Star Bank Officers.

The stockholders of the Star State bank met last Saturday in their banking house in Star and elected officers as follows: W. H. Eddleman, president; R. W. Barr, vice president; R. H. Patterson, cashier. These gentlemen, together with Dr. J. E. Brookings and T. E. Hamilton, constitute the board of directors.

Picnic and Barbecue.

There will be a barbecue and picnic at Hurst's ranch, about one mile east of Star, next Thursday, under the auspices of the Woodmen lodge. The picnic grounds are in Hamilton county, but the people of Mills and Hamilton counties will participate and candidates of both counties will speak. Other speakers have been invited and there is no doubt there will be plenty of speaking and other entertainment. Many people from this part of Mills county will attend the picnic, for we have all enjoyed the hospitality of the Star people on similar occasions in the past and know that a picnic there is always an occasion of pleasure.

Best Flour On Earth.

Demonstrators will be in our store Monday to show the excellency of White Crest Flour. Ladies are especially invited to call.

Gardner & Faulkner.

Demonstrators of White Crest flour will be in Gardner & Faulkner's store beginning Monday. Those who not already know of the excellency of this flour should call.

FROM BALBOA TO RODGERS

Two Dramatic Views of the Pacific Ocean, More Than 400 Years Apart.

When Balboa "gazed on the Pacific, silent upon a peak in Darien," he was the central figure of a wonderful moment. Something more than 400 years later another man gazed on the Pacific under quite as dramatic circumstances. This other man had come out of the air. He had left the other ocean 4,000 miles across the continent whose narrow extremity Balboa had crossed, and all the way he had traveled in the thin currents about the land and water.

Cal. P. Rodgers, of the unromantic name, has done that which "stout Cortez" and Balboa thought possible only to witches and night fears.

Our epics tell of heroes in small spaces—Achilles and Hector, Aeneas, Roland and Oliver and Arthur—even Ulysses, the wanderer, had a little earth and heaven. When our modernity shall be antiquity we, too, will have furnished epic incidents and persons moving on vaster planes.—Kansas City Times.

FOUGHT A DUEL WITH EGGS

Two Philadelphia Men Had Bloodless Combat but Used Up \$200 Worth of Eatables.

Determined to fight a duel, but equally determined not to risk life and limb, Walter Hawthorne of Twenty-third and Tasker streets and Michael Cuddy of South Beechwood street, went to the freight yards of the Pennsylvania railroad yesterday morning and opened on each other with cakes of oleomargarine, butter and eggs. The missiles flew thick and fast, and upward of \$200 worth of eatables had been spattered around when Railroad Detectives Williams and Campbell arrived on the scene.

The two duelists forgot each other for a moment, and opened fire on the two officers. They were finally arrested, however, and held under \$600 each bail for court, charged with breaking into a car and maliciously destroying the contents.—Philadelphia Record.

Judge S. H. Allen, City Marshal Caldwell, and Attorney Darroch, attended the Woodmen Log Rolling in Hamilton this week. Mr. Darroch responded to the address of welcome and Judge Allen made a speech at that place.

Mrs. W. R. Ross has returned to her home in North Fort Worth, after a visit to her parents, Mr. and Mrs. L. O. Hicks and other relatives in this city. She ordered the Eagle sent to her address in future.

Dr. Huddleston has received information that his brother, who is an engineer on a railroad in Arizona, was badly injured a few days ago.

Miss Jonnie Williams of Austin arrived in the city Thursday for a visit to Mrs. Frank Geeslin. She expects to return to her home today.

Miss Louise Orsborne of Hemp-Frank Geeslin for several days, expects to leave for her home today.

Miss Myrtle Madden went to Brownwood Wednesday to spend a few days. Call at Gardner & Faulkner's store and see the demonstration of White Crest flour.

## ALL IN READINESS.

Arrangements Complete for the Big Event Next Week.

The committees in charge of the various departments announce that everything is in readiness for the reunion and barbecue next week and there is every reason to believe that the attendance will be quite large.

The camping ground is clean, pleasant and nicely located, with plenty of shade and water, the arrangements for the care of stock will be found to be entirely satisfactory, the display of agricultural products will be made under a large canopy and the grounds are well prepared for the coming of the great crowds, that will be Goldthwaite's guests on next Tuesday, Wednesday and Thursday.

The first day will be Confederate day and the program for that time has been arranged by a committee from the camp. The general public will be as welcome on that day as on any other and all are invited to come and stay the entire three days.

The programs for the second and third days will be under the supervision of the Commercial club, but the pleasure and comfort of the old soldiers and the visitors will be the paramount idea throughout the time. Speakers on politics and other subjects have been invited and some have accepted. The Goldthwaite Concert band has been secured to furnish music the three days and a committee of ladies will arrange a program for the entertainment of the people at the tabernacle Wednesday night.

The Confederate reunion will continue throughout the three days and all of the old soldiers and their friends will be expected to remain the full time, but the camp very generously agreed to allow the Commercial club to have charge of the programs for the last two days, in order that political speaking might be secured for that time.

President L. E. Miller of the Commercial club has appointed P. H. Clements, A. J. Weathers and J. B. Brinson to look after the agricultural exhibits, and Oma Weatherby, John Grundy and John Burnett will look after the live stock exhibits. Committees to award premiums will be announced on the grounds.

### Court House Meeting.

The mass meeting called by Judge Allen to discuss the court house building and bonds was largely attended last Saturday afternoon. Judge Allen called the meeting to order and stated the object, after which several talks were made on the subject of a bond issue and the amount that would be required. The figures ran from \$40,000 to \$75,000, but they were all guesses, as the style of architecture or the size of the building had never been determined and figures had never been submitted by a contractor. After considerable discussion a motion was made by Mr. Darroch that the commissioners court be endorsed in contracting for a court house of the size suitable to the needs of Mills county, to cost not more than \$75,000. This motion was adopted by a very large majority of the voters present. It was not requiring that the full amount be expended for a new court house, but simply that the court use these figures as a maximum for the contract.

The insurance on the court house has never been collected, but it is believed the insurance companies will pay the policies in full.

### Meeting in Progress.

The tent meeting begun last Saturday night by Elder I. A. Dykes, just north of the Christian church building, is still in progress and fair sized audiences are attracted to each service. Elder Dykes is an earnest Christian and a logical reasoner, a good speaker and has the confidence of his hearers. Those who attend the meeting are benefitted by the sermons and much good will result from the series of services.

## Lampasas Camp.

Mr. Editor:

Sitting beneath the boughs of the live oak and elms listening to the songs of birds, the twitter of the locust or katydid, and last, but not least, the clatter of human voices, such as only 12 or 15 girls and women can make, the like of which I am surrounded; I will try to write something of our camp life.

