The American Circus.

W. R. Andrew, of Grand Rapids, Mich., got off the following toast to the Phillippinos, which is appropriate, since their conditional freedom is being provided for by the United States:

"You Phillippinos don't know what you are missing by not wanting to become citizens of this grand country of our. There isn't anything like it under the sun. You ought to send a delegation over to see us—land of the free—land of fine churches and 40,020 licensed saloons; bibles, forts and guns, houses of prostitution; millionaires and paupers; theologians and thieves, liberists and liars; politicians and poverty; Christians and chain gangs; schools and scalawags; trusts and tramps; money and misery; homes and hunger; virtue and vice; a land where you can get a good Bible for fifteen cents and a bad drink of whiskey for five cents; where we have a man in congress with three wives, and a lot in the penitentiary for having two wives; where some men make sausage out of their wives, and some want to eat them raw; where we make bologna out of dogs, and canned beef out of horses and sick cows, and corpses out of people who eat it; where we put a man in jail for not having the means of support, and on the rock pile for asking for a job of work; where we license bawdy houses, and fine men for preaching Christ on the street corners; where we have a congress of 40 men who make laws, and a supreme court of nine men who set them aside; where good whiskey makes bad men, and bad men make good whiskey; where

newspapers are paid for suppressing the truth, and made rich for telling a lie; where professors draw their convictions from the same place they do their salaries; where preachers are paid \$25,000 a year to dodge the devil and tickle the ears of the wealthy; where business consists of getting hold of property in any way that won't land you in the penitentiary, where trusts "hold up" and poverty holds down; where men vote for what they do not want for fear they will not get what they do want by voting for it; where "niggers" can vote and women cannot; where a girl who goes wrong is made an outcast, and her male partner flourishes as a gentleman; where women wear false hair, and men "dock" their horses' tails; where the political wire puller has displaced the patriotic statesman; where men vote for a thing one day, and cuss it 264 days; where we have prayers on the floors of the National Capitol, and booze in the cellar; where we spend \$500 to bury a statesman who is rich and \$10 to put away a working man who is poor; where to be virtuous is to be lonesome and to be honest is to be a crank; where we sit on the safety valve of energy and pull wide open the throttle of conscience; where gold is a substance—the one thing sought for; where we pay \$15,000 for a dog and 15 cents a dozen to a poor woman for making shirts; where we teach the "untutored" Indian eternal life from the Bible and kill him off with bad whiskey; where we put a man in jail for stealing a loaf of bread, and in congress for stealing a railroad; where check book

talks, sin walks in broad day light, justice is asleep, crime runs amuck, corruption permeates our whole social and political fabric, and the devil laughs from every street corner. Come to us Phillippinos. We've got the greatest aggregation of good things and bad things, hot things and cold things, all sizes and colors, ever exhibited under one tent."

Free Air at Garage.

E. F. Bassham, proprietor of the Brownfield Garage, informed us this week that he had ordered an air filling station, and that it would be free for all to use. This is a long step forward for this rustling young man, and means much to the town. In fact there are lots of towns much larger than Brownfield that has no free air filling station, but Brownfield is always in a class to itself, when population is taken into consideration. It will mean that Mr. Bassham will get trade he has not been getting.

He also informed us that he was getting all he and Mr. Bragg could do and that lots of hurry jobs had to be passed up, as they could not get to the o. Let Brownfield grow.

Two coats of white paint have been applied to the interior of the May Drug Store this week, and it looks as neat and sanitary as a city affair. His stock is on the way from the railroad.

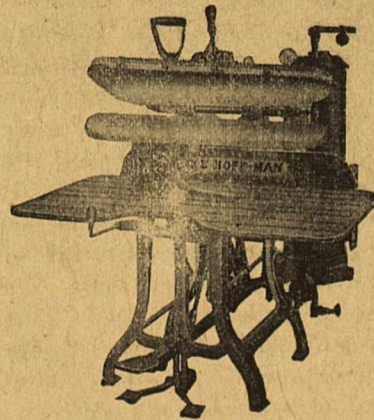

Mesdames Campbell and Verner made a flying trip to Big Springs last week, and report a great time.

Jack Benton and mother, from Tokio, came over this week in their Ford, on a shopping tour.

Steam Clothes Press

Messrs. Earl Jones and Earl Brown, of Lubbock, came in this week from Lubbock, and opened up a first class Tailor Shop in the old Herald building, which belongs to Judge Spencer.

