TEXAS BUSINESS CLIMBED UPWARD TO 95.1 FIGURE IN APRIL WHILE NATIONAL SLUMP IS SHOWN BY U. OF T. ECONOMIST

Austin, Texas, June 5.—In contrast to a national slump, Texas business climbed upward during April, Dr. F. A. Buechel, University of Texas economist, said today.

Charting Texas business on the basis of employment, pay rolls, runs of crude oil to stills, freightcar loadings, department store sales, and electric power consumption, Dr. Buechel, statistician for the University Bureau of Business Research, pointed to a composite index figure of 95.1 for April compared with 94.4 in March and 93.2 in April last year.

National business has slumped continuously during the past five months, but Texas has remained horizontal during that period, and took an upward movement last month, Dr. Buechel said. He pointed to a number of elements which could contribute toward sustained business recovery:

An abundance of cheap credit.

Vast supplies of surplus raw materials both agricultural and mineral.

Accumulated needs which have developed since 1930 as a result of under consumption and low level of business spending.

A more realistic and cooperative approach to the consideration of economic problems by industrial leaders and government officials.

Ardmore's Boosters Visited Henrietta

A motorcade of some twenty cars filled with enthusiastic boosters from Ardmore, Okla., passed thru Henrietta Wednesday about 2:30 p. m. on a good will tour and advertising their Fair and Rodeo, sponsoring an unusual "Rodeo" to be held in the Carter County Metropolis, June 16-17-18th.

A number of rope performances and talks were given on the streets of our city and invitations were extended to all to attend their celebration.

Miss Opal Roderick Slightly Improved

Miss Opal Roderick, student at Denton, who has been seriously ill from a tooth extraction for the past two weeks is reported to be slightly improving, but is still in the Denton hospital.

EDNA MARIE MOORE IS IMPROVING FROM OPERATION

Edna Marie Moore, little 8 year old daughter of Mr. and Mrs. Hollis B. Moore is improving nicely following an operation for acute appendicitis, performed last Thursday night in the Scottish Rite hospital in Dallas, following the attack Thursday noon.

Edna Marie has been in that hospital for the past 18 months for treatment for infantile paralysis, but was the first attack of appendicitis.

Attend the Revival.

FONCIE'S SOFTBALL TEAM WON OVER OLSEN-STELZER

Foncie's Beauty Shop Softball team defeated the Olsen-Stelzer team at Hapgood Field Tuesday night by the score of 7 to 6. The game was featured with errors.

Thaxton Brothers defeated the fast K. of P. team 6 to 3, bringing them up second place for the season.

These league games are played each Tuesday night at Hapgood Field, and everyone is invited to attend and to boost their favorite team.

MISS OTHELLA PARSONS RECEIVES B. S. DEGREE

Miss Othella Parsons has just received her B. S. degree from Sul Ross College at Alpine.

Miss Parsons is a graduate of the Henrietta High school, and is a granddaughter of Mrs. W. N. Hatfield at White Hill. She, with her mother, Mrs. Ollie Parsons, who has just returned from her school in Redford, Texas, have enrolled for summer work in the University of Southern California in Los Angeles.

Mrs. Hatfield will accompany them to California, and while there they will visit the World's Fair at San Francisco.

Farmers of Texas Received \$27,006,000 Cash Income In April

Austin, Tex., June 5.—Texas farmers received \$27,006,000 in cash income during April, a fourth more than in April last year, and nearly per cent above the five-year average, University of Texas business statisticians said today.

For the first four months of 1939, farm cash income has totaled \$77,956,000 a gain of more than 5 per cent above the \$74,127,000 for the corresponding period last year, Dr. F. A. Buechel, assistant director of the University Bureau of Business Research, said.

Marked differences are noted in various sections of the state, however. For the most part crop reporting districts devoted to livestock growing fared well because of heavy shipments of cattle and calves, while areas dependent largely on cotton and cottonseed as a source of income showed unfavorable comparisons.

Mr. and Mrs. C. A. Fleming and son, Charles, temporarily looking after interests at Charlie, were guests in the Garrison home Friday. They will soon return to their home in Kress where Mr. Fleming has recently received the appointment as Postmaster.

