Have You Decided

?

When you are going to purchase that "Fall Bill." Then the next thing to decide is where : : : : :

Why waste your time in looking around when everyone will tell you that we stand at the top in our fair treatment of all, in our one price for all. However, we do not fear comparison. We especially invite you to compare our prices and quality of our goods with others. : :

CLOAKS FOR ALL Of course now when summer lingers and winter seems far off, you think there's plenty of time to select that coat. True. But you may want that Copenhagen blue in a 54-inch length. Then why procrastinate and let your neighbor secure your choice. We have white, brown, blue, red and grey coats for the baby, his little brothers and sisters up to 8 years old, for his 10, 12 and 14 year old sisters are beauties in grey, red, brown and blue, for the grown-up sister, mother and even the grandmother are beauties in grey, tan, brown, blue and black. All the above mentioned coats are elaborately trimmed in velvet, soutache braids and buttons. They are cut in the regulation lengths, loose and semi-fitting, and the most attractive thing about these attractive coats is the close price that enables poor and rich alike to possess one.

MONDAY, SEPT. 30, 1907 We invite every woman and child, and the men and boys too, in this county to visit our store and inspect our complete line of Millinery. From the plain sailor to the elaborate "Fluffy Ruffian" hat, we have them in all the new shades and designs. Some things have to be seen and studied to be appreciated. If you will come and look, you will fall in love with our hats and prices too. Our accommodating salesmen will take pleasure in receiving you and showing you through our entire stock. If you just desire to look, you are welcomed gladly. After looking and seeing, you will return to buy.

As the writer from this place has been absent for so long I will send in some of the happenings.

Tom Wilcox of the Live Oak community visited at Caradan Saturday.
Mrs. Smith of Lee county is now making her home with her daughter, Mrs. Minor.
Best wishes for all.

A Small Blaze.
Fire in S. L. Kippenbrook's residence last Sunday afternoon did some damage to the house and furniture and caused considerable excitement in town, as the alarm was sounded while services were being held at the tent. The origin of the fire was most peculiar. A lamp was overturned in the room and exactly at that time some one stepped upon a maton, which flashed fire and ignited the oil. A part of the roof of the house was torn off by those who were assisting in extinguishing the fire and by hard work the building was saved with but little damage.

Mr. Thad Brown Dead.
The death of Mr. Thad Brown occurred at the residence of Mr. H. B. Carter in the Center City community Thursday morning. He was about 80 years of age and had made his home with Mr. Carter and family for several years. He leaves a wife and two daughters, Mrs. Carter and Mrs. Haven, and a son Mr. Homer Brown. They have the sympathy of many friends in their bereavement.
His remains were laid to rest in the Center City cemetery yesterday.

Chamberlain's Cough Remedy One of the Best on the Market.
For many years Chamberlain's Cough Remedy has constantly gained in favor and popularity until it is now one of the most staple medicines in use and has enormous sale. It is intended especially for acute throat and lungs diseases, such as coughs, colds and croup, and can always be depended upon. It is pleasant and safe to take and is undoubtedly the best in the market for the purposes for which it is intended. Sold by R. E. Clements, Druggist, Goldthwaite and Mulien Texas.

Lost and Found.
Lost, between 9:30 p. m. yesterday and noon today, a billous attack, with nausea and sick headache. This loss was occasioned by finding at R. E. Clements' drug store a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25c.

Sick Headache.

Mrs. W. G. Welch of Center City visited in this city yesterday.

The county clerk issued marriage licenses last Saturday to D. W. Webb and Miss Vena Hartman.
Dr. Em. Wilson has been elected clerk of the Woodmen lodge and Lee Yarborough advisor lieutenant.
The commissioners court this week purchased two wheeled scrapers and four large railroad plows to be used on the public roads in this county. The court has devoted considerable time to the road business the last few years and has spent considerable money for the betterment of the public highways and the result is that Mills county's roads are now in pretty good condition.