They have a new \$260.00 Hoffman Steam Press, and can press your clothes while you wait. A cut of the machine is given below. They also have a tailor's Singer sewing machine.

These are bustling young men and have an undivided territory 60x100 miles, and they are determined to go after that trade. They have had long experience in the tailor business in the best shops in Lubbock, and have a keen insight of what the people want. Their confidence in the coming greatness of our town and country is well marked by this placing of several hundred dollars worth of machinery for this city, and they deserve the patronage of our people. It is of such as they who make a town fit to live in.

The boys realize they cannot expect a great trade till they are thoroughly advertised. Care fully read their ad in this issue.

A Gin Assured.

Appropus to the gin for Brownfield, which has been under discussion for some time, and after the matter had been thoroughly threshed out with one or two prospective builders, Mr. B. W. Stinson, who recently purchased the Hefflin place, came in last week and unbosomed himself to a Herald representative as follows:

"You can just say this much to the people of Terry and adjoining territory, that if no other man wants to put a gin in Brownfield I will, so you can announce that a first class gin for Brownfield is an assured fact for this summer, and you can just tell the people to plant all the cotton they want to, as it will be ginned on a good one, right here in Brownfield."

The Herald man has taken some pains to ask about Mr. Stinson, of people who knew him before he came here, and have been assured that what he said could be depended on.

Mr. Stinson said he had rather some one else would put it up if they would, but that we needed one badly, and he would see to it that we got one. Plant cotton men, but also raise your living at home as usual. Raise a goodly field of cotton, but be on the safe side with your usual feed crop for the chickens, hogs, cattle and horses.

Miss Hennie Merriwether, one of our teachers received a wire from Luling, Texas, Monday night, that her invalid sister was dying. She left next morning for that point.

CANDIDATES

The following Candidates have all announced, subject to the Democratic Primary in July.

For County Judge

W. W. Price
E. L. Duke

For County and District Clerk

J. C. Green
D. J. Broughton
Miss Annie Hamilton

For Sheriff and Tax-Collector

J. N. Lewis

For Tax-Assessor

Clint Rambo
J. R. Burnett

For County Treasurer

Miss Dora Daugherty
J. T. May

We had a letter from Clint Rambo, who is at Sweetwater undergoing treatment, to the effect that as it was reported that he was about to withdraw from the race for Assessor, he wanted to tell the voters through the columns of the Herald, that he was in the race to a finish, and all stories to the contrary were untrue. We print this in justice to a candidate who is absent from the county, and is personally unable to explain the matter to the voters.

Listen to what Herman Rosenfeld, advertising manager of

Sears, Roebuck & Co., recently told the members of the American Ad Club at a convention: "We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers and when we find a town where the merchants are not advertising in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in the territory where the local merchants use their local papers." Could we find a stronger argument as to the need of advertising by the local merchants?

City Correspondent.

The Herald now has a city correspondent and society editor combined in the person of Miss Eldora Lewis, as she is well located to catch more locals than most any one else, being clerk in the dry goods department of the Mercantile Co. Those knowing anything of importance, will please phone her, or tell her in person. It is barely possible that many ladies will give her more news items than they would us, as ladies generally, are in a position to give out more information than men. Also, remember she is the society editor of the town, and if you are anxious that your function be written up, you had best invite her to it. Miss Eldora did not seek this job, but after some per-

suasion, she took it, and any courtesy you may extend her, will be considered a favor to the Herald.

The Dixie Highway.

The New Dixie Highway is said to have become already one of the United States, and the east and west travel is counted in dozens of cars a day in migratory seasons. This highway now runs from Abilene to Sweetwater, then Snyder, Post, Tahoka, and Brownfield on to Pecos Valley. The road all the way to the New Mexico line is a good one, and the towns from Tahoka to Sweetwater have spent considerable road money in making it a good highway. They obtained the Dixie Highway honestly and by making an effort to secure it and are entitled to the privileges it brings and the mazzama that the cars leave in each place as they wend their way bitherward and thitherward.—Slatonite.

Tokio

By Diggs.

We sure are having some windy weather.

Jack Benton has got him a car, so watch out girls.

Bro Miller preached over at the J Cross school house night. A good crowd was present.

Grandpa Lovelace and wife spent Sunday with Mr. and Mrs. Armstrong.

There was a singing at Mr. Moreman's Sunday night enjoyed by all.

The little show at Tokio was very good. There was a nice crowd out.

Jim Wright and wife spent last Friday night with Norman Lovelace and wife.

