11 of last year.

Seneschal's letter to Chairman Mahon stated, "Eligible disaster payments will be determined separately for program crop (cotton, wheat, feed grain)," and went on to say "Substitution rules for 1975 can only be to the farmer's advantage."

Other improvements in disaster program regulations were spelled out by the USDA official. "If one program is overplanted and another is underplanted, the coverage of the overplanted crop is increased to the amount of the overplanted or the other program crop allotment planting." Under some circumstances this would mean that payments on an acreage greater than the farm allotment officials noted.

And, unlike 1974 rules, Seneschal said "For 1975, production will not be charged for planting another crop on wheat or grain acreage which subsequently fails," and "Settlement such cases will be based on the approved production, not on the failed wheat or feed grain acreage."

Another major complaint registered by PCG members in 1974 was against the use of Federal Crop Insurance Corporation personnel, many of whom were unfamiliar with area and conditions, as appraisers to inspect weather-damaged crops. This too appears to have been corrected. Seneschal letter said "In 1975 appraisal and loss adjustment work will be handled totally by ASCS personnel except on farms covered by FCIC contract. Losses on FCIC insured farms will be adjusted by FCIC personnel as in 1974."

McKibben and family of Lubbock went to Comanche for the Easter weekend, visiting with Mr. and Mrs. M.L. Green and boys. They made the return trip on Sunday afternoon. Sunday services at First Baptist Church saw a packed house. There were so many visitors we could not begin to get all the names of who was visiting whol However, the day came to a beautiful climax with a concert on Sunday night by Mrs. Mary Lou Bogus of Corpus Christi She is the daughter of Mr. and Mrs. Charlie Lichey and has been visitin in their home here for several days along with her husband and four children. Although Mary Lou had been singing church music for some time and had sung specials on previous visits here, the concert business is a new field for her. Those who heard her agreed that she sang like a pro. She was also presented in Concert at Oakwood Baptist Church, Lubbock on Sunday morning and went from here to Big Springs for a concert on Monday night.

Her husband and two older children had to leave Sunday to be back on his job and in school Monday. Mr. and Mrs. Lichey accompanied Mary Lou and the younger children to Big Springs and them took them home on Tuesday where they will visit for several days before returning. Mrs. Jeanette Harvick, first grade teacher was out of school Monday.

Word has been received here of the death of a former Lynn County man who lived at O Donnell, having graduated there in 1968. He is James M. Williams, Jr., age 24, who was killed in a one car accident early Sunday morning in Orlando, Florida. Burial was there on Wednesday. He had moved to Fort Lauderdale, Florida after serving in the U.S. Army. He is survived by his wife and one son, his parents Mr. and Mrs. James M. Williams and two sisters of Lubbock. His paternal grandmother Mrs. Floyd Williams also lives in Lubbock and his maternal grandmother is Mrs. Faye Thayer who lives here at Golden Manor Apartments. I visited with my sister, Leta Brown of Lubbock on Sunday afternoon.

Morris James Funeral Held

M. L. (Morris) James, 68, Rt. 1, Tahoka died Tuesday, April 1, at approximately 1:30 a.m. in West Texas Hospital, Lubbock.

Services were held at 2 p.m. Wednesday, April 2, at the Sweet Street Baptist Church with Rev. Lee R. Jones, pastor, officiating and assisted by Rev. Ray Cunningham.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

James was born July 25, 1906 in Madison County and came to Lynn County in 1924 from Madisonville, Texas. He attended school in Madison County.

James married Miss Leah Mary Smith, December 26, 1926 in Wilson. He was a member of the Masonic Lodge and the Sweet Street Baptist Church.

Survivors include his wife; one daughter, Mrs. B. B. Miles of Waco; one son, Marvin L. James of Wellman; one sister, Mrs. J.N. Mangum of Kermit; three brothers, Ben James of Seagraves, Thurman James and Harve James, both of Texas City; nine grandchildren and one great granddaughter.

