of here, a serious wreck on the Frisco was narrowly averted. A number of boys who claimed to have committed the act of obstructing the road, stated that their deed was only in fun. The very cold weather had so contracted the iron rails, thereby causing considerable openings at the joints. Some 20 or 30 spikes were driven between the rails and a brake beam and cross tie placed upon the track. The obstruction was seen before the engine

reached the spot, but too late to stop before some of the spikes had been passed over. The conductor alighted to find that the train was on top of a high trestle. The officers went early Sunday morning to the spot and took into custody three boys ranging from 15 years of age down, and left three others who were too young to take away. The three brought to Comanche were placed in jail and their bonds were executed Monday.—Chief,

HAMILTON

Next Thursday night at 12 o'clock, the curfew rings on the saloon business in Hamilton. But there is plenty of room for everybody in other lines of business.

Thomas Haley, the white man who was hit on the head with a rock by a negro out at the railroad camp some time ago, went to Gainesville, and after wandering around in a demented state of mind from the effects of the blow, died, and the authorities there were much mystified as to his identity. No papers being found on his person that indicated who he was. A Mrs. Dick Purcell of Fort Worth went up there and claimed the remains as those of her husband. Nothing is known of him here except that he was working on the Comanche extension of the Colton Belt.—Herald.

Poll Tax Payment.

Tuesday was the last day on which citizens could pay poll tax and secure a receipt that would entitle them to vote and a considerable number of belated payers reached the collector's office on that day. The total number of receipts issued reached 1553, and there were 39 exemption certificates issued to young men who became 21 years of age after Jan. 1, 1910. On the same date last year there were 1607 receipts issued and a very few exemption certificates, although we have no record at hand of the latter.

Herewith we give the number of receipts issued for each precinct, together with the exemption certificates, for this year only:

	1910	1911	Ex.
Goldthwaite.....	410	383	12
Nabors Creek.....	20	20	0
Antelope Gap.....	52	51	2
Center City.....	128	119	5
Payne.....	45	47	2
Star.....	61	76	1
Caradan.....	105	107	1
Mullin.....	320	294	6
Fisher.....	67	68	0
Priddy.....	138	141	4
Big Valley.....	64	59	2
Rock Springs.....	41	41	2
Ratler.....	29	27	1
Repency.....	56	55	0
Buffalo.....	68	65	1

These figures, together with the number of citizens who are above the age requiring a poll tax payment and those exempted in other ways, will give to the county a voting strength of more than 2000, and the Eagle believes that there were a mighty few citizens who failed to secure their poll tax receipts.

Laymen's Conference.

The Laymen's conference for the West Texas district of the Methodist church is to be held here beginning next Tuesday night and ending Friday night. The program provides for some interesting discussions by some of the leading laymen of the church and the good results of this conference are sure to extend to all departments of church work.

On Thursday night the Baraca class of the Methodist Sunday school, with the assistance of the Philathea class, will hold a reception in the court house from 8 to 11:30 o'clock for the visiting delegates and the laymen of Goldthwaite Methodist church. It is especially desired that every male member of the church be present at this reception. They are not only invited, but they are requested and urged to be there and take such part in the meeting as they see proper. Be sure that this will not be a society function, but a meeting of Christian people to discuss and plan the work of the church.

GOOD MEETING.

Notes of the Fifth Sunday Worker's Meeting at Center.

On Friday, 27th of January, 1911, at 7:30 p. m. the Worker's Meeting opened with prayer by J. C. Donowho. The first subject was "Evidences of divine call to the ministry," led by G. H. Johnson and followed by J. C. Donowho. Brother Johnson, though sick and weak in body, feelingly spoke on the subject and made every one present understand what it meant to be called of God—ambassadors of Christ—and plainly showed by his bright and happy face that he had been touched by the "Divine Fire," and, though awestruck at the greatness of the work, was eager to go and tell the "old sweet story." This Brother could not attend any of the other services on account of serious illness. Earnest prayers went up for his healing.

The Saturday morning service made us all feel that we each had a work to do for our Father.

The 2:00 p. m. service was postponed for next Sunday night's prayer meeting. The subject is, "The unmistakable evidences of conversion," led by T. S. Cox and Holt Buchanan.

