John Schlee of Priddy was among the prominent visitors to the big town this week.

C. V. Stephens of Ardmore visited his brother, C. L. Stephens, and family in this city the early part of the week.

Albert Hopper of Indian Gap was looking after business in the city Monday and made the Eagle an appreciated call.

Mr. and Mrs. B. L. Dillingham of Austin arrived in the city Tuesday evening for a visit to Mr. and Mrs. L. E. Miller.

Prof. M. L. Garrett of Moline was one of the prominent men in town Saturday and he made the Eagle an appreciated call.

Rev. Walther, formerly pastor of the Lutheran church at Priddy, came in from Walberg this week to attend the conference at Priddy.

The German Lutheran district conference was held with the Priddy church this week with a large attendance. The bounds of this conference extends from Austin to Plainview and has a large membership.

The public school is to open Monday morning. There will be no rush for school books the first day, as has been the custom in the past, for the books are now furnished free to the pupils and are already in the building.

A blue mark on the margin of your paper indicates the time for which subscription is paid has expired. Unless a renewal is received in a reasonable time the name will be dropped from the subscription roll. This rule applies to everybody.

T. A. Gardner this week sold his farm in the Live Oak community to N. P. Hames of Ranger, who expects to take possession of it as soon as Mr. Gardner can arrange to move. Mr. Gardner has not decided what he will do, but it is pretty safe to guess he will not leave Mills county.

WEST TEXAS EXHIBIT

Chester T. Crowell, publicity manager of the West Texas Chamber of Commerce, reports that the exhibit of West Texas products at the Indiana State Fair was a big success. The fair closed Saturday and the exhibit was moved to Louisville where the Kentucky State Fair opened Monday. From there it will be taken to Nashville, Tenn., and then to Kansas City.

Mr. Crowell expresses the opinion that some very desirable immigration will result from the showing of these exhibits and says that his experience thus far has led him to believe that a permanent exhibit of West Texas products ought to be maintained at some such points as Kansas City, St. Louis, Chicago or Indianapolis. We shall hear more of this, no doubt, when Mr. Crowell returns to Texas and makes a full report of the results of the trip. It is certainly a suggestion worth investigating.

The interest taken in the exhibit at Indianapolis, especially by farmers, is gratifying. Mr. Crowell has found that the average man who has never been in Texas has obtained his ideas of the state chiefly through moving pictures. The exhibit of West Texas products served to open the eyes of such people and gave them a new conception of the vast territory west of us. It might be said also that just now West Texas is being associated in the minds of people everywhere with oil wells. That is fine. But meantime we need development in all other lines as well, particularly in agriculture. That is why the exhibit is of exceptional value at this time. It gives an adequate idea of the vast oil development, for oil is well represented in the exhibit, but it also shows the other things which West Texas and the Panhandle produce. —Star Telegram.

Sheriff Evans went to Terrell Tuesday night to place Mrs. J. S. Hodge of Mount Olive in the asylum.

Aubrey Taylor, a popular and deserving young man, has accepted a position with Little & Sons.

Barton Smith has accepted a position in the Trent State Bank. He is an industrious and popular young man.

Charley Wilson left Saturday night for Cleburne to accept a position as linotype operator in the Review office.

Mrs. Evans of Center City, mother of Sheriff Evans, boarded the train here Tuesday morning to go to Winters for a visit to relatives.

Mrs. C. M. Murray, nee Vashti Power, returned to her home at Poteau, Okla., the first of the week, after a visit to her mother, Mrs. Power, in this city.

J. G. Jones, one of the prominent and prosperous young farmers of Center City community, looked after business in this city the early part of the week.

Wm. C. White, editor of the Cherokee Herald, visited his parents and other relatives in this city the early part of the week and made the Eagle a fraternal call.

The next meeting of the teachers' joint institute for Lampasas, Burnet and Mills counties is to be held in Goldthwaite. The institutes of other neighboring counties will be invited to join in the institute here next year.

Oscar Holland sold his place south of town this week to C. E. Miller of Ranger for \$4500. This section is attracting many of the Ranger people, who realize the property values, the good prospects for oil and the ideal conditions of every kind.

WHIT-SIMPSON

Berlin Whit and Miss Bernice Simpson, both of South Bennett community, were married at the residence of Mr. J. T. White in this city last Saturday night, Elder Wm. C. White officiating.

These young people have a host of friends in their home community and elsewhere. The groom is a son of Mr. J. C. Whit and the bride is the only daughter of Mrs. George W. Simpson.

They have the congratulations and good wishes of all who know them.

MILLS COUNTY TOBACCO

The first tobacco we have ever seen that was grown in Mills county was exhibited to us this week by Mr. T. J. Myers of McGirk. It was grown by Mr. W. R. J. Newton of that community and he has a fine supply of it. One of the leaves brought to this office measured 30x16 inches. It was grown on black land and cures nicely in this climate. Mr. Newton will cure 600 or 800 pounds of it this season.

RECOVER OIL LAND

Suit to recover 160 acres of oil land situated in Stephens county valued at \$8,000,000 was instituted in the Austin district court by the attorney general's department on behalf of the state of Texas against Gulf Production company et al. The state is also asking for \$300,000 damages. It is alleged by the state in its petition that the land in question belongs to the public free school fund of the state. The state alleges that the vendees, from whom the company purchased, forfeited their interest in the land by non-payment of interest. It is claimed there are four producing wells now on this tract of land.

The ice cream supper at Rock Springs last Saturday night was a great success and the ladies cleared \$42.32 for their efforts.

