Some business men are too conservative. If a farmer concluded not to plant seed, but to "conserve" it, because crops sometimes fail, he would be as wise as the merchant, who "conserve" the money which should be invested in publicity, because he has it in bank, and because he fears that publicity may not become profitable.

Teachers have been elected for the Mullin school. Prof. Grove, Mrs. Skaggs and Miss Nellie Kirkpatrick were re-elected to their same positions in the school, only one vacancy to be supplied.

Dr. Fowler of Goldthwaite preached Sunday morning at the Primitive Baptist church.

Prof. Grove held services at the Methodist church—both Sunday morning and evening.

ROCK SPRINGS.

Editor Eagle: Farmers are rushing with their work this week, it having not rained last Sunday.

Cotton is looking as well as could be expected. Oats are ready to be harvested.

Sunday was regular singing day here. A small crowd met at the school house and on their arrival they found they had left their books at home, so they returned home. We would think it best to bring the books along next time to be sure of singing.

W. J. Stark and family attended church at Goldthwaite Sunday. Returning home they were much surprised to find Mrs. Kennerly and family, Mrs. D. H. Trent and little sons visiting them. The evening was spent very pleasantly. They returned home in the late afternoon.

The fishing spree, which was to take place last Friday, was much to our regret, a failure on account of the rainy looking weather.

Ed Cox and sister, Miss Bessie, and Miss Weesie Robinson returned to their home in Burnet county last Friday, after a very pleasant visit at this place.

There will be singing at the home of J. R. Cooke next Sunday. Everybody invited to come and bring their books.

Hoping to see all the writers in this week I will let this suffice for this time.

CEMETERY NOTICE. The Odd Fellows expect to hold memorial services about Sunday the 18th day of June. They now have a man hired by the day to clean up the drive ways and their individual property.

This man is under the supervision of Jno. A. Hester, noble grand of the lodge. Now, if there is any one that has a lot in the cemetery and want it cleaned up and feel willing to contribute something for this purpose, they can leave the money either with Lewis Hudson or J. A. Hester, and it will be applied as directed.

There seems to be a wrong idea among a great many as to the Odd Fellows keeping the cemetery cleaned up. They deed you the lot, it is your property. They have no more right, and are under no more obligation to look after your cemetery lot than the Santa Fe company has to look after their residence lot.

J. A. Hester, Noble Grand. LEWIS HUDSON.

Women's Woes. GRATULATORY GOLDTHWAITE WOMEN TELL OF THE EASIEST WAY TO ESCAPE THEM.

When the back aches and throbs when housework is torture when night brings no rest, no sleep when urinary disorders set in Woman's lot is a weary one.

There's a way to escape these woes Donau's Kidney Pills cure such ills Have cured women in Goldthwaite. This is one woman's testimony.

Mrs. E. G. Bentz of Lampasas, Texas, says: "It was several years ago that I first began to have trouble with my kidneys. Knowing that kidney troubles are dangerous, I consulted physicians, and though some of them did not afford me much relief I finally had a doctor who succeeded in removing the trouble temporarily. About three months ago the old trouble came back on me and was about to call upon the doctor when my daughter read an advertisement about Donau's Kidney Pills, and she gave me a box of them. I was greatly pleased with the prompt relief they gave me. They entirely rid me of the trouble with the kidney excursions and removed an intense pain in the loins. The way the trouble was cured seemed like magic, and my back is now much stronger than it has been for a long time."

WHEAT DAMAGED.

From several farmers the Eagle learns that some of the wheat in the county was badly damaged by the excessive rains of a few weeks ago. The stalk is fine and the heads are large, but there is very little grain. This is not the condition all over the county, but in many places the yield will be very light. Mr. E. Oden has a fine field of wheat just north of this city that he will not even attempt to thresh, but will cut the straw for hay. To look at his crop one would think it good for 30 bushels to the acre, but an examination will show that there is no grain. It is claimed that the rain washed the bloom out and destroyed the crop.

Are You Aware

During the year the balance of your watch makes 157,680,000 revolutions?

Think Of It!

