EXPRESSION OF THANKS.
For myself and the great cause I represent I desire to thank all who in any way contributed to the success of the Red Cross Home Service benefit Monday night. Especially are thanks due Mr. Martin for the use of the opera house and picture machine, the orchestra for the music, the boy scouts for selling tickets, the good people who patronized the entertainment and others who contributed in various ways.

Chairman Home Service Dept.

CITY COUNCIL.
The city council held its regular monthly meeting Monday night and transacted business of a routine nature, such as auditing accounts and receiving reports from city officers. The city business was shown to be in excellent condition.

SCHOOL MEET
To The Citizenship of Goldthwaite:
I am taking the method of offering a word of explanation of some phases of the Interscholastic Program held Saturday, (the part that pertains to the entertainment of the crowd), and to thank in the strongest terms I know how, those who so willingly and gladly offered their services and money to the carrying out of this part of the program. I wish each and every person—man, woman, and child—to know that we appreciate your efforts and support on this occasion and shall always remember you kindly for same.

I wish to especially thank the Ladies of Goldthwaite and the different clubs of the town who assisted in the serving of lunch to the crowd. It may be that this part of the program was not as well arranged as it might have been, due perhaps partly to a lack of definite arrangements on my part, partly in account of the unlikely weather that no one knew just what preparations to make, and partly on account of the crowd being greatly underestimated, but mainly on account of some little misunderstanding, not in spite of these small mistakes and hindrances, I hope everything was reasonably satisfactory to everybody.

In connection with this, I want to also thank the business men of Goldthwaite for their support in the above undertaking, and I hope that each one may realize something, at least indirectly, from his money invested, and that much real good may come from this splendid co-operation.

Whether or not the entire day's program was carried out as it might have been, such work and efforts on the part of the boys and girls are really worth while

for it puts new school life and enthusiasm into the children, and is one more great factor in the development of our boys and girls into real manhood and womanhood.

I would not lose this article without saying a word for our Grammar School children, who were so willing to work hard all day in selling cold drinks that they might have part in helping to pay for our new piano. Mr. Smith reported to me that they realized some \$35 from this work which is mighty good to have had such a cold day.

It is very likely that some of the events of the smaller children were not carried out, but we simply did not have time for the entire program in one days time. I am very sorry if any child feels that we were inconsiderate toward them, for this is not the case, but instead was for lack of time.

EASTER MERRIMENT
The Merry Wives believing that pleasure and "doing your bit" can be combined plan many social affairs. One that will be a bright spot in memory, was an Easter event given at the Randolph home by Mrs. C. M. Burch and Mrs. J. H. Randolph. The living room was brilliant in an array of Easter decorations. Forty-two was the chosen diversion. Mrs. McElroy and Mrs. Fairman scored high among the ladies and in the cut Mrs. McElroy received a dainty Easter basket with ferns for her "flower garden" Mr. Gillespie and Mr. Brown cut for the gentlemen's prize and Mr. Brown won an Easter basket filled with plants for his war garden.

An ice course of cream and oatmeal cakes was served.

The personnel included: Messrs. and Mesdames J. D. Brown, T. F. Toland, J. A. Gillespie, W. H. Trent, Walter Fairman, C. M. Burch, J. H. Randolph, Mrs. McElroy and Mr. and Mrs. Bert Patterson of Star. REPORTER

Joe Peck was one of the good men of Star who transacted business in this city last Saturday.

J. P. Patterson, representing the Red Cross work, was here from Austin the first of the week and gave instructions as to the next drive for finances. He was highly pleased to find such splendid work being done by the chapter, the ladies organization, the young folks and the home service department. He said this last named department was one of the few that was self-sustaining and that before coming to Mills county he had learned it was one of the best organized counties in Texas in Red Cross work.

George Tomlinson has sold his farm in San Saba county, near Warren crossing, to Bedford Renfro and shipped his household goods to Twin Falls, Idaho, where he and his family expect to reside in future.

