**TWO CARS COLLIDE ON
NORTH FISHER STREET
ON TUESDAY AFTERNOON**

Tuesday afternoon two cars, a new Dodge Sedan driven by Mrs. Sam Sullivan and a Buick Six driven by Mrs. L. E. Miller, collided near the residence of Rev. M. A. Darby, just south of the Baptist church.

Mrs. Miller was coming towards the business district and Mrs. Sullivan was going towards her home. Mr. and Mrs. D. A. Trent were riding in the back seat with Mrs. Sullivan, and Mrs. Trent received a badly sprained right arm in the collision. She was rushed home and soon recovered from the shock.

Both cars were considerably damaged, and it is very fortunate indeed that no one was more severely hurt.

**COUNTY AGENT WEAVER
TERRACING FARMS IN
MILLS COUNTY NOW**

The broad terrace which is given a slight fall is the best type of terrace for Mills county. The use of this system of terracing has been so satisfactory that thousands of farmers have adopted it. The water which falls on the fields is so well handled that soil improvement begins at once. Water is not allowed to cut or denude any part of the field. A plow, reaper, rake, mower, or wagon can be driven safely over the field and the whole cultivated as neatly as the most careful farmer might desire. When these terraces have once shown their worth every owner becomes an enthusiastic advocate of and takes great pride in them. The terrace gives the water a different course, causes it to move very slowly, permits the soil to absorb more moisture, and prevents water from collecting in depressed areas which would soon break and start washes. This terrace is simple in construction, permanent in character, lends itself to the use of modern labor saving machinery, and is adapted to practically all types of soil.

Farm terracing in Texas is no longer an experiment, and many Mills county farmers see the need of it. County Agent W. P. Weaver is doing some splendid work in locating terrace lines and assisting farmers to properly construct broad terraces. He will gladly assist any one in this important work.

Terraces have been constructed and terrace lines located on the following farms: J. M. Ritchie, Robt. Long, S. J. Tullos, the Sharp farm, Jo and Henry Peck, and Mrs. W. F. Davidson.

**IVY RICHARD'S RESIDENCE
CATCHES FIRE THURSDAY**

Thursday morning while Mrs. Ivy Richards was ironing with an electric iron, on account of defective insulation the wire conveying the electricity to the iron caught fire. Mrs. Richards was unable to extinguish the blaze while the current was on and endeavoring to get the power plant to have the current cut off, she told the central that her home was on fire and the fire department was ordered out.

In record time the boys were on the ground with plenty of water and the blaze was extinguished before it could do any considerable damage.

**HONORING MR. AND MRS.
GEESLIN.**

One of the largest and most elaborate affairs of the holiday season was the party given by Mr. and Mrs. R. M. Thompson and daughter, Miss Lawrence, at their pretty home on North Parker street, Friday evening, Dec. 31, in honor of Mr. and Mrs. Frank Geeslin of Hempstead.

Fragrant cedars, Christmas evergreens and a profusion of brilliant red wreaths and bells gave a gay touch to the reception suite, whose chandeliers with red and green shades and bunches of mistletoe added to the beauty and cheer of the hospitality of the host and hostesses.

Greetings were given at the door by Mr. and Mrs. Thompson. In the parlors Miss Thompson introduced Mr. and Mrs. Geeslin where it was necessary, but in most cases it was a communion of friend with friend; as the honored guests had spent many years here and no couple was ever more popular than this one. The meeting with them on this occasion was a real Christmas treat.

Score cards were soon passed and 10 games of progressive "42" were played. At the conclusion of the games "Old Father Time," represented by Master Edward Thompson, bade each and all farewell for 1921. Then in came little Miss Doris Thompson in her fairy-like costume dancing and singing a welcome to 1921.

Miss Thompson entered with a beautifully laden tea wagon and refreshed the guests with fruit, hot chocolate, hot tea, whipped cream and cake. The attractiveness of the tea wagon was enhanced by a basket of gorgeous red poinsettias which formed the center piece.