Don't Be Nervous

Ladies, but get rid of the disease which is the cause of most of woman's nervousness, viz., female trouble. "I was very nervous," writes Mrs. T. L. Jones, of Gallatin, Tenn., "and suffered six years with every disease peculiar to my sex. I had headache, backache, and acute female inflammation. I took three bottles of Cardui and it cured me. I gained 35 pounds in weight. I tell my husband that

MEETING GOES ON.

Sixth. Week of the Revival As Interesting As At Any Time Since the Beginning.

The revival is still in progress and penitents continue to appear at the altar and new converts are announced at almost every service. This meeting was commenced by Rev. Moore of Hillsboro, under the auspices of the Presbyterian church, August 23, and after he had continued a week it was turned over to the Methodist people and converted into a union meeting, with nearly all of the denominations in the town assisting. The sixth week since the beginning finds the Christian people still working for the salvation of the sinners and the benefit of the town. Rev. Goodpasture has done the preaching at the night services and ministers of the different churches who were in attendance have held the morning and afternoon services.

While it is believed that fully 100 conversions have been announced since the beginning of the meeting, only 78 have given their names for membership in the churches. Of these 49 go to the Methodists, 25 to the Baptist and 4 to the Presbyterians. It is possible that others will unite with the churches at the close of the meeting.

There will be no services today, on account of this being such a busy time in town, but the usual services will be held tonight. It is expected that the meeting will close tomorrow or tomorrow night.

SUNDAY SERVICES.

Sunday morning regular services will be held in the different churches and Sunday afternoon the new converts who have joined the church are to be baptized. Sunday night the services are to be held at the tent.

The public school will open Tuesday.

Miss Lois Humphries went to Lampasas last night for a visit to friends.

Prof. W. W. Hart arrived from San Saba Thursday to be ready for the opening of school.

Be wise enough, if you are farming, to prepare your cotton land as early as you possibly can so that you can put it in wheat this fall, if the rains come. There will likely be a large demand for winter pasturage, and early sown wheat can be used for pasture to an advantage. The demand for wheat is always large, and the price will not likely fall below \$1 a bushel for many years to come.—Brownwood Bulletin.

Start the boys and girls to school as soon as you can. A good education will do them far more good than a few dollars you may save for them by keeping them out of school. There is nothing that you can give them that they will appreciate as much in their manhood and womanhood as an education.—Killeen Herald.

A Tennessee preacher says in God's own time the devil will be crushed and so many people will have to be enlarged to accommodate them. In that day, Texas will be annexed, because it is the only portion of the earth that affords the space and the quality of celestialty which a realm of eternal bliss requires.—Houston Post.

It is understood that the canvass of returns on the constitutional election by the state board has established the defeat of all questions before the people in the recent voting. It was at first generally believed that the amendment providing for a home for widows of Confederate soldiers had been endorsed, but it later develops that it, too, was lost, the heaviest vote against it being from the smaller precincts of the country. The board has not yet made a report concerning its canvass.—Austin Special.

W. M. Ducey came over last Thursday from Ellis Creek in Mills county to look after business matters. He said that they had a splendid rain in his community on last Wednesday and that Ellis creek got up about knee deep in water. A rain like this one would look good to stockmen of San Saba county just about now, however we are still hoping that our time will come next. We never have gone back on this county and are still believing that some of these days a bountiful rain will visit us also.—San Saba News.

Giving the local option element the benefit of doubt as to the results in Denton and Dade counties, there are forty-one counties in the state of Missouri where no dramshops license can be issued. There are six other only the larger cities have saaloons, and all other territory is "dry." More than one-third of the counties of the state are now with out dramshops, and the crusade against license is moving along, almost noiselessly, but advancing at a pace which if maintained will soon leave very few "wet" spots in the state outside of the large cities. That the antilicense element has been exceedingly active is in evidence from the strides lately made. In but one county (Lewis) local option was defeated. On the other hand it recently carried Callaway, Morgan, Sullivan, DeKalb, Dade, Benton and Nodaway counties.—St. Louis Republic.

