MEADOW SCHOOL NOTES

The wind is blowing like sixty, that is, about sixty miles an hour; and still the Western people "hold a stiff upper lip" and "lift the heart and bend the knee", and expect great things of this country, and realize them.

In the counting contest, last Friday evening, R. Hamlet broke record with 111 points in 30 minutes, followed by Tark Lindsey with 100 and Claud Peeler with 95.

Mr. Editor, we are glad you are still after us about our Arbor Day tree planting; but we are sorry to say that owing to so much fatal sickness, the Meadow people could not possibly have any program or celebration; yet we expect to see a stately school building adorn this place, and the verdant grounds blooming as the garden. "All things come to those that wait" (and work).

The farmers about Meadow are getting about all their land broke if the winter seasons are just about gone. They have their lands in a fine condition for planting when the spring rains do set in; and the result will be a bumper crop.

When will the gods say of the Meadow people, "Its enough"? As was reported in the last issue

of the Herald, the good people of this place were called to mourn the loss and death of "Uncle Hardy" Johnson; and again last Friday, at 5:30 o'clock, the sable shadows were deepened by the sudden death of Mr. C. W. Dickinson, of Hockley County, about four miles north of here. The funeral services were conducted by Brother V. H. Trammel, Saturday, 3:00 P. M. at the home of the deceased. The great mental agony of the distressed mother and child was most heart-rending and that the bereaved members of both these families have the deepest sympathy of this entire community goes without saying; but we know by experience that in a crisis of great grief like theirs, no amount of human sympathy can mitigate their sorrows. Nothing but "time, the tomb builder", can heal the lacerated heart; and it is never made whole.

J. W. Taylor.

Primrose School.

Well, Mr. Editor, as we missed a couple of weeks, we will try again to write a few lines.

Our school is progressing very nicely.

The Lord in his wisdom has seen fit to call two of our citizens from our midst during the last week. Mr. Johnson and Mr. Dickerson both died of pneumonia. We regret to lose our neighbors, but the alwise God

knew best. We can sympathize with the bereaved as we have lost our loved ones. When the good Lord calls, we must answer.

Most of our farmers are ready to plant the 1910 crop, but the time of year is not here yet. Don't get too fast and have to plant over for seed is scarce.

Master Earl Blake, Henry and Jess Witherspoon, visited over at Mr. Rose's last Sunday. Earl and Henry both rode one said donkey. We don't understand just what they are up to.

Miss Sarah Witherspoon visited Misses Alice and Dollie Rose last Sunday.

Mr. O. P. Fisher made a trip to the capital of Terry county last Saturday.

Mr. A. W. Blankenship is on the sick list this week.

Messrs. Jno. Baker and Geo. Rose made a business trip to Lubbock last week.

Mr. Lambert has put in a phone. He said old walking and attending to business had stopped so far as he is concerned.

Preaching the Prim Rose every 3rd Sunday night. Let all that can, come.

Oh, yes Mr. Editor, we like the new heading o. k.

Hockley Co. News.

A Letter.

Ovalo, Texas, 2, 18, 1910.

Editor Herald:—

As I have just received your paper and read it, I thought I would drop you a few lines. To read your paper is like reading news from home.

I have traveled all over Terry Co., when it was unsettled. When I could ride all day and not see a house. That country has changed from a solid cow range to a farming country since I was there 10 years ago. I think I will come out next summer and see all the Walkers. I am a brother to Sam, Dock, Lee and Charley Walker, and several others. (We are a walker at times, so call in and see us when you come.—Ed.) I once lived in the Plains country and liked it fine. I now live in Taylor county and work on the J Ranch.

This is a very good farming country, but last year the little elephant smothered Bol Weevil emigrated from the East where else, and what he did for cotton was plenty. I got me 475 lb. of it. I 25 saved and an "An'ing" bunch and planted a little patch of tugs, corn

and maize on the side this year, hoping to starve my part of the weavils.

I will close, hoping to hear from the Plains soon, and if I stay out of the Waste Basket. I will come again.

I. B. Walker.

Railroad Proposition.

Midland Examiner.

There is a man in Midland who will build a railroad north via Andrews, Shafter and Seminole for a bonus of \$100,000 from Midland, he will begin work and will furnish a \$200,000 bond as a guarantee that he will build the road.

Better than that. He will allow each man who donates, stock in the concern to the amount of his donation. This would practically be an investment.

This man has had years of experience in railroad construction. He is no visionary. He offers a gilt edge bond as security.

Now let Midland get busy and come up to the marks set by Seminole, Shafter and Andrews. —Midland Examiner.

Cultivating.

As soon as the young plants are two or three inches high cultivation should commence. Narrow shoveled cultivators with fenders to keep the soil off the plants are used until the plants attain a height of about one foot after which they will grow rapidly, and will thrive with the same cultivation as does Indian corn. Many find it advisable to harrow lengthwise with the rows with a sharp-toothed harrow just as the plants are coming up. With a wide harrow and plenty of horse-power this operation is quickly accomplished. Such treatment will not only stir the surface and aid in holding the moisture for the crop, but will destroy many small weeds which make their appearance early in the season. The broom corn will probably be large enough to permit the use of the regular corn cultivator fifteen days of three weeks after planting.—Ex.

