**BRED POULTRY SHOW
WILL BE HELD HERE NEXT
SATURDAY; CASH PRIZES**

Mills County Poultry Association was organized here last Saturday afternoon in the court room. H. H. Stebbins, Mullin, elected president, and Mrs. Chesser, Mullin, vice president. Mrs. H. H. Stebbins, Mullin, secretary. Further organization will be perfected at a future meeting.

Present at once took up matter of a poultry show and, in discussion, it was decided to have a purebred poultry show at Goldthwaite on Saturday, Feb. 12. An early date was set in order to give an opportunity for people to buy good breeding stock and eggs for hatching for the present season.

A majority of the members of the association enrolled at the initial meeting were ladies of the Mullin community. The interest of Mullin is to be commended for the interest shown in organization and for their efforts to get the show on. A number of members around Goldthwaite have been enrolled in the association since the meeting.

A committee appointed to arrange for the show met at the Martin building, Brown Theatre Building, and will be accepted and held any time after noon on Saturday, Feb. 11, until ten o'clock on Feb. 12. Each exhibitor is expected to furnish his own stand, lack of funds and making proper provisions.

The committee has been fortunate in securing the services of W. W. Saylor, head of the A. & M. College for the show. Prizes will be awarded for first and second best of each breed of chickens. The committee will be awarded for first and second best of each breed of chickens. The committee will be awarded for first and second best of each breed of chickens.

**MEETING OF WOOL GROWERS
HERE ON SATURDAY, FEB. 12.**

A meeting of the Mills County Wool Growers Association will be held at the court house Saturday, February 12th, at 2 p. m., for the purpose of discussing marketing plans and ordering wool sacks and twine for the members. All wool growers are urged to attend. D. D. KEMPER, Sec.

**GOLDTHWAITE HIGH SCHOOL
HONOR ROLL.**

Because of the solid geometry class having begun two weeks late last September, due to the text books not having reached us earlier from Dallas, it was two weeks late in completing the work; so the honor and near-honor roll for the eleventh grade has been delayed until now. It is as follows:

11th Grade: Eric Williamson, Zaleme Williamson, Muriel Lickenhoger.

The interest in our school is gratifying. Several pupils who did not do much the first half of the year have gone to work and bid fair to come out all right at the close. Still just a few are failing in some part of their work or in most of it. Parents of all such pupils should not only encourage them to work harder, but should see to it that they put in considerable more time working at these studies.

The writer believes, speaking as an experienced high school teacher, that not many, if any, high schools in the state have a finer body of pupils or a body of pupils in which the per cent of successful pupils is larger.

President Thompson of Daniel Baker College complimented our school discipline and spirit very highly, which gratifies all us teachers.

Our new addition of \$400 worth of books for our library is coming in. These were ordered before Jan. 1, 1921, when the prices advanced about twenty per cent, \$40 to \$70. It is hoped that parents will come up and inspect these books as well as the pupils' work. Come.

Superintendent.

every back yard in the towns of the county.

The following table will show in detail profits made last year off seventy-five Rhode Island Red hens by Mr. and Mrs. C. M. Bureh. Being raised on what is practically a back yard lot, all the feed for these chickens had to be bought.

Paid out:	
75 Hens valued at.....	\$105.00
Feed	\$147.00
Total	\$252.00
Took in:	
Sold eggs during the year.....	\$226.80
Broilers sold	64.00
Old Hens sold.....	90.00
Old Roosters sold.....	12.50
Reserved 65 Pullets.....	90.00
Total	\$483.30

The profit on these seventy-five pure bred S. C. Rhode Island Red hens for one year was \$231.30, besides furnishing meat for the owners during the year, which is not figured in the table.

The harvest is about all in;
My corn is bustin' from the bin.
Our first white frost jest came last nite;
This is Sunday morn, the ground is white.

To work for that doggone Bill Black,
Six bits a day would git him back;
But that's an awful lot too high,
An' grubstake; such a glutton,

**COUNTY ROAD SUPERVISOR
HAMILTON BEGINS WORK**

County Road Supervisor D. A. Hamilton started work according to schedule the first of February. Mr. Hamilton has two tractors and several teams and graders on the road. At present he is working the road in the northern portion of the county, the road between Mullin and Comanche, in Mills county. He will work toward Goldthwaite, working the Mullin and Goldthwaite road. Then, if present plans are carried out, he will work the Goldthwaite-Center City road. All the roads he goes over Mr. Hamilton promises will be worked right and will stand up for many years if a little repair work is accorded them at necessary times.

MARRIAGE LICENSES.

County Clerk Clyde D. Lane has issued marriage license since our last report to the following:
Otto B. Kirsch and Miss Annie Mae Heuvel, on Feb. 3.

SCHOOL NOTES.

Dr. Thompson, president of Daniel Baker College, was a greatly appreciated visitor at high school Wednesday. He was present at several classes to observe the work being done and, after recess, spoke to the assembled high school and advanced Grammar school pupils. In his talk, which had to do, among other things, with education as a business asset, he emphasized the fact that the value of a high school student in the business world was many times that of a grammar school student. He also stated that education was not so much the acquiring of a number of "book" facts, as the training of boys and girls to think. In this connection he gave the opinion of a leading Chicago financier who stated that the business world needs, more than all else, young men and women with ability to think. Dr. Thompson complimented the spirit and co-operation evident in the work of Goldthwaite High School.

The Sophs are feeling their importance particularly since yesterday's lecture—Dr. Thompson spoke of them as "wise."

The second year Latin class is still laboriously following Caesar through Gaul. They are unanimously in agreeing that it is a pretty tough march.

Some of the Freshmen's Latin notebooks were especially complimented by Dr. Thompson. These note books are kept for the purpose of increasing Latin vocabulary. Pictures are found to represent the words and explanations placed below in Latin. The Freshmen are all right, anyway. This last week they have colored and framed several Latin and Roman scenes for their rooms, along with selecting and framing a class motto. The motto is "Non est vivere sed vaterre vita." Any one desiring to know the meaning of this may apply to the Freshmen class.

