J. N. Weatherby and family visited in Brownwood Wednesday.

E. J. Shave of Star looked after business matters in this city Wednesday.

Judge Robert Weaver was among those who went to Atlanta, Ga., to attend the Confederate reunion.

Sheriff Evans returned Wednesday from San Antonio, where he had been to return D. K. Crawford to the insane asylum.

Jack Terry of Arcadia, Cal., arrived in the city Tuesday evening to make his home with his aunt, Mrs. F. S. Gray, and family.

Mrs. J. D. Bryan and her son Windon left for Waxahachie Wednesday to visit relatives and will go from there to Dallas to see the fair.

Mrs. Della Richardson left Sunday night for her home in Kansas City, after a visit to her parents, Mr. and Mrs. Scott Barr, and other relatives in this city.

S. P. Williams, who was a leading citizen of this county for a number of years and moved from the North Brown community to the west a year or more ago, writes from Tempe, Arizona, to have the Eagle sent to him at that place.

Farmers throughout the west are urgently in need of cotton pickers and it is said 5000 pickers could be used. Train loads of negroes and Mexicans have been hurried to that section by labor agents, but the demand comes for more pickers. With good weather a big improvement in conditions will be made in a few weeks, but many of the farmers are almost frantic now over the prospect of excessive loss because of the wet weather and their inability to secure pickers.

DISTRICT COURT

Shortest Term in History—No Criminal Docket

What was doubtless the shortest term of district court ever held in this county closed Monday.

Court convened Sept. 22 and was in session two days, awaiting the work of the grand jury and sounding the docket.

It convened again Sept. 29 and continued two days trying some contests in oil leases.

It convened again Oct. 6 to qualify the jury commissioners and approve the minutes of the term.

The jury commissioners were Jas. Rahl, W. E. Reid and W. M. Sparkman. They met and discharged their duties Monday. These were not the commissioners first appointed, but for various causes the three named last week could not serve and Judge Browning appointed other three to serve.

LIKE THE PLAN

If the Eagle had ever had any doubts about the popularity of the stop-when-out policy such doubts would have been dispelled this week, because of the large number of renewals and new subscribers received, together with letters and statements encouraging and convincing. It is the best for the subscriber and the best for the publisher.

GOING TO CONFERENCE

Rev. W. G. Callihan, pastor of the Methodist church at this place, will preach his last sermon for this conference year Sunday and expects to leave for conference at Austin Tuesday. Of course it is not known whether or not the conference will see proper to return him to this charge, but he and his good family have many friends here who would like to have them back if it is to their interest to return.

D. Albert Trent and wife and S. P. Sullivan and wife were among the visitors to the Dallas fair this week.

F. L. Hartman was one of the good farmers of Big Valley who brought cotton to this market this week and he took advantage of the opportunity to renew his subscription for the Eagle.

The little son of D. L. Lanford was quite painfully burned at the family home Monday when Mrs. Lanford accidentally spilled some hot coffee on him while preparing breakfast. The injury was on his leg, but was not serious, altho quite painful.

A press report states that a revival which was held at McKinney by Dr. Seovelle and his assistants closed Sunday night and the total number of conversions was 1049. The contributions for the preacher amounted to \$4500. Who knows of a bigger meeting than this report shows?

The plan of Congressman Carlos Bee to authorize a loan of five million dollars to Corpus Christi to be used in building a seawall similar to the one at Galveston met the endorsement of the business interests of Corpus Christi and other towns in that section. It is proposed for the loan to bear a very low rate of interest and to be secured to the government.

BOND AMENDMENT

That provision in the constitutional amendment proposing to authorize the issuance of \$75,000,000 of bonds for highways which authorizes the legislature to levy an ad valorem tax not exceeding 20c on the \$100 to support these bonds is not the worst feature of the measure. We would have been willing to accept that, especially if Mr. Laney's pledge that the bonds would be supported by the motor fees had been accepted by other advocates of the amendment. The worst defect of the proposal is the lack of a plan to apprise the people exactly what roads and what kind are to be built. The amendment itself authorizes the distribution of the funds realized from the sale of the bonds to counties for the construction of state highways. This plan has been employed by the State Highway Commission of Texas, and without satisfactory results. The commission has distributed many millions of dollars of Federal aid to many counties instead of to specified roads and in consequence we have no state highways in Texas, nor even a fair beginning of one. Instead, we have unrelated and isolated stretches of good roads.—Dallas News.