Jack Benton and Roy Harris have gone to Post City.

A crowd of the young folks took dinner at Mr. Rushing's Sunday.

Miss Lacy Poyner was in Tokio this afternoon.

Mrs. Harkins got a message the other day that her brother was dead, so she left the next morning.

W. R. Slaughter, of Byers, Texas, a former Terryite, sent in a dollar this week and said, keep 'er comin'. I can't do without the Herald. Here she comes.

Will Winn came in on his way to the railroad last week, and handed us the coin to keep the Herald going to his wife's sister, another year.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Maids and Matrons.

On Tuesday afternoon of last week Mrs. J. L. Randal and Miss Nettie Sawyer entertained at the former's home.

As usual when these two ladies entertain there was a goodly number present, and the afternoon was spent in a delightful manner.

Mrs. Stricklin, the president, presided and the lesson on Henry VIII was conducted by Mrs. Criswell.

Mrs. Stricklin read a most interesting and instructive paper on "The Fortune of Anne Boleyn." Miss Lois Brownfield's paper on Henry's age one of Reform" showed careful preparation and was thoroughly enjoyed.

Miss Ora Sawyer was unanimously elected a member of the club.

Mrs. Percy Spencer, one of our old members, was a most welcome guest for the afternoon.

Just before refreshments were served the hostesses passed dainty crepe hats for each one to wear. Hot punch, sandwiches and olives were served.

The club adjourned to meet with Miss Ora Sawyer Mar. 7th.

The following will be the program for the day:

Roll call: Impressions of the Study of Henry VIII.

Paper: The Posterity of King Hal, Miss Green.

Discussions: The Divorce as an instrument of good and of evil.

The years 1610-1612 in Shakespearian History, Miss Hamilton.

Queries.—Dramatic summary, Miss Daugherty.

Herald turned out a batch of job work for J. W. Peeler, the hustling Meadow merchant, this week.

On last Friday night near two o'clock, all that was mortal of the three months' old baby boy, of Mr. and Mrs. J. H. Hall, passed to the great beyond, having died with an acute case of colera-morbus. This little bud remained on earth but a few months, but will bloom fourth in the arms of him who said: "Suffer little children to come unto me and forbid them not, for of such is the Kingdom of Heaven." Its little body was laid to rest in the Brownfield Cemetery, Saturday afternoon. Herald extends sympathy to the heart broken parents.

Mr. J. C. Bond, one of our new arrivals, who has located in the Groves Chappel neighborhood, came in a week or so ago, and sent three copies of the Herald to relatives for six months each. He said he believed there was no better way to thoroughly advertise a country than to send them the local paper, and we think he is right there.

Gus Randolph was returning from Tahoka last week with a big load of freight, when an automobile man ran into his leaders, which were already skittish, and either he fell off the wagon, or was jerked off, and the wheel passed over his thigh, breaking the bone close to the hip. He was brought to town and a physician set the member, after which, he was carried home. Autoists ought never to get in such a hurry that they cannot play fair with a freighter with scarry teams.

EARLY PATENTS IN AMERICA

First One Is Said to Have Been Granted as Far Back as the Year 1791.

It is reported that the first American patent for a piano was issued to James S. McLean of New Jersey, May 27, 1796; the first United States patent for washing machine was to Nathaniel Briggs of New Hampshire, March 28, 1797; first United States patent for steam engine was to James Rumsey, August 26, 1791; first United States patent for gas engine was to Samuel Brown of England, March 2, 1824; and that the first United States patent for air engines was to E. and J. Prentiss of Baltimore, June 22, 1824.

Richard M. Hoe's first United States patent for printing machine was granted May 20, 1842, last patent April 27, 1880.

John Ericsson issued his first United States patent February 1, 1838, when he lived in Sweden; his second patent was issued November 5, 1840, while he still resided in Sweden; a third patent issued in December, 1844, when he was living in New York; the last patent issued to him was on December 6, 1887, while a later patent issued to his executors July 8, 1890.

Thomas A. Edison's first patent issued June 1, 1869, No. 90,646; many hundreds of patents have issued to him since that date, the patent office fees alone running up into thousands of dollars.—Scientific American.

Unique Lights' In.

Off the Island of Islay, on the west coast of Scotland, there is stationed, at the Otter Rock, a unique lightship. It is unmanned; yet it can be relied on to display the warning light to guide the mariner on this dangerous coast. It is a most ingeniously constructed vessel and the only one of its kind. In its two steel tanks a sufficient quantity of gas can be stored to supply the lantern for several months.