Miss Hollnig has announced that the Sophs are at last going "over the top" in English, and that the interest they are displaying is very commendable. One member of the class has recently painted for the English room a representation of certain scenic verses in "The Lady of the Lake" which they have been studying. The whole English department is very proud of the picture, and it has done much to stimulate interest.

Some of the History class are studying Feudalism, and are just now engaged in trying to represent their ideas of a feudal castle. Needless to say, some interesting specimens of Mediaeval architecture have been pictured.

The entire collection of High School dictionaries was in demand after yesterday's lecture. The Freshmen all wished to know what Dr. Thompson called them when he said they were "obstreperous."

The Senior Spanish class is developing a vocabulary in the line of "eats." To make this less difficult, they have brought a pictured representation of each food. Masculine members of the class say it's awful to face such attractive "suggesters" just before noon.

**MILLS COUNTY PURE BRED
LIVESTOCK ASSOCIATION
HAD MEETING SATURDAY**

The first quarterly meeting of the Mills County Pure Bred Livestock Association, which was organized at a meeting held here on January 20, was held in the court house last Saturday.

The meeting was called to order by Vice President W. W. Saylor.

The reading of the constitution and by-laws of the organization was first on the order of business, these being adopted by an unanimous vote of the members present.

On motion two other members were added to the executive committee. These were O. H. Weatherby and Will Daniels. The executive committee is now composed of the following: S. P. Sullivan, Henry Peck, C. A. Horton, O. H. Weatherby, Will Daniels.

The officers of the Mills County Pure Bred Livestock Association are: Geo. Robertson, president; W. W. Saylor, vice president; R. F. McDermott, secretary-treasurer.

The dues were set at six dollars per year, and the first assessment for this quarter were ordered collected. Dues are payable quarterly.

After some discussion, it was decided to have a pure-bred livestock show the second Saturday in May, or May 14, 1921.

The members of the executive committee will have a special meeting today (Saturday).

UNITED CHARITIES ASS'N.

The United Charities Association will meet at the pastor's study in the Methodist church next Monday evening at seven o'clock.

CEMETERY ASSOCIATION.

The Cemetery Association will meet Monday afternoon at 4:15 at the rest room in the court house.

FIFTH SUNDAY MEETING.

It is always a pleasure to attend one of these meetings where people from the different churches in the county meet to discuss questions pertaining to the kingdom of God and the welfare of the church, and the Center City meeting was as interesting and inspiring as we ever attended.

The writer did not get to the meeting until Saturday morning, but learned that Bro. J. R. Davis preached a good sermon the night before.

After a very spiritual devotional service Saturday morning, the program that had been prepared was taken up and the different subjects discussed. Space forbids me even giving an outline of the discussions, but just a brief mention of some of them.

The thought "Facing God in Our Homes" was presented by Bro. Kemper and others and gave us food for thought about our home influence.

At the eleven o'clock hour Bro. Darby discussed "God's Call to a Life of Consecration" and led us to see that our lives should be more given to the cause of Christ. "Denominational Loyalty" was discussed in a very able manner by Bro. Miles and others.

"The importance of Stressing the Teachings of the Scriptures Both in Sermons and Personal Work" was very ably discussed by Bro. Davis.

At night Bro. Darby preached a good sermon and Sunday morning the regular Sunday school lesson for the day was discussed by the whole congregation the writer leading the study.

Bro. A. R. Watson's sermon at eleven o'clock Sunday on "The Present Call of the World to Baptists" was indeed great and presented to us the great responsibility resting upon us as a denomination to answer the call of the world for the gospel; especially the opportunities opened to us by the world war.

The ladies rendered a nice program in the evening, which was instructive and showed the deep interest they are taking in the work of the church.

A band of Junior B. Y. P. U. workers followed the exercises given by the ladies with a short program, and it was indeed a treat to hear these children sing and speak.

We greatly missed some of the

older preachers who were not able to be with us. How our hearts go out to these heroes of the Cross who bore the privations of frontier life to help make the civilization we enjoy. May God's richest blessings rest on them.

As to the entertainment, it was grand. Both days there was dinner on the ground, and such a dinner! There was enough for two such crowds each day, and the quality of the food could not be surpassed. It seemed to be a joy to the good people of Center City to entertain us.

The kind words spoken and deeds done for the writer will make the meeting there one of the bright places of the writer's life.

I am sure we are all glad we went to Center City.

The next meeting will be with the North Bennett church in May.

G. W. JACKSON.

POLL TAX PAYMENTS.

Through the courtesy of Sheriff and Tax Collector Evans, the Eagle is able to give the following table of poll tax payments. The payments for 1921 fall 98 short of 1920, but the heavy payments for 1920 were due to more women voters paying last year than this. According to the ruling published in last week's Eagle, all women who own property or whose husbands are property tax payers, will be assessed poll taxes the same as men. This will greatly increase the poll tax payments for next year.

Following is the table for 1921, 1920, and 1919:

Voting Box	1921.	Ex. 1920.	1919
Goldthwaite	448	6	518

**FIRST ANNUAL CONVENTION
 OF TEXAS FARM BUREAU**

By W. P. Weaver, County Agent.

Delegates from thirty-two organized counties and more than a thousand farmers attended the first annual convention of the Texas Farm Bureau at Dallas Jan. 26 and 27. The report of the secretary to the meeting shows that phenomenal progress has been made. Four months ago the secretary and one stenographer composed the entire office force, while today eight well directed departments, an office force of 21, and approximately seventy-five field membership solicitors constitute the personnel of the organization.

The heads of all these departments and other employees have been selected for their efficiency and especially intelligent care has been exercised in the employment of the people whose principal thought has been that of the organization's success and the welfare of its membership.

