**TEACHERS INSTITUTE WILL  
BE HELD 1ST WEEK IN SEPT.**

It has been announced that the teachers institute of the counties composed of Mills, Lampasas and Burnet will probably be held the first week in September. This date is not fixed invariably, nor has the place been set, but full particulars will be published in this paper next week.

Teachers' examinations will be held August 23 and 24, Monday and Tuesday. It is to be hoped that many Mills county people will choose teaching as their profession, for the shortage of teachers now is very acute and more teachers are absolutely necessary.

**REVIVAL MEETING AT CHRISTIAN  
CHURCH MEETING WITH SUCCESS**

The revival meeting which commenced at the Christian church here last Saturday night is meeting with a very great amount of success. The crowds are good and the interest shown is excellent. The song service conducted by Prof. R. A. Wicker, a singer of note, was exceedingly good, and the preaching by Rev. Speck was both forceful and to the point.

The services are at 10 a. m. and 8:15 p. m., and a spiritual feast is assured every person who attends.

**B. Y. P. U. INSTITUTE.**

Rev. M. A. Darby announces that a B. Y. P. U. Institute will be held at the Baptist church here, beginning August 22 and continuing for a week. The institute will be conducted by Mr. O. T. Chastain, state field secretary, assisted by Miss Lucie P. Sprecher, junior secretary. These officials are of state-wide prominence in B. Y. P. U. work and their presence here gives assurance of an interesting week. A detailed program of the institute will be published next week.

**METHODIST REVIVAL.**

A revival meeting will begin at the Methodist church in this city on Sunday, August 15. The general public is cordially invited to attend. A more extended announcement will appear in next week's Eagle.

**BYLER-HAYS.**

On Monday evening, August 2, at 7:30 o'clock, Mr. Ira Byler of Muldoon and Miss Katye Hays of Mullin were united in marriage at the beautiful country home of the bride's parents.

In the presence of a few relatives and friends, the father of the bride said the beautiful and impressive ceremony that made them man and wife.

Music for the occasion was furnished by Miss Addye Jane Hancock, and many beautiful and appropriate selections were rendered.

After congratulations the guests were invited into the dining room, where delicious luncheon was served and happiness reigned supreme.

The bride wore a lovely gown of georgette and the groom was dressed in the conventional black.

Mrs. Byler is the daughter of Rev. and Mrs. L. L. Hays and is a charming young lady of many accomplishments. She was raised in Mills county, and has taught school in various parts of the state, giving her a host of admiring friends. Mr. Byler is a stranger here, but comes highly recommended from one of the oldest and best families of Fayette county. He is engaged in mercantile pursuits at Muldoon and is a refined Christian gentleman and his manly bearing bespeaks for him a character of sterling worth and well worthy of the woman he has now for his wife.

Mr. and Mrs. Byler left Tuesday evening for their future home in Muldoon, followed by congratulations and best wishes of their many friends.

A GUEST.

**SAN SABA ANNUAL FAIR AND  
ENCAMPMENT AUGUST 10-13**

The Eagle acknowledges receipt of a complimentary ticket to the grounds and stands for the San Saba Fair, August 10 to 13, marked "Eagle editor and lady."

The annual San Saba county fair has a state wide reputation. Live stock, poultry, agricultural products and home economics exhibits are excellent. In connection with the above mentioned are provided numerous attractions, first-class shows, carnivals, baseball and horse races, etc. The fair grounds are located one mile north of the town of San Saba in a beautiful peean park on the bank of the San Saba river. Camping facilities are excellent. The fishing is good, the bathing better, while the cool breezes and bountiful shade can hardly be equalled. The fair dates are next Tuesday, Wednesday, Thursday and Friday, August 10 to 13, inclusive.

**GRANDMA JOHNSON DEAD.**

Mrs. E. C. Johnson, known throughout Mills county as Grandma Johnson, died at the home of her son, Lawrence Johnson, on North Fisher street, in this city at about 5 o'clock Wednesday morning.

Grandma Johnson, who was 66 years old at the time of her death, had been living with one of her sons, Ruffin Johnson, at Lometa for the last two years. She was carried to the sanitarium at Temple last Friday and brought to the home of her son here Tuesday night.

Mrs. Johnson was born and reared in Tennessee, but moved to Texas and Mills county about twenty-eight years ago. Since that time she has lived in and near this county, and was known and loved by many of the Mills county people.

Interment was at the Odd Fellows' cemetery here at 3 o'clock Wednesday afternoon. Rev. K. W. Bynum conducted the burial services.

Mrs. Johnson left three sons, Eugene of Temple, Ruffin of Lometa, and Lawrence of this place, besides other relatives.

The Eagle joins the many friends of the Johnson family in extending consolation and sympathy.