SHERIFF'S NOTICE OF ELECTION

The State of Texas—County of Mills.

Notice is hereby given that an election will be held on the 11th day of October, 1919, at Center City school house in common school district No. 18, of this county, as established by an order of the Commissioners Court of date the 15th day of May, 1888, which is of record in book 1, page 71, as changed February 14, 1894, which is of record in book 1, page 533, as changed February 10, 1897, which is of record in book 2, page 155, of the minutes of said court, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School fund apportioned to said district and to determine whether the commissioners court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding 50 cents on the \$100 valuation of taxable property in said district for said purpose.

J. M. Geeslin has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same, and he shall, within five days after said election has been held, make due return thereof to the commissioners court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this state and county and are resident property taxpayers in said district shall be entitled to vote at said election and all voters who favor taxation for school purposes shall have written or printed on their ballots the words: "For School Tax." And those opposed to such taxation shall have written or printed on their ballots the words: "Against School Tax."

Said election was ordered by the county judge of this county by order made on the 12th day of September, 1919, and this notice is given in pursuance of said order.

Dated the 12th day of September, 1919. J. EVERETT EVANS, Sheriff, Mills County, Texas.

Life

The simple lass.
The broken working man.
When life entered the door.
Only a gutter bum.
The woman who knew no shame.

By W. Alexander Imlay

She was only a simple girl from the country. She entered the big city in the hope of earning enough money to give her the clothing of the fashion plate ladies and movie queens. Perhaps she came with the intent of making herself useful in the world.

She got a job. It was work, if that constitutes a job? She slaved nine hours a day behind a counter or possibly she stacked matches in boxes—no matter she got the job.

And the salary, magnificent—\$10 a week. The clerks in Perkins' store back home only got \$6 but then she was ignorant as yet you see.

So she drifted along until one fine night she found herself hanging over the railing of the river bridge, pocketbook empty, hungry—contemplating a leap from the bridge—or worse.

Then there is the working man. He knows no trade for he grew up in untrammelled America where one is permitted to do as he pleases. An indulgent father had not insisted on him learning anything useful. His mother upheld him in idleness.

Possibly the father went broke. Possibly he never had anything. At least we find our hero at forty, discouraged, knowing no trade, on the bum.

A bad season strikes his section of the country. He has no money, no friends. Then we find him—where?

Riding the rods to a better land, in jail and out, a knight of the cinder trail.

The poor man comes one dreary night to a cold home. He is out of work. He knows no friends. His children are huddled around a stove in which the last embers are dying. A small girl of four weeps for food.

A mother in the next room—there are two rooms—lies in a bed of old blankets and ragged great coats. She is moaning in pain.

A little life is to come into the world before many hours have passed. There is no doctor, no provisions. There is no fire, no light.

In despair the man goes into the night stumbling against the cold wind seeking assistance in his trouble.

There is a gutter bum who has no knowledge of how loathsome he really is. Drunken, abused, kicked and cuffed he dodges all human beings.

Like a trounced dog he avoids people yet he must seek them. At last he decides that he is down and out. He goes down the street with longing in his heart. He longs to tell some one how he despises self.

He has reached the turning point. Will some one hold out a hand?

Ha! ha! he laughs. He knows the world.

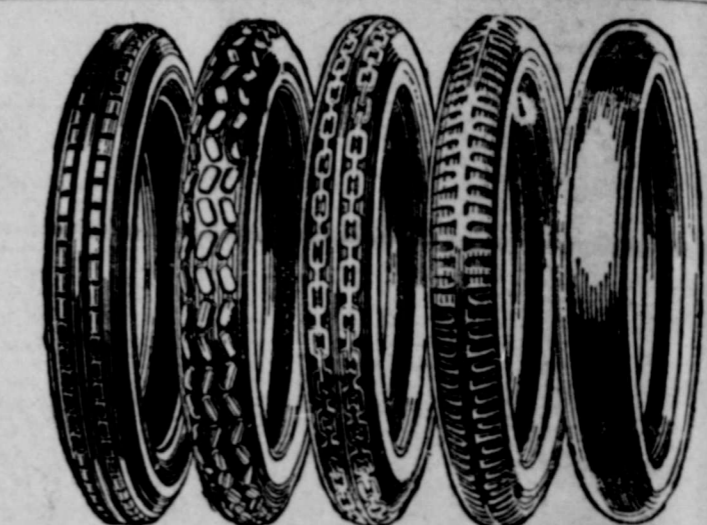

Then there is the woman without shame. Christ had compassion on her kind but she has come to think that no one else had. Harpy like she piles her way about the streets of the great city.

Her cheeks are incarnadine. Her soul is as red as her painted lips. Her eyes are as full of guile as the misshapen mind.

Unloved, much caressed, hunted, a prey upon society she comes to the last step down, then she finds god in her heart. Does anyone else find it?

So they run through the annals of life. But here is what happened.

The simple girl went to a clean boarding house and after a few years made good. She blossomed into a flower of pure womanhood.

BUSINESS CHANGE

Lawrence and James Jones have purchased Walter Fairman's gin at this place and are in charge of the business. These young men are experienced in the work and under their management the gin will continue to receive a liberal part of the public patronage. They are sons of Mr. J. T. Jones of the Miller Grove community and have spent a greater part of their lives in this county, where they have a wide acquaintance and many friends who are glad they have engaged in this business here and wish them much success.

Mr. Fairman will devote his time to looking after his property and financial interests and his friends are mighty glad to know that he is a permanent resident of this city.

