R. M. THOMPSON, Editor.

The Texas legislature adjourned Wednesday to attend Judge Reagan's funeral in a body.

Geo. B. Cortelyou has been appointed postmaster general of the United States and has entered upon his duties.

The negroes of Mississippi will form a law and order league for the suppression of lawlessness among negroes and to draw a distinction between good and bad negroes.

Because a Nachitoches, La., man was the father of sixteen children the Federal court took pity on him and he was released from the charge of making moonshine whiskey. He was charged with making the spirits in his kitchen in the hills.

A few years ago it was considered well nigh impossible to induce a concert of action among farmers; but the farmers of this day and time are more enlightened than the average farmer of that period. They are reading and thinking men now and they fully realize that they cannot go on producing overabundant cotton crops with the hope of receiving remunerative prices, hence they will reduce their cotton acreage and diversify their crops, and diversification once begun, will bring such good results it will be compared and greater prosperity will surely follow.—Charleston Chief.

One of the most difficult problems with which the builders of the Panama canal have to contend is the labor question. It is estimated that from 10,000 to 15,000 laborers will be required, and most of these will have to be imported. The use of negroes from the Southern States has been discussed, but it is doubtful whether they will be available, and whether they would prove satisfactory. Most of the railroad buildings on the unhealthy coasts of Central America has been done by Jamaica, negroes, and these, with a sprinkling of Chinese and Italians, will probably furnish the bulk of the laborers for canal work.—Lantern.

The race question is as vital to the Indians as to the white people, and most of them look upon the negroes as their inferiors. Neither the Creeks nor the members of any other tribe in the territory will send their children to school with negroes, and separate schools are provided by the Indian governments for both races. Their presence in legislative halls is the natural and unavoidable result of the action of the Creeks after the close of the war in allowing their freed slaves to stay in their country, making them citizens. This gave them a communal interest in the common lands of the Creeks and carried with it the right to vote and elect representatives to their councils.—Lantern.

MULLIN.

Editor Eagle:

At this writing "Old Mother Earth" is receiving a shower bath. "All day long the low hung clouds have dropped their garnered fullness down."

No new cases of sickness reported, one death occurred. Mr. Little, Sr., after a long and painful illness, breathed his last on Friday the 3rd at 1:30 p. m. and on Saturday his remains were borne to the Newburg cemetery.

The Christian Endeavor met Friday eve with Willie Kirkpatrick for leader. The subject was intemperance, the program was fine and strictly carried out. Prof. Groves favored them with songs on his graphophone, "Where is my wandering boy tonight," was answered most beautifully by the junior quartette, "Down in the Garden of Babylon." The Endeavor will meet hereafter on Sunday afternoons. C. L. Summy and sister, Miss Flora, have returned from a visit to their brother at Lampasas who has been quite sick, but we are glad to say is better.

Miss Mayer, sister of Mrs. Jackson, spent Sunday in Mullin; she is a pupil of Daniel Baker college.

Saturday the streets of Mullin presented a lively appearance. Among the visitors was the junior base ball team from Goldthwaite who came to play against the juniors of Mullin, but the game which started lively was not finished. I hope the boys will come again.

The Presbyterians held services at the Methodist church Sunday, conducted by Rev. Chandler, President of Daniel Baker college, Brownwood.

Mrs. J. M. Kirkpatrick spent Saturday night with Mrs. Aaron Little, at her pleasant home one mile from Mullin.

H. R. Butts visited Goldthwaite Monday. Mrs. Hallford, granddaughter of Mr. A. Little, spent several days with her grandfather and returned to her home at Ballinger on Monday after his death. The many friends of Mr. Will Trent in Mullin are rejoicing to hear of his improved condition and sincerely hope that he may soon be restored to good health. G. V. M.

FERD LOGAN DEAD.

Mr. J. F. Logan died at the home of his brother, Dr. J. H. Logan, in this city Monday morning about 11 o'clock and was buried in the Odd Fellows cemetery Tuesday morning at 10 o'clock, a large number of friends attending the services.

Mr. Logan suffered with rheumatism for several years and his death was caused by rheumatism of the heart. He was only confined to his room a few hours and the announcement of his death was a surprise to many.