**REV. R. W. BYNUM HOLDING  
GREAT MEETING AT CARADAN**

Word received in this city from the protracted meeting begun ten days ago at Caradan by Rev. R. W. Bynum shows the greatest of interest in the sermons from the very start of the meeting. The meeting was scheduled to close Wednesday night, but so great was the interest taken in the forceful sermons by the people of the Caradan community the services will continue until Sunday night.

There were eighty conversions up to Wednesday, and twenty-five were baptized Wednesday morning, with fifteen more conversions on Wednesday. It is very probable that the people of the Caradan community will organize a church and build a church building in the near future. Rev. Bynum has been doing all the preaching in the meeting.

**PRESBYTERIAN CHURCH.**

Preaching at 11 a. m. by the pastor. Subject: "Paul a Preacher of Righteousness." We will have no service at night on account of the revival at the Christian church. We will begin a revival at Zephyr Sunday night.

T. A. LAMPTON, Pastor.

**SAYS SCHEME IS ON FOOT TO  
CUT COTTON PRICE IN HALF**

Austin, August 4.—The following is given out by the State Agricultural Department:

The price of the 1920 cotton crop along with what is left of the 1919 crop, will determine several very important things now having the attention of the people of the world.

The producers of cotton and their friends desire a voice in the price and demand that it include a profit. The speculative and spinning interests desire to prevent this and are not asleep on their job. They generated several schemes during the harvest and sale of the 1919 crop to thwart the aims of the producers and their friends. Whether or not these schemes were hatched by enemies of the producers, such enemies have used them to beat down the price of cotton.

Some of the conditions which have been taken advantage of are: The embargo forbidding the railroads to haul cotton in West Texas last fall; the long shoremens' strike at Galveston and the action of the Federal Reserve Board. The embargo gave an excuse for lowering the local price by saying, "We cannot ship it." The claim of a conspiracy to lower the price is borne out recently by the editor of a prominent New England spinners journal in his answer to charges of a conspiracy to depress the price. He says: "We haven't the least doubt, and we frequently emphasized, this point—that foreign manufacturers or buyers of cotton, and domestic buyers as well, have made and are making at present, every possible effort to depress the price."

This same editor continuing says: "The world does need cotton and will need it in increasing amounts. The cotton grower must protect himself, as certainly on one else will protect him or will pay him one cent more per pound for his cotton than it can be bought at. The dealer would try to buy it at ten cents per pound, even if the cost were 30 cents. He would sell at \$1 per pound if it were possible to obtain it." The embargo furnished a splendid opportunity for this conspiracy.

The action of the Reserve Bank Board caused banks to call loans on cotton, which forced it to sell, thus aiding in the scheme to depress the price. Propaganda is being given out and plans laid to cut the value of the 1920 crop in half. The report of car and ship shortage, which is already depressing the price of wheat; the talk of "tight money;" of a big crop, which is impossible with half a stand over the principle producing sections, and a great deal not in bloom August 1st; while adjoining fields have grown bolts in them and insects demanding toll.

The fact is, as we have frequently stated, more than half of the U. S. crop is needed by foreign countries, which are not in shape to buy in large quantities as fast as we gather. Their condition must be considered, and the sale of our cotton adjusted to their ability to pay. We sold too much cotton last fall. The spinners got three months stock and the speculators about the same. They joined forces to beat the farmers on what they did not get an average of \$50 per bale. Still the futures market has averaged as high, and the spinners have paid the speculators as much for cotton all this year as last fall, when the farmer was receiving around 45 cents for his staple. Will we do the same fool thing and sell too much cotton this fall? If the banks and merchants urge or even permit too rapid sale, they will be caught in the same bear trap that clamped down on their capital appendages in 1918. There will be very little old cotton on hand when the new crop begins to move freely. What little there will be will be in the hands of the farmers. This gives them the whip-hand in making the price next fall, if the local banks and merchants

**MISS OLLIE ERWIN AND OLLIE  
WHITE MARRIED HERE SUNDAY**

Last Sunday afternoon at 7 o'clock at the Christian parsonage, there was solemnized the union of Miss Ollie Erwin and Ollie White, Rev. W. M. Speck officiating. The ceremony was witnessed by only a few close friends and relatives of the happy young couple.

Mrs. White is a daughter of Mr. and Mrs. I. W. Erwin, formerly of Ranger, but who have resided here for the last few years. She is a young lady of very charming manner and most beautiful traits of character. She has won the esteem and admiration of the entire citizenship of Goldthwaite.

Mr. White is a son of Mr. and Mrs. Jim White, who formerly lived here. He was connected with the firm of White Bros. garage here, and is a young man of ability and integrity. During the late war he served in the aviation department as a mechanic and acquitted himself very creditably indeed in that capacity. Recently he became manager and owner of a fine garage at San Saba and is making a pronounced success of it.

