# THE GOLDTHWAITE EAGLE.

VOL. 21.

GOLDTHWAITE, MILLS COUNTY, TEXAS, MAY 15, 1915.

NO. 39

**PICKENS SPRINGS NEWS.**

Editor Eagle:  
A glad bowdy do to all you good writers. How I do appreciate the Eagle.

Sit over Miss Kate and give me a chair by Miss Dupli-Kate and Smiling Billie, as I would like to say just a few words to them as you will understand I have a heart polished with jealousy and when I have finished my conversation (What? did you say Billie was at Plainview) Oh! dear me. Why am I always so unfortunate. Yes he (I mean that Billie boy) has gone to Plainview, where lives that charming Dupli-Kate that is to call him "Dear" imitate his smiles and help fight every battle to the last one. Oh! what a shock to poor blundering Dish Washer. Just as she had at last, in her blundering way as she thought, made Billie to understand she thought him a handsome young man worthy of many compliments. Miss Dupli-Kate of course is more charming than poor blundering Dish Washer, otherwise she would not be living over there in that Plainview place. Now Billie (Yes it is you "Dear Billie," to whom I now speak) your letter was one of high appreciation to "Dish Washer" though just now as Billie has gone to Plainview it seems a smile from the rejected Dishwasher would be almost impossible, but as Billie was so delighted with the idea that Miss Dupli-Kate was to call him "Dear" reminds her of days past when she, as Billie said, awoke him from his slumbering and he explained to her, that hard headed blundering Dish Washer, his appreciation of being remembered. It makes me smile to think I came so near an opportunity of a pleasure trip to Europe, Billie and I in an air ship, just think Mr. Editor, now isn't that enough to make a girl smile, just to think of the pleasure of taking a sail in an air ship with that pleasant Smiling Billie boy and as Billie stated in his letter written last week, Miss Dupli-Kate was to imitate his smiles that seems to be very pleasing to that courteous lady, so Miss Dupli-Kate if there is a contest and lucky is the one who nearer imitates Billie's smiles, Dish Washer is there and you will have to twist your mouth three corners if you head her, for since the courteous Billie has passed compliments favorable to this poor blundering creature she finds herself spreading her face with smiles. Whether or not she is lucky, she is willing to try for the highly valued prize (Billie) and all the hope poor Dish Washer has is to head the accomplished Miss Dupli-Kate's smiles, and if I have blundered again and there is to be no such contest, Dish Washer so jealous hearted is left hopeless with her dear appreciated friend, Miss Kate as her comforter.

Well, I guess I must close, as I hear the rattle of that horrid waste basket. Best wishes to all.

**MOTHER'S DISH WASHER,**

P. S.—Pardon me Miss Kate, but I had forgotten to ask won't you join the contest if there be any? Just think of the prize, and Billie said in his writing last week he could not afford to act in any manner to betray the confidence of me, the Dish Washer and I have confidence in Billie to believe he will give poor Dish Washer a chance at imitating his smiles and I hope I am not mistaken.

**OUR HOME DEALERS**

The local dealer can sell goods as cheap as the foreign dealer and there is neither saving of money or good business judgment in sending your money away when you can help to build up your home institutions with it without extra expense. Next time you are tempted to send away for an article suppose you take the catalog of your home dealer and ascertain if he can not supply your needs at the same price, besides being prepared to make good any unsatisfactory part of the transaction. Give him a chance before sending your money away.

**ACCIDENTS AT HAMILTON**

Last Monday Miss Annie Scates, who has been working at the laundry and has been running the mangle, used as a presser, got her hand caught in the machine and it was horribly crushed. As there was no one close by at the time, she was unable to extricate herself and it was some time before she got her hand released and besides being crushed was burned so badly with the hot iron that the flesh came off. While her hand may not be taken off it is likely never to be of use to her.

The little five-year-old son of Mr. and Mrs. Will Walton who live five miles south of town was killed Wednesday evening while traveling along the road. They were hauling a hay press and the little fellow was driving the team when the press struck a telephone wire. The boy was knocked off on the ground and the hay press fell on him killing him almost instantly. His parents were both here in town at the time. It was a most unfortunate accident and the parents and other relatives have the sympathy of their neighbors and friends in their hour of sore distress.—Hamilton Herald.