All other organizations having for their object the welfare of the farmer have been merged into the Farm Bureau and their leaders have been employed as heads of the various committees or made members of the field membership solicitors. Also the A. & M. College with its organization of county agents, the state department of agriculture, the state warehouse and marketing department, the state forestry department, the Texas experiment stations, the Texas Cattle Raisers' Association, the Farmers' Union, the Agricultural agents of the Texas railways and the agricultural departments of the Texas railways are heartily supporting the movement.

The bankers throughout the state as a rule have co-operated with the move, as well as the majority of the business men, who realize that the basis of the only permanent business prosperity of the country must be through a profitable and prosperous agriculture.

The slogan of the Farm Bureau is "Organized for Business," and plans are under way for the co-operative warehousing and marketing of wool, cotton, pecans and tomatoes. It is likely that arrangements will be made to market many other commodities as they are harvested the next season.

I never saw a more earnest, determined body of men. They have a full measure of faith in the plans and purposes of the Farm Bureau. The goal of the organization is 100,000 members by July 1, and 150,000 by January 1, 1922. The present membership is 32,000.

Every Texas farmer must choose between the present marketing system and the co-operative plan offered by the Farm Bureau. Mills county farmers will soon have an opportunity to make the choice. The plan applies the principles of big business to farming.

The following extract from a letter from Mrs. O. C. Weatherby, president of Mills county auxiliary, makes good reading: Our memorial fund offering was very good—something around \$300. The ladies gave \$150. Our offering to Buckner's Orphan Home amounted to \$25 in cash, chicken valued at \$50, box of clothing valued at \$160 and one barrel of tea cakes, \$25, making a total for the home of \$260. More cash offerings are to come in from the rural churches. — Central Messenger, Brownwood.

Too Many Pure-Breds?

Grandpap had his chance to go in for pure-breds. "No," he said, "too many already."

Again opportunity knocked at father's door. "The breeding business is being overdone," father declared.

Today the same chance is presented to you. Many persons will still tell you there are too many pure-breds. Don't believe them. It is the same old bogey—the scarecrow with a heart of straw that fooled grandpap and father. **LESS THAN TWO PER CENT OF OUR CATTLE ARE PURE-BREDS.** These are the facts—the 98% are scrubs or grades!

It is too late for Grandpap; and for father—his chance may be gone; but the road is open to YOU. Join those who have become independent by breeding good cattle. Thousands of men in the United States who went in for pure-breds ten years ago are now independent. Tens of thousands who go in now will become independent during the ensuing decade. Our hope is that you will be one of them. Now is the time to buy, when all prices are low. Get ready to share in future high prices.

For instances showing what pure-breds have done for farmers in average circumstances we refer you to the week-by-week articles in THE COUNTRY GENTLEMAN. It combs the country for every sort of news of interest and profit to farmers, and this very ad is due to its desire to be of service. It is really hard to contrive more pleasure and profit than \$1.00 spent for a year's subscription (52 issues) to THE COUNTRY GENTLEMAN will bring you. HORNSBY MURDER TRIAL CASE NOT YET DOCKETED

The date for the trial of Hornsby, alias Scott, for the murder of J. N. Weatherby, which was transferred from Brownwood to Belton has not yet been set. But J. H. Burnett, who arrived from Belton Tuesday morning, said that it was probable that it would come up the first or second week in March, or about one month from this time.

W. O. W. CAMP NO. 230.

All are especially requested to be present. J. E. GREATHOUSE, C. C.

CONCERNING TUITION.

County Judge and Ex-officio School Superintendent L. E. Patterson has received the following communication from State Superintendent of Public Instruction Miss Amie Webb Blanton, regarding payment of tuition in schools: Mr. L. E. Patterson, Goldthwaite, Texas.

Dear Mr. Patterson: A child of a non-resident transferred to the district which levies a local tax is entitled to free tuition for so long a time each year as the state and county funds maintain the schools of the district, after the expiration of which time a reasonable rate of tuition should be charged.

It seems that if the Goldthwaite Independent School District maintains a five months' term on state and county available funds, then children transferred into that district would be entitled to free school for such time as the Goldthwaite school is run on that basis, after which time they might be required to pay tuition regardless of whether they began school two weeks after the opening date or not.

Yours very truly, ANNIE WEBB BLANTON, State Superintendent.

TWO BAD ACCIDENTS.

Young John Long was painfully hurt and narrowly escaped death near his home in the Lake Merritt community last Saturday afternoon, when the mules which he was driving to a wagon threw him out of the wagon. He is getting along nicely at the present time.

B. R. Casbeer was thrown from a stalk cutter while at work on his farm in the South Bennett community Wednesday and it was at first thought that he was seriously hurt, but later it was discovered that he was only painfully bruised. However, his escape was marvelous.

SOCIETY AND CLUBS

WOMAN'S FEDERATION MEETING.

The City Federation of Women's Clubs held its regular meeting in the district court room on Friday afternoon at 3 o'clock. After the regular business session, when some plans were discussed for the work of the new year, and all members paid in their yearly dues, the organization went into the election of officers. In recognition of the splendid service rendered by the president, Mrs. W. E. Miller, and in appreciation of the many good things she has accomplished in the past year of the organization under her leadership, she was urged to accept the office for another year. She declined, however, because the constitution limits the president to that office to one time. The club feels sincere appreciation for the untiring labors of Mrs. Miller, who has placed the Federation on a high plane and has made its existence really enjoyable while. Through her efforts many have been provided for graduates of the public school, club work has been inspiring to many of us who had not before given much attention to such things. Mrs. Miller has been faithful and enthusiastic in the interest of the club work and the benefits of her service can be seen in all clubs and the entire community. The best we can hope for in the newly elected officers is that their administration will be as successful and beneficial as that of the retiring president and her staff.

