**L. B. BURNHAM ANNOUNCES
FOR RE-ELECTION AS COM-
MISSIONER PRECINCT 1**

L. B. Burnham authorizes the Eagle to announce his name as a candidate for re-election as Commissioner precinct No. 1, subject to the action of the Democratic primary in July. Mr. Burnham has served as commissioner and is thoroughly familiar with the duties of this important office. He has conscientiously and carefully attended to the requirements of the office as well as towards improving and building roads in his precinct. Since the roads were turned back to the Commissioners less than a year ago, Mr. Burnham has built some fine roads and has all the roads in his precinct in fairly good condition.

He stated that he had not intended entering the race for another term, on account of the fact that he could not do the roads justice with the amount of money available, but that since the state department has taken over the highways he wants to finish the job and place the lateral roads in A-1 condition.

Mr. Burnham requests the support and influence of his friends.

AT THE METHODIST CHURCH.

Presiding Elder E. A. Hunter will preach at the Methodist church Sunday night next. Come out and hear Brother Hunter. He is a good preacher.

Our church is asking for those who pledged to the Centenary fund to pay up. It would be impossible to tell the good which has been accomplished with the money already collected; it has opened up five new fields, sent out 274 new missionaries, brought into our church 250,000 members. It has built churches, schools. It is a surprise to know what it has done in the last four years. The man who would fail to pay his pledge and know the great work being done by the church has but little regard for his word.

Everything is moving along in a splendid way. It is nothing uncommon for the pastor to preach to a number of visitors at the Methodist Church. Come again; you are always welcome.

Our church is making a strong move for the Superannuate Endowment. We are now making preparations to give the people of Goldthwaite and surrounding country a real treat some time in the future. We have the promise of Rev. S. H. C. Burgin, D. D., of San Antonio, Texas, that he will tell us of his trip last year to the Holy Land. We had the pleasure of hearing Dr. Burgin at our Conference and we are anxious that all the people of Goldthwaite and surrounding country shall hear him. We will give due notice of the date he will come.

JOSEPHUS LEE, Pastor.

**McGOWAN CAFE CHANGED
OWNERSHIP LAST WEEK**

Messrs. L. R. Hendry and J. R. Eudy, owners of the City Meat Market, last week bought the McGowan Cafe from Mr. McGowan and will run it in connection with their market. They will continue to give the excellent service that was had under the former ownership.

**W. H. LINKENHOGER AN-
NOUNCES AS CANDIDATE
COMMISSIONER PREC. 1.**

In its place in the announcement column of the Eagle this week will be found the name of W. H. Linkenhoger, who announces as a candidate for Commissioner of precinct No. 1, subject to the action of the Democratic primary the last Saturday in July.

Mr. Linkenhoger, who has been a resident of Mills County, he having taken a great deal of interest in public affairs and was especially instrumental in building up the Mills County Farm Bureau and other similar organizations here. He is a successful farmer and financier and feels that he is fully qualified to look after the interests of the county efficiently.

Mr. Linkenhoger is a practical road man and has always taken much interest in the roads of the county, having builded roads here which show the quality of his work.

He requests the votes and influence of his friends with the assurance that if elected he will fulfill the duties to the best of his ability.

**STATEMENT OF THE
CHRISTMAS SEAL SALES**

| | |
|--|---------|
| The following is the statement of the sale of Christmas Seals in Mills County: | |
| Goldthwaite Merchants..... | \$43.25 |
| G'waite Grammar School..... | 34.90 |
| Churches | 6.55 |
| Star | 5.13 |
| Rural Schools | 2.10 |
| | \$91.93 |

We wish to thank all who so kindly helped in making this drive the success it has been. There is no doubt that the county would have gone over the top had it not been for the continued rains at the time, making it impossible to get in touch with the inland points. We regret that every man, woman and child in the county was not given an opportunity to help in this fight against tuberculosis. It is also through the sale of these seals that it is possible for us to get a trained nurse to come and examine our children in the public schools. Mrs. J. A. GILLESPIE, County Chairman.