Mr. Ed Bevering of Charlie made a business trip to Henrietta Saturday. He reported everything progressing nicely in his section.

Prominent Clay County Pioneer Died

Mrs. J. T. Fields, 75, prominent Clay county pioneer, passed away at her home here at 11 p. m. Saturday, after two weeks serious illness.

Funeral services were held Monday afternoon at 3 p. m. at the First Baptist church, with Rev. Earl Patton, of Gainesville officiating. He was assisted by Rev. E. L. Moody, pastor of that church.

Interment was in the Bluegrove cemetery beside her husband, who passed away last June. Funeral arrangements were in charge of The Moore Funeral Home.

Active pallbearers were Messrs. Alvis Van Houten, Ambrose Douthitt, Henry Nutter, Clyde Suddath, Arthur Slagle, of Henrietta, and Frank Brown, of Bluegrove.

Born in Elizabethtown, Kentucky, she came to Clay County in 1872, locating at Bluegrove, where she lived until 1917, at which time she moved to Henrietta. She was a member of the Baptist church and a member of the Clay County Pioneer Association.

Mr. and Mrs. Fields would have celebrated their golden wedding anniversary had Mr. Fields lived until March.

Survivors include, one daughter, Mrs. David A. Greer, five sons, Ernest, Henry, Louis, Will and Edgar Fields; ten grandchildren. All were at her bedside when the end came.

Former Henrietta Boy Wins Honors

Howard Lebus, son of Mrs. Frances Lebus, of Gladewater, formerly of Henrietta, nephew of Mrs. Geo. Cunningham and Mrs. Lee Street, and brother of Mrs. Raymond Ingram was voted popular and most handsome boy in the Gladewater Senior Class. He was one of the 12 picked as the most outstanding members of the 1939 class, graduating May 30th.

Howard majored in chemistry and was given a medal for being the most outstanding and making the highest grade in that subject. He plans to devote his life to engineering. He was vice president of his class and plays in the Lions Official Band of Texas. He expects to accompany this band to the Lions Club Convention in Philadelphia in July.

DEATH BELL READY TO TOLL AT AUSTIN TELLING OF AUTOMOBILE DEATHS

The State Highway Department has a large bell at Austin which will toll the news that another person has been killed in an automobile accident, as the news is phoned, wired or radioed to them. The bell tolls three or four times each day. It should serve to make drivers be careful.

Texas traffic death toll for April was set at 90 fatalities as state police today rounded up statistics from the four corners of the state.

The total is somewhat below the April, 1938 figure of 94 deaths and is well below the official March 1939

Shallow Test To Be Made West of Town

J. E. Farrell and associates of Fort Worth, drilling in the northeast corner of section 12 T. & N. O. Railway survey, about 4 miles southeast of Henrietta are now past the 3,500 ft. mark and according to Geologist, Carl J. Brian, the formations are looking good. This test is on a 3,000 acre assembled block, and is to be drilled 5,000 feet in the event a pay sand is not encountered at a lesser depth.

This test is known as the Malone No. 1 and is located on a seismograph shot high formerly leased to the Superior Oil Company of Houston.

Because of the fact that it is strictly wildcat, it is being closely watched by the oil fraternity.

Gus Blakely and associates, spudded in on a new location Thursday, 1350 feet south and 150 feet east of the north and east lines of the Kathryn Searly lands, on the John Murphy survey. It is on a 400 acre assembled block and is to be drilled 1200 feet in the event a pay sand is not encountered at a lesser depth.

This test is about four miles west of Henrietta and 600 feet north of the Wichita Falls Highway.

Col. L. T. Burns, had his third deep wildcat apparently ready for the pay off Monday. His No. 1, C. L. Wynn drilled 5 feet of good rich sand from 4397 to 4402 feet.

This well is in block 34 H. Williams survey, about twelve miles south and slightly west of Henrietta.

The Burns-Consolidated Number 1 Scaling, in section 6, H. T. survey, abstract 879, is preparing to drill the plug to test the sand bed up at 4430 to 4464 feet.