The most perplexing question at present is getting grub enough cooked to satisfy the almost ungovernable appetites that were either brought from home or suddenly seized the crowd upon our arrival. The main boss and most principalist cook called a council of war or some kind of a big meeting and the discussion of the hereafters for the inner man was indulged in so extensively that the grocery man, Mr. Johnnie Allen, smiled all over his face as he dotted down the different articles that were being discussed for devourment. I am writing this after the fourth meal, the scraps of which were thrown out near an ant bed and two small ants were heard trying to decide which of the two should eat the small morsel and the mother ant overhearing the conversation, looked upon the small pittance of a crumb and she advised her children that they could notify those Goldthwaite and Mullin people if that was the extent of their charity they could keep their crumb. One of our crowd who overheard the conversation was moved to tears and went to the garbage box and got a watermelon rind and gently, lovingly, laid it beside the crumb to prove to a gainsaying world that our liberality towards charity far exceeded a mere bread crumb. How contentedly happy she looked as she waited to see the real pleasure and appreciation of the dear little anties.

Isn't it fearfully strange what queer things we mortals do? Mr. Johnnie Allen, the once red headed, big hearted boy of Goldthwaite, but now of Lampasas, in the grocery business is on horse back under whip, making inquiries as to our wants and delivering at the tent door everything the chief cook and bottle washer said bring. Just at this point and at the close of our repast, an automobile wheeled up in front of the tent containing W. C. Dew and Earl Fairman and the ant crumb not even being left, we had to start the camp fire and cook their supper. We are looking for others tomorrow. We already have 9 girls, 2 married ladies, 1 charming widow, 1 married man, 2 young men and a poor old widower. Such occasions always have their bitter and sweet; but this one has nearly all sweet.

Mrs. Sherman, Mr. Charley Burks and two sons, Roy and James, Mr. Marshall, came in on the morning train Sunday morning and they, with other visitors, during the day, gave the Mills County Camp prominence over all the rest.

For fear some one who reads this may wonder who compose this crowd I will call the roll and retire. Mrs. W. C. Dew, Mrs. Patton, Mrs. Bodkin, Uncle Henry, Misses Kate Fairman, Clyde Lowrie, Nina and Charline Burks, Claudie Patton, Mamie Sherman, Hortense Power, Ruth Kirkpatrick, Earl Fairman and Carroll Lowrie.

More anon. H. C. COBB.

### Democratic Call

The Democrats of the various voting precincts in Mills county are hereby called to meet at their respective voting places on July 27, which is 'primary day', at any hour that may be most convenient for them, and select delegates to a county convention to be held in Goldthwaite on Saturday, August 3, which will select delegates to the state convention and transact other party business. Each precinct convention is required to select a precinct chairman to serve for the next two years. The secretary of each precinct convention must keep correct minutes of the proceedings of the convention, which record shall be forwarded to me not later than August 3.

The members of the Democratic Executive committee of Mills county are hereby notified to meet in the city of Goldthwaite at 10 o'clock on the morning of August 3 to canvass returns from the Primary election, and transact such other business as may come before the committee.

The death of Col. R. M. Wynne occurred at the Confederate Home in Austin Monday afternoon and his remains were shipped to Fort Worth for burial. He was superintendent of the Home and was well known throughout Texas.

Wm. F. McComb of New York has been elected Democratic national executive chairman. He was the choice of the presidential candidate, Hon. Woodrow Wilson, and is a man of fine ability. He, like all of the Democratic leaders, is confident of the success of the party candidates in the November election.

The Mexican rebels are said to be dissatisfied with Pascal Orozco as their leader and will call on General Gomez to become 'provisional president. The condition of the affairs of the revolution would hardly justify Gomez in leaving his place of safety in San Antonio to become the leader of those who oppose President Madero.

After a two years trial the United States senate expelled William Lorimer of Illinois from that body last Saturday by a vote of 55 to 28, adopting a resolution declaring his election to have been secured by corrupt methods and practices. The Texas senators were divided, Senator Culberson voting to oust the man whose election had been secured by the corruption of members of his state legislature, and Senator Bailey voting to retain him as a member of the senate.

The attorney general of Kansas has a plan which he proposes to lay before the next session of the legislature in that state which will provide for the election of jurors for each district court and the jurors will travel with the district judge and attorney to the various county seats in the district and all cases will be tried by the same jurors. If the legislature thinks well of the plan a constitutional amendment will be submitted to the people providing for the change in the jury system.

It is thought and hoped by the law-abiding people of Italy, and in fact in the civilized world, that the conviction of the leading members of the 'Camorra' will put an end to the murderous work of that organization and be a warning to similar organizations. The Camorra was formed for the purpose of blackmail and murder and its members were scattered throughout the world, while having headquarters in Italy. After the murder of one of the clan by order of the body because of the suspicion that he had played them false detectives were put on the trail of the members of the organization and one of the murderers was captured in New York and returned to his native country and convicted.

One of the attorney general's assistants, Mr. C. E. Lane, promulgated an opinion last Saturday, which if respected by the Democratic executive committees of the various counties in this state would have resulted in the loss of the electoral vote of Texas to the Democracy. He advised that the names of candidates for presidential electors should not be placed on the primary ballots. To observe this ruling would be to debar the Democratic electors from the ballots for the general election, for no name can be placed on the general election ballots except the nominees of the party primary. It is not likely that many committees acted upon the advice of Mr. Lane, for Attorney General Lightfoot and his assistant, Mr. Mead, promptly gave out opinions that the names of electors should be placed on the ballots and citing law and sound logic to sustain them.

## NEIGHBORING NEWS.

#### HAMILTON

A party composed of Willie Woody, Albert Trent, and Misses Adeline and Jewel Little of Goldthwaite came in Tuesday for a visit with Mr. and Mrs. John Little and to take in the big W. O. W. picnic.

The cohorts of the Primitive Baptist church from four counties have been arriving in Hamilton since early Thursday morning to attend the Association which is being held at the city park. The park grounds present the appearance of a veritable city of Israel.

A tragedy was enacted in Hamilton Thursday morning at about 1 o'clock when in answer to a telephone call Deputy Sheriff John Hodge accompanied by H. L. Taylor, who had been deputized for service as marshal during the W. O. W. picnic, went to the northern part of town to arrest some parties for disturbing the peace. When the officers came upon the men according to the best information we are able to obtain they were partially concealed in a clump of bushes near the falls on Pecan Creek. Mr. Hodge commanded them to surrender and one man gave up quietly, while the other, Willis Warren by name, drew his knife. It is stated, and attacked Mr. Taylor, who resisted his attacks until driven to bay against a wire fence when he fired upon his assailant killing Warren instantly.