J. H. Randolph was a visitor to Temple one day this week.

A RECEPTION

The Baptist Ladies Aid entertained their new pastor and his wife at the lovely home of Mrs. Chas. Rudd Monday, October 6.

On entering we were greeted by the hostess and our president, Mrs. W. P. McCullough, who in her charming manner presented Brother and Sister Darby.

We were next ushered to the adjoining room, which was beautifully decorated with vases of cut flowers and the punch bowl, over which Misses Norma Frances Frizzell and Bertha Archer presided, was beautifully embanked in green foliage, pink and white cosmos. Miss Sue Nora Berry presented each with a cut flower.

The first hour was passed in social conversation and victrola music, also piano music rendered by Mrs. Fred Martin. Then the following interesting program was rendered:

Address—Mrs. W. P. McCullough.

Piano solo—Miss Sue Nora Berry.

Paper, Our Duty One to Another—Mrs. I. O. Harvey.

Piano duet—Mesdames Lanford and Martin.

Vocal duet—Mrs. Hugh McCullough and Miss Norma Frances Frizzell.

Paper, Prophecy of the Ladies' Aid—Mrs. O. C. Weatherby.

Reading—Mrs. J. M. Hicks.

A dainty refreshment of chocolate and wafers was then passed.

The Baptist Ladies' Aid will meet Monday, October 13, at the church in a devotional meeting.

REPORTER.

PICKING COTTON

Cotton picking has been rushed this week and the high prices being paid for picking have attracted many who would not care for the work at the usual prices. The frequent showers have caused some alarm lest the cotton be spoiled in the field, hence the feverish haste to get it gathered. The yield is heavy and the price is good, making prosperity in every line of business.

WHY DESERT THE FARM?

"Civilization begins and ends with the plow." Regardless of what men say the tiller of the soil, all things being equal, is the most independent of all the makers of wealth. He lives closer to nature and the man who lives close to nature is certain to worship the god of nature and to live the freest and the cleanest of lives.

Scientific farming is here. Coming is the tractor. Gone are the good old days. Modern highways, the telephone, rural free delivery, the fast flying pleasure car and improved machinery have broken down the barriers between the country and the city.

There is no valid reason why the farmer boy should leave the country. He is given all the accessories of a modern civilization now.

Millions of dollars are being spent and expended for the improvement of the rural schools of the commonwealth.

Hundreds of millions are being expended in the construction of twentieth century public highways.

Marketing systems are being devised for the rapid distribution and sale of the products of the soil. Those who till the soil are better organized today than ever before; they have more political influence than ever before; they are in a better position to demand the ear of the lawmaker of the country than ever before.

They have more of the modern accessories of civilization than ever before and when all has been said and done the simple life is the life that wins a greater amount of happiness than it is possible for those who live in the centers of finance or trade to attain or enjoy.

Those who feed the mouth of the world and clothe the back of the world are the bone and sinew of the world.

Regardless of what men may say the old alcalde was right. "Civilization begins and ends with the plow."—Port Worth Record.

BAPTISTS PLAN RECONSTRUCTION PROGRAM

BOYD CHARGED WITH DUTY OF OUTLINING HOW 75 MILLION CAMPAIGN CAN PROMOTE THAT TASK REACHES FIELD—DR. LOVE OUTLINES THE NEED AND ISSUES CALL

DR. J.F. LOVE
SECRETARY
FOREIGN
MISSION
BOARD

DR. Z.T. CODY
EDITOR
BAPTIST
COURIER

REV. EVERETT GILL
MISSIONARY AT ROME

To make a general survey of the economic, social and religious conditions in Europe with a view to recommending to the Baptists of the South how they can aid most effectively in the reconstruction of that continent through the Baptist 75 Million Campaign, a commission, composed of Dr. J. F. Love, secretary of the Foreign Mission Board at Richmond, Va.; Dr. Z. T. Cody, editor Baptist Courier, Greenville, S. C., and Rev. Everett Gill, missionary at Rome, who is returning after a leave absence in this country, and who will serve as guide and interpreter to other members, is now in England for a conference with the Baptist of Great Britain and will go from there for an inspection of France and Belgium.