The guests included the members of the Art and Civic Club and a number of other friends. XX.

ART AND CIVIC CLUB.

Mrs. A. T. Leach was hostess to the Art and Civic Club on Wednesday afternoon from 3 to 5 at her home on North Parker street.

A number of items of interest were brought before the club and several lines of work were planned for the new year. A motion picture was shown in making attractive the new room, which has recently been formed from the fourth and seventh grades of the Grammar school. Pictures, flowers and other articles of interest are to be presented to the room.

An invitation was extended to Mrs. J. A. Palmer to be an honorary member.

The membership regrets to lose Mrs. J. C. Darroch during the legislative session, but wishes for her a pleasant sojourn at the Capital City.

The following library program was rendered:

Quotation: "It's a fine thing to have a great thought; but it is a much finer thing to pass a great thought to others."

Leader—Mrs. W. E. Miller.
Roll Call—Famous Libraries.
Paper—Library Extension—Mrs. Walter Fairman.
Paper—Library Laws of Texas—Mrs. R. M. Thompson.
Music by Victrola.

The refreshment plate carrying out the club colors, pink and white, consisted of sandwiches, marshmallows, whipped cream, fruit and marble cake and coffee.

The next meeting will be held with Mrs. W. E. Miller Jan. 19. A MEMBER.

Alleged Murderer of J. N. Weatherby Is Arrested at Birmingham Last Week

As a sequence to the consternation of his relatives and friends here October 18, 1920, when the report reached here that J. N. Weatherby for many years one of the leading citizens of Goldthwaite, had been foully and brutally murdered at Brownwood, George F. Hornsby, alias G. H. Scott, was apprehended by officials at Birmingham, Ala., last week, working under the direction of J. H. Burnett, a former sheriff of Mills county, and a very close friend of the murdered man.

GEORGE F. HORNSBY (Alias G. H. Scott.)

Indications at the time of the murder led Mr. Burnett to believe that Hornsby had been instrumental in the murder. So as quickly as possible, working in conjunction with Mrs. J. N. Weatherby and Mr. Weatherby's brothers here, Mr. Burnett procured from the United States army finger prints, description and photographs of the accused man. Then active hunt was instigated, covering the entire United States and requiring the entire time of Mr. Burnett, Mrs. Weatherby and others and the expenditure of a great deal of money. Mrs. Weatherby offered a reward of \$4,000 to be paid to any person anywhere turning the man over to the authorities. Circulars bearing the description, finger prints, photos, etc., of the accused man were mailed to every sheriff in the United States.

In answer to them Mr. Burnett received numerous letters and telegrams from deputies, sheriffs, detectives, etc., requesting information and stating that they were holding a man for identification.

But the first one which Mr. Burnett really had any faith in came from the officers at Birmingham, Ala. Hornsby's former home. They wired Mr. Burnett at Fort Worth that they had the man. Without hesitation he went to Birmingham.

Arrested After Great Difficulty.

Mr. Burnett said two or three weeks ago, while going through Birmingham to South Carolina to identify a man who resembled the wanted one, he had stopped off at Birmingham and talked with the officers, stating that it was likely that Hornsby would eventually come to that place. Plain clothes men were put on the job watching Hornsby's old home and the home of his grandfather, about ninety miles south of Birmingham. Hornsby was first spotted wearing sideburns and a black moustache. The officials employed the services of a young lady of Birmingham, who made friends with Hornsby and who had known him since childhood and, with the help of the Birmingham officers, staged a dance at Birmingham for his special benefit. All unsuspecting, Hornsby came to the dance, not forgetting, however, to bring his .38, ten-shot automatic pistol and danced a set or two. It being

very unhandy to dance while carrying a pistol, Hornsby removed it and during the dance wandered to the other side of the house. Here the officers, of whom there were three, arrested him. He was lodged in the Birmingham jail.