Mr. Taylor waived examining trial before Justice Baggett and was bound over to await the action of the grand jury, being allowed bail in the sum of \$500.00 which he readily gave.—Record.

#### BROWNWOOD

Stephen Teel and Miss Mabel Salyer, who live in the Delaware community, were married here on Thursday night.

The home of Mr. and Mrs. B. E. Huggins on First street was the scene of a beautiful but simple home wedding Friday night, when their youngest daughter, Annie Battle, was married to Robert A. Halbert.

The scalp bounty was placed on the jack rabbit about the first of March and it is learned that up to the present time 22,000 rabbit scalps have been received by the Commissioners and paid for. The cost to the county was about \$1,106.

A deal that has been pending for thirty or sixty days was closed last night whereby the Texas Light and Power Company of Dallas, New York and London, will take over the Brownwood Gas and Electric Company's plant as soon as the papers can be passed.

Earl Yates, a 14-year-old lad, had a very close call for his life in an automobile accident last night at the corner of Fisk and Fagg streets. Mr. and Mrs. C. E. Trent were taking an after supper ride in their Brush car and as they were rounding the corner at the Methodist church their machine collided with Yates' bicycle and the young man fell under the wheels and the car passed over him. Luckily for him the car was a very light one and his injuries were nothing more than a few bruises, but it gave Mr. and Mrs. Trent a severe fright.—Bulletin.

#### LOMETA

Miss Saphronia Chadwick, who has been living in the home of her brother, J. M. Chadwick, left the first of the week for San Jose, Cal., for a visit to another brother, W. H. Chadwick. Miss Ora Chadwick accompanied her on the trip.

It seems that some of the boys of Lometa use exceedingly poor judgment in some of the things they are guilty of doing. They have deliberately thrown rocks into the depot windows, train windows and church windows, and recently we were informed that one of the negro mail clerks narrowly escaped being brained by a rock thrown by this lawless element.

While Mr. and Mrs. J. R. Speer and family were driving Tuesday afternoon through a cane patch, Miss Ona happened to a very painful and serious accident. She pulled a stalk

### AN AMENDMENT

To The People of Texas, and Especially the Confederate Veterans, Their Sons and Daughters:

"Whereas, the John B. Hood Camp United Confederate Veterans of Austin, Tex., at a regular meeting thereof, appointed the undersigned committee to prepare an address to the voters of Texas, urging them to vote for the adoption of the proposed constitutional amendment, authorizing the levee of a tax of .05 cents on the \$100. worth of property in Texas for the purpose of creating a pension fund for old and helpless Confederate soldiers and their widows and for the better support of the Confederate homes, for the veterans and widows of veterans, at Austin.

"We desire to say that in our judgement no more patriotic and commendable proposition has ever been submitted to the vote of the people of the State.

"Every Confederate organization should enthusiastically urge its adoption as should every patriotic individual citizen of Texas take an active interest to secure its adoption.

"Our residence at the Capital and connection with the Confederate Home enables us to know as a fact that there is a great destitution and urgent need of aid among the old soldiers and widows in Texas, and relief should be immediate, otherwise it will be everlasting too late.

"The noble old men and women, who fought and sacrificed so much for the cause dear to every true Southern heart, now destitute, are only receiving a pension of \$3.50 per month, which is wholly inadequate for their absolute necessities, driving hundreds of them to seek the protection of the Confederate Home, where unfortunately there is now no room for them. This is a reproach to the manhood and patriotism of this great State.

"The home provided for the most helpless and destitute has now 425 inmates, 100 more than was ever admitted to the home before, and these are all who can be supported within the \$100,000 constitutional limit, and yet there are a great number of old soldiers, who have made their last fight for bread, and by reason of age, disease and poverty are begging for admission to the home, and are sorely in need of it. And while our hearts bleed for them, nothing can be done for want of sufficient funds. The present management of the home, by the aid and advice of our Governor, has taken into the home every applicant whose application has been approved, until the last three months when it has been compelled to stop for want of funds. This leaves a very distressing condition.

"If we can secure the adoption of this proposed amendment it will raise a fund sufficient to pay all the desti-

tute and helpless old heroes and the widows of such at least \$10 per month, which will comfortably take care of such as are not physically helpless, and such of them who cannot wait upon themselves, by reason of physical infirmities, can be taken in the home, because we are confident a great many inmates, now in the home, would go out and live among their relatives and friends if they could get a pension of \$10 per month and thus make room in the home for such as could not take care of themselves on \$10 per month.

"It cannot, in the nature of things be but a few years until these old patriots, who deserve so much of love and gratitude, will have all left us to rest with our glorious dead.

"We appeal, with confidence, to the generosity and patriotism of the people of Texas to vote for the adoption of the proposed amendment and thereby secure to the unfortunate survivors of the most heroic struggle in the history of the world, this relief they are sorely in need of. We earnestly request that every candidate in the State of Texas, from constable to governor, call the people's attention to the importance of this amendment, and use their influence to get them to vote for its adoption. We believe its importance only needs to be fully understood to insure its overwhelming adoption.

"All county papers please copy for the sake of these old Confederates. Respectfully,

R. M. WYNNE, Chairman.

### LAMPASAS

Mrs. Triplett of Goldthwaite is a guest of her daughter, Mrs. Henderson, of the Santa Fe roadmaster's office.

Married, Wednesday evening, July 10, at the home of Mr. and Mr. L. Philippe, Mr. Winton Glass of Waco, and Miss Mae Evans of Lampasas.

C. C. Mullady died Wednesday morning at the home of his nephew, John W. Landrum, after an illness of several weeks from dropsy. He had been a resident of Lampasas the greater part of the time for forty years.

Miss Mattie Coombs, about 16 years of age, died at what is known as the McIlhenny orchard Saturday. Some days ago while gathering fruit she fell, and received internal injuries and gradually declined until she died. The family had recently moved here from near Nix.

Judge J. C. Matthews and family are here from Houston, where they have made their home for about ten years. At present they are guests in the home of Ferd J. Matthews, but will move into their own residence as soon as the repairs are completed.

Alvin Williamson lost 1500' to 2000 bushels of oats by fire Tuesday afternoon. The thresher had just been so at the stacks and some thirty sacks of grain had been separated when it was discovered that the entire stack was on fire, a spark from the furnace which made the steam power to run the thresher having probably lodged in the straw.—Leader.