TO OUR CUSTOMERS

As we are retiring from the gin business, we wish to thank our many customers for their loyalty and patronage through the years we have been in the business.

We now transfer to our successors, Jones Bros., our good will, gin equipment, etc. In withdrawing from the business, we are happy to say that we heartily commend Jones Bros. to you. Assuring you that our successors have every qualification and facility, experience, character and credit for thoroughly safe-guarding your business at this gin, and urging that you patronize them as you have us, we are faithfully yours,
WALTER FAIRMAN.

SPECIAL TO MARRIED WOMEN

We, the door knockers, or really "spectacle grafters" were run out of west Texas by the drouth. This is to give notice that we are running in greater numbers and with more gall than ever.

Please save your spectacle work until one of us knocks at your door in preference to those who stay with you for two reasons:

1st. We are strangers and become great doctors knocking at your door. We make you believe most anything and receive double price for the job put up on you.

2nd. After we gently knock three times on your door and are permitted inside and you are held up for a nice sum, you have no one to kick at. We are gone.

P. S. Our greatest trouble is getting in your house. Please be kind enough to invite us in. (Advertisement)

NEW FIRM

W. O. McCulley, who has been engaged in the produce business here for some time, has sold an interest in his business to A. T. Clardy, who is the local representative of the Singer Sewing Machine Co., and the business will be continued at the same stand, on the west side of the square, under the management of Mr. Clardy, who will also continue his sewing machine business. Mr. McCulley will move to Brownwood, where he is interested in a large business of the same kind, but will make frequent visits to Goldthwaite and have a general supervision of the business at this place.
Mr. Clardy has been here a long time and is well acquainted and popular with all who know him. The firm's business will continue to prosper under his management.

MEETING CLOSED

The meeting conducted at the Presbyterian church for ten days closed Wednesday night and Rev. Diggs, who did the preaching, went from here to Zephyr to begin a meeting tomorrow.

The services were interesting throughout and the sermons heard with appreciation by the large congregations. There was nothing sensational about the services, but they were the kind that produce much and lasting good. The people of the town, regardless of denominations, cooperated in the meeting to the fullest extent and all were benefited as a result of the series of meetings.

KINDERGARTEN DEPARTMENT

By the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association.

By MRS. BERTHA LEWIS

No matter what the child's afterlife is to be, he should have the opportunity at least once in his life to experiment with plants. The plant, which sets its feet in the earth, lifts its head toward the sky, extends its arms to the air and sunshine and gives lodging to the creatures of the earth and air, is a powerful factor in the life of man. Our whole aim in encouraging gardening must be to help the child realize that at his feet Mother Nature has set a prize, which rightly appreciated, will afford him the purest pleasures of life.

God gives to plants their life, their laws of form, color and number of parts. The child creates his garden; it is the work of his hands, the expression of his mind. He arranges it according to his fancy in regard to color and position. He chooses this or that for reasons which appeal to him. The child may be taught in a simple way that as God observed order in the universe as His first law, giving to each form of life its place in the world, so order in the garden is the first necessary step to secure growth and development of life within it.

The child likes a comfortable bed to sleep in, a clean house to live in, a comfortable meal when hungry, a drink of clean water when thirsty. In the same way, the little seed likes a soft comfortable bed in which to lie. Therefore, the earth must be well cultivated, sifted and raked. The bed must be nicely made, with edges smooth and even. Then the seeds must be placed in even rows not too close together, or they will crowd each other out. After the seed are well up, the garden, which is their home, must be kept clean, all weeds, sticks and loose stones being removed. The earth must be rich enough to supply food to the growing plants and plenty of clean water given early every morning and if the day is hot, in the evening also.

If the child's garden is made and tended with care and love, the plants will repay him by blooming and growing. No little child can be comfortable and healthy if given water and washed and cared for once in a while.

So it is with the child's plants; to be healthy and happy they must receive daily attention: for a few minutes at least, for plants, like children, respond to love and care.

One reason why gardening makes a good beginning for nature-study is that natural instinct usually points the way to garden-making in the spring. Another reason is that so many forms of life are manifest in the garden and that occupation out of doors is very essential to the building up of a sound body, mind and spirit, to the exercise of all the senses, the quickening of the emotions and an all-round healthy development.

Froebel, the founder of the kindergarten, adds that children learn through gardening much that helps to develop character and the contact with the power that is greater than man.

PROTECTION OF GRAIN

Several farmers protected themselves against loss to their growing grain by hail with a hail policy and many others wish they had taken the protection offered them, but waited too late.

Corn, cotton, cane, maize, etc., can be protected the same as small grain by a hail policy.

I now offer you protection against fire on your grain while standing in the field uncut, cut, shocked, stacked, sacked or stored in your granary anywhere on your farm, one policy covering in all these conditions.

Also tornado protection after grain is in granary or barn. The rates are very reasonable on this class of insurance.

I am also prepared to take care of your insurance needs in all respects, whether in city or country.

I can get bonds for those who have to give bonds of any kind.

Notary work is also done, and will appreciate your business.

★ STAR SIFTINGS ★

By Our Regular Correspondent.

A sigh of relief as the thresher saves for the next grain field. Good weather and the "grain in the field" worry will soon be over.

Grandpa John T. Cox accompanied by his grand daughter, Miss Eula Campbell, left last Saturday to attend the bedside of his grandson, E. S. Cox, of Sweetwater, who was dangerously wounded by diving while swimming in the Colorado river. He was taken to the sanitarium at Abilene with but little hopes for his recovery.