The following officers were elected:
 J. C. Evans, president.
 B. F. Geeslin, vice president.
 Roy Conroe, secretary.
 Neal Dickerson, treasurer.
 L. B. Walters, parliamentarian.
 Eitta Keel, corresponding secretary.
 J. M. Hicks, reporter.

MERRY WIVES.

Walter Fairman was a charming hostess to the Merry Wives Club and a few friends on Friday afternoon from 3 to 5. Thirty minutes were spent in discussing the club business. A committee was appointed to revise the constitution and by-laws and bring them up to date. The usual games of "42" were played by music played through the phonograph, and it seemed fitting that the president, Mrs. J. H. Ransdell, should score high. The guests were very sorry that illness of a new member, Mrs. M. H. Miller, from being present. Mrs. D. Mrs. L. R. Conroe and Lawrence Thompson were the pleasant guests for the afternoon.

At the games the tables were set with dainty covers and a beautiful cut glass basket of violets was placed on each. Mrs. Thompson assisted the hostess in serving a delightful salad consisting of pear salad, lettuce sandwiches, lime whip, marguerita and other things in the club colors of red and white as the color scheme. The meeting adjourned to meet Tuesday, Jan. 16, with Mrs. D. Albert as the hostess.

SELF CULTURE CLUB.

The Self Culture Club met in the club room Feb. 3 and rendered a deferred program that had been postponed on account of inclement weather. The lesson on "Problems of American Finance" was led by Mrs. W. K. Marshall. A paper, "The Franchise," read by Mrs. W. H. Trent, covered the subject in a most interesting manner.

A letter from the seventh grade thanking the club for the glass case presented to that room was read. The memorial to the soldiers was discussed and plans made for the installation of a fitting commemoration to their memory to be made in the near future. The next meeting will be Feb. 10, at which time officers will be elected.

ART AND CIVIC CLUB.

Mrs. L. E. Miller very charmingly entertained the Art and Civic Club and a few friends at her home on North Fisher street Wednesday afternoon.

Pot plants and cut glass baskets of violets, hand painted china and embroidered linens were added to the attractiveness of the already beautiful reception suite. Spring blossoms were exceptionally pretty in the score card decorations.

Five interesting games of progressive 42 were played, and when scores were counted Mrs. Walter Fairman, club member, and Mrs. Harvey, guest, were found to have made high and were presented with lovely calendars.

Refreshment plate was elaborately filled with chicken salad topped with olives, delicious hot biscuits and jelly, white with black coffee and whipped cream and mints. The hostess was assisted in serving by Mesdames Fairman and Geeslin. The beautiful tables were covered with cut glass baskets of violets.

Reluctantly all left, expressing their appreciation to the hostess for such a happy afternoon.
 A GUEST.

PROGRESSIVE DINNER.

One among the many pleasant social affairs of the winter season was the progressive dinner given by the members of the Art and Civic Club to their husbands on Thursday evening, Jan. 27, at 7 o'clock, at the home of Mr. and Mrs. L. R. Conroe.

After the guests had arrived score cards were passed and partners matched for the first course, which was fruit cocktail for an appetizer. Then couples numbered one progressed to tables next in number and with their new partners made the second trip to the beautifully decorated dining room, where tables were laden with viands that would tempt the most fastidious appetites. Primroses and narcissus in club colors shed their dainty fragrance in the air.

Here each one arranged their service plate in accordance with the varied whims and when the coffee table had been visited, where Mrs. Conroe presided over the elegant silver service, tables were again found and the second course enjoyed. This course consisted of roast turkey, French style dressing, giblet sauce, cran-

berry salad, potato chips, cheese straws, lettuce sandwiches, celery, olives, pickles.

When the silver notes of the tiny bell signalled the next progression, the partners in the third course were delighted to find apricot whip, topped with fluffy cream, and served in the daintiest of tall stemmed individual compotes. With this was pink and white marble cake, which carried out the club color scheme as did the mints held in two large crystal compotes.

When next the bell gave notice of progression, a change was made and dominoes were placed for the game of "42." While a lively interest was shown in this part of the entertainment, there was a decided preference for the first part. During the evening some brilliant plays were made and some wonderful scores registered. When final counts were made, Mrs. Edward Geeslin and Mr. Robert Robertson were found to have scored high.

The guests for the evening were the club husbands, and Mr. Lester Berry of Lometa; also Mr. and Mrs. Robert Robertson and little Miss Norma Lee Robertson of Big Valley.

ELECTION OF OFFICERS.

Mrs. L. E. Miller was the charming hostess to the regular meeting of the Art and Civic Club Wednesday afternoon.

Cheery touches were added to the reception rooms with cut flowers in crystal vases and a number of potted plants. Mrs. Miller was assisted in dispensing her hospitality by Mesdames Edward Geeslin, Walter Fairman and Miss Lawrence Thompson.

During the period of routine business, dues were ordered paid to the State and City Federations and several other important matters were considered, after which the following officers were elected:

Miss Lawrence Thompson, president.
 Mrs. Fred Martin, vice president.
 Mrs. Walter Fairman, recording secretary.

Mrs. Edward Geeslin, corresponding secretary.
 Mrs. W. E. Miller, reporter.
 Mrs. A. T. Leach, treasurer.
 Mrs. L. E. Miller, parliamentarian.

Following the business meeting, there was a delightful social hour, enjoyed by the members and the following guests: Mesdames Henry Martin, Ira Harvey, J. H. Randolph and Oldfield.

After five games of "42," Mrs. Harvey was found to have scored highest for the guests and received a pretty calendar, while Mrs. Geeslin and Mrs. Fairman tied for top score among the club members and in the cut Mrs. Fairman also received a beautiful doll calendar. The hostess served in buffet style a dainty lunch of tongue salad, blackberry jelly, olives, hot biscuit, coffee, white cake and mints.

GOLDTHWAITE AUXILIARY.