**WATCH YOUR STEP**

The frequent calls made upon the public for assistance for various causes by wanderers and strangers makes it necessary to suggest to the charitably inclined that they look well into the authority and backing of those soliciting funds for any cause. Take as an example the rescue home work, which is of itself a most worthy cause, and you will find that every church organization and some lodges maintain departments to look after this cause. Then why give your money to those you have never seen and of whose character you know nothing, when you can place the same funds with a church or lodge with full knowledge that they will be properly used without undue reductions for "expenses." War sufferers relief funds and other causes are looked after in the same way by organizations of character and they who contribute to wanderers and strangers do so at their own risk and frequently to the detriment of the very cause they would assist.

Attorneys Harrison and Wilkerson were here from Brownwood this week attending court.

Dor. W. Brown, county school superintendent of San Saba county, was here Tuesday to attend the funeral of his aunt, Mrs. Brockenbrough.

W. W. Tippen, the handsome and popular banker of Mullin, was a visitor to this city the first of the week.

Texas declared her independence on the 2nd day of March, 1836. It is a little remarkable that Texas on that day was celebrating the anniversary of Sam Houston's birth. Sam Houston was born in Virginia on the 2nd day of March, 1793. He helped Texas win her independence by capturing old Santa Anna and his army at San Jacinto on the 21st day of April, 1836.—Joe F. Brown.

R. M. THOMPSON, Editor

For several days there appeared to be danger of a conflict between Japan and China, but their differences have been adjusted and there will be no trouble in that direction for some time, at least.

The verdict of acquittal in the case of Mrs. Carman at Mineola, N. Y., was received with satisfaction wherever the details of the case were known. Mrs. Carman was charged with the murder of a woman who was a visitor at her husband's office.

The statement of ex-President Roosevelt relative to the steamship disaster of last Friday afternoon makes it clear that this government would be involved in the European war in a mighty short time if he had hold of the reins of government. All American citizens regret the disaster extremely, but few desire to make it an occasion for declaring hostilities.

Former United States senator, J. W. Bailey, announces definitely that he will not be a candidate for the senate next year, which is pleasing information to his supporters as well as his opponents, or most of them at least, for few desired the strife and bitterness his candidacy would engender. A revival of the "Bailey" issue in Texas politics would be most regrettable and would undoubtedly be detrimental to the Democratic party.

The death sentence has been passed upon Leo Franks, who was convicted in Atlanta, Ga., of the murder of a young girl who was employed in the pencil factory of which he was superintendent. He made a speech to the court before he was sentenced avowing his innocence. The date for his execution was fixed for June 22. The prison commission of Georgia is yet to pass on the case to determine whether or not his sentence will be commuted to life imprisonment.

Most of those who are anxious for this government to become involved in the European conflict or the Mexican trouble want to "send" soldiers, but mighty few of them want to go or want their own people to be "sent." It is a great sight easier to talk war and urge war than it is to act the part of a warrior. President Wilson and Secretary Bryan are level headed and steady nerved and this country is not likely to be involved in war while those two patriotic statesmen are in charge of affairs.

The country was alarmed Monday by a report sent out that an attempt had been made to assassinate President Wilson. The report was doubtless occasioned by an attempt having been made on the life of Provisional President Garza of Mexico. The consternation occasioned by the rumor that President Wilson was the object of the assassin proved the high estimation in which he is held by the people of all classes and sections and the implicit confidence they have in him and his administration. There never has been a time in the history of this government when a clear headed statesman was more necessary at the head of governmental affairs than now.

The British passenger steamer Lusitania was sunk off the Irish coast last Friday afternoon and 1198 people perished, among them more than 100 Americans who had taken passage for Liverpool on Saturday previous. For a time it was feared the United States government would become involved because of so many American's having perished, but an investigation by President Wilson and Secretary Bryan revealed the fact that there was no occasion for this government becoming involved in the European conflict because of this most regrettable tragedy. The vessel was flying the British flag and frequent warnings had been given that the submarines would endeavor to sink it. It was also shown that the vessel carried a large shipment of ammunition for the English government.

