POMPEY CREEK

Editor Eagle:

The rains continue to fall and the weeds continue to grow; so also do the crops and gardens when they have opportunity.

Oats will be ready for harvesting soon.

Farmers are almost through planting cotton.

The hills and valleys are everywhere a-bloom with wild flowers.

A number of the ladies intended to meet at the home of Mrs. Joe Flecher of Fisher Saturday for the purpose of organizing an Embroidery Club, but rain prevented the meeting. We suppose the club will organize later.

Misses Nobia and Eva Carlisle were guests of Mrs. Frank Perkins, at Oak Cluster farm, Thursday of last week.

Mrs. Hale of Fisher is still very low with paralysis. All the children have been summoned to her bedside.

Mrs. A. N. Perkins was guest of Mrs. Elja Smith one day last week.

Miss Babe Smith and father of Zephyr were guests in our community the latter part of last week.

Jack Donowho and family of Zephyr were guests at Oak Cluster farm Saturday and Sunday.

Our Sunday School is the pride of our community. At last report the enrollment was sixty three. We think the average attendance is something about thirty or forty, despite the stormy weather. On the tenth of May we had visitors from Brownwood, Zephyr and Democrat. We think our young people have been doing excellent work, but expect them to do still better next quarter. Mr. Lee, of Star, intended to sing for us last Sunday but the weather prevented. He is trying to secure a vocal school for August.

JOAN OF ARC.

B. A. Howington was among the visitors from Washboard community one day this week.

CLUB MEETING

An Important Meeting to be Held Tuesday Night.

Tuesday night, June 2, being the night for the regular meeting of the Goldthwaite Commercial Club, we are very anxious to have a full attendance, and urge all the members to be present. It being but a short time until the day set for the Mills County Fair, it is necessary, if we make this year's fair a marked success, that we keep busy along all lines for the next few weeks. We are having applications for space for exhibits, and information is sought, the details of which have not yet been worked out, so let me especially urge all committees to be present with reports from their respective commissions, and everyone be ready with some helpful suggestion.

If you are a citizen of Mills county, you are, I am sure, interested in the success of this undertaking, and whether a member of the Commercial Club or not, if you have an idea that you think is a good one, we will appreciate a visit from you, giving us the benefit of your experience or observations along lines that you think will ultimately bring success to the fair. It will take co-operation for an enterprise of this character to be a success, so with this end in view, or any other line that will be for the uplifting of our city and county, the Commercial Club of Goldthwaite gives you an invitation to attend and will give you a hearty welcome on the first Tuesday night in each month at its regular meetings.

W. C. DEW, President.

PRAYER MEETING

The Young Ladies prayer meeting will be held in the Methodist church next Tuesday afternoon at 6:30. Miss Rosa Johnston will be leader. Prayer is the subject and the scripture for the meeting is the fifth Psalm.

LEARN STOCK FEEDING

The date of entering the livestock section of the Texas Industrial Congress better farming contest closes June 6. Prizes aggregating \$1600 will be awarded for the best steers, baby beeves, and hogs shown at the Fat Stock Show at Fort Worth in October, the animals to be judged there in connection with the cost of feeding. The feeding period lasts 120 days, long enough to get a very valuable and useful experience in meat production and make a good net profit on the animal or animals entered in the contest, and by faithful study and work there is an opportunity to win cash prizes up to \$200.

There is no charge connected with entering the contest in any way, and the only person who makes any money by so doing is the contestant. There must be a great increasing production of livestock on the Texas farms in the future, and the man, woman, boy or girl who neglects an opportunity to learn how to put the most meat on livestock at the least expense and in doing so loses the chance to earn prize money for the learning by experience how best to do it, is merely standing in his or her own way. Parents can do no better thing for their children than to give them calves or pigs and help them by study and advice to produce the best animal at the least cost.

Many of the young stockfeeders in this contest will become the meat producers of the next generation, and they are going to do this simply because they are interested in this work through the Industrial Congress contest. The more people interested, the better for themselves and the locality they live in, and every man is doing the boy or girl and his town also, a favor who interests him or her in the livestock contest. Applications to enter the contest should be sent to the Congress at Dallas, before June 5.

INDUSTRIAL CONGRESS

H. J. Carothers was here from Rye Valley the first of the week.

Mayor Will H. Trent was among those who heard Col. Ball speak in Brownwood Tuesday.

I. G. Collier, was one of the citizens of Center City who transacted business in this city the first of the week.

Arrangements are being made for the largest and best county fair ever held at this place. A number of applications have already been made for display space and some offers have been submitted for the concessions.

In the election in Rye Valley school district to abrogate the special tax, there was a large majority favorable to the tax.

Mrs. W. W. Fowler and little daughter of Hamilton, who have been visiting relatives here for several days, made the Eagle a pleasant call Monday afternoon. Dr. Fowler is still in New York, where he is taking a post-graduate course in the treatment of the diseases of the eye, ear, nose and throat, but he is expected home about the middle of next month.