The Black Face Minstrels will be the attraction at Martin & Cline's opera house tonight. The entertainment will be by young ladies of the town for the benefit of the Red Cross.

Mrs. L. E. Miller left Tuesday evening for Bisbee, Arizona, to visit her sister, Mrs. Hoy, and family. She also expects to visit in California before returning home.

George Fletcher was one of the good men of the Mullin country who transacted business in this city the early part of the week.

Hugh Miller, ex-sheriff of San Saba county was among his friends in this city the first of the week.

E. F. White was here from Chamer valley the first of the week, transacting business.

Joe W. Morgan was here from the Antelope Gap section the first of the week.

Most people have commenced to adjust themselves to the new time plan.

AN APPRECIATION

Expectation does not lessen our grief. We may know that loved ones must soon depart and yet the shock is hard to bear. We knew that Bro. Chapman could not be with us much longer and were expecting the call at any moment, for quite a while, but our hearts were deeply saddened when the news came that he had died. We miss his prayers and his hallowed influence.

He was very old and "full of years." He was in his ninety-first year and every year was full of fruitfulness. His life was not the ostentatious kind, but one of those quiet, unassuming, irresistible sort that has power for God and the right. God and his family know more of his true value than the world.

Brother Chapman was an asset to every worthy enterprise. His influence reinforced every righteous cause. His record was left as a rich inheritance to his children. They shall never have cause to blush on his account.

In such lives as his we have an unanswerable argument for every claim of Christianity. Is the grace of God sufficient? More than seventy years of victories through many and varied trials answer yes. Can the power of God enable a man to live a consistent life, or is Christianity sufficient as a working principle for life? This life of unquestionable sincerity answers in the affirmative.

His loyalty to his pastor and church was a source of gracious inspiration and should be an example for the rest of us. No man of the world loves pleasure more than he did religion. His delight was to feast upon the good things of God. His constant prayer was that he might have a peaceful hour in which to die. He fell asleep in Christ like a child in its mother's arms. Surely we cannot doubt that God "will give grace and glory and no good thing will be withheld from them that walk uprightly."

To his children I would say, look up for your father walks the streets of gold and is talking with the Master and the redeemed—the latter he so much enjoyed here. Emulate his virtues and hand his influence down to the generation that is to follow you.

Prof. T. L. Price was next introduced and welcomed the visitors on behalf of the school and local teachers.

Three college men from Brownwood were the judges for the day.

DROUTH RELIEF.

Mr. J. A. Kinard of the state department of agriculture and Mr. J. D. Tinsley of the Santa Fe railway's agricultural department were here Tuesday, their mission being to explain the recently enacted "drouth relief" measure. A number of farmers were present to hear the discussion, but the benefits (?) of the measure were a little hard to see.

Few, if any, Mills county farmers would be able to get seed or feed in this way, because of the requirement that the applicant make oath that he has no seed or feed and is unable to secure such supplies. A farmer is only allowed enough seed to plant 60 acres in the aggregate and enough feed for teams necessary to cultivate that much land. He is not given the purchase price, but the county clerk gives him an order on the grain store for the supplies and the obligation operates as a first mortgage on his crop. If he don't make enough the first year to pay the debt it goes over against his crop for the second year. The tax collector is required to make collection and the county attorney is allowed 10 per cent if the account is collected by suit. The supplies can only be used for seeding the 60 acres and feeding the team.

The county pays the bill of the grain or seed dealer and holds the farmer's obligation. The money can be borrowed by the county from the state treasury, but must be paid back by the county within two years. No part of the money is donated or loaned to the farmer by the state. The county makes the advancement of seed and feed and is alone responsible for the return of any money borrowed.

City Election.

