A most horrible and deplorable
accident occurred last Friday at
the home of Mr. and Mrs. Don
Miller, near Energy. Their little
3-year-old girl, Lela, was literally
burned to death. She and her
three little brothers, the oldest
one being six years of age, were
playing and wandered some dis-
tance from the house down to
where an old stump had been
burned two days before. She
must have sat very close to the
stump, as it was thought the fire
had entirely died out, when her
dress took fire. The mother knew
nothing about the sad affair un-
til the little boys came running
and screaming to the house. She
hurried to the place and found
the poor little child about a hun-
dred feet from the fire, lying
prone on the ground with her
clothes all burned off excepting
the wristbands of her dress. One
of her eyes was burned out and
her whole body was burned al-
most to a crisp.—Herald.

"Careful saving and careful
spending invariably promote
success," says Marshall Field.

"It is not what a man earns, but
what he saves, that makes him
rich. John Jacob Astor once said
that the saving of his first thou-
sand dollars cost him the hardest
struggle. As a rule, people do
not know how to save. The
average young man of today
when he begins to earn is in-
clined to habits of extravagance.
He gets the idea that he must
indulge in habits corresponding
to those of some other young
man, without regard to what he
earns; and he imagines he can
not be manly without it. The 5,
10 or 15 cents a day that he
squanders, while apparently a
trifle, would if saved in a few
years amount to thousands of
dollars, and go far toward estab-
lishing the foundation of his
future career. Too few realize
that in order to acquire dollars
one must take care of the nickels.
The young man should begin to
save the moment he begins to
earn, be the saving ever so little,
and if he does so the habit will
be of incalculable benefit to him
in after life."

Don't write your business let-
ters on stationery furnished with
a soap or baking powder firm or
some other advertising upon it.
It gives the impression that you
can't afford to use stationery of
your own. If it pays a firm to
give it to you, don't you think it
would pay you to advertise your
own business? Think of it. It's
a small matter, but may be of
more consequence than you im-
agine.—Dawson Weekly.

A SATISFACTORY BUSINESS

The most all around satisfactory and successful year in the history of our business is drawing to a close. It has been a busy year, and our success has been magnificent, so it is but meet that we should wish to thank those who have given us success, the buying public of Goldthwaite and vicinity. We want to assure you of our appreciation---we want to tell you that no store could feel more appreciative than we do.

• For 1905 We have this to Offer You: •

We are going to try harder than ever before to merit your patronage. We are going to have even better, larger and more attractive stocks to select from. We are going to always price everything just as low as is consistent with conservative merchandising. In short, you can always look here for everything that is modern and progressive in the hardware line. We realize that the store that succeeds well is the store with the great, big list of satisfied customers. This we will bear in mind every minute during the new year, and we promise you right now that you will have no cause for complaint-for any reason-when you favor this store with your patronage. To our old customers, then, we say that we will be more pleased than ever to see you in 1905. To those who have not tried trading here as yet, we will say that we wish you the most joyful Christmas and a prosperous and happy, least troublesome, New Year.

Santa Claus Closing Out Date-Dec. 24.

AT THE COUNTRY DRUG STORE

We handle lots of 'em and they must go today. Your choice when you come. It's a treat to see some of the new lines not before handled in Goldthwaite. The display of set rings is rare and they must go at some price. The stock of plain rings is large and must go. Gold headed Umbrellas-to sell not to keep-take 'em cheap.

Dolls, all sorts and sizes, prices to suit. Wave crest pieces in new and novel styles. Bring your purse and get some of the bargains out of Our Jewelry Show Cases. The popular fancy for cut glass pieces makes it attractive. Come and get a piece at cost. Our display counter is noted for the goods it contains only. Everything on it at closing out prices.

Make yourself at home with us. If you are cold come to our fire and get warm. We are glad to show you and sell you goods and please you if we can, and we do. We still have watches and they must sell regardless of profits its your chance for time at a bargain.

CALL FOR 1905 CALENDAR.

