"The House with a Conscience"

Miss Bina Renfro visited friends in Lampasas Sunday.

J. H. and G. W. Alldredge were here from Caradan one day this week.

Dr. B. F. Hearne of Lampasas spent Sunday with his home folks at Payne.

Mrs. W. H. Walken and children of Lometa visited relatives here the first of the week.

J. A. Harris was here from Indian Gap country and transacted business in this city the first of the week.

O. B. Caldwell was here from Temple the first of the week, visiting his sister, Mrs. Will H. Trent, and other relatives.

Miss Blanch Priddy returned to her studies in Howard Payne college the first of the week, after a short visit to home folk in this city.

W. W. Berry was here from Pleasant Grove last Saturday and ordered the Eagle sent to Tom Berry, Keller, Okla., and J. E. Duncan, Taft, Texas.

J. T. Jones of Ingleside, in sending a remittance for his subscription this week, was kind enough to say that the Eagle was a household necessity for his family. We appreciate the friendship and patronage of such good men as Mr. Jones. He and his good family formerly lived here and are kindly remembered by a great many friends.

In a letter to the Eagle renewing her subscription, Mrs. Rosa Carson Stockton gives the sad information that her sister, Mrs. Alice Pierce, died in San Jose, Cal., Dec. 29. Mrs. Pierce, nee Alice Carson, was reared in Mills county and is kindly remembered by many friends. She left a husband and four children, the youngest only two days old. All of the friends of the family here truly sympathize with them in their sorrow. Mrs. Stockton says she is indeed glad to note the progress of Goldthwaite and Mills county and hopes to be able to visit her friends here some day.

COMMERCIAL CLUB.

Meeting to Be Held Next Tuesday Night—Important Business.

The regular meeting of the Goldthwaite Commercial club is to be held in the court house next Tuesday night and it is important that all the members be present at that time. In fact, it is important that all the business men of the town take membership in the club and attend its meetings.

The club is for the advancement of interests of the town and county and there is no private interest fostered by it, further than the natural advantages that come from being identified with every advancement of progress. Business men are interested in the improvement of the roads, in securing new enterprises for the county, in the encouragement of the development of every resource of the county and every advancement is beneficial to the citizens of the county.

One of the subjects likely to come before the meeting of the club Tuesday night is the fixing of the time for the county fair, in order that the people may begin to make preparations for the exhibits. Another matter of importance is the determination to place an exhibit at the Dallas fair and securing the necessary space for such exhibit in the agricultural hall at the fair ground. This county could make as good displays in the live stock department and in other departments at the fair as any county in Texas, but so far we have only given attention to making exhibits of agricultural products. The advertising committee has already issued an invitation to the people of the county to attend this meeting and discuss the fair exhibit and it is hoped a good number will be present to give their views on the subject and to offer suggestions on this and other matters of importance to the county.

Other matters of importance will be brought before the club at this meeting.

From almost every part of the state come announcements for congressman at-large.

Z. D. Kemp was one of the prominent men of Mullin who had business in this city the first of the week.

A petition in bankruptcy was filed against the Southern States Cotton Corporation at Dallas last Friday. The petition was filed by parties who claimed various sums due on cotton sold to the corporation.

Train robbers are supposed to have secured something like \$40,000 from the mail car on the Queen & Crescent road near Trussville, Ala., last Friday night. Two men were engaged in the robbery and a mail clerk who resisted was shot.

A man in Marshall, Okla., attempted to play a prank on the officials of the bank at that place by hiding in the bank vault. Unmindful of his presence the officials closed and locked the vault and when his cries attracted assistance the vault door had to be torn away to release him.

The announcement is made by A. H. Belo & Co., publishers of the Dallas-Galveston News that they will begin the publication of the Evening Journal in Dallas on April 1. The Dallas News is one of the greatest newspapers in America and the Journal will no doubt be of equal merit.