He attended to his usual duties in his brother's drug store Saturday and after he retired that night he suffered severe pains in his heart. He was relieved for the time, but remained in his room during Sunday. Again Sunday night the pains in his heart became severe and, notwithstanding the exertion of medical skill for his relief, he continued to suffer until the end came.

The deo deo was well known in the business community, having been employed in the drug business here for thirteen or fourteen years. He was a druggist of experience and had few superiors in that profession. He was about 38 years of age and was a member of the Home Circle and of the Red Men. He leaves a brother and sister and a niece here and in their sorrow they have the sympathy of many friends.

Tom Calway, who was paralyzed last week is still in a helpless condition with but slight change since the first attack. He is totally paralyzed on one side and can not swallow solid food. As he has not suffered a second attack it is now hoped that he may recover.

Jas Taylor, the new merchant of Antelope Gap, was in this city the first of the week transacting business. He reported trade fairly good with him and the prospects encouraging.

County Clerk Crawford issued marriage licenses since last report to J. T. Berkley and Miss Fannie Edmondson, J. M. Burrows and Miss Lizzie Webb, W. H. Tully and Miss Stella Bickie.

An associated press report dated Thursday says: "The great battle in Manchuria raged all day Wednesday along the entire enormous north front. The Japanese were generally victorious, and they drove the Russians from a series of important positions. By nightfall it seemed imperative that General Kuropatkin would have to withdraw his shattered legions to avoid a complete disaster. Indeed it appeared impossible for him to effect his retreat without a heavy loss of prisoners, guns and stores. The continuous battle is already the bloodiest of the war. Upon the ground that General Oku alone gained 8000 Russian dead. The reports from the other armies are expected to triple this number. It is expected the Japanese have lost 50,000, making the joint slaughter far in excess of 100,000 men dead and wounded. Details of the combat are lacking, but it is believed the Japanese have cut the railway north of Mukden, leaving only the roadways and a light railway from Fushan to Tie Pass as routes for retreat of the Russians, but army headquarters refrain from affirming or denying a report to that effect. It is thought that Mukden is still in the hands of the Russians." Later advice says that Mukden has been abandoned and the Russians burned such stores as they could not carry. The Russians retreated in the direction of Tie Pass.

Mrs. Wren of San Marcos arrived in the city Thursday morning to visit her daughter, Mrs. J. W. Driskill. It is possible she will decide to buy a residence in this city and reside here permanently.

C. B. Mohler was here from Mullin the first of the week and stated he would move in the near future to Big Valley to take a position to run the engine for the irrigation company.

J. N. Keese and J. O. Lammers, who recently formed a partnership in the marble cutting and tombstone making business, have an advertisement in this issue. They are both experienced and efficient in work and those who expect to have monuments or tombstones made should figure with these gentlemen.

SHOULD ORGANIZE.

The sons and daughters of Confederate soldiers should form an organization in this county. A great many other counties have such organizations and there is no reason why we of this county should not have one. The members of Jeff Davis Camp are heartily in accord with the plan and many of the younger generation will be glad to so honor the memory of the heroes of the Confederacy if a move is made in that direction. Besides being a pleasure, it is our duty to prepare to perpetuate the memory of these great and good men. A camp can be formed here and people of all parts of the county can hold membership in it, just as they do in the camp of Veterans. At the last meeting of the camp it was decided that the members urge upon the younger people the necessity and importance of such an organization, and it is certainly to be hoped that all who learn of the plan will be willing and ready to assist.

Hides and beeswax bought at G. H. Frizzell's market.

The whole meal is a failure if the bread is bad. For good, wholesome bread buy Silver Spray flour the only best.

"Red Top" is the only kind of can that will stand the long hot drouths of this section. For sale by J. B. Ferguson.

Those wanting to buy a setting of eggs from J. H. Allen, jr., should place their orders early, for the supply may be exhausted.

J. D. Harris this week sold his residence in this city to A. J. Weathers, taking as part payment the Wells residence on Fisher street. Mr. Harris is to give possession of the premises in May, at which time he expects to move to his farm near Dallas.