Brought to Fort Worth by Mr. Burnett.

The officers quickly wired Mr. Burnett, who was at Fort Worth, and he went to Birmingham, taking the reward money. There identification of Hornsby was firmly established. But, brothers and sisters of Hornsby issued a writ of habeas corpus and served on the sheriff at Birmingham, forbidding him to remove the prisoner from the state. They neglected, however, to serve it on Mr. Burnett, and he, with the aid of two of the men who helped catch him, slipped out with the prisoner and brought him to Fort Worth. He was placed in the Fort Worth jail and Mr. Burnett notified the Brownwood authorities, who removed him to the Brownwood jail.

Trial Set for January 17.

Hornsby's trial is set for January 17th, or Monday week. Should the defense not get a postponement, justice will be done at that time. And should Hornsby be the murderer, of which Mr. Burnett has no doubt, it is very probable that the use of a lariat will be the outcome of the trial.

The entire credit for the apprehension of Hornsby is due Mrs. J. N. Weatherby, widow of the murdered man, and J. H. Burnett, one of our fellow townsmen, as active instrumentalities, with the help and support of Mr. Weatherby's brothers here. There has never been a let up of the chase since it was first instigated, both Mr. Burnett and Mrs. Weatherby turning their entire attention towards accomplishing the arrest of the suspected man.

Eagle Will Issue Daily Bulletin During Trial.

If plans now forming are carried out, the Eagle will issue daily bulletins during the progress of the trial, giving the readers benefit of the entire trial as it happens. Every one out of Goldthwaite desiring a copy of the bulletins each day, notify the Eagle at the earliest possible moment.

SELF CULTURE CLUB.

On Thursday, Dec. 30, the Self Culture Club held a most interesting meeting at the club room, with the president in the chair.

Mrs. W. H. Trent reported that the glass case had been purchased and placed in the seventh grade room at the Grammar school. This case is a small museum for the pupils and contains curios from many places. A rising vote of thanks was tendered Mr. Great-house for delivering the case to the schoolroom.

After the business session a short recess gave opportunity for a social chat with the visitors. The program for the day was as follows:

Leader—Mrs. R. E. Clements. Roll Call—Events on the Day's Subject.

Study Subject—The Peopling of the United States.

Discussion—Burch & Patterson, American Social Problems, Chap. IX.

Paper—The Settlement of the Ohio and Mississippi Valleys—Mrs. R. M. Thompson.

Round Table—The Industrial Future of the Great Lakes Area.

At the conclusion of the program the visiting club women were invited to tell us what their clubs were doing. These talks were all enjoyed, and especially the talk by Mrs. McCall, who is prominent in club work at Waco.

The meeting was indeed an intellectual feast and we all left with the resolve to do better work during the coming year.

Those present other than members were:

Mesdames W. S. McCall, Waco; Jno. C. Hicks, Fort Worth; Frank Geeslin, Hempstead; Baylor Lewis, Lometa; B. F. Geeslin, Edward Geeslin, Ed Thompson and Miss Dera Humphries. REPORTER.

L. A. PHIFER EXPECTED TO LOCATE IN GOLDTHWAITE

The following is from the Brenham Daily Banner-Press:

Through a deal that was consummated Wednesday L. A. Phifer has disposed of the valuable property known as the Phifer hotel and cafe to E. W. Null of Bertram, the consideration being \$25,000. Many friends will learn with genuine regret that the Phifer family will leave Brenham in the near future, Mr. Phifer having under consideration calls to serve as pastor of several Baptist churches, one of which he will in all probability accept. Many years ago, before entering the hotel business, Mr. Phifer was a Baptist pastor and has now decided to re-enter the ministry and devote the remainder of his life to Christian service. During their residence in Brenham the entire family has made many warm friends by whom they are highly regarded and their departure will mean the loss of some of our good citizens.