Since the day when Moses gave us the commandments written by a divine hand, legislation had been a powerful force in human affairs. Our legislators can build a magnificent civilization or become the pallbearers to prosperity according to their inclination or ability and our coming legislature faces an opportunity of making Texas a world power in commerce and industry by giving us constructive legislation. Texas has been nominated by nature as the industrial headquarters of the universe, and nothing but injudicious legislation will cause us to miss our destiny.—Commercial Secretaries.

#### Killing at Hamilton.

E. W. Warren of Payne was shot and killed at Hamilton Wednesday afternoon. Particulars of the tragedy are meagre, but the report is that the young man was shot and killed by officers while resisting arrest, or interfering with officers making an arrest of another person.

The young man was well known at Star and in the eastern part of the county, where he was reared and where he continued to reside until this week, when he started for some point in the west and had reached Hamilton on his way. The tragedy is greatly regretted by the people who knew the young man and much sympathy is felt for his bereaved relatives. He remains were interred in the cemetery at Hurst ranch Thursday afternoon, in the presence of a large number of his friends. He was about 21 years of age and unmarried.

#### Regency Store Burned.

The store of S. M. Jones & Son at Regency was burned Tuesday night and nothing was saved from the building, which was a wooden structure. The loss on the stock is estimated at \$4000, with \$2250 insurance, while the loss on the building was about \$600, with no insurance.

There seems to be no doubt in the minds of those interested that the fire was of incendiary origin, but no arrests have been made and there is no clew, as far as the Eagle knows. Mr. D. J. Jones, the junior member of the firm and manager of the business, was in Goldthwaite at the time of the fire and did not know of the loss until the following day.

Sheriff Priddy went to Regency and made an investigation, but has not been able to secure evidence indicating the party guilty of firing the building, if indeed it was fired by an incendiary.

Jones & Son are good merchants and good men and the Eagle and their other friends hope they will soon arrange to reopen their business.

## TEXAS PEACH CROP SELLS FOR \$7,000,000

OVER 4500 SOLID CAR LOADS SHIPPED FROM STATE

### TEXAS PEACH IS A WINNER

The Texas peach is the King of Fruits and the fruit of kings. It is invited into the parlors of the great and is welcomed in the hovel of the poor of both hemispheres. It has met its rival at home and abroad on most every table on the globe and by its natural beauty and delightful personality it has conquered all competitors and today its appearance in the market is an annual event of importance in every household in America and its disappearance is the consumer's regret. Public interest is so deeply centered in its arrival at the market that it travels in special trains running at full speed in order to relieve the anxiety of the waiting public and its welcome is so cordial that cold storage plants have been erected in order to prolong its stay in the community. Canneries and evaporating plants are run day and night during the peach season in order to preserve its eating qualities for the table of the nation during the entire year.

The family peach tree can be found in most every county in the State, but the commercial peach belt is confined largely to East Texas. The exact number of bearing peach trees in the State is not of record but competent authority estimates it at seven millions. During the peach season of 1910 we shipped to the market 4500 cars of peaches and supplied our local wants as well as run our canneries during the peach season.

The peach industry has been pouring into the channels of trade a golden stream of wealth. The farm value of the peach production in 1910 is estimated as high as \$7,000,000. The rapid growth of the industry during the past decade and the wide extension of the commercial peach belt has been one of the marvels of our development.

At first the Texas peach entered the market under an assumed name, masquerading as a California product, but it soon threw off its disguise and like all native Texans, outstripped its competitors and today it is master of the world's trade.

## TEXAS APPLES BRING SPLENDID DIVIDENDS

NO PRODUCT PAYS ANY BETTER TEXAS FIGURES SHOW.

### 5,000,000 TREES BEARING

The apple has always played an important part in the history of the human race. It was an apple rosy and red that attracted the attention of Eve and she gave to Adam, who according to Holy Writ, "did eat" and ever since that eventful day the apple has been a favorite diet of mankind. It was an apple falling to the ground that stirred the brain of Newton and he gave us the laws of gravitation. It was an apple tree upon which grafters first plied their vocation and so successful were their operations that the profession has since flourished so rapidly as to menace civilization. It was a Texas apple that was awarded the first premium at the World's Fair in St. Louis in 1904 and no State has ever been able to wrest from us this undisputed evidence of our superiority as an apple producing State.

It is the most obedient plant in the vegetable kingdom and yields implicitly to the genius of man; it will change color, size, flavor, maturity and durability at the touch of a master hand. It is undoubtedly the most universal, resourceful and profitable of commercial fruits.

The northern tier of counties has long been known as the banner section in apple production, but is now dividing honors with the Pecos country and the Panhandle.

Some idea of the increase in the apple industry in Texas may be gained when we consider that the number of trees in the State today is more than five millions, while in 1870 there were less than 300,000 trees. The following table, taken from the reports of the Department of Agriculture, shows the progress of the apple industry by decades:

|           |           |
|-----------|-----------|
| 1870..... | 290,000   |
| 1880..... | 550,000   |
| 1890..... | 662,000   |
| 1900..... | 1,485,000 |
| 1910..... | 5,000,000 |

Texas offers to the orchardist a soil and climate that will give vigor and productive power to the trees, color and flavor to the fruit and an established reputation to the product.

#### Confederate Meeting.

Jeff Davis camp, Confederate veterans met in the Masonic building Saturday afternoon, July 6.

The commander and adjutant being absent, L. G. Blackburn was elected commander pro tem. and F. M. Long was selected adjutant pro tem.

A committee from the Commercial club was present to discuss the forthcoming reunion with the camp and make final arrangements for the event.

The camp agreed to employ the Goldthwaite Concert band for the first day and night of the reunion, if the club would secure the band for the remainder of the time. The representatives of the club agreed to this arrangement.

Dr. Calaway, F. M. Long and G. H. Denison were appointed to arrange the program and secure speakers for Confederate day.

A reception committee composed of J. B. Brinson, P. G. Palmer and L. G. Blackburn was elected to look after the entertainment and comfort of the visiting old soldiers and their wives.

The lumber and canvas used in the stands at the grounds last year was ordered sold and the Commercial club committee was requested to assist in disposing of all or part of it.

President L. E. Miller, of the Commercial club, was present and stated to the camp that the first instalment of lease money due the camp was in the treasury and would be paid upon application of the camp officials.

J. H. Christie was here from Indian Gap Wednesday and dropped a dollar in the old Bird's' nest.

#### Afternoon Party.

Miss Louise Orshorne was the inspiration for a very pretty 'Bunco Party' given Friday afternoon by Mrs. Frank Geeslin at her attractive home.