Today is the great day for Santa Claus Goods. We expect to wrap up as nearly all at The Country Drug Store as possible. If you find something to suit you don't go away without it. You know our motto is to not carry over anything that old Santa sent for the folks. We have lots of goods not exactly in holiday line, such as Gold, Plain and Set Rings, Watches, Etc. that we do not want to invoice January 1, 1905, and will make almost any kind of inducement to sell them during December. It is your good fortune to get them cheap. Our prices will be low until the goods are wrapped up. Wishing you a Merry Christmas, I am Yours Truly.

The farmer is the coming man. A few years more and he will be king just as he was before the Civil war. He is learning that valuable lesson, to diversify crops, and as soon as the lesson is learned will not give me to ask, what will you give me for my cotton, wheat, oats, corn and cattle, but can say to the buyer they are worth such a price. They don't seem to realize it, but they are the only thoroughly independent class in America.—Garland News.

Your Christmas song, my brother, is a poor piece of music, indeed, without the full accompaniment of loving deeds, kindly words and unselfish ministrations to those who are in some kind of need. Remember the words of the Lord Jesus, how He said, "It is more blessed to give than to receive." Remember, also, the example of the Lord Jesus, how He sought and sought till He found those who were the object of His pity and practical love. Seek some unselfish channel for your Christmas giving. Remember the poor. Bless some one who has not first blessed you. Make every gift that will never know who did it. That is Christmas charity indeed.—Living Age.

A number of our exchanges are raising the merchandise drummers who go around through the country and take orders for groceries. Incidentally the papers are saying some things to the people who buy. It's no use boys. There is a sucker born every second and a grafter every minute. The suckers are going to give up their money to some one, so let the grocery drummer get it. The drummer probably has a family to support, anyhow. We have long learned that it is no use to warn folks about fakes. They won't listen. It is as natural for them to believe every man out of their own state is honest, and every man in it a robber, as it is for them to breathe.—Nacogdoches Plaindealer.

Even this long before January 1, 1905, women are wondering what new fads they can take up for the new year, and there are always a few women here and there who seriously take themselves to heart and search for some new avenue of self-improvement by which others as well as themselves can be helped or pushed, or at least cheered along the rough old highway that men call life. There is no one line of cultivation that few women deliberately adopt, although its rewards would be great. It is the development of the laughing habit. Not the silly giggles of the empty-headed, nor the grin of the woman whose gift is to say sharp or hard things that amuse the bystanders while they hurt the victim. Not even the forced laugh of polite greeting that one gives to a honky joke.—Nashville American.

SAVE MONEY!

Now is Your Chance

In order to reduce stock before taking inventory for the Hurlbut-Jackson-Hughes Co., who will succeed Hurlbut Hardware Co. on Jan. 1, we will make special prices.

We will make very low prices on Buggies, Hacks, Road Wagons, Wagons, Sulky Plows, Disc Plows, Stoves and other bulky goods, as we want to save handling them and need the room badly for other goods. Will also make close prices on Crockeryware, Guns, etc.

HOG FENCING We have a very favorable contract on this line and would be glad to figure on your wants.

Saddles and Harness

Remember we make these goods and there is as much difference between the goods we make and eastern factory made good that are usually handled as there is between a \$20 male-to-order suit and an \$8 hand-me-down. We sell you good goods at about the same price that others have to charge for Cheap goods, as we save one profit. On Jan. 1 the Hurlbut-Jackson-Hughes Co. will double our capacity in this line.

Remember

We have Casaday Plows and Stalk Cutters, and for the coming season the new company will sell Eagle, Standard and Ohio Shovel Cultivators, Janesville Disc Cultivators with shovel attachments and standard, Casaday and Eagle Planters. We want your business.

HURLBUT HARDWARE CO.

After Jan. 1, Hurlbut-Jackson-Hughes Co.