FIRM FOUNDATION

Nothing Can Undermine It In Goldthwaite.

People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of hundreds of Goldthwaite residents, expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mrs. Robert Urbach, Goldthwaite, Texas, says: "The first symptom of kidney trouble in my case was pain in the small of the back, which gradually grew worse until I had hardly able to move. At night it changed to a dull ache and I couldn't sleep. If I caught cold, it settled on my kidneys making my sufferings worse. The kidney secretions were unnatural. When a friend told me about Doan's Kidney Pills, I got a supply at Clement's Drug Store. They gave me prompt relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Urbach had. Foster-Milburn Co. Props., Buffalo, N. Y. (ad)

Chamberlain's Liniment.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Wabash, Ind., says of it: "I have found Chamberlain's Liniment the best thing for lame back and sprains I ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers. (ad)

TIME EXTENDED

On account of the recent heavy rains all over the state, and the consequent delay in farm work, the officials of the Texas Industrial Congress have decided to extend the time in which entries may be made in the \$10,000 crop and livestock contest to June 6.

There is yet time enough for those who wish to enter the contest to plant corn, cotton, kaffir, milo, and feterita, and the congress especially urges the farmers of the state to plant forage crops to meet the annual drain of \$50,000,000 or more, used in buying corn and forage crops raised outside of Texas.

Boys and girls who are feeding baby beef or a pig for marketing next fall can enter the contest for one of the cash prizes offered for these animals.

Every member of a hog, baby beef, corn, or cotton club can enter the contest as well as those who are not members of such clubs. All that is necessary is to write at once to the Congress at Dallas and ask to be enrolled. No charges or cost of any kind is made, and helpful bulletins of advice and instruction are sent to every contestant.

Mrs. Charles Tanner, Wabash, Ind., says of it: "I have found Chamberlain's Liniment the best thing for lame back and sprains I ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers. (ad)

TIME EXTENDED

On account of the recent heavy rains all over the state, and the consequent delay in farm work, the officials of the Texas Industrial Congress have decided to extend the time in which entries may be made in the \$10,000 crop and livestock contest to June 6.

There is yet time enough for those who wish to enter the contest to plant corn, cotton, raffir, milo, and feterita, and the congress especially urges the farmers of the state to plant forage crops to meet the annual drain of \$50,000,000 or more, used in buying corn and forage crops raised outside of Texas.

Boys and girls who are feeding baby beef or a pig for marketing next fall can enter the contest for one of the cash prizes offered for these animals.

Every member of a hog, baby beef, corn, or cotton club can enter the contest as well as those who are not members of such clubs. All that is necessary is to write at once to the Congress at Dallas and ask to be enrolled. No charges or cost of any kind is made, and helpful bulletins of advice and instruction are sent to every contestant.

VISIT TO EAST TEXAS.

Editor Eagle:

If you will be so kind as to give me a little of your valuable space, I will try to give an account of the farming, as well as the musical interest and conditions that I saw while I was visiting and looking after the interest of the Trio Music Co. of Waco, Texas.

I left Goldthwaite on the evening of April 30, bound for Wood and Rains counties. I arrived at Alba May 1, at 6:00 o'clock p. m. Found my parents and grandparents all well. I attended the Wood County Singing Convention at Quitman, May 2 and 3, had an enjoyable time, despite the rainy weather. Then I attended the Rains County Singing Convention at Harmony church May 9 and 10. Here I met many of my old students and friends. I did an appreciable business at both conventions and did some singing at nights between the times of the conventions.

I found both of these counties settling up very fast. About one-fourth of the rural settlements have been settled since I left there in 1910. Somebody said, "Did it rain while you were there?" Yes, some of the time it rained and some of the time it poured.

The best all around farming conditions I saw was between Killen and Coppertas Cove. They are ahead of Mills County only in grain. Between Waco and Dallas I saw farms grown in weeds and not a furrow plowed this year on account of rains. From Dallas to Greenville people had planted, but it was nearly all washed up.

It looks like the tide has turned, for we Mills County folks surely are the bluest people of Texas, at this time. Well, I found the singing interest good, but not any better than in Mills county. They had larger attendance but that is because there are more people to the same area.

Now to the local classes let me say Mills County Singing Convention will meet with Kelley class on Saturday at 1:30 p. m., before the second Sunday in June. Let all be on time. There is going to be quite a scramble among the classes for the next convention. So if you want to have anything to say about where it goes, you should be there Saturday afternoon.

Prof. B. B. Edmiston told me he expected to be at Kelley.

As there are sometimes people who go to public gatherings for no other purpose than to have a general good time, I will ask the committee of arrangements at Kelley to prepare a good shady place with water to accommodate the hurrah good time folks so that the singers and listeners may have room that they would occupy in the house, also that it would be quieter in the house where the singing is being conducted.