The city election was held Tuesday and proved to be quite spirited and interesting. There were no announced candidates and a number of the gentle men whose names appeared on the ticket stated they would prefer being excused from official responsibility. Nevertheless, those who were elected will serve. They are:

Will H. Trent, mayor.
J. C. Barron, attorney and secretary.
O. H. Yarborough, treasurer.
L. B. Walters, M. E. Archer, R. L. Steen, aldermen.

I. R. Oonro and Owen Priddy tied in the race for recorder, assessor and collector, which necessitates another election, which has been ordered for next Friday, April 12.

Cemetery Work.

All bids received by the Cemetery association for work on the cemetery grounds were considered too high and were, therefore, rejected.

Bids are again invited to be filed with Mrs. Chas. Ridd on before noon of April 15 for keeping the cemetery grounds clean from that date to Oct 1.

It has been determined that Germany in reality has a gun that will carry a charge approximately 75 miles. With this they have thrown many shells into Paris and have done some damage but the results are not what Kaiser Bill expected, by any means and the gun is looked upon more as an experiment than a permanent part of the artillery of the enemy.

The next Red Cross drive will begin the latter part of May and will be for one hundred million dollars in America, or an average of \$1 each for every man, woman and child in this country. The campaign is not expected to be on the \$1 around plan, as the last was conducted, but will be for donations in whatever amount the citizens will contribute. The public is now thoroughly informed on the Red Cross work and the necessity for the funds and it is believed the amount desired will be secured in a very short time.

Last week Railroad Commissioner Earl Mayfield withdrew from the gubernatorial race and this week Attorney General Looney announced his withdrawal. These are good men and the future may develop an opportunity for them to secure the high honor to which they have aspired, but they are too far-sighted and too well informed in political matters to believe they would have even a fighting chance against Governor Hobby, and besides, they say his administration has given to the people the identical reforms and reliefs they had hoped to secure for them.

The nation-wide campaign for the Liberal Loan will begin in all parts of the country today, which is the first anniversary of America's entry into the war. The subscriptions will be far more rapid and liberal than in former campaigns of this kind, if those who are in position to judge the situation are not very much mistaken. As the people realize more and more that the bonds are the best possible investment they gladly enter their subscriptions. When one considers the certainty of payment, the exemption from taxation, the continuity of the loan the advantages are realized. Fortunate indeed are those who are able to secure these bonds—the safest investment on earth.

It is well to look carefully into the acts of those who may reasonably be suspected of treasonable inclinations and, in this strenuous war-time it is well to keep one eye open all the time, lest we be taken unawares by some propagandist or some traitor who is prepared to betray his nation and his friends for a financial or other consideration. Notwithstanding these truths, we should also be careful in believing every report about a disloyal act or utterance. These may be charged to entirely innocent persons by those who are actuated by a spirit of malice rather than of loyalty. The meanest kind of a character assassin is that one who wilfully and maliciously charges a good and loyal citizen with disloyalty. This is a time when people are on the look out for traitors and a charge, tho' false, may injure a character beyond redemption. Weigh the evidence well and tho' if one be found guilty of traducing and assassinating his neighbor's character, you will know that he it is who would sell his nation should his prejudices be aroused.

SELF CULTURE CLUB

The Ladies of the Self Culture Club met in the Club Room at the Court House Thursday, March 28. A very interesting program was rendered. Most of the afternoon was spent in planning ways to do more Red Cross work, and receiving reports of the work of the War Work Committee. The Club is still sending magazines and books to the Camps for distribution among the soldiers. We should not forget that our boys in Camp like to read as well as the boys at home.

This War Work Committee is waging a county wide campaign in the interest of the Belgian Relief Fund and to collect clothing of all kinds for men, women and children in Belgium including shoes, tho' they be worn and without soles, also worn clothing and these must all be clean. These people in Belgium are a working class of people, and they can use anything in the clothing line that can be worn. Those donating to this work are asked to wrap their packages and put a list of the contents on the outside of the packages and if you cannot send your package to the Red Cross sewing room in the Court House please phone any member of the War Work Committee, being Messrs. J. H. Randolph, W. C. Dow, W. H. Trent and J. C. Street, and they will have the Boy Scouts collect these articles and they must be received by Saturday, April 6, as the need is urgent.