Experiments have shown that the light may be depended upon to burn continuously for months at a time. The approximate duration of the light can be predetermined, and there is no danger whatever of its being extinguished by wind or spray.

The light is visible at a distance of from eight to twelve miles. The lightship also has a bell, which is made to ring automatically by means of an ingenious device that utilizes the gas as it passes from the tanks to the lantern to work the bell clapper.

Planned Transatlantic Pipe Line.

Petroleum might be cheaper in this country had the project of 1908, been carried out—the construction of a huge line of pipes under the Atlantic ocean to carry oil direct from the Pennsylvania oil fields to Liverpool, says the London Chronicle. Several lengthy petroleum pipe lines are already in existence, notably one from Baku to Batoum—a distance of 550 miles—through which about 400 million gallons pass yearly.

Sniff Saves Man's Life.

When Theseus slew the minotaur he followed a silk thread given him by Ariadne to find his way out of the labyrinth. Patrolman Hess of Paterson outdid Theseus. He followed the odor of gas a block and saved the life of John Bush.

The odor reached Hess' post on Main street. He sniffed. Then he took up the trail, sniffing his way to the front door of Bush's shop. The odor grew stronger with each sniff. He battered down the door, and found Bush asleep in a gas-filled room.—New York American.

SURE TIP.

"I have some money to invest and I'd like to take a little flyer. Can you give me a good tip?"
"Certainly. Try aviation stock."

RIGHT PLACE.

"There's too much horseplay in your musical farce."
"Oh, that's only in the pony ballet."

NOTICE: Two small work mules, one a bluish horse mule, the other a mouse colored mare mule. At E. S. Hamlett's near Meadow.

W. L. Barclay brought in his family from Matador, last Sunday and they will make Brownfield their future home. Mr Barclay is interested in the Brownfield Land Co., and will buy some town acreage property, and build a home in the near future. Welcome strangers.

Dr. C. A. Craven, a druggist of Matador, and family came in last Sunday with W. L. Barclay and family, and will make this their future home. Dr Craven is the man who bought the west half of Dr. Treadaway's section, one mile west of town, and he will build on it right away. He says he is tired of the drug business, and is retiring to the simple life on the farm. Welcome to good old Terry.

Get your seed sweet potatoes from J. C. Lewis.

Survener Standifer, of Lynn county, is here this week viewing out the five section tract of the A. E. Thomas land, located northeast of town. This land is all being settled.

W. E. Prichard, of Brownfield, bought the west half of section 7 on line of Lynn county this week. He informed us that his son-in-law, who is already here, would settle it, and he himself, would most likely move down later.

LET Brooks & Green paint your house this spring.

We understand that there was quite an auto wreck near Lubbock, one day last week. It seems that Ains Robinson, Mrs. John Jarrot and a young lady who was visiting at the Jarrot ranch, had started out from Lubbock with the rear part of the car filled with supplies for the ranch, and all three were in the front seats, when the car ran into a bad place and turned over. Mr. Robinson sustained a broken arm and hip, Mrs. Jarrot had both arms broken, and the young lady, whose name we failed to get, got her arm broken, but she walked two miles to a telephone and secured a car, and the wounded patients were hurried to town where they received medical attention.

W. R. Bridges came in this week to help doctor up the Herald's finances by paying his own subscription a year in advance, and sending it to his daughter, Mrs. Carrol Phillips, of Slaton.

FOR SALE—13 pure breed Silver Laced Wyandotte Cockerels. See or write Mrs. A. M. Crews, Gomez, Texas.

J. A. Simms, is drilling a well north of town for Lee Walker. He passed through last week, and had let the high shinnery get so long on his face, we had to take a second look before we discovered it was Andrew.

W. H. Perry, one of the newcomers near Gomez, dropped in to see us one day last week.

RECIPE FOR GRAY HAIR.
To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

Roscoe Wilson, a prominent attorney of Lubbock, was a visitor in Plains recently in connection with some land titles he is passing for recent purchasers of land.

Prof. W. H. Hagne who has been teaching the school at Glenn Parks during the past several months, having closed his school, is now returned to his home in Plains with his family.

C. C. White, a young man in the employ of Nat Williams, who resides in the northeast part of the county, was seriously hurt on the 20th inst. It appears that he was backing a wagon of grain from under the barn, having a spirited team hitched to the hind axle of the wagon, which became unruly, the young man guiding the wagon by the tongue, when the front wheel struck a post, causing the tongue to strike him on the side of the head. The young man was knocked unconscious and remained in that condition for four hours.