The man who thinks he can save money by sending away for his goods should investigate. If he should on some occasion save a few cents on some purchase he loses by the amount of money he spends being taken out of circulation in his home town.

The editors of the Lampasas Leader have recently placed the Eagle on their exchange list for their daily and the courtesy is appreciated. The people of Lampasas should be proud of the daily Leader, for it is far superior to many daily papers published in larger towns and is a much better paper than the advertising patronage justifies.

Kenneth Mason of Galveston was here the first of the week visiting friends and called on the Eagle. He is now employed by the electric light company of Galveston and his brother Ed is in the service of the Santa Fe railroad company in the same city, and both young men are doing well. Their father, Mr. W. J. Mason, has recently sold his ranch at Christoval and bought near Knickerbocker. It is hoped and believed that the time is not far distant when he will again be a citizen of Mills county.

A FLAG STATION.

The people living about Antelope Gap want that place made a flag station for the through trains and it is to the interest of the people of Goldthwaite for them to be accommodated and if convenience should be brought to bear on the railroad officials to induce the granting of the request. As the railroad time card now stands, the through trains will not stop at Antelope Gap and people living in that section must either come on the night train or use a private conveyance. If the place is made a flag station those who wish to transact business here can come on the morning train and spend the day in this city and return to their homes on the night train. A petition to the railroad officials will, no doubt, receive recognition and should be prepared.

TAYLOR—GILLESPIE.

Dr. H. H. Taylor of this city and Miss Bell Gillespie were married in Uvalde on Thursday of last week and reached this city Sunday night, having spent the intervening time in San Antonio. Dr. Taylor is one of the leading physicians of this city and is held in high esteem. The bride is a stranger to the people here, but they extend to her a hearty welcome and those who have met her warmly congratulate Dr. Taylor, and we all offer good wishes to them both.

STRANGE ADVICE!

Dr. H. H. Taylor gives short personal attention in his special business contract.
 In our Almanac for many years past we have given unusual advice to those afflicted with colds, coughs, croup, or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 15 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. (New trial bottles, 25c; regular size, 75c. At all druggists.)

CONFEDERATE MEETING.

Jeff Davis Camp met in regular session and was called to order by Commander Sexton in the court house Saturday afternoon.

Meeting opened with prayer from Comrade Haralson.

The first business taken up was the discussion of the next reunion and the way and means by which to properly conduct the reunion, in order to make it a success.

It was moved by Comrade Haralson and seconded that as a camp extend to R. M. Thompson, editor of The Goldthwaite Eagle, our sincere thanks and appreciation for past favors shown to us and the interest he has shown and expressed in behalf of the old soldiers.

It was moved, seconded and carried that the entire camp be appointed as a committee to solicit and encourage young men and young ladies over the county to organize as a camp of sons and daughters of Confederates and the editor of the Eagle is requested to publish a call to meet for that purpose, said call to be made for the first Saturday in May, 1905.

No further business before the camp it was adjourned until the next regular meeting.

CHAMPION LINIMENT FOR RHEUMATISM.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Gambler's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone else's remedy that is not patient relief when this liniment can be obtained for a small sum. One application gives prompt relief and it is a certain cure for a short time. It will produce a permanent cure. For sale by all druggists.

OBITUARY.

Mrs. Sarah McDonald Potter, (nee Adams) was born Dec. 22, 1826, in Tennessee. She had three sons and two daughters, and then moved with her parents to Newton county, Mo. where she was married to John Potter in 1848. In 1850 they moved to Williamson county, Texas, and remained there until 1858, when they came to Goldthwaite to finish up the remainder of their natural lives, the husband preceding the wife to the better land by something more than four years. Sister Potter was the mother of four sons and three daughters. She had been a consistent member of the Methodist church for sixty years. She was a faithful and earnest Christian. She was always true to her church and delighted in sacred services of the sanctuary, and often expressed herself as willing and ready to go to the saints' happy home, where she might be with the will, yet she was resigned to suffer until He should say, "It is enough, come home." She departed Feb. 23, 1905, from the effects of a most malignant cancer. Although her suffering was very intense and long drawn out over a space of many months, she bore it with submissive resignation and Christian patience, such as the writer rarely, if ever, witnessed before. During her last days she was much comforted by hearing us sing some of our dear old Methodist hymns that she had been familiar with for three scores and ten years, and sometimes she would rejoice in the conscious presence of a Savior's love. Verily this sainted mother has left a rich heritage to her sorrowing children and numerous grand-children. Loving hands laid her body away in the Odd Fellows' cemetery, there to repose till the judgment morning breaks in splendor on the world. Meanwhile her spirit rests with God. J. T. FARIS, Pastor.