This is all being done to help the Red Cross in their worthy work. Each contribution, large or small will be appreciated. Please do not overlook this, for when you do you are neglecting to help some cripple, some widow or orphan.

This committee has had calls for two crocheted counterpanes, and they solicit the help of all crochet needles that they may get these made at once. They are to be made in squares, and a pattern and thread will be furnished to any one by the above mentioned committee, who will assist in this work. The funds from the sale of these will be contributed to the Red Cross.

A film has been secured from one of the best Film Companies and will be shown at one of the shows at an early date, for the benefit of this work. This work is not for Club Ladies alone but it is for every one who wants to help win the war, and we solicit the help and co-operation of the public.

The Club will meet Thursday April 11, at the home of Mrs. E. B. Anderson, and the following program will be rendered.

In Amounts of \$15.00, \$7.50 and \$2.50 respectively

To the Three Boys in Mills county, under 18 years of age, who can show the best returns from One Acre of land planted in any kind of food or feed products (watermelons and cucumbers debarred), with the restriction that the land cultivated must be "dry farmed" and a record of sales kept. If the products of the acre are sold to anyone related by blood or marriage to the contestant, the regular market price only can be paid, and no gifts will be considered. This bank will also give

\$25.00 in Thrift Stamps

In Amounts of \$15.00, \$7.50 and \$2.50 respectively

To the Three Girls in Mills county showing the largest returns from a Half Acre planted in a garden, on the same basis as the offer made to the boys.

RULES GOVERNING CONTESTS

All earnings must be, in both cases, invested in Thrift Stamps and a record kept of all sales.

All contestants are required to enter their names at this bank that we may keep a record of such. The plot of ground worked by contestants will be measured and approved by G. W. McDaniel, the county demonstrator.

Contests will close on Dec. 15 of this year. All that will be necessary to be judged will be to exhibit the Thrift Cards and Records of Sales.

No boy or girl living in town need be debarred from these contests, for we can show a record where \$230.00 was made by a girl from the sale of tomatoes raised on a city lot.

\$10.00 in Thrift Stamps

On the above named date we will give to any boy or girl, under 15 years of age, having the greatest amount invested in Thrift Stamps, earned by their own efforts, a prize of \$10.00 in Thrift Stamps. The only stipulation is that the contestants must earn the money the stamps are bought with and show a record of how it was earned.

TICKS! TICKS!
My Tick Eradicator Will Rid Your Stock of the Pesky Ticks!

You can mix this in salt and let them have all they want to eat of it and in a few days you are shut of ticks on your stock. I guarantee it. If it does not do the work, come to my office and get your money back - that's how I sell this medicine.
I also vaccinate cattle against TICK FEVER. If one takes the fever within 6 months after being vaccinated with my wonderful medicine, I will furnish you \$625 worth of medicine free of charge to treat your cattle. I am the man that's taking the chance, not you, for I am putting up \$625 worth of medicine against every animal I vaccinate, and it only costs you \$1 a head to have your grown cattle vaccinated and 50c a head for yearlings. My medicine does the work - there isn't any guesswork about it. Ask any farmer or stockman in Mills or adjoining counties.
I will have Dr. JOE BECK of Ft. Worth with me next week and want all the farmers and cattlemen to call and meet him, as he is a most interesting speaker on the subject of animal diseases.
Remember I also do a general veterinary practice - calls answered day or night - and keep in stock a full line of highest-grade medicines. My office is now on west side of square. Phone me about your animal ailments - don't let your stock die for want of a little treatment.

LIGHT, ARIZONA

Dear friends at Goldthwaite: It has been a long time since I have written you but if I had written sooner I might have told you how homesick I have been. Now that I am soon to be back in dear old Texas again it won't make any difference if you know it.