Mr. and Mrs. Horace Webb have not left us for they were appreciated shoppers Saturday.

Clyde Manning, who has been working in the Humble oil fields, has returned home for the crop gathering season.

Miss Lizzie Williams is enjoying a thirty days vacation with some folks. She has a position with the Western Union Telephone company at Dallas.

Mrs. Ira Hawkins was a Monday visitor, arranging to have her household goods shipped to Gorman, Texas, where she will make her home. Star and McGirk regret to have her move.

Miss Bina Weathers, one of Goldthwaite's charming young ladies, was the guest of Miss Eula Campbell the past week.

Roy Paine and Theo Manning are ever true to Morpheus—they are operating an up-to-date mattress renovating machine in the Witty building.

Mr. and Mrs. Will Stephan, so his parents, Mr. and Mrs. V. F. Stephan, are on a visit to Mr. Randolph Stephan near Arnett, Coryell county.

Mrs. O. T. Burns of Clifton, who came home during the illness of little Ruth Stephan, has returned to her home, accompanied by her sister, Mamie.

We must mention the addition of another truck to John Witty's rigging equipment with Master Kenneth at the wheel.

N. T. Waddill included his bins in a sorghum cutting bee last week—recovery assured.

Ben Soules and Ed Hamilton gave us beat on the fishing stunt when bites are few—they get into the hole at the same time and bring home turtles, suckers, perch and cat.

We tip our "soft felt" to Frank Soules, our popular Bennett creek ranchman and farmer. Mr. Soules took the grain threshing rules by the handle and has one of the neatest up-to-date oil tractor threshers to be found, making its first run Saturday week and is still going.

Mrs. F. O. Blacklock, who came to be with her mother, Mrs. Eliza Campbell, while here on a visit, was this week's guest of Mr. and Mrs. Fred Shave.

Mrs. Sam Perkins (nee Beulah McMurray) and Miss Mary Shipp of Shive were Monday visitors.

Fred Shave is suffering with an injured eye caused by being struck with a limb, leaving a small fragment imbedded in the eye—will recover.

"Skinned my foot on the creek" and little Winnie Waddill had a cause to go slow—got better when the doctor was mentioned.

Mrs. Chas. Moore was taken seriously ill Monday and we hope for an early recovery.

Prof. Luther Garrett of Moline

was a Tuesday visitor, looking after cotton picking prospects.

The following changes in farm homes are reported: Mr. Richard Register will move to the Mack Schwartz place east of Star, Otto Schwartz will move to his father's place near Shive and this change will make Joe Schwartz a citizen of the thriving village of Shive. Greetings all around.

Jewel Beal of Dallas is enjoying a visit with home folks, Mr. and Mrs. Ben Beal, of McGirk. Also their daughter, Mrs. J. I. Newman, of Stephenville brings added joy with a week end visit.

"All of us" extend congratulations and best wishes to Dewey Webb and his winsome bride. Dewey Webb and Miss Elsie Johnson were married Sunday eve, August 31, at the home of the bride's parents, Mr. and Mrs. Fred Johnson, of Clarendon, Texas. They remained there a week to enjoy the hearty best wishes of the bride's home friends and arrived home last Sunday and will be at home for the present with his parents, Mr. and Mrs. J. R. Webb.

Mrs. Lizzie Garrett enjoyed a genuine 18-karat pleasure visit Sunday with her daughter, Mrs. Willis Hill, near Goldthwaite, and Master Randolph, who has been visiting his sister the past three months, returned home with his mother.

The school board has, as a rule, selected the best of teachers and it will be most pleasing to all to learn that Mrs. G. D. Burney, one of our efficient home teachers, has been selected to teach the primary department.

The ever progressive Henry Peck and his little brother, Joe, have added a herd of registered Short Horns to their thriving farm and ranch. They were brought in last Saturday.

Mrs. Robt. Campbell is handling mail route No. 1 with pleasing results. She is R. C. Campbell's substitute during his annual vacation.

Mr. and Mrs. Henry Morris of Goldthwaite were Tuesday visitors and brought that fine grandson, Wayne, to see his Grandma Hamilton.

The Baptist Sunday School pupils dispensed ice cream, cake and a full supply of pleasure and good will to the young folks of Star at the home of N. T. Waddill last Monday night.

Dumble Hamilton left Tuesday for Howard Payne college at Brownwood to resume and finish his junior year.

Musie with the taint of the power that Orpheus possessed was a treat that Star enjoyed last Saturday morn, the courtesy of Messrs. Rendall and Henry Hatley of Evant—the violin.

Uncle Boley Smith, our faithful and popular mail carrier, refused to give details of a very serious mishap to his mail perambulator last Friday week as he drove over the Harper culvert, but Dr. Wilson says that each of us has a guardian angel, for he left the ambulator just before it fell off the culvert on its side and the horse turned up side down throwing Uncle Boley some ten feet into a "buckle curr" patch—minor bruises, a few scratches and a slightly delayed mail. Cause—flies and a horse that believes in "swat the fly." Remarks—This

particular culvert is narrow and needs a railing. It is a dangerous place.

Mrs. John Clifton is again on duty at the Soules' store, after her Houston visit with her son, Newell Poe. She reports a most enjoyable time.

Harley Williams is a sufferer from an insignificant bite from some kind of a roaming insect that caused him to scratch and infect his calf. The doctor says he will be all right in a few days.

From the amount of grain that is being freighted from and thru here to Goldthwaite, we have figured that Germany is fully supplied with feed until the next harvest.

