J. W. Hill of South Bennett was a pleasant caller at the Eagle office Monday. He was exhibiting mohair measuring exactly one yard and worth \$15 per pound. It was sent him by a friend in western Texas to be exhibited.

The Eagle received a kind and greatly appreciated letter from J. B. Ferguson of Electra last Saturday. Mr. Ferguson says no place seems as much like home to him as Goldthwaite and he can be sure that we of Goldthwaite still consider him 'one of our folks.'

J. W. McAlexander's residence came near being burned Saturday night. He had carried a shovelful of coals into a room to start a fire in a stove and in doing so dropped a coal from the shovel onto the carpet without noticing it. BAPTIST EDUCATION CAMPAIGN

Drs. Geo. W. Truett and J. B. Gambrell are touring the State, meeting the workers in central places and laying on the hearts of all to do the best level best for our schools. Two of the Mills county campaign committee heard them in Brownwood last week and have the knowledge that will help in the campaign. We all declared that we would go home and carry the campaign into every church and to every resident member. Gambrell said: "Go to every church, if you get only 15 cents. Maybe you will get the life of some boy or girl."

There are fully 1000 Baptists in Mills county affiliated with our churches. We ought to give at least \$1,000.00 in this "round up," and possibly more. The rich and poor, and all between, should give with a holy devotion to the Lord. For any Baptist to fail to give in this campaign would be disloyal and almost criminal. Some ought to give far more than they have ever given to any cause. Now is the time to show our colors. Special rallies over the county will be announced next week in papers and by mail.

COUNTY AFFAIRS

In answer to Judge Allen as to how county affairs should be run, I have to say:

His first is that he has a host of enemies and that fact gives him great pleasure. I don't know anything about that, for I never had them.

Now, then, every two years the offices are open to any who want to be candidates and it should not make friends fall out and talk about each other and tell the public about it, unless it is facts.

The Judge says the Commissioners court employed a Houston man to audit the books when our own man could do the work at \$9 per day. The truth is Judge Robinson ordered the books audited by request of a former grand jury. The Houston man came here and made a contract with the Commissioners court and told them it would only take about five days to do the work, but Mr. Breeding did not come, but sent a man for the work and that man deserted our camp and went elsewhere to sojourn. Now, Judge Allen says the court paid the auditor \$500. If he received that much the Judge must have paid it to him, for Mr. Jones, the auditor only received \$380 from the county and he saved \$502.77 for the school fund, which the grand jury said Judge Allen drew on his own warrants. There was also \$331.03 misplaced from the local school and \$531.81 that this auditor found, but it was only an error and has been paid back.

The Judge charges me with showing his books to his friends, I could not tell his friends from anybody else.

It was the business of the trustee to come to my office and examine the books. No, Judge, there was nothing in the books. He says he only owes \$137. What became of the balance? We understand the court gave him the money. Now, the fact is, he had drawn his warrants and the cash, too, long before he asked the court to give it to him. Why did you get it that way? When the court refused to give you the money in open court you said you did not want it to go on the minutes, where it ought to have been. Did not want them to see it. Who?

The law says that where the county judge is ex-officio superintendent of schools the commissioners court may allow him not exceeding \$600 per annum and the minutes of the court must show when such amount was allowed. The minutes in 1910 show that the Judge was raised from \$300 to \$350 which is \$50 more than Judge Patterson ever received.

Now, then, the last grand jury, (all 12 of them) says some one owes the schools of Mills county \$502.77 and must pay it, by suit or otherwise. Here is the report to-wit:

Grand Jury Report

We, the grand jury of the October term of the District Court of Mills county, recommend to the Commissioners court that that body take such steps as are necessary, by suit or otherwise, to collect the amount claimed to be due the Mills county available school fund in the sum of \$502.77, as shown by an audit made by the John H. Breeding company, report of which was filed with said grand jury showing where said amount of \$502.77 was due by S. H. Allen, ex-county school superintendent of Mills county, Texas, to said available school fund with interest.

Witness our hands at Goldthwaite, Texas, this Oct. 13, A. D. 1915,

B. F. Geeslin, foreman; F. M. Tillman, T. F. Toland, F. M. Soules, C. A. Head, J. W. Tippen, W. E. Gray, J. A. Curtis, J. R. Massey, E. D. Forehand, W. H. Nelson, F. D. Webb.