The hostess received her guests in her usual gracious manner. They were served to punch in the dining room, after which all were ushered into the parlor where the game of bunco was enjoyed. First prize was won by Miss Maude Stoneham, this was an ivory fan. The consolation prize, a Japanese fan, fell to Mrs. Claude Encott. An ice course was served at the close of the games.

The out of town guests were: Misses Louise Orshorne of Hempstead, Vivian Lovett of Temple, Bernice and Maude Stoneham of Stoneham, Texas, Birdie Porter of Lampasas, Charlotte Mayfield of Ballinger

#### A GUEST.

#### Picnic Breakfast

A picnic breakfast with Miss Carrie Moore of Lampasas as the honoree was given on Saturday morning at Bulls Springs by Miss Lillie Marthin.

The guests showed remarkable ability in preparing and serving breakfast. After breakfast the party went in bathing and had as jolly a time as any crowd of surf bathers. They drove home about 10 o'clock. The out of town guests were: Misses Carrie Moore of Lampasas, Vivian Lovett of Temple, Louise Orshorne of Hempstead, Birdie Porter of Lampasas, Charlotte Mayfield of Ballinger.

Mr. J. N. Shults of Hoffman, Oklahoma, is expected to arrive in this city in a few days for a visit to his daughters, Mesdames Atkinson and Faulkner.

Indications are for great prosperity in Mills county this year.

Make arrangements to come to Goldthwaite on July 23 and remain three days.

Col. Roosevelt's campaign manager Senator Dixon of Montana, has sent out a call for a convention of those in sympathy with the national progressive movement, which convention is to be held in Chicago on Aug. 5.

Poisoned water at the home of a citizen of San Diego, Texas, caused the death of two persons and suffering to a dozen others who drank water at that place. Revenge is said to have been the cause of the crime and two persons were arrested, charged with having put the poison in the water.

An Associated Press communication from Washington, dated Monday, states that there is a movement under way to circulate petitions in all parts of the country requesting President Taft and Col. Roosevelt both to withdraw from the race for president and allow the two factions of the Republican party to name a candidate who can secure the united strength of the party.

One of the leading ministers in Dallas, in the course of his sermon a short time since, in discussing the arrangement of a new church building, said: 'Let churches put in moving picture shows free on Sunday afternoon and let them put on the finest education programs. I am going to have one in my church just as certain as there is one built. I'd stop this thing with a rival effort.'

A writer and thinker has wisely said that men who have blazed new paths have always been precedent breakers. It is ever the man who believes in his own ideas; who can think and act without a crowd to back him; who is not afraid to stand alone; who is bold, original, resourceful; who has the courage to go where others have never been, to do what others have never done, to accomplish things, that leaves his mark on his times.

A report says that what is declared to be one of the most wonderful caves in the world has been found in Southern Arizona. Unnamed, unexplored and almost unknown is the vast cavern. Only a few people have dared to enter to view its grandeur, its beauties and its wonders and to study the wondrous work of nature. This cave lies in the foothills of the Huachuca Mountains, about 40 miles northeast of Nogales. Exploring parties have entered and spent days inside, but none have ever discovered the end. They report passageways, rooms and chamber innumerable, some enormous in size, with transparent stalactite columns.

Keeping politicians in good humor with each other is an important function in government which should not be ignored. It is quite common for ambitious politicians to raise rows and lower themselves, but any one who is too proud to weep and too polite to swear when defeated should not be permitted to run for office. A whirlwind of public sentiment has frequently swept half-baked politicians into the arena in Texas, but the tyranny of fame has never so mastered passion as to excite rebellion and while the two great political parties are feeling the clash of colossal powers within their ranks, and national conventions are engaged in melting the iron will of favorite sons it is well to consider Texas as freed from the blights of unconquerable ambition. We all have our troubles but when the struggle for power is over we will unite in the work of upbuilding Texas—Dablin Progress.

## NEIGHBORING NEWS.

### Items Culled From the Leading Local Papers.

#### COMANCHE

At 3:15 o'clock Saturday morning June 29, 1912, Mrs. Alice E. Botts, wife of J. A. Botts, closed her eyes in peaceful sleep to rise on a more beautiful morn.

Both art and nature seemed to vie with each other on Wednesday evening of last week, in contributing to the beautiful wedding of Miss Grace Gage to Roy Pinson of Proctor.

Henry Sherbit, who resides south town in the Harmony neighborhood, lost his home and household effects by fire about 6:30 o'clock Wednesday evening Mr. Sherbit was at the cow pen milking, and his wife was at the home of a neighbor, and it is not known how the fire originated.

Little Doyle Woodward, the three year old son of Mr. and Mrs. Ligo Woodward, received a fall last Sunday evening which resulted in the breaking of an limb, about one-third way from the thigh to the knee. The little fellow was playing in the dining room shortly after supper, and it is not known how the accident occurred.—Chief.

#### BROWNWOOD

The City Council met in regular session last night and among other things considered the matter of creating the office of city electrician.

Friends of Mrs. Lon Tennant will be interested in learning that this estimable lady was married at Fort Worth Sunday to Mr. Andrew M. Rowley of Pittsburg, Pa. Mrs. Tennant was formerly Miss Louie Blair of this city.

Locke McCorkle and Miss Dorothy Earle were united in marriage at the home of Rev. L. J. Mims at 11:30 o'clock Saturday night. Dr. Mims officiating. The marriage grew out of courtship of about a years standing. Mr. McCorkle is manager of the Princess theatre in this city, and last fall Miss Earle played a several weeks' engagement there.

At a quarter to ten o'clock Tuesday morning a fire alarm was turned in for the home of J. W. McFarland on Vine street, and the house and contents were destroyed before the fire department could respond and extinguish the flames. Sparks from the McFarland home set fire to Jno. W. Malone's barn, in which there was stored a quantity of new oats. This was also destroyed. The third fire was at the home of Editor Will H. Mayes on Cottage street where sparks from the burning house on Vine street set fire to a mattress on the second floor gallery. Luckily the fire was discovered and extinguished before any damage was done.—Bulletin.

#### LAMPASAS

Mrs. W. H. Cameron is spending some days with a sick sister at Goldthwaite.

T. E. Rippy has exchanged his property near the Santa Fe depot known as the Commercial hotel for a piece of improved land near Lake Victor, Burnet county.

Miss Lella Brown, who has been a guest of Miss Margaret Stokes for several days, has returned to her home in Goldthwaite.

Paul Harris who has been visiting his sister, Mrs. Carleton Abney for some weeks has returned to his home at Big Springs, Howard county.

The corn crop will be fairly good at least much better than last year, and many express the opinion that there will be plenty to supply all local demand. There has been a large improvement in the prospects for some corn since the rain of June 17th and 18th.—Leader.