I have been availing myself of every opportunity to see as much of this state as possible. I do not much enjoy seeing the great herds, in which some of the cattle's ribs could be easily counted on account of their gaunt condition, caused by the long continued drought and subsequent lack of grass. Only a few farms here and there show signs of abundant harvests, for it was here as it was in Texas last year - there was sufficient rain only in spots.

I do not like to think of the vast number of men working under the surface of the earth without God's invigorating sunshine and pure, fresh air in order to get the rich minerals which make much of the great wealth of this state.

I do enjoy the majesty of the silent hills and mountains and the vastness of the great dome above them. Nowhere have I seen such lovely clear blue skies, such gorgeous sunrises to herald the coming of the "king of day" such matchless displays at his departure, such delicate shades of rose and blue, such wonderful blendings of colors. Twilight is beyond reproduction on canvass and dawn beggars description.

On mountains here and there may be seen various forms which are named from the things they resemble such as: the arm chair, the two heads, or Dos Cabezas, the sugar loaf, and the Sleeping Ceehise. As I look out of my window now, I can see the form of a man's face on the Chiricahuas, which reminds me of Hawthorne's "Great Stone Face." This is called the Sleeping Cochise, which is an Indian name and means "Sleeping Chief." On summit of the highest of these mountains that surround us are patches of snow which glitters in the morning sunlight like the brightest of new silver. God's wonderful handiwork makes some beautiful pictures around us in which the soul of the artist could read for days.

A week ago I had a nice trip to Douglas, a town on the border of the United States and Mexico fifty miles from us. My friend Miss Wolfe, whom I wrote you about Christmas invited Miss Eastham, Miss Hollingsworth, a young lady from Indiana who is visiting, and me to go with her. A young man friend of Miss Wolfe was so kind as to take us in his car. We were off by seven thirty in the morning, for we went for the expressed purpose of going to church and got there just in time. A young soldier boy dressed in soldier's uniform preached at the Baptist church that morning, and seemed afire with the love of God and serious with the weight of the cause for which we are fighting. He is a chaplain of the army stationed in Douglas. You may know that I enjoyed the sermon for this was the second that I have heard since I have been in this state.

After church I took dinner with Mr. and Mrs. Edgar Martin, formerly of Goldthwaite. It seemed good to spend an hour or two with these good Texas people and it made me feel very much at home. They are very much pleased with Arizona and Douglas.

My party soon returned for me and we drove around over the city a while to see the sights before starting home. We drove to the boundary line between the United States and Mexico, and would have gone across just to say we had been out of the United States, but it was guarded by soldiers. We would have gone to the custom house and obtained a pass, but that would have cost us \$2.50 each and then we would have had to leave our pictures taken two or three times so that if we were caught trying to escape into

another country to evade the law we might be caught and identified. Considering all these things, we decided to stay in our own country, but we saw the Mexican town right across the border and the country looks very much like Arizona, but the people of course were Mexicans and their houses and establishments were inferior to ours, as the Mexicans are inferior to the white people.

We got home before night and it did not seem as if we had been so far from home after all. The roads out here are such as would delight the hearts of many of our Texas motorists and save them many a garage bill.

I should be glad to drive fifty miles to church often if I had the opportunity. Your friend
Mrs. S. A. LOWRIE

C. M. BURCH

Those boys who left home just a short time ago are carrying the flag—the Stars and Stripes with its message of liberty toward Berlin. It's not an easy journey for them. Some of them will never reach Berlin and some will never come back home again. Hunnish bullets may cut them down or maim them; poison gas may suffocate them and barb-wire entanglements mangle them. They must fight for days at a time hip-deep in mud and slime. But they are carrying forward the flag—ready to give up their lives—that German autocracy may be crushed. They are glad to do it; they only ask to serve that they may save their folks back home in old Texas from the fate of Belgians.

What Are You Doing?