A jury in the district court at Fort Worth this week gave a verdict in favor of C. H. Hurdleston for \$65,000 against the M. K. & T. railroad. Hurdleston was injured in February, 1912, near La Grange, Texas, just after he had been made division superintendent of the Katy. Another train ran into the train to which his inspection car was attached and Hurdleston's leg was so badly mangled that amputation was necessary; one of his arms was permanently injured; his spine was affected and one of his eyes injured, according to his petition.

FARM FACTS.

Successful agriculture means selling without waste.

We should devote our energy and time to the solution of the problems of our own locality.

We need to further extend Christian influence in the rural homes as well as to spread the gospel in China.

It is as important that we discuss from the pulpit the building of macadam highways from the church to our homes as that we preach of the golden streets of the New Jerusalem.

The rural press, the pulpit and the school are a trinity of powerful influences that the farmer must utilize to their fullest capacity before he can occupy a commanding position in public affairs.

Every farmer in Texas should subscribe for the local paper, as well as farm periodicals and such other publications as he may find profitable, but he should by all means, subscribe for his local paper, as no home can afford to be without it. PETER RADFORD.

A. E. CLUB MEETING.

The Art Embroidery Club met in regular meeting Wednesday, Feb. 18, with Mrs. Harry Martin as hostess.

For two hours or more fourteen club members were very enthusiastic to learn a new stitch of embroidering or a new pattern of crochet. As a reward for their industry, the hostess, assisted by Miss Lillie Martin, passed a dainty refreshment plate which consisted of fruit salad, whip-cream and cake.

The guests of the afternoon were Mesdames Edgar Martin and Frank Rahl.

The club will meet March 4 with Mrs. G. N. Atkinson. At this meeting will be the election of officers and each member is requested to be present promptly at 2:30 p. m.

A MEMBER.

Walter Fairman and wife returned Tuesday night from a visit to Dallas, Nevada and McKinney.

J. W. Hill returned Saturday morning from attending the meeting of the Southern States Cotton Corporation in Dallas. He also took a look at the national corn show while in the North Texas metropolis.

The banks and postoffice celebrated Washington's birthday Monday by keeping "closed house." The date of the birth of the "Father of his country" was Feb. 22, but as that date fell on Sunday this year, the next day was observed as a holiday.

Alvin Priddy, son of Sheriff E. O. Priddy, went to Lometa Monday to take a position as telegraph operator for the Santa Fe at that place. He has been employed in the depot here for several months, besides having taken a course in telegraphy in a business college. Alvin is one of Goldthwaite's most deserving and promising young men and his friends here expect him to make rapid advancement in his chosen line of work.

The following clipping from a New Mexico paper tells of the prosperity of a former Mills county citizen and his good news to his many friends in this county. It says: R. B. Knowles Monday purchased the old Segrest home ranch, fifteen miles west of Lakewood from Joe Kirkendall who purchased the place from Andy Locklear about a year ago. Consideration \$8,000. The cattle of which there are about 600 head were also purchased at \$30 around, except unbranded calves for which \$15 were paid. Mr. Knowles made the purchase principally to have a place to run his horses while he is drilling for water on the south side of the San Simon range a portion of which he received in the compromise with the Merchant Live Co. He has engaged a driller and will commence drilling out there next week.

REV. HUDSON DEAD.

Rev. John Hudson, father of Mr. Lewis Hudson of this city, died at his home in Round Rock Sunday morning at 11 o'clock and his remains were laid to rest in the cemetery at that place Monday.

Mr. Hudson was born in Randolph county, Ark., Oct. 12, 1831, and moved from that state to Texas and located in San Saba county in 1856 and served as county clerk of that county for some time. He joined Little River Presbytery in 1857 and continued in the Presbyterian ministry the remainder of his life. When the civil war opened he became chaplain of Buford's regiment and was an honor to his regiment and his country. In 1874 he located in Williamson county, where he continued to reside with the exception of one year he served as pastor of the Cumberland Presbyterian church at this place. He engaged in the newspaper business at Round Rock for some years and was still interested in the paper at that place at the time of his death.

He was one of the grandest old gentlemen we ever knew and his memory is revered by all who knew him. His children and grandchildren have the sympathy of many, but most of all does the deep and heartfelt sympathy go out to the aged wife in her great and overshadowing sorrow.