The newlyweds left Monday for San Saba, where they will make their home. Goldthwaite people are very reluctant to see this model couple leave, but the best wishes of every one accompany them.

The Eagle joins in extending congratulations.

**HAPPY HEARTS.**

Last Thursday evening at 8:30 o'clock at the Methodist parsonage in this city, there was solemnized the marriage of Miss Katherine Judson Palmer to Victor Lee Parker, Rev. M. F. Daniel officiating.

Mrs. Parker is a daughter of Mr. and Mrs. P. G. Palmer of this place. She spent her childhood days in Goldthwaite and is known and loved by the people here. She is a young lady of comeliness and high character, being one of the leaders in the younger society set.

Mr. Parker has only been in Goldthwaite for a few years, but during that time he has won the respect and admiration of its citizens for his ability and uprightness. His home is at Bryan, Texas. At present he is driller for an oil well near Lometa.

The happy young couple have gone to Lometa, where they will make their home for the present at least.

The Eagle joins the host of friends of the bride and the many well-wishers of the groom in extending to them congratulations and best wishes for a sea of matrimonial bliss.

**REUNION PREMIUMS.**

In the baby show last Friday afternoon, Dorothy Laura Frances Mayberry won the prize, \$2.50, for the best looking baby girl.

H. P. Harris won a prize of \$2.50 for the best pair of White Leghorn chickens. These were extra good chickens and created much favorable comment.

stay behind them. It is the first time in history that the farmers held the carry over. It is the first time in history that they have been absolutely master of the situation; that is, if the reserve banks will adopt a human policy and extend loans to the member banks to the end that the crop may be sold to bring cost of production and a profit. The State Department of Agriculture will give out by September 10 the report of its cost-finding and price recommending committee. If our credits can be mobilized behind the farmers, the work will be done, which will make certain the prosperity of the farmers and through them of all our people.

Cotton Market Specialist, State Department of Agriculture.

## A BIT OF ADVICE

First—Don't Delay. Second—Don't  
Experiment.

If you suffer from backache; head-  
ache or dizzy spells; if you rest poorly  
and are languid in the morning; if the  
kidney secretions are irregular and un-  
natural in appearance, do not delay. In  
such cases the kidneys often need help.

Doan's Kidney Pills are especially  
prepared for kidney trouble. They are  
recommended by thousands. Can Gold-  
thwaite residents desire more convinc-  
ing proof of their effectiveness than the  
statement of a Goldthwaite citizen  
who has used them and willingly testi-  
fies to their worth?

A. B. Lane, proprietor of grain store,  
Goldthwaite, says: "I have used  
Doan's Kidney Pills off and on for a  
good many years and have always de-  
rived benefit from their use. I bend  
over a whole lot and it kind of weak-  
ens my back a great deal and I am ner-  
vous. The action of my kidneys is  
sometimes too free. I take Doan's Kid-  
ney Pills, which I get at Clements'  
Drug Store, when I feel this way and  
always get good relief."

Price 60c, at all dealers. Don't sim-  
ply ask for a kidney remedy—get  
Doan's Kidney Pills—the same that

Mr. Livesay of Dallas was here the  
first of the week visiting Roy Gar-

Monday night and reported that Mr.  
Avery was somewhat improved. Uncle  
Henry's friends will receive the news  
joyfully.

House called to order by County Chairman Jno. W. Roberts.

By motion, John W. Roberts elected chairman for said convention.

The convention by vote seated W. H. Nelson and Wm. Dennard as delegates representing Big Valley precinct, and J. M. Traylor as delegate representing Rock Springs precinct.

Motion carried that chair appoint a committee of five to submit names to the convention as delegates to the State convention and various district conventions; that is, (1) 3rd Sup. Jud.; (2) 17th Cong.; (3) 26th Sen.; (4) 27th Jud.; and (5) 94th Rep.

That committee reported by placing the names of John W. Roberts, Robert Weaver, W. W. Tippen, T. L. Pries, G. W. Jackson, Mrs. John W. Roberts, and Miss Dora Humphries, and by motion all of said persons were elected delegates.

By motion the committee composed of Jas. Rahl, J. H. Burnett, Wm. Dennard, G. H. Frizzell and Jim Traylor were added to that delegation and they are so elected delegates.

Motion carried to indorse the Cox-Roosevelt League of Texas Resolutions: The Cox and Roosevelt Democratic League of Texas.

We favor the prompt ratification in accordance with the demand of the San Francisco Platform of the Peace Treaty and its covenant for a League of Nations designed to prevent future wars, with all their attendant horrors and expense, the greatest handiwork of President Woodrow Wilson.

We heartily endorse as the proudest heritage of all true democrats the great achievements, both in peace and war, of the Democratic Administration under Woodrow Wilson's immortal leadership.

