Many farmers are contemplating diversifying their crops, but no matter what they plant they must have implements. As long as a man farms he needs breaking plows, seeders, cultivators and harvesters. We have the goods in stock that we honestly believe are best suited to the needs of the farmers of this section and we will price them right. We want the patronage of the farmers of this section and will merit it by fair dealings.

# THERE WILL BE MUSIC IN THE AIR

Every day during this sale we will cheer the busy shoppers with sweet strains of music. We are going to make this the most attractive shopping point in this part of Texas. Every convenience possible for easy shopping will be found here, and we want you to come, have a good time and get a share of the wonderful bargains and don't miss the good music.

### THE STORY OF OUR LOSS AND YOUR GAIN.

Owing to the warm weather during the Fall we have been unable to move our heavy goods and the gradual decline in cotton since the opening of the season has caused a great many farmers to hold on to the staple, instead of selling it and putting the money into circulation. We have over \$30,000.00 worth of Dry Goods, Clothing and Shoes on hand which is entirely too much stock for this time of the year. We have decided to reduce this immense amount of stock to where it should be at this time, so we will inaugurate a Great Clean Sweep Sale for one month, and during this period we will make some of the most wonderful offers on first-class merchandise that this community ever saw. We propose to make this sale a record-breaker. We must have money. We will make prices lower than the Farmer's Union ever thought of. We are going to make prices to match the low price of cotton. It will pay you to visit this sale, and you will lose money if you do not come in and see what wonderful bargains we have. This will be a wonderful money-saving opportunity, and it is for you to decide whether you will buy now and save money or whether you will buy later and pay more. The answer is so plain that you surely will be wise enough to come. Tell your friends. Do them the favor of letting them know where there is a great opportunity to save money. This community will be forever grateful to us for this Money-Saving Clean Sweep Sale. We neep the money. We must have it. Come and get the goods. You never heard of such doings as you will see during this sale.

# APRIZE FOR THE WAN WITH THE BIGGEST LOAD

We will give the man who brings the biggest load of women to our Clean Sweep Sale any day during this sale a fine suit of clothes. Drive up to the door and make a noise so we can come out and count the women. After being counted they must all come inside our store and register. This more the merrier.

# EXTRA CLERKS WANTED

We will put on twenty-five extra clerks during this eale, so the not stay away thinking you sense thinking you sense thinking all be marked in figures to a new inexperienced clerk can wait on you as good as the best salesman in the town, or if you prefer you can wait on yourself.

# FREE! FREE! FREE!