The Goldthwaite Auxiliary rendered an inspiring program at the Fifth Sunday meeting at Center City Sunday afternoon. Mrs. Mark Leverett led the devotional with scripture reading and very helpful remarks on "Doors of the Bible." Mrs. D. D. Kemper made an inspirational talk on "Service." Mrs. Walter Fairman read a splendid and much appreciated paper, "That in All Things He Might have the Pre-eminence." Mrs. D. L. Lanford gave a good report on personal service, she being the very efficient chairman of this beautiful and much appreciated work:

service. Our hopes and aspirations are much higher now. For the following year we are planning and praying for much service in the cause of Christ in Mills county.

Mrs. M. A. Darby called the Junior B. Y. P. U. to the choir near the piano. It was inspiring to listen to them sing and they talked, too. Their program was beautifully carried out, the subject being "Doctors, Nurses and Hospitals in Foreign Lands." Some gave scripture quotations on Bible healing; others told how the heathen doctors prescribe for the sick, and yet others told how the Christian doctors did over there, and how much more they could do to introduce Christ to the dying millions if only they had more hospitals and better equipment for doing the much needed work of healing their bodies. One of their songs they sang was the favorite song of the Christians in the heathen lands, "Come to Jesus." This was sung in the Japanese language. The program was closed by the singing of the Junior B. Y. P. U. song, "A Volunteer For Jesus."

WESLEY-PHILATHEA CLASS.

In accordance with the custom of the Wesley-Philathea Class of the Methodist Sunday school, a class meeting is held the last Tuesday in each month at the home of some member of the class, so an invitation was extended from Mesdames J. C. Mullan and M. H. Fletcher for the January meeting to be held with them at the Mullan home on South Adams street.

Knowing the cordiality of these two loyal members, the meeting was anticipated with much pleasure and the interest in the meeting was evidenced by the attendance, there being thirty ladies present. No band of Sunday school workers was ever more enthusiastic in their desire to carry forward the good work, and extensive plans were made for the future.

Most delicious refreshments were served, consisting of fruit and nut whip with cake and hot chocolate.

The pleasant evening was so fully enjoyed by all present that each one felt they had been benefited by the social hour together. The hostesses received the hearty appreciation of the entire class for the delightful evening.

National Repair Weeks

Feb. 7 to Feb. 19

Prepare now for the busy season. See that your farm-operating equipment is in good running order. Overhaul it now, when you have time. Make a list of all repairs needed, and order them at once.

You can make money by placing one order now for all the repair parts you need. This will save you the expense later on of long distance telephone or telegraph tolls, and of freight, express or parcel post charges on numerous shipments of repairs which you may be obliged to order.

Make National Repair Weeks Mean Something

The object is to assist you in getting your farm machinery in working order before you need it. There is no better time than right now—just before the busy season opens—to get this machinery in order.

Be prepared. On the last day of Repair Weeks have the satisfaction of knowing to a certainty that every implement and machine on your farm is ready for use the moment you need it.

About Income Tax.

single persons whose net in-
come was less than \$1,000 and
families living with husband or
wife whose net income was less than
\$1,000 are exempt from the requirement
of filing an income tax return.

Persons who are required to file an income tax return
must show both gross and net income. Gross income includes every dollar received by the taxpayer during the year 1920. The net income is determined by subtracting from the gross income certain deductions provided for in the revenue law, and fully explaining on forms 1040 for filing returns.

Expenses are the principal deductions in computing net income. The law specifically prohibits the deduction of household and living expenses, and certain deductibles such as salaries, raw materials, rent, repairs, light, power, advertising and doctors, lawyers and like expenses may deduct from their gross income paid to professional subscribers to professional societies, rent paid for offices, for light, fuel, water, and other such offices, and the cost of office assistants.

As last, the tax may be paid at the time of filing, on or before 15, 1921, or in four installments of which the first is due on or before 15, the second on or before 15, and the third on or before 15, and the fourth on or before 15.

Persons who must be filed with the internal revenue for the year 1920 are provided for in the revenue law, and refusal to make a return may result in the suspension of the funds of the taxpayer.

IS THIS YOUR EXPERIENCE?

Many Goldthwaite People Are Afflicted With Annoying Kidney Ills.

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and seald in voiding? These are all signs of kidney sickness and should not be neglected. Goldthwaite people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

D. D. McBride, carpenter, Goldthwaite, says: "I used Doan's Kidney Pills about two years ago, for I was troubled with my bladder. I had to arise very often at night, as the kidney secretions were too free in passage. I heard of Doan's Kidney Pills and got some at Clements' Drug Store. I am glad to say Doan's relieved me considerably. Whenever I have a slight touch of the trouble now, a few of Doan's fix me up right."

FORCED TO QUIT, SAYS DEPOT MAN.

Had No Strength and Nerves All to Pieces—Tanlac Put Him Back on Job.

"I gained sixteen pounds in weight in three months after I started taking Tanlac and am now enjoying better general health than I have in years," said Robert Waddy, 308 Gordon street, Topeka, Kans., who is employed at the Rock Island Railroad Depot.

"For the past four years," he continued, "I had suffered from stomach trouble and nervous indigestion. I could seldom retain a single thing I ate and after every meal I would fill up with gas something awful. My head ached just about all the time and I often became so dizzy it was all I could do to keep from falling. I continued to go down hill until I got so weak I was not able to do my work, and my nerves were in such bad condition it was almost impossible for me to get any sleep and I would lie awake nearly all night long every night of my life. I was also troubled a great deal with constipation, for which I had to be always taking some sort of laxative. Finally I got in such bad shape I did not try to eat a thing but boiled sweet milk and do what I could I could not regain my strength or get any better, and was in a terrible fix when I started taking Tanlac."