We invite everybody to attend, but we expect each person who enters the house to either sing or listen to those who are singing and not be laughing and talking while we are in session.

Yours for a better and more respected singing convention.

Fraternally,
E. F. WHITE, President.

Interesting Facts Regarding the Laboratory of the Chamberlain Medicine Co., Des Moines, Iowa.

A person purchasing a bottle of Chamberlain's Cough Remedy has no conception of the magnitude of the laboratory where this medicine is manufactured. The machinery and apparatus used in its preparation was designed especially for the purpose and cost several thousand dollars. Europe South America and the United States supply the various ingredients of this remedy, and only the highest obtainable quality is used. No pains or expense has been spared in making it as nearly perfect as possible.

A force of helpers representing homes enough to populate an average Iowa town are regularly employed at the plant of the Chamberlain Medicine Co., at Des Moines, Iowa. Their printing department, which is usually overlooked in calculating the expense of a business of this kind, ranks as one of the best in the state, and is thoroughly equipped with automatic presses and folders of the latest improved type. Here enough print paper is used in one year to spread over ten farms of 150 acres each, upon which is printed advertising matter, directions and labels in twenty-eight different languages and dialects. Enough lumber is used in making the cases in which the medicines are shipped to build an eight room house on each of these ten farms every 3 months. The bottles used by this firm each year, which are filled by machinery at the rate of 2,000 per hour, if placed end to end would reach across the United States 7 times or almost encircle the globe.—Advertisement.

Ivy Richards was seriously cut in the leg Tuesday night while scuffling with his brother, Will, in the latter's restaurant. The wound bled profusely and it was feared for a time that he would bleed to death, but physicians succeeded in staunching the blood and the wound is healing nicely, although the injured man is very weak from the loss of blood. A careful investigation of the affair was made by the officers and all the testimony was positive that the cutting was accidental.

MILLS COUNTY MAN ABROAD.

Jno. W. Roberts, farmer, Democratic chairman and all-round good fellow, returned Sunday from a visit to his old home in Georgia, going there from the Jacksonville reunion. He is not a veteran, however, but went to Jacksonville to assist in making the reunion pleasant for the old soldiers. There are several things about this trip that need explaining. One thing is, he has always claimed to be a native of the state of Arkansas and now it develops that Georgia claims him. The editor of the Elberton, Georgia, Star has the following to say of Mr. Roberts and incidentally of Mills county:

Mr. Jno. Roberts of Goldthwaite, Texas, is spending a while with relatives and friends in Elbert county. He left here 26 years ago and this is his first visit to his old home county. He is a half brother of Mr. Hiram G. Adams. He was raised in the Rock Branch neighborhood and says that the dearest place to him in the county is the old Rock Branch church, where he used to attend and hear the old time songs and where the people practiced old time religion. Mr. Roberts has become a wealthy man, owning a large stock farm. He makes a specialty of Red Pole cattle and thoroughbred horses.

Mr. John W. Roberts left yesterday for his home in Goldthwaite, Texas, after a visit of some weeks to relatives in Gaines district. Mr. Roberts left this country 26 years ago, and this is his first visit back to his old home. He is chairman of the Democratic committee of Mills County, and a leading citizen generally. While here he received a copy of his home paper containing two pictures of school buildings one taking the first and the other second prize in the whole state of Texas, and both of these were located in his county.

The road overseers convention is to be held in this city Monday and Hon. Homer D. Wade, secretary of the State Good Roads association, is one of the speakers for the occasion. This is a very important convention and one that will result in much and lasting good to the county. When the overseers are thoroughly enthused over their work and are fully advised of the importance and responsibility of their positions, they will enthruse the people and the result will be much good road work. MUSICAL RECITAL.

The musical recital given by Miss Myrtle Randles in the Page opera house on Monday evening, was enjoyed by quite a large audience.

An excellent program was given by Miss Randles and as she was graduated, in pianoforte under the instruction of Miss Nora Hooks at this time, Judge S. H. Allen was selected to present her with a diploma.

The program was indeed high class and each rendition showed careful study. Miss Randles was assisted in the recital by Miss Neita Cockrum at the second piano, also a beautiful duet was sung by Mrs. W. K. Marshall and Miss Mayme Sherman, and Miss Ruby Keese charmingly gave a very pathetic reading with musical accompaniment.

The stage setting was beautiful with ferns and flowers. XX.

It will indeed be unfortunate, if those who are attempting to inject the "Bailey question" into the present state campaign are enabled to do so, for it certainly has nothing to do with the men and issues of this campaign. Mr. Bailey and his conduct in public affairs have no part in the matter of selecting a governor for this state, and those who are governed by prejudice should not be allowed to form the issues of a campaign for the free thinking people.