#### HAMILTON

A. A. Gooch received his new Case traction engine yesterday and it is a dandy.

Rev. J. T. Adams reports a most excellent time at the 5th Sunday meeting at Olin. He says it was one of the best ever held in that county.

The little boy, Arthur Sharp, nine years old, who got a painful stab in the eye with the point of a pitchfork about two weeks ago, is doing very nicely under Dr. Fowler's treatment, and it is now thought he will

not lose his eye-sight. He is the son of Mr. and Mrs. Troy Sharp, of Pottsville.

A petition has been filed with the city secretary signed by a large number of tax payers, asking that an election be ordered to determine whether or not bonds to the amount of \$8000 shall be issued for the purpose of extending the water mains and otherwise perfecting the system of water works. The council will order the election and the people will have an opportunity to vote on the question.

The Herald has by some oversight failed to express its deep regret and that of the entire citizenship of our town at the death of Mr. John E. Rahl, which occurred at Goldthwaite June 19, 1912. Mr. Rahl was 55 years, 1 month and 3 days old. His remains were taken to Meridian, his old home, for interment. He leaves a wife and daughter and two sons to mourn his loss. He was a man who loved his friends, was honest and outspoken in his convictions on all questions of interest to himself and his people. He will be sadly missed by those upon whom he bestowed the love and tender care of an affectionate husband and father, and by other relatives and friends who knew and appreciated his true worth.—Herald.

#### SAN SABA

Miss Ruth Weems has returned to her home at Goldthwaite, after a visit with Miss Iva Abbott.

Prof. J. O. Beck of Goldthwaite was here Saturday investigating some of the San Saba county schools.

Prof. A. N. Ashmore and Miss Mollie Perry were married at the home of the bride's parents, Mr. and Mrs. W. M. Perry, in the city Sunday afternoon at 3:30 o'clock.

Mrs. Jodie Coffey and children have returned home from a visit to

the former's parents, Mr. and Mrs. G. B. Stark, at Shiloh. Miss Flora accompanied her sister home for a few weeks stay.

Arthur Rector passed through here last Friday with three of Dick Sellman's fine Morgan stallions. Mr. Sellman had sold them to the government and Arthur was on his way to deliver them to some point in New Mexico.

The News notes with pleasure that Jas. H. Baker was recently elected mayor of Douglas, Arizona. A recent issue of the daily paper published in Douglas carried a three column half-tone picture of Mayor Baker and the fire boys. Mr. Baker was district attorney in the Brownwood district before going to Arizona.—News.

Our friends who have been kind enough to write communication for the Eagle heretofore and those who have not written community happenings in the past are requested to send in communications of local happenings as often as possible in the future. The Eagle wants to give all the local happenings of the county and those who write from the various communities help us materially.

## Pale Faces

Pale-faced, weak, and shaky women—who suffer every day with womanly weakness—need the help of a gentle tonic, with a building action on the womanly system. If you are weak—you need Cardui, the woman's tonic, because Cardui will act directly on the cause of your trouble. Cardui has a record of more than 50 years of success. It must be good.

Take **CARDUI**

The Woman's Tonic

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered, nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

**BIG FAIR AND REUNION.**

Preparations Being Made for the Biggest Event in Town's History.

The committees are all hard at work making preparation for the Mill County Fair and Confederate Reunion which begins here July 23 and continues three days.

This will without doubt be the greatest event in the history of the town, for the preparations will be complete for the comfort and entertainment of the great crowds that will be here and nothing will be lacking when the first day of the entertainment arrives. The Confederate veterans will gather on Tuesday, July 23, and that day will be devoted to the reunion of the old soldiers and their families and friends. The next will be one of political speaking and general entertainment, and on the third day barbecue will be the main feature, while there will be plenty of amusements of every kind to entertain the great crowd that will be here for a successful season of entertainments and the people of every section will be here at that time.

Liberal premiums have been provided for the exhibits and committees will have the preparations made for the protection and display of exhibits of all kinds. Those who have good stock and other products of the farm and ranch can be sure of every attention and a satisfactory distribution of premiums.

**Commercial Club.**

There was a well attended meeting of the club Monday night in the Masonic building. A committee from Jeff Davis camp of Confederate veterans met with the club.

The committee to secure speakers for the fair and reunion reported having sent out a number of invitations.

The committee to secure premiums for exhibits for the fair reported having secured a list of premiums from the businessmen, but the work of soliciting had not been completed.

E. M. Boon and A. E. Evans were appointed to collect the subscription for the barbecue.

The report was made that the Confederate camp had granted the right for political speaking on the grounds after the first day of the reunion.

The matter of paying the expenses of speakers was discussed and while no definite action was taken, it was suggested that speakers could be secured who would pay their own expenses. Now that the camp has agreed for political speaking on the second day, it is believed plenty of speakers can be secured without expense.

The arrangements committee was instructed to employ the Goldthwaite Concert Band for the three days, the Camp agreeing to pay one-third of the expense.

We are having some more dry weather.

They finished threshing in our community last week. Oats and barley turned out very well—from 30 to 52 bushels to the acre.

Nearly every one are busy plowing their cotton.

Miss Jaira Laughlin and Mrs. Lina Bradley spent Saturday and Sunday with Mr. and Mrs. Bradley, near Lometa.

Mrs. Whittenburg spent the day Monday with Mrs. Myers.

J. W. Morgan and wife attended church at the Whittenburg home Thursday.

Mrs. Myrtle Crouch and two sons returned to their home at Zephyr Friday night, after spending several weeks with her sister, Mrs. Chas. Thompson.

Messrs. Dee Macklin and Nelson Denton came in Saturday night from San Angelo, to visit for several days.

The ice cream supper at Mr. and Mrs. Bill Tweedie's Saturday night was enjoyed by all. They had ice cream, lemonade and cake as refreshments.

Miss Nettie Tweedie is home for a few days.

Mrs. Black spent Wednesday and Thursday with her father and mother near Lometa.

The young folks met at A. B. Ford's Sunday eve and played croquet and sang. Mr. Albert Herford and two sisters, also Mr. Eck Madison from Long Cove were the visitors. We hope to see them come again soon.

Web Laughlin and wife were up visiting home folk Saturday and Sunday.

Alvin Street has been at the Gap several days weighing oats. They have loaded four cars for J. C. Street and they are loading about three cars for Mr. Stalling at Lometa.

D. Macklin, Ed Ringer, T. J. Laughlin and family, Elza Laughlin and family, Web Laughlin and wife, Jim Armstrong and son and Mr. Black are spending several days on the river fishing.