We heartily endorse the great progressive and constructive achievements of James M. Cox as Governor of Ohio, and especially the great humanitarian and welfare measures put into effect under his leadership and his militant and effective support of equal suffrage throughout the nation.

We further heartily endorse the National Democratic Platform adopted at San Francisco as a great charter of Democracy and human rights and we agree with Governor Cox that it is a promissory note of which every cent must be paid.

We further heartily endorse the invaluable service rendered the nation and cause of civilization in the winning of the war by Governor Cox as War Governor of Ohio and by Franklin D. Roosevelt as Assistant Secretary of the Navy in ably assisting in the execution of the great plans which constitute the incomparable and imperishable record of the American Navy during the war.

We therefore organize the Cox and Roosevelt Democratic League of Texas to promote the election of Cox and Roosevelt in all proper ways and especially by preventing the nomination in the Texas Democratic primaries of any candidate for office who is on record as opposed to the League of Nations or who does not approve the great achievements in peace and in war of our Democratic Administration under the leadership of Woodrow Wilson, or who is on record as being opposed to or policies declared for in the San Francisco platform, or who was opposed to the war or failed to do his full part in the winning of the war or who has a record of persistent and consistent opposition to the great progressive and constructive humanitarian and welfare measures which make up the great peace record of James M. Cox, as governor of Ohio.

We believe that the Democrats of Texas can render no greater service to the Democracy of the nation and the cause of liberty and civilization than by overwhelmingly defeating, at the coming primary, the nomination for any office of any man who is avowedly opposed to, and whose endorsement might be construed as repudiation by the greatest Democratic State in the nation of the things for which the platform and the nominees of the Democratic party stand in this campaign.

I was taken with the rheumatism in my legs and knee joints and got in such a bad fix I could hardly get up and down.

After trying a lot of other things which did me no good, I started taking Tanlac and, believe me, I soon felt like a new man. My appetite came back and I could eat anything I wanted without it hurting me the least bit. The rheumatism left me entirely and, as I stated before, although this was four years ago, I haven't had a trace of bad health since. I always keep Tanlac in the house and once in a while take a little, for I believe it will keep anybody in fine shape and I am always recommending it to someone. the best. One field, seemingly a little  
better than many of the others, he

The longer you continue to develop a

could only know the fabulous prices  
the sugar grower had to pay for labor  
and the kind of labors he had to put  
up with, we would soon realize that  
his profits were reasonably moderate.

The general complaint all along the  
trip was that labor is about three  
times as high as it was before the war  
and only about half as efficient and  
that A-1 hands before the war are only  
second grade hands now, standing for  
shorter hours, less work per hour, all  
underlaid by a provoking disinclination  
to work at all.

I am writing this on the front porch

RELATING TO TAXATION BY SCHOOL DISTRICTS.

Senate Joint Resolution No. 17.

Proposing an amendment to Section 3 of Article VII of the Constitution of the State of Texas by exempting independent and common school districts from the limitation of a total tax of one dollar on the one hundred dollars valuation for any one year, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 3 of Article VII of the Constitution be so amended as hereafter to read as follows: (Creating a new Section 3.)

Section 3. One-fourth of the revenue derived from the State occupation taxes and a poll tax of one (\$1.00) dollar on every inhabitant of this state, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem state tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this state for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; provided, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation; and all such school districts, whether created by general or special law may embrace parts of two or more counties. And the legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the legislature may authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property tax-paying voters of the district voting at an election to be held for that purpose, shall vote such tax not to exceed in any one dollar on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the state on the first Tuesday after the first Monday in November, 1920, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law." and all those opposed to said amendment shall write or have printed on their ballots "Against the amendment to Section 3 of Article VII of the Constitution of the State of Texas, providing that the limitation upon the amount of school district tax of one dollar on the one hundred dollars valuation shall not apply to independent or common school districts created by general or special law."

SEC. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

SEC. 4. That the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

NOTICE

Notice to the general public that the land controlled by the State of Texas, in the county of ... is being ... and is being ...

BOYS

BOYS are well-known. You don't have to go to far lands or to the County Fair to look upon them. Everywhere, it is still the style to have Boys.

Perhaps you are trying to run one or more Boys right this minute. Then you will know that since the world began they were never so tremendously important as now. Your hopes and your aims center on them. You must deliver them out of Boyhood into successful Manhood.

Will your sons stay with the land, or will the will-o-the-wisp of the cities call them away? Armies of country Boys, who could be happiest and most successful on farms, respond to the artificial glamour of town life before they are old enough to know their own minds. They do not know that the rewards of country life—in money, health, and happiness—are far greater. Make them realize that! Guide the restless ambitions of your Boys and spare no pains!

Machines have been a powerful factor in stemming the flow to the cities. Machines banish drudgery and make labor interesting; machines foster the love of mechanics in the Boy; machines are builders of fortunes.