Not long ago the farmers near Robstown in Nueces County, faced a serious situation on the labor problem. On account of the Mexican revolution, which had caused a shortage in Mexican help in that section of the state, they were unable to secure laborers to chop down weeds which were fast choking out their crops as a result of recent rains. On learning of the predicament of their farmer friends, the citizens of Robstown called a mass meeting to find a way out of the situation. The result was that one hundred men and boys of Robstown secured hoes and offered their services in combating the weeds. All the proprietors were in the field chopping weeds. It augurs well for the future of a community when the farmers and the business men co-operate with each other and help to solve each other's problems.—Commercial Secretaries.

MOTHER'S DAY.

Synopsis of Sermon by Rev. R. A. Gay at Presbyterian Church (Text—John 19:25)

The Cross of Jesus, the Christ, stands for the burden, the curse, and the shame of sin: "He bore our sins in His own body on the tree." "He was made a curse for us; for it is written: 'Cursed is everyone that hangeth on a tree.'" "He endured the cross, despising the shame, and is set down at the right hand of the throne of God."

All the burdens of life imposed by sin are borne on the cross; every imprecation of evil; every malediction of men, and every source of calamity finds its place in the curse of the cross; the keenest sense of guilt, of degradation, of humiliation, and of disgrace are painfully evident in the shame of the cross.

The glory of the cross obtains in its triumph over sin, and in the life from the dead, but the glory of the cross was not yet manifest in the instance of the text, only its curse and shame; and those who "stood by the cross," saw not its glory, but were under its shadow. Mary, the mother of Jesus; Mary, the wife of Cleophas; and Mary Magdalene, the maiden, were the inner circle of this little company that gathered about the cross and ministered with breaking hearts and imploring presence to the awful tragedy. And in the order of their presence, maidenhood, wifehood, motherhood, we may find the true relation and attitude of womanhood to the burden, the curse, and the shame of sin.

Tho it be charged that, in her weakness, woman yielded to the tempter and became the agency for the introduction of sin into the world, and thereby the primary cause of life's burden, and curse, and shame yet, be it said to her everlasting praise, she did not shrink nor run away when the weight of these things fell upon her shoulders. She bowed beneath the curse and the shame of the cross without a murmur, and took upon herself the burden her own sin had imposed. Tho she betrayed her weakness by yielding to the tempter, yet is her superior strength and courage manifested in bearing the weight of her self-imposed misery until she is chosen as the mother of the world's Redeemer. Let it be said, if you will, that she brought sin into the world through her weakness, but let it not be forgotten, that she is honored of the Lord in bringing in a great salvation from sin. First in sin, she is the last at the cross and the first to emerge from its shadows in the dawn of the resurrection morn.

If, as the companion of man, she brought in our troubles, yet, as the companion of God, she has prevailed, recovering the loss sustained and more. But in the achievements of womanhood, the zenith of her glory is in the relation of motherhood. It is the glory of the maid to be a woman; it is the glory of the woman to be a wife; it is the glory of the wife to be a mother; it is the glory of the mother to stand undaunted in the shadow of the cross and bear the burden of life for her own. Her very life is given in tender, loving care when helpless infancy is beginning the process of its unfolding, and her great heart of love and devotion nourishes the tender plant into a vigorous growth. She shares heartily in all the troubles and disappointments of youth and is painfully conscious of all their sorrows. She cheerfully bears the burden of domestic cares and household drudgery that her sons and daughters, when grown to manhood and womanhood, may be free to enjoy the pleasures of life, unhindered by toil. When affliction comes, she stands by the cross with steadfast devotion, and always finds some mitigating circumstance for an erring child.

"Through the long hours of night,
When tears bedimmed her sight,
Our pain she soothed.
Our pain she soothed.
Never of self a thought!
Always for us she wrought;
With tireless love she sought
Our path to smooth."
"The bravest battle that ever was fought,
Was fought by the mothers of men."

Mrs. W. C. Dew and Miss Nina Burks visited in Brownwood this week. Presiding Elder Cowan preached in the Methodist church Sunday night and held quarterly conference in that church Monday night.

LAYMEN'S WORK

Following up the suggestion in the Eagle last week under the head of "Laymen's Work," the "Gospel Team" of the Presbyterian Church, under the leadership of the pastor, went out to Big Valley Sunday afternoon for their initial service in team work.

Previous announcement had been made of our coming and a large, enthusiastic audience greeted us. It seemed that the whole community—men, women, and children—had come together, and they gave us such a hearty, whole-souled reception that we were exceedingly glad that we had gone.

I must say just here that the laymembers of the team are most excellent mixers already. The musical talent of the community rendered most delightful music for the service, and the melody of the song continued long after the service was dismissed, while the people lingered and had a most pleasant social half-hour. It was both good and pleasant to be there.

As to the scope and conduct of the service, it was nothing more than a simple informal gospel service, with a simple message of salvation vindicating the mission of the Son of God in the world seeking the lost. A most respectful and attentive hearing was given by the audience and many good, hearty expressions of affection were heard on every side. A goodly number of the townspeople were in attendance and participated in the service of song and worship.