Does that look like the Grand Jury exonerated him.

A part of the misappropriations were in the Goldthwaite and Mullin schools. The trustees at both places tried to employ these attorneys, but the judge had employed them all or nearly all. You know the judge claimed to be one and you also know the rest. Now, he says he will pay the attorney's fees to make himself pay it back to the school fund. Judge, that looks too good to me. Why don't you pay it back without a suit for you are the only one in Mills county that could run such a bluff—you that busted up the book trust. We have never bought anything from the trust, but we have some of your old accounts that they offered to settle for 50c on the \$1.00.

That your court bought the goods cannot be denied, because the records show it. G. H. DALTON, (Political Advertisement)

MULLIN

Editor Eagle:

Mrs. Dillar Fox of Big Sandy, Texas, and Mrs. Tim's Short from Arkansas, both sisters of our fellow townsman, J. H. Wilson, are here on a visit to their brother and will likely remain several days.

W. C. Dew was on our streets Wednesday shaking hands with friends. He came down to sell the lease south of town for the year 1916, which brought \$375.00.

The little daughter of Mr. and Mrs. Sid Eaton is very sick at this writing with pneumonia fever.

Mr. Johnson, living on Pompey, near A. N. Perkins, is real sick with pneumonia.

Thos. Hensley, brother of Frank Hensley of Mullin, is here on a visit. He lives at Alvrado, Texas.

There is being some changes made this week in the Methodist church, preparatory to receiving the new seats which have been ordered for immediate delivery.

The writer made a trip last Tuesday to Jones Valley and was surprised at finding so many nice rich irrigated farms in that section. The nice homes, large barns, herds of cattle, good horses, goats, hogs, fine fields of small grain, crops of corn, stacks of hay and many other noticeable things pointed to a progressive people.

It is a sad dark picture that a man being makes as he goes down under the power and influence of rum, which very frequently disrobes him of decency and all sense of honor to make him worse than the beast. H. C. COBB.

(7)—Plaintiff further represents that for a number of years over and in excess of the ten years next prior to the institution of this suit, plaintiff and his immediate and remote vendors under whom he claims have had and now have peaceable and adverse possession of said property, lands

and premises, cultivating, using and enjoying the same, and therefore, that all and every right, title and interest of all the defendants and each of them in and to said lands and premises, if any they ever had, is barred by the statute of ten years limitation.

(8)—That all of said statutes of limitation and all rights of limitation in plaintiff under said statutes, the plaintiff now pleads in bar of the rights, claims and demands of the defendants and all and each of them.

(9)—Plaintiff further represents that none of the defendants whatsoever herein named and that none of the unknown heirs of the defendants or either of them herein named have any right, title or interest whatever in, to or upon said lands and premises or any part thereof whatsoever; but that because and by reason of certain defective acknowledgments appearing in the history of said title in the conveyance or conveyances made by some of said defendants and because of the defective execution of certain of the deeds of conveyances by others of said defendants and because of defective or obscure recitations of the proper and accurate names in the conveyance or conveyances of other of said defendants and because of the defective record of the conveyance or conveyances executed by others of said defendants and because of the omission by others of said defendants to acknowledge their deed or deeds of conveyances, and because of the omission through inadvertence, neglect or mistake of others of said defendants to execute deeds of conveyances at all, although their intention to so execute is manifest, and because of the absence from the record of proper administration proceedings in, to, covering and relating to the estates of others of said defendants necessary to make the records show and disclose the authority of such defendants to execute and convey good, proper and sufficient deeds of conveyance properly conveying title to the properties in and by said deeds intended to be conveyed, and because of various and divers other and sundry omissions of the defendants or some of them to convey their right, title and interest in said property to either J. W. Driskill or his immediate and remote vendors, and because of various other omissions, defects, errors, clerical and other omissions apparent of

record in the deed and other records of Mills and Brown Counties, Texas, relating to the title to said properties or a part thereof, said records do not disclose that the defendants and all of them herein mentioned either by name and the unknown heirs of said defendants named parted with or divested themselves of the title to said property, lands and premises and all thereof, and the records in said Brown and Mills Counties, Texas, thus disclose that the said several defendants hereinbefore named and the unknown heirs of the said several defendants hereinbefore named have an interest or claim in and to and part ownership of all or some portion, respectively, of said lands and premises, and each and all of which constitute and is a cloud upon the title of the plaintiff and damages and slanders plaintiff's title to said lands, property and premises.