The rest of the program was carried out. The Sunday services were shortened and the workers divided, some giving practical demonstrations of the subject, "How can I bear my brother's burden?" The Sunday night's meeting was led by J. C. Donowho and Brother Buchanan.

The Holy Spirit seemed present during the entire meeting, and when at the close the sweet notes of "God be with you till we meet again" played softly by Miss Buchanan came to us there was a good old fashioned Christian hand shake, and as the benediction fell from the lips of Brother Donowho we felt that it had been good for us all "to worship toward God's holy hill." R. M. THOMPSON, Editor

It has been announced that the Portuguese government has decided to pay a monthly pension of \$3,300 to Manuel II, the de-throned king of Portugal.

The commercial club can do more for a town than any other organization and it should receive encouragement from every one interested in the town's development.

The bank safe at Overton was dynamited Monday morning and the robbers secured \$4200 in cash and made their escape. It is believed that five or six men were engaged in the robbery.

If you can't boost for the town in which you live you are not fulfilling your whole mission as a citizen and it is a pretty good sign that a move would be beneficial to all concerned.

Let the officers know that you advocate the enforcement of the law and that you are ready to assist them with your sympathy and in every other honorable way and they will have more courage to make the pathway of evil doers hard to travel.

Young man, save that dollar. You'll need it some day. The habit of saving money is not easily formed, but when once adopted it is easily practiced. Twenty years from now you will be just what you are today if you continue to throw away your earnings in riotous living.—Lockhart Register.

A dollar spent at home reaps its benefits with unceasing general profit. Sent out of town its life is ended. Kept with the home merchant it is a messenger of continuous benefit. Business men should awake to the importance of keeping this dollar at home and make a bid for it by judicious advertising.—Yoakum Times.

E. H. R. Green, member of Governor Colquitt's staff and until lately a citizen of Texas, has gone to New York to take charge of his mother's estate, which is valued at one hundred million dollars, or thereabouts. Mrs. Green is the most successful business woman in the world and at the age of 75 is still active in looking after her affairs.

What would this world be without hope? It is the expectation of a prosperous and happy tomorrow that keeps the machinery running. No matter what the trials of the day may be, if hope is not dead, sweet dreams of better days nestle in the sleeping soul, and the bright gleams of resplendent hope gild all the future with golden glory. When God put hope in the human heart he placed there a reserve force to resist the knocks and the jars of daily toil and daily tribulations. Were it not for this hope of dearer days to come many weary, aching hearts would sooner cease their beating. The song of hope is sweeter than the siren's song, and dearer than the love of toddling babe is the promise for the waking morrow, held out by hope. Let's not take from anyone a single gleam of hope. We need it all, and then sometimes the days are dreary and the nights are long till dawn breaks rosy with the kiss of rising sun.—Cleburne Enterprise.

Boosts for Texas.

The output of the factories in the South brings \$2,690,000,000 annually, but of this amount Texas factories yield only a small per cent. With every facility for manufacturing and cheap fuel in abundance and an administration that is favorable to the development of the state's resources, the building of factories in Texas is expected to be a prominent feature of the state's development during the coming years.

In the cotton ginning report of the Bureau of Census, Texas is shown as having ginned 2,975,330 bales, or more than twice as much as any other cotton producing state, with the exception of Georgia. Texas has long been considered the home of the fleecy staple, and each year cotton production in this state leads all other states in the South by thousands of bales.

The agricultural interests of the state are the basis of all material prosperity and the occupation of farming is taking higher rank every day. Scientific farming requires brain as well as brawn and the schools and colleges which turn out a good farmer have done as much or more for the country than those whose training is devoted to other professions or occupations.

Rich deposits of Sulphur have been found in El Paso county and other valuable minerals are known to exist in large quantities in this section of the state. State Senator Hudspeth from this district has declared his intention of introducing a bill in the Legislature providing for the development of the vast mineral wealth of Texas and should this bill become a law, those parts of the state which are practically useless for agricultural and grazing purposes will likely become the largest wealth producing districts of Texas.