Fife Brothers Entertain Kiwanians

Kiwanian D. O. Daniels in charge of the program at the weekly Kiwanis luncheon Thursday, presented the Fife Brothers, who entertained with several musical numbers, including "A Bird's View of Old Kentucky Home," and hand-saw medley of popular songs by Mr. Bob Fife, accompanied by Rev. Clyde Lee Fife on the guitar.

Following the music, Lee Fife made a speech.

Those present were J. Merrill, Rev. E. L. Lee, Clyde Lee Fife, Rev. Lee Fife, Messrs. Bob Fife, Pierre M. Frank Bunting, Carl Green, Mallick, D. O. Daniels, Albert Fife, Hollis B. Moore, Fred D. J. G. Hayes, F. W. Work of Wichita Falls, and Drs. C. J. Sherrill and M. S. Miller.

figure of 120 deaths, Colonel Homer Garrison Jr., state police director pointed out.

Actual fatalities occurring during March were 106, but 14 additional deaths were listed as unreported from preceding months.

At least 21 more persons are alive today because more people are driving safely. Colonel Garrison stated also that "weekend trips generally exact the heaviest traffic toll."

...Texas
...ce House
 ...ward rapidly for
 ... Manana in Fort
 Worth this summer, opening July 21,
 some of the "behind the scenes"
 events in connection with the great
 show in previous years come to
 mind.

When the grand opening of the
 Fort Worth Frontier Centennial was
 being broadcast over a national
 hookup in 1936 by Merle Tucker, a
 group of Indians were giving a war-
 song and war-dance but they were
 due for a scene in "The Last Fron-
 tier," so the director of that show
 ...ed them off. As the sudden sil-
 ence descended, the quick-witted
 Tucker assured the many thousands
 of radio listeners, "A peculiar thing
 about this particular war-dance is
 that the Indians stop right in the
 middle of it."

An oriental dancer in Casamana,
 enraged at something a girl dramati-
 c critic had written about him,
 made serious threats, so she was giv-
 ing a police whistle and, at the first
 toot, all eight members of the sing-
 ing "Peppers" were in readiness to
 reduce the "Yellow Peril" in Ameri-
 ca by one. Fortunately (for the
 Oriental,) it was not necessary for
 the toot to be tooted.

During Casa Manana rehaersals,
 there was a man who was hired to
 do just one thing and that was to
 yell "Quie," which he did five times
 louder than the talk he was complain-
 ing about.

And perhaps the most vivid sen-
 tence written about the 1937 Casa
 Manana was that of Jack Gordon of
 the Fort Worth Press: "The old
 Southern mansion is so realistic that
 the milkman leaves a pint of milk
 on the front step each morning that
 the milkman leaves a pint of milk
 on the front step each morning."

John Naylor, conservative and
 widely-informed oil editor of the
 Ft. Worth Star-Telegram comments
 that State Railroad Commissioner
 Jerry Sadler "struck a chord" in
 sympathy with the feeling of most
 Texas producers" in suggesting
 that, after 60 days, all Texas wells
 run wide open because other states
 are not prorating to the extent that
 Texas is oil from out-of-state is
 being brought into Texas. Naylor
 wrote: "The large majority of Tex-
 producers have felt for a long
 that the operators of this State
 holding an umbrella over the
 the industry, making price
 nization possible, while some
 ners have not been willing to co-
 operate but have taken advantage
 the situation to skim the cream
 and leave a gradually dwindling
 amount of nourishment for the in-
 dustry as it restricts more and
 more to keep the situation togetherh.

Vagrant memories from south of

 d, in large type, "Chili,

On The World's Fair Ranch

It couldn't happen anywhere except on Sally Rand's Nude Ranch at the California World's Fair, but here's "Randy-Dandy," a young donkey born at the Exposition rancho, getting a bath. The feminine ranchers of the Gayway, who do their daily chores in so little clothing, are Barbara Knowlton (left) and Eleanor Blaise.

a la Texas."
 An eating stand borethissign:
 "Los memjores hot dogs en Mexico"
 —"The best hot dogs in Mexico."