This is an age of trusts. Nearly every line of business and industry is organized for self protection and if they would stop here it would be legitimate and right, but unfortunately when they have safeguarded their own interests they proceed to hold up the other fellow.—Knox City Sun.

God made us to laugh as well as to cry. The laugh of a child will make the holiest day more sacred still. Strike with hand of fire, oh, weird musician, thy harp with Apollo's golden hair! Fill the vast cathedral aisles with symphonies sweet and dim, deft teacher of the organ keys! Blow buglar, blow until thy silver notes do touch and kiss the moonlit waves, charming the wandering lovers on the vineyard hills; but know your sweetest strains are discords compared with childhood's happy laugh—the laugh that fills the eye with light, and dimples every cheek with joy. Oh, rippling river of laughter, thou art the blessed boundary line between the beast and man, and every wayward wave of time doth drown some fretful fiend of care.—Ex.

How grateful we should be for the things in life that are not of our choosing! What a failure we should make of life if we could order everything ourselves! If the ideal conditions of life of which most of us dream could be realized, the result would be padded and luxurious existence, well-housed, well-dressed, with all the winds of heaven tempered to indolence and cowardice. Even those who have learned to rejoice in hard work could not safely be trusted to have all their work and its results just as they would like. The one thing that we are sure might so profitably be left out is likely to be the very thorn in the flesh that keeps us up to decency and manhood. All that God asks us to be responsible for is, not our conditions of living, but what we do with them.—Sunday School Times.

If we Texans are not the biggest chumps on God's footstool we'd like to know why. It is safe to say that 95 per cent of the manufactured articles in every day domestic use in Texas are made of the raw material grown in this state or of the same kind of raw material grown here, and yet we continue to pay freight both ways, to and from far Eastern points, instead of building factories and doing away with at least three-fourths of these freight charges.—Morgan News.

Many of the greatest men in the world's history—notably Franklin, Morse, Edison and numerous others—have risen from the ranks of the toilers—men whose chief asset was a strong character backed with the ability to do things, and today the workingman, the 'bulwark of the nation,' demonstrates what great things can be done in the world of commerce when acting as a unit. Much good can also be accomplished in a social way if we endeavor to follow the kindly teachings of the Golden Rule, that is, "Do unto others as you would have others do unto you." Do right!—Bonham Favorite.

If life had nothing more to offer than material facts this would be a cold dreary desolate world indeed. The prime incentive that impels us in our daily walk is the ever present hope of a more perfect condition to be achieved in the future. It matters not how obscure the time for a maturing of our plans it is the lodestone or guide by which we govern activities. A man without hope is a pitiable derelict on the sea of time, drifting toward an aimless destiny. To hope for success is to strive for success. Therefore let us cultivate a more hopeful disposition and our happiness will be the more complete.—Hamlin Bulletin.

To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to summon Holman George, and the unknown heirs and legal representatives of Holman George, deceased, and the legal representatives of such unknown heirs, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof on the 11th day of November, A. D. 1907, then and there to answer petition filed in said court on the 2nd day of September, 1907, in a suit numbered on the docket of said court No. 1001, wherein W. W. Woolsey is plaintiff and Holman George, and the legal representatives and the unknown heirs of Holman George, deceased, and the legal representatives of such unknown heirs are defendants, the said petition alleging that on or about the 28th day of August, A. D. 1907, the plaintiff was and is now lawfully seized and possessed of the tract of land hereinafter described, situated in Mills county, Texas, holding the same in fee simple; that on the day and year last aforesaid the defendants entered upon said premises and ejected plaintiff therefrom to his damage in the sum of \$1000.00; that the premises so entered upon and unlawfully withheld from the plaintiff by the defendants are described as follows, to-wit: 110 acres of land out of the Holman George survey on Bennetts creek in Mills county, meted and bounded as follows, to-wit: Beginning at the S. E. corner of said survey Thence N 19 W 580 vrs to the center of Bennetts creek. Thence up said creek and along with its meanderings to a point in said creek that a line running S 19 E will intersect the south line of said survey 740 vrs. S 71 W from its S E cor. Thence S 19 E 900 vrs. intersects south line of said survey. Thence N 71 E 740 vrs. the beginning.