Down in Presidio county valuable deposits of nitrate of soda have recently been discovered and large quantities of this mineral are known to exist on the public school land, but so far the extent of the deposits have never been ascertained. There is wealth under our soil and the minerals when developed will compare favorably with agricultural products.

So strong has the sentiment grown in favor of instruction in agriculture in the public schools of the state during the last few years that a large per cent of our public schools are now conducting agricultural classes in connection with the regular work and great benefits are accruing from this class of instruction. The new state of Oklahoma adopted a provision in its constitution requiring that the elements of horticulture, stock feeding, etc., be taught in the common schools, and while the framers of our constitution did not make this provision, the directors in the various schools throughout the state and especially in the rural districts are providing for this kind of practical instruction.

A kaolin factory has recently been established in Southwest Texas and thousands of tons of this material are being converted into chinaware, porcelain, etc. It is claimed that there is more of this clay in Texas than there is in Scotland, and manufacturers are beginning to wake up to the fact that the manufacture of this article in Texas where it is to be found in vast quantities, is a paying investment.—Commercial Secretaries.

County Depository.

Notice is hereby given that, in accordance with the law passed by the 29th Legislature, providing for and regulating "County Depositories," the Commissioners of Mills county, Texas, will, at the next regular term of the commissioners court to be held and holden in the town of Goldthwaite, at the court house thereof, on the second Monday in February, 1911, the same being the 13th day of said month, receive proposals from any banking corporation, association or individual banker in said county who may desire to be selected as the depository of the funds of said county. All bids shall be delivered to the county judge of Mills county on or before the 13th day of February, 1911, term of the commissioners court. Said bids shall be sealed and shall state the rate of interest that said bidder offers to pay on the funds of said county for the term between the date of such bid and the February term, 1913, of the said commissioners court, and said bids shall also be sealed and shall be accompanied by a certified check for not less than one half of 1 per cent of the county revenue for 1910, and shall otherwise comply with the laws regulating county depositories. The commissioners court will publicly open all bids at 10 o'clock a. m. on the first day of the regular term of said court in February, 1911, and reserves the right to reject any and all bids.

Goldthwaite Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right at home raise their voice in praise there is no room left for doubt. Read the public statement of Goldthwaite citizen:

L. B. Walters, southwest corner of square, Goldthwaite, Texas, says: "For several years I have taken Doan's Kidney Pills off and on, always finding them entirely satisfactory. I was told of the curative qualities of this preparation by a physician, but I never had need of a kidney remedy until I came to Goldthwaite. The drinking water in this place affected my kidneys and caused distressing passages of the kidney secretions. Remembering what the doctor had said about Doan's Kidney Pills, I procured a box at Clements' Drug Store and began taking them. They brought the desired relief in a short time. I firmly believe if every one having trouble from disordered kidneys would try Doan's Kidney Pills, great benefit would be obtained."

For sale by all dealers. Price 50cts Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Life Saved At Death's Door.

My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 187 pounds and have been well and strong for years." Sheriff's Sale.

The State of Texas—County of Mills.

By virtue of a certain order of sale issued out of the honorable district court of Galveston county, on the 8th day of October, 1908, by the clerk of said court, against John J. Cox and in favor of the Texas Bank and Trust company (a corporation) for the sum of eleven thousand, three hundred and ninety three dollars and 54 cents, (\$11,393.54), less a credit of \$1409 00 of date July 5, 1910, and costs of suit, in cause No. 28870 in said court, styled Texas Bank and Trust company (a corporation) versus John J. AN INTERESTING MEETING.

The Workers Conference Held at Mullin.

According to a previous arranged program this Conference convened Friday night in the Methodist church at Mullin and Brother Osborn of Center City charge, by a most excellent sermon, kindled the fires that continued to burn more and more to the close. Brother Osborn is an earnest, thoughtful, forceful speaker whom the Mullin people will gladly welcome to our midst any time he wishes to come. He was the Alpha and Omega of the Conference, having preached the first and the last sermons. Both were edifying and appreciated.