Mexico has more dogs—not speak-
 ing now of "hot dogs"—than you
 can imagine, and all of them are
 hungry-looking. One beautiful lady
 in our Lion's group felt such pity
 for the "skinny dogs" that we
 avoided the reproach in her gaze
 as we guiltily at our box lunches in
 the little park at the foot of the
 pyramid of the Sun. In vain, we
 explained that—at best—only two
 or three of the creatures could be
 ted and that even they would be
 desperately hungry again the next

day. So we went on short rations
 and were rewarded with a radiant
 smile as the lady fed bread, banan-
 as, candy, ham, oranges and pie to
 the animals while their eyes were
 rapturous and their tails wagged
 ecstasically.

Mr. and Mrs. Tom J. Green spent
 Sunday in Wichita Falls.

LOCAL LADIES ATTEND O. E. S. SCHOOL IN VERNON

Six members of the Henrietta
 Chapter of the Order of the Eastern
 Star, attended the O. E.S. School of
 Instruction in Vernon Monday. They
 were Mesdames Rex Gates, Cad
 Powell, A. E. McMillon, M. S. Miller,
 Tommy Welch and A. V. Atkin.

Prof. and Mrs. Morris Gilbert and
 son, of Bluegrove, were visiting in
 Henrietta yesterday. Prof. Gilbert
 will attend N. T. S. T. C. at Denton
 this summer.

Miss Edna Mae Davis of Buckners
 Orphans Home of Dallas, is a guest
 this week of her sister, Miss Cor-
 rine Davis, and the Moody family.
 Miss Davis graduated this year and
 was Salutatorian of her class.

Mr. and Mrs. Gus Blakely and
 daughters, Misses Billie Dan and
 Ruth spent the first of the week at
 Camp Waldemar near Kerrville.
 Miss Ruth remained for the sum-
 mer six weeks recreation courses.

WHY GO TO COLLEGE?

This is a question that has been argued for lo these many years. The question like all of its type is no nearer solution today than it was in the early days of American Colleges. You can still hear fathers saying such outmoded phrases the following, "I ain't going to send my boy to college. They don't give them 'nuthing' but book larning. I want to get something practical. I don't see no sense in book larning, noh ow; I didn't have none, and I guess I am getting on alright." said the enemy to good schools and the enemy of his children.

That kind of man must be made to see the absolute necessity of education. "Thars oil in that thar land; thar's gold in them thar hills."

Of course that man might get by, make a living, be kind to his family, and be a good provider, but the law should step in and educate that man's children and not allow them to grow up in ignorance.

It would be unwise to send every child in Texas to college. The outcome of such a plan would be to flood the market with college graduates, or to cause a great deal of heartaches to students who, lacking the ability to graduate, failed out. It is far better not to send a student to college who is weak in school than to send him, and force him to stand the disgrace of failing out of school. This has a more telling effect on his character than if he does not go. Business colleges provide an excellent opportunity for students who do not desire the purely cultural fields, but who are adept at the practical side of life.

The matter of picking a career is an unfortunate feature of our system. Many parents make the mistake of deciding what little Mortimer will be when he is cutting his first teeth. And in spite of the development of all his talents in a field other than the one which they had chosen, they send him to college when he reached the proper age to study in his chosen line. He does poorly in his work. They send him letters scolding him for not taking advantage of the splendid opportunities offered him. Do you call it an opportunity to take castor oil. Perhaps the subject they have chosen for him is as distastful to him. He become disgusted with the outlook and their attitude. He is allowed to continue in the his new work. Only a happy worker can be a satisfied worker. Parents should remember this fact when they first peep over the edge of the cradle at two day old Junior, and exclaim, "He'll be a lawyer like his uncle."

To the June graduate,—go to college and if you are not sure what you want to take—make a judicious

MAVERICK SAYS GARNER CAN'T BE ELECTED PRESIDENT

Former Congressman Maury Maverick, mayor of San Antonio, speaking at Houston Monday said, "We think that Labor should get together for the good of the country and the good of itself. For a long time I have thought the CIO and the AFL should poin together in one big business organization. But the rail brotherhoods are separate and everybody gets along with them. So why shouldn't the AFL and the CIO divide the field."