"I had heard so much about the benefits others were receiving from Tanlac I decided to try it. Well, I had taken two bottles of it before I could notice much improvement in my condition; then my appetite began to get better and I commenced to regain strength. I kept on taking it until now I have a splendid appetite and eat just anything I want and everything agrees with me perfectly. The headaches and dizzy spells have left me entirely, my nerves are in such fine shape I sleep all night long without ever waking up and always get up feeling greatly refreshed. I have regained my strength completely, am back on the job working every day and have been entirely relieved of constipation. In fact, I am in perfect health every day. Tanlac has certainly put me on my feet and I am glad to tell others about what it has done for me."

Tanlac is sold in Goldthwaite by L. E. Miller & Son and all leading druggists.—Adv.

YOU ARE HEREBY COMMANDED to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mills County, a copy of the following notice:

The State of Texas

To all persons interested in the Estate of Mrs. M. W. Williams, Deceased: W. F. Doughitt has filed in the County Court of Mills County, an application for the Probate of the last Will and Testament of said Mrs. M. W. Williams, Deceased, filed with said application, and for Letters Testamentary, which will be heard at the next term of said Court, commencing on the 1st Monday in March, A. D. 1921, the same being the 7th day of March, A. D. 1921, at the Court House thereof, in Goldthwaite, Texas, at which time all persons interested in said Estate may appear and contest said application, should they desire to do so.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Goldthwaite, Texas, this 1st day of February, A. D. 1921. C. D. LANE, Clerk, County Court, Mills County, Texas. By **MATTIE JOHNSTON**, Deputy.

A True Copy, I Certify:

J. EVERETT EVANS, Sheriff, Mills County, Texas.

In the District Court of the United States for the Northern District of Texas, at San Angelo

In the Matter of Joseph Louis Etman, Bankrupt, No. 288, in Bankruptcy. San Angelo, Texas, January 29, 1921. Creditors of Joseph Louis Etman, a merchant of Goldthwaite, are hereby given notice that on the 24th day of January, A. D. 1921, said Joseph Louis Etman was duly adjudicated bankrupt and that the first meeting of the creditors of said bankrupt will be held in the Court House at Goldthwaite, Texas, on the 14th day of February, A. D. 1921, at ten o'clock a. m., at which time the said creditors may attend, prove their claims, appoint a trustee,

NEW SUBSCRIBERS.

R. W. Long, one of the leading farmers and stockmen of the Big Valley section, has ordered the Eagle to keep his paper coming for another year.

Jacob Attaway of Como, Texas, is among the new names which have been added to the Eagle's fast growing list of readers during the past week.

G. E. Pamplin, Lampasas, Texas, has entered his name on the Eagle's long list this week.

The Eagle has received an appreciated subscription from Mrs. W. E. Rahl, who lives on the Fairview Ranch a few miles southeast of town.

G. W. McClellan of this city the first of this week renewed his subscription to the Old Bird.

O. H. Hearne, who has recently accepted a position with Henry Martin in his dry goods store, Tuesday renewed his subscription to the Eagle for a year.

The Eagle's good friend, J. P. Booker of near Center City, made the office a call Monday of this week and renewed his subscription. Mr. Booker said the cotton acreage in his community would be considerably smaller this year than last.

Mrs. S. J. Casey of Mullin this week sent in a renewal for the Eagle for a year.

L. H. Schuller, of Seallora, the first of the week entered his name on the Eagle's long list as a regular reader of the county paper.

Deputy Sheriff H. C. Ezzell the first of the week renewed his subscription to the Eagle.

W. P. Hutchingson of this city is among the many new subscribers to the county paper this week.

The Eagle has received an appreciated renewal from A. Schulz of the Priddy section.

F. A. McCasland, of Grady, N. M., has this week been added to the Eagle's long list of constant readers.

The Eagle's good friend D. A. Solomon, who lives in this city but who owns a fine farm in the eastern edge of Mills county, paid the Eagle a call Wednesday morning and renewed his subscription to the county paper for a year.

J. D. Ryan, one of the influential men who live a few miles north of town, called by the Eagle and renewed his subscription Thursday of this week. Mr. Ryan said winter wheat prospects were never better.

M. McGirk of this city Thursday made the Eagle an appreciated call and renewed his subscription for a year.

R. G. Blackburn of this city made the Eagle a pleasant call Thursday and renewed the subscription for his brother, W. B. Blackburn, formerly of this county, but now of West Fork, Ark.

WORLD'S NEWS IN BRIEF.

"Reds."—"America should be prepared to meet the Reds," said Major General Leonard Wood, in an address in Chicago last Sunday. Wood advocated preparedness against Bolshevism.

Withdrawn Protection.—The Brownsville post of the American Legion has withdrawn the protection they have been giving to two Japanese families since their arrival in the Rio Grande Valley, the American Legion, post has announced. The Legion had secured a purchaser of the tract of land bought by the Japanese at the price they had paid for it, but the Japs decided they would farm their gardening tracts.

Germany Refuses.—A dispatch from Berlin says the German foreign minister would refuse to negotiate on the basis of the entente decisions regarding reparations and would formulate counter proposals.

Human Ear.—Postal authorities at Denver are investigating the origin of a package received through the mails containing a human ear. The parcel was postmarked Chicago, and is believed to be from a negro's body.

17-Year-Old Boy.—A verdict for 25 years was returned against E. J. Johnson, 17, in the Criminal District Court at Fort Worth Tuesday. The boy was charged with robbery with firearms.

Examining the bankrupt and transacting other business as may properly come before said meeting. **CARTER T. DALTON,** Referee in Bankruptcy.