Another brief conference will be held with the Baptists of Switzerland, which a trip will be made through and a survey of the new republic of Czechoslovakia conducted. From Prague, capital of Bohemia, the commission will go into such parts of Russia as are open, and the foreign trip will be concluded with an inspection of Palestine, where the missionary work formerly done in Syria, Persia and Mesopotamia by the Illinois Baptist Association has been turned over to the Foreign Mission Board.

There are approximately 4,250 Baptist churches in Europe today, with 10,000 pastors and missionaries and 566,000 church members. It is announced from the headquarters of the Baptist 75 Million Campaign, and a considerable part of this campaign will go toward providing needy families of Baptists in the war-torn regions as well as in the propagation of the gospel and the establishment of Christian institutions there. It is announced that the store sailing on the Adriatic on his

European mission, Dr. Love made the following statement outlining the purpose of the commission:

"When the call came to help save, promote and secure democracy in Europe there came a louder call to help save, promote and secure evangelical Christianity in Europe. That which alone will now preserve and perfect the democracy for which brave men have died on the battlefield of Europe is the Christianity of the New Testament. Southern Baptists can no longer profess New Testament Christianity and decline a challenge like that which is now presented to them to bear witness to their faith among the peoples of Europe. Our people never before faced such a challenge and such a responsibility.

"Of course we can not go to the men and women of Europe who have been stripped of earthly fortune and reduced to direst necessity with a message of Christian love and brotherhood if we decline in our abundance to carry some substantial pledge of our love and compassion. Mothers will not be able to stay the crying of their little ones to hear us preach if we decline to practice the gospel of compassion and feed these little ones and build fires at which they can during the coming winter warm their frosted toes. Southern Baptists are under the most solemn obligation to help relieve the want and suffering of Europe. But if there were no reconstruction work in Europe, Southern Baptists have motives numerous enough and strong enough to compel them to make a complete success of the Baptist 75 Million Campaign. I would therefore, as my parting word to my brothers and sisters of the South, implore them to give themselves to this campaign and carry it to a triumphant conclusion during Victory Week, November-December 7."

CLEAN UP CAMPAIGN

The clean up campaign inaugurated by the Civic League has met with much success, but the rain and scarcity of labor, as well as other causes, prevented results being all that could be desired. The League has, therefore, decided to continue the campaign until the city is thoroughly clean from one end to the other. Weeds and other useless vegetation should be cut and burned, for decaying vegetation will cause sickness. All streets and alleys, vacant lots and occupied premises should be given a thorough cleaning in the interest of good sanitation and public health.

The committee from the Civic League charged with stimulating the campaign heartily thanks the good people who have so loyally and enthusiastically co-operated in the good work. They have done nobly and their example should be an inspiration to those who have been hindered from any cause in taking part in the work that means so much to the community and citizens.

CIVIC COMMITTEE.

WASTED ENERGY

There is a lot of energy wasted among the human family. If this energy could all be directed into the right channel—what a power for good there could be accomplished. If we would put as much time and money into something useful and appropriate as we put into flimsy finery we could reduce the high cost of dress considerably. And if these daughters spent only half as much time mending their \$2.00 per pair hose as they do hiding their ears under a tangled mass of "ratted" hair—this would be a glorious place to live in. And if some of the gasoline that is spent in joy-riding was used to give some shut-in an occasional outing, it would go a long way toward warming the hearts of those unfortunate ones. A good deal of energy is wasted in our churches by wondering why the churches do not grow—whenever we learn not to freeze out members and visitors and give them some love and sympathy at all times they will care to mingle with us on the Sabbath.—San Saba Star.

CARD OF THANKS

We would indeed be ungrateful if we were not thankful to the kind neighbors and friends of the Center City community for their acts and expressions in our recent severe bereavement. While we all know that the visit of Death leaves a sorrow that words can not express and friends are powerless to lift the dark shadow from the home, yet it is a consolation at a time like this to know that friends sympathize with us and that they are ready to help by every means in their power. We feel that we are especially blessed in having the kindest and best friends the world affords and we appreciate them now as never before.

Immense crowds have been attending the Dallas fair this week, proving not only the merit of the entertainment, but the prosperity of the people.

It is announced from Ranger that Texas Richards, the prize fight promoter, will head a new million dollar company to sink oil wells in that territory.

The entire west has been drenched by rain this week and in some places great damage was done. At one point in Coke county there was a reported precipitation of seven inches in one day.