Wherefore, plaintiff prays for judgment for all of said lands and premises and the title thereto against all and each of said defendants and all and each of the unknown heirs of all and each of said defendants and that all claims of right title and interest in, to or upon all said lands and premises or any part thereof in favor of all or either of said defendants or the unknown heirs of all or either of said defendants be adjudged and decreed to be without merit and to be clouds upon plaintiff's title and that plaintiff have judgment removing said clouds and quieting his said title and he prays for costs and all such other and further relief to which he may show himself entitled, both in law and in equity.

Herein, full not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Goldthwaite this the 22nd day of November, A. D. 1915.

After a jolly half-hour, spent in pleasant rallery and conversation, tables were arranged for ever fascinating "bunco."
The lady's prize a dainty handkerchief was awarded to Mrs. J. A. Gillespie, while Mr. Max Thorpe captured the gentleman's prize—a gold stick pin.
A delicious refreshment course consisting of hot punch, fruit cake and fruit salad was served. The guests then repaired to the reception room where they were delightfully entertained by Miss Pearl Ebers, who rendered several musical numbers on the piano.
The evening was voted quite a success and the henpecked husbands are anticipating another reception next month.

A young lady stenographer in Chicago fell from the sixth floor of a building to the basement Monday and was only slightly injured. Her fall was broken by a truck load of paper boxes, which prevented her being killed instantly.

The ginners report was made public by the census bureau at Washington Monday and shows the 1915 crop to have been four million bales less than the crop of the previous year. The figures are on the amount of cotton ginned up to Jan. 19, which is practically all of the crop.

The advocates of woman's suffrage will endeavor to have the question of the submission of a constitutional amendment granting equal suffrage placed on the Democratic ballot for the July primary. The time is not far distant when women will be given the right of suffrage and if the question is submitted this year it will be mighty likely to receive a majority vote.

Attorney General Looney this week won a decided victory over the six brewery companies against whom he had brought suit charging a violation of the anti-trust law and making contributions to political campaigns by means of paying for poll tax receipts and otherwise. The companies agreed to pay the state \$286,000 fine and to have their charters forfeited, altho they deny the guilt.

There was a very unusual celebration at Wharton this week, when a re-organized bank re-opened its doors and announced that depositors would be paid in full. The opening was announced by the ringing of bells in the town and the firing of anvils.

In a speech in the lower house of congress Monday the leader of the minority, Mr. Mann, announced emphatically and unreservedly in favor of the president's preparative policy. He urged non-partisan support of the administration's plan in this particular, stating that he favored an army of 300,000 or perhaps half a million and a navy that would be able to defend us on the seas.

A report sent out from Chihuahua, Mexico, some days ago that Villa had been captured by Carranza's forces proved to be untrue. Villa is not only at large, but he has a large following and is preparing to make trouble for the bewhiskered greaser who is the recognized head of the Mexican government. Neither Villa nor Carranza are capable of handling the situation in the outlaw nation and a leader must yet appear who can restore order. Some of those who have figured prominently in the affairs of that country in the past may be able to "come back," but it is certain that neither of the chiefs now at the head of bands of allied armies will be able to accomplish anything more than keep the country in a state of constant warfare and out-lawry.

Every business institution, educational, religious, municipal, or commercial ought to take the right road. Extravagance and waste will destroy any business. Incompetency is dangerous to business, large or small. Visionary schemes of the get-rich-quick idea should be discarded by every man. The poor man or small business ought not to try to follow the lead of the rich. The big business man will go over the precipice unless he adopts the right principles and the small man is doomed if he follows those who have no real ideas of business. A town, a business or an institution that fails to learn real lessons by actual experience is headed for the breakers. Failures hurt the entire community and are not alone disastrous to those engaged in the business. Incompetency, extravagance and a failure to intelligently dispose of business are the breakers in the community. It is not so much the business you are in but what you are doing while you are in that counts during the year.—Georgetown Commercial.