## A TRIBUTE TO A HERO

In a description of the horrors of the Lusitania disaster of last Friday, the Houston Chronicle pays a just tribute to the Texas hero of the occasion—S. T. Moodie of Gainesville—who gave his life preserver to a woman and perished in the waves. The Chronicle says:

"A shot rang out and a great ship mortally wounded, floundered in a field of water. It was an hour of death and desolation. Women screamed in the clutch of eternity and men stood face to face with God. Terror piled on top of horrors. Confusion followed individual efforts to survive. The bravery of S. T. Moodie of Gainesville, Texas, rose high above the fear of death, and his name will live and thrill as long as the love of chivalry and knighthood beats within the human breast."

"He had buckled around his body a life preserver that gave him a chance for life in the deep waters of the Atlantic, and he saw in the despairing eyes of a terror stricken woman of the steerage a look that made the cork buoy around his body feel heavy. His brave soul couldn't resist the piteous appeal. He knew without the buoy his chance was gone, but he didn't care to keep his life at the sacrifice of the little helpless woman, and, in that awful moment, when human beings screamed like mad animals and clutched at anything that gave hope of life, S. T. Moodie unbuckled from his body his only hope and carefully fastened it around the frail woman of the steerage and walked away to certain death. It was the act of a brave man, the act of an American."

## MRS BROCKENBROUGH DEAD

Mrs. Sallie F. Brockenbrough, widow of Dr. M. C. Brockenbrough, died at the home of her daughter, Mrs. Whit Smith, in this city Monday afternoon, after a long illness.

Mrs. Brockenbrough was 71 years old on Jan. 8, 1915. She was born in Galveston, Texas, on Jan. 8, 1844. Her father, Mr. Joseph Porter Brown died in Galveston with yellow fever in July, 1844. She leaves one brother, Hon. Joe Frazer Brown, who lives at Cherokee, San Saba county, and one son, Joseph B. Brockenbrough, who is a druggist at Freeport, Brazoria county, Texas, and one daughter, Mrs. Smith, at whose home she died. They were all with her when the end came.

Mrs. Brockenbrough and family lived at Mullin for a number of years, where Dr. Brockenbrough practiced his profession, and afterward moved to this city, where he continued the practice of medicine until he was made keeper of the Brazos light house at Quintana, Brazoria county, which position he held until the time of his death, which occurred Oct. 13, 1913, aged 73 years and six months. She was a devout Christian and a member of the Presbyterian church and was esteemed highly by everybody.

Funeral services were held Tuesday morning and her remains were laid to rest in the Odd Fellows cemetery, the sad service being attended by a large number of friends of the bereaved family.

House Joint Resolution No. 1,  
A joint resolution proposing an amendment to Section 2, of Article 6, of the Constitution of the State of Texas, by adding thereto a provision authorizing a qualified voter to vote for State Officers, or on any proposition submitted to the voters of this State in a precinct other than the precinct of his residence under certain conditions, and making an appropriation therefor. Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, of Article 6, of the Constitution of the State of Texas be so amended as to hereafter read as follows:

Sec. 2. Every male person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years, and who shall be a citizen of the United States, and who shall have resided in this State one year next preceding an election, and the last six months within the district or county in which he offers to vote, shall be deemed a qualified elector, and every male person of foreign birth, subject to none of the foregoing disqualifications, who shall have become a citizen of the United States in accordance with the Federal naturalization laws, and shall have resided in this State one year next preceding such election and the last six months in the county in which he offers to vote, shall also be deemed a qualified elector; and all electors shall vote in the election precinct of their residence; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and providing further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before he offers to vote at any election in this State, and holds a receipt showing his poll tax paid before the first day of February next preceding such election. Or, if said voter shall have lost or misplaced said tax receipt, he shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. If any qualified voter in this state shall have personally paid his poll tax in the county and precinct of his residence, or secured an exemption certificate showing that he is exempt from paying a poll tax, he shall be permitted to vote in the county in which he may be on election day on any proposition, which may have been submitted to the voters of the entire State, and for any office to be filled by the voters of the entire State; also for members of either branch of the Legislature and Congress and judicial officials; provided, no voter shall vote for members of either branch of the Legislature, Congress, or judicial officials outside of the legislature, congressional or judicial district of such voter's residence, and nothing hereinafter shall permit a voter to vote at any place other than his residence, if he be within the county of his residence on election day. Any person offering to vote in any county other than the county of his residence shall deliver to the election managers his poll tax receipt or exemption certificate, who shall retain same until the following day and then mail same to the person depositing same to any address he may name; and in addition to depositing the poll tax receipt or exemption certificate, such person so offering to vote shall make an affidavit:

(1) That he is absent from home, and it will be impossible for him to return to the precinct of his residence in time to vote; (2) that he has not voted at any other election precinct on that day, and will not offer to vote at any other precinct in this State; (3) that he personally paid his poll tax within the time provided by law, or personally secured the certificate of his exemption from the payment of a poll tax.

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in July, 1915, the same being the twenty-fourth day of July, 1915, and the Governor of this State is hereby directed to issue the necessary proclamation for said election,

and to have same published, as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words: "For amendment to Section 2, of Article 6, of the Constitution, authorizing qualified voters to vote in precincts other than the precinct of their residence under certain conditions." Those opposing the amendment shall have written or printed on their ballots the words: "Against amendment to Section 2, of Article 6, of the Constitution, authorizing qualified voters to vote in precincts other than the precinct of their residence under certain conditions."

Sec. 4. No legislation shall be necessary to put into effect this article of the Constitution, but when adopted same shall be self-enacting.

Sec. 5. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of such proclamation, publication and election. JOHN G. McKAY,

### Senate Joint Resolution No. 3

A proposed amendment to the Constitution of the State of Texas, amending Article 5, Section 2 of the Constitution of said State, so as to provide that the Supreme Court of this State shall consist of a Chief Justice and four Associate Justices, describe their qualifications, tenure of office and compensation.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2, of Article 5, of the Constitution of the State of Texas be amended so as to hereafter read as follows:

Section 3. The Supreme Court shall consist of Chief Justice and four Associate Justices, any three of whom shall constitute a quorum, and the concurrence of three judges shall be necessary to the decision of a case. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be at the time of his election a citizen of the United States, and of this State, and unless he shall have attained the age of thirty years and shall have been a practicing lawyer or a Judge of a Court, or such lawyer and judge together, at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified and shall each receive an annual salary of five thousand dollars until otherwise provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for said officers; and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified.

Immediately after the adoption of this amendment the Governor of this State shall call an election for the purpose of electing two Associate Justices of the Supreme Court, one of whom shall, when elected, hold said office for four years and one of whom, when elected, shall hold said office for six years, and the question of which of them shall hold for four years and which of them hold for six years shall be determined by lot, as now provided by law.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation, ordering an election to determine whether or not said Constitution amendments will be adopted, and have the same published, as required by the Constitution and the laws of this State. Said election shall be held on the fourth Saturday in July, 1915, and the sum of Five Thousand Dollars (\$5,000.00), or so much thereof as necessary, is hereby appropriated from any fund in the State Treasury not otherwise appropriated, to defray the expenses of printing said proclamation and of holding said election.

Senate Joint Resolution No. 18  
A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Section 52 of Article 3 of the Constitution, authorizing the issuance of bonds for public improvements, and levying of a tax to pay the interest and sinking fund on same, and for maintenance.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 52, of Article 3, of the Constitution of the State of Texas be amended so as hereafter to read as follows, to-wit:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, or any defined district now or hereafter to be described and defined within the State of Texas and which may or may not include towns, villages, or municipal corporations, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory; except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution; and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation therefrom, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof.

(c) The construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof.