Martial law has been declared in some of the steel strike districts, notably about Chicago where 1000 federal troops are on duty. If the strikers are prevented from committing acts of violence they will have small hope of winning.

The attorney general has ruled that the provision for women to pay poll tax is advisory and not mandatory. Therefore, they may pay their poll tax if they so desire, but can pay their property tax without the poll tax if they wish to do so. With men it is different. They can not pay property tax without paying their poll tax.

An investigation into the race riot and negro uprising in Arkansas shows that the blacks had planned many murders and other outlawry. A number of prominent citizens of Phillips county had been named for victims of assassins and the leaders had promised the ignorant negroes to divide the property of the murdered people among the negro rioters. The entire insurrection was planned by a negro secret organization.

If every man would do his intelligent best to give every other man a square deal, the millennium would dawn at once, with prospects of lasting much more than 1,000 years. And giving a square deal is really not a very difficult undertaking. It is no hardship to be honest, no mistake to be fair. The reluctance or the refusal to give a fair deal is the base of about all of the unrest in the world.—State Press in Dallas News.

Gov. Hobby appointed L. W. Tittle to be state comptroller to fill out the unexpired term of Henry B. Terrell, resigned. Mr. Terrell gave as his reason for leaving the public service that the salary of the office would not justify him to longer continue in office. Prior to his election he was the publisher of a county paper and, of course, formed such extravagant habits of living that he could not bring his expenses within the meagre sum of \$2500 per year—little better than \$200 per month. Mr. Tittle has been chief clerk in the comptroller's office for five years.

The Baptist church has employed Miss Siddie Landrum as pastor's assistant and she began her duties on the first of October. She will assist the pastor in his work and during the next three months will devote much of her time to the Seventy-Five Million Dollar Campaign.

Rev. and Mrs. H. F. Draper of Wichita Falls are here to spend a few days in the home of Mrs. Draper's parents, Mr. and Mrs. H. F. Lewis. They will leave Wichita Falls after Oct. 12th for Chicago, where Dr. Draper will receive his Ph. D. degree and Mrs. Draper will study music. He has served the Wichita Falls church as pastor for the past three years and the people there offered them many inducements to remain.—Leader.

W. C. White has sold the Cherokee Herald to Graves Burke and his sister, Miss Daisy Burke.

K. Davenport was in town Saturday week from his Lakeview farm and reported an eight inch rain there.

Walter Yarborough spent a couple of days last week with his brother, W. E. Yarborough, county tax collector. He is a traveling man out of Austin and formerly lived here and has many friends at the old home.

W. T. Locklear arrived at home last week after making a number of the fairs to the south of here, the last at Fredericksburg. At three fairs he raced nine days and made fifteen entries. Davis is one of his fancy horses and a good racer. He was entered in eight races during the season and came home without a black mark against his record. He entered eight times and won eight races.

Mrs. D. J. Smith, jr., was pulling some weeds in the front yard at their beautiful home in West End one day last week. She approached the largest bunch and stooped to pick up the largest weed. When she caught hold of it she discovered that she had picked up a large rattlesnake. Mrs. Smith did not become unduly excited and proceeded to kill the snake, which had eight rattlers and a button.—News.

HAMILTON

Mrs. Guy Manning and baby Christine arrived Sunday from their home in Grandfield, Okla., for a visit with her parents, Mr. and Mrs. J. T. DeArman.

Mrs. Fred Shockley and two little boys returned to their home in Arlington last Friday, leaving Mother Crews slightly improved and resting some better.

It was quite a surprise to many friends here in Hamilton when the announcement was made last Saturday that Fred Petty had left that day for Brownwood, where he was to be married the following day to Miss Ella Beard of that city. The ceremony took place at the bride's home in that city and they immediately left for Hamilton and are now temporarily in the home of W. B. Claunch.—Herald.

\$4,800,000 TO BE RAISED FOR HOSPITALS

A modern hospital illustrative of the type of buildings Southern Baptists are employing in the relief of human suffering.

In their work of relieving human physical suffering Southern Baptists at present own and control fourteen hospitals and there are under course of construction and about ready to be opened at least two more, with considerable progress made toward the erection of others. All of these institutions are liberally patronized and are self-supporting but all of them need to be enlarged in order to meet the rapidly-growing demands upon them. The demand for charity work is especially urgent and in order to enable them to thus render a needed service to those who are least able to help themselves as well as to provide larger facilities for the regular work the hospitals are doing the sum of \$4,800,000 has been apportioned to them from the proceeds to be raised in the Baptist \$5 Million Campaign.