The team intends to go out in some other direction about the first Sunday and return to Big Valley again about the fourth Sunday. We are under obligations to Mr. Lee Jones for his car and a means of conveyance. And, by the way, Mr. Jones is a member of the team, as is also Mr. W. M. Johnson and Mr. M. N. Trinson, Mr. J. H. Goodnight in the country is also counted among us.

LAMPASAS

R. G. Vernor, who has been making his home in and near San Francisco, Cal., for several years, is here for a few days with relatives. He reports the West in a state of great prosperity, and the choice country of the world.

F. M. Ramsey closed a deal by which he disposed of his ranch property in San Saba county to Mr. S. H. Buchanan and Mr. J. A. Laning of Llano county. The deal involved more than ten thousand acres of land.

Rev. Z. V. Liles is at home from Oklahoma, where he spent several days at the general conference of the Methodist church. He witnessed the passing of a resolution, which will become a rule of the church, prohibiting the use of tobacco in any form by those seeking to enter the ministry of that church in the future.

After a visit to Los Angeles, California, which consumed seventeen days, Sheriff A. R. Mace is again at home in the Lampasas court house, where he is a familiar figure and ever welcome. His visit to California was for the purpose of identifying and bringing back to Texas, M. R. Jones, who has been a fugitive from Texas for about five years. He is charged with arson in Coke county, and was granted bond in the sum of \$1000, and did not appear for trial. Much work has been done in the way of attempts to locate Jones, but not until about one month ago was anything reliable known of his location. He had changed his name and was known as Dr. Bob Miller. He rented some dental parlors and employed a number of students to work in his offices.—Leader.

LOMETA

J. J. Connel returned the first of the week from a business trip to Lockhart. Mr. Connel reports crops almost ruined in that part of the country by the excessive rains.

An improvement that will add much to Lometa, and one of which the entire town will feel a pride in, is being made this week in the grading of the streets that lead south from the Baptist church.

W. A. Dykes informs us that he has made a thorough canvass of the town and finds that he is sure of sufficient business to justify him in installing a first-class electric light plant in Lometa.

While en route to Lometa last Sunday afternoon, Mrs. Nancy Herring sustained a badly sprained arm, the result of an attempt to jump from the buggy in which she was riding. The horses became frightened and Mrs. Herring, thinking they were going to run, jumped, falling in a pile of rocks. At the time of the accident, she was eight miles from town.—Reporter.

SAN SABA

Mrs. R. O. Harris is visiting in Brownwood the guest of her daughter, Mrs. Hallonquist.

C. A. Sauer has bought the 150-acre farm place of F. M. Curry eight miles below town. The surveyor went out and surveyed the property Friday.

Miss Willie Pearson of Burnet county was here last week in the interest of the Order of the Eastern Star. She is a deputy grand matron and is reorganizing the chapter at this place.

Mr. and Mrs. L. C. Kennedy visited the former's cousin, Mrs. W. A. Smith the first of the week. Mr. Kennedy has been ranching in Oklahoma for several years, but is now on a trade for ranch property in western Texas.—News.

Pastor Garnett has secured Rev. E. E. Lyon, pastor of the first Baptist church of San Angelo, Texas, to assist in the revival to begin at the Baptist church on June 28.

S. P. Johnson of the Shaw Bend community says they are making preparations to harvest the biggest grain crop in his section that has ever grown out there. The farmers of that section have bought 2050 pounds of twine and 5330 sacks which they will use this year.—Star.

HAMILTON

Dr. W. B. Everitt attended the meeting of the State Medical association at Houston last week.

Taking their friends somewhat by surprise last Saturday a 9:30 p. m. Eph Roddy and Miss Booker Staff repaired to the home of Rev. and Mrs. W. B. Everitt and were united in the

holy bonds of wedlock, Dr. Everitt performing the ceremony.

Jim Oglesby of Lanham was in town Monday and informed us of the organization of a Union Sunday School on the first Sunday in this month at the Anglin school house three and a half miles southeast of Lanham.

Mrs. John L. Sills returned last Saturday from Marlin where she visited her uncle, Mr. J. R. Eddy. This is the first trip Mrs. Sills has taken on the railroad since it came to Hamilton and it was a great treat to her.

There was a big slide of earth in the long cut on the Comanche branch of the Cotton Belt just west of the crossing of the Stephenville wagon road last Wednesday. The railroad track was submerged with earth to the depth of several feet, and an immense pile of it was loosed from the hillside. The passenger train, due in Hamilton at 12:55 yesterday could not get past, and the Stephenville train had to run out a distance of six miles and get the mail and passengers which were transferred.—Herald.

COMANCHE

Chas Gardner and Miss Willia Mae Abbott were married Sunday afternoon at the home of the bride's sister, Mrs. Julia Gibson, near town. The bride formerly was an attaché of the local telephone office, while the groom is connected with the compress.