We predict a successful school term and pleased patrons for McGirk. They have secured Miss Katharine Burney of Star for the coming session—pleasing to Miss Katharine, as she will remain near her home.

Congratulations for Miss Pauline Singleton, who has won her merited state certificate and will teach the North Bennett school. Star and Mills county for education and accomplishments.

Dick Jeske, the affable manager of the Star Cash store, left Saturday night and spent Sunday at Priddy—Cupid's capers.

Miss Arie Slaughter, another popular and efficient Star teacher, has accepted the Democrat Prairie school, which opens during October.

Mrs. G. D. Burney, Miss Arie Slaughter and Miss Katharine Burney are at home after attending the teacher's institute at Lampasas.

The Hurst school fully recognizes the value of Prof. J. H. Goodnight of Star and have secured his services again for this coming school term, which opens some time in October.

Miss Lula Harper of Dallas has arrived to spend her month's vacation from work with home folks and friends.

Our 100 per cent cotton crop—estimated from a five year average—will delay the opening of schools in this section.

We welcome as Eagle readers and to the Sifting's family Dick Jeske and Dewey Webb, two Star boosters, for one year.

The many appeals and questions of "Is the Star Siftings coming back again?" is pleasing, of course to your Regular Correspondent and indicates that during our absence the Star items were missed. It is our aim to give the best in every thing we undertake, for a thing worth doing should be done right. We have done our best under the circumstances (wouldn't tell them for pay) to make the Star department in the Eagle one of the best. We know what the Star readers want. Now I will tell you what I would like—become one of the Siftings and Eagle readers and help us and we will have a corner in the Eagle that each and all will be more than pleased with, for it's the little ups and downs in our community life that are worth while, as well as the by-gones—so tell us the goings-on and we will try to be pleasing and bring a smile.

Last Friday night week the pleasant home of Mr. and Mrs. Carroll, east of Star, was given over to the young people, who enjoyed to their heart's full contentment a Liberty party. The enchantment of music was a feature of the evening with the following artists with the violin,

The New Mattress Factory

Is now in operation with an expert mattress maker and good machinery that pulverises the cotton the same as when first ginned. The machine blows the cotton into the tick in one solid bat, giving you a mattress of solid comfort and still more. I carry a full line of plain and Art ticking and will save you money on same. Prices ranging from 20c to 50c per yard.

All Work Absolutely Guaranteed!

Considering the high price of labor and material and the limited purchasing value of money now being one-half and in some instances one-fourth what it was before the war, I am forced to make the following prices in order to get by:

- Making New Mattress For Work Only.....\$3.00
- Renovating And Making Over Old Tick.....\$3.00
- Pillows, Pads, Child's and 3/4 Mattress Made at Reasonable Prices

Above prices do not include ticking. The total price of your mattress is governed by the grade and price of ticking used.

It takes 10 yards of ticking for a standard sized mattress. If you furnish your own ticking, better let us do the making. If you are not an expert you might not be pleased with the job.

DON'T FORGET to pick out shucks and excelsior before sending Combination Mattresses to be made over. This will save you expense. Better take measurement of your bed in order to get mattress right size, unless your bed is standard size—4 ft. 6 in. wide by 6 ft. 6 in. long. Wood beds especially and some iron beds vary from standard size.

The federal grand jury in session at Fort Worth is investigating the charge of profiteering by merchants and others in various parts of this federal judicial district. Just what the result will be of such investigation can not be foretold.

A shipment of Japanese novelties ordered by a Corpus Christi firm before the World War, was received this week. The goods had been on the way five years, but were found to be in good order. Nothing had been heard as to the whereabouts of the goods after their shipment in 1914 until their arrival.

In a battle between striking street car workers and police officers in Hammond, Ind., Tuesday five strikers were killed, a number wounded and several leaders were jailed. These strikers have been giving trouble for several months and the militia was sent out to quell a riot among them some weeks ago.

The price list promulgated by the county food administrator at Fort Worth is being disregarded by dealers in that city, according to newspaper reports. The dealers are quoted as saying the food administrator has no authority under the law to enforce his rules and price lists, now that the war is over.

The internal revenue department at Austin ordered the seizure of liquor held by some of the drug stores of Houston and the cancellation of the permits for those drug stores to sell liquor on prescriptions. The value of the liquor seized was said to amount up to thousands of dollars.

It is announced that Commissioner Howe of the port of New York has resigned his office to become executive director of the organization of supporters of the Plum plan of railroad control, which in effect is for the government to buy the roads and give those who operate them a good share of the control of them.

Gen. John J. Pershing and his staff arrived in New York Monday on board the Leviathan and were met by an immense throng, representing various sections of the country. Twenty-seven months ago Gen. Pershing sailed from New York to assume command of the largest force ever assembled under the Stars and Stripes and to lead to victory in the most gigantic military undertaking in the history of the world. Returning as a conquering hero he was given the reception due the mighty army he commanded and the great cause he represented.

According to a report of the society for the protection of American lives and property in Mexico there are millions of dollars worth of arms and ammunition smuggled into Mexico from the United States each year. A great amount of this ammunition will have to be met by American forces one of these days, when this government attempts to bring about peace and establish a stable government in Mexico. But it is mighty little the manufacturers of war munitions care about this just so they get the profits on their sales.

What's the use, Folks— What's the Use!

WHY take honest-to-John Tobacco that nature grew for us all—and then "spill the beans" by messing it up with lolly pops?

Velvet isn't fooled with that way.

Velvet has just naturally relied on Nature since it was knee-high to a grasshopper.