—W.S.S.—

Just what are you doing to back up the boys who are giving up their all—life itself, if needed—to protect you here at home? Are you carrying the flag here in Texas or are you hiding behind it and letting the boys do all? Their shoulders can't bear all of the burdens. They can't do everything for you. If the Texas men in France are to beat the Boche and come back home, they must have the cartridges your Thrift Stamps will buy; they must have the guns, clothes and food your War Savings Stamps will get for them. Are you going to refuse to save your money, are you going to keep on using non-essentials, are you going to refuse to buy Thrift Stamp and War Savings Stamps when the Texas Sammie laddies are crying to you for the aid that only you can give? Remember that your boy or your neighbor's boy is over there or they soon will be. Don't they mean something to you? Prove it, then, by saving and buying War Savings Stamps. They save soldiers and sailors, and they make money for you.

—W.S.S.—

Societies Will Save

—W.S.S.—

For every company of soldiers in the field or training in the army camps there should be a War Savings Society here at home. War Savings Societies will save soldiers; they are made up of people who have taken the pledge to save their money and invest as they can in war-winning War Savings Stamps. War Savings Societies will aid those boys in getting to Berlin and they will make more certain their return to home and Texas. If you can't be in the khaki-colored ranks, at least be in the company of soldier savers here at home by joining or forming a War Savings Society. Are the boys over there asking you to do too much for them when they request that little favor of you?

—W.S.S.—

That each county may get credit for the War Savings Societies organized in them, the secretary of every War Savings Society should not fail to report their formation to Louis Lipsitz, State Director of the National War Savings Committee, Dallas, Texas. The regulations require that two blanks, L3 and L4, which may be obtained from the State Director or the County Chairman, shall be filled out and mailed to Mr. Lipsitz.

EDISON'S NEW DIAMOND AMBEROLA

"The Life-Like Phonograph"

In Your Home For 3 Days

When you put an orchestra record on the New Edison Diamond Amberola, the Amberola becomes an orchestra; when you put on a vocal record, it becomes a singer; when you put on a violin record, it becomes a violin; when you put on a piano record, it becomes a piano. And so real, so "life-like" is the reproduction that it is difficult to believe that the singer or player is not actually in the room.

When you own a New Edison Diamond Amberola you do not even think of needles, because there are no needles nor any other kind of reproducer "points" to change. The stylus (or reproducer point) of the Amberola is a genuine diamond that never wears out. Neither do you have to worry about wearing cut and breaking expensive records, because Edison Blue Amberol records are almost unwearable and unbreakable. They have been played 3,000 times in Laboratory tests without showing a sign of wear.

Listen! Our Liberal FREE TRIAL OFFER

permits you to have an Amberola and a choice selection of Blue Amberol records in your home for 3 days without costing you one cent nor obligating you in any way. We make this offer so that you will be sure to at least hear the Amberola before you consider purchasing any phonograph or talking machine, whatever name it might have.

And when you do hear the Amberola, we want you to hear it in your own home, right where you would expect to use it after you bought it.

Why wait? Why deny yourself the delight of having "real music" of all kinds in your home? Come in today and get full particulars of our FREE trial offer, an offer without a string of any kind attached to it.

WHEAT CONSERVATION

The food administrator has asked that the public be extremely careful to conserve the supply of wheat flour in order that the armies of Europe may have a sufficient supply until another harvest. In order that this supply be provided it is necessary for a reduction of 50 per cent of the normal consumption of flour in this country, or that not more than one and a half pounds of flour per week be apportioned to each person. This is, perhaps, more than some consume under normal conditions and, if that be true, they can prove their loyalty by still further reducing their use of flour to make it one half of their normal supply. Many people have almost altogether discontinued the use of flour and this should be done in all cases where it is possible.