Old oil gums, produces friction and wears the delicate bearings, destroying their high finish and perfect fit thus ruining an accurate time-piece. An ordinary machine is oiled daily. Your watch should be oiled once a year. Let us examine it, an honest opinion from us will cost you nothing.

PEDIGREE OF BLACKWOOD.

Blackwood was sired by old Johnnie Reb, he by old Warrior. Johnnie Reb was one of the greatest sires of saddle and harness horses in Lincoln county, Tenn. some of his showing considerable speed as pacer. Blackwood's dam was by Nettie Mack, an record 2:19, he by old George Gordon, record 2:27. Blackwood's second dam by Rattier Brooks, record pace 2:23, and he by Arhearts Brooks sire of Bonsetter 2:22 1-2. Blackwood is a fine saddle and harness stallion, and is the sire of several fast going colts that will make a low record with proper handling. Blackwood has shown considerable speed as a pacer; he has shown a 2:30 gait and would have made a low record had he not had the misfortune to lose his eye.
He will make the season at my wagon yard in Goldthwaite.

MISSIONARY REPORT.

By order of the board of Mills County Association, and by the kindness of the editor of the Goldthwaite Eagle, I give to the Baptists of Mills county a summary of my first month's work as missionary of Mills county Association. It is as follows:
Miles traveled 281
Sermons preached 25
Other addresses 25
Total sermons and addresses 50
Sunday schools organized 1
Bibles sold 1
Value of books \$ 2.20
Collected for Asso. Miss. 9.00
Total for books and Asso. Miss. 11.20
The almost constant rains this month have made it impossible for me to accomplish as much as I could otherwise have done. Nevertheless, I have been on the field most of the time, and have outlined most of my work for the next two months and a half. There is a great deal of work to be done, and your missionary asks for your prayers, and what help you can render in the way of your presence and assistance in meetings near you. Respectfully your missionary,
CONRAD L. OWEN.

REPAIRS BEING MADE

The commissioners court held a special session last Saturday and contracted with W. W. Bailey of Belton to repair the bayou bridge at Jackson crossing. The contract price is \$800 and work has already commenced. Masonry is to be built up for a base for the piers, which will make them much more substantial than they were before the bridge was damaged.

Coleman, Texas, March 3, 1905
This is to certify that less than one bottle of The Texas Wonder, Hall's Great Discovery, cured me of severe kidney and bladder trouble. Its effects are wonderful. I can cheerfully recommend it to others suffering in same manner. Respectfully,
J. M. McCORD.

CUBAN DIARRHOEA.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by All Druggists.

Our enterprising little sister city, Lometa, has gotten enthused on the railroad question, and a committee composed of Messrs. P. Z. Davis, F. W. Dent and J. L. Allen were here yesterday to ascertain what our people would do towards a line between these points. They held a conference with a number of our people and the matter was discussed at some length. All this railroad matter needs is agitation, and men with the money to come here and see what we have, and we'll get the road.—San Saba Star.

JUST WHAT EVERYONE SHOULD

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera, morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room, as I have had several attacks of colic and it has proved to be the best medicine I ever used." For sale by All Druggists.

Mrs. J. W. McCulley and children of Brownwood are here visiting relatives. Ed Nevans and Miss Mamie Spencer were married in Killean Thursday and came up on the evening train to visit relatives here.—Lometa Reporter.

HUGE TASK.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. His kidneys were so far gone I could not sit on a chair without a cushion; and suffered from dreadful backache, headaches and depression. I tried Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by R. E. Clements druggist; price 50c.

E. S. Kirby shipped a shipment of 12 cars of one and two year old heifers from Goldthwaite. These cattle were bought near Brady and unloaded here Friday night.—San Angelo Strydard.

DYING OF FAMINE.

is, in its torments, like dying of consumption. The proportion of consumption, from the beginning to the very end, is a long torture both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearose, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. E. Clements' drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Notice to Horse Breeders.

My horse Dan, now ready for service, will be in Goldthwaite during the coming season. His stock is one-half French Coach, one-fourth Hambletonian and one-fourth Morgan. His Dame is sister to my brown horse Bob, good rooster and all purpose horse. See him for yourself.

