"PNEUMONIA'S DEADLY WORK

Had so seriously affected my right lung," writes Mrs. Fannie Connor of Little House 1, Georgetown, Tenn. "I thought coughs, colds, influenza and all other ailments, and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real cure. Guaranteed by Dr. E. Clements, druggist, 200 and \$1.00 Trial bottle free.

BUREKA!

YES, I HAVE FOUND IT AT LAST. Found what? Why that Chamberlain's salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.

BITTEN BY A SPIDER.

Through blood poisoning caused by a spider bite John Washington of Boqueville, Texas, would have lost his leg, which became a mass of running sores, had he not been persuaded to try Bucklin's Arnica salve. He writes, "The first application relieved and four boxes healed all the sores." Heals every sore. 25c at Dr. E. Clements, druggist.

## "SAMSON" WIND MILL

There are many windmills on the market—good, bad and indifferent. Some one of the good ones is made of superior material on a better plan and will give better service.

That one is the one the prudent buyer wants. It is his business, his duty, to investigate and find out which one of the many windmills offered him will give him the best service. We have been selling windmills for a number of years.

We have studied the problem very closely, and we believe that with all due modesty we can justly claim to know something about windmills. This experience leads us to believe that the "SAMSON" is the best windmill mortal man ever put together.

We believe that the intelligent buyer who examines the "SAMSON" can easily see why it is superior to all others. And that is all we ask—a fair and impartial investigation. We are perfectly willing to allow the "SAMSON" to rest upon its own merits.

### IT DOES ITS OWN TALKING.

We give below a few names of representative men of our county, who have purchased Samson Mills in the last few weeks. Ask them how they are pleased with the "SAMSON":

- |                |                |                |

## ALL CHILDREN

at birth inherit a predisposition to bodily ills and ailments—more or less serious. The stomach and bowels are the most prolific sources of ill-health. They are the hotbeds of disease, and because less attention is given them, more evil can be traced directly to them than to any other organs of the body.

Where there is the least indication of trouble or you are feeling out of sorts, should be taken at once. It is the best preparation for the stomach and bowels. If they are all out of order, it will eradicate the trouble, tone up the parts and restore them to their natural condition. DR. CALDWELL'S SYRUP PEPSIN communicates itself to the whole system and its beneficial and curative effects are pronounced and instantly experienced. It will keep you in good health. DR. CALDWELL'S SYRUP PEPSIN can be obtained in both dollar and half-dollar sizes from all druggists.

Your money will be refunded if it does not benefit you. Your postal card request will bring by return mail our new booklet, "DR. CALDWELL'S BOOK OF WONDERS" and free sample to those who have never tried this wonderful remedy. Write for it today.

**A LIGHT VOTE—GOOD MEN ARE ELECTED.**

The city election Tuesday did not attract very many voters, but as all of the candidates were good men and any of them would fill the offices acceptably to the people there was no occasion for a great deal of interest. The bereaved husband and other relatives have the sympathy of many friends.

**CHURCH IMPROVEMENTS.**

Rev. J. S. Bowles, pastor of the Methodist church, took a collection after the services Sunday morning and again at night for the purpose of making some improvements on the church property. He raised \$563 by subscription at these services, and quite a number of the most liberal members and friends of the church were not present. It is proposed to build a Sunday school room on the south side of the church building and put new pews in the church. Fully \$1000 will be needed to complete the undertaking and Brother Bowles is confident of securing that much or more right away and the improvements will probably be made during the summer months.

**A WORTHY CAUSE.**

The Self Culture Club has been requested by the head officers of the Federation of Women's club to subscribe to a fund to be used in assisting worthy young women to secure a college education. The Federation has been given a number of scholarships in colleges and the funds subscribed by the club will be loaned to young ladies to enroll them to attend these schools and to be repaid when they are able, when it will be again loaned to others without interest. This is indeed a noble work these clubs have undertaken and Goldthwaite is proud that the Self Culture Club is helping in it. These ladies will likely give an entertainment in the near future to raise the amount their club has been assessed by the Federation.

**CENTER CITY NOTICE**

We desire those interested in the cemetery here to meet with us next Saturday, April 6. Come early and bring suitable tools to work with and dinner, and let's put in a good days work for our cemetery certainly needs it.  
 COMMITTEE

**RESIDENCE BURNED.**

Mr. F. A. Scott's residence, six miles northeast of Goldthwaite, was burned Thursday afternoon, together with his barn. The furniture and family clothing was also a complete loss and nearly all of the contents of the barn were consumed by the flames, a barrel of molasses, some cane seed, and some meat being all that was saved from the buildings. There was no one at the house when the fire started, Mrs. Scott having gone for a visit to one of her neighbors and Mr. Scott being in the field. When the fire was discovered it had gained such headway that it could not be checked, had means been at hand for fighting fire. The fire originated in the residence and the flames were blown directly over the well precluding the possibility of getting water. The barn was on the south side of the house and the north wind conveyed the flames to it in a very short time.  
 It is not known how the fire originated, but it is supposed that the door was blown open and some fire blown from the fire-place to the floor. It was indeed a severe loss. Mr. Scott was in the city yesterday and informed the Eagle that he expected to rebuild at once.