This work of relieving the physical infirmities of men, women and children and thus putting them on the

road to better health and larger efficiency and usefulness was begun within the bounds of the Southern Baptist convention in 1890 when the Missouri Baptist Sanitarium was opened in St. Louis. From a very small beginning in a residence with less than a dozen beds, this institution has grown into a modern institution with more than 300 beds.

Other Baptist hospitals in the South include Baptist Hospital, Muskogee, Okla.; Baptist Hospital, Miami, Okla.; Baptist Hospital, Cushing, Okla.; Baptist Memorial Hospital, Memphis, Tenn.; Georgia Baptist Hospital, Atlanta; Oklahoma Baptist State Hospital, Oklahoma City; Baptist Hospital, Columbia, S. C.; Texas Baptist Memorial Sanitarium, Dallas; Baptist Hospital, Houston, Tex.; Baptist Hospital, Alexandria, La.; Baptist Hospital, Jackson, Miss.; St. Louis Baptist Hospital, St. Louis, Mo., and the Kansas City Baptist Hospital at Kansas City, Mo.

KINDERGARTEN DEPARTMENT

By the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association.

BY MRS. ALICE B. HARRIS

The ideals which we wish to develop in our children are chiefly those of courage, truthfulness and unselfishness. I believe that the normal child is born brave, physically and morally, and that out of laziness or ignorance the grown people put fear into his little consciousness. He isn't allowed to climb, for instance, because his mother is afraid he will fall, and his plastic mind is filled, through stories or threats, or actual punishment, with a sense of danger and evil with which he in his helplessness cannot cope.

Lying, of course, comes from the same source. The child lies because he is afraid, either of being misunderstood or punished. Thorcau says, "It takes two to speak the truth; one to listen." When the child lies, the burden of the lie too often rests upon the grown people who have him in charge.

Many persons believe that fear is inevitable to man, that it is a race memory, but I believe that fear of the dark, of solitude, is much more likely to come from mind-pictures of terrible things which unwitting elders have discussed in the child's presence, or as a result of unwise reading or story-telling in very early childhood. This is difficult to avoid perhaps, but quite possible, if parents are willing to be sufficiently watchful. The magnificent trust with which a child thus guarded can face the world is a guarantee in itself of success in life.

Unselfishness is one of the virtues which has to be cultivated, for we are not born unselfish. We have to be taught this virtue and of course the greatest teacher of all is love. I am inclined to think love is the only teacher. Henderson says: "To get children interested in impersonal things is to make them unavoidably unselfish. Solitary children, only sons and daughters, are as a rule extremely selfish, for the simple reason that their lives have been so overwhelmingly personal. The way out is through group activities on the part of the whole family, through pleasures as well as through service. If life is to be permanently successful and happiness genuine and secure, the

major interest must be impersonal, must have to do with something bigger than the little self, must concern itself with the abiding and universal things."

LOWRIE SMITH

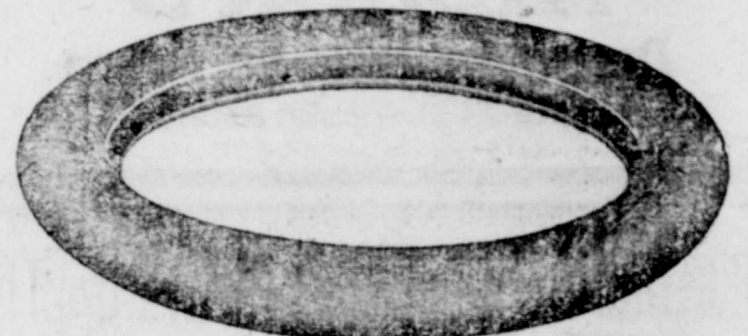

At half past six Wednesday, September 17th, at the home of Mr. and Mrs. George E. Haley, on North Hillside avenue, a very happy and charming wedding took place. The bride, Miss Vera Smith, and the groom, Mr. S. Harmon Lowrie, both from Texas, were most fortunate in being able to have such a lovely home wedding at the Haley residence, at which place Miss Mildred Smith, the bride's sister is making her home.