A REASON FOR ALL THINGS

Now when the groceryman says he is entitled to his home people's trade and is at the same time exerting every effort to sell to the same home people flour from mills abroad. What is His Reason? Not that our flour has failed to give satisfaction I assure you, for those who have used our Silver Spray and Whole Wheat Flour are thoroughly satisfied is proven as we guarantee it to the dealer and authorize them to guarantee to the consumer, and we seldom hear of and complaint whatever, that is proof positive satisfaction was given. What is His Reason? Call for our flour and save 5 to 10 cents on every sack you buy and get better flour. A flour guaranteed by a people here in Goldthwaite 365 days in the year ready to make any guarantee good. Buy Silver Spray Flour, it is the best.

MONEY WANTED.

As December and 1904 go away I find lots of accounts on my books that are past due and not paid. Now I do not know what your circumstances are. I am hard pressed to get up with my own business. I have several times asked for money this fall and at one time expected to put out a collector, but delayed hoping to avoid the necessity—but now I am forced to give a final notice. I must have settlements by Jan. 1, 1905. I can make no promise to carry accounts further. I dislike to enforce collection, but can't help it this time. Yours truly, M. L. BROWN.

Attorneys L. Doughty and E. B. Anderson went to Brownwood Thursday on legal business.

Miss Mary Cunningham stopped over in Goldthwaite Thursday to visit her sister, Mrs. R. E. Clemons, while en route to her home in San Angelo to spend Christmas. She is a student in Patton's seminary in Dallas.

No remedy on earth compares with Paracamp or the cure of Rheumatism, Swelling and Hurts of every description. Paracamp absolutely prevents blood poison, Paracamp soothes and heals like magic. ph household should be without a bottle always at hand.

GROUNDS FENCED.

The Confederate camp grounds have now been fenced and all that is left to be done is the building of the auditorium. The old soldiers bought the grounds, had a well dug and a windmill placed over it, a large tank excavated, substantial fence built around the grounds, and trees have been procured for the park. All this has been done by the old men without the aid of outsiders, but the work and expense of building the auditorium is too much for them and the Eagle suggests that the sons of veterans and the daughters, too, take charge of the building proposition. Money must be subscribed or raised by entertainments or other means and the house must be built before the next reunion, at which time the camps of Brown and McCulloch counties will meet with our camp. The town gets a great benefit from these meetings and the county is interested in arranging a place for public meetings. A camp ground is an ideal place and if we will all take a hand in the work we can soon have a building there that will do credit to the entire county and give satisfaction to the old hands whom we all delight to honor and assist.

PRESBYTERIAN TREE.

The Eagle stated last week that the Presbyterian Sunday school would not have a Christmas tree and at that time the report was in accordance with the intention of those in authority in the matter, but the subject was reconsidered and a tree is to be prepared in that church. Therefore, all who desire to place their presents on that tree are invited to do so before the hour for the distribution of presents tonight.

The train from Brownwood is due at 8:40 a. m. and from San Angelo at 9:00 p. m. A GOOD SPEECH.

Hon. C. M. Compton, state lecturer for the Farmers Union, spoke in the court house here Wednesday to a large and attentive audience. His remarks were very appropriate to the occasion and were appreciated by his hearers. He explained that the Union was not of political significance and that there was in it no spirit of antagonism toward the local merchants or other enterprises. His speech was beneficial to the Farmers Union cause in this county.

S. D. LOCHABY DEAD.

Mr. Sam Lochaby died very suddenly at his home three miles west of town Thursday morning. He became ill Sunday and a physician was called to attend him, but his condition was not thought to be serious. He was able to sit up most of the time and rested very well Wednesday night. Thursday morning he complained to his wife that he had severe pains through his stomach and chest and that a great pain was about his heart, and he was dead before a physician could reach him. Billous colic was pronounced the cause of his death. Mr. Lochaby was a hard working and honest man and a good citizen and his death is lamented by many. He lived in this section for a long number of years and was universally esteemed. He leaves a wife and several children and a number of relatives. His remains were laid to rest in the Clements' burying ground Friday morning at 11 o'clock. He was a member of the Home Circle and Mrs. Lochaby was given a check for \$315 within an hour after the notice of his death came.