First off, it was bred in old Kentucky, wonderland of Tobacco.

Next come, it was cured in the open air, right out with the good ole sunshine. Yes sir.

THEN it was gentled along by its lonesome for two years, while it just kind of thought things over and decided to have no bad qualities.

After these two years in wooden hogsheads it was packed in the jolly red tin you see everywhere, if you're not color blind—and we hope you're not.

As Velvet Joe says:

"The way Nature does things is best for man and his tobacco. You can't fool Nature—an' she won't fool you."

FIFTEEN cents seems a pickayune price, doesn't it, after all that?

Can you think, right off, of anything *more* or *better* for a dime and a nickel? And for cigarette smokers—there are 45 mellow cigarettefuls in every Velvet tin.

Velvet sure will be right glad to meet you this very day.

WHAT'S THE REASON?

Many Goldthwaite People in Poor Health Without Knowing The Cause

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache, suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Goldthwaite.

Mrs. L. O. Stephens, Goldthwaite, says: "I can highly recommend Doan's Kidney Pills as they have brought me a great deal of relief when my back has been sore and my kidneys have been sluggish. I bought this medicine at Miller & Son's drug store, and can highly recommend it to sufferers of kidney trouble." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stephens had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (adv)

JUST WHAT SHE NEEDED

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion, but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them." Sold by L. E. Miller & Son. (Advertisement)

SCHOOL ANNOUNCEMENT

This is to call attention to the following program for the opening of the Goldthwaite public school, which those interested will please observe closely and be governed accordingly:

It will not be necessary for any pupils to be at the school building on Monday, the 15th., as this day will be spent with the teachers in organizing the year's work and outlining the plans of handling the text books.

Tuesday, the 16th., school will open for the 1st, 2nd, 3rd and 4th grades, hence no other pupils need be present on this day.

Wednesday, the 17th., school will open for the 5th, 6th and 7th grades and on Thursday, the 18th., the High School will open.

The purpose of the above plan is to give the Superintendent an opportunity to carefully see to it that each pupil is supplied with the proper books and to get each section of the school thoroughly organized before starting the regular school work.

In opening this, our second term with you, I wish to say that my one sole aim and purpose during the coming nine months, is to give to the patrons of the Goldthwaite school the very best school that is possible under existing circumstances. May I ask in this connection that you bear as patiently with us as possible for a few days as the shortage of teaching force, together with some new plans and problems to be met with this year, will perhaps take some time to regulate satisfactorily.

I believe I have the right to ask and expect the support of every patron in this community during the coming year, for the greatest business of this or any other community is the proper education of our boys and girls. This the teachers can only accomplish by the united efforts of patrons, school board, faculty and pupils, and these four factors working together a good school is assured. T. L. PRICE, Supt.

SHOOTING AT LOCKER

Just after the church services were dismissed at the large tabernacle at Locker last Sunday night three pistol shots rang out in the night air and for a few minutes there was a suppressed excitement that could almost be felt. Then the people quietly went to their homes.

Monday morning Arthur Locker came to town and surrendered to Sheriff Neal and had an examining trial before justice of the peace, U. T. Chamberlain. According to the evidence Arthur Locker and Jack Speed met just outside the crowd after the church services were dismissed. Both men went after their guns. Locker got his gun first and fired. Speed disappeared in the darkness and has not been heard of since. He fell and lost his hat in the get-a-way.

Locker was placed under a \$500 bond, which he gave promptly, to await the action of the grand jury.—San Saba News.

RUMOR CORRECTED

It has come to my attention that a rumor has been circulated in the town and country to the effect that patrons of the Rural Telephone system are to be forced to buy stock in the company. The rumor is false from every standpoint. The Rural Telephone company does not expect to try to make its patrons buy stock or do anything else they don't want to do. It is the purpose of the company to give the best service possible at all times and that is the sole business and intention of the company.

As has been the policy of the Rural Telephone company since its inauguration, patrons are ALLOWED to own stock to a limited amount if they so desire, but this is intended to FAVOR the patron, not to FORCE him. None but patrons are wanted as stockholders and no stock can be bought where the purchaser does not intend to become a patron of the system.

We believe the Rural Telephone system is a great and good thing for the county in general and its patrons in particular and a careful investigation will prove this to be true.

If you are not already a patron of the Rural Telephone system we invite you to become one and we know you will be pleased with the service whether you own stock in it or not.

CENTENARY FUNDS

**Organization Will Collect Largest
Amount Ever Handled By Any
Religious Denomination
Anywhere.**

The Centenary Commission of the Methodist Episcopal Church, South, has announced its plan for collecting the \$53,000,000.00 which was pledged for the missionary work of the church in the recent eight-day drive. The plan was prepared and will be directed by Colonel John E. Edgerton, of Tennessee, the general centenary treasurer and the director of the department of finance for the Centenary Commission.

Colonel Edgerton is a well known business man. He is president and manager of the Lebanon Woolen Mills, president of the Tennessee State Manufacturers Association, and during the war he was a member of the executive committee of the war industry board appointed by President Wilson.

"Our slogan is no shrinkage, but an increase," said Colonel Edgerton recently. "Just as the Southern Methodist church has surpassed all records in securing pledges for benevolent purposes and has raised the largest sum ever given to any church at one time in the history of the world, so do we expect to set a new record in the collection of these pledges."

An Extensive Organization.

The organization through which these pledges will be collected has four centers of responsibility. The first is a general finance commission with headquarters at Nashville, headed by Colonel Edgerton. This commission has prepared the standard plan and will direct the entire movement, handing down to the various bodies throughout the church detailed plans for their guidance.