Maverick said what the country needs is a "vigorous, trained, mature, (not to old or too young,) for the presidency in 1940. All the people who hate Pres. Roosevelt and love Nazism and Facism are supporting Garner. Mr. Garner is too old for the place. If Garner is nominated he can't be elected."

Dr. A. B. Edwards recently dressed his home up with a nice new roof.

J. L. Lamb Is Now In Charge Hanagan's Cream Department

—Clay County Leader.

Most Elaborate Ceremony Unites Prominent Couple

ANN HAPGOOD HONORED ON BIRTHDAY

Mrs. L. B. Hapgood entertained at her home Wednesday from 4 to 6 honoring her daughter, Ann on her 10th birthday.

Various games were enjoyed on the lawn, and in the "Duck Fight" contest, William Cratus Arthur was awarded the prize.

Ice cream and cake with fancy candy plate favors were served to Martha Ashinurst, Felix Ashinurst, Barlow Weaver Jr., Andrew Smith Jr., G. Robert Smith, Billie Wayne Garrison, Betty Ann Welch, Frances Jo Welch, Katherine Boger, Ann Lerner, Betty Frances Davies, Evelyn Graves, Betty Graves, Anna Marie Kosanke, Jennene Douthitt, Joanne Douthitt, Mary Anna Watson, and the honoree, Ann Hapgood.

The lovely home of Mr. and Mrs. Philo H. Boddy was the scene Sunday afternoon at 4 o'clock of an elaborate June wedding uniting Miss Clara Vaughn and Representative Houston McMurry. The impressive ring ceremony was read by Rev. Dr. Paul E. Martin, of Wichita Falls, former pastor of the First Methodist church here and a special friend of the families, in the presence of close friends and relatives of the couple.

A decorative setting for the wedding featured white Calla lillies, chosen flower of the bride, arranged in fan shape in front of a stately background formed of woodwards fern and lillies against a mantelpiece banked with fern and flanked with palms and bouquets of the Calla lillies.

An attractive arrangement of white Calla lillies decorated the piano and the same flowers were noted throughout the reception suite in places of interest.

The pre-nuptial music was furnished by Miss Margaret Leudi of Vernon, pianist, who was dressed in

embroidered white organdy. She played "Because" and the "Bridal Chorus" from Lohengrin. She also gave a muted conception of the first movement of Beethoven's "Moonlight Sonata," during the ceremony.

The bride is the attractive daughter of Mr. and Mrs. M. K. Vaughn of Henrietta. She is a graduate of the Henrietta high school and of North Texas State Teachers college, Denton from which she received a Bachelor's degree with major in art. For the last several years she has been a popular member of the Electra public school faculty. For her wedding she was exquisitely gowned in a white chiffon floor length model with a beautiful train. It was fashioned with a seed pearl yoke and long full sleeves shirred at the hand and a full circular skirt. She carried a prayer book and shower bouquet of lillies of the valley.

Mrs. Macon Boddy of Austin attended the bride as matron of honor. She was attractive in a handsome white chiffon frock with shirred yoke and sleeves and accordion

pleated skirt. She wore white accessories and carried an arm bouquet of white Calla lillies knotted with white satin ribbon.

The groom is the son of Mrs. R. H. McMurry of this city. He is a graduate of the Henrietta high school and attended State University at Austin where he majored in law. He has practiced law in Henrietta for a number of years and at the present time is a member of the State Legislature, serving as representative of the 110th district.

Rush McMurry of Wichita Falls, son of Mr. and Mrs. W. C. McMurry and nephew of the groom, was best man.

Reception Held

Following the wedding an informal reception was held in the Boddy home, during which time the guests were ushered into the dining room which was decorated with white Calla lillies and feverfew in keeping with the bride's chosen colors.

