HOGWALLOW NEWS

DUNK BOTS, Regular Correspondent

Hogwallow is improving, in spite of the European war, Tobe Moseley having built a calf shed last week.

Luke Mathews, who has been in the feather business for several years, will continue that line this season, and engage in some heavier work.

The kinks are being taken out of the road leading from Hogwallow to Tickville since so many of our citizens have cut out drinking.

Raz Barlow spent one day last week in Tickville and took dinner at a restaurant where a square meal was served. The proprietor advertised all a person could eat for 25c, but after Raz left he took down the sign.

Poke Eazley and his wife have been having trouble again. She got the best of it, as it is her third husband.

There is some talk of another store being started at Rye Straw. The storekeeper, who has been operating there for several years is not in favor of it, as he needs all the business himself.

The Blind Man of the Calf Ribs Neighborhood will take his

fiddle and go to Tickville next Monday. The last time he went business was dull as he got only three plugged nickels.

There seems to be considerable unrest among the public here of late, as two strangers have passed through Hogwallow this week.

The directors of the Tickville railroad will call a meeting to vote bonds for the extension of their road about ten feet at the Tickville terminus.

The old Miser of Musket Ridge, who, a year or two ago, built a shed for his cow, has torn it down as he thinks times are too close now for any extravagance.

While business was dull this week the proprietor of the store at Rye Straw figured it out that there is not much money in running a store unless there is a profit made on nearly everything sold.

Musket Ridge is taller every summer on account of Jefferson Potlocks' corn crop.

It was believed for a while last week that Little Fidelity Flinders had been bit by a mad dog, but it later developed that he had been

eating soap.

The law abiding, peaceful citizens of the Bounding Billows section have started a movement to have the creek slow down as it passes there.

The Horse Doctor of the Calf Ribs Neighborhood was serenaded by the Excelsior Fiddling Band on Monday night. At first the doctor thought somebody's horse was sick.

Jefferson Potlocks has been mysteriously missing from home for several days, but is expected back at any time, as he was last seen going toward the moonshine still on Musket Ridge.

Ellick Hellwanger spent last week the guest of the Tickville jailer. He would like to have returned home sooner but was delayed on account of the door being fastened from the outside.

Fit Smith took his pet owl to Rye Straw Saturday afternoon, returning at evening as soon as it got dark enough for the owl to see how to travel.

Yam Simms, who had some pictures made a short time ago, has taken them back and asked the photographer to lower his chin about an inch.

Cricket Hicks says he knows the Tickville Railroad makes a lot of money because it hauls somebody nearly every time it makes a run.

Jefferson Potlocks has decided that so far as he knows a man is about as good as anybody.

If the spring weather keeps on advancing, the Hogwallow Postmaster hopes to be able in a few days to move his horse collars and Sydney Hocks to the front porch.

School Election.

The school trustee and special tax election went off very quietly last Saturday, there being only 49 votes cast. Messrs. Hardin, Smith, Tiernan, and Banowsky were run for trustees, which resulted in the election of Messrs. Smith and Banowsky; Mr. Cardwell being the holdover. The vote to see whether the special tax of 15c making a total of 50c, was 30 for and 19 against.

This will enable our trustees to hire the fourth teacher for next term, and will greatly facilitate our crowded school rooms, and carry the school on for the full eight months or more.

The Tea.

The Maids and Matrons tea was pulled off in the Odd Fellows hall Monday night instead of Thursday night, as was advertised, and a very good crowd was on hand despite the fact that a show was in town. While results of the entertainment were not what might have been expected, it may mean much good for the future outlook for the library. The Club now has one of the best libraries in this country, and the price they ask for a year's subscription will hardly pay for one well bound volume, when you go to buy one, and if you are short on good books in your home, it will pay you to investigate their library. Sandwiches and tea were served.

Uncle Horace Adams and a hired man, are busy putting in a crop on the Adams place near Gomez.

Clean-up Day.