IN MEMORY.

Written and composed by Pallie M. Boler of Indian Gap, Texas, in loving memory of her little nephew, Little Kenneth, son of Mr. and Mrs. Will Hamilton, formerly of this place, but late of Winters, Rummels county. They were unaware of his illness until death's frail, alighting arms embraced him and death obliterated his own. He was sick but three hours. Human strength could not save him from that death. It was God's will and it would be unjust to call him back to this world of suffering in preference to the one he has gained. Little Kenneth was born Oct. 27, 1904. Indeed he was young, but we all learned to love him, though the little baby with Auburn hair is sadly missed. Many changes may come to us all as the years swiftly vanish, but the little white form incased within the pure white coffin, resting so sweetly near the silent tomb in a lonely grave yard near the small city of Winters, will always be remembered. Though the tall grass may grow upon that mound, howling storms may sweep across it, wintry snows may pile up, it will ever be remembered as the place where a baby once lay. Flowers may blossom and fade, yet the sleeper will be unawakened till the trumpet of the angels shall ring in accents loud and clear. Then somewhere in the throng of angels, Somewhere in the heavenly choir, I shall see my darling nephew. See the one who has gone afar. Be patient dear brother and sister. The face will soon be won, 'Twill be a glorious meeting. For father, mother and son. With the little one that left you. At the dawn of the end winter's morn, He lifted his blue eyes heavenward. Then upward his young spirit flew. Aloft on the wings of angels and entered the haven of rest. God called our little Kenneth. He doth all things for the best. So it were with my darling nephew. Though in months he was only four, 'Twas on wings in the form of an angel that bore the baby over. Into the land of sunshine. Upon the saint's bright shrouds. Where sorrow is outthought of. And sufferings are unknown. By a loving father and mother. During life fond kisses bathed his brow. But upon the marble forehead. Bears the name of Jesus now. Hark! 'Twas a thrill of music! An angel's voice! Ah! 'Tis the form of Little Kenneth. He at last reached home to three.

LETTER TO WHIT SMITH.

Dear Sir: You ask how many people have been cured by Chamberlain's Cough Remedy. There is a great deal of lying on this point. The stock claim of lying papers is 300 square feet, two coats. It's a lie, 23 1/2 rods. Davee cures 25,000, our agents have cured 100,000 and 500 too high; though doubtless, they both occur. How much the other points cover is equally doubtful; we guess 100 to 400. The truth is found in another comparison. Davee is an oil, true paint, strong paint, and full measure; the others in general are, at the best, diluted, adulterated and short-measure. They cover according to body and measure. You can't paint with sugar, lime, chalk, sand, barytes, water, or any body in them. Go by Davee. F. W. DEYON & Co. J. D. Ughart sells our paint.

A CHICAGO ALDERMAN OWENS HIS ELECTION TO CHAMBERLAIN'S COUGH REMEDY.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Schenck, Mayor of Chicago. Two years ago during a political campaign I caught cold after being overworked, which irritated my throat and I was unable to speak. In my extremity a friend advised me to use Chamberlain's cough remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign and thank the medicine that I won my seat in the council." This remedy is for sale by all druggists.

MERKEL.

The people here all started their plows since the cold weather. There is some cotton to be picked yet. I have heard of some paying as high as \$1.25 per hundred. From what I can learn I think the farmers are going to diversify their crops this year. I will try to describe our town: Merkel is on the Texas and Pacific railroad, seventeen miles west of Abilene. Has a population of about 700 inhabitants. Does more business than any town west of Fort Worth to its size. It has the country around here to make it a fine town. The next time I write I will describe the country around here, as I live nine miles from Merkel. I would like to see a letter from Star, as that is my old home. HOMER NICKOLS.