You now own many of the machines made by the International Harvester Company. We are headquarters for the International Full Line, including Titan tractors, International engines, and manure spreaders, Primrose cream separators, McCormick and Deering harvesting, mowing, and corn machines, tillage tools, P&O plows, etc. Give the Boys every chance for liking farming and farm life. Perhaps more of these machines will help keep them contented.

**WHAT IS BAILEYISM?**

The following is an extract from the speech delivered by Hon. Pat Neff at Coleman last Wednesday, Aug. 4:

"Mr. Bailey said in his speech you have just heard that he wants to know what Baileyism is. I have said that the issue in this campaign is whether Baileyism or Democracy shall survive. Well, I will tell him what Baileyism is.

**Defines Baileyism.**

"Baileyism is egotism gone to seed. Baileyism is reaction in motion. Baileyism is looking backward. Baileyism is stagnation. Baileyism is the blocker of twentieth century civilization. Baileyism was opposed to Americans taking a stand on the side of freedom during the war. Baileyism stood opposed to any man in America aiding in selling Liberty bonds. Baileyism stands against prohibition and stands for the open saloon. Baileyism stands opposed to woman suffrage. Baileyism stands opposed to the Federal farm loan law that put \$30,000,000 in the pockets of 13,000 farmers in Texas. Baileyism is opposed to the Federal Reserve Bank law that tided us through the war and makes it impossible for the money sharks of Wall street to bring on a money panic. Baileyism stands opposed to the parcel post law, to rural mail delivery, to the child labor law that prevents cold corporate greed from coining into dollars the life and blood of little children. Baileyism is opposed to the great Democratic administration of seven years in peace and war. Baileyism is opposed to Woodrow Wilson and all he has done. Baileyism is opposed to the San Francisco National Democratic platform. Baileyism is opposed to the things that Cox, the Democratic nominee for President, stands for. That is what Baileyism is."

**Bailey's Knowledge of Texas.**

"To show how profoundly ignorant of Texas Joe Bailey is, you just heard him say that he saw a terrible drouth in West Texas and you heard him describe it vividly. Well, of course, he didn't see any such thing. He was in Washington all that time. He wasn't in Texas at all. But you heard him say that when the West Texas committee went to Congress for help for the West Texas drouth sufferers they were turned away penniless. That is not true. They put \$5,000,000 in eighty-eight banks in West Texas for the relief of West Texas. If he is so ignorant that he does not know that, or so insincere that he will misrepresent it, he is not fit to be Governor of Texas."