**SANTA FE TO LAY HEAVY
STEEL THRU THIS CITY**

Work is now going on near and at Goldthwaite by employees of the Santa Fe preparing the road bed for laying of 90-pound steel, replacing the 60-pound now in use. A steam shovel is now at work within the city limits of Goldthwaite, widening the cut north of the station. The Santa Fe system plans to level the road-bed considerably and ballast the entire roadbed.

**A. D. KARNES ANNOUNCES
FOR RE-ELECTION, SHER-
IFF AND TAX COLLECTOR**

The Eagle, this week, was authorized to announce the name of A. D. (Dudley) Karnes for re-election as Sheriff and Tax Collector of Mills County, of course subject to the action of the Democratic primary the last Saturday in July, and his name will be found in the announcement column under the proper heading.

Mr. Karnes needs no introduction to Mills County people, he being a pioneer of this section and having held various public offices heretofore. He has conducted the duties of the office in a thorough and workman-like manner and feels that his record entitles him to ask the voters of Mills County for the customary second term.

He is thoroughly competent to fulfill the duties of the office which he now holds, and assures his constituents that should they select him they will have no regrets.

BARN BURNS.

Last Friday night, after the Eagle had been put to press, a fire alarm was turned in and when the Goldthwaite Volunteer Fire Department reached the scene they found that a barn, belonging to Wallace Leverett in the western portion of town was on fire. However it was beyond the water limits of the city water works and very little could be done other than keep the fire from spreading. With the barn there burned considerable feed and an automobile, belonging to Mr. Leverett.

**MILLS COUNTY GETS SUM
OF \$4250.00 FOR UPKEEP
OF 2 STATE HIGHWAYS**

Mills County has been allotted \$4250.00 for the first six-months period of this year for her two highways, the one striking the county line below Seallorn, running to Goldthwaite and thence to San Saba bridge being allotted \$1750, and the R. Q. Mills Highway, entering the county line near Star, running to Goldthwaite and thence through Mullin to the county line near Zephyr, receiving \$2500.

The state will take over these highways the first day of February and have appointed local supervisors for the roads.

Mr. Burkett, a brother of Senator Joe Burkett, who is connected with the State Highway Department, and who has charge of the roads in this district, was here the first of the week, meeting with the Commissioners Court and discussing plans for these roads. At the suggestion of the Court, Mr. Burkett appointed John Berry and Olie Hamilton, two of Mills County's best road men, to have charge of the roads. Mr. Burkett, who is a former resident of this county, also made arrangements with the court to use county scrapers and graders, the state to pay the county for the use of same.

The \$4250 allotted Mills County is money to actually be spent on the roads, the salaries of the supervisors being paid by a separate fund.

All Mills County road boosters are very optimistic over the outlook, and predict that before many months this county will have one of the best road systems in this part of the state.

Mills County's roads, and especially her highways are now in better condition than they have ever been heretofore and the fact that the state highway department agrees to keep them in as good shape, coupled with the business-like manner in which they have made arrangements to begin work assures Mills County that about 60 miles of her main arteries will remain in excellent condition at no expense to the county.

Now our road tax money and the county's portion of the car license money can be spent on the lateral roads of the county, and it is the Eagle's prediction that this fall will find this county with the best roads she has ever had.

SMALL POX AT CARADAN.

Several citizens of the Caradan community have been stricken with small pox. Judge L. E. Patterson and County Health Officer Dr. J. M. Campbell have quarantined the sick ones and vaccinated those who have been exposed. All are doing nicely and no other complications are expected to set up.

**P. O. HARPER ANNOUNCES
FOR COMMISSIONER OF
PRECINCT NO. TWO**

P. O. Harper this week authorized us to announce his name as a candidate for Commissioner of Precinct No. 2, subject to the action of the Democratic primary. He requests the votes and influence of all his friends in that precinct.