Commissioner W. T. Dobbs of this precinct informs us he lost two bridges this week in his precinct on account of hard rains. Both bridges were across South Copperas, in the Gap community, and both were of steel construction.

Friends of the groom in this city were surprised this week to learn that Howard K. Patrick had left for Stillwell, Okla., and that he would return Saturday or Sunday with a helpmate. The wedding occurred Wednesday night, the 20th, at the home of the bride's parents, the bride being Miss Tessa Woodruff, a daughter of a prominent physician in Stillwell.

The jury in the Walter Pierce case, charged with the murder of Dick McCoy at Gustine some three months ago, while the Cotton Belt railway was being built in Comanche, reported at a late hour last Thursday, giving Pierce a sentence of two years in the penitentiary. Most of our readers are familiar with the case. Pierce and McCoy were both employed in the building of the road, and became involved in a difficulty. Pierce stabbing McCoy with a knife, McCoy dying fourteen days afterwards, it is alleged, from the effects of pneumonia, the knife penetrating the lung and causing pneumonia to set in, according to evidence introduced.—Chief.

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does not thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters Veterinary Surgeon and Dentist, San Saba, Texas.

CEMETERY WORKING

There will be a cemetery working at the old Senterfitt grave yard on Saturday, May 30. All who are interested in the cemetery by reason of having friends or relatives buried there or on account of having lived in the community in the years gone by are invited and requested to assist in the work. There will be dinner on the grounds and an all day working, in order that the grounds may be cared for properly.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and drowsiness, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers. (Adv)

PICNIC POSTPONED

On account of the date of the Ebony picnic conflicting with the Priddy picnic the people of Ebony have decided to postpone the picnic at that place one week. Therefore, the Ebony picnic will take place on Saturday, June 13. Remember the date and be present, for there is going to be something going every hour from the rising of the sun to the going down thereof.

CHILD DROWNED

Little Donald Rudd, son of Mr. and Mrs. Chas. Rudd, was drowned about noon last Saturday in a small tank in the southern portion of the city.

The child, in company with several companions, had gone into the water and, it is supposed, he got over his depth or fell and was strangled, but the exact manner in which the terrible accident occurred can never be known. As soon as the alarm was given, Mr. Rudd and friends hurried to the tank and rescued the little body, but life was extinct.

Donald was a bright boy of six and a half years and was a favorite with those who knew him. He was manly and always polite and courteous. When the announcement was made that he was dead, there were many expressions of sorrow, for everybody liked him. A large number of friends and sympathizers assembled at the home to offer consolation and sympathy to the parents.

Funeral services were held in the Baptist church Sunday morning at 10 o'clock and the house was crowded to standing room. The Baptist and Methodist Sunday schools gave way for the services and there was no preaching at either place, in order that all might attend the burial services in the Odd Fellows cemetery.

The grief-stricken parents and other members of the bereaved family can be sure that they have the deep and abiding sympathy of all who know of their great sorrow.

HEAVY RAINS

Heavy rains have fallen in some parts of this county and in some of the counties west of us this week, while all over the country the crops are suffering from too much rain where the crops have been planted, but in many fields no crops have yet been planted, and those where planting has been done are needing work badly. With the good season in the ground good crops are assured, if the crops can be gotten under way, but if no seed are planted, the result will be different. With a few days dry weather cotton can be planted, oats harvested, and the growing crops worked out, then let the rain come—we will be ready.

CAPTAIN COOK, JR.

The standard bred and registered stallion known as the Campbell horse, will make the season at my farm three miles north of Goldthwaite on the Comanche road. Terms \$10 to insure. Will use due care to prevent accidents, but will not be responsible should any occur.

W. E. WIGGINS.

PLEASING RECITAL.

The recital given at the Page opera house on Tuesday evening by the classes of Miss Nora Hooks and Mrs. J. A. Gillespie, was a beautiful May festival, supplemented by readings and music. The program of the evening was opened by an overture by the City Orchestra, accompanied, at the piano by Mrs. John Scott, a talented musician.

In the first three acts of the concert, the Queen of May with her court of nymphs and fairies held full sway, and several pretty tableaux were given.

At the close of this celebration, an excellent reading was given by Mr. Barton Keese, after which the musical part of the evening was given by the pupils of Miss Hooks. Each number on the entire splendid program showed much skill and training and those taking part reflected credit upon themselves and their teachers. XX

PRIDDY PICNIC.

The picnic at Priddy next Saturday is sure to be well attended, as gatherings at Priddy are always enjoyable. All arrangements are being made for the entertainment of the people and a number of speakers have been invited. Judge F. M. Spann of Temple has announced that he will be there to represent Mr. Ferguson in the governor's race and it is stated positively that Col. Ball will have a representative at the picnic. Local candidates will also have an opportunity to speak to the voters and make known their wants. Those who fail to attend this picnic will regret it.