Mr. Herbert Posey, a brother-in-law of the Lee brothers, has arrived to make his home in Yoakum county, his wife having preceded him a few months ago to this place. Mr. Posey was for thirty years a resident of Stonewall county, and was its first County and District Clerk, that county having been organized Dec. 20, 1888.

Newt Beal of the Beal ranch in the northwest part of county, is arranging to put in cultivation 200 acres of land this season.

Elder Lofton of Gomez, preached two able sermons on Sunday and at night, this being his regular appointment.

Ed Smith has made recent purchase of a new Oakland car, and since he is a candidate, it may be that his friends can borrow the use of it occasionally.

Hudson Watkins is now running the old Watkins blacksmith shop on the north side of the square, and reports that work is plentiful.

Revival Services.

Beginning next Wednesday night, Mar. 8th, a series of revival services will be held at the Methodist Church and continuing several days. The cooperation of all the Christian forces of Brownfield is earnestly invited, but we especially urge the attendance and help of our own members in this effort to save souls and advance the Master's Kingdom. Can we count on you, or will you falter in the conflict? If you want to deepen your own Christian experience as well as

see sinners saved, then begin the very first service and continue faithful and work until the close. J. M. Fryar, Pastor.

Wilson Lumber Company Insolvent.

At a meeting of creditors of the Wilson Lumber Co., Thursday, it appeared that the firm was hopelessly insolvent. The liabilities of the firm are estimated at about \$12,000, with resources amounting to only a small percent of that amount. The corporation was capitalized at \$10,000 and was supposed to be paid in. The firm will probably be thrown into the bankrupt court. —Tahoka News

74 YEARS OF KNOWING HOW

The P. & O. No. 111 Lister

This Lister is known by farmers wherever sold as P. & O. No. 11, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined,—over 2,000 sold by one dealer, in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing, for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy lowlands of the West.

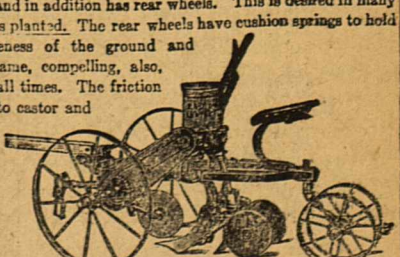

The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers.

This Lister has embodied many other important features that will convince you that it is the best on the market.

The P. & O. No. 123 4-Wheel Lister

This Lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling, also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

Clyde Harris moved into town last week.

Mrs. Reeves visited out at R. W. Rambo's last Friday night and Saturday.

Mrs. W. C. Wright and children paid ye scribe a much appreciated visit last Saturday afternoon.

Mr. and Mrs. Will Snodgrass and children attended church here last Sunday and visited in the afternoon.

Mrs. W. B. Snodgrass, at a sanitarium at Post, is reported to be doing well.

Arthur Snodgrass was taken quite seriously sick here at the residence of his grand parent, R. W. Glover and wife, last Thursday night. His parents took him to a sanitarium at Post on Friday, where an operation for tonsillitis and to remove adenoids was performed. At last account he was reported as doing well.

Say! Sand Bur and Cricket, if business is too rushing for you to drop a line to the Herald, couldn't you get a substitute. It seems there is something lacking about the paper when neither Harris or Primrose is represented.

Miss Effie Riley of Snyder, came in last Tuesday for a visit to her sister here, Miss Ada, and stayed over until Thursday.

Miss Katie Herd, who is visiting her aunt, Mrs. R. W. Rambo, spent last Friday night here in town the guest of Miss Bessie Knox.

Wes Key, who came home from a Lubbock sanitarium, 18 days ago, is yet quite sick and can't sit up.

C. C. Short and family left this week for their new home near Tatum, N. M. We are informed that Mr. Fenwick and family will live at the place they have vacated, this year.

On last Friday as Mr. Randolph was returning from Tahoka with a load of lumber, his team became frightened at an auto and ran. He was thrown from the wagon and his leg broken above the knee. The accident occurred when he was between Brownfield and Gomez, and he was carried to Brownfield for treatment.

Harry Timm and wife will move to New Mexico this week where they will make their home in the future. We wish them success and happiness in their new home. Chris is also going out there but will be back here part of the time.

Walter Gainer has sold out to Mr. Mosinbocker, and will give possession next week.

Charlie Moore and Ted Poor bought a well drill from the Timms boys last week.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.