The fourth of July picnic and fish fry was pulled off on the river near R. M. Haynes. The preparation was arranged by such men as R. M. Haynes, S. N. Kelly, John Tippen, Jr., N. C. Egger, and H. C. White, in whose hands there is no failure. J. A. Williams had charge of the ice cream and milk shake department. In the afternoon the boys engaged in ball playing and the older ones in social conversations. There were no candidates present to disturb our pleasure and everything passed off in peace and harmony, and in the evening all returned home thanking the Great Creator for the pleasure of seeing another Glorious Fourth.

A little child of R. S. Bell has been quite sick for some time with diphtheria, but is much improved at this writing.

## OFFICIAL PROCLAMATION.

Special Instructions to the Democratic Primary Election Officers

The term, Democratic election, as it is generally used, means an election to be participated in only by Democrats, for the purpose of selecting Democratic candidates to be voted for in the general election. Section 102.

Republicans or Socialists have no more right to participate in a Democratic primary than a Democrat has to participate in a Republican or a Socialist primary.

The laws of Texas require that all Democratic primary ballots shall have printed thereon the following pledge. 'I am a Democrat and pledge myself to support the nominees of this primary,' and that any ballot which shall not contain such test above, the names of the candidates thereon shall not be counted. See Section 114a Terrell Election Law.

If any voter who votes in a Democratic primary shall tear off, cancel, or deface the test his ballot must not be counted, but shall be placed in ballot box No. 4 as mutilated ballots. Voters who vote in this election must either use a black pencil or black ink to cancel the names of candidates for whom they do not want to vote. (Section 42.) Other wise their ballots shall not be counted, only as mutilated ballots. Section 69 and 75.

All Election Officers who serve in this primary must be Democrats and qualified to vote in the precinct in which they offer to serve.

The Mills County Democratic Executive Committee unanimously adopted at their regular meeting on the 27th day of June, 1912, a resolution, requiring that each voter when he applies for a ticket, shall be asked: 'Do you agree to support the nominees of this primary? Any voter who does not promise to support the nominees of this primary shall be refused a ballot. This resolution must be rigidly enforced.

For authority for this test see the last clause of Section 103, and Section 114a.

The Attorney General's department has recently ruled that the names of candidates for Presidential Electors must be printed on the Democratic primary ballots. Section 52. That being the case, every person who votes in this primary will be pledged to vote for the Democratic Presidential Electors in the general election in November the same as they will be for any of the other nominees on the Democratic ticket.

No person shall be allowed to vote in this primary who has not resided the last twelve months in the state of Texas and the last six months in Mills county.

All laws relating to poll tax receipts and exemption certificates in general elections also apply the same in primary elections and all political conventions. No person who has attained the age of twenty one years since the first day of January 1911 shall be permitted to vote unless he obtained an exemption certificate from the Tax Collector prior to the first day of February, 1912. Section 12 and 23. Voters who attained the age of sixty years prior to the first day of January, 1911, will not be required to have a poll tax receipt or exemption certificate, unless they reside in a city of ten thousand or more inhabitants. All other voters must have paid their poll tax prior to the first day of February, 1912. Section 12.

It shall be the duty of the Democratic voters of each voting precinct to hold a precinct convention at some convenient hour on the primary election day to elect a precinct chairman to serve for the next two years; to elect delegates to the County Convention, to be held on the first Saturday, which is the third day of the month, in August, 1912, and attend to such other business as may properly come before the body. Section 99. The secretary shall keep a record of the proceedings of such convention, the same to be signed (officially) by himself and the chairman, and delivered to the County Chairman on or before the third day of August,

1912, the County Convention day. Section 106 and 139.

Opening the Polls, Section 55 and 56.

The polls shall remain open on primary election day from 8 o'clock A. M. to 7 o'clock P. M. Section 125.

Any voter who has lost, mislaid or left at home his poll tax receipt or exemption certificate may make an affidavit to such fact and be entitled to vote. Section 66 and 155. Such affidavits shall be stamped like poll tax receipts and placed in box No. 4 with the unused ballots. Section 66. The presiding Judge shall stamp across back of poll tax receipt, 'voted, July 27, 1912,' and stamp V by the voters name on the certified list furnished by the tax collector. See Sections 71 and 72. The receiving Judge shall number each ballot when it is handed in and stamp 'Voted' across the back of it and deposit in ballot box. No person except some of the election officers shall be permitted to assist a voter in preparing his ballot, except in cases where the voter cannot read or speak the English language, and needs an interpreter. Section 46, (8) and 103, (7) and Section 156.

Intoxicating liquors shall not be given away in the precinct or taken to the polling place on election day. Section 86 and 176.

Intoxicating liquors shall not be taken by election officers after polls are opened on election day. Section 127.

How to Make Returns. Section 136. Ballots to Be Accounted For. Sec. 139. Presiding Judge shall write his name across opposite side of ballot before delivering it to voter. Section 72 and 78.

No loitering or electioneering shall be permitted within one hundred feet of the entrance to the polling places. Section 159.

When new ballot may be given to voter. Section 75 and 138.

Secrecy of ballots. Sec. 38 and 41. Candidates shall file with County Judge not later than ten days after election itemized list of campaign expenses. Section 90, 163 and 185.

Voters who are exempt from procuring exemption certificates or paying poll taxes. Section 6.

For direct provisions governing primary elections read from Section 102 to Section 150 inclusive.

All primary election officers are urged to read carefully and comply with all the requirements of the Terrell Election Law and to use their very best efforts to preserve the purity of the ballot box.

Jno. W. Roberts, County Chairman.

People outside of the newspaper work can not realize what a great amount of campaign literature the average newspaper publisher has to refuse to publish during a campaign—especially this campaign. The greatest amount, of course, comes from the candidates for congressman at large, but no doubt all other candidates contribute to the editor's waste basket. They have various pleas to prove to the publisher that their 'dope' should be published at his expense, but so far the Eagle has remained unconvinced. They say that the emoluments of the office sought will not justify the expense of having the necessary or at least desired publications made, so the publishers, who are of course amply able to bear the expense, should come to their relief. There's nothing doing along that line at the Eagle office.

Robert Hashaw arrived at home Friday night from Temple, where he spent some time in the hospital and had his right foot taken off above the ankle. It will be remembered that his foot and ankle were badly injured in an accident at the Perry gin last fall and the amputation of the foot became necessary because of the injuries received at that time.

T. A. Gardner and family left Thursday for a visit to relatives at Beehouse, Coryell county.

Mrs. Carrie Whitaker's grand children from Ballinger are here visiting her.