Mrs. Tom Schaffer of Abilene and Mrs. Sine Christian presided at the refreshment table, which was covered with a handsome lace cloth and centered with an elaborate arrangement of the chosen flowers. The individual cakes served were topped with Calla lillies.

Go to church Sunday.

**GARRISON'S
FOOD-STORE**

HOME OWNED

HOME OPERATED

FIRE IS NO RESPECTOR OF PERSONS

Garrison's Food Store deeply sympathizes with Mr. John Kosanke in the loss of his stock of fine groceries in the fire which completely destroyed or ruined his entire store in the early Monday morning hours. This is not only a loss to Mr. Kosanke but his many loyal customers will now be forced to secure their groceries elsewhere for a while until he again has his store ready for business. In the meantime, Garrison's Food Store will be glad to lend him every possible assistance by supplying his many customers with highest quality staple foods, fresh fruits and vegetables with quick and prompt delivery service at all times. We also buy cream and eggs and will appreciate his cream customers.

Meet Your Friends At Garrison's

COUNTY JOURNAL

B. O'BRYAN, Publisher.

Published Every Friday at Byers, Texas

Obituaries and like notices are charged for at half the regular rates with a 50c minimum charge in all cases.

Liability of the North Clay County Journal and its publishers for any error in any advertisement is limited to the cost of such advertisement entered as second-class matter, at the post office at Byers, Texas, under the Act of March 3, 1879.

ONE YEAR \$1.00

Payable Cash in Advance

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

North Clay County Journal invites communications for publication when subject is of general interest, and if it is not abusive or of a personal nature. But all such communications must carry the author's signature—not necessarily for publication, but as indication of good faith.

Have you been attending the big union revival?

This pretty weather makes you want to go fishing and swimming. Try as hard as he may, Jack Garner just can't get that Maverick brand.

Vernon Has the Spirit to Do You must hand it to Vernon—it is an interesting little city. Has a Chamber of Commerce and an alert Mayor, through whom an invitation was wired to the King and Queen of Britain to visit Vernon instead of spending so much time the politically minded in the East.

We learn that the Fife Revival is progressing nicely. To date there have been about 35 additions to the various churches as a result of this meeting. Twenty-nine joined the Baptist last Sunday, four the Methodist, and 3 the Christian. Dr. Fife an able preacher and knows how to go after the sinners.

Nine hundred and seven Jews were refused a permit to land at Havana and were sent back to Hamburg, Germany. We thought they agreed to send all Jews to Palestine?

State Troops were sent to Texas today to quell a riot in the Fruit Packing manufac-

ly Bryant Carson, niece of Wright, who attended here this past term has to the home other parents at Falls for the summer.

JUST CRUISING

(By the Captain)

We hear much and read more these days in the larger papers about the government continually being further into debt and how the national debt keeps growing larger and larger by leaps and bounds. But, do you ever read anything about the debts owing to our government by the foreign nations which were made during the world war? This foreign debt question has been completely wiped from the columns of our metropolitan papers, and we often wonder why payment of this immense sum is not urged along with all this talk about balancing the national budget.

Governor O'Daniel gave his regular Sunday morning broadcast from the Mansion in Austin at 8:30 o'clock and in his remarks stated that he felt much better since the Old Age Pension Bill liberalizing the pension law had been passed and signed and was now the law. He stated that since the senate had killed the House's two measures seeking statutory taxes, one including natural resources increased and the omnibus tax measure, which were both "now dead and out of the way," and the senate had passed its own Resolution No. 12, proposing submission of a general sales tax law to the people for a vote thereon, and that since the House had passed the Pension Liberalization Bill which he had just signed and which is now the law by a vote of 130, it surely stands to reason that the House will now pass the senate resolution calling for the general sales tax. This week will likely see the end of the controversy. Just what those House members who have thus far withstood the sales tax onslaughts from the strong lobby being maintained in Austin by advocates of this constitutional sales tax measure will do is to be seen. The governor seemed to believe in his talk that many of them have "weakened" and will now vote for the measure, but time only will tell. They have surely proven valiant soldiers thus far in the battle to keep a general sales tax by the constitutional route off the backs of everybody, including even those whom the others seeking the measure's passage are saying they are trying to help secure their pensions.