Pallbearers were Raymond Ashbrook, Billy Dale Stice, Travis Inman, Charles Ashbrook, Milt Draper, and Hubert Strickland.

Rites Held For C. A. Willburn

Carl Allen Willburn, age 42, died March 14, 1975, at his home in Tucson, Arizona, of a sudden heart attack.

Allen was born in Spearman, Texas, August 17, 1932, moving to Tahoka area with his parents and later to Alice, Texas where he was buried. He attended Wilson Schools near Tahoka.

He is survived by his mother, Mrs. Dave Willburn of Alice; four brothers, Pete of Norman, Oklahoma, H.C. of Corpus Christi, Glynn of Clute and Howard B. Henry of San Antonio; four sisters, Mrs. Ann Buckalew of Channelview, Mrs. Flois Heinrichsen of Bay City, Mrs. Betty Calhoun of Clute and Dorothy Willburn of Denver, Colorado, along with numerous nieces and nephews.

Allen was a graduate of Alice High School, and was very active in track and baseball. He attended A & I College, Kingsville, Texas. He served active duty in the Air Force, being last stationed at Davis Monthan A. F.B. at Tucson.

He continued to make his home in Tucson and was with an Auto Parts Company until his death.

PCA Directors To Attend Meet

Directors and officers of Lubbock Production Credit Association will hear a congressman, a governor and a president when they go to Fort Worth April 3 for the Federal Intermediate Credit Bank of Houston's annual meeting.

Keynote speakers at the session are Congressman Jerry Litton, D-Missouri, Governor Malcolm Harding, head of the Farm Credit Administration in Washington, D.C., and President W. H. Calkins, the Houston bank's top executive officer.

Representing Lubbock PCA at the meeting are board members Cleve Littlepage, Tahoka, chairman; Dewey Wells, Jr., Ralls, vice chairman; A.B. Roberts, Littlefield; Kleth Young, Seagraves; and T.A. Elmore, Tokio. Littlepage is the association's official delegate.

PCA officers attending include Alton Strickland, president, and David S. Sooter, vice president, of Lubbock.

Approximately 500 are expected for the meeting. Most are Texas farmers and ranchers who serve their local PCA boards of directors.

The Houston Credit Bank, principal source of funds for PCAs, last year loaned more than 1.5 billion through its agricultural credit outlets. Water, Inc. Meet April 4

Directors of Water, Inc., will review proposed legislation aimed at providing a mechanism for creation of an import water authority when they meet in Lubbock Friday, (April 4). The meeting is slated at 1:30 p.m. in the Flame Room of Pioneer Natural Gas Co.

The legislation coming under close scrutiny is HB1997 introduced by Felix McDonald of Hidalgo County. It is the work of the legislative committee of the Governor's Water Resources Conservation and Development Task Force.

In directing the legislative committee to draw up the measure, the Task Force noted that no legal entity was in existence nor was one provided for by law which could administer an import program in an area to be served by such a project. The Task Force listed the passage of enabling legislation among priority actions in the state's short-range program.

The proposed legislation which was introduced on March 14, sets out a method under which the Water Rights Commission, after proper hearings, delineates an import area. The actual creation of an import authority would come only on a favorable vote of the electorate in the delineated area. The authority would have necessary power to carry out the purposes for which it was created.

FACTS FOR YOU

from Texas Farm Bureau

VIOLENT, INDECENT AND OBSCENE MATERIAL:

There are a number of Farm Bureau leaders disturbed about the endless stream of violent, indecent, and obscene material released on radio and television. Some Farm Bureau people have filed their objections with the Federal Communications Commission. The Federal Communications Commission on February 19, 1975, released a report entitled Report On The Broadcast Of Violent, Indecent and Obscene Material (FCC 75-20230159). The Commission also released this basic document in the FEDERAL REGISTER on March 10, 1975, beginning at page 11023. Anyone wishing to review this report can find the FEDERAL REGISTER in local libraries. It is also possible to write to Robert E. Lee, Commissioner, Federal Communications Commission in Washington, D.C., 20554, requesting a copy of this report. The report mailed from the Federal Communications Commission's office in Washington contains additional material to that reported in the FEDERAL REGISTER of March 10, 1975.