Provided, however, that under legislative enactment any defined district now or hereafter to be described and defined within the State of Texas, which may be formed for the purpose of reclaiming and improving overflowed and swamp lands in this State and maintaining the improvements thereof, may, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory, in addition to all other debts, issue bonds or otherwise lend its credit in any amount not to exceed fifty per cent of the assessed valuation of the real property in such district or territory.

Provided, further, that where a county, district or other political subdivision has issued bonds for improvements for the purposes named in this Section, the Legislature may authorize the levy and collection of taxes for the maintenance of such improvements, not to exceed fifty cents on the hundred dollars valuation in any one year.

Sec. 2. The foregoing amendment of Section 52 of Article 3, of the Constitution of Texas, shall be submitted to the qualified electors of this State for its adoption or rejection, at a special election hereby ordered for the Fourth Saturday in July, A. D. 1915, the same being the 24th day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment of Section 52 of Article 3, of the Constitution, authorizing the issuance of bonds for levee, drainage, road and other public improvements, and for taxes therefor," those voting against its adoption shall have printed or written on their ballots the following: "Against the amendment of Section 52 of Article 3 of the Constitution, authorizing the issuance of bonds for levee, drainage, road and other improvements, and for taxes therefor." Previous to the election the Secre-

tary of State shall cause to be printed and forwarded to the county judge of each county, for use in said election, a sufficient number of ballots for the use of the voters in each county, on which he shall have printed the form of ballot herein prescribed, for the convenient use of voters.

Sec. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5000) or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said election. JNO. G. MCKAY, (A true copy.) Secretary of State.

DEATH OF T. S. JAMES  
Editor Eagle:  
From my friend Hon. W. H. Marsh, of Tyler, I received the following information in reference to "Bud" or T. S. James:

"T. S. James was clerk in the New Tyler Hotel in this city. He dropped dead on the side walk in front of the hotel Dec. 7th last. He had not been sick or complaining and his death was a great surprise to his friends and acquaintances. His brother-in-law, Mr. Fouts, came and carried his remains to Grapevine, Texas, where interment was made Dec. 10th."

Bud James was born in Red River county, but the family moved to Hunt county, where they resided till 1876, when they came to Mills county and settled where Andy Hollis now lives, near Cole Springs. For several years he was a cowboy and was well known to all stockmen of the county, and no one was more respected than he.

He formed a partnership with me at Williams Ranch in 1883. The business was moved to this city in 1885, and our business relation continued till 1888. I have never enjoyed the acquaintance of any one for whom I had higher regard.

## "The Wonder Car"

You will have only yourself to blame if you are "talked into" buying an "unsuitable" or a "theoretical" Car.

The two commonest mistakes made in buying an automobile are—*First*, Buying a car not suited to your needs.—*Second*, Buying a car that has not passed the theory stage.

The first mistake—buying an "unsuitable" car—is perhaps made even less often than the second. But for your own sake study your needs sensibly, just as you study your household needs, and buy a car you *can afford* to enjoy—a car you will have pride in, and yet one that will not be a "ghost of reproach" to your good sense.

The second mistake—buying a "theoretical" car—is perhaps the sadder mistake of the two—because when you have made this mistake, you have on your hands some engineer's or designer's untried theory, instead of a tried, known, successful car. And you have paid a price that, put in the right car, would never have been a reproach—but would have

bought an automobile of real pride and joy.

It is because we see these two mistakes being constantly made—because we see sensible people being constantly talked into these "automobile fiascos" that we boast so much about the record of the car we sell—The Maxwell.

38,000 happy satisfied Maxwell owners are driving 38,000 handsome streamline Maxwell Cars to-day—at an up-keep cost that any man of any standing can afford, and at an original cost that is simply a practical investment.

### 200 Maxwell Cars Every Day

Twelve hundred a week, five thousand a month. That is the actual output of "The Wonder Car" right now and constantly increasing.

Not bare promises that cannot be kept, but actual deliveries to Maxwell Dealers.

Stop! Think a moment. There must be something back of a production so great. There must be the hearty approval and confidence of the public in the car they buy and the car must merit it all.