While it had for several weeks become a sadly assured fact that Judge A. C. Cathey was doomed to death, and thus the bereavement of the hour was anticipated by all, including his family, the sadness of the community was completely crystallized last Friday eve, when it became known that he had surrendered his immortal spirit at 5:10 p. m., January 14.

The Vanguard is reliably informed that the Texas Power and Light company is making every effort to complete the new electric transmission line into Comanche and that a large force of men are now at work on the line the company is building from Brownwood to this city. This line will supply light and power to the towns of Blanket and Comanche giving these two towns a continuous supply of electricity twenty-four hours a day from the big plant at Brownwood.—Vanguard.

HARD LUCK and A FRIEND

WHEN a man has hard luck and things do not turn out as he expected; when sickness enters the family and the hard knocks all seem to come in a bunch—does some good friend step up and offer his sympathy? Yes, likely.

Does he pat you on the back with words of encouragement? It is probable.

Does he offer you the services of his bank account? Not often.

But if you have been a saver, no matter what your lot may be, your bank account is better than your best friend. The money you have left here will do what he will not. It will put you on your feet again. Others have proven it—you try and see.

GOOD ROADS

Editor Eagle:

I see in last week's Eagle you mention "Road Work Needed" in box car-letters and it made mighty good reading for me. I talk good roads wherever I go.

We have one of the best road overseers in Mills county. His name is Paul Jones. He worked out his time and is going to work a lot more. We had a piece of road we had not used for over a year, so I proposed if they would stay with me it would be made passable again. This was agreed to by the workers and we went at it Friday and Saturday. After two days work with five good teams and a number of picks and other tools we had one of the finest pieces of road in the county.

Now, we can't get a bond issue in the county for roads, neither do I believe we can get a special tax levy voted for that purpose, therefore, the only reasonable thing to do is to work it out by co-operation—all hands from boys to old men. We worked three men on our road who were over road working age and they expect to do a lot more work to make good roads in this neighborhood. We have our road worked out to within five miles of town and there are twelve or fifteen hands on that end of the road who should do the necessary work and if they are not called out to do the work we expect the overseers to pay a sufficient fine to pay for having the work done.

Now, Mr. Editor, if you take a spin out our way you won't be bothered by any 2x6 culverts, for we have taken them out and graded the low places. Our road fund has been poorly used in paying for light lumber for badly constructed culverts, the sleepers of which are three or four feet apart and some of them layed down flat, thereby making it dangerous to drive over them with a heavy load. J. W. HILL.

MEN'S BIBLE CLASS

The men's Bible class of the Methodist Sunday school has arranged for a non-denominational men's Bible class to be held each Sunday afternoon at 3:30 o'clock in the Woodman hall. The first session is to be held Sunday and it is believed many men will be interested in the work. The object of this new organization is to give an opportunity for Bible study to men who are unable or for any cause do not attend any of the Bible classes of the churches in the forenoon. The class will be open to all men, the only requirement being that denominational or doctrinal questions be eliminated in the discussions. The sessions will not be dressup occasions and men are privileged to attend without their coats and clad in whatever apparel they desire. Membership in the class will not be restricted to church membership or church affiliation, but all men will be free to come to all or any of the sessions.

THE HABIT OF TAKING COLD

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90 degree F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere. (adv)

BIRTHDAY RECEPTION

Thursday, Mrs. Harry Martin asked a few of her neighbors to spend the afternoon informally, the occasion being Mrs. Henry Martin's birthday.

After the guests arrived the honoree came in and was surprised indeed to find so many callers. The hostess had provided "42" and victrola music as diversion for the afternoon. After several spirited games, congratulations and well wishes for the honoree, dainty refreshments were served the following: Mesdames L. R. Conroy, J. D. H. Wallace, J. G. Forester, J. A. Gillespie, Walter Fairman, J. C. Street, Henry Martin and Miss Sophia Martin.

A GUEST.