Probably for the last time till the day arrives, let us again remind the citizens of the town that Saturday, April 17th, is set aside by the Maids and Matrons Club, for the annual clean up day in Brownfield, and for once, let all co-operate in the clean up campaign. Not only does it mean a prettier place to live, after a clean up, but a greater meaning lies in the fact that it is a safeguard to the health of all the inhabitants of our little town. If we are lazy or indifferent to the fact that it improves the look of our town and community, let us impress upon you the cold facts that a few hours spent in making the premises sanitary, may mean the life of a member of your family, or that of a very dear friend. What is a few hours hard work compared to the life of loved ones? Aside from this it is a duty we owe ourselves, our neighbors and our town, and this duty should be one of real pleasure. To the little folks, on whom so much depends to remove the rubbish that is an eye sore to every town, let us say, the ladies have prepared some generous prizes for your consideration, and it is possible for all to win something. To the older ones that want to see a clean town, but aim to make little effort yourself, please phone some of the little fellows to come to your place and get your rubbish.

We can now let you have the daily and Sunday Star-Telegram for eight months, or until December the first for \$2.25. This offer will be withdrawn May 1st.

Old-timers, new comers and fools all saw their signs for spring fail this year. We believe spring is really here now and we rejoice in it. Let us have a spring poem from Sweet Will iam.

Miss Jewel Bess of Ranger Lake New Mexico, is visiting her sister, Mrs. W. J. Satterwhite.

B. C. Christenson and Roy Harris each hauled a load of Mr. Christenson's corn to Lubbock last week and brought back freight. They report the roads very bad.

Last Friday was the closing day of the Alexander School. The pupils have done excellent work under Miss Grace Ellington's management and all have been well pleased with her.

Misses Grace Ellington and Eula Alexander entertained their young friends with a party in the Alexander home Friday night.

Mrs. W. J. Satterwhite and Miss Jewel Bess visited Mrs. B. Clare last Saturday.

Mesdames Smith and Jay McPhaul went down to Mr. Cherry's last Saturday and bought a few chickens from Miss Ada.

Mr. Porter brought a load of cake down from the U— ranch Saturday. He informed us that J. W. Gordon left Tuesday for his old home in Missouri in answer to a telegram stating that his mother was very ill.

Bro. Hughes filled his regular appointment here Sunday and preached two splendid sermons there being dinner on the ground. His congregation express them-

selves as being better pleased with him each time he comes, and one and all liked him as well as they could like a stranger the first time he came.

There will be Sunday School at Harris every Sunday afternoon at 3 o'clock throughout the summer.

Add Cox and family attended church at Harris Sunday. Come again.

Meadow

Rev. Vincent preached to a very good crowd Sunday. If they could arrange to preach in the afternoon it might be more convenient for the majority as so many have quite a distance to come.

The Easter egg hunt at Meadow instead of at Rich Lake Saturday afternoon was quite an enjoyable affair.

Miss Hester Robinson gave the young folks of Lakeview an Easter egg hunt last Sunday afternoon.

The Primrose School was not discontinued as we announced last week, on account of small pox. Only Mr. Perritt's children are out for a few days. No other cases have developed.

WHEN in Tahoka see H. M. Larkin for Watkins' goods, etc.

One of the largest crowds we have ever seen assemble at one of our churches, except at a Xmas tree, was on hand at the Baptist Church last Sunday to hear the special program prepared for Mission Day. The house was so crowded that many were forced to stand, but the program was so interesting that the crowd never seemed to become restless. Rev. Durham preached a fine sermon in the forenoon on mission work, and together with the program at night, we understand that something like \$40.00 was pledged to the work.

Mrs. Will Black and sister-in-law, Miss Deffie, were over from Gomez, this week, getting some dental work done, and paid the Herald a short call while here.

Dr. W. B. Norris, Dentist, now in Brownfield for two weeks.

Born to Mr. and Mrs. W. C. Smith, on the 7th inst., a fine boy.

W. R. Harris, of White Mountain N. Mexico, a former citizen of this place, came in one day last week with one of the Slaughters. Mr. Harris informed us that they left his place that morning, coming the entire two hundred fifty miles in one day, and that Mr. Slaughter went on to Lamesa that night, and was aiming to go into Dallas the next night. We believe this will be a record breaking trip. Mr. Harris visited his daughter, Mrs. Dee Brownfield for several days, and Dee carried him home Wednesday.

Dr. W. B. Norris, Dentist, now in Brownfield for two weeks.