Plaintiff further alleges he and those whose estate he has and under whom he claims have a good and perfect right and title to the said land and have had and held peaceably the land, and held adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the defendants cause of action accrued, and before the commencement of this suit.

Plaintiff further alleges that the exact nature and extent of the defendants claim to the above described land is unknown to him except that the same was patented to Holman George or the heirs of Holman George and that he is informed that the defendants by reason thereof claim, and are asserting some title thereto.

Plaintiff prays for judgment against the defendants and each of them, jointly and severally, to the title and possession of the above described land, and for a decree quieting his title thereto and that all clouds cast upon his title be removed and that he be established and confirmed in his title thereto and for costs of suit.

The said petition is endorsed "This action is brought as well to try title as for damages."

Herein fail not, but have before this court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Dear Sir: They're glad they found out Devoe.

Corpus Christi, Texas, is right on the gulf and one of the hardest climates for paint; hot sun, salt air and strong winds.

The Sidbury building, painted Devoe in 1899, is a shining example of perfect paint snow-white after 7 years, as if painted last week.

We should like every property-owner from Maine to Mexico to see that white, white, white.

The poor boys of our country are generally the ones who obtain the most of the riches of this world. For instance, Nelson Morris, a wealthy packer of Chicago, who died recently at his home in that city, began work on a salary of \$5 per month. He was born in the Black Forest, Germany, in 1840. After working the first year in America at \$5 per month his salary was raised to \$40 per month the second year, and soon he was one of the great wealthy packers of the country. The poor boy who has only a dollar today may be wealthy in a few years. The rich boy who heirs a fortune today may be a poor man soon, which is generally the case. — Sherman Post.

Even a comma may play the very deuce. Not many years ago a distinguished graduate of Oxford decided to enter the Non-conformist ministry and to wear no caserdotal garb. He announced this intention in a manifesto containing the words, "I shall wear no clothes, to distinguish me from my fellow Christians." That delightful comma made him the laughing stock of the university and the joy of the picture shops, whose windows were flooded with illustrations of the Rev. X. Y. Z. distinguishing himself from his fellow Christians. — London Chronicle.

To the Sheriff or any Constable of Mills County, Greeting:

You are hereby commanded to summon the unknown heirs and legal representatives, legatees and devisees of Mrs. Susan Spofford, deceased, L. A. Queen, deceased, J. O. Mauldin, deceased, and O. P. McDonald, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof, in Goldthwaite, on the 11th day of November, 1907, then and there to answer a petition filed in said court on the 13th day of September, 1907, in a suit, numbered on the docket of said court No. 1004 wherein Mrs. Louisa Curtis, a widow, T. N. Curtis and W. A. Curtis, are plaintiffs, and the unknown heirs and legal representatives, legatees and devisees of Mrs. Susan Spofford, deceased, L. A. Queen, deceased, J. O. Mauldin, deceased, and O. P. McDonald, deceased, and L. A. Queen, O. P. McDonald, W. A. Mauldin, John M. McDonald, J. J. Ford, J. B. Ford, Jacob Ford, Wort Ford, Mrs. Louisa Ford Webber, and husband, Joseph Webber, Mrs. Florence Ford Garner, and husband — Garner, whose Christian name is unknown to plaintiffs, Mrs. Laura Ford, and her husband, whose name is unknown to plaintiffs, and Mrs. Mattie Ford — and her husband, whose name is unknown to plaintiffs, are defendants, the said petition alleging that on-to-wit: The 1st day of August, 1907, plaintiffs were and now are lawfully seized and possessed of the tract of land hereinafter described, and being all of lot 19, and parts of lots Nos. 16, 17, 18, 23 and 24, of the sub-division of the Francisco Vegeral survey in Mills county, Texas, hereinafter more fully described by notes and bounds, holding the same in fee simple; that on the day and year last aforesaid, the defendants entered upon said premises, and ejected plaintiffs therefrom, and unlawfully withhold from plaintiffs the possession thereof to their damage in the sum of \$1000.00. And for further cause of action the plaintiffs aver, that they, and those whose estate they have, claiming to have good and perfect title to the said premises, hereinafter described now have, and have had, peaceably