Saturday morning at 9:30 Brother R. D. Moon took the chair and announced we were ready for business and with some forceful remarks as to the purpose and aim of the Conference, he called the first topic. "The qualifications of a twentieth century Sunday school teacher," was ably discussed by several speakers and it would have been well for all the Sunday school teachers to have heard these discussions. One after another the different topics were called and discussed, we believe, with profit to all present. As the convention progressed the fires seemed to kindle until the interest rose to a height of real spiritual communion and power that was noticeable and realized by all.

At eleven o'clock Saturday Rev. J. T. Weems preached and held his audience spell-bound with the truths of the gospel that lifted his audience above the little doubting ways of doing what the Master commanded and urged them to go out for larger things and trusting our Heavenly Father for results.

Saturday night Brother F. M. Jackson preached to a large audience. Subject, "Repentance." And he preached again at 11 o'clock Sunday. Subject, "Life of sacrifice." These two sermons will play upon the minds of those who heard them through the years to come and we feel sure in saying the fruit will be abundant and that Brother Jackson will hear from them in eternity.

Throughout the convention and preaching services those who said good things were urged on to say more and better things by the hearty amens of Bros. J. W. Kelley, R. D. Moon and G. W. Templin, the old pioneers who have long stood in the fore-front of the battle and urged the hosts on to higher attainments in the divine life. This was Brother Kelley's first visit among us, and the good things he said throughout the convention endeared him to the hearts of our people as a man of God. We were sorry our beloved Templin's voice forbade him taking any part except his presence, amens, hand-shakes and tears, all of which were appreciated.

Brother John Nesbit, a layman from Pleasant Grove, and Brother T. Robinson from North Brown were here with their shoulders to the wheel and with their talks proved to the minds of all that our laymen are no small part of a meeting of this kind. Brother Jo Rodgers of the Mullin Baptist church, a layman also, took a part in the discussion in a way that proved to all he felt free. His talks were good and appreciated.

We had a great Sunday school

Sunday morning and at the close of the 11 o'clock services everything indicated a great spiritual uplift, nearly every Christian in the house gave their hands to the preacher, promising a better, more consecrated, thoughtful, useful life. The tide rose so high that at times it seemed that some wave of the Holy Ghost power would stop the singing and just drift us into an old fashioned shouting time. All denominations represented there seemed to rise with the tide and were not slow to express their faith in Him who said, "I'll never forsake not leave you."

At 3 p. m. Sunday another large crowd had assembled to take part in and enjoy the young people's rally. The writer with a jumped up program led the services, which were interesting throughout. The topic discussed was "life building" and many interesting, impressive, and we believe fruit bearing things were said by Drs. Brown and Pipkin, Revs. R. D. Moon and Osborn, J. T. Allen, F. P. Epley and J. A. Rodgers. The singing was uplifting and we believe from the many expressions after the close of the meeting our young people enjoyed every minute of the program and would have their president most earnestly thank the speakers for their good sayings as well as to express our appreciation to all who came from Goldthwaite and other points to be with us in this rally. We hail with delight all who come among us either as visitors or to make their home whose purpose and aim is to do good. Let's make good our calling in religious matters with the same or greater degrees of enthusiasm that we do other vocations. H. C. COBB,

Temperance Lectures.

Mrs. Curtis, president of the Texas division of the W. O. T. U., lectured in the Methodist church Wednesday night and in the court house Thursday night and on both occasions she was heard by large audiences. Mrs. Curtis is a speaker of fine ability and her arguments are convincing and unanswerable and she is confident of the success of the prohibition forces in July, when the constitutional amendment to rid the state of the liquor traffic and the open saloon will be submitted to the voters. She warned the advocates of prohibition that the liquor interests and whiskey advocates of the nation were arrayed against them and that a hard fight was to be made. Her lectures are by no means "dry" although advocating that principle.

She formed the organization of a W. O. T. U. at this place Thursday afternoon with a membership of 18 and the following officers: Mrs. J. W. Smith, president; Miss Lillie Grundy, recording secretary; Mrs. S. A. Lowrie, corresponding secretary; Mrs. F. M. Jackson, treasurer, and perhaps some other officers whose names were not furnished the Eagle.

Mrs. Curtis left yesterday morning for Lampasas.

Card of Thanks.