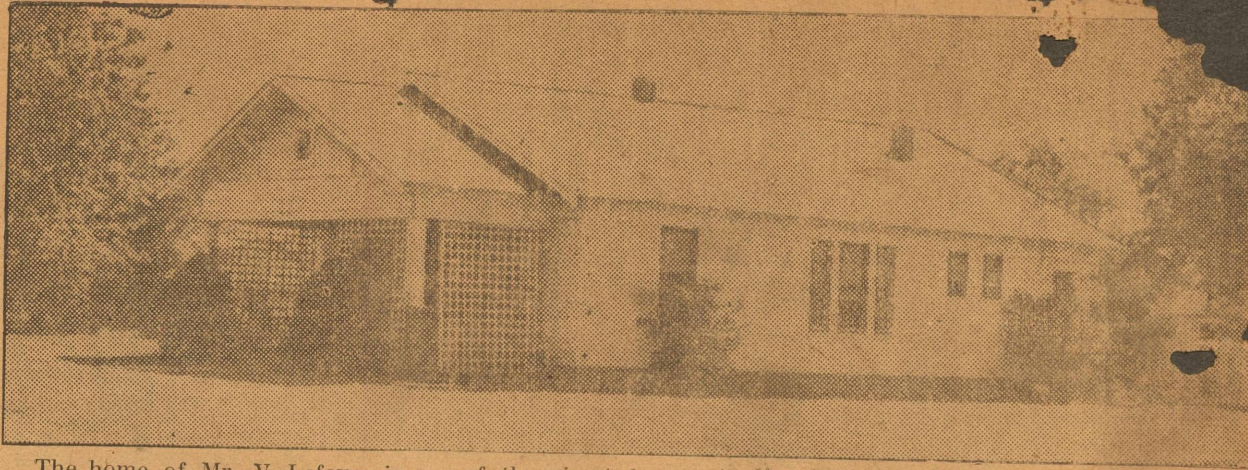

The Industrial News-Review says: Those economists who are wondering just how much longer the world can go on building up its armaments without entering bankruptcy are getting more and more food for sober thought and argument.

We are the richest country in the world, and our \$1,126,000,000 national defense bill for the next fiscal year is the largest in our peace time history. Yet this is hardly a drop in the bucket compared to what Europe and Asia are spending. Great Britain's budget is close to \$3,000,000,000. Japan's is over \$1,500,000,000. France's is about the same as ours. Italy's is \$611,000,000 and will probably be increased. Germany doesn't publish figures of this nature, but her arms expense is huge.

Lastly—hold your breath here—the U. S. S. R. has announced a defense budget running to the almost unbelievable sum of \$7,700,000,000. That is creating plenty of headaches among Russia's potential enemies. And it comes as encouraging news to the European democracies, which hope to enlist "the bear that walks like a man" as an ally.

These figures show why the standard of living abroad is stead-

One of the Nicest Pretty Homes In Northwest Section

The home of Mr. V. Lefevre is one of the nicest homes in Henrietta. Mr. Lefevre recently had a curb made all around the place and keeps his yard spick-and-span. In spite of the hot weather, the grass is always green. Homes like this make our little town an attractive place in which to live.

ily dropping. In Germany, it is said, one-fourth of the entire national income goes for arms and public works, neither of which is edible.

Paul G. Hoffman says: "Like it or not, we have got to make the choice between free enterprise and ascism—or economic planning. . . . Let us revive the capitalistic system by restoring the flow of venture capital through a basic correction of our system of taxation. Let us battle for free enterprise by putting up a real fight for free and open competition. If we are willing to fight not for special privilege but for such objectives, it won't take long to put those ten million back to work, to insure a continuation of the American way of life, and to bring back that singing, surging America that we all love."—Paul G. Hoffman.

Reports from many of our farmers from over the county indicate that rain is beginning to be badly needed if crops are to be maintained on the general average. It is to be hoped that we have gotten a good general rain over the entire county and this section by the time this is printed, or within the next few days.