26 Maxwell cars every hour of the business day. Yes, that is just what the public are buying, and when you order a Maxwell, you get one the day you want it.

Back of each Maxwell stands one of the greatest and most efficient organizations in the industry, and one strong enough financially to insure you against the purchase of an "orphan car" and to give you actual deliveries of a wonderful car on the day you want it.

### The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers—in every part of this country—are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices.

This splendid Maxwell dealer service organization is perfected and completed by the chain of Maxwell owned and Maxwell operated Service Branches. Sixteen great Maxwell Service Stations are so located throughout the country that a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of the great advantages enjoyed by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will give you your car—not an excuse on delivery day

**CITY ATTORNEY'S OPINION**  
Mr. Will H. Trent, Mayor,  
Honorable Sir:—In accordance with your request I am herewith handing you written opinion in regard electing City Marshal.

All officers of the city hold for the term of two years, or if appointed to fill a vacancy, for the unexpired term for which they were appointed, and until their successors are elected and qualified; with but one exception. Arts. 483a and 483b, provided that the City Council may dispense with the office of City Marshal and may provide by ordinance for the appointment, term of office and qualifications of such police officer, or officers as may by such council be deemed necessary. Quoting further "Such police officer or officers so appointed by such city council shall receive a salary or fees of office or both, as shall be fixed by the city council, and such council may, by ordinance, provide that such police officer or officers so appointed shall hold their office at the pleasure of the city council and for such term as the city council shall from time to time direct; etc. I find that these provisions of the statute have been carried forward into ordinances of the city, Ordinances page 44; therefore the office of City Marshal does not now exist as to the City of Goldthwaite, and in lieu thereof we have a police marshal, as provided in said ordinance, which office is made appointive, consequently before the office of City Marshal, which may be elective, can be restored the above and foregoing ordinance must be repealed.

I further find that the Statutes, Art 388; Sluder on Municipal Corporations page 13, prescribe that the Mayor must name in his election proclamation the officers to be elected in any election of city officers, and that such election shall be held on the 1st. Tuesday in April of each year.

I further find that special elections are only authorized for election of Mayor or Alderman, and that when a vacancy occurs in any other office the same shall be filled by appointment by the Mayor with the concurrence of the City Council, Art. 396 R. S. Sluder on Municipal Corporations page 18-19.

I further find that the Statutes provide the circumstances under which an officer may be removed, Art. 564, Sluder, page 134, which I quote, "The City council shall have power to remove any officer for incompetency, corruption, misconduct, or malfeasance in office, after due notice, and an opportunity to be heard in his defense. In addition to the foregoing power of removal the city council shall have the power at any time to remove any officer of the corporation elected by them, by resolution declaratory of its want of confidence

in said officer, provided that two-thirds of the aldermen elected vote in favor of said resolution.

### Summing Up—

1. All officers hold their offices, as a matter of right for the term of two years, and until their successors are elected and qualified, and if by appointment until the end of the term which they were appointed to fill. Exception, Police Marshal.

2. An ordinance will be necessary to restore the office of City Marshal.

3. In order that an officer be legally elected the election notice must state that he is one of the officers to be elected, which is required to be published under the hand of the Mayor.

4. That such ordinance cannot be passed, and such proclamation issued in time to elect a City Marshal at the April election of 1915.

5. That a special election for such purpose would not be lawful; and if the office of police marshal is abolished by ordinance, and the present incumbent in said office discharged, the council will have to fill such vacancy by appointment.

6. That officers, except the Police Marshal, shall not be removed except for incompetency, corruption, misconduct, or malfeasance, or lack of confidence in said officer by two-thirds of the council, and then only after being given opportunity to be heard in their own defense.

J. C. DARROCH.

April 4th 1915. City Attorney.

There will be special music and entertainment for all.

## Non-Stop Service

You can imagine what it means to run a natural gas plant, pumping gas to four or five towns for their light, heating, cooking, etc. Those towns absolutely depend upon the continuance of the service.

