THE COUNTY FAIR.

An Urgent Invitation to Citizens to Take Part

The dates, July 28, 29, 30, set for the third annual exhibition of the Mills county fair, will soon be upon us, and we want to urge the support of every Mills county farmer, business and stockman, to lend their aid to make this year's fair a success, whether you want to enter some exhibit as a competitor for a prize or not. It is possible you have some product of your farm or ranch, or some specimen of poultry of which you are particularly proud. If so, we urge you to place on exhibition same at the fair. The committee having this feature of the fair in charge have made every arrangement they can toward making room for you, and will use their best efforts to assure you of their appreciation, and in exhibiting a specimen of your work, you will perhaps advertise your products more easily and cover a greater area than you could in any other manner, taking into consideration the small effort required and the outlay of expense, and again, you will probably inspire some one else to try to excel your success in that particular line, and in this manner lend a great help to developing the resources of Mills county of which county we are all proud, and glad we are citizens.

We are sure the highest results in any line, and especially in the development of this part of our great State can only be attained through the co-operative efforts of all interested, and it is for this purpose only that the Commercial Club, composed of the progressive business men of Goldthwaite, has fostered the fair, and members have so liberally given of their means and time to make it a time when we can get together and exchange ideas and experiences in our lines of work, and to keep you interested during

your stay, they have made provisions for instructive speakers and other kinds of entertainment, among which is an aeroplane that will give free flights daily. This is no "fake" but one of the largest military air-ships, and to any one who has never seen anything of the kind, we feel it will be worthy of some sacrifice to make the visit that you may observe it in operation.

We earnestly invite you to attend the fair this year and to bring some of your farm products along for exhibition, that you may feel it is as a citizen of Mills county, your fair, and we hope you will enjoy every minute of your stay. W. C. DEW, President, Commercial Club.

BAPTIST REVIVAL.

Beginning Sunday, August 2, there will be held a revival meeting at the Baptist church continuing probably two weeks. Rev. M. T. Andrews of Hillsboro, one of the leading pastor-evangelists of the state will do the preaching and his assistant, a prominent gospel singer, will direct the music. We earnestly desire the fervent prayers and hearty co-operation of Christians generally. Everybody is cordially invited.

J. C. NEWMAN, Pastor.

Miss Ethel Cherry of Hermleigh, Scurry county, arrived here Saturday night and will visit relatives and friends here, in Big Valley, and in San Saba county.

Mr. and Mrs. Jno. Brown, Mrs. T. T. Nickols, and Miss Ethel Cherry attended the funeral of Mrs. M. S. Wallace in Mullin last Sunday afternoon.

Ira Harvey and family left for their home at DeLeon Sunday, after a visit to his sister Mrs. C. M. Allen, and family in this city. Lisle Allen accompanied them home for a visit.

Dr. Anderson and wife returned to their home in Brady the first of the week, after a visit to his brother, Judge E. B. Anderson and family in this city.

Everything is in readiness for the biggest fair and reunion ever held in Mills county. We hope to make this a home coming for all former Mills county people, for they will see the people all assembled here and there will be entertainment for everybody every day.

Mrs. J. M. Arnold and children returned Wednesday from a protracted visit to relatives in Oklahoma.

Tom Piercy and wife left Wednesday for their home at Winslow, Ariz., after a visit to Mr. and Mrs. J. H. Mullens in this city.

The fair and reunion will attract many people from every direction. This will be the largest gathering ever in Goldthwaite and every citizen should assist in making the entertainment a success.

Elder J. S. Newman, a well known Primitive Baptist minister, preached two excellent sermons in the Presbyterian church here the first of the week.

Rev. L. J. Vann of Mullin was a visitor at Baptist headquarters Monday. He is now in a meeting with his church at Elkins with Rev. F. A. Tippin of Brownwood assisting. The church at Mullin has called Rev. Lee Heath, a student in Howard Payne. Mullin is a good church and always has a pastor for half time. They have had no pastor since Rev. A. R. Watson resigned a few months ago to accept the mission work of that association—Central Messenger.

The story was told to Goldthwaite residents.

Time has lengthened the evidence. Has proven the result lasting.

The testimony is from this locality. The proof convincing.