Preparations are going forward by those in charge for making our annual July Fourth celebration another gala occasion. Many speakers will be invited and a general program of interest to all is being arranged.

Senator Geo. Moffett Writes Leader

The Leader is in receipt of the following comment from Senator George Moffett, of Chillicothe, who represents this district in the State Senate at Austin. Thinking it might be of interest to our readers, we are printing in full:

"The Texas Legislature has been meeting in regular session every two years for almost 100 years. In that length of time, it's very probable that no other session has had the difficult problems to solve that

"The State Treasury is approximately Seventeen Million Dollars overdrawn, and taxpayers are generally not in a position to pay any additional revenue to increase old pensions provide for the needy, blind, and destitute, dependent and neglected children, and for teachers' pensions, all of which have been voted by the people in the last four years by heavy majorities. There is of course, some question as to whether the Legislature should levy Twenty-Five Million Dollars in taxes upon the people of Texas without those people having a voice "It's my sincere belief that we have an economical minded Governor, and I think he did exactly right in vetoing the bill, which would have permitted a hundred students from Mexico and Central American countries to attend Texas colleges without paying tuition. As long as we charge Texas boys and girls, others should pay too.

"I am always glad to receive comment on the problems before us in Austin. Very likely, however, plenty of moisture and a good price for cotton, wheat, livestock, etc., will mean more to the people than anything done at Austin."

Mr. Fritz Stine of Byers was a business visitor in Henrietta Wednesday.

Vars Bates of Pyote is a guest this week of his parents, Mr. and Mrs. Bates.

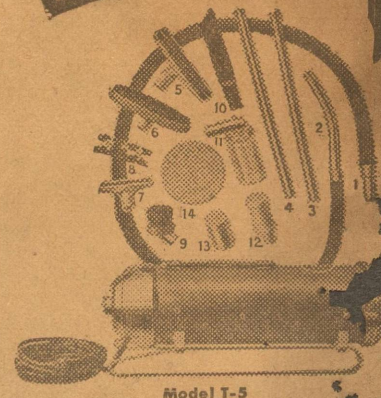

The family had as their dinner guests Tuesday evening at 7:30 o'clock Mr. and Mrs. Dady Reeves and family

Mr. Henry Kafer of Hurnville was a pleasant caller at The Lead-office yesterday. He has been on a visit to Jacksboro friends.

Mr. Ed Fatheree is spending a few days in Dallas.

JUST TEXAS

By Pierce Brooks.

The Governor has signed the bill establishing the Big Bend Park in Brewster County. This is one of the beauty spots of the world. Wind and water-carved shelters and caves in the limestone canyons and draws of West Texas were used by Indians. Here the members of the Press will find the first printing ever done in Texas. According to Chelf, curator of the Texas Memorial Museum, "The dry shelters have preserved a wealth of material by which the archaeologist can study these people. Not only their stone and bone tools, but their rope, twine, grass sandals, baskets, bags, mats, rabbit skin blankets, fishing lines and even tiny cactus spine hooks are preserved. Mummies are rare but are sometimes found."

The Legislature has not yet provided for placing some potatoes and meat on the barren dining tables of Texas needy old folk. They did spend several hours in a house hearing Wednesday night when San Antonio's winning officials, headed by Mayor-elect Maury Maverick, made a plea to prevent the Legislature from interfering with home rule in the Alamo City. Civil Service for San Antonio's police and firemen, the terms of which are to be dictated in the bill, was the subject in controversy. More than a century ago from San Antonio came the plea of Col. Travis for help for his 181 defenders of the Alamo and now Maury Maverick and many others came to Austin to plead with the 181 Texas Legislators not to send any help to the Alamo City, but allow them to fight out their battle, which Maverick and his men seem able to do, judged by the fact that they triumphed in recent elections over the mighty Quinn Tamm, known all over Texas just as Tammany is known to the nation.

Interesting news from Lubbock: Member of Commerce letter from the following is extracted: It won't be long now—until the Press Association meeting in June 8, 9 and 10. We

presume you have been... Judge Jno. V. Lyles in Clerk's office.