L. A. Phifer of Brenham is the father of F. H. Phifer of Goldthwaite and the Phifer family is expected to visit this city in the near future with a view to locating here.

CONGRESS OVERRIDES VETO OF WAR BOARD BY WILSON

Washington, Jan. 3.—The resolution to revive the War Finance Corporation was passed today by the senate over President Wilson's veto. The vote to override the president was 53 to 5, or 19 more than the required two-thirds majority. Both Senator Culberson and Senator Sheppard of Texas voted to pass the bill over the president's veto. The vote was taken immediately after the president's veto message was read. Similar action by the House was forecast by supporters of the resolution, which was designed as an aid to farmers and others in the present declining prices.

Washington, Jan. 4.—The resolution reviving the War Finance Corporation became a law today with its adoption by the house over President Wilson's veto by a vote of 250 to 66. Officials of the War Finance Corporation said today the corporation would be revived immediately but that necessarily some time must elapse before the actual making of new loans would be begun.

St. Joseph Man Is Able to Attend to Business Again; Feels Fine Now.

"My health was so bad when I began taking Tanlae that I had given up my business; I have gained twenty-five pounds and am feeling so fine I have taken up my old business again," said George A. Fisher, 1001 Highland Avenue, St. Joseph, Mo., a wholesale and retail poultry dealer at 202 Edmond street.

"For the past three years stomach trouble and rheumatism have been pulling me down until finally I had to give up all work and was just barely able to hobble around. My digestion was terribly out of order and it looked like every bite I ate would sour on my stomach. I would bloat all up with sour gas and feel so tight across my chest I could hardly breathe. I had rheumatism all over my body and the pains were so severe, especially in my legs, it was all I could do to get about at all. Nervous spells often came on me and sometimes I had awful headaches and dizzy spells. I lost considerable weight and made plans to go to a different climate before it was too late.

"It was just at this time that I got hold of Tanlae and now my recovery has been so complete I have been built up so fine in every way that I feel just like I am starting life all over again. I am eating whatever is set before me and I never have a sign of indigestion. All traces of rheumatism have left me and I never have an ache or pain. My nerves are strong and steady and I am no longer bothered with headaches or dizzy spells."

Ellen F. Welch, daughter of W. H. and L. F. Welch, was born Dec. 6, 1866; was converted at the age of 16. Was married to J. S. Livingston June 20, 1887. Departed this life Nov. 19, 1920.

She leaves a husband, three sons, a mother, four brothers and two sisters, besides a host of relatives and friends to mourn her going. While we grieve and it is so hard to give her up, we know she was a true self-sacrificing child of God, always looking after the welfare of others; but she has gone from the sorrows of this life. May our Gracious Heavenly Father help us all to live so that we will meet her with a host of others in the Paradise of God is our prayer.

CENTRAL EMBROIDERY CLUB ENTERTAINS.

Friday afternoon, Dec. 17, 1920, one of the most enjoyable afternoons of the season was had when the Central Embroidery Club held open house to the other clubs of the city, honoring their retiring president, Mrs. W. B. Jackson, in the beautiful home of Mrs. George N. Atkinson on North Fisher street.

Upon arrival each was greeted at the door by hostess, Mrs. Atkinson, Campbell, Clements and Coekrum and were served with hot tea and cake by Mrs. Henry Martin and Miss Atkinson.

The entire reception suite was cheery and bright with warm fires and holiday attire of Christmas holly and other greens with numerous blooming poinsettias. A large basket of holly and mistletoe formed the center piece of the dining room table.

After all guests had arrived, Mrs. Atkinson gave a short history of the work of our president. Covers were laid for the popular game of progressive "42." Mrs. Sam P. Sullivan being the guest who scored highest, was presented with a box of stationery.

Mrs. Earl Clements, with her usual graciousness, presented to Mrs. Jackson a cut glass as a mere token of our appreciation of her work throughout the year.

Mrs. Fred Martin gave several piano selections, which were greatly enjoyed by all present. Refreshment plate, consisting of

a salad course and hot chocolate, was passed.