the land claimed and open, notorious and adverse possession of the same, cultivating, using and enjoying the same, and by actual enclosure, for a period of more than ten years after defendants cause of action accrued, and before the commencement of this suit.

Plaintiffs further alleged, that the exact nature and character of defendants claim to said land is unknown to them, except that the defendant J. J. Plaintiffs pray for judgment for title and possession of said premises, except as to an undivided one fourteenth interest therein, owned by the last named defendants; for partition thereof, alleging that the same is incapable of a fair and equitable partition without sale and a partition of the proceeds, etc., for costs of suit and removal of cloud from title, etc.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Witness, E. G. Lame Back

This an ailment for which Chamberlain's Pain Balm has proven especially valuable. In almost every instance it affords prompt and permanent relief. Mr. Luke LaGrange of Orange, Mich., says of it: "After using a plaster and other remedies for three weeks for a lame back, I purchased a bottle of Chamberlain's Pain Balm, and two applications effected a cure." For sale by R. E. Clements, Druggist, Goldthwaite and Mullin Texas.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to do. — D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by R. E. Clements, Druggist, Goldthwaite and Mullin, Texas.

Editor Eagle:

The earth has for once in a long while been gladdened and beautified by a bountiful waterfall. Last Wednesday afternoon a very refreshing shower fell. Friday at noon we had a reasonable good rain, but Saturday the ground was almost hidden by the "laughing waters" of one whole afternoon. This was the first real reasonable rain that has fallen here for many a day. Some of our people were visiting in the forenoon and were compelled to remain there all day; others were enthusiastically designing visits for the afternoon, but were defeated in their objects. Regardless of all these things the gentle rain received an ever royal welcome.

I believe cotton picking is the order of the day. Cotton is not good here; the average yield per acre will be much less than ever before known in this country.

Third Sunday, Sept. 15, about 4:30 p. m., Mr. J. O. Swindle, sr., and Miss Dura Harris were united in marriage at the home of the bride's parents. Mr. Swindle is one of our best men, and Miss Dura is one of our most popular young ladies. The writer sincerely wishes them a pleasant and prosperous voyage through life. This couple, accompanied by Mr. and Mrs. J. M. Costley, left immediately for Uvalde on a prospecting trip.

Bro. West filled his regular appointment at the Gap Saturday and Sunday. Had four services. Each service was well attended. Our Sunday school is progressing very nicely.

Recently Edgar Mitchell and Miss Etta Price, both of this community, were married at Pottsville. They have gone on a wedding tour to Oklahoma, where Mr. Mitchell has a number of relatives.

Elmer Mitchell of the Gap and Walton Reiger of Comanche have gone on a prospecting trip to New Mexico.

Clarence Spivey of Garden City arrived here a few days past to spend the fall season with R. H. Ferguson and family.

STAR ROLLER MILLS

Since beginning this I feel that J. O. Swindle and wife and J. M. Costley and wife have returned from southeastern Texas. These two men purchased 160 acres of land each; lived the country fine, but I'm sorry in-

deed to state that Mr. Costley and family have decided to leave us soon to make their future home in that country.