POMPEY CREEK.

MR. CHESSEY DEAD.

Mr. John Dan Chessy died at his home in Mullin Tuesday night at 9:15 o'clock and his remains were laid to rest in the Williams Ranch cemetery the following afternoon.

Mr. Chessy was a pioneer settler of this section, having located in the neighborhood of Warren Crossing on the Colorado river, at the place now owned by Mr. Renfro, long before the organization of this county. He moved from there to the Blanket creek section and opened a farm in the locality which now bears the name of Chessy Valley. He continued to make his home at that place until a few years ago when he moved to Mullin. He was perhaps the first man to make a business of farming in this county and engaged in that occupation until his removal to Mullin.

He was a man of high character and was honored and esteemed by all who knew him and all join in extending sympathy to the bereaved family.

A PRETTY TEAM.

Automobile drivers have lots of trouble—at least some of them do—when they get their machines stuck in the sand or the mud and they have to resort to different means to get out. The common way is to get a team to pull them out. But this week a Goldthwaite car driver found a new way. Thursday night his car stuck in the mud in the Long Branch country and he was unable to secure a team. Three attractive young ladies who live near the place volunteered to assist him and taking a rope they tied it to the front of the car and pulled it out of the bog. This is another proof of the fact that the best people on earth live in Mills county.

Fire from the trash was communicated to her clothing, and but for the timely assistance of neighbors serious injury might have resulted. Mrs. Cassidy is resting well today, but will be confined to her room for several days on account of deep burns on her back.—Brownwood Bulletin.

The Terrell independent school district is reputed to have compulsory education and it is the only independent district in Texas that has such a provision for school attendance. A child over 7 and under 14 years of age, unless exempted by the City Health Officer on account of mental or physical deficiency, shall be compelled to attend school twelve consecutive weeks of each school year. Said school attendance may be in either a public or private school. Three days' attendance in any one week may be counted as a week's attendance. If the child is guilty of such conduct as will cause his expulsion from school by the authorities thereof, said authority shall report the name of said child to the chief of police, who shall bring him before the Recorder for him to show cause why he should not be treated as a delinquent youth, as provided for elsewhere in charter. Any parent or guardian or person in control of said child who does not require the attendance of his child, shall be guilty of a misdemeanor and upon conviction, shall be fined not less than \$5 nor more than \$100, and each week of absence permitted shall constitute a separate offense."

CAMPAIGN NOTES.

Each week new candidates for county and precinct offices make their announcement and there are other good men who will likely make known their desires before a great while.

J. T. HALBROOK.

In this issue appears the announcement of Mr. J. T. Halbbrook for the nomination for county attorney. Mr. Halbbrook has been engaged in the practice of his profession in this city for a number of years and he is a lawyer of long experience and is well qualified. He attended one term of law school in Oxford, Miss., then came to Texas and attended the law department of the state University, at the time ex-Governor Roberts and Judge Gould were the instructors in that department. He located in Gatesville and in later years moved to McGregor. He has devoted most of his attention to criminal law, which gives him especial qualification for the office he seeks. He has been a resident of Mills county since 1911 and is known to many of the Eagle readers.

A PLEASANT AFTERNOON.

The Embroidery Club, with a few invited guests met with Mrs. Harry Martin last Wednesday afternoon.

A very pleasant hour was spent crocheting and comparing crochet. The faint odor which was occasionally wafted to the olfactory nerve very daintily informed the palate that something delicious was in hiding, awaiting the first lull in the creation of laces. The hostess, assisted by Miss Lillie Martin, passed the dainty surprise, which consisted of baked apples stuffed with nuts topped with whipped cream and served with dainty pink and white angel cake.

The afternoon was very pleasantly spent and all agreed that the hostess was a very charming little lady.

The club will meet next with Mrs. G. N. Atkinson. A GUEST.

Two boys, aged 11 and 9, were arrested in Temple the first of the week, charged with horse theft.