Other than club members of the city present were Mesdames Malone and Luther Rudd, city; Mrs. Swain of Wichita Falls.

REPORTER.

MERRY WIVES.

The Merry Wives met Tuesday with Mrs. J. H. Randolph. Mrs. R. M. Thompson was an appreciated guest for the afternoon and after her arrival the hostess asked for those who were born in January to step into the dining room. February followed and on thru the year till we were all assembled around the table, which was laden with such good things as chicken salad, parsley sandwiches, fruit cake and stuffed dates. Mrs. L. E. Miller poured coffee and the hostess cocoa.

In the games that followed Mesdames Will H. Trent, D. A. Trent and Edward Geeslin tied for high score and each received a credit in our secretary's book. X.

**A TALK WITH A GOLD-
THWAITE MAN**

**Mr. D. Y. Fox of Goldthwaite
Tells of His Experience.**

There is nothing like a talk
with one of our own citizens for
giving hope and encouragement to
the anxious sufferers from the
dread kidney disease. We, there-
fore, give here an interview with
a Goldthwaite man:

"My kidneys first bothered me
by causing me to suffer with my
back," says Mr. Fox. "Then I
had rheumatic pains in my limbs
and arms. My kidneys at times
acted irregularly. As these ail-
ments came on me, I used Doan's
Kidney Pills, getting them at
Clements' Drug Store, and they
always relieved the rheumatic
pains and backache and correct-
ed the kidney action. As a rule,
I have Doan's in my house, for I
know I can depend on them."

Relies on Doan's.

Mr. Fox gave the above state-
ment April 26, 1915, and on May
20, 1919, he added: "I am a
strong believer in Doan's Kidney
Pills and I'm never without a
box. When my kidneys feel a
little sluggish, I always take a
few with fine results. I feel the
same about Doan's now as I did
when I gave my previous state-
ment."

Price 60c, at all dealers. Don't
simply ask for a kidney remedy—

same that Mr. Fox had. Foster-

**OUTLINE OF GROWTH AND
NATURE OF TEXAS FARM
BUREAU FEDERATION**

Dallas, Texas, Jan. 6.—The rap-
id growth of the Texas Farm Bu-
reau Federation has occasioned
numerous inquiries as to the na-
ture of this organization and in
response to these questions the
following general description is
given so that those who are not
members may get a clearer con-
ception of the workings of the
movement. It is pretty generally
known that there are about a mil-
lion and a half members of the na-
tional organization. To picture it
graphically if the membership
were to march four abreast down
the main street of your nearest
town at the rate of five thousand
a day it would take the members
just ten months to pass the post-
office. Forty-five states of the
Union have Farm Bureau Organi-
zations.

There were approximately 20-
000 members of the Texas Farm
Bureau on New Year's Day, 1921,
and it is expected that there will
be 100,000 members before the or-
ganization has been in Texas a full
year. At the present rate of
growth there is no doubt of the
organization reaching its mark.

There are three general lines of
activities in the Farm Bureau:
buying and selling of products for
farmers, educational and legisla-
tive. At the present time the mar-
keting problem is of paramount
importance to the farmers of the
United States. The recent slump
in prices has brought home to the
farmer with striking emphasis
the necessity of organization in
the selling of his products. Only
one state in the union failed to
feel the blow which hit the farm-
ers of all other states alike. Cot-
ton, grain, livestock and wool men
have lost billions of dollars this
winter through the drop in prices
paid for farm products. Califor-
nia farmers engaged in selling
what might be called semi-luxur-
ies stand alone in their freedom
from the effects of the slump in
prices. Because of their very close
marketing organizations by which
they have practically absolute
control of their own products and
through which they can sell to
manufacturers and users instead
of speculators they are independ-
ent in the greatest crisis. The
Texas Farm Bureau Federation is
already at work setting up com-
modity organizations for cotton,
wool and truck growers. Other
associations will be formed as
rapidly as conditions permit and
as the demand arises.