The music room and connecting library were gracefully decorated in palms, clematis and ferns, forming a frame of feathery white and green for the happy pair. This was a candle wedding, making the touching ceremony all the more effective.

Mrs. M. W. Merrifield of New York first rendered the much loved solo, "I Love You Truly," after which Miss Theodora Conger played a reverie. Mrs. Merrifield sang "O Promise Me," and then the chords of Lohengrin's Bridal Chorus announced to the waiting friends that the bride would soon be in their midst.

Miss Smith in blue tricotine, carrying American beauties, entered with her sister in blue georgette, and they made a happy picture as they approached the altar between the rows of palms. The double ring ceremony, conducted by Rev. Dr. J. B. Faulks, was most beautiful, being appropriately and lovingly arranged by skillful and masterly hands. The most beautiful of all, probably, was the benediction of Dr. Faulks, by whose blessing the spirit of the far away, loving parents was summoned upon the kneeling couple.

After offering their heartiest good wishes to Mr. and Mrs. Lowrie, the guests were invited to a buffet supper in the dining room, which was decorated in red dahlias and ferns. After September 21, Mr. and Mrs. Lowrie will be at home on 3131 Broadway, New York.—Chatham, N.J. News.

LONE STAR TRAIL

Transcontinental National Highway To Pass Thru Goldthwaite
 Special to the Eagle:

According to information received from general headquarters of the Lone Star Trail Association the route of the Lone Star Trail, the Transcontinental National Highway from San Diego, California, to Jacksonville, Florida, will pass thru Goldthwaite.

The route of the Trail which passes thru twelve states will be the answer to the demand for an all weather southern route across the United States.

That such a route was necessary has been felt by the traveler for some time and early in the year the official Pathfinder car of the Trail Association started on the work of locating the best and shortest route thru the best towns possible from the Atlantic to the Pacific coast.

The organization, which is a permanent one, is establishing local Chapters in all the towns along the route of the Trail and by so doing has the proper support of the citizens to secure whatever state and federal aid, which is due to them, and to see that the taxes paid by them for road maintenance are spent on the roads and not paid to supervisors who don't often take the trouble to even supervise, let alone maintain the roads, that, according to Mr. Val-Rez, president of the association, is the reason we have no roads today.

A STEW

Last Friday night, October 3, the Juniors and Seniors entertained the faculty and a few outside friends with an old fashioned stew on Miller's Hill.

The crowd gathered about 8:30 o'clock and then every one got busy. The pot was put in readiness, wood brought, cans opened and a regular "duke's mixture" poured in. While the pot boiled old fashioned games were played and jokes told until the time came to eat and everyone was ready. Then the real fun began. The Professor took off his coat and hat, rolled up his sleeves and went to work with a large handled dipper. After everyone had eaten all they could possibly want, someone suggested going serenading, which we did and really enjoyed disturbing the slumber of our neighbors.

Those present beside the juniors, seniors and faculty were Mr. and Mrs. W. E. Miller, Emmett Jones, Jim Frizzell, Ulysses Jarrett, Louis McElroy, Rex Clements and Alvice Taylor. REPORTER.

C. E. CLUB

Members of the Central Embroidery club and guests were most royally entertained on the afternoon of October 3, in the pretty suburban home of Mrs. J. V. Cokrum.

An enthusiastic business meeting was led by the president, Mrs. Henry Martin, during which the club voted to co-operate with the Parents-Teachers club in helping to care for and beautify a room of the grammar school.

Numbers were arranged and the chair drew the cast, which was No. 4.

Upon invitation it was also decided to join the Civic League by appointing a committee of five members to represent the Club in all civic enterprise.

After a most pleasant social hour of friendly chats and fancy work, the hostess assisted by Mrs. J. N. Weatherby served cream and cake to club members and Mesdames Caraway, Queen and Chas. Rudd.

The Club will meet October 17th with Mrs. R. E. Clements. REPORTER.

MR. PROGRESSIVE FARMER

April, 1883, I started Farm and Ranch. I believed then, although their number in Texas was not very numerous, that the progressive farmers and livestock breeders would patronize a real farm and livestock paper, serving faithfully their interests at all times. I was not disappointed in my conclusions.

Many who became subscribers with that first issue have continued to read Farm and Ranch without missing a number. I value very highly their continued loyalty and faith in Farm and Ranch and leave it to them, and to the many who have since become patrons and friends, to say if I have kept faithfully my promise to make the paper a powerful, consistent supporter of the best interests of the people whose patronage I have asked for and received.