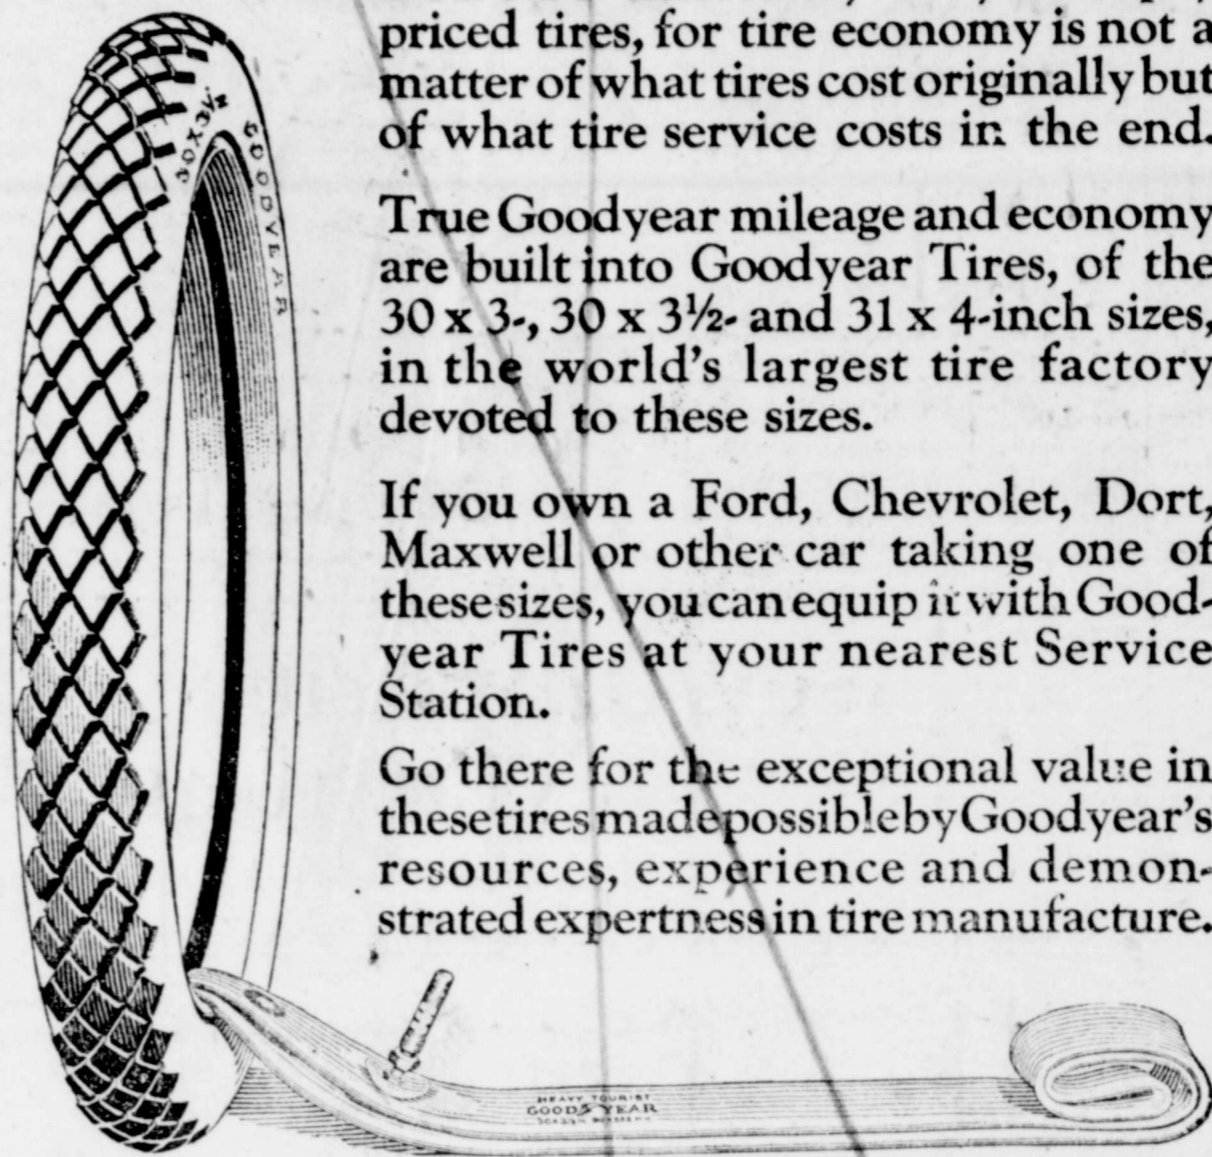

"You heard Bailey deliver a few minutes ago a beautiful eulogy to the brave soldier boy who after battling for his country on the western front comes home and can not get a job because he does not have a union card.

"Well, while the war was on Joe Bailey never found it in his heart to say that kind of word about any boy on the western battle front. Joe Bailey says that when his country declared war he shut his mouth. He was silent when our boys were battling in the Argonne and at Chateau-Thierry. I think any man who was silent then ought not to be permitted before any respectable patriotic audience in Texas to pay a tribute to our soldier boys now. He thinks he can come now and eulogize the soldiers and get their votes, but he is mistaken. He refused to make even one four-minute speech for the American flag during the war. He said he would not open his mouth to recommend to anybody the purchase of Liberty bonds because they might go down and they might lose 10 per cent on their money."

"Yet, judging by the badges on their hats, there are some Colenan county men who will vote for that man who would not lift his voice to help our soldiers during the war. If any man here can wear that badge home tonight, look at his wife and children and sleep, then God have pity on his American patriotism."

### PUREBREDS COMPETE FOR \$65,000 PURSES

Livestock Division at State Fair of  
Texas Breaks All Records For  
Amount of Prizes

With the State of Texas looking  
forward to one of the most prosper-  
ous cattle years of its history, the  
State Fair of Texas is not over-opti-  
mistic in predicting that the season  
of 1920 is going to be the greatest  
year in its history so far as the Live-  
stock division is concerned. A total  
of \$65,000 in premiums, breaking all  
past records for this department, is  
the prize dangling before the eye  
of the owners of show herds of Am-  
erica. In addition to this, tens of  
thousands of farmers and stock rais-  
ers will attend the Fair eager to  
pick up purebreds to improve their  
own cattle strains. This is a great  
opportunity for the show cattle own-  
ers, and they are coming—stronger  
than ever before.

The Hereford and Shorthorn breeds  
lead the field in the allotments for  
beef cattle, with \$15,000 each. Aber-  
deen-Angus come next, with \$5,000.  
Then the dairy breeds "cut in" for  
their share, which is \$7,500 this sea-  
son. Swine easily make way with  
\$5,000, while horses, mules and jacks  
will draw \$7,000. The sheep and  
goat section, with the dozens of inci-  
dental classifications, absorb the re-  
mainder.

All premiums are generous to a  
degree this season, and exhibitors  
are exceedingly enthusiastic. The  
fact that the State Fair is building  
two new livestock barns, both of  
modern fireproof construction, which  
will give plenty of accommodation, is  
bringing fine animals that never  
made the Southwestern swing before.