Officials of the Farm Bureau
are very much aware of the fact
that it is necessary to take the
general public into confidence re-
garding the nature of the farm-
er's business and the necessity of
his getting adequate returns for
his time, labor and knowledge. It
is also necessary that the farmers
themselves exchange with each
other information regarding their
own problems before passing on
to the general public such infor-
mation as is of interest outside of
the farming industry. For these
reasons the second purpose of the
Farm Bureau is educational in na-
ture. For example, it has been
found that under the present Tex-
as laws it is impossible for Texas
farmers to co-operate in the same
manner that California farmers
do. The Texas Farm Bureau Fed-
eration believes that Texas farm-
ers are as good as any other farm-
ers on earth and that they are en-
titled to the privilege which Cali-
fornia farmers have and which
Oklahoma farmers have already
obtained. For this reason the
Texas Farm Bureau Federation is
backing the passage of the law in
Texas enabling Texas farmers to
get together to market their own
stuff. This is just one of the many
things being fostered in a legisla-
tive way for Texas farmers by the
Texas Farm Bureau.

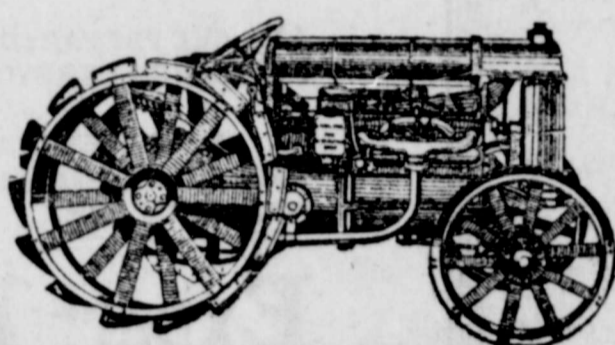

Another example of legislation
urgently necessary is an adequate
warehouse law to enable Texas
farmers to properly care for their
cotton so that they may get the
maximum return for it when sold.
A warehouse law will be present-
ed to the next legislature and ev-
ery effort made to secure its pas-
sage in the form best suited to the
needs of the Texas farmers. Mr.
D. E. Lyday, a member of the

Fordson

TRADE MARK

More and more every day the demand for the Fordson Tractor increases because the Fordson has demonstrated so much usefulness, so much economy, so much labor saving, so much money saving, along so many lines of activity. The farmer has discovered that not only for plowing, harrowing, discing, seeding, mowing, reaping and threshing, but a multitude of other uses: cutting wood; feed; grinding feed; churning; washing; furnishing water in the house; making electric light possible in the house and around the barns; so that, as a matter of fact, there is hardly an hour in the day when the Tractor cannot be made a profitable servant. There is ditching to do; there are roads to fix; and so on all along down the line of the numerous calls that constantly face the farmer the Fordson steps in and does the work, shoulders the complete burden of the toil and the hard work, one might almost say "swadgery."

This is the Age of Machinery, the day when man plans the day's work, or the year's work, and then turns it over to the Tractor to execute. Get the book, "The Fordson at Work," because it is free. If you cannot call for it, write and we will mail it to you. The Tractor is not only a necessity to every farmer but is an established utility along a great many commercial lines. Our allotment is limited to so many each month. Let's have your order now.

present executive board of the
Texas Farm Bureau, is actively
at work in the final preparation
of a warehouse law. Other things
needed by the Texas farmers in
way of legal protection will be
pushed to the limit before the leg-
islature.