There seems to be no way to get understanding with regard to the issue of broadcasting violent, indecent and

obscene material as the courts associate broadcasting with freedom of speech guaranteed by the Constitution. The facts are that the problem centers around leadership in the industry, government and court system. If the problem is to be solved these leaders must be willing to take action necessary to eliminate violent, indecent and obscene material from radio and T.V. For example, every citizen surely has a right to speak, but the government certainly has a right and obligation to regulate the way in which that free speech is exercised. A person has a right to operate an automobile on the public streets and highways, but that right is regulated by government. Public opinion can change this situation.

CCC COTTON LOAN ENTRIES:
The Commodity Credit Corporation reported as of March 6, 1975, that 2,124,500 bales of the 1974 crop cotton had been placed in CCC's loan program. Of this amount, loans were repaid on 467,000 bales, leaving 1,657,500 bales in the loan program. Of the cotton now in CCC loans, 474,300 bales were placed in the loan by individual farmers through their local ASCS office and 1,183,200 bales were placed in the loan by

cooperative marketing associations representing farmers.

FOREIGN AID:
U.S. Congressman Alexander from Louisiana placed a table of foreign countries, indebtedness to U.S. in the CONGRESSIONAL RECORD in support of his amendment to a foreign aid appropriation bill designed to stop foreign aid to any nation that is delinquent by more than 90 days in their payments to the U.S. The Congressman said that there were 158 nations and 17 organizations that owed the United States. One hundred and ten (110) of the 158 nations and seven of the organizations are at least 90 days overdue in their payments. Delinquent debt on June 30, 1974, totaled in excess of \$562 million. This gives no credit for the numerous adjustments in debts and payments through the years. Anyone wishing a copy of this table call Farm Bureau Office.

BEEF GRADES:
The United States Department of Agriculture announced on March 6, that the revised U.S. grade standards for beef will become effective on April 14, 1975. The Department officials said that in general revised standards will: (1) make it possible for slightly leaner beef to qualify for the Prime and Choice grades (2) establish a more restrictive Good grade; (3) increase uniformity in eating characteristics (tenderness, juiciness and flavor) in each grade and (4) require that all beef graded be identified for both quality and yield (percentage of retail cuts).

THE NATIONAL DEBT:
The national debt has reached unmanageable proportions. This debt has been created by the United States Congress. The debt can only be reduced by action of the United States Congress.

Congressmen are elected by citizens of the United States who vote in the elections. If citizens of the United States intend to correct this terrible injustice, it will be necessary for them to hold the elected Congressmen responsible for collecting from the citizen the amount of money spent each year. This, in turn, will give the voter a fair appraisal of the nation's expenditures and income. The citizens of the United States have allowed the tremendous national debt of approximately 5 trillion dollars to accumulate on the basis that each is getting more than is being paid in taxes. For example,

a few days ago a group of citizens was discussing the revenue sharing program. One remarked that this money cost the taxpayers in Texas \$1.10 for each dollar received. Some of the others present remarked that it seems foolish to pay in \$1.10 and get only \$1.00 back. The author remarked that if the State of Texas did not get the \$1.00, then the program would cost the State \$1.10 instead of 10 cents. The purpose of this discussion is to reveal that if the battle is ever won, it will be necessary to eliminate such programs as revenue sharing -- which forces people to accept a 10 percent loss in order to avoid a 110 percent loss on taxes paid. This system has developed a long list of expenditures that are useless except to the few who receive them. The justification of these expenditures is to promote prosperity by way of the federal treasury. The individual reasons that he must get a part of his tax dollars from the federal treasurer in order to survive.