OBITUARY.

Last Saturday, May 23, 1914, a gloom of sadness overspread the whole town on account of the sudden death by drowning of little Donald Rudd, age six years and six months, son of Mr and Mrs. Chas. Rudd.

The little fellow was out playing with some other small boys when they decided to go into the tank down in Mr. Ashley's pasture. No doubt they had played in this tank many times before, but it was deeper than formerly, and the child being ignorant of this fact, little Donald soon got out where it was too deep for him and was drowned before any one could come to his rescue.

We can hardly realize that the dear little fellow who went scattering sunshine everywhere with his laughing brown eyes and sunny disposition, is now gone from us no more to return. Ah! it seems sometimes that God takes from us the sweetest, the brightest, and the best. When we go to a flower garden, we gather the flowers as we find them, in their most beautiful stage, so God often plucks the flowers of humanity in their sweetest periods of life.

But I would say to the heart-broken father and mother and all who loved him so dearly, the picture has a brighter side, the dark cloud has a beautiful glittering lining of silver. Let it comfort our hearts to know that little Donald will be in Heaven as he left here. His sweet, pure innocent face, laughing eyes, and sunny disposition will cheer us throughout eternity. "Let not your hearts be troubled. Ye believe in God, believe also in me. In my Father's house are many mansions; if it were not so, I would have told you. I go to prepare a place for you. . . that where I am, there ye may be also." And while He is preparing this place, He is gathering sweet flowers here and there and transplanting them to this beautiful realm to blossom throughout eternity. What a dreary place Heaven would be without children.

Ah! our dear Father knows best. And He plucks our darlings from us lest

We forget Him and His great plan. For those who trust Him during life's short span

He'll reveal an eternal weight of glory.

To those who believe the sweet old story.

Of the Cross and Jesus' love. Now, Donald beckons you from above. "Come," he says, "to this place with me,

Which from sorrow and tears is entirely free."

GREAT LOSS OF LIFE AND PROPERTY.

Millions of lives lost and gone down the dark way, while millions more are sick, suffering, starving, ragged, demented and dying on the account of the traffic in intoxicating drinks, and still in this enlightened day, men of families, so obstinate and blinded by the god of this world that they are still willing to vote for these death grinding mills to fill the hoppers with nearly one hundred thousand boys annually, to go through the process of making 100,000 drunkards, with all the heart rending cries of weeping wives, mothers, sisters, and starving, innocent children. God have mercy on us and open our eyes to a proper consideration of the awful consequences as a result of our past votes.

Fellow voters, if you will stop, lay aside your prejudices, and look at this awful proposition of unholding the manufacture and sale of whiskey, squarely and fairly for thirty minutes and you have any conscience at all, if any love for suffering humanity, I seriously doubt if you would ever cast another vote to perpetuate its manufacture and sale. If it had one single quality to hold up to the rising generations, to give it some little excuse, but alas, alas! it cannot be done.

Another battle is on, the powers of darkness are arrayed against truth, home, humanity, and the church of God. Every conceivable chicanery, from the awful power of money to the deceiving of the elect, if possible, is and will be resorted to. All the man with influence has to do to let it be known he is for sale is to make his bid, put his hand behind himself. The most desperate effort that has ever been put forth in any campaign cannot be excelled in this one, for the chances for the side of rum are weakening and the end is drawing near. Why lengthen their days by one indifferently act of ours? Why lay down our own guns and say next time will do when victory is already perching upon our banners and now is ours if we will but go up and possess the land? Why say we are anxious to see the life and soul destroying business come to an end? The alarm is being sounded and if we fail to realize that there is no middle ground, no place for indifference, no place to stop and listen to pleas and threats, misrepresentations, and every other conceivable decoy to divert us from the main issue which must be, sink or swim, live or die, survive or perish, this is the time of all times for every lover of home, truth, good morals, education, life, health, peace, prosperity, humanity and God to step to the front and let our friends, neighbors, and poor lost suffering men, women and children, that have come under the curse of rum, know that, deep down in our hearts, the very main spring of love and sympathy is pushing out and extending a helpful hand.

My dear fellow travelers to the judgment, can we afford not to think, not to act when the cries of the innocent and helpless are at our doors, and the great Captain of our salvation is urging us on to victory? Will our skirts be clear, even if others do win the fight and we are not known at the roll call when the smoke of battle has cleared away? Can we make any plausible excuse for not filling our places, when the enemy, with their millions of blood-earned, life, health, home, church, and soul destroying dollars are bidding for every one who can, in any way, be seduced, tracked and bought. Be not deceived, but keep your eyes and ears open, looking and listening for the silent, deceptive, slimy, tread of the enemy, whose highest ambition is to mislead you and when it is too late, make your now innocent boys and girls pay the penalty for your neglect, for your failure to hit while the iron was hot. If there ever was a time in Texas, when Christian people of all denominations would come together in a solid phalanx and, with no uncertain sound, condemn and crush to earth the unjust and untrue charges that have been flung in the faces of those called of God to preach the Gospel of His Son, it is now. If you have not read these foul and untrue thrusts at the very heart of Christendom, wake up! wake up and read! for they have

POMPEY CREEK.