The Farm Bureau, however, is
interested in measures and not in
men and therefore will not and
cannot enter into politics. Any
Farm Bureau official who enters
politics is by constitutional pro-
vision automatically dropped
from office. Summing up the
three lines of activities in which
the Farm Bureau engages we
would say that they are the set-
ting up of commodities sales or-
ganizations, the pushing of an ed-
ucational program and the secur-
ing of necessary legislation for the
benefit of farmers of Texas. The
hearty co-operation of all farm-
ers and of those friendly to farm-
ers is desired by the Texas Farm
Bureau Federation, an organiza-
tion in which none but farmers
can vote or hold office and which
is organized directly for the ben-
efit of the farmers themselves. It
is pointed out that whatever ben-
efits farmers as a class benefits
all other classes of people and that
the good of the nation demands
that the fundamental industry of
the United States be properly pro-
tected so that the country as a
whole can be prosperous.

BEAT IT!

There's a real menace to the farmer of this country in cheap South American beef. Our packers are building more and more big plants in Argentina, Brazil, Uruguay; refrigerator ships are dumping the frozen and canned beef on the markets of the United States and the rest of the meat-buying world. How can this dangerous competition be met?

In pure-breds lies the answer. The pure-bred farmer can produce prime carcasses at an economy that challenges competition or, better, he can sell breeding stock to a steadily growing market.

From every point of view pure-bred cattle give security. The farmer who raises them has fewer worries over high feeds, increasing freight rates, decreasing soil fertility and poor bank credits. Because his business is on a more economical basis his margin of profit is greater than that of a scrub raiser. Because his margin of profit is greater he can weather a market slump that crushes other beef raisers. There is more demand for his superior kind of cattle—right

now foreign markets are clamoring for his breeding stock. Don't you want to enroll in the ranks of safe farmers who make more money and have better homes? Don't you want to help make this community a better place to live? THE COUNTRY GENTLEMAN, the great National Weekly of Profitable Farming, will point the way. In the 52 big issues that come every Thursday for just \$1.00 it offers a uniquely valuable national farm service.

THE TIMES-PUSH.

There is being much said just now about contraction of currency, decline in prices of farm products and hard times and on and on. The habits of the average life call for larger expenses than ever before in the history of our nation. We are living mighty fast and seems there is no way to slow up. Within a few years we have gone from the ox wagon to the auto, from the Georgy plow-stock to the tractor and from the home-made to the smooth fancy tailor-made, and also from leisure and go-easy to hustling and grumbling. This is all well if the latter be left off.

I notice the annual purchase of cars in the United States makes an average of two hundred and eighty dollars per family, but we are going some and as a nation we are somebody as we go. I am trying to say that the fiddler is being paid.

No one wishes to go back to the ox wagon or the old sweetgum tree for chewing gum, but it is unwise to seek to keep up with fast times. Many are much crippled by luxurious habits.

Not long since I heard related some simple domestic habits of a few decades ago. Home-made shoes and home-made clothes were all discussed. Matches then were not plentiful and cost much more than at present. The old farmer a woodman who smoked his pipe, carried a flint and a piece of spunk in his pocket. In preparing to smoke he ignited the spunk by striking fire from the flint with his pocket-knife. After lighting his pipe he would return the spunk to his pocket, after putting out the fire and use it for many smoking periods.

I remember too that sometimes the fire overnight went out in the great fireplace, and no matches. Then it was the woman of the house would hunt up some of her home-spun thread. She kept it in skeins and hanks hanging somewhere about the place, and put the hand on the spinning wheel and proceed to spin the said thread until it caught fire from friction. That was the start to replace the fire in the fire-place. I never learned enough about coloring and the dyes used then to understand just why yellow thread was preferred to start fire with. I remember yellow thread was always selected. I suppose the folk then knew.

A youngster hearing these things related recently remarked that he was sorry to hear that any of his kith and kin were ever so far back and short in knowledge and conveniences. But he never explained a thing about the yellow thread, though he was somewhat scholarly. After all, these things and habits were not so far back as some might suppose. A little less than fifty years—right here in our own homeland.

We have passed beyond those times. No one wishes for their return. Only let us take careful note as we go with the positive knowledge that as we dance to the tune of present times, we shall pay the fiddler. SAM SAY.