Mr. Harper is well known and liked in his precinct. He lives about half way between Center City and Star, right in the heart of his precinct and feels that he will thus be able to easily look after the needs of the entire section. He is fully competent to attend to the important duties incidental to the office he seeks, and is a successful road builder, having had considerable experience in building roads in that section.

Mr. Harper states that he has been requested by friends in that section to enter the race.

**STANDARD OIL EXPERT
PREDICTS GOOD YEAR**

(Minot, N. Dak. Daily News.)
Ralph H. Reed, efficient expert of the home office, Standard Oil Company, Chicago, is in Minot assisting in the opening of the company's new division office. This is the third and most prolonged of his visits to the northwestern section of North Dakota. He has had occasion to visit those states in the middle west in which the Standard Oil Company of Indiana operate, so is conversant with conditions prevailing thruout this region.

"I have great faith in North Dakota," Mr. Reed said yesterday, when approached on this subject. "In common with many others, I think there is great future in store for northwestern North Dakota. It is a new country, comparatively speaking, which appeals to me, as I was reared in Texas and like farm life and the vast distances of these Prairie states. The reports published by the various financial experts of our country are optimistic in tone. They seem to take the view that the country has passed the low water mark of financial depression and predict that 1924 will be a banner year."

**NEXT MONDAY NIGHT REG-
ULAR MEETING OF C. OF C.**

Next Monday night will be the regular monthly meeting night of the Mills County Chamber of Commerce and all members and others who care to do so, are urged to be present. The Mills County Chamber of Commerce has done a remarkable work during the nine or ten months it has been in existence and the support of the merchants and progressive farmers and ranchmen will spell greater success for it during the year 1924. Be there Monday night.

**HOME OIL COMPANY WELL
DOWN OVER 3075 FEET**

John S. Chesser of Mullin was a recent visitor to Goldthwaite, and reported the Home Oil Company well to be down over 3075 feet, with drilling operations getting on nicely. The drillers think they have good prospects for oil. The contract on this well calls for a depth of 3500 feet.

V. E. GOTCHER MAKES GOOD POULTRY RECORD

Editor Eagle:

I am sending in my record of what my hens have done, from Jan. 1, 1923, to Jan. 1, 1924.

I started in with 95 hens and pullets; four of them died during the year, leaving 91; then on or about the 1st of March I sold 29 more hens leaving me 62; then about June 1st I sold 8 more leaving me 54; then on or about July 1st I culled out and sold 15 more leaving me 39. Then in the fall I sold 6 more leaving me only 33 hens. I raised about 65 pullets. These pullets I raised and the hens all have laid \$201.10 worth of eggs, all sold at Goldthwaite at the market price ranging from 15c to 35c per dozen, with the exception of what the hens brought at market price and I received as low as 10c per pound for some of them. These hens were never forced for egg production or fed any kind of poultry powders. They received some wheat and maize, some of the time just maize, and a mash part of the time. I could have made them lay a good deal more by forcing them, but I never force my breeders.

BAPTIST CHURCH.

Rev. R. W. Bynum our associational missionary preached for us last Sunday morning. His theme was "The Jerusalem Church." A good crowd heard him, and numbers of the congregation said that he preached a great sermon. We are very much in debt to him for being with our people during the pastor's absence.

Miss Addie Jane Hancock sang "Pentecostal Power" in a very impressive way at the morning hour. We hear that the singing was unusually good. Every one that will is urged to be at choir practice Wednesday evening at 8:00 o'clock.

There was a small increase in Sunday school over the preceding Sunday. The best place to go in Goldthwaite or any other community on Sunday morning is to God's house for the Sunday school and preaching services.

Rev. J. H. Frizzell preached at the evening hour. We regret that we were not present to hear him. He is our carpenter preacher. We trust that his churches will soon make it possible for him to give all of his time to the ministry. Bro. Frizzell has our deepest thanks for his ministry.