The Mills County Poultry Association which was organized at the court house here recently through the efforts of County Demonstrator W. P. Weaver and several other individuals and which has for its purpose the encouragement of the pure bred poultry industry and the co-operation of raisers for mutual benefit, is a very commendable step forward toward real and indestructible prosperity for this county. Many people here greatly underestimate the amount of money being paid the poultry raisers of this county and the tremendous possibilities along this line in a land where the climatic and geographic conditions make it better suited for poultry raising than possibly any other thing. It will be noted by those interested in this business that, while the prices of almost every other farm product tumbled to what seems to be the lowest level, turkeys, chickens and eggs not only held their own but really increased in value during the readjustment period. Although it does not seem possible that they can remain this high this year, there is little chance for them to drop in ratio to other farm products. The cost of raising the poultry which was marketed in points in this county the last season, aside from the small amount of care awarded them, was in most cases NOTHING, and in no case was it anything in comparison with the cost of any other item raised. Pure bred stuff, when raised in any quantity, always commands a higher market. It is the purpose of the Mills County Poultry Association to put pure bred stock on every farm in the county. The members have the full support of almost all the business men of Goldthwaite and Mullin, who are awaking to a realization of the benefits to the raisers and consequently benefits to themselves of more and better poultry. It seems to the editor of the Eagle, who has had quite a bit of experience in marketing Mills county produce, that nothing which demanded such a small amount of expense and time can bring better results than membership in this organization.

Senator Davidson recently introduced a resolution in the Texas senate proposing that the public roads of each county be cut into sections of not less than ten nor more than twenty miles each, and that keepers, as in Europe, be put in charge of each of these sections much in the order of section foremen. The objects of the law are to secure an absolute fair apportionment of the county road funds and secure a patrol system for the roads so that impassable places may not go for an indefinite period without attention. Many million dollars in bonds have been voted by the taxpayers of the state to build roads, and these roads will go to pieces in three years unless systematically maintained, Davidson says.

Geo. B. Terrell, commissioner of agriculture, in a communication to the Eagle, says: "I desire to warn the farmers against producing another big cotton crop. The acreage should be reduced one-third, and with an eight or nine million bale crop, it will bring a good price and the cotton now on hand will advance in price just as soon as it is known that the acreage has been materially cut."

WORLD'S NEWS IN BRIEF.

Investigation.—Senator Williams the latter part of last week introduced a resolution in the Senate at Austin proposing a complete investigation of the penitentiary system, following charges of alleged maltreatment and brutality to convicts. The resolution was laid on the table subject to call.

Life Terms.—Waiving their right to appeal and declaring they are ready to begin their terms, Fred Haney and Clyde Tucker of Fort Worth, cousins, were sentenced to the penitentiary last Saturday for robbery with firearms.

Bergdoll.—Grover Cleveland Bergdoll, the millionaire draft evader who escaped from the penitentiary a few months ago, has sent a cablegram from Eberbach, Baden, to the Philadelphia Ledger, bragging about the unsuccessful attempt of two Americans to kidnap him and bring him back to the United States. The Berlin foreign office has begun an investigation, and the affair threatens to be an international incident.

Japs.—The Okuma brothers, Japanese, whose arrival at Harlingen, Texas, on the Mexican border, a month ago, precipitated a wave of anti-Japanese sentiment throughout the Rio Grande Valley, moved onto their newly acquired acreage Saturday, after advising the American Legion that they would neither sell the land nor leave Harlingen. The Japs had been warned by the Legion that their presence was not wanted in that section.

Minimum Wage.—The date on which the minimum wage for women and minors in four of the leading industries is to become effective was changed from Feb. 7 to March 14 by the Industrial Welfare Commission, it has been announced from Austin.

Master Mind.—Albert Rowan, alleged master mind of the recent Dallas postoffice robbery, was arrested late last week in Dallas by Deputy United States marshals. Indictments charging murder "with malice aforethought" in connection with the death of G. W. Street, postal clerk, were returned by the Dallas county grand jury against Rowan and W. S. Scrivner.

Francisco Villa.—General Francisco Villa, former rebel chieftain, has been called on by the Federal Government in Mexico to assist in commanding a large force of cavalry being sent into the State of Durango to put down a revolt by the Arieta brothers, messages received in El Paso say. The Arieta band has started a reign of terror and Americans are fleeing to Torreón. How large the rebel force is cannot be learned, but the government is sending several columns to put it down.

Eugene V. Debbs.—President Wilson has denied a commutation of the sentence of Eugene V. Debbs, Socialist leader, the White House has announced. Attorney General Palmer recommended to the president that Debbs, who is now serving a sentence for violation of the espionage act, should be released Feb. 12. The president gave no reason for turning down the attorney general's recommendation.

Seize Whisky.—Fifty-five gallons of corn whisky which was in fruit jars were seized last Saturday afternoon in Fort Worth by prohibition agents on the Dallas Interurban line. One arrest was made.

Roumania.—Roumania has declared a state of seige because of "unmistakable military preparations" by the Russians, according to dispatches received Saturday. The Roumanians have closed their frontiers and made the state of seige order effective throughout the kingdom.

Socialists.—The Supreme Court this week reversed the conviction of Victor L. Berger and four other members of the Socialist party for violation of the espionage act, says a dispatch from Washington. The men were convicted under the section prohibiting attempts to cause insubordination and disloyalty in the naval and military forces, and each was sentenced to 25 years' imprisonment.

Murder Trial.—J. N. Gunn, who has been on trial in the district court in Belton throughout the past week for the murder of his step-son, was found guilty by the jury and was assessed 25 years' punishment at hard labor in the state penitentiary, after the jury had been out nine hours. The case was one of the longest ever held in Belton and created much interest. Gunn will later be tried for the murder of his wife. The next murder trial to come up at Belton is the state against Homer Joyce which is set for Feb. 7.

THE BRIGHT SIDE.

He told the shy maid of his love, The color left her cheeks; But on the shoulder of his coat It showed for several weeks. —Scalper.

Farmer Jones was on his way home from town when he thought he had forgotten something. Twice on the way he stopped and looked over the packages in the wagon and searched his pocketbook but decided he had everything with him. When he reached home his daughter came running out, and with a surprised look on her face, said: "Why, father, where's mother?"