Mrs. Mollie Pierce, Brownwood, Texas, says: "For nearly a year I was in misery and physicians did not know what ailed me. They said that I would have to undergo an operation. I suffered from intense pains across my back. I saw Doan's Kidney Pills advertised and sent for a box. The third day after I began using them, I passed three gravel stones with great agony. I have had no sign of the trouble since. I am very willing to confirm my former endorsement of Doan's Kidney Pills."

(S. J. R. NO. 26.)
Senate Joint Resolution.
Joint Resolution proposing an amendment to Section No. 24, of Article 3, of the Constitution of the State of Texas, relating to compensation for members of the Legislature.

Be it resolved by the Legislature of the State of Texas:

Section 1. That at the next general election of the State of Texas for the election of State Officers, or at a previous general election, in case a general election for the State shall be sooner ordered by the Governor for other purposes, there shall be submitted to the electors of the State of Texas, for their adoption or rejection, the following amendment to the constitution of the State of Texas, as provided for in Section 1, Article 17, of said Constitution, relating to proposed amendments thereto, it being intended to amend Section 24, Article 3, of said Constitution relating to the pay of members of the Legislature, and extension of term of regular sessions, so that the said Section shall read as follows:

Sec. 24. The members of the Legislature shall each receive from the public treasury as compensation for their services twelve hundred (\$1200) dollars for the year in which each regular session of the Legislature is held, payable in equal installments on the twentieth days of January, April, July and October of the year in which the regular session is held, or every special session held in the year next succeeding that in which any regular session is held. In addition to said compensation the members of each house shall be entitled to mileage going to and returning from the seat of government, which mileage shall not exceed five cents per mile, the distance to be computed by the nearest and most direct route of travel by land, regardless of railways or water routes; and the Comptroller of the State shall prepare and preserve a table of distances to each county seat, now or hereafter to be established, and by said table the mileage of each member shall be paid. PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING ARTICLE XI, SECTION 7a, OF THE CONSTITUTION PROVIDING FOR AUTHORIZING COUNTIES BORDERING ON THE GULF OF MEXICO TO BUILD SEAWALLS.

(S. J. R. No. 22.)

Senate Joint Resolution.

To amend Section 7, of Article XI of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflows, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite, to sell such portions of the land as not reserved for public use by the county.

Be it resolved by the Legislature of the State of Texas:

That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a of Article XI, and that Section 7a of Article XI shall read as follows, to-wit:

Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the county Commissioners' court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district, for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas or the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or in the gulf for fill for the district, and right to sell the land when reclaimed and laid off as townsites or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and county may issue bonds or other evidence of district indebtedness for acquiring the property, building the sea-wall, reclamation developments and all incident thereto as expenses of sea-wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the county commissioners' court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who with the county judge as chairman, shall continue a sea-wall reclamation district commission whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and platting land of

district, issuing bonds or other evidences of indebtedness for same, subject, however, to all such rules, regulations, and acts of the commission being authorized and approved and ratified by county commissioners' court. The district must bear all expenses of sea-wall and purchase of the land and expenses of filling (filling) same and other expenses, and the same shall not in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election therefor. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, platting as town lots on a basis as such area of land is to be the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond or title for his land in town lots, less streets and alleys deducted therefrom for which on surrender deed may be demanded from the county after the district is walled, filled, and platted into streets, alleys, and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the county commissioners' court until owners of at least one-half of the proposed area of district petition therefor, and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay of legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county, acting through its commissioners' court.

Be it further resolved by the Legislature of the State of Texas:

That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots: "Against the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." Proclamation of such election shall be made by the Governor, as required by the Constitution and the law, and there is appropriated out of any funds not otherwise appropriated the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary, to pay the expenses of advertising and holding such election.

(Note.—S. J. R. No. 22 passed the Senate by a two-thirds vote, yeas 24, nays 1, and the Senate concurred in House amendments by a two-thirds vote, yeas 27, nays 0; and was passed by the House of Representatives with amendments by a two-thirds vote, yeas 114, nays 0.)

Received in the Executive Office April 1, 1913, and filed in the Department of State April 5, 1913, without the approval of the Governor.

ALL HONOR TO THE OLD Heroes of the Confederacy

REUNION DAY cannot fail to bring to our minds the terrible hardships endured by the men and women of fifty years ago while they were fighting for the right. The contrast between their mode of life and ours makes our modern conveniences seem almost luxuries.