Postmaster General Burleson, who came to Texas last week for a brief visit, denies that his mission was in any way connected with politics. He was credited with having an ambition to succeed Senator Culberson, but he denies this report outright and says he will heartily support Mr. Culberson for re-election.

The supreme court has decreed that the Orient railroad must build a line into the town of Sherwood, county seat of Irion county. The road contested the law which requires a railroad to build to the county seat if its line runs within three miles of the county capital, but the court sustained the law.

The largest tree known is a Mexican taxodium, which has a girth of 112 feet. Next to this comes the redwoods of California, the largest of which measures 91 feet around. Eucalyptus trees have been known to grow to a girth of 80 feet. The tallest trees on record are a variety of eucalyptus growing in Australia. These reach a height of 500 feet.

Some of the leading anti-prohibition Democrats met in Dallas Saturday and discussed the proposition of eliminating all but one of the candidates for governor on the anti side. It is believed that some plan will be adopted that will reduce the number of candidates now before the Democratic voters and it is likely that only two names will appear on the party ticket at the July primary.

No matter what the outcome of the controversy over the murder of Wm. Benton, an English subject, by Gen. Villa at Jaurez, the constitutionalists get the worst of it in public opinion, for this case has shown that the lives of foreigners are not safe in the territory occupied by the forces antagonistic to Huerta, while the assassin who claims the presidency of that country at least makes a show of protecting foreigners and no such case has been brought to the public attention from territory occupied by Federalists as the Benton case appears to be thereby losing heavily for the Villa forces in the matter of public sympathy and public confidence.

Congressman Slayden and Postmaster General Burleson are not working together harmoniously in the appointment of Texas postmasters, according to the following statement issued at Mr. Slayden's office when the nomination of John Kelly for postmaster at San Saba was made. "The appointment of Mr. Kelly at San Saba was entirely unexpected, as the commission of the present postmaster will not expire until April 5, and it has been the invariable rule to permit postmasters to serve until the expiration of their terms. It is presumed that this appointment was made upon the recommendation of Leigh Burleson of San Saba, who is a distant cousin of the postmaster general and who was here recently in the interest of Mr. Kelly.

The prohibition Democratic convention in Fort Worth last Saturday unanimously endorsed Hon. Thos. H. Ball for governor of Texas and he agreed to offer as a candidate for the Democratic nomination in the July primary. No other names were presented to the convention and no other endorsements were made. It was stated by those who thought they knew that the convention would endorse candidates for other state offices, but the delegates had no such authority and evidently had not such intention. Mr. Ball has long been one of the foremost men of this state and a stronger candidate could not have been named by the convention. Already a sorry attempt has been made to divide the prohibition forces by injecting the "Bailey question," but there is nothing doing along that line.

J. F. Petsiek of San Saba county and J. M. Petsiek of Caradan were pleasant callers at the Eagle office one day this week.

Former Senator Henry Teller of Colorado died in Denver Monday. He was 83 years of age and had been in declining health for several years.

The great dam being built across the Colorado at Austin is nearly finished. The entire project, dam, reservoir and power house will cost \$2,000,000. The dam is solid concrete 55 feet high and a reservoir that will hold ten million gallons is also part of the project. The builders will receive \$100,000 upon completion and \$65,000 annually for twenty-five years, when the work will become city property.

Word comes from Oklahoma that Al Jennings, former bandit and train robber has reformed and has announced himself as a candidate for governor of that state. He has decided that being governor of Oklahoma is a more profitable and less dangerous job than cracking safes and holding up trains. We will have to take off our hat to our sister state in this instance and admit that she has "put one over" on Texas, for while almost every occupation is represented in the list of candidates for governor of Texas, so far we have had no professional outlaw aspire to the office. —T. B. M. Association.

It is better to have the reputation of paying your honest debts than of being a leader of society. All the glory of social life cannot compensate for the ignominy of getting through on false pretenses. The wretchedness of a man or woman, who, for the sake of display is hunted day and night almost fears to walk the streets, is pitiable. There must be an end to him and a bitter one. Character is worth more than clothes, and independence than the social swing. It may not cut as great a sweep or attract as much attention, but it will last longer and bring them much reward in the end.—Longview Times-Clarion.