BAD HABITS

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere. (adv)

CHAMBERLAIN'S COUGH REMEDY MOST EFFECTUAL

DANIEL H. TRIPLETT IS DEAD

Daniel H. Triplett, aged 71 years, and for many years a lawyer of this city, died Tuesday at midnight at his home, 928 Boulevard, Houston Heights. Mr. Triplett had suffered with heart trouble and for the last few weeks was confined to his bed. He was very well known in West Texas as a lawyer before coming to Houston, to practice. He is survived by his wife, Mrs. Elizabeth Triplett three sons, Armistead Triplett, division superintendent of the Missouri, Kansas and Texas of Parsons, Kan., Wellington Triplett of Llano, Texas, and George Holman Triplett of Houston; a granddaughter, Miss Edith May Doughty, and a grandson, Leonard Doughty, Jr., midshipman at Annapolis.—Houston Chronicle

Col. Triplett was a practicing attorney in Goldthwaite in the early days of the town's history, having moved here from San Saba. He was a man of splendid intellect and a lawyer of great ability. For many years he was one of the foremost lawyers of this part of Texas and had an extensive acquaintance and a large practice. He moved from Goldthwaite to Houston about twenty years ago and has since made his home in that city. He is kindly remembered by many of the old settlers of this county and all who knew him honored him. He was ever true to his convictions and loyal to his friends. He was a gentleman of the old school—one whose every motive was good and every act was sincere. We of Goldthwaite join with his friends in Houston and elsewhere in sympathy for his wife and the other grief-stricken members of his family.

SOCIAL MEETING

The Woman's Home Mission Society of the Methodist church held its regular monthly social meeting at the residence of Mrs. Howard Trent on Monday, Jan. 24th, from 3 to 5 p. m. Mesdames R. M. Thompson, Walter Bailey, Henry Martin and Howard Trent composed the entertainment committee.

Upon the arrival of the guests they were ushered into the tastefully arranged dining room, where delicious hot chocolate and whipped cream was served with cake, carrying out the color scheme of pink and white. As each guest re-entered the living room she was given two tiny bows made of pink baby ribbon, at the same time being informed that if she failed to say "thank you" before answering any question directed to her she must forfeit one of her bows. At the close of this contest Mrs. Conroy was found to have seven bows in her possession.

The next feature was a word contest in which everyone tried to see who could be the first to make twenty words from the one word "Society". Mrs. Birdwell succeeded in being first.

A Bible contest followed, which required quite a little thinking, after which the exciting game called "Fruit-basket" was participated in by most of the members present.

Five o'clock rolled around all too soon and the guests very reluctantly withdrew, each one declaring the afternoon to have been a most enjoyable one.

The Society will meet at the Methodist church next Monday at 3 o'clock p. m.

LIVE OAK

Editor Eagle:
Well, did you ever see bad weather 'hold on' so well?
We have had a few warm sunny days since the last severe cold spell, but yesterday we had some rain and last night there fell a big rain and today the wind has turned to the north and we have a very heavy mist falling, which has the appearance now of turning to ice.

Some of our people are sowing their small grain over since the freeze did such damage to it. The road hands of this section gave the road a good working one day this week.

Mr. and Mrs. E. M. Simpson came down from Priddy Saturday to visit J. W. Griffith and family.

Mrs. J. D. Bryan is sick with la-grippe this week.

Charles Featherstone and family visited Circeo Jones and family Sunday afternoon.

Alvin Ross and family spent Sunday at the home of Mr. Scott.

E. J. Roberts and family visited at J. W. Griffith's Sunday.

Miss Velma Shaw visited Miss Dora Scott Sunday.

Mrs. Lottie Ross and children also Mrs. Ethel Keith visited Mrs. Maggie Griffith Tuesday afternoon.

A large crowd attended Sunday school at Liberty last Sunday, owing to the much improved health and weather.

Well, as I don't know much news I will close for now and let others have a "say".

SENATOR CULBERSON GAVE OUT STATEMENT

Monday that he was a candidate to succeed himself and the announcement threw the camps of the "peanut" politicians into confusion. The condition of Senator Culberson's health does not justify him in asking his friends to re-elect him, but since he has made the request there will be mighty few of them who will disregard it and those who have announced as candidates for the place can serve their own political interests best by making their withdrawal announcements early. Charley Culberson served the people of this state as attorney general for four years, then as governor four years and has now been a member of the senate for eighteen years and during all of that time he has never been caught flirting with the oil companies or serving the trusts, neither has he been accused or though capable of such conduct. This record is worth a great deal to him and offsets in a large measure the fact that he is unable much of the time to be in attendance upon the sessions of the senate.