Rule No. 2 issued by the department says: Public eating places and clubs to observe two wheatless days per week, Monday and Wednesday, as at present. In addition thereto, not to serve to any one guest at any one meal, an aggregate of bread-stuffs, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, containing a total of more than 2 ounces of wheat flour. No wheat products to be served unless especially ordered. Public eating establishments not to buy more than 6 pounds of wheat products for each ninety meals served, thus conforming with the limitations requested of householders.

Conservation of food is not only a governmental requirement, but should be a real pleasure to the citizen—not a pleasure that the necessity exists, to be sure, but a pleasure because of the ability and opportunity to contribute to the great cause in that as well as other ways.

 A vote was taken to ascertain the sentiment of the audience in regard to suspending the use of wheat products in the community and the plan was favored by every one present.
 Following chairmen were appointed to look after the various departments of work and they were given authority to name their assistants:

DIXIE
FIFTH SUNDAY MEETING
 This was a great meeting in many ways. On Thursday night Bro. Bagley preached for us and the following morning the persons who had been placed on the program to discuss the different subjects began to arrive and we had a good attendance throughout the meeting.
 The various subjects were ably discussed, but one of the remarkable things was the manifestation of the Spirit during these discussions.
 At 11 o'clock and at 8 in the evening we had preaching and every sermon was a feast to us who listened.
 The missionary made a good report, and while the financial prospects look gloomy, it was felt we could not afford to discontinue the work. And the sacrifice some of the brethren were willing to make in order to carry on this phase of the Master's work was enough to move the heart of any one. With such a spirit surely the cause will go forward.
 The Priddy people know how to entertain. Provisions were made for dinner and supper on the grounds and at each meal ample provisions were made and to spare, and in their homes, where we went at night for rest, everything possible was done for our comfort.
 At the eleven o'clock service Sunday we had a great message, after which a collection was taken amounting to something over \$80.00.
 At three another soul lifting sermon, after which amid handshaking and rejoicing we parted to meet with Trigger Mountain church next fifth Sunday.
 I am sure every one who attended was glad they went.

CHURCH SERVICES
 A number of people have offered the suggestion that we hold our church service the same hour as we had before the change, saying it will be hot during the summer, and will be in keeping with the noon hour during the week. I will ask you to think over this matter as we will decide tomorrow.
 The reason I set the time as I did for the service was that it was not a matter of saving anything for the government. Some say let us be loyal to the new time. In what way? Are you going to plow corn Sunday afternoon? If so, then we should perhaps have service as early as possible. The Sabbath is a day of rest and we will be that day free from labor, spending the entire day in rest, as far as possible, so I thought it would be a good thing to give the people plenty of time to get ready on Sunday morning for the services.
 You take a mother that has several to get ready for the service. It is no easy task, more so where the man must meet the morning train for a paper. So in view of the fact we save no time, I am sure we would have more people come if we would give them this hour. A man that gets up before day for six days look-out for Sunday morning.
 Another thing, we have no lights on Sunday morning, and I am sure if some of our mothers send their little flock to Sunday School they will be compelled to get up before day if they must get them here by 9:45 new time.
 Some say we must get our ice Sunday morning or the plant will be closed. Well you will have more time is all. I was thinking we had no delivery of ice on the Sabbath, but if 25 to 50 cars must go to the ice house on Sunday, it would be far better for one man to deliver it and be done with the crowd that must go there on the Sabbath. As far as I am concerned, I will be glad to have you come early, but I am doing what I think will be best for all concerned.
 We cannot have our night service before the sun goes down, so it must remain 8:45.