The National Taxpayers Union reported the following with regard to Federal expenditures for which the taxpayer seemingly got absolutely nothing (except the few who participated in the project): Item: \$100,000,000 to build a truck so poorly designed that it can travel a maximum of 90 minutes at a time before catching fire. Item: \$600,000 in subsidy payments to a single book-keeper in Washington. Item: \$238,500 to a professor and two assistants to follow migrating bats in Morocco. Item: \$415,000 to remodel a jet-set hotel in Port-au-Prince, Haiti, where the cheapest rooms cost \$150 per day. Item: \$79,500 to install new carpeting for Attorney General Saxbe. New carpets had already been installed prior to Saxbe's arrival but he didn't like the color. Item: \$68,000 to the Queen of England for not planting cotton on her plantation in Mississippi. Item: \$57,000 per minute to pay interest on national debt. Item: \$250 billion for foreign aid, including money for the U.S. to finance and support both sides in 12 wars in the last 20 years.

THE U. S. NEWS AND WORLD REPORT OF July 22, 1974, released the following:

- In increasing numbers, taxpayers around the country are sending a message to Washington: Don't waste our money on foolish ideas. They say they're fed up with hearing about today's tax dollars going for such projects as:
 - Study of the impact of rural road construction in Poland. Cost: \$85,000.
 - Study on teaching mothers how to play with their children. Cost: \$576,969.

clear up the very unfair bond situation which has been giving many businesses fits for the past year.

The problem was that the previous administration required existing businesses to post bonds whenever the business underwent any technical change in legal status such as a small business incorporating or a single ownership becoming a partnership.

Common sense should dictate that something as simple as a name change doesn't affect a business' taxpaying trustworthiness top side nor bottom when there hasn't been any substantial change in ownership and management. Therefore, I decided we should take into account a business' previous taxpaying record before deciding whether or not to require a bond.

That's the system we are using now. Businesses who think they may have been unfairly required to post bond during the past year should contact their nearest field office of the Comptroller's Department.

We have also recently put a stop to what had been arbitrary and mistaken enforcement of sales tax on food sold under certain conditions by such groups as volunteer firemen's associations and similar civic groups.

To be nontaxable it is necessary that the food sale--such as a pancake supper--is not professionally catered, is not held in a commercial business place such as a restaurant or hotel and is not a regular affair (again, common sense tells us that once or twice a year is not "regular").

Past enforcement of such food sales was a hit-and-miss proposition so in cutting it out altogether the state won't be losing any great amount of money.

As hard as we try to use common sense, sometimes we just get boxed in by things beyond our control.

The recent problems the Camp Fire Girls have had with the sales tax is a good example. The Camp Fire Girls Council of Fort Worth is now going to court with it because they think it is wrong for the candy they sell to be taxable while cookies sold by the Girl Scouts are nontaxable.

I agree that it's wrong and I would like to do something about it but my hands are tied by the law. The sales tax law passed by the Legislature specifically spells out that candy is taxable, so I have no alternative but to enforce it. On the other hand, cookies are not mentioned so they are considered tax free food.

The Camp Fire Girls, besides going to court, are rightly asking the Legislature to change the law. I hope it is changed--and if the Camp Fire Girls are as good at selling this idea as they are at selling candy, I think it will be.

Incidentally, the Fort Worth Council is the only Council in the state which

Thursday, April 24, 1975

Carolyn Haley Says...

One easy way to restore the finish on some used furniture only involves cleaning but cleaning with a reconditioner cleanser.

Before stripping and refinishing, try a cleanser conditioner to restore natural grain and color of wood, conceal scratches and retard crazing or checking.

It will also remove cloudiness caused by smoke, grease and dust, and will recondition wood dried from overheated rooms.

To make the cleanser conditioner, mix a bottle one part turpentine with three parts of boiled linseed oil.

Cover the mixture tightly and shake well -- it will keep indefinitely.

To apply, pour enough cleanser conditioner into a dish of hot water to cover the surface. Do not stir.