Farm and Ranch was, at first, published only once a month, later twice a month. Now it is a big illustrated weekly. It has been at all times clean, interesting, instructive and reliable. In these I know I have not at any time failed.

Now, after thirty-seven years, always personally on the job, it is my ambition to have every man in Texas, who has faith in farming in its different branches, become a subscriber to Farm and Ranch.

Send me your subscription and if, after reading Farm and Ranch each week for three full months you are not satisfied that you are getting even more than full value for the subscription price, write me and I will return the full amount immediately.

You who do not know Farm and Ranch, I refer to your neighbor who is already a subscriber.

On my proposition—your money's worth or every cent of your money returned—I ask your subscription.

The subscription price of Farm and Ranch is two (\$2) dollars for three years—156 copies. No subscription is taken for less amount and time.

Please send your subscriptions directly to Yours faithfully,
 FRANK P. HOLLAND, Publisher.

THE BEST TEST
 Is the Test of Time
 Years ago Mrs. D. G. Womack of Goldthwaite told of good results from using Doan's Kidney Pills. Now Mrs. Womack confirms the former statement—says there has been no return of the trouble. Can Goldthwaite people ask for more convincing testimony?

"I suffered a lot with my back," says Mrs. Womack. "Sometimes the aches and pains extended into my shoulders and in the back of my neck. My feet and ankles also got badly swollen and frequently I noticed specks fluttering before my eyes. A person recommended Doan's Kidney Pills to me, so I got a box. I could see in a short time that my back was stronger and the other troubles were lessened." (Statement given April 26, 1915.)

On May 20, 1919, Mrs. Womack said, "Although I haven't had any more need for Doan's Kidney Pills, which cured me, my opinion of them is the same as it was when I first gave my statement."

DEATH'S VISIT

Albert Biddle, aged 28 years, died at the family home in the Center City community at 2 o'clock Monday afternoon and his remains were interred in the cemetery there Tuesday morning at 10 o'clock.

He was a young man of high morals and most exemplary character. He had the friendship and esteem of those who knew him and the announcement of his death carried sadness wherever he was known. He was a son of Mr. Wm. Biddle and was reared in the Center City community and made his home there most of his life. He was confined to his bed only a few days before his death, which was the result of an abscess of the liver. During his illness he was given attention by skilled physicians, a trained nurse, loving relatives and friends.

The grief-stricken family can be sure of the sincere sympathy of all who know of their sad bereavement.

PROFITEERING CAMPAIGN

The government's campaign against profiteering has caused various states and municipalities to launch such movements on their own account with the result that the crusade against rising living costs has assumed almost nationwide proportions. This movement is natural in view of the extraordinary advances that have taken place in the price of foodstuffs, clothing, shoes and other articles of apparel. But it may easily be carried to the extreme and injure legitimate business and the welfare of millions of small merchants who have never engaged in profiteering at all, but who have been forced to do business upon the higher price basis of the last few months. The feeling against profiteering is so intense that the public must be warned against drawing too hasty conclusions regarding the causes back of the high food prices. At such a time it is not at all difficult to impede business, or to hamper the efficiency of an industrial mechanism which the ablest business men in the world have taken many years to put together. It ought not to be difficult to discover instances where an extortionate profit has been demanded, or where misrepresentations as to trade conditions have been made. But the greatest care should be taken not to proceed too hastily on hearsay evidence or along lines calculated to increase business unsettlement. The public has been greatly irritated by advancing food prices and is naturally in the mood to pass snap judgment, which might work serious hardships to innocent business men. The problem is in no sense a local one, but has been encountered in most of the leading countries, notably those within the war area. The remedy lies, in the judgment of the best known economists and other investigators, in increasing production and in spending less and saving more. In no other way will it be possible to pay for the waste of war in which all nations sooner or later must take a hand.—Comanche Enterprise.

NOTICE TO THE PUBLIC

The Door Knockers Association of Texas, in order to raise the standard of their members, have ruled that a member shall be expelled should he be guilty of charging more than \$50.00 for a pair of glasses or should his lying affect the character of any person except himself. Some of our men knock doors effectively; that is, they succeed in entering your houses, but fail to close deals and others are poor knockers, but when they do enter they get the "mun." In these cases we send them out in pairs, one goes in the advance and gains permission for the second to enter, in other words, one catches while the other skins.