Ten years ago a man put his initials on a dollar bill. The next day he went to his nearest town and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce, and three times he heard of it in the pockets of neighbors. The last time he got it back four years ago he sent it to a mail order house. He has never seen that dollar since and never will. That dollar bill will never pay any more school tax for him, will never build or brighten any of the houses of the community. He spent it entirely out of the circle of usefulness to himself and neighbors. Patronize your local merchant, he helps you pay your taxes, support your schools and churches, donate to the building of new ones, sells you his goods on thirty days time and waits perhaps twelve months for his money, he goes on your note at the bank, lends a helping hand in time of sickness and trouble.—Exchange.

The way to arrive at the right is to discuss both sides of a given subject in which right is involved. To form an opinion and hold fast to it, to be intolerant of other opinions and ascribe to oneself infallibility is to be guilty of egotism unbecoming to any individual. Intolerance is an offence common to the ignorant. The wisest always have been most open to conviction, always the readiest to examine and weigh and compare evidences. The man who claims to know it all hardly ever knows anything. He only thinks he knows it. His opinions are the fruit of his prejudices. Many go wrong, or stay wrong through a foolish love of what they understand to be consistency. Consistency is as absurd as anything else can be when it is stretched to tenuous proportions. The man who prides himself on having been all his life consistent is ordinarily a dunderhead. He is a bourbon, a sifstaf, a knot on a log. The best informed men in the world are the open-minded, those who are hospitable to fresh impressions, who are always turning toward the light, regardless of the quarter from which its rays are thrown. To believe a certain thing today is no reason why it should be believed tomorrow, without another examination. Nothing is stationary, nothing immutable, nothing perfect except infinity, and that is incomprehensible.—Dallas News.

LOMETA

The commissioners court this week appointed J. H. H. Berry sheep inspector.

Quite a bit of excitement prevailed Saturday night when a couple of enebriated passengers were ejected from the east bound Santa Fe. Six or seven shots were fired, but no one is reported as having been injured.

Postmaster Enochs, of this city, informs us that the postoffice now existing at Ogles will be discontinued on February 28, after which time those who are now patrons of that office will come to Lometa for their mail.

COMANCHE

There is an epidemic of measles in the city, which is playing havoc with attendance at the public schools.

Judge Jas. W. Swayne, of Fort Worth, judge of the seventeenth district court, has announced as a candidate for congress from the Twelfth Congressional District to succeed Hon. Oscar Callaway.

Neighbors gathered at the home of W. C. Cox of Bibb, Thursday, Feb. 12, and favored him and family with 17 plows and teams and turned between 25 and 30 acres of land. Such people are a light and an inspiration to the neighborhood where they live. Mr. Cox has been unable to work for some time on account of measles.

Dave Cunningham, sr., left Saturday for Temple, where he will undergo an operation in the Scott & White sanitarium for a trouble of long standing. The many friends of this pioneer citizen are hopeful of a successful operation and that he will be spared to his family and friends for many years to come.—Chief.

While a number of boys were engaged in digging a cave in the bank of the creek in the southern part of town last Sunday, Cecil Tate, the youngest son of Mr. and Mrs. W. S. It came Cecil's turn to fire the fuse and in striking the match the head broke, flying into the powder and causing an explosion which burned his face painfully, and injured his eyes to some extent, though not endangering his eyesight permanently.—Record

A WINTER COUGH.

A stubborn, annoying depressing cough hangs, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. Recommended by R. E. Clements. (ad)

MUST HAVE MONEY.

We are compelled to have the money that is due us on past due accounts and request those who owe us to settle at once. STAR.

Geo. Boynton, editor of the Hamilton Herald, T. S. McKinley and son, Joe E. Williams, C. E. Horton, Dr. C. C. Baker, Max Schwartz, and some others whose names the writer did not get, were in Star a short time ago, looking over the town. They were very favorably impressed with the air of progress and prosperity that pervades our little village. They came in automobiles.