For Eagle:

After four successive days of rain last week, we received an abundant rain Tuesday and Wednesday of this week. Crops are growing rapidly. Farmers are very busy when they have the opportunity.

We continue to take new scholars into our Sunday school, though the attendance last Sunday was hardly as good as usual. However, we hope to see the interest grow instead of weaken, and it takes just such young people as ours to create and hold interest. As yet not many of the older people have enlisted, but we are sure they cannot hold off long, seeing how earnestly and persistently and faithfully our young people are at work. Although our young people are doing excellent work, we need an adult class, and we hope the day is not far distant when we shall have a truly live and active adult class.

Miss Minnie Jenkins leaves Saturday for Brownwood, where she will enter school for a month or two. We wish for her unlimited success, but she will be sadly missed here.

Mr. and Mrs. Ed. Carlisle are the proud parents of a baby girl.

Frank Perkins and family were guests at the home of Clyde Weatherby, Sunday.

Mr. Morgan Black and family were guests at the Jenkins' home Sunday.

Miss Willie McDonald contemplates attending a summer normal soon, but we all sincerely hope that she will reconsider and remain here, as we could hardly afford to lose two of our leading ladies at once. Miss McDonald is one of the valued teachers in our Sunday school.

Mrs. Hale of Fisher passed to her eternal home Sunday at 5 o'clock, after a two weeks illness with paralysis. She left a husband and six daughters all of whom were at her bedside. The bereaved have sympathy of all who know of their sorrow. The remains were interred in the Duren cemetery Monday.

Mr. and Mrs. Arthur Hill of Democrat were guests of Mr. and Mrs. Jenkins Sunday.

R. C. Johnson and his daughter Mary of near Democrat, were guests of Mrs. Elza Smith the latter part of last week.

Misses Mary Johnson and Agnes Pitt of near Democrat had business in Goldthwaite Monday.

Miss Fanny Ingram of Duren returned recently from Molne, where she taught in the public school the past session.

Mr. and Mrs. Jack Hayes are rejoicing over the arrival of a baby girl.

A DINNER PARTY.

Mr. and Mrs. Edward Geeslin, bride and groom of only a few months, entertained with an elegantly appointed 7 o'clock dinner Tuesday evening of this week, in honor of Mrs. J. M. Gammon of Fort Worth, who is their guest for a time. The table was beautiful with its snowy damask. On the center was a bowl of roses with appropriate place cards and favors in the chosen colors. Covers were laid for ten and each one present was a near friend of the household. As a consequence it was indeed a congenial company. While it rained without, everything was brightness and happiness within.

The guests were Mr. and Mrs. Frank Geeslin, Mr. and Mrs. Walter Fairman, Mr. and Mrs. J. B. Whitman and Miss Bessie Hovenkamp of Fort Worth, a girlhood friend of the hostess.

SLUGGISH LIVERS STARTED PLEASANTLY

No Need to Risk Disagreeable, Dangerous Calomel, Now That Dodson's Liver Tone Takes Its PLACE

Plenty of people—thousands of them—have found that it is no longer necessary to risk being "all knocked out" by taking calomel when constipated or suffering from a sluggish liver.

Nowadays Dodson's Liver Tone takes the place of calomel.

What calomel does unpleasantly and often with danger, Dodson's Liver Tone does for you safely and pleasantly with no pain and no gripe. It does not interfere in any way with your regular business, habits, or diet.

Calomel is a poison, a form of mercury, a mineral. Dodson's Liver Tone is an all-vegetable liquid.

Of course, this reliable remedy has its imitators. But Dodson's Liver Tone has been made to take the place of calomel right from the start. The label on the bottle always has said so, beginning with the first bottle sold. And it is widely known today how good Dodson's Liver Tone is as a remedy and that Dodson never makes extravagant statements. He says that it "liven's the liver," overcomes constipation agreeably and makes you feel good, and if you are not satisfied completely with it, R. E. Clements will hand back the purchase price (50c.) to you with a smile.

Such statements could not be made without true merit to back them up and it is easy for you to prove them for yourself at no cost if not satisfied and convinced. (adv.)

Indigestion? Can't Eat? No Appetite?

A treatment of Electric Bitters increases your appetite, stops indigestion; you can eat everything. A real spring tonic for liver, kidney and stomach troubles. Cleanses your whole system and you feel fine. Electric Bitters did more for Mr. T. Peeble's stomach troubles than medicine he ever tried. Get a bottle by R. E. Clements (adv.) 50c and Rec.