Lawyer—Don't you think twenty-five thousand in cash would be punishment enough for his breach of promise?

The Aggrieved—No, indeed! I want him to marry me.

Romantic Parent—Some still maintain they can see people smuggling on this beach at night.

Little Boy—Yes, I know. Grandma said it's disgusting.

The head of the family glanced up from his paper and remarked: "I see there's a new hippopotamus at the zoo." Glancing at his son a moment later he asked: "What are you laughing at, Harry?" "I wuz jus' laughin' to think of a stork carryin' a hippopotamus!" returned Harry.

The Artist—Will you sit for me? The Er-er Lady—Wodger think I am a blinkin' 'en?

Employer (to clerk)—"If that bore Smithers comes in, tell him I'm out—and don't be working or he'll know you're lying."

"Why did you strike the telegraph operator?" asked the magistrate of the man who was summoned for assault.

"Well, sir, I gives him a telegram to send to my gal, an' he starts readin' it. So, of course, I ups and gives him one."

"Look, grandpaw, a new golf ball I found, lost on the links." "Are ye sure it was lost Sandy?" "Oo, say; I saw the man and his caddy looking for it."

"I don't like those photos at all," he said; "I look like an ape." The photographer favored him with a glance of lofty disdain.

"You should have thought of that before you had them made," was his reply as he turned back to work. —American News Trade Journal.

"I'm sorry, young man," said the druggist, as he eyed the small boy over the counter, "but I can only give you half as much castor oil for a dime as I used to."

"I'm not kicking," replied the boy. "The stuff's for me." —The Watchman-Examiner (New York).

A farmer hitched his team to a telephone pole. "Here," exclaimed a policeman, "you can't hitch there!" "Can't hitch," shouted the irate farmer. "Well, why does the sign say, 'Fine for Hitching'?" —The Catholic News.

Professor—"Name three articles containing starch." Student—"Two cuffs and a collar." —The Lombard Review.

Father—Helen, isn't it about time you were entertaining the prospect of matrimony?

Daughter—Not quite, pa. He doesn't call until eight o'clock. —The Arklight.

The cultivation of a judicious appetite is without question the result of wise training in childhood.

Protect your child from billions of hideous germs by boiling the milk. Boiling does not cause ricketts or scurvy, but does kill the germs of infantile diarrhoea, typhoid fever, tuberculosis and similar dread diseases.

To make children healthy and strong, home and school must assist each other. Eat some fruit every day. Spend the pennies for apples instead of candy. Begin the day by drinking a glass of water and drink at least six glasses during the day.

NEIGHBORING NEWS.

Will Wallace was rushed to the Temple sanitarium Thursday night suffering from injuries sustained late Thursday afternoon by his horse falling on him. The seriousness of the injury was not entirely known until after he reached the sanitarium last night. The Enterprise learns before going to press that he has a chance for recovery, although his condition is considered very grave. The accident occurred out at the Rube Dudley ranch near Democrat, where dipping cattle was in process, Mr. Wallace being tick inspector for this section. He was at a gallop after some cattle when the horse he was riding fell. Mr. Wallace was caught under the animal, receiving the injury in his neck and head. He was rendered unconscious. —Mullin Enterprise.

Deputy Sheriff A. R. Mace and Bob Pugh, sheriff of Brown county, took Geo. Hornsby, alias Geo. Scott, to Belton Thursday night, the court at Brownwood having granted defendant a change of venue. The court is in session at Belton now and the case is expected to go to trial at once. —Lampasas Leader.

Saturday morning considerable oil excitement was afloat on the streets and the gusher was variously estimated at from 2,000 to 2,000,000 barrels. However, the truth must be admitted—the Tinert well struck considerable gas, and is down to a depth of about 3,700 feet. The Mellon well, which is down about 2,400 feet, is also showing splendid signs of oil. During the last ten days \$7,500 worth of leases have been sold around this well to an Oklahoma man. —Lampasas Leader.

Rectors Cunningham post of American Legion met in Comanche for the first time in 1921 last Saturday night. The meeting was one of the most enthusiastic ever held. New officers were elected for the year and two committees were appointed—one to get club quarters for the Legion and the other to make all the needed arrangements for a big banquet for all ex-service men of the county, whether they are members of the Legion or not. —Comanche Enterprise.

George Hornsby, charged with the murder of J. N. Weatherby, whose case was transferred to Bell county on a change of venue, was immediately conveyed to Belton and turned over to the sheriff of Bell county. Sheriff Pugh informs the News reporter that Willie Garter, the chief witness in the case, and the confessed accomplice of Hornsby, is still in jail at Coleman, and that he will remain there until he is needed to testify when Hornsby goes to trial. Mark McGee and Arnold Kirkpatrick, who were appointed to defend Hornsby in the local court, and who secured the transfer of the case to Belton, will continue in the case as defendant's counsel at Belton. An attorney will be appointed from the Belton bar to assist them with the case. —Brownwood News.

FACTS ABOUT COTTON.

From Cotton Acreage Reduction Committee, Memphis, Tenn. About 60 per cent of the world's supply of cotton is grown in America.

Cotton is indigenous to all tropical and semi-tropical countries.

Sea Islands, grown off the Atlantic coast of the United States, are the finest cottons in the world.

Boll weevil has about destroyed the Sea Island cotton industry.

Boll weevil first appeared in the United States at Brownsville, Texas, in 1892.

A single pound of cotton has been spun into a single thread more than 1,000 miles in length.

The prospect that there will be an unspun supply of American cotton on August 1, of 9,607,000 bales. Before the war the average amount of cotton on hand at that date was about 1,200,000 bales.

Manufacture of cotton goods is the very foundation of British wealth. There is now enough unspun cotton in the world to last about two years. The statistical year for cotton runs from August 1st to July 1st. U. S. Census Bureau reports 12,316,000 bales ginned to Jan. 16th. The next ginning report will be published March 20th.