Dip a cloth into the floating oil mixture -- the hot water makes the oil easier to use. Apply to a small area at a time and avoid getting too much moisture in joints and glued areas.

Rug the surface with the oil mixture. If there is a build up of dirt, dip grade 3/0 steel wool into the mixture and rub lightly.

Wring out a clean cloth with clear warm water and wipe the surface.

Discard the mixture when the water cools. Do not re-heat because the mixture is

flammable and become gummy.

If you use the cleanser conditioner on shellac finish, use it sparingly and writing the rinse cloth dry.

Bicentennial Corner

Exciting things are beginning to happen in Tahoka as various clubs and groups are involved in the Bicentennial celebration.

The Tahoka Bicentennial Committee, following guidelines from the American Revolution Bicentennial Commission of Texas, is preparing an application to be designated a Bicentennial Community.

Goals have been set in each of the three divisions set down by the Commission. Heritage includes becoming aware of local and national history through re-enactments of famous events,

tracing the history of the city, clubs, churches, etc. Festival involves a "birthday party" on July 4, 1976, for everyone, picnic, parade, games, contests, and patriotic program. Horizon includes building a mini-park with equipment for all ages to enjoy.

What is your club doing to participate in America a birthday? Here are some ideas you might like to consider: (1) Trace the history of your club and keep it up to date. (2) Have Bicentennial or patriotic programs (3) Incorporate the Bicentennial theme in all projects. (4) Honor our pioneers and learn from them. Record interviews with them concerning life in the early days and make these conversations available to the public (5) Get involved in cleaning up Tahoka (6) Find interesting antiques or old possessions and display them in windows downtown.

Some of the local clubs have already submitted their plans. The Garden Club is encouraging the planting of red, white and blue flowers in every yard in Tahoka and hopes to sell American flags so every home can fly Old Glory in 1976.

The Lynn County Home Demonstration Council is conducting a safe driving course in August, 1975, is providing some prize money for some of the Bicentennial contests, and is sponsoring an antique show July 3-4, 1976 to coincide with the city wide celebration. Also the annual meeting and Appreciation Luncheon honoring county officials and other citizens will have a patriotic theme and a Bicentennial program.

Phebe K. Warner Club is making a Bicentennial Quilt tracing the club's history, having Bicentennial programs and has purchased books relating to America for the city, county and school libraries.

There are numerous activities we can do. Would you like to see the Hootenanny revived? A patriotic musical production is planned for 1976 involving anyone who wants to participate. Get busy and get every Tahoka citizen involved!!!!

Medlin - Knox Exchange Vows

Miss Dianne Cecile Medlin and Lieutenant Raymond Buddy Knox exchanged marriage vows March 29th at Lakeview Christian Church in Dallas. The Rev. Dr. Ken Hay and Rev. Sydney Carnes officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Homer Medlin of Dallas. A candidate for May graduation from Texas Tech University, she is a member of Delta Gamma sorority, Phi Kappa Phi Honor Society and served as treasurer for Angel Flight.

The bridegroom is the son of Mr. and Mrs. Leighton Knox of Tahoka. He is a graduate of Texas Tech where he was a scholarship cadet to Air Force ROTC and a member of the Arnold Air Society.

Maid of Honor was the bride's sister, Miss Debbie Medlin of Dallas. Mrs. Paul Jones of Garland served as Matron of Honor. Bridesmaids were Miss Janet Hessecock of Dallas and Miss Janet Baker of Hereford. Miss Kristen Painter served as flower girl and Master Seth Parker was the ring bearer.

Serving as best man was Leighton Knox, Sr., father of the bridegroom. Groomsman were Leighton Knox, Jr., William Knox, and Jayson Knox, all of Tahoka. Ushers were Gary Medlin, brother of the bride, and Lt. Dale Fink of Fort Worth. Special music was provided by Wilford Crawford and Richard Cayton of Dallas.