INCREDBLE BRUTALITY.

It would have been incredible brutality if Chas. F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Buckner's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25¢ at R. E. Clements' drug store.

BOWLES-BLUNDELL.

Sherman, Texas, March 3.—The marriage of D. B. Bowles, aged 33 years, of Goldthwaite, and Miss Nora Blundell, aged 30, of Toga, took place February 28, 1905, at a regular time. The marriage ceremony was performed by Elder Eubank of the strict church and the couple were attended by L. F. Vaughn of St. Louis and Mrs. Johnnie Mae Moore of Dallas. The bridal party left for Toga—Dallas News.

The newly wedded pair reached this city Sunday morning and proceeded to the home of the groom's grandparents, Alvis Motiwan, a few miles from here. Mr. Bowles formerly lived in this county, but for the last few years he lived at Toga. He has been visiting relatives here for several months and it may be his intention to again take up his residence in this county.

It's Always Bad.

THE BEST OF BACKS ARE BAD WHEN THEY ACHE, AND TEXAS PEOPLE KNOW IT. A bad back is always bad—Bad at night when bedtime comes just as we get in the morning. Never try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ailment. If you don't, some people do. Read a case of it: Mrs. Sanderson of Galveston Island says: "I had kidney complaint of and on for nearly three years, and it could only at times be described as excruciating torture. To stoop or raise after stooping hurt severely and I could scarcely restrain from yelling. It was hard for me to go up or down stairs or even to lift a light bucket or water. I was always worse in damp and wet weather, or if I caught cold. I wore mustard plasters and tried home remedies, but never found anything to give permanent relief until I got Doan's Kidney Pills. I felt their direct effect on my kidneys the very first night, and in less than a week's time the pain in my back disappeared. A friend of mine was also benefited by using Doan's Kidney Pills. I never met with such a prompt, reliable and effective remedy. For sale at R. E. Clements' drug store. Price 50 cents. Foster-McClellan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

According to the very best information originally, we pass this way but once and when we step into the valley of the shadow, all our earthly belongings will be left behind. Not a cow or a sheep, not an acre of land not a dollar of money, will go into the grave with us. Why then should men race through life in a mad fight for gold, brushing all the better things aside when at last it must be unloaded at the tomb? Would it not be better to smile a little and do a few good deeds as we go along? Would it not be better to put a flower into the hand of some sad hearted human being struggling along the road of life, than to clutch an almighty dollar until cold death forces us to relinquish it?

Speaking of nepots, the blue ribbon belongs to Senator Warren of Wyoming. A Wyoming legislature charges that this great statesman and patriot has his brother-in-law, Charles M. Smith, on the senate payroll as clerk of the committee on claims, although Smith stays in Cheyenne and Warren draws the pay \$2,500; that Hiram Sapp, an assistant clerk, lives in Cheyenne, while the Senator draws his \$1,400 salary; and that the Senator's son, a student at Harvard, is also drawing pay as an assistant clerk of this same committee on claims. The Wyoming legislature has tabled the inquiry, thus showing that Senator Warren's friends are duly loyal; and that he is safe and snug.—Dallas News.

A boy of sixteen, who had never been to a dance, had no idea of what it was. Hearing of one a few miles away, he felt a great desire to go, and as his parents gave their consent, he went. But in a short time he came running back, almost out of breath and strength. When he had some what recovered he managed to tell the following: "When I came, to the house where the dance was to be it was almost dark with people. In one corner sat a man who had a long-necked animal which he held in his hand, and pinched its ears, and stroked its back with a stick and then it gave a scream, and the men grabbed hold of the girls and began jumping around the room hunting for the door, but could not find it. Nobody I believe found it but me and I alone escaped."—Hamilton Rustler.

Derangements of the teeth of the horse very frequently lead to grave difficulties, both local and constitutional. The teeth often become decayed, holes form in them and toothache is a common occurrence. There is no such thing as blind teeth, as is often termed, it is either a rotten or a long tooth. Ninety per cent of the horses that are fed condition powders to recuperate their health, need nothing but their teeth repaired.