Especially noteworthy is the vast improvement which has been made in the last half century in the manufacturing and selling of merchandise. Now-

adays everyone, in every part of this great land, can purchase fashionable, up-to-the-minute apparel practically as soon as it is shown in the big cities. Particularly is this true in Goldthwaite, where B. A. HARRIS is always on the alert to secure the new ideas in desirable merchandise right when they are newest.

With these vast advantages over the men and women of fifty years ago, our desire to look our best in their honor on the one day, or three days, of

all the year, which is dedicated to them, is indeed praiseworthy. In view of this fact, you will be intensely interested in the new apparel at this time.

This store has, with its customary forethought, carefully selected a splendid stock of Summer Merchandise to meet your approval for this occasion. You will find here the most desirable array of goods that it has ever been our pleasure to show you, at prices which will impress you with the remarkable values they offer.

HASKELL WATSON DEAD.

The sad news reached this city a few days ago of the death of Haskell Watson at Wichita Falls. His mother and other relatives here were notified of his illness. Friday and his brother Vernor hurried to his bedside, but arrived there too late to see him alive.

Haskell was reared here and is kindly remembered by a great many friends and they all sympathize with the bereaved family.

The following is taken from the Wichita Falls Times:

William H. Watson, aged thirty-eight, passed away Friday morning at the Wichita Sanitarium, after an illness of four days. Deceased was born in Cherokee county, Texas, the family moving to Goldthwaite when he was but a small boy. He had resided in Wichita Falls for about a year, and had been a member of the First Baptist church of Goldthwaite for more than twenty years. Burial will be at Galveston, Texas, where the deceased and family resided for several years. A widow and one son, nine years of age, a mother, sister and brother, residing in Arizona, H. M. Watson, cashier for the Buckeye National bank and Frank Watson, editor of the Copper Era of Mericini, to mourn his loss; also a host of friends and acquaintances, who extend condolence to the bereaved family.

TREAT ME RIGHT.

Those who are indebted to me should pay me at least a part of what they owe, for I need the money and need it badly. Some who are indebted to me individually and to Dr. Townsen and myself jointly have sold out and now have the money with which they should pay at least a part of the accounts. I have had sickness and other expense which makes it absolutely necessary that I secure some of the money due me right away. Don't overlook or forget this—I served you when you needed such service and now I am entitled to payment. Think right and act promptly.

GOLDTHWAITE NATIONAL BANK

TEST FOR VOTERS.

Austin, July 22, 1914.

Hon John. W. Roberts, Goldthwaite, Texas,

Dear Sir:—The Attorney General's Department by reason of a recent act of the Legislature, cannot render opinions to others than county and district attorneys, but I know that the question about which you inquire is one the department has already ruled upon, and as the time is short, and the opinion must reach you early if it would be of any service, I am taking the liberty of stating to you the department's rules on the matter about which you inquire.

It is this: The executive committee of the county has authority under Section 184 of Article 3093 Revised Statutes, to provide additional qualifications, that is to say, in addition to the test printed upon the ballot which is: "I am a Democrat and pledge myself to support the nominees of this primary", they may also require that persons who vote in the primary shall declare that they are not Socialists and that they are not Republicans and that they do not believe in the principles of either party. They have authority to prescribe this test as a basis for the qualifications to vote in the primary. If any person under oath declines to say that he is a Democrat and will support the nominees of the primary and that he is not a Socialist and that he is not a Republican, he should be denied the right to vote in the primary because the integrity of the party must be preserved and persons who do not believe in the principles of the party holding the primary should not be permitted to take part in the primary. If the law was otherwise, the law itself would be unconstitutional, because it would virtually destroy political parties by admitting its enemies to come into the party and vote upon the principles which go to make up the party.

I advise you that your committee was clearly within its power and authority in prescribing an additional qualification to the right to vote in the Democratic primary. I am sending you copy of the Terrell Election Law, revised to date, which I think you will find of interest.

Yours Truly,

W. A. KEELING,

Assistant Attorney General.

OUR GAS-MAKING BURNER

PLACED IN YOUR COOK STOVE SOLVES THE FUEL PROBLEM

Bakes Perfectly

Every Housekeeper Appreciates a Steady Heat When Baking.

Meals can be cooked much quicker than with the use of coal or wood.

Burner fits in any cook stove or range and operates perfectly, whether stove is old or new. Very easy to install and exceedingly simple to operate. Generates gas in one minute after lighting and in four to five minutes stove is hot. To put out fire valve is simply turned off.