R. L. Boykin has been improving his yard in the way of flower beds. Mr. Boykin has added a grocery department to his excellent line of hardware and is doing fine business. We wish him the best of success.

A number of our young people attended the literary at Hearne last Friday night.

R. C. Campbell is doing some work on his place in town. He has built a shed for the stock and has cleaned up the place generally. One of the most noticeable improvements he has made is the attractive front yard.

F. N. Baker's baby has been quite sick with pneumonia the last few days. It is improving now.

Sam Morris has a sick child. It has been sick for some time, though at last report was doing well.

The Star boys played a game of baseball with Molne last Saturday. Nine innings were played and the score stood 19 to 0 in favor of Star. Star had better lookout, the visitors may fool them next time, but Star is strong and they will have to work if they do.

The choir met with Mr. and Mrs. T. E. Hamilton last Wednesday night. The attendance was good and the singing was well rendered.

Frank Soules is having his house painted and his yard cleared. Mr. Soules has a nice home and it is in a good location, especially with a view to making a pretty yard.

Rev. L. N. Myers preached two sermons here last Sunday, one at the morning hour, just after Sunday school, and one at night.

W. A. Hawkin's wife and baby were rather sick the early part of this week.

A number of young people met at the home of Mr. and Mrs. G. D. Burney last Sunday evening and practiced with their instruments and also sang a few songs.

TEACHERS EXAMINATION.

The State Department of Education has provided an examination for teachers' certificates to be held on the first Thursday, Friday and Saturday in April. There will be no examination in May as heretofore. The reason for the change is to allow sufficient time after the first examination and before the June examination to enable the State Board of Examiners to report the result of the work to each applicant, so that, in case of failure to pass, applicant may have the privilege of trying again in June.

Respectfully,

ISHMAEL.

The story of Ishmael, dear to all readers of romance, seems to have been infused with new life when made into a play. In fact, the story gains in strength in a dramatic form. The production offered by Manager Bloncin is worthy of the strongest commendation. The play was well staged and the costuming elaborate. Mr. Beaumont Claxton in the title role of "Ishmael," gave a vivid portrait of the complex character. Miss Agnes Archer invested "The Countess Claudia" with dignity and grace, handling the lights and shades of emotion in an artistic manner. The supporting cast was exceptionally strong.

FARM LECTURES

Mr. B. L. Nance, one of the ablest representatives of the State department of agriculture in Texas, will spend next week in Mills county. He will speak at the following places at the times noted:

- Monday—1:30 p. m. Star; 8 p. m. Center City.
- Tuesday—1:30 p. m. Priddy; 8 p. m. Goldthwaite (in courthouse)
- Wednesday—1:30 p. m. Mullin; 8 p. m. Smith school house.
- Thursday—1:30 p. m. Ebony school house.
- Friday—1:30 p. m. Pleasant Grove school house.

I am sure all who hear Mr. Nance will be profited by so doing. He is a plain practical farmer who knows how to help his fellow farmers. I hope the people living in the localities to be visited will drop everything long enough to hear what he has to say. Mr. Nance will spend the time between his appointments visiting schools in the vicinity of the places named above. Very respectfully,
 S. H. ALLEN.

The impeachment case of Governor Wm. Sulzer of New York is to be reviewed by the supreme court of the United States at an early date. An agreement to that effect was reached this week by the attorneys for Governor Sulzer and those representing the state. The deposed governor accepted the verdict of the impeachment trial last fall, retired from the executive office and was afterward elected a member of the state legislature. This week he filed suit to force the payment of the governor's salary to him and the court issued an order requiring the state treasurer to appear and show cause for withholding the salary of the regularly elected governor. The reviewing of this case by the highest court of the nation will be interesting to many people outside of New York state.