There will also be a conference cabinet in each annual conference of the church, about forty in number. These conference cabinets will be composed of the Conference Missionary Secretary, Conference Campaign Director, the Lay leader, and the Conference Centenary Treasurer. Each of these officials have certain specific duties, and will direct the work of collecting all the pledges in each annual conference.

In each of the four hundred districts of the church there is a similar cabinet composed of the Presiding Elders, the Lay leaders, Campaign Directors and the Chairman of the Methodist Minute Men. The Conference Missionary Secretary is an ex-officio member of all district cabinets. The work of collecting in the districts will be supervised by this district cabinet.

Twenty Thousand Churches.

In each of the 20,000 local churches there will be local cabinets composed of the pastor, the centenary treasurer, the campaign director, the lay leader, the chairman of the minute men, the Sunday school superintendent and the president of the Woman's Missionary Society. This cabinet will do all the actual work of collecting the individual pledges.

The persons who made subscriptions will be divided into lists of twenty-five and the lists will be placed in charge of a certain member of the church cabinet who will collect all pledges as they come due.

One feature of the standard plan is that the local church will be responsible for collecting the full amount of its subscription. If any subscriber dies or meets with misfortune such as to render it impossible for him to pay his pledge, it will be the duty of the church cabinet to secure another person to take the place of the one thus become delinquent.

It is also proposed that every new member who comes into the church shall also be asked to make a contribution to the Centenary fund.

The Centenary fund of \$53,000,000 will be used for the church in an extension of its missionary work throughout the world. Several millions will be spent in the devastated regions of France, Belgium, Poland and Russia. Other millions will go to the seven foreign fields occupied by the church—Mexico, Brazil, Cuba, Africa, China, Japan and Korea. Other millions will be spent in the industrial sections of the great cities, in the mountains, among the immigrants, the negroes and the Indians, and in building churches in the missionary territory of the United States.

ENLARGE PRESENT WORK

Forces in Field Today Are Far From Sufficient To Meet Needs of Situation, Leaders Declare—Europe Included On Program.

Now that the larger liberties enjoyed by peoples everywhere, following the close of the world war, have revealed as never before the need and the opportunity for the spread of the gospel to all the ends of the earth, the Baptists of the South have launched their program for \$75,000,000 to be raised in cash and five-year subscriptions between now and December 7th, in the hope of making a worthy beginning toward supplying this world need. Of the total sum sought in this campaign, the actual drive for the funds

DR. J. P. LOVE, Of Richmond, Va., Secretary of Foreign Missions for the Southern Baptist Convention.

to be made during Victory Week, November 30-December 7, \$43,000,000 will be devoted to missions, and \$20,000,000 of this sum will be devoted to enlarging the work on the ten important foreign fields occupied already and to opening up new fields where countless millions of peoples have not yet heard the story of Jesus Christ.

Asia, Africa, Latin America (including Mexico as well as South America) and Europe are the four continents in which the missionaries of Southern Baptists are operating today, but in all of the ten countries of these continents, Southern Baptists have only 317 missionaries, 787 native workers, 192 of whom are ordained, 12 foreign physicians, 6 foreign trained nurses, 21 native physicians and 23 native nurses.

"Our missionaries already on the field have wrought wonderfully for the Master, considering the difficulties they have had to confront," Dr. J. P. Love, secretary of foreign missions declares, "but we at home have not supported them as we ought with help-

ers of all kinds and with schools, hospitals and other agencies to enable them to do a larger work in every way. The smallness of the work we have done already can be realized when we look at the vast number of people who have not been reached in the foreign fields we are occupying today. China, for instance, has a population four times that of the United States, or one-fourth the population of the entire world, and our force there consists of only 65 men, 62 married women, 45 unmarried women, 54 ordained natives and 420 unordained native helpers.

Japan, which has half as many people as the United States, is being served by 9 men, 8 married women, 3 unmarried women, 11 ordained natives and 4 unordained native helpers. In Italy there are a third as many people as there are in the United States, yet we have there only 2 men, 2 married women, 25 ordained natives, and 3 unordained native helpers. Mexico has 15,000,000 people, and we have in that country and on the border a missionary force consisting of 11 men, 11 married women, 3 unmarried women, 24 ordained natives and 15 unordained native helpers. Argentina has a population of 8,000,000 and our missionary force there consists of 7 men, 7 married women, 14 ordained natives, and 7 unordained native helpers. In Africa we have entered only one state, that of Nigeria, but this state has a population of 20,000,000, and to serve those people we have only 7 men missionaries, 6 married women, 3 unmarried women, 3 ordained natives and 52 unordained native helpers. Brazil has a territory larger than all the United States and a population of 50,000,000. Serving those people we have a force of 54 men, 33 married women, 2 unmarried women, 69 ordained natives and 52 unordained native helpers. Our work in Chile, where there are 3,000,000 people, is only two years old, but we have 12 churches, and 15 out-stations in which last year there were 122 baptisms. We need at least 200 more missionaries now and from the proceeds of this campaign we hope to employ them and then equip them and those on the field already for doing the largest work for the Master."

SALVATION ARMY

The Salvation Army has been struggling along for many years on a hand to mouth basis, but this year we hope to give these people sufficient funds to enable them to carry out their wonderful humanitarian work without the necessity of running around with their hats in their hands, begging for a few nickels and dimes here and there. We feel sure that the citizens of Mills county fully appreciate what the Salvation Army has done in the war and know that the background of this war work was its splendid organization and operation among the poor of the entire country for many years before the outbreak of the war. Their activities are an example of service, which should meet with grateful recognition from the public all over the United States. Yours truly, W.E. MILLER, County Chairman.