Mr. R. D. Brown and children request the Eagle to express their great and everlasting thanks to their faithful and true friends who were so kind to them during Mrs. Brown's sickness and after her death. There were kind friends ever ready to render all assistance in their power and the sympathy expressed for the bereaved ones was much appreciated.

Mullin.

Editor Eagle:

School dismissed a few days on account of a little scarlet fever scare. Some were in favor of school going on, others were opposed; the opposition prevailed and school closed for a few days.

Mrs. Jeffords and her mother, Mrs. Tommie, left Mullin Tuesday night for Houston, where they will reside in the future.

J. B. Applewhite and family are moving from Lampasas to Mullin. They will occupy one of Mr. Randolph's houses which Jno. Heester recently vacated to move into his own home.

Dr. Pipkin and family will occupy the house near the parsonage. The owner is making some addition to it and the Doctor has already moved.

Come on, ye correspondents, things are beginning to look lively, and don't you see how Uncle Bob appreciates it? He says so and I believe it. Some new ones last week and others will follow. Uncle John, we are waiting on you to say something. What about school teachers? Isn't there anything happening where you hold forth? Make up something and tell about your school, or the trustees, or something that should have happened before your time. Say "scat" or "schoo-fly" or something else to let us know you are alive.

F. P. Epley is fencing the Ferris ranch south of Mullin, there being something over a section of the land. Mrs. Bass of Brownwood is having the work done.

We understand arrangements are being made to reorganize the Methodist church at Duren. Quite a number of the members transferred to Mullin and that appointment has been discontinued for nearly a year, or perhaps longer. They have a nice new school house at Duren and the Methodist people feel like they ought to reorganize and have regular preaching there in the future.

W. K. Marshall, Miss Kate Fairman, Wilber Fairman, Miss Pipkin, Mr. Geeslin and Miss Mamie Sherman were among the number who came to the young people's rally last Sunday eve. Come again. There is nothing like "marshalling" the forces on rally days.

Uncle Henry is planning a picnic for next Friday with the Baraca and Phalatheas classes, accepting an invitation from Mr. Leineweber to make his farm our picnic grounds. We will have 1110 1/2 acres of land and the Bayou at our disposal. So if the weather permits we expect a great day. Zed.

A Soldier Tortured.

COMMERCIAL CLUB.

Committees Appointed and Work Planned—Banquet Arranged.

The Commercial club met in the court house Monday night with a good attendance and all appeared to be enthusiastic in the work. There was considerable discussion of a "trades day" and other subjects of importance and interest to the business men.

It was suggested that the president appoint a committee on "roasts" to roast the business men through the paper and otherwise for failure to attend the meetings of the club and do their part of the work.

President Miller was authorized to appoint the following committees:

Roads—B F Geeslin, L R Conroy and J C Street.

Street sprinkling—L E Miller, J H Burnett and T F Toland.

Advertising—R M Thompson, W E Grisham and G A Swaim.

Soliciting members—H G Bodkin, W B Jackson and O H Yarborough.

Roasting—E M Boon, J D H Wallace and R E Clements.

Railroads—Jas Rahl, J H Randolph and J W Butz.

BANQUET.

After the adjournment of the club the "reds" held a meeting to arrange for the banquet to be prepared for the night of Feb. 14 in the opera house.

A letter was read from the state association of commercial secretaries suggesting the name of a good speaker to deliver an address at the banquet and the secretary was instructed to correspond with him.

B F Geeslin, O H Yarborough and R M Thompson were appointed to take charge of the banquet arrangements and appoint other members to assist them if necessary.

Ladies' Societies Meeting.

In response to an invitation from the Baptist Ladies' Aid society, the Home Mission society, Presbyterian Ladies' Aid and King's Daughters all met at the Baptist church last Monday afternoon for a missionary rally and to discuss the object of and the relation to the church of each society.

Miss Lois Humphries and Mrs. S. A. Lowrie furnished instrumental music; and Mesdames Harris, Atkinson and Anderson gave us some special songs, which were greatly enjoyed.