We have it on good authority that negotiations are under way for a return performance in our city about March 23 by the pleasing musical organization—The Schubert Symphony Club and Lady Quartette of Chicago. Many of our readers have heard this popular company and no doubt everyone knows of the high favor in which its 25 years of success has placed it. The great variety and excellence of this company's program has endeared it to the hearts of American music lovers, until today it stands undoubtedly first in their affections. Their new program is said to be the best they have ever presented and no doubt their house will be large if they are secured for an entertainment here.—Advertisement.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 30 years. It will help you. At all dealers.

LITERARY SOCIETY.

The Young Men's Literary Society of Goldthwaite met in regular session on Saturday night, Feb. 21. The house was called to order by the president, Arthur Smith. As the secretary was absent, Mr. Daniel acted as secretary pro tem. Two of the debaters were not present, and the president ruled that the champions on each side who were on hand, might choose two assistants each from the audience. This was done and the line-up for the debate on the question, "Resolved: That Texas should have a compulsory education law" for the affirmative was Messrs. Vernon Watson, S. H. Allen and Munroe Bagley. The negative side of the proposition was represented by Messrs. J. T. Weems, W. T. Hammett and L. O. Hicks.

The program was opened by Mr. Bowman with an oration on the subject, "Our Naval Problem." Mr. Smith then delivered another oration on the "Value of an Education" that was excellent and effectively delivered. Mr. Daniel's address on the subject "The Value of the Study of History" was particularly interesting and full of substantial truths. It was well delivered and showed a thoughtful preparation, which is one of the great values of a literary society from a personal standpoint.

We venture to predict that the debate was the most interesting and enlightening controversy that has ever occurred in the district court room, or is likely to occur there soon. Mr. Watson opened the case for the affirmative and laid down a proposition that made the negative think. They came up smiling, however, and did not hesitate to challenge every argument. The fireworks of oratory were so well scattered around for a while that it was hard to tell which was the winner. Every speech was enthusiastic and full of facts and wit. Perhaps the most noticeable effort was that of Munroe Bagley who displayed an enthusiasm and convincing power that was rather surprising for one of his years. Messrs. White-man, Smith and Bowman acted as judges and brought in a decision for the affirmative.

The meeting closed at a late hour, and all went away well satisfied with the way the hours had been spent. All expressed a determination to come back next time and to bring others with them. The Society is glad to receive visitors of all ages and sexes at any meeting. We invite you to come out and solicit your membership if you care to join us. The society meets again on Saturday night, the 7th of March.

REPORTER

TO THE PUBLIC SCHOOL PEOPLE OF MILLS COUNTY.

Again I want to urge the friends of education throughout the county to meet with us at the courthouse in Goldthwaite on Saturday, March 7. Ex-State Superintendent of Public Instruction, F. M. Bralley of Austin, will be with us and will deliver an address. There are no better school men in the state than Bralley, and those who have heard him speak know that his coming will mean much good to the educational effort in Mills county. Will teachers see to it that their patrons are present at this meeting, if possible. We want the men, women and children here on that day. We will have four exciting contests in Declamation and Recitation. Four gold medals will be given away. This alone will be worth your while to come. Then we will have an old fashioned spelling match among the schools of the county. A fitting prize will be awarded the victorious school in the contest. Can you afford to miss this when it is all free to you. Then Mr. Bralley will tell us all something that will entertain us and help us. Please take this one day off and spend it with us. This expression of interest on your part in matters of education will impress your children with a higher regard for education, and may be the means of starting your boy or girl on the highway of proper training for life work. Help us to make this meeting a grand success. Let's use it to help show our children their duty and their possibilities. Meeting will begin at 10 o'clock in the morning and last till 4 in the afternoon.

Very respectfully,

S. H. ALLEN.

WILL NOT ENTER THE RACE

To My Friends and All the Democratic Voters of Mills County:

Having been solicited by many of my friends to enter the race for Tax Assessor of Mills county and having the desire within myself to fill that very important office, I have thought seriously for some time of entering the race and have so informed many of my friends. Later developments, however, have made it impossible for me to offer as a candidate for the place and I take this method of informing those who have so kindly proffered me their support, for I desire to release them from any obligation they may feel in the matter, in order that they may make a choice from among the excellent gentlemen already announced as candidates for the office.