The bride wore a formal gown of white organza. The empire waistline defined the scooped neckline of Venise lace and short lace sleeves. The A-line silhouette was

bordered with lace and swept back into a chapel length train. To compliment her gown she wore a scalloped chapel length mantilla completely framed in Antique Brussels lace and encrusted with pearls.

The reception followed the wedding at the church. Members of the House Party were Misses Coye Cawman and Dee Dee Cawman of Lubbock, and Miss Starlyn Knox of Tahoka, neices of the bridegroom. Also included were Miss Shirley McGregor Amartillo, cousin of the bride and Miss Jana Wright of Dallas.

The couple will live in Sacramento, California where Lt. Knox will be stationed beginning in May.

Farm Bureau News

Charlie Beckham of Tahoka, president of the Lynn County Farm Bureau has requested Congressman Omar Burleson to introduce legislation in the U.S. Congress to increase federal estate tax exemptions.

H.R. 1973, a bill which would accomplish this, has been introduced by Texas Congressman Omar Burleson of Anson. A number of other Congressmen have introduced bills similar to, or identical to, the Burleson bill.

Mr. Beckham said in a letter to the Congressman that the federal estate tax has now become an unreasonable burden on those who wish to keep the family farm or ranch in the family.

He noted that back in 1942, when the \$60,000 estate tax exemption was adopted, farm ranch values were so low that not many people had to worry about the tax problem.

Today, because of inflation and assessments based on subdivision or other development, the value of the average-size farm has increased several hundred dollars, he said.

The county Farm Bureau H.R. 1973 would: (1) Increase the \$60,000 primary exemption to \$200,000.

(2) Raise the maximum deduction from 50 percent of the adjusted gross estate to 100,000 plus 50 percent of the total value of the justed gross estate.

(3) Establish a procedure whereby farm assets subject to be assessed at value for farming purposes rather than at fair market value.

"Yes, it is. It's accurate and dependable, but it costs money."

"Seven years ago, it cost \$15.18 and now it costs \$18.30, over 20% more. And that meter is just one of the things we use to serve a home."

That's part of the reason your electric bill may be higher these days . . . our equipment costs more, and to give you good service, we have to buy new things to replace the old . . . to keep your electric service dependable.

Bicentennial Corner

Exciting things are beginning to happen in Tahoka as various clubs and groups are involved in the Bicentennial celebration.

The Tahoka Bicentennial Committee, following guidelines from the American Revolution Bicentennial Commission of Texas, is pre-

paring an application to be designated a Bicentennial Community.

Goals have been set in each of the three divisions set down by the Commission. Heritage includes becoming aware of local and national history through re-enactments of famous events,

tracing the history of the city, clubs, churches, etc. Festival involves a "birthday party" on July 4, 1976, for everyone, picnic, parade, games, contests, and patriotic program. Horizon includes building a mini-park with equipment for all ages to enjoy.

What is your club doing to participate in America's birthday? Here are some ideas you might like to consider: (1) Trace the history of your club and keep it up to date. (2) Have Bicentennial or patriotic programs (3) Incorporate the Bicentennial theme in all projects. (4) Honor our pioneers and learn from them. Record interviews with them concerning life in the early days and make these conversations available to the public (5) Get involved in cleaning up Tahoka (6) Find interesting antiques or old possessions and display them in windows downtown.

Some of the local clubs have already submitted their plans. The Garden Club is encouraging the planting of red, white and blue flowers in every yard in Tahoka and hopes to sell American flags so every home can fly Old Glory in 1976.

The Lynn County Home Demonstration Council is conducting a safe driving course in August, 1975, is providing some prize money for some of the Bicentennial contests, and is sponsoring an antique show July 3-4, 1976 to coincide with the city wide celebration. Also the annual meeting and Appreciation Luncheon honoring county officials and other citizens will have a patriotic theme and a Bicentennial program.

Phebe K. Warner Club is making a Bicentennial Quilt is tracing the club's history, having Bicentennial programs and has purchased books relating to America for the city - county and school libraries.