Notice to Debtors and Creditors Estate of Oddie Griffin, Deceased

The State of Texas—County of Mills.

To those indebted to, or holding claims against the estate of Oddie Griffin, deceased:

The undersigned, having been duly appointed administrator of the estate of Oddie Griffin, deceased, (late of Mills county, Texas) at a regular term of the county court of Mills county, Texas, to-wit, on the 19th day of June, 1919, hereby notifies all persons indebted to said estate to come forward and make settlement and those having claims against said estate to present them to him at his residence at Regency in Mills county, Texas, where he receives his mail.

Dated this 10th day of September, 1919.

It Helps!

There can be no doubt as to the merit of Cardui, the woman's tonic, in the treatment of many troubles peculiar to women. The thousands of women who have been helped by Cardui in the past 40 years, is conclusive proof that it is a good medicine for women who suffer. It should help you, too.

Take

CARDUI

The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the ... My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over, I think ... I began Cardui, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age. I do all my housework." Try Cardui, today. E-76

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you

CITY ORDINANCE

An ordinance of the Code of Ordinances of the city of Goldthwaite, Texas, levying taxes for the city of Goldthwaite, Texas, upon all property, real and personal, and upon occupations for the year 1919.

Be it ordained by the city council of the city of Goldthwaite, Texas: That there shall be and is hereby levied a city tax for the year 1919 on all real estate, situated, lying and being in said city of Goldthwaite, Texas, and upon all personal property that was in said city of Goldthwaite on the first day of January, A. D. 1919, not exempt from taxation by the laws and constitution of the state of Texas, for the purposes herein provided on the one hundred dollars assessed valuation of all such property as follows, to-wit:

a. For general revenue expenses, twenty cents on the one hundred dollars, which is hereby set aside for current general expenses.

b. For providing interest and to create a sinking fund for outstanding water works bonds, twenty-five cents on the one hundred dollars.

c. For roads, streets and bridges, fifteen cents on the one hundred dollars.

d. For paying balance due by city on wells and pumping plant, five cents on the one hundred dollars.

It is further ordained that an annual occupation tax be, and the same is hereby levied, equal to one-half of the occupation taxes levied by the state of Texas on the respective occupations now so taxed by law, the same to be used for general revenue purposes.

All such taxes so levied, except the occupation tax, shall be due and payable on the first day of October, A. D. 1919, and on and after that date the city assessor and collector of taxes is hereby authorized to collect and receipt for the same before the first day of February, 1920, and if said taxes are not paid by such time, there shall be taxed against such persons or property ten per cent additional on the amount then due as a penalty, as provided and permitted under the laws of the state of Texas, and the city assessor and collector is hereby authorized and empowered to enforce the payment of said taxes according to the laws of the state of Texas, and the city ordinances of the city of Goldthwaite, Texas, and all taxes not paid on or before the 31st day of January, 1920 shall be deemed delinquent taxes, and the same together with the above penalty of ten per cent shall be apportioned among the several different funds, and the city tax assessor and collector shall by virtue of his tax rolls, seize and levy upon and sell such property, whether real or personal, for the payment of taxes.

It is further ordained and provided that the taxes herein levied shall, if not paid on or before the 31st day of January, 1920, draw interest at the rate of six per cent per annum from the first day of February, A. D. 1920, until paid.

An imperative public necessity exists that the rule requiring ordinances to be read at three several meetings be suspended and this ordinance passed to its third reading and final passage by unanimous vote of all members of the City Council.

Passed September 1, 1919.

Approved September 1, 1919.

WILL H. TRENT,

Mayor of the City of Goldthwaite, Texas.

Attest: F. P. BOWMAN,
City Secretary, City of Goldthwaite, Texas.

President Woodrow Wilson

"I sincerely wish God speed to any organization which, like the Salvation Army, has as its main object the betterment of humanity and the making of bad citizens into good ones."

CHANGE THAT BENEFITS

The school situation is undergoing a change in Texas. There was a time when school teachers were too proud to advertise; great universities did not care to attract the attention of the public to induce them to enter who would not in the regular course of events be brought to their doors. They were so aristocratic that they never would have come down off their high horse and acted like they lived in modern times had not the entrance of the business and commercial school knocked fire out of their flinty heads by taking the brightest and best of the manhood and womanhood out of the aristocratic mausoleums of dead languages and put them into the up-to-date typewriter emporiums where every man was a king and every woman was a queen and where the highbrow product of the aristocratic institution had just the same chance to get along in a catch-as-catch-can struggle with the world as a nickel has to buy a cold drink. The brain factories thought they had a monopoly on knowledge, but the man with a typewriter school showed the boys and girls where to go if they wanted to make a living and wear tailor made clothes, which they did. Then the school systems woke up a bit, yawned and got high class experts in publicity to see what the matter was and why the boys left school before they entered it. Take the teaching of Spanish. How many of our boys who went overseas could talk in the dead tongue of the past, but could not talk in the language of our next door neighbor? And why? Just fossilized schools living in the dead past, who would not bow to the dictates of progress, but sought to continue to teach as Socrates taught or whoever it was who taught when they set the style for school teaching and men's pockets, each to never change. The demand of the government for soldiers who can read and write and sign their names is bringing about a change in educational methods in Texas.—Temple Telegram.