HONORING MRS. F. GEESLIN.

Mrs. Edward Geeslin entertained the Merry Wives Club and a number of friends Saturday afternoon at her home on Hutchings street, in honor of Mrs. Frank Geeslin of Hempstead, who has been a guest in the B. F. Geeslin home for the holidays.

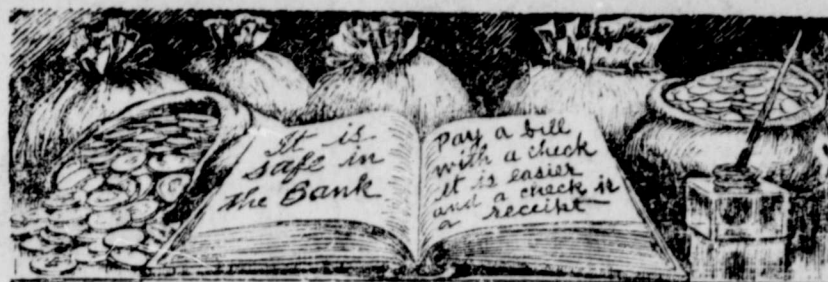

Progressive 42 was chosen as the amusement feature and a number of interesting games were played. In a tie between Mrs. B. F. Geeslin and Mrs. Will H. Trent, Mrs. Trent was awarded a box of Lizzett's chocolates.

At the close of the afternoon Mrs. Geeslin served her guests hot chocolate, fruit cake, mints, salad and sandwiches.

The afternoon was especially pleasant to the Merry Wives, as Mrs. Geeslin was a former member of the club. REPORTER.

Mrs. J. C. Long came in Saturday morning from Nixon for a visit to her father and mother, Mr. and Mrs. L. W. Leverett, and other relatives. Mrs. Long will visit here for several months.

MRS. LAMPTON ENTERTAINS.

The Presbyterian Manse was the scene of pleasant hospitalities Wednesday afternoon, Dec. 15, when Mrs. T. A. Lampton entertained in honor of the women and girls of the Presbyterian church with other ladies who are closely associated with them in their church work.

The Christmas spirit was evidenced throughout the house. Pot plants featured in the decorations. From the four corners of both the reception and dining rooms red and green streamers were brought to the center where large red bells held the lights, which shed forth a soft red glow that lent much to the beauty in the artistic decorations. Score cards were red bells and many games were indulged in, ranging from the lemon race, making of shoes, tacking on buttons and even to the spelling of the names of fruits. A dainty salad course was served. Every one enjoyed to the limit each moment spent with our wonderful hostess, who is so well equipped with the knack of entertaining we were reluctant when the time came for us to bid her good-bye. We hope the time will not be far distant when Mrs. Lampton will again ask us to share in her hospitality.

Those present were: Mesdames W. L. Jones, W. H. Linkenhoger, C. A. Harrison, Lewis Hudson, M. McGirk, McLain, Nat McGirk, W. E. Miller, J. H. Randolph, Woods; Misses Doris Oden, Lora Hudson, Lillian Henderson, Thelma and Muriel Linkenhoger, Rexie Jones, Rosa and Mattie Johnston. A GUEST.

House Owner: I had this paint put on last year and look at it now. Painter: It doesn't take long for the weather to show up poor paint. House Owner: But now was I to know it was poor paint? I'm no paint expert. Painter: It doesn't take a paint expert to get reliable paint these days—use ordinary intelligence. For instance, you ought to know that there is a Company of paint experts that have been making house paint for nearly fifty years; making it from accurate formulas, mixing and grinding it with powerful machinery; manufacturing every important ingredient; putting in just what all these years of experience have taught them is the best. That Company is the Sherwin-Williams Company and the paint is known to us painters as SWP. Wouldn't you be safe in trusting such a paint?

The painter is right, as we can prove by scores of house owners in this town. If you want your house to stay painted get SWP from us.