Miss Katie Weaver of Big Valley

boarded the train here Thursday night en route to Sweetwater to visit her sister, Mrs. T. E. Alvis. Robt. Franklin's 2-month-old baby died of pneumonia Monday at the family home at Pleasant Grove. To the bereaved parents the Eagle extends sympathy. The boll worms in cotton and flour worms in flour. Ask your grocer for Silver Spray or Whole Wheat flour which is always fresh being milled just as demand calls for it. Don't accept just as good. Rev. Edgar Owen, pastor of the Baptist church at Big Valley, called Saturday and had his name added to the Eagle's growing list. MRS. HEARNE DEAD.

Mrs. Kate Hearne, wife of Mr. W. F. Hearne of Payne, died at the home of her sister, Mrs. Will H. Trent, in this city Monday night at 9:30 o'clock and was buried in the Odd Fellows cemetery Wednesday morning at 11 o'clock. Mrs. Hearne was stricken with paralysis Monday morning while in Mr. Hammond's store and she was carried to her sister's home and physicians summoned, but she continued to sink and only lived about ten hours. When the attack first came she could talk some and she made known the wish to have her husband and children summoned to her bedside. They came hurriedly from their home at Payne, but she was unable to speak when they reached her. Mrs. Hearne lived in this county for a long time, having moved with her husband from Grimes county to this city when the town was in its infancy and before the organization of the county. The family lived in the town for several years and Mrs. Hearne was well known here and her praise is in everybody's mouth, for she was a lady of most pleasant manners, kind-hearted and sympathetic. It can truly be said of her that, "None knew her but to love her; none named her but to praise." She is survived by a husband and eleven children, all citizens of this county except Mr. Maury Hearne, who is a railroad man in the western portion of the state. She was a daughter of Mrs. O. B. Caldwell and a sister of Mr. Brad Caldwell. Her death has caused universal sadness among the people of the town and in her home community and many there were who followed her remains to the cemetery. The husband and children certainly have the sympathy of all who know of their great loss.

The effects were almost magical, and certainly more satisfactory than from anything we ever used. 'Teethins' (Teething Powders) counteracts and overcomes the effects of the summer's heat."

MISSIONARY RALLY.
The meeting held in the Baptist church here beginning last Thursday night and lasting through Sunday was decidedly interesting and profitable.
Rev. I. E. Gates preached Thursday night on the subject of Christian education. On Friday night Rev. J. H. Gambrell discussed the need of sound denominational literature and on Saturday night Rev. Edgar Owen preached an interesting sermon. There were discussions on various subjects of interest to the church each day during the meeting and Rev. J. H. Gambrell preached an interesting sermon Friday morning. Rev. E. M. Owen occupied the pulpit Sunday night and preached to an attentive and interested congregation.
During the meeting the subject of a county Sunday school convention was discussed and with the object of forming such a convention the following resolution was adopted: "Resolved, that we recommend that all of our churches that have no Sunday school, organize the first opportunity, and with those that now exist send representatives to meet with us at the next fifth Sunday meeting at Antelope Gap."
GRIP QUICKLY KNOCKED OUT.
"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of grippe with all of its miserable symptoms," says Mr. J. S. Egerton of Maple Landing, Iowa. "Coughs and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by this liberal use soon completely knocked out the grip." These tablets promote healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by All Druggists.

A CERTAIN CURE FOR CROUP.
When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in several cases of croup with my children, and can truthfully say it always gives prompt relief." Is daily enacted, in thousands of homes, as death claims in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated the tragedy is averted. F. G. King's New Discovery for consumption, coughs and colds, which cured her and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by R. E. THE KEY THAT UNLOCKS THE DOOR TO LONG LIVING.
The men of eighty-five and ninety years of age are not the rotund, well fed, but thin, spare man who live on a slender diet. When this is done there is no reason why the average man should not live to old age. For sale by All Druggists.