Two young men of Tahoka came over this week after Miss Edith Walters, who will stay with Mrs. Lockhart, while Mr. Lockhart is on his circuit a district attorney. Miss Bertie went over with her and will stay a few days, visiting friends.

The cowboys and everyone else in this country are rejoicing that the Kansas cowboy has won the belt from the Galveston negro, as the white people here still believe in the supremacy of the white race in everything, but they are glad that Willard has drawn the mark for the future at the color line.

Mr. Richardson is now working for Earl Hill in the garage. Mr. Richardson is one of the best car workmen in this part of the country, and Earl is to be congratulated in employing him.

If you want the best coal and grain at the lowest prevailing price, go to the City Grain & Coal Company, one block south of square, Lubbock, Texas. W. J. Luna is the proprietor and will treat you right.

Among the visitors to our little city this week were Messrs. C. H. Featherston, O. T. Gamble

and Bert L. York, of Floydada, Texas, and Henry Kemlin, a merchant of Olustee, Okla. Mr. Featherston owns considerable ranch property in this and Gaines county, and the other gentlemen were either sight seers or prospectors.

Two gentlemen have been here this week tuning pianos.

The Carter Tent Show was here two nights this week, the attendance being much larger the second night, proving the show had made a hit. As advertised, the show was on the vaudeville line, and included mind reading, which was real clever; contortion stunts equal the best. In fact, all are artists in their respective lines, and kept the house in a roar from start to finish, and no delays occur to cause restlessness among the spectators. Of course there is a class of people who say such shows are too coarse, but the trouble with such people don't relax their dignity enough to really enjoy themselves. To them, a few pointed jokes in vaudeville are the limit, but the refined vulgarity of Shakespeare is sublime. The Herald sees no great contrast and has little patience for such inconsistency. To us the vulgar is vulgar, whether indulged by a black negro or a Chesterfield. But to the point, if there is any laugh about you, the Carter Tent Show will bring it out.

H. H. Longbreak's baby has been quite sick with pneumonia, but is convalescing.

If you would have a thing done right, do it yourself. This does not apply to a hair cut, however. J. H. Hall has been in the business continuously for more than ten years, during which time, he has practiced on more than thirty thousand men. Call and see him; he can do your barber work as you would have it done.

Mrs. Harry Braidfoot was in shopping, this week.

I. A. Lowe, of Lou, was here on business last week, and had his name enrolled as a reader.

Little Ookey French was here from Lou, this week.

Alvin Duke, of Tatum, N. M., was here this week visiting his parents. Herald will keep him posted on Terry.

Our old friend, R. G. Wood, was in to see us last Friday. He was 75 April 1st, but was able to ride eight miles to town, horse back.

Miss Ada Schieffer left for her home in Brownwood, this week.

The editor and family enjoyed Sunday's dinner with W. R. Bridges and family, and viewed his splendid collection of horses, cattle, swine, poultry and pigeons.

J. R. HILL will pay you 30c each for your hens.

Mrs. Lee Allmon is here from Floydada to see her first granddaughter, which arrived at the Walter Gracey home, recently.

Polley Parrot, the lightning rod man of Plainview, is here.

Jack Hawley, of Plainview, was here rustling fire insurance, last week.

Ben Dixon was down from Lubbock, Sunday.

Walter Scudday and wife were in from the ranch, this week.

Our Meadow correspondent was misinformed in regard to our school being stopped. April the 1st the teacher suggested to the pupils to have a snow ball game as there was plenty of snow on the school ground. The pupils were ready for the fun. They pelted the teacher good and plenty, with the consequence that the teacher was very much indisposed Friday morning and dismissed for the day only. Mr. Faw says he got the worst of it, but he enjoyed it as much as anybody. There is school this Monday morning, with only a few absent.

Well, the grain wagons passed through town all forenoon Saturday and the same thing again Monday. Each outfit consists of two wagons trailed together and double sideboards, heaped full of corn, maize or kaffir, either whole or crushed, and working from four to eight horses. What a contrast to the hill counties both in Texas and other states where a trail wagon is never seen and fifteen hundred pounds is considered a heavy load for a team. On his last trip to Tahoka, Ed Moore brought back six thousand pounds on one wagon with only three horses to pull it.

C. C. Short lost a valuable horse last week, from a wire cut on the foot followed by lockjaw.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