FORDS HAVE ARRIVED

I have at last succeeded in getting a shipment of Ford Cars.

Those who have been waiting for a car are urged to come at once before the supply is exhausted. The new models are beauties and have some very desirable improvements.

Come to see me now, while I have the cars.

POLL TAX PAYMENTS

The time is very short in which citizens who have not paid their poll tax can do so and secure a receipt that will entitle them to vote for the next twelve months. Those who have not yet paid must hurry, for Monday will be the last day and the collector has no option in the matter.

Following is a list of payments for each voting box up to yesterday noon:

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

MILLER GROVE

Editor Eagle and Readers of the Eagle
We come to let you know that we are still on the map. As it has been so long since a letter was written from here, we had better locate our citizens who have moved in and out of our community.

Harvey Cherry moved to the Will Ford place, Claude Fallon moved on the place that Harvey vacated, Fred Davis moved to the Lige White place that Claude vacated, Rev. Hammett moved to Pompey and Mr. Criles moved on that place he vacated. Otis Hutchins moved to the Decker place, E. F. White is back on the place by the school house, Mr. Hopson having moved to Ratler, Angelo Smith moved to Pickens Springs, Cleve Perry built a new house near his mother's home and is domiciled there, Carl Perry moved to the place vacated by Cleve. Everybody drive to the right—be sure to give plenty of room—for J. D. Fallon has purchased a new Ford.

The Geeslin children of Mt. Olive visited J. D. Fallon's family Saturday night and Sunday.

Elder Dyches filled his regular appointment at the Ranch Sunday.

Rev. J. J. Daily preached at K. H. school house last Sunday. He was accompanied by A. P. McWhorter, Tom Faulkner, Jas. Tulles and Harvey Cherry. The above named families took dinner with J. J. Daily's family Sunday. We don't blame you for taking them with you Bro. Daily.

The young people enjoyed singing at J. J. Daily's Sunday night.

Our school is moving along nicely under the efficient management of Miss Annie Johnston of Goldthwaite. Miss Annie visited homefolks in Goldthwaite from Friday eve to Sunday eve.

Rube Wesson is at home again and looking well. Glad to see you, Rube. Mrs. Arthur McFarland and baby have been visiting her parents, Mr. and Mrs. E. T. Davis, this week.

Carl Perry and family visited his wife's parents Sunday night. J. W. Edlin attended the lodge in town Monday night.

E. J. Shelton, the village blacksmith, is improving some about his place. Mr. Shelton is kept busy in his shop most of the time.

Well, Mr. Editor, since the establishing of a mail route in our midst we do not feel so cut off from the outside world. We can get our news and other news now before it is so old and stale that we don't care to read it.

We hope to be able to furnish you with some data from our community during the year. Please push the waste basket under the table so that we will escape it this time as this is our first attempt here.

With best wishes to all, we will step aside for a better writer, JIM.

ROCK SPRINGS

Editor Eagle:
Health of our community is very good at this writing.

Will Stark has been very sick, but is much improved.

Sunday school and the B. Y. P. U. were well attended here last Sunday.

Sunday evening was our regular singing evening. Only a few were present, but we had some fine quartets.

J. R. Cooke and family came in the day this week in their new Overland for a visit to home folks. Mr. Lee Thompson accompanied them. Charlie Stark and family visited Terrell Roberts' folks one day this week and spent the day. Don Yarborough visited Wesley Stark Saturday and Sunday.

There was singing at the home of Charlie Stark Saturday night. Miss Ruth Perkins of the Bayou community spent last week with her sister, Mrs. Hugh Stark.