J. P. McDaniel's parrot died one day last week. There is not so much news in this item, the death being that of a bird, but there is an interesting story connected with this parrot, in that, it was over forty years old when it died. It has been in the McDaniel family forty years, and Mr. McDaniel says he does not know how old it was when it came into the possession of his sister, who transferred it to him 25 years ago. This was a remarkable age for a bird.—Stamford Tribune.

Leader suggests that he get the government to print his matter in the Congressional Record. Unanimous consent might be had of the congressmen who foster the government print shop.—Lampassas Leader,

If the prices of pork and bacon and lard are high, let it be noted also that the price of hogs is the highest since the Civil War, with one exception. There is no proof, but a great deal of evidence in that recorded fact. It may still remain true that the packers are charging too much for the service they perform, but it is equally true that there is a scarcity of hogs. The farmer as well as the packer is to blame for our distress, for the farmer has not been responsive to the offer of a fairly profitable price for hogs, else there would not be the shortage that exists. Let us add to the long and growing list of causes for the high cost of living the failure of farmers to exercise ordinary business judgment.—Dallas News.

We believe the people of Terry county are as a whole people who believe in economy to the fullest extent of the word, but "stinginess" is as horrible to them as "spendthrift."

The people asked for a law providing for the publication of the Treasurer's report four times a year, that the people might see just how the counties' financial affairs were standing. Every county in the state of any importance, in compliance with the law, is causing to be published a full and authentic quarterly report. Such used to be the case in Terry. But of late the report is being cut and slashed till the author would hardly recognize it. Six months ago it made nearly 200 lines. Today it totals 34, and if the present reduction keeps up in another six months the people need not look for any report, unless there is a change made.

Now we are not roaring because we get less, we are thankful for a small rind, and let Messrs. Textline, Clark & Courts and the other big dogs have the bone,

but we believe the people will sustain us in having a full report. We don't give a darn if they get Clark & Courts to publish the report, so we have it publish so ordinary people can make head and tail out of the thing.

Hon. Ruben M. Ellerd Speaks

Hon. Ruben M. Ellerd, of Plainview, candidate for District Attorney, of the 64th Judicial District, accompanied by his father, R. J. Ellerd, and Mont Shafer, of the Plainview Herald, arrived in Brownfield at 11 a. m., Thursday. Mr. Ellerd at once began an energetic campaign among our citizens, distributing button photos and literature.

We have seen campaigners all our life, but we believe Mr. Ellerd is the most sternerous we have ever met, and a firm believer in printers ink. He left in the afternoon to fill a speaking appointment at Gomez at 3 p. m., but returned in time for his appointment here at 8 p. m.

Mr. Ellerd is a clear, logical speaker, and holds his audience better than most people who pose as artist.

From his speech we wish to quote the following extracts: "I believe in the strict enforcement of the law, and should I be elected, my whole time will be devoted to its enforcement. I have gained the reputation of being a vigorous prosecutor and I promise to sustain the reputation should I be your choice. With the advent of railroads, a lawless element will follow, who deserve vigorous prosecution. To show leniency toward a criminal, is to show him mercy."

Mr. Ellerd is a nice, gentle gentleman, whose acquaintance you will be proud you've made.

Has Known Him from Boyhood.

Seymour, Texas, Jan. 27th 1910
Hon. R. M. Ellerd,
Plainview, Texas.

Dear Sir:—
Replying to yours of the 27th instant, it gives me pleasure to say that my acquaintance with you dates from your boyhood, during all of which time you have borne the reputation of

strict sobriety, untiring energy and unquestioned integrity; possessing at all times and under all circumstances the courage to openly express and assert your convictions upon all questions.
I was an attorney at law practicing in the courts of the 50th Judicial District during your incumbency as District Attorney of said district, and knew you to be a faithful and vigilant officer, worthy of and enjoying the confidence and esteem of good people. I am.

Yours very truly,
Jo. A. P. Dickson,
Judge 50th Judicial District of Texas.

In the cavalry of Uncle Sam's army are some of the most skillful and daring horsemen in the world. Cossacks in the Russian army have been so much written about as living in the saddle that by the great majority of our own people they are considered unequaled in horsemanship. This credit is undeserved. The most competent judges declare that the crack cavalrymen of the United States army are superior to the Cossack horsemen. Our troopers and their horses are trained to act almost as one body and mind, like the fabled Centaur—the creature with a horse's body and a human head and arms.

By special arrangement a troop from the army post at San Antonio will be detailed to visit the National Feeders and Breeders show at Fort Worth, March 14th to 19th and take part in the horse show. The thousands who attend that show will see things to open their eyes, and will carry away with them correcter ideas of the efficiency of the cavalry branch of our national army than they have ever had. This attraction is worth going to see, not to speak of the thousands of purebred cattle, horses, swine and sheep on exhibition at the show.