There are numerous activities we can do. Would you like to see the Hootenanny revived? A patriotic musical production is planned for 1976 involving anyone who wants to participate. Get busy and get every Tahoka citizen involved!!!!

Medlin - Knox Exchange Vows

Miss Dianne Cecile Medlin and Lieutenant Raymond Buddy Knox exchanged marriage vows March 29th at Lakeview Christian Church in Dallas. The Rev. Dr. Ken Hay and Rev. Sydney Carnes officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Homer Medlin of Dallas. A candidate for May graduation from Texas Tech University, she is a member of Delta Gamma sorority, Phi Kappa Phi Honor Society and served as treasurer for Angel Flight.

The bridegroom is the son of Mr. and Mrs. Leighton Knox of Tahoka. He is a graduate of Texas Tech where he was a scholarship cadet to Air Force ROTC and a member of the Arnold Air Society.

Maid of Honor was the bride's sister, Miss Debbie Medlin of Dallas. Mrs. Paul Jones of Garland served as Matron of Honor. Bridesmaids were Miss Janet Hestcock of Dallas and Miss Janet Baker of Hereford. Miss Kristen Painter served as flower girl and Master Seth Parker was the ring bearer.

Serving as best man was Leighton Knox, Sr., father of the bridegroom. Groomsman were Leighton Knox, Jr., William Knox, and Jayson Knox, all of Tahoka. Ushers were Gary Medlin, brother of the bride, and Lt. Dale Fink of Fort Worth. Special music was provided by Wilford Crawford and Richard Cayton of Dallas.

The bride wore a formal gown of white organza. The empire waistline defined the scooped neckline of Venise lace and short lace sleeves. The A-line silhouette was

bordered with lace and swept back into a chapel length train. To compliment her gown she wore a scalloped chapel length mantilla completely framed in Antique Brussels lace and encrusted with pearls.

The reception followed the wedding at the church. Members of the House Party were Misses Coye Cawman and Dee Dee Cawman of Lubbock, and Miss Starlyn Knox of Tahoka, nieces of the bridegroom. Also included were Miss Shirley McGregor Amarillo, cousin of the bride and Miss Jana Wright of Dallas.

The couple will live in Sacramento, California where Lt. Knox will be stationed beginning in May.

Farm Bureau News

Charlie Beckham of Tahoka, president of the Lynn County Farm Bureau has requested Congressman Omar Burleson to introduce legislation in the U.S. Congress to increase federal estate tax exemptions.

H.R. 1973, a bill which would accomplish this, has been introduced by Texas Congressman Omar Burleson of Anson. A number of other Congressmen have introduced bills similar to, or identical to, the Burleson bill.

Mr. Beckham said in a letter to the Congressman that the federal estate tax has now become an unrea-

sonable burden on those who wish to keep the family farm or ranch in the family.

He noted that back in 1942, when the \$60,000 estate tax exemption was adopted, farm ranch values were so low that not many people had to worry about the tax problem.

Today, because of inflation and assessments based on subdivision or other devel-

Thursday, April 3, 1975
opmental potential, the average - size farm may have an assessed value of several hundred thousand dollars, he said.
The county FB has H.R. 1973 would:
(1) Increase the \$60,000 primary exemption to \$200,000.

(2) Raise the maximum deduction from 50 percent to 100,000 plus 50 percent of the total value of the justed gross estate.

(3) Establish a program whereby farm assets are to be assessed at value for farming purposes rather than at fair market value.

"Sharon, that looks like a complex piece of equipment there..."

"Yes, it is. It's accurate and dependable, but it costs money."

"Seven years ago, it cost \$15.18 and now it costs \$18.30, over 20% more. And that meter is just one of the things we use to serve a home."

That's part of the reason your electric bill may be higher these days . . . our equipment costs more, and to give you good service, we have to buy new things to replace the old . . . to keep your electric service dependable.