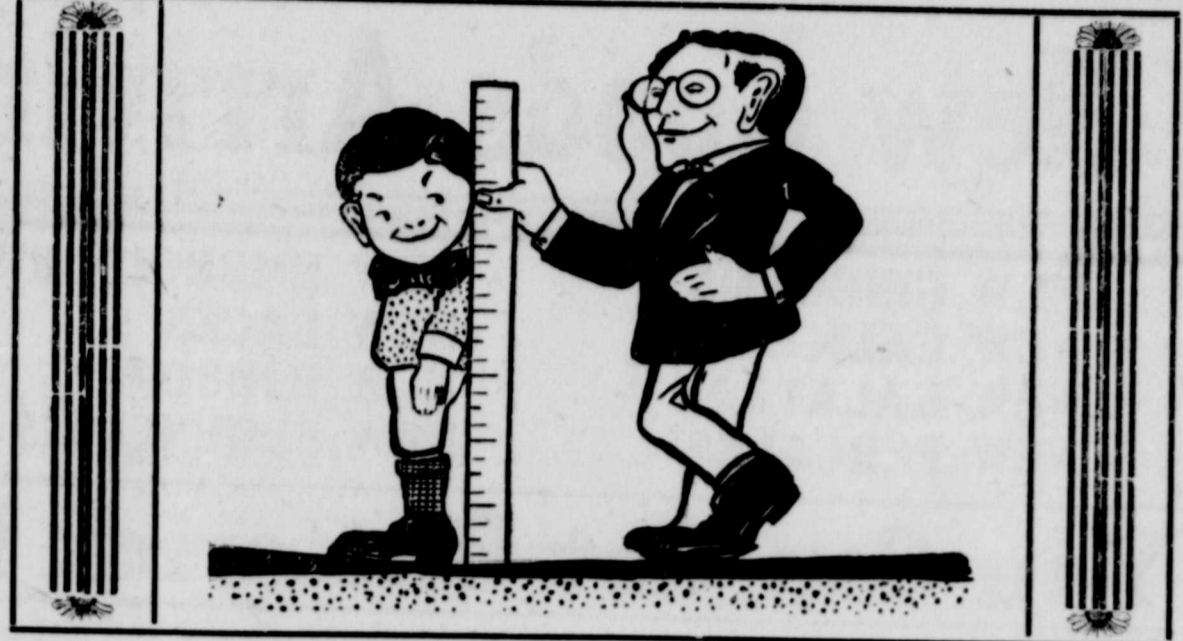

Bro. White of Brownwood will preach at Rock Springs next Sunday at 11 o'clock also at night.
JENNIE LIND.

By eliminating the agent-commission-busines, which means that amount saved for the buyer. STRAIGHTFORWARD TESTIMONY

Many Goldthwaite Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay, Doan's Kidney Pills are especially prepared for kidney ailments—are endorsed by over 30,000 people. Your neighbors recommend this remedy—have proved its merit in many tests. Goldthwaite readers should take fresh courage in the straightforward testimony of a Goldthwaite citizen.

Joe Taff, hotel proprietor, Goldthwaite, says: "I was subject to spells of backache for years. When these attacks came on, it was pretty hard for me to stoop or do anything. I have used Doan's Kidney Pills, procured from Clements' Drug Store, and they have always given me relief from these troubles. I think very well of this medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taff had. Foster Milburn Co., Props., Buffalo, N. Y. (adv)

CLUB MEETING

The regular meeting of the Commercial club will be held in the court house next Tuesday night and if it is especially desired that all members and all business men and property owners attend.

One matter that will likely come up for attention will be the appointment or selection of a committee to attend the open meeting of the Farmers Union at Liberty next Saturday night to confer with the members of that organization relative to co-operation in securing good roads for the county. One plan suggested is for every man—big, little, old and young—to do two days work on the road or pay \$2 for such work, the Farmers Union and the Commercial club to select the overseers, supervisors and others to have charge of the work. The details will have to be arranged and all who are interested in the subject should attend this meeting next Tuesday night.

I am running a job wagon in the city and will appreciate the patronage of the public. A phone message to Marshall & Dickerson's market or W. E. Grisham's store will reach me promptly. I transfer trunks and do other light hauling on short notice.—L. H. Level

For that run down constitution, where the system needs rebuilding and invigorating and a general building up is needed, the most valuable constructive tonic for the general constitution is San Tox Compound Syrup of Hypophosphates. This is a valuable general tonic and will give you entire satisfaction. Ask your druggist for this San Tox remedy. Note the sign of the nurse on each carton. (adv)

If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.