The condition of my wife's health and the fact that my time is required at home would make it impossible for me to discharge the duties of the office in a way that I would like to discharge them, even if I could get the office without a campaign, which I could not hope to do at this time. These and other reasons prevent me entering the race, but I want those who have offered me their support to know that I appreciate their kind expressions more than they can ever know and I hope to be able to prove my appreciation for them in the future.

Again thanking all who have either promised or expected to support me had I offered as a candidate, I am, Gratefully,
L. B. MCCORMICK.

A GOOD MAN GONE.

Mr. T. D. Perry died at his home in the Miller Grove community yesterday morning a few moments before 6 o'clock and his remains were laid to rest in the Big Valley cemetery yesterday afternoon with Masonic honors.

Mr. Perry was stricken with apoplexy more than a month ago and after the first attack there was little hope of his full recovery. One side was totally paralyzed from the first, and notwithstanding he received the best of medical attention, he could not be relieved. He was one of Mills county's best men. Having lived here a long time he was known to most of the people and all who knew him honored him as a high-minded, Christian gentleman. He made his home in Big Valley for a good many years, but ten or twelve years ago he moved to Miller Grove community, where he owned a fine farm. He was a man of wide influence and his place will be hard to fill.

To the bereaved wife and children the Eagle extends heartfelt sympathy.

WATCHMAN ASSAULTED.

News has reached here that J. D. Chamberlain was knocked in the head at the Lometa round house Monday night. He was discovered about 5 o'clock Tuesday morning in an unconscious condition. He had been struck on the head with a slug and kicked or pounded in the stomach. It is supposed that the foul play occurred about 2 o'clock in the night and Mr. Chamberlain lay alone in the cold until found next morning. He holds the position of night watchman. Buck Chamberlain, father of J. D. Chamberlain, went to Lometa Tuesday and with the Lampasas county officers is searching for a clue to the guilty party. It is reported that a large stranger came into the shops about 2 o'clock and asked Chamberlain if he wanted to buy a slug shot and was told no. He then wanted to pawn one, which he had, for a small sum of money and was refused. When Chamberlain turned his back he was struck with the slug and robbed of about \$4. He regained consciousness during the day and his condition is now considered out of danger.—San Saba News.

THE VALUE OF COMMUNICATIONS

Many people do not realize the benefits accruing to their communities by correspondence to the county paper, further than the mere news matter of such communications, but there are various other benefits. A community having a live correspondent to a live paper is always known as a live place and is looked upon as a more desirable location than a place where there is no such correspondence. The Eagle really believes that land values are increased and business of the local merchants improved thereby. We have a concrete example of this claim in the flourishing little city of Star, where one of the livest correspondents keeps his community constantly before the public. Only last week a reader of the Eagle, who is himself a printer and a good one, too, was impelled to communicate with the Commercial club there with a view to establishing a newspaper at that place. He probably could have found a larger place than Star where there is no newspaper, but his experienced eye saw that there was a live and wide-awake community in that part of this county. Other enterprises are attracted there in the same way and the result is that Star is building substantially and fast.

If the people of all communities could realize the many advantages of being represented in the columns of the county paper each week we feel sure we would receive many more community letters than we now receive.

CALOMEL A GREAT DANGER TO MANY.

Has Bad Effects on Some--Dodson's Liver Tone Takes Its Place and is Perfectly Harmless.

If you will inquire at R. E. Clements, you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless liver stimulant, having no bad after-effects. Indeed, this firm will refund purchase price (50c.) without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works easily and naturally (really assisting nature) with no pain nor gripe and correcting all bilious conditions and ills of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now. (Adv)

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does not thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.--Dr. G. M. Walters, Veterinary Surgeon and Dentist, San Saba, Texas.

HOW IS YOUR BOILER?

It has been stated that a man's stomach is his boiler, his body is his engine and his mouth the fire box. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not be able to supply the needed energy to your engine (body)? If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enable it to do its work naturally. Many very remarkable cures of stomach trouble have been effected by them. For sale by all dealers. (Adv)