The pastor will preach on "A Three-fold Salvation" at 11 o'clock, and on "The Tent and the Mansion" at 7:15. Visitors and all have an invitation to hear these messages from the Book of Books.

What the World Is Doing
AS SEEN BY POPULAR MECHANICS MAGAZINE

Washing a Mountain into the Sea

Contractors years ago began to move a mountain from the heart of a South American city into the sea. They used mule-drawn carts to haul the soil and rock away to be dumped inside the sea wall that marked the limits of a new water front. Shortly after the work was started it was estimated that under this method the cost would be almost prohibitive, and that the task would require eight years. It was finally decided to

wash away as much as possible of the hill with hydraulic force. Twelve giant streams of water under pressure from three high-powered pumps were turned against the mountain, and it slowly began to crumble downward. At its summit stood an old monastery that fell with the ground that supported it. Sixty new blocks will be available to the business section of the city when the transfer has been completed.

Failures of Lightning Rod Cause Slump in Its Use

Though 75 years ago there were lightning rods in every hamlet in the United States, it is said that a government report, citing many failures of conductors to protect property, has caused such a slump in their use that today the government census does not record one factory making the apparatus. Invented by Benjamin Franklin in 1752, this protection against the dangerous electrical flashes was widely used until the report of the Lightning Research Committee in 1905 caused the public to lose faith in its value.

Forty-Thousand-Mile Flight Gets Bee Pound of Honey

Flights totaling more than 40,000 miles must be made by a bee to gather enough nectar from the flowers to make a pound of honey, experts have recently figured. Gathering the sweet liquid within a radius of two and a half miles from its hive, it is estimated that the little housekeeper travels at least one and one-half miles for each drop. It takes one-half gallon of this substance to make one pound of honey. At the same time, it is said, the busy worker also carries plant pollen and water with which the young brood is fed.

Shellac for Floors

A good and durable finish for floors stairways, and other surfaces that are subject to heavy wear is obtained by applying a coat of shellac over the filler coat, before using the regular varnish. The shellac should not be mixed with the varnish, and if any thinner is required, it should be used. The wear-resisting qualities of the shellac will offer a pleasant surprise to anyone who has to varnish floors often, and the gloss obtained has a long life.

Under healthy conditions, fish may live many years. For example, salmon have been known to survive a hundred years, eels 60 years, and carp 100. While pike are said to be even more tenacious of life.

JAY,

ART AND CIVIC CLUB.

The Art and Civic Club met Jan. 16 with Mrs. R. M. Thompson. After the business session, Mrs. W. E. Miller led the following program:

Light and Free Verse.
 "I would be the Lyric
 Ever on the lips,
 Rather than the Epic
 Memory let slips."
 Solo—Illustrating Light Verse
 —Mrs. F. E. Martin.
 Reading—Human Tonic—Mrs. E. A. Walker.
 Paper—The Rank of Light Verse Writers—Mrs. Kelly Saylor, read by Mrs. Bina Oquin.
 Paper—The Development of Free Verse—Mrs. Bina Oquin.
 Duet—Illustrating Free Verse
 —Mesdames F. E. Martin and Edward Geeslin.
 At the conclusion of the program Mrs. Stokes favored us with two solos, illustrating Light and Free Verse.

A delicious salad course was then served to club members and the following guests: Mesdames Annie Little, W. C. Dew, J. M. Hicks, W. H. Trent, Ed Thompson, W. K. Marshall and M. Y. Stokes Jr.
 The hostess was assisted in serving by Mrs. Stokes and little Miss Doris Thompson.

After refreshments, little Miss Doris Thompson favored us with a reading, New Year's Resolutions.—Reporter.

MERRY WIVES.

The Merry Wives met Feb. 15 with Mrs. Will H. Trent as hostess.