Should a breakdown occur they would be in darkness and cold, with little or no means available for relief.

Of course the machinery of such a plant is of the very best, but the operation of that machinery depends quite largely upon the lubricating oil used.

A poor lubricating oil, by allowing the cylinders of the engines to score, might cripple such a plant for days and even weeks.

### TEXACO LUBRICANTS

are particularly successful under such requirements of service. They have performed in these non-stop service plants in such a way that the results are hardly to be credited.

Texaco Quality and Service make this success possible—the Quality which makes the Red-Star-Green-T Oils in your town valuable for all purposes. Be sure you have Texaco and you can go ahead with perfect confidence.

## DISTRICT COURT

### A Busy Week—Several Jury Trials—No Cases of Public Importance

This has been a busy week in district court at this place although none of the cases on trial were of public importance or public interest. A number of divorces were granted, a mistrial resulted in a suit of Sexton vs. G. C. & S. F. railroad and some other cases of interest only to the parties involved were tried.

The grand jury adjourned last Friday afternoon and re-convened Thursday of this week and continued in session until yesterday afternoon. An aggregate of 47 indictments have been returned, four charging felonies and the remainder charging misdemeanors.

The Mexican charged with the murder of a member of his race at the railroad camp some weeks ago, after having been convicted and given eight years in the penitentiary, was granted a new trial because the jury which tried the case arrived at a verdict by adding together the number of years each juror thought should be assessed as punishment and then dividing the total result by twelve, thereby arriving at the average of eight. This method of arriving at a verdict is not allowed to stand by the court of appeals. He was again put to trial yesterday and upon a plea of guilty of manslaughter he was given two years in the penitentiary.

It is believed the court will adjourn for the term today.

Messrs. W. G. Welch, Lewis Hudson and J. T. Allen were appointed to draw the jurors for next term of court.

### DEATH OF J. A. GENTRY

"Blessed are the dead which die in the Lord from henceforth: Yes, sayeth the spirit that they may rest from their labors and their works do follow them."

Mr. J. A. Gentry was born in Missouri, Nov. 27, 1841. Came to Texas in childhood and settled in what is now Mills county in 1886. After living a period of years respectively at Goldthwaite and Mullin he moved a few years ago west and after several days sickness died in his home at Bangs, Texas, May 11, 1915.

He leaves a wife and two sons and one daughter—Messrs Dave of Sherwood and Dennie of Rochelle and Mrs. Evje Walker of Styles are the living children.

Mr. Gentry spent sufficient part of his life in Mills county to make warm friends of the many people who knew him. They join in sympathy with the sorrowing wife and children. A thing consoling to the memory of this good man is the fact that those who knew him best speak in certain terms of esteem and love.

The last thirty-seven years of his life he was a true and faithful member of the Baptist church. Faithful to his pastor, faithful to his church and faithful to all requirements of God's Kingdom. It was not wrong for the Master to call him up higher. He is missed here. It is hard loved ones to go in life without him. May his God still the tempest of sorrow and bring by his grace all the family together again.

His body was laid to rest in the Mullin cemetery, May 12, 1915. Written by his personal friend,

L. L. HAYS

#### Urompt Service

is what we are equipped to give. But not so prompt that we cannot give the proper care to preparing good, wholesome food. The whole question is simply one of KNOWING HOW to do both.

### IN A BAD WAY

Many a Goldthwaite Reader Will Feel Grateful for This Information

If your back gives out; Become lame, weak or aching; If urinary troubles set in, Perhaps your kidneys are "in a bad way."

Don't delay—use Doan's Kidney Pills.

Here is good evidence of their worth.

J. W. Hewett, retired farmer, Lampasas, Texas, says: "The action of my kidneys was so irregular that I could get no rest and the kidney secretions were highly colored. They deposited sediment if allowed to stand. My sight was affected and my back lame. I had been reading recommendations for Doan's Kidney Pills and I tried this medicine. Two boxes drove away the pains and regulated the kidney action. My health has been good since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hewett had. Foster Milburn Co., Props., Buffalo, N. Y.