When one knocks on your door ask him if he belongs to the D. K. A. of Texas. If he says "no" take care of yourself. If he says he belongs to us, then this notice will be worth \$2.00 in the payment of a pair of glasses, provided that you present the notice before he makes his price. (ad)

BOUNTIFUL RAINS

If it be possible to have too much rain for farming this country has experienced that condition this year. The rainfall has been greater than any previous year, as far as the memory of the present inhabitants run and while good crops have been grown there has been considerable difficulty and much loss in gathering them.

Excessive rains in the west caused a flood of the river and bayou this week and some damage was done to crops in the lowlands. There was no serious loss in this county, however, and reports yesterday were that both streams were falling rapidly.

CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't sialivate, so let them eat anything afterwards.

WILL ANSWER CALL OF WHOLE WORLD

THIS IS AIM OF SOUTHERN BAPTISTS IN THEIR PRESENT DRIVE FOR \$75,000,000.

The Dallas headquarters of the Baptist Seventy-five Million campaign issues the following: "Reports coming into the state headquarters at Dallas, show that the Southern Baptist \$75,000,000 plus campaign is going forward on a steadily rising tide in Texas.

"There is a resolute spirit on the part of the people to win," says Dr. F. S. Groner, state director of the campaign, "and they are going to win a great and glorious victory during the week of Nov. 30-Dec. 7. The people are praying as well as working for the achievement of the gigantic task and the spirit of sacrificial giving and the call for personal service have laid hold of them."

"The unprecedented campaign has entered upon its fourth month with virtually all its working forces and units thoroughly organized, equipped and instructed in their varied duties. Tons of helpful and instructive literature are going from headquarters to the churches and individuals in every nook and corner of the state. Persistent effort is being made to enlist the remotest church and serve the last Baptist. The newspapers of Texas are doing a most commendable service in giving wide publicity to the great enterprise and its humanitarian, uplifting, saving purposes.

"October is 'Enlistment' month, during which thousands of missionaries and more thousands of ministers are to be recruited to meet the Baptist program of enlarged service in both home and foreign fields. Enlistment extends to the prayer service, teaching service and training service; also the doubling up of the membership of the Sunday schools and B. Y. P. U. In its broader sense, enlistment means putting the people to work for the advancement of the Master's Kingdom.

"The Four-Minute speakers began talking the Seventy-five Million campaign in many parts of the state last Sunday and they will continue their appeals until Nov. 30, omitting no opportunity. There are to be from 3,000 to 5,000 of them in Texas, many of them women. The Booster teams with a personnel of more than 6,000 are at work in nearly every locality supporting a Baptist church. Every association that has held its annual meeting has accepted its quota of the \$16,000,000 plus to be raised in Texas and has done it enthusiastically. This is the spirit that spells victory, in the opinion of State Director Groner, State Organizer Neal and State Publicity Director Dawson.

HOSPITAL NURSE PRAISES TANLAC

Gains Eleven Pounds And Is Feeling Fine Since Taking Tanlac

"Tanlac did so much for me that I feel it my duty to tell others about this medicine," said C. M. Rhamey, a professional nurse, living at the Hotel George, on Sixth street, San Francisco, Cal., recently. Mr. Rhamey has been nursing patients in the hospitals for the past eight years. "Last February," he continued, "owing to an accident, in which my leg was broken, I was confined to my bed for several weeks. I lost my appetite and could hardly eat anything to nourish me, consequently I lost weight. I took several different kinds of tonics, hoping they would help build me up, but they did me no good.

"One morning I read a statement by a lady in Los Angeles, who said she had gotten such wonderful benefits from taking Tanlac that I decided to try it myself. By the time I had finished half of my first bottle my appetite returned and I felt hungry for the first time in weeks. From then on I started right in to pick up and my appetite got better and better and I slept better at night. I have already gained eleven pounds and am feeling just fine; even my doctor has remarked how much better I am looking. I would never allow my name to be used in connection with a medicine before, but I have had such excellent results from using Tanlac that I take great pleasure in recommending it to anyone needing a medicine to build up the system." Tanlac is sold by all leading druggists. (adv)

Talk about adventures!

Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance!

Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it?

Just this:

A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real: the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay, over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother:— In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.