**W. O. BARNES DEAD.**

The sad news reached Goldthwaite yesterday that Mr. W. O. Barnes had died at 8 o'clock in the hospital at Paris, Texas.  
 Mr. Barnes and family lived in this city for a number of years, where he was employed by the Huribut Hardware company, and all who knew him were his friends. For the last two or three years he has been employed as traveling salesman for Ballard Medicine company of St. Louis, and Paris being in his territory he made his home in that city. He stood high in commercial circles and was recognized as one of the best salesmen on the road. He was a member of the Methodist church and an upright, honorable gentleman. The editor of this paper appreciated him as a personal friend and can truly say that he deeply sympathizes with the heart broken wife and daughter and other relatives in their great sorrow. His wife is a sister of Mrs. E. M. Dikerson and has a great many friends here who join in extending condolence.

LETTER TO P. H. CLEMENTS.

Dear Sir: We asked City Drug Co., Crystal Springs, Miss., to sell Dovec They wanted to know of their own knowledge, how it compared with another paint they knew all about. It was sold right there, and constituted good.

They painted the house of W. B. McClintey two coats on purpose to test the two paints against one another; one coat Devos 6 gallons; the other coat that other paint 10 gallons. Difference \$20; \$7 for paint, \$13 for labor.

That other paint is made in New Orleans; is pure; is considered an excellent paint, and has a good deal of local good will.

But the standard of paint has been low all through the southwest. That paint is thin; it is, you see, six-tenths of a pint. Devos saves \$20 over it on half a small job. It is a case of local heat compared with actual heat. Yours truly, F. W. Davos & Co. P. B.—J. D. Urquhart sells our paint.

Hudson & Rahl buy hides and bees-wax.

WHO NEEDS IT WORSE.

Who needs a thorough course of farm bookkeeping and business training worse than the farmer? No one. That is just why the Tyler Commercial college is introducing in connection with its course of bookkeeping and business training, a series of lectures on systematic farming and a set of books specially adapted to farm accounting. The farmer, who at the close of each day's work, makes a complete record of every thing done during the day, its cost, etc., is learning to study the details of the business, to watch and observe the little things, and he is compiling valuable information for reference, and at the end of the year, he knows just what each crop has cost him; where his gain and losses come from, and by this close study and application he will the next year lessen the losses and increase the gain. The farmer needs the trained mind as badly as the store or the railroad office. The farmer needs to be able to write a good hand, to spell correctly, to figure rapidly and accurately, to know how to write deeds, or to know when they are properly written, to write mortgages, notes, contracts, bills of sale, etc. We would advise our young men who are farming or who expect to farm to give this matter careful consideration. The Tyler Commercial college has many young men taking this thorough course of bookkeeping and business training with the sole aim of going back to the farm and making the best farmers in their community, and leaders in all progressive movements.

Write the only commercial school in this country that is devoting its attention whatever to this subject for catalogue, mentioning that you are interested in farm accounting—the Tyler Commercial College of Tyler, Texas.

OBITUARY.

The strong hand of death grasped the life of Col. J. S. Casbeer and carried him to his heavenly home the 23rd of January, 1907. He was born March 29, 1837, in St. Francis county, Arkansas, and his parents moved from there to Lamar county, Texas, in 1848, and he was married to Lavina A. Witt in 1858 and then he moved to Williamson county, Texas, in 1860. He served in the civil war until the surrender, then he moved to Lampasas and lived there until the overflow, then he moved to Hamilton county, his old home place, where he died. He moved there Sept. 29, 1877. He professed religion in 1878 and joined the M. E. church South and was a faithful member until he was called to his brighter home above. I was the father of 13 children, 9 of which survive him, all grown and married. He was a faithful and devoted husband, an affectionate father, a true friend, a good neighbor and one who will be sadly missed by all who knew him. Weep not, dear ones for father, for he cannot come back to us but let us live so we can go to him in the sweet by and by, where no more sad partings and sickness and death never come.

Asleep in Jesus far from these, Thy kingdom and their graves may be. But thine is still a blessed sleep, From which none ever wake to weep.

He rent the low dark sepulchre, Unlocked his prison cell, And rose triumphant from the grave, Conqueror of death and hell.

Rejoice, rejoice ye sorrowing ones, Whose friend in Jesus sleeps, He shall unlock their prison doors, For He the keys shall keep.

Farwell dear father, but not for ever, There will be a glorious dawn, We shall meet to part, no never, On the resurrection morn.

His baby daughter,  
MRS. EMILY BLACKBURN.