Club Meeting.
 The Art and Ojvics club met with Mrs. Harry Allen on Thursday, April 4. After roll calls of current events a part of the afternoon was spent in the study of parliamentary law, which was helpful to all.
 Mesdames Walter Fairman, R. M. Thompson and W. E. Miller then gave some very interesting and inspiring reports of the district meeting of Federated Clubs at Coleman. They were forcibly impressed with all phases of the work and made to believe that our women's clubs really amount to something.
 Delicious refreshments were served to club members and guests as follows: Mesdames W. H. Trent, John Sealy, Byron Lowrie and Miss Mary Alice Lowrie. REPORTER.
 Misses Myrtle and Maidee Kirby returned to their home in Leona the first of the week, after a visit to relatives in this city.
 Now is the time to do your dog and goat fencing. DO IT NOW and buy your fence from Barnes & McCullough. They carry a large stock of these fences and their prices are absolutely correct. (adv)

 Mrs. W. E. Miller, president of the Civic League, announces a meeting of the league in the rest room of the court house Monday afternoon at 4 o'clock.

IT'S DRY! IT'S AWFUL DRY! It's so dry we are all inclined to feel a little discouraged, but let us not lose heart, because it's going to rain sometime. It simply must. And if the law of average has anything to do with it, we can look forward to more than our average rainfall, which will produce a bumper crop.

Therefore, be prepared by having a WEST TEXAS TELEPHONE installed at once. It will save you many times its cost in a business way, to say nothing of the convenience to your family.

Our long distance lines reach all points. Our rates are reasonable.

Special Music

Upon Thos. H. Ince, producer of the great film spectacle, "CIVILIZATION," which will be shown Friday and Saturday, April 12-13, has been conferred a most unusual honor. President Wilson invited Mr. Ince to Shadow Lawn that he personally might congratulate him on his remarkable achievement in creating such a monumental work as "CIVILIZATION." After Mr. Ince had returned to New York he received the following patriotic sentiment in the President's own writing:

The Nations of the world must unite in joint guarantees that whatever is done that is likely to disturb the whole world's life must be tested in the court of whole world's opinion before it is attempted, and the United States must be ready to join in the guarantee and back it up by her whole force and influence. Settled and secure peace can be made sure of in no other way when the present war is over.

WOODROW WILSON

Mr. Ince has added the President's message to "CIVILIZATION" in the form of an insert, and together with a portrait of Mr. Wilson, it will surely increase the widening interest now expressed in "Civilization" as one of the greatest object lessons in humanitarianism ever offered the world.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe

A BIT OF ADVICE

First—Don't Delay. Second—Don't Experiment

If you suffer from backache; headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidneys act irregularly, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Goldthwaite residents desire more convincing proof of their effectiveness than this statement of a Goldthwaite body who has used them and willingly testifies to their worth?

Mrs. Claude Dickerson, Goldthwaite, says: "I have great confidence in Doan's Kidney Pills as I have used them and they have benefited me greatly. I have no objection to recommending them as I believe they will give good results to anyone who needs a kidney medicine."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mrs. Dickerson had. Foster-Milburn Co., Mgrs., Buffalo, N. Y.

Do You Sleep Well?

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion. For Sale by L. E. Miller & Son. (adv)

COMING.

For three performances at the Dixie,

Thomas H. Ince's CIVILIZATION.

The impending engagement of Thos. H. Ince's incomparable screen success Civilization at the Dixie Friday and Saturday night, April 12 and 13, is an event of great importance to local show goers. Civilization, it will be remembered, created an avalanche of favorable criticism at its premier last spring in New York City, where it still remains one of the most pronounced successes. The story of Civilization runs the whole gamut of human nature and depicts scenes that are at once startling, emotional and sensational. In it many actors of reputation are seen to advantage, among the prominent being, Herschel Mayall, Miss Lola May, Howard Hickman, Miss Enid Markey, George Fisher, J. Frank Burke, Chas. K. French, J. Barney Sherry, Jerome Storm and Miss Ethel Ullman. The music for Civilization was especially composed by Victor L. Schertzinger. The book and scenario were created by C. Gardner Sullivan. There will be a special matinee for the school children Saturday at 3 p. m.

If I Were A Farmer

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By having these articles at hand it would often save trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear and thereby avoid the more serious diseases that so often follow. For sale by L. E. Miller & Son