Mrs. M. H. Germany and her daughter, Miss Emma, are visiting relatives at Blanket.

Mrs. Tinnell and daughter, Miss Winnie, of Mississippi, who have been visiting relatives here for several weeks, have returned home.

Mrs. Price and nephew Sterlin have been on a prospecting trip to Texico, N. M., returned very well satisfied with this country.

Rute Clements and family have moved to the Gap.

Mr. and Mrs. Houston Harris now occupy their former home.

Henry Reinhart has sold his farm near the Gap. Consideration \$16,000.

With best wishes to all, I'm as ever, NAID O' WASHBOARD.

ONE CLOTHIER advertises, "Immediate Service Clothing—the equal of that of the best tailors," but never a tailor lived who advertised, "Clothes made expressly for you—equal to the best ready-to-wear-kind."
There is no argument here. The situation is too transparent. Ready-made dealers are vainly trying to reach the plane of custom tailored work by the "just-as-good" route.

A False Alarm.

Last Sunday night, during church services, an alarm of fire was sounded and a large part of the congregation left the service, only to find that the alarm had been given by mistake and that there was no fire in fact. For a time it was thought that the false alarm was made for the purpose of interfering with the religious services, but a careful investigation proves that there was no such intention.

Some dogs were running a calf in the southern part of town and the owner of the calf fired two shots at them. Another man looking in the direction from whence the sound came saw a light in a tree at Mr. Anderson's residence and supposing it to be a fire and believing the firing of the gun to have been intended as an alarm, fired several shots from a revolver to attract the attention of the populace to the blaze. A number of people were attracted by the shooting and believing the alarm to be for the purpose of summoning assistance commenced to cry "fire." It is with genuine pleasure that the Eagle is able to say positively that those who have investigated the facts connected with the alarm are confident this report is absolutely correct.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. O. of the City of St. Louis.

Capt. Wallace Dead.

Capt. Matt S. Wallace died at the home of his son, W. J. Wallace, a few miles north of Mullin, Tuesday evening and his remains were laid to rest in the cemetery at Mullin Wednesday afternoon. All of the pall bearers were ex-Confederate soldiers, which was a very appropriate plan, for Capt. Wallace was one of the most gallant soldiers in the Southern army and was a loved and honored member of Jeff Davis camp of veterans. The funeral services were conducted by Revs. Bentley and Vann.

Capt. Wallace was a most estimable man and named as his friends all who were intimately acquainted with his splendid character. He made his home in this city for a number of years, where he was engaged in the furniture business. From here he moved to his ranch at Turkey Peak, where he lived for some time and then removed to Wheeler county, where he bought valuable property. A few months ago he commenced to suffer with what was believed to be gallstone and the physicians in the Fort Worth hospital prepared for an operation to remove the trouble, but when an incision was made it was discovered that cancer of the liver was the cause of his suffering and a cure was impossible. He came to the home of his son to be with his loved ones and friends till the end came. He leaves a wife, three sons and one daughter, and they have the assurance of the deep sympathy of hundreds of friends.

Central Texas Fair.

The following is taken from the Sioux Falls paper of Sept. 18, where Joe Joker, the horse that will race at the Central Texas fair, has just finished an engagement at the South Dakota State fair.

"Joe Joker, the driverless horse, is pronounced one of the strongest features at the State Fair of South Dakota. Joker's performances on the race track is one of captivating interest, the more you see it the more you want to see it. This attraction brought the people out day after day and created a sensation every time. Hundreds of people who saw his performance last Thursday implored the management to secure the attraction for next year."

Joe Joker will be one of a dozen attractions engaged for the Great Central Texas Fair of Brownwood, Texas, each of which will surpass anything ever shown at a Texas fair.

A full list of these attractions will be given later.

Health in the Canal Zone.

The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however, by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by R. F. Clements, druggist, 50c.