Do not compare use of coal oil with that of gasoline, for the latter is more or less dangerous to use. Coal oil used in our burner is absolutely safe. Safer to use than any kerosene lamp, for the oil supply is several feet from the flame and the oil is fed into burner one drop at a time. The main thing to consider, however, is the perfect cleanliness and convenience involved.

QUESTIONS ANSWERED

We receive hundreds of letters asking many questions about our wonderful Vapor-Gas Burner. The main one is "How much oil will it take per day for ordinary cooking?"

Answer: One gallon per day of the cheapest grade of coal oil or kerosene. For fire all day one and one-half to two gallons or possibly more if very hot fire is had continuously. In summer, however, very little fire is needed. Oil by the barrel can be bought for about 8 cents per gallon, except in some parts of the west where the price is higher and where coal is higher in proportion.

Figure the cost of your present fuel and then

We Positively Guarantee Each and Every Burner

we send out to do exactly as we claim for it, if installed and used as we direct, or money refunded. MEN! If you want to lighten the drudgery of your wives, mothers, sisters or daughters, here is a way to do it and save yourselves more than two weeks of hard, dirty work per annum. Will you continue to lug coal and ashes to save \$10, the price of our Labor-Saving Burner? Then order a Vapor-Gas Burner now!

Sold by BELL & LUCK, Goldthwaite, Texas

PLEASANT PARTY.

No social function of the season has been more thoroughly enjoyable than the entertainment given the Bachelor Maids club Saturday evening by Mrs. John Sealy, in compliment of her cousin, Miss Myrtle Lane, of Dallas.

We are indebted to Mr. Sealy for the first of the evening's pleasures, a merry hay ride out to their beautiful suburban home. Then 42 and Rook were the diversions of the evening. Four tables were arranged throughout the beautifully appointed reception suite for the game enthusiasts. Mrs. W. K. Marshall won the game trophy—a hand-painted plate. During the game progressions, Miss Mary Alice Lowrie favored the guests with several piano selections. The concluding feature was the refreshment course, consisting of delicious cake and cream.

Bidden to share in the charming hospitality were: Misses Sherman, Martin, Prater, Hooks, Thompson, Hudson, Humphries, Lowry, Evans of Talpa, Anderson of Brady, Mes. James W. K. Marshall, Jno. C. Hicks, Leonard Skaggs

REPORTER.

WHAT THEY SAY.

San Saba Boosters Appreciate Their Reception at Goldthwaite.

In the write-up of the "Booster Excursion" by the San Saba business men advertising their fair, the San Saba News has the following to say of their visit to Goldthwaite:

"Goldthwaite simply put the big pot into the little one. This is a sister city and she did the part of a true neighbor. When the train pulled into the station automobiles were standing there ready. R. M. Thompson, editor of the Eagle, Will H. Trent, mayor of the city, and other prominent citizens at once got busy loading the visitors. Then for a spin of the city, around by the magnificent new court house, the high school building and thru the principal streets of the city among the mountains. This reception was so hearty and cordial that a big party of San Sabites are now planning to go to the Mills county reunion and fair July 28, 29, 30.

T. J. Taylor arrived last Saturday from Beaumont and will spend some time here with his parents, Mr. and Mrs. Wm. Taylor. He has been quite sick since his arrival.

"KING" CONSTIPATION OVERTHROWN.

Dethroned by Dodson's Liver Tone. Thousands Who Once Feared Constipation, Now Laugh at it.

It's little wonder that constipation has been called the "King of Human Ills."

Not that constipation in itself is so dangerous, or so alarming, but that constipation so surely leads to many and dangerous complications. At least 80 people out of every 100 are shackled at some time or other by constipation's "Reign of Terror."

But thank goodness thousands have found a safe and pleasant way to stop constipation, and it's not by calomel dosing either, because calomel is anything but safe. It's by taking Dodson's Liver Tone, the harmless vegetable-liquid which is recommended and guaranteed by R. E. Clements.

Dodson's Liver Tone is fast displacing the use of dangerous calomel. This is because Dodson's Liver Tone accomplishes exactly the same results as does calomel, but without the dreaded and disagreeable after-effects which often follow the use of calomel.

Dodson's Liver Tone should be in every home in the land. Get a bottle (50c.) today. It means good-bye to dulled brains, bilious headaches, "furred" tongues and a score or more of complaints which arise from constipation and sluggish liver. (adv)