### End Your Gate Troubles with "Can't-Sag" Gates

Cost Less  
Last Longer  
Look  
Better

No more heavy, tumble-down, sagging  
wooden gates. No more bent and twisted  
gas-pipe gates. Put up "Can't-Sags"—  
made of an ideal combination of iron and steel  
bolted securely together—no screws or nails to pull  
out. When closed and latched, the "Can't Sag"  
gate is securely locked at both ends—stock can't  
break through to destroy growing crops.

Can't-Sag a Fraction of an Inch

In order to sag even a quarter of an inch, 45 bolts and 8 pieces of angle  
steel would have to bend. You know that is impossible. Yet, this ideal  
gate costs less than the old-fashioned kind. Thousands are in use on  
large and small farms everywhere. Drop in and see these gates when  
you are in town.

## Bailey's Friends See It!

In the present campaign for governor there is one question that will not down. Whatever may be your opinion of its propriety in the campaign, you have it to face and you have to decide where you stand. There is, there can be, no evasion. It is: Shall union labor rule Texas?

"We have an abiding faith in the wisdom of people to decide all questions and decide them right, when they shall have fully before them the facts. In this column we shall not try to tell you how to vote, but shall try to set before you all facts and then allow you to decide how these matters shall be settled.

We shall from time to time give in this column such facts as set before you the true issues of this campaign and then leave you to judge how you will settle them for yourselves. That you may start at the beginning we will say one of the demands of organized labor is that we have a closed shop and there shall be no open shop.

You will at a glance see that a definition of a closed and open shop will be in order. You can not know what you favor until you know and fully understand what is meant by these terms.

And that you may know what such terms mean and by knowing be able to intelligently determine which is right and further that you may know how Senator Bailey stands upon this matter, we quote verbatim from his opening speech at Dallas last Thursday, July 29, as follows:

"Now, what is the open shop? It is a shop in which every honest man may find an opportunity to make an honest living for himself and for his family. It is a shop in which the union man and the nonunion man may work side by side. It is a shop in which the Christian and the infidel may work side by side. It is a shop in which the Protestant and the Catholic may work side by side. It is a shop in which the Democrat and the Republican may work side by side. It is a shop where no questions are asked about a man's religion or his politics or his occupation. It is a shop, ladies and gentlemen, which, to my mind, typifies this great Government of ours under which all men may be made free and given the equal protection of the laws without reference to his religion, his politics or his occupation.

"Now, what is the closed shop? It is a shop in which no man can work unless he carries a union card. They are asked but one question there, and that question is: 'Do you belong to the union?' If you don't they turn you from its door; no matter what your skill and craft might be; no matter how perfect you are, how honest you are, how patriotic you are, you can find no employment there.

"You might have been one of those brave and splendid boys that answered his country's call to arms and won a cross of honor for his courage on the battlefield, but if you didn't belong to the union you could find no employment in a closed shop. And yet, you turn disappointed and mournfully from the place; there might come a cowardly deserter, and if he had a union card he could find employment which had been denied to the proficient man in the land.

"My countrymen, worse than that, the closed shop is a shop in which a brother who belongs to the union refuses to work by the side of a brother who does not belong to a union. The nonunion brother might remind his union brother that they were the sons of the same father and mother; he might recall those sweet memories that closed around their childhood. He might go over there and stay to his union brother, 'My wife lies sick at home; my children are hungry there. I've hunted out this town for a place at which I could work; I've found none but this and here alone can I find an opportunity to earn the money which will buy medicine for my sick wife and bread

for my hungry child,' and yet, to that appeal, which would melt a heart of stone—the union brother does not agree because there stands that inexorable cause which forbids a nonunion man to work by the union man's side. My countrymen, that is not an American shop, and I will denounce it as long as I live.

"The closed shop is a boycott by labor against labor, because labor is all that seeks employment there, and since then—where laborers are taught that it is just as human to deny an honest man to make his living by his toil—toil and opportunity to do so—because he belonged to this church, or didn't belong to that union. I want to warn you, you union men, that if you make that an issue the American people will meet it.

"The people of this country have sense enough to know where that closed shop leads. It leads to a time where every man who works must join the union or be deprived of the opportunity to make a living, and when all the men who work are members of the union the radical union laborers will establish a political party, and through that they will establish a union government.

"In other words, and in plain words, my countrymen, the closed shop leads at last to a 'class' government, and there never was and never will be in this world a class government which is a good government."

Herewith we give another definition:

Answers "A Woman Reader."  
(From Fort Worth Star-Telegram.)

Editor Star-Telegram: In your issue of the 12th inst., "A Woman Reader" asks this question: "I wish some of Mr. Bailey's friends would explain to us just what kind of a human being he is calling a 'she-woman.'"