**A Pleasant Evening.**

On last Wednesday evening the home of Rev. and Mrs. J. C. Newman was thrown open to the Junior Baracca and Philathea class of the Baptist Sunday school. This was surely the most enjoyable entertainment for this class this season.

On arriving each guest was presented with a bouquet of sweet peas and conducted to the parlor, where all enjoyed merry conversation and were served to cold drinks. The guests were then asked to assemble in the dining room and there they chose sides and engaged in a lovely "potato race," which caused much interest and laughter.

Mrs. Newman, in her jolly manner, then passed among the guests and distributed cards, which numbered from one to ten. Each guest was asked to mark three numbers which would indicate the three different desserts for their luncheon, which consisted of water, milk, biscuit, tomato, cracker, peach, pickle, water, potatoes and tooth pick. This caused much merriment for a time, when delicious watermelon and ice cream were served. We were favored with a splendid reading by Miss Brooks and a number of chorus songs by all.

The hour growing late, we very reluctantly bade Mr. and Mrs. Newman goodnight, hoping that we would soon be invited to again share the hospitality of this home.

The guests were limited to the class members with a few friends. The out of town guests were Misses Myrtle and Willie Whitaker and Charlotte Mayfield of Ballinger, and Miss Eula Brooks of Lampasas. A GUEST.

Surgery has taken an advance step at the Johns Hopkins hospital, where recently three patients suffering from tuberculosis of the knee have been cured after the infected joints were cut away and substituted by the same parts of a body of a patient in normal health who died from an accident a few hours before. Surgeons in Germany have also found the operation successful and have succeeded in putting back in place a finger which had been cut off by a machine, and after treatment, the finger grew again normally. Advanced surgeons are now trying to find a way to remove from the body lungs infected with tuberculosis and to put in their place good lungs taken from the body of a patient who had no such infection, but who died with some disease or from accident. In an operation of this character the surgeons have already found that one infected lung can be removed without causing death of the patient, but prolonging life, even though the other lung was slightly infected. —Chicago Tribune.

When the great steamship Titanic went down it is estimated that entire lost of ship and contents was \$25,000,000. If the ship can be raised the greater part of this can be saved. An engineer has been making figures and estimates that the ship can be raised for \$1,000,000. and it is more than probable that the work will begin soon. The water is said to be two miles deep where the great ship went down, but on account of the increasing density of the water the ship did not go to the bottom, but only as far down as her weight could overcome the resistance, which they contend was not very far. The plan proposed for raising the hulk is to lower a number of highly magnetic grappling hooks, and when these adhere to the sunken hulk it will be pulled to the surface by a fleet of barges. — Exchange.

R. M. Thompson Proprietor

J. W. Donowho orders the Eagle sent to him at Lake Arthur, N. M.

No danger of blind staggers or other disease if you buy feed from Harper.

D. R. McCormick of Mullin had business in the county capital one day this week.

It will pay you to see Gardner & Faulkner when you want to buy groceries.

Mrs. Hester of Lexington has been in the city this week visiting Mrs. G. H. Denison.

Phone the Livery Stable when you want a single or double rig, for long or short drives.

A. J. Cockrum and family and Geo. Templin went to Willis mill the first of the week for a few days outing.

Weems & Estep have the prettiest line of art squares and rugs you ever saw at reasonable prices.

Those who attended the picnic at Priddy last Saturday report a good attendance and a most pleasant occasion.

You can just as well save money by giving Oline your order for groceries and you get the best of everything.

Some say that other bread is just as good, but a trial will convince you that Coleman bread is the best.—Hudson & Rahl, City Meat Market

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by R. E. Clements.

Mrs. John E. Rahl and daughter Miss Gladys, after adjusting matters in Hamilton will probably spend the remaining summer months with Mrs. Rahl's son, Olive, Rahl at Wichita Falls.—Hamilton Record

Try the National Laundry next time I guarantee every piece of laundry to come back the same size it was left. The work is first class and your choice of domestic or gloss finish. Give me a trial.—Brinson's Barber Shop.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at this time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by R. E. Clements.

If you are buying land, require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and help you cure your titles if defective.—E. B. Anderson.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by R. E. Clements.

## BROUGHT TO LIGHT

### Goldthwaite People Receiving the Full Benefit.

There have been many cases like the following in Goldthwaite. Everyone relates the experience of people we know. These plain, straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Jo Taff, prop. Taff Hotel, Goldthwaite, Texas, says: "For two years I was subject to attacks of backache, often being unable to get about. When stooping, like a flash of lightning a pain shot through my kidneys and I was unable to move. Doan's Kidney Pills, procured at Clements' Drug Store, relieved me of my trouble, and I have not been bothered for several months. This remedy certainly lives up to representations and should be in every home."

The above statement was given May 28, 1909, and when Mr. Taff was interviewed on October 24, 1911, he said: "Nothing has occurred to change my high opinion of Doan's Kidney Pills. I willingly confirm the public statement I gave three years ago."

For sale by all dealers. Price 50cts Foster-Milburn Co., Buffalo, New York, sole agents for the United States

Remember the name—Doan's—and take no other.

### What Makes A Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming faintness and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you with all my heart for making such a good medicine." Only 50c. Guaranteed by R. E. Clements.

### Notice.

I request all persons who have Deeds and other instruments of writing affecting the title of their land remaining in this office, to call at their earliest convenience and get same, as they are very unsafe in our present condition, and should they with the records be destroyed, it would perhaps cost you a great deal to replace them, and very likely you would never be able to perfect your title without a suit in the District Court, which is very expensive.

As ever yours to serve,  
R. J. ATKINSON,  
County Clerk.

### Let Us Fit You.

If the glasses you are using are not satisfactory go to Miller's Jewelry Store, where you can get your eyes properly tested and correctly fitted with glasses that will satisfy you and be a pleasure to read with. We test your eyes and fit correctly and guarantee perfect satisfaction.

### Wood Notice.

L. W. Leverett this week bought C. O. Yarborough's residence in the western portion of the city, near the college building, and will be given possession of it Oct. 1, when he will move here to give his children the benefit of Goldthwaite's splendid school.

For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. Sold by R. E. Clements.

B. T. Weathers residence, in the western part of town, came near being burned Monday. A spark from the kitchen stove set fire to the roof and a considerable blaze had started when Mr. Weathers reached home and discovered the fire. He was assisted by neighbors and extinguished the fire without the roof being seriously damaged.

We do expert horse shoeing and all other kinds of blacksmith work at our shop on the east side of the square. None but experienced workmen and the best material. Our prices are right and we will appreciate your patronage.—Bieker & Koen.