SHERIFF'S SALE.

State of Texas, County of Terry: By virtue of a certain alias execution issued out of the Honorable County Court of Howard County, on the 10th day of January 1910 by J. J. Richard, Clerk of said Court, against Robt. Holgate, for the sum of Five Hundred Fifty and 70—100 (\$550.70) Dollars and cost of suit, in case No. 159 in said court, styled Burton Lingo Company versus Robt. Holgate, and placed in my hands for service, I Geo. E. Tiernan sheriff of Terry County, Texas, did, on the 24th day of February 1910 levy on certain Real Estate, situated in Terry County, described as follows to-wit:

Abstract No. 327, Certificate 52, Survey or Section 145. Blocks 74, 75, 76, 77, 78 and 79 in the original town of Gomez, Terry County, Texas, and levied upon as the property of said Robt. Holgate, and on Tuesday the fifth day of April 1910, at the Court House door of Terry County, in the town of Brownfield Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said Robert Holgate by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County.

Witness my hand, this 24th day of February 1910.

Asks to be Assessor.

We take pleasure in announcing to the voters of Terry county that "Uncle Tom" DeShazo, of Gomez, is in the race for Tax Assessor.

Uncle Tom is well and favorably known all over the country, having cast his lot with the first settlers of Terry county and was one of the foremost of the pioneers in helping in the development of Terry county. We ask you to give "Uncle Tom's" record and character a careful consideration when you make out your ticket.

Temporary Church.

In conversation with contractor Byrd this week we learned that the present Baptist church building was only for temporary purposes, and was built so that it could easily be converted into a nice parsonage. It was not even built on the church lot.

He said: This building will answer for awhile but if the present growth of Brownfield is kept up, its duty will be out very short. I believe this time next year will see us building a church that will be a credit to any town on the Plains.

2-Headed Calf.

O. M. Daniel received a letter from R. J. Heflin, who until recently was a resident of Brownfield, but now of Spur, stating that one out of a herd of cows he had purchased recently, had given birth to a two headed calf, which was then about ten days old and doing well.

Mr. Heflin has already been offered \$500 for the calf, but refused the offer. He will begin traveling and showing the freak in a few days.

Whack up.

There are several of our customers and friends that are entitled to the Herald and we would be pleased very much if they would call in and straighten their accounts.

We don't like to dun people, but sometimes "necessity is the mother of invention" and we invent a dun or two. An editor has to eat high priced chubck the same as humans. He wears clothes, pays his printer and other debts—if the other fellow pays him.

We are not going to send your name to any foreign collection agency, but aim to deal with delinquents ourselves.

There are lots of people that will gladly pay if they are only reminded of these things, so we take the above gentle hint to be sufficient to the wise.

Wrong Views of The Census.

Washington, D. C.,
 March 2 1910.

Letters from the census supervisors to the United States Census Bureau show the erroneous apprehension of a considerable element of the population that their answers to the enumerators' questions in the next census, beginning April 15, this year, will cause increased taxation, legal entanglements, or injurious consequences to their persons and property.

In order to quiet such unfounded fears, which would, unless removed, materially affect the accuracy of the census, the bureau has prepared an official statement relative to the decennial census, its origin, purpose, and uses.

This statement should furnish complete assurance to those concerned that information given the enumerators is held by the Census Bureau in the strictest confidence with reference to the identity of the informants, as required by the policy of the bureau and commanded by the law of the United States.

The bureau earnestly hopes that clergymen, priests, physicians, school-teachers, employers, and other public spirited citizens who come in contact with large numbers of people, will cooperate with the bureau by telling persons who are believed to entertain erroneous opinions of the census the real facts and urging them to give full replies to the enumerators. Teachers are particularly requested to speak of the census to the school children and ask them to tell their parents about it.

The statement issued by the bureau explains that the Constitution requires a census of the

population to be taken every ten years in order to reapportion state representation in the National Houses of Representatives. It is the means also to ascertain the increase in the population, agriculture, industries, and resources of the nation since the last census.

It is emphatically declared, by the statement, that the information sought from the people of the United States is used solely for general statistical purposes. It will neither be published nor used in any other way to disclose facts regarding any individual or enterprise. The census, it goes on to say, is not, never has been, and cannot be employed to obtain information that can be used in any way in the assessment of property for purposes of taxation or the collection of taxes, either national, state, or local; or for department proceedings, extradition measures, army or navy conscription, internal-revenue investigations, compulsory school attendance, child-labor law prosecutions, quarantine regulations, or in any way to affect the life, liberty, or property of any person.

It points out that replies to the enumerators are and must be held by the Census Bureau in strict and absolute confidence. All the bureau officials, supervisors, supervisors' clerks, enumerators, and interpreters, before entering upon their duties, are obliged to take a solemn oath not to disclose any information they may obtain, except to the Census Bureau, and a violation of the United States law in regard to this oath means a \$1,000 fine or imprisonment for two years, or both, in the discretion of the court.