AGENTS GLEANINGS.

Editor Eagle:
Didn't rain here last Sunday, Sunday evening, May 21, the wind blew, the rain flooded, the hail stones beat, but our house fell not; though lots of fine plums and peaches were bruised. Our corn blades were tattered, too, but the stalk promises fine ears. Our cotton was uninjured, and the seed was planted deep in loose earth.

S. A. Weathers replanted many acres, some of which his nice little daughters had hoed to a beautiful, clean stand.
Rev. Joe Benningfield's barn was damaged, but some of his neighbors repaired it for him.

Primitive mountain folks held religious services the next Sunday after the storm, at Mr. Sherman's residence.
L. G. Blackburn and G. W. Simpson are talking and preparing their machines to bind the fine grain into sheaves with twine. Truly the harvest is whitening.

Our winter rye is banding over with long heads, too.
Cotton acreage is decreased about 25 to 30 per cent in South Bennett school district this year.

Cereals and forage is promising to feed the nags and kine next winter, there being many acres in sorghums, millets, maize, oats, rye and wheat with a better per cent of beans and peas than usual. Mills county ought to raise stuff to feed her county mills, so that her good people may eat pure corn meal, wheat flour, ground either by Star Roller Mill, Mullin mill, Rattler's water power mill, Fairman, et al.

The Eagle has been printing some good letters lately, for which we're thankful to the writers, as well as to those hard working, painstaking, accommodating, good natured printers and editor that get up the Goldthwaite Eagle with alacrity.
Miss Pallie just did get in time to be a spring post. But, ah! how nice it is.

Whose got our yellow, white face, ring neck shepherd dog? Ben Brown is his name. Call him Brown and please return him to town (you good neighbor on Browns creek.) Leave that dog with Mr. McGirk at the O.K. wagon yard, if you please.
I wish some person would write up South Bennett's socials, as there are so many young folks and so few fathers and mothers, who attend these amusements.

Ministers of the good news, why can't you come over and tell us the old, old story of Jesus and His love. Tell it o'er and o'er until none of the children can say (like the poor dying boy) "Nobody has told it to me before." The harvest is ripe and ripening. The preachers are few, why so? Answer. Let the Book Agent quote. "Poor payers, poor preachers."
Come over and hear Rev. Moon next time. I believe it has been announced for his absence until August.

See eclipse of the moon and sun, too, in August, 1905.
What are you laughing at?

FOUND A CURE FOR DYSPEPSIA.

Mrs. S. Lindsey of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by All Druggists.

READ THIS TO YOUR BOY.

Judge Wefford of Kansas City, in a recent address to boys gave advice which, if heeded, would soon revolutionize the country. It should be read to every boy in the United States.
"I have been on the bench fourteen years and during that time thousands of boys were brought before me, but not one of them was a constant attendant at church or obedient to his father or mother.
"I have inquired of many boys what caused them to get into trouble and in most instances have found that staying away from school, playing pool, hanging around saloons and cigarette smoking are responsible.
"Start right, boys. To be anybody, to accomplish anything for yourself or the community you cannot be idle. Don't drink—liquor destroys the mind and body. Don't swear—gentlemen do not. It is low and vulgar. Don't read trashy literature—it leads to evil. Don't hang around saloons—good men are not made that way. Whenever you see a man hanging around a saloon the devil is after him and will get him sooner or later. Benjamin Franklin would never have accomplished anything if he had been guilty of any of these practices. Be honest above all things. Poor boys make the best future citizens."
"To be a good man you must be a good boy. So start off right. The graveyards are filled with those who started wrong. The world is growing better. The teachings of Christ are beginning to be felt. Let me impress upon you the only road to success is by living a right life. Be honest, industrious, frugal. It is not necessary to wear a long face—to be sanctimonious. Keep laughing. Have a good time as you go through life, but let it be the right sort of good time. If we were angels the world would not be fit to live in."—Louisiana (Mo.) Press Journal.