She is a woman who wants and loves a home, with a trundle bed, a bright-eyed baby—a sure enough home.

She is a woman that brightens and cheers a home with her duties to her husband and children.

She is a woman filled with modesty, careful and considerate of those sweet elevating things such as kindness and love for home, baby and dad.

She is a woman Christian in spirit as well as practice and believes the church is the place to worship in and not to hear political sermons and instructions; believing that politics and politicians are beneath the dignity of woman, she is willing to leave such matters to dad, hubby, brother and son.

For my deluded sister's sake, I will repeat to her what Mr. Bailey said at San Antonio: "They are trying to have all the church women to vote for Neff and all of the club women to vote for Thomason, but all the home women are for me."

If you want to know what a he-woman is, it is the antithesis of the she-woman above-described. Let the reader who asks the question carefully read and dissect the burning words of Miss Annie Bock of California, who helped secure woman suffrage, then see where she is drifting. She says suffrage "dearsens and cheapens woman. There has been an alarming increase in immorality, divorce and murder in California. Women are intolerant, radical, revolutionary and some corrupt in politics than men. Has made cowards and puppets of men. I shall do penance the balance of my days for aiding in bringing suffrage to California."

Do the Texas women want any such God never intended women should so degrade themselves and every woman should stick to home and man politics and the evils that go with it. Gentility, modesty and virtue are the jewels of womanhood. Can she preserve them when she throws herself on an equality with man?

### FALLEN ASLEEP.

L. D. Ashley.

The death angel visited the home of Mrs. L. D. Ashley Wednesday morning, July 28, 1920, at 8 o'clock, and claimed for its victim her companion following an illness extending over a period of five months.

Born in 1865, married to Virginia Kirby in 1884. All that doctors and loving friends could do was done for him, but to no avail, for God had chosen him for his own, and where it is His will human skill can do nothing. His suffering was something terrible to witness. He was perfectly reconciled long before the end came that the will of the Lord be done and often talked upon the word of God, and said to the writer one day that he could almost view the holy city. Oh, for such faith!

He lived a consistent Christian life and was a member of the North Bennett Baptist church at the time of his death.

His friends were many. He leaves a devoted companion and six faithful girls and two sons to show the influence of their Godly father, whom they delighted to honor. Certainly no wife was ever more faithful than Sister Ashley, patiently and tenderly ministering to her suffering husband. We will say to the grief-stricken family, our Heavenly Father knows best and always does right. Your greatest comfort should be to think he is now sleeping that sweep sleep in Jesus.

His body was laid to rest in Indian Gap cemetery to await the resurrection of our Lord. Funeral service conducted by his former pastor, Rev. J. R. Davis. We commit them to Almighty God for that comfort that we can not give. May his grace and mercy guard and keep them until the resurrection dawn, when they shall again clasp hands with him around the throne of God, where there shall be no more tears nor sighing and where God shall wipe away all tears from their eyes, and we shall know Him as He is.

Dear breaking heart, crushed with thy load of grief, This cruel world can never give relief; Alone your soul must suffer on in pain, No hand to help; no shelter from life's rain.

The world moves on, unmindful of your tears; It does not bear your grief nor calm your fears; The care you need, the help for which you pray, Must come from God, it comes no other way.

Then battle on; be brave, strong and true, And other hearts shall find their help in you; In God's own way, and in His own time, Your suffering soul shall rest in peace sublime.

But over there, beyond these toils and tears, And far removed from all life's ills and cares, We'll meet and love throughout uncounted days, And Heaven's hills shall echo with our praise.

MRS. J. R. DAVIS.

### EGG-LAYING CONTEST AT STATE FAIR POULTRY SHOW

One of the novelties afforded by the State Fair of Texas season for 1920 will be the Egg-Laying Contest conducted on the grounds by the Poultry Department. It promises to be the center of interest for that section of the big exposition.

The plans for this event include the entry of fifteen pens of six females each. These will be brought

into the department the opening day of the Fair, October 9, and placed in pens particularly assigned. They will then be placed under lock and key, the pens to be examined by the judges only, and decisions made on the final day of the State Fair season, October 24. The contest is expected to bring into competition some of the finest laying breeds known to American fanciers.

In addition to this event, the regular program for the poultry and stock department of the Fair promises much. The premiums are very liberal, and entries are already coming in at a rapid rate. S. T. Morgan is director in charge, and Walte. Burton is superintendent.

### FAIR AMUSEMENTS PROMISING

During the next few weeks Secretary W. H. Stratton of the State Fair of Texas, is going to have some important announcements to make in regard to amusements. The finest novelties and features the amusement world affords are now open to State Fair engagements, and the most select of the 1920 offerings will be secured by Mr. Stratton.

W. W. Taylor received the prize for the best twelve ears of corn, instead of W. W. Saylor, as reported last week.