Mrs. M. E. Thompson in a warm and cordial address welcomed the visiting societies which was responded to by Mrs. F. M. Jackson. Interesting and helpful papers were read by Mesdames W. H. Trent, L. A. Irwin, W. B. Jackson, J. H. Randolph and S. A. Lowrie on the work of church societies, after which the leader, Mrs. R. E. Clements, asked all to remain after dismissal as a surprise was awaiting us. The Lord's Prayer was then repeated in concert, after which Mrs. Henry Martin dismissed us. Then the social part of the afternoon's program came, which consisted of social conversation for some time and the serving of delicious and refreshing lemonade by the Baptist ladies, which was greatly enjoyed by all. Then we all dispersed wishing that the fifth Monday would come around oftener. EEC.

Mrs. R. J. Atkinson received a message yesterday afternoon informing her of the serious illness of her brother, A. O. Bratton, who was to be operated on at 5 o'clock for appendicitis. She left at once in an automobile to attend at his bed side.

World Old Mistakes.

The world does not grow wiser as it grows older. There are certain errors of calculation, based on a mistaken estimate of human nature, which repeat themselves with each generation, though they have been found out, exposed, labeled and widely announced 5,000 times. Such, for example, is the case of the sanguine young woman who marries a rake for the purpose of reforming him. Such is the case of the father who takes his indolent and shiftless son into business, expecting that responsibility will steady him. Such is the case of the church which elects a person to office in order to secure his active interest in the work of the church. Such is the case of the old people who make over their property to their children, hoping to enjoy the proofs of their gratitude through the declining years of their life. These things all work one way, perhaps an exception so rare to be quite undeserving of attention, and their method and result pretty generally known; and yet, such is the conceit of men that almost all who try the experiment believe that they by reason of superior sagacity will be able to do what thousands of others sorrowfully failed to accomplish. The law of the heavenly kingdom is, "make the tree good and the fruit is good," beginning the reform with the tree and not with the fruit; and the law cannot be safely transgressed.—San Angelo Standard.

Bank Officers Elected.

The stockholders of the Trent State Bank met in their banking house in this city Tuesday afternoon and elected a board of directors, composed of the members who served in that capacity heretofore, except Judge L. E. Patterson, who did not desire reelection, and Judge G. H. Dalton was elected to the vacancy. The board is now composed of E. B. Anderson, Eli Fairman, M. C. Humphries, G. H. Dalton, W. C. Dew, O. H. Yarborough and R. M. Thompson. The directors re-elected the officers of the bank for another year. They are: E. B. Anderson, president; R. M. Thompson, vice-president; W. C. Dew, cashier; O. H. Yarborough and Wilbur Fairman, assistant cashiers.

A birthday dinner and family reunion occurred Sunday in the family of Hon. John J. Cox, the latter being the honoree of the occasion. The members of the family present included in addition to the above, Capt. W. R. Cox of Goldthwaite, W. P. Cox of Temple, Chas. E. Cox and J. O. F. Cox of Greenville, Mrs. George Hill of Jackson, Mrs. H. E. Turner of Floyd, Mrs. W. E. Pardue of Goldthwaite, all brothers and sisters, the father being Capt. W. R. Cox. This is the first time that the family has been all together at one time in nearly thirty years and another singular fact is the absence of any death in the family ranks since that time.—Temple Special.

Appreciated Lectures.

Dr. J. D. Gober of Beaumont delivered a most interesting address at the Baptist fifth Sunday meeting at Big Valley last Sunday afternoon on the Laymen's missionary movement and the layman's duty to the church, and he spoke in the Baptist church in this city that night on the same subject. His lectures were heard by large congregations and the great amount of favorable comment that has been made upon them shows that they were much appreciated and that the topic was one in which many were interested. Dr. Gober is a devout man and a most enthusiastic worker, as well as a good speaker and his broad views on religious matters make his addresses appreciated by people of all denominations. The people of Mills county will welcome the announcement of a return visit from him.

A Call Meeting.

On Saturday, Feb. 4, at the court house in Goldthwaite, Texas, there will be a call meeting to consider and take some action on the Confederate Pension laws of Texas. The legislature is now in session and an amendment to our law in the interest of the old Confederate soldier is badly needed and action is being taken by the camps over the state and we should get together and do our part and duty.

Come out, comrades, and help us.