Score cards were passed for forty-two. After several games were played, the hostess introduced a new game—"Shoot the moon"—a sport which all enjoyed. Club members scoring high were Mrs. C. M. Burch and O. H. Yarborough. In the cut, Mrs. Burch proved lucky and was presented a lovely bottle of perfume. Mrs. M. J. Stokes Jr. received the guest prize, a pretty box of handkerchiefs.

Refreshments were served to club members and the following guests: Mesdames John Little, M. Y. Stokes Jr., E. T. Fairman, and Miss Lucille Conro.—Reporter.

"Divorce"—Modern life held up to a dramatic searchlight that bares the evil that threatens to engulf civilization. See it at the Dixie Theatre next Monday and Tuesday, Jan. 21 and 22. Admission 10 and 25c.

Rev. R. W. Bynum has visited a number of schools over the county the past two weeks, and he reports that they are all doing splendid work, with fine co-operation among the patrons.

A scathing indictment of the evil that is gnawing at the very vitals of the nation—see "Divorce" at the Dixie Theatre Monday and Tuesday. Ten and 25c.

FAMILY REUNION.

Mr. J. C. Burdett had a reunion of his children and grandchildren at his home Sunday, Dec. 30, 1923. They had a wonderful meeting. There were seven children, thirty-eight grandchildren, two great-grand children and a number of friends present. They had a very inviting dinner consisting of turkey, baked, head-boiled ham and all that goes to complete a festival like this one. Every one had a delightful day and upon leaving they all wished Mr. Burdett a happy and prosperous new year, hoping to meet again next year.

The children who were present were: Mrs. Frank Denton, Mr. Mrs. Sam McLean, Mrs. Talmage Palmer and Mrs. John McCall.

Mrs. Mildred Pipkin, of R. F. D. 8, Columbia, Tenn., says: "My experience with Cardui has covered a number of years. Nineteen years ago... I got down with weak back. I was run-down and so weak and nervous I had to stay in bed. I read of

and sent for it. I took only one bottle at that time, and it helped me; seemed to strengthen and build me right up. So that is how I first knew of Cardui. After that, ... when I began to get weak and 'no account', I sent right for Cardui, and it never failed to help me."

Miss America" Declares Tanlac Wonderful Health Giving Tonic

Miss Campbell in "Miss America" crown which she has won on two occasions.
Photograph by Atlantic Foto Ser.

Miss Mary Katherine Campbell, twice proclaimed "Miss America" has taken TANLAC and endorses it in a statement recently given to the women of America through International Proprietaries, Inc., distributors of this great tonic. In this statement, Miss America declares that Good Health is the basis of all Beauty, and advises women who would be beautiful to "first find good health."

Her complete statement as given is as follows: "I consider it a great privilege to be able to tell the thousands of women everywhere what a great tonic TANLAC is. Health is the basis of all beauty. Without good health, one is apt to be run down, nervous, underweight, high-strung, anemic. Indigestion drives the roses from

a woman's cheeks and robs her of that radiant quality of womanhood that is real beauty.

"I have taken TANLAC and I do not hesitate to say that it is a wonderful health-giving tonic. It has brought relief and good health to many women, and with good health one may have a measure of beauty that will overcome shortcomings in face and figure.

"Rosy cheeks, sparkling eyes, a well-rounded figure, a lovable disposition, go hand in hand with good health. To those searching for beauty, I would say—'First of all, Find Good Health.' The TANLAC treatment has proven itself a boon to womankind, and I recommend it."

Miss Campbell has written a booklet on Health and Beauty which may be secured by filling out the coupon below.

NOTHING PERSONAL IN THIS.

A preacher at the close of one of his sermons said: "Let all in the house who are paying their debts stand up." Presently every man, woman and child, with one exception, rose to his feet.

The preacher seated them and said: "Now let every man not paying his debts stand up." The exception, a care-worn, hungry-looking individual, clothed in last summer's suit, slowly assumed a perpendicular position.

"How is it, my friend," asked the minister, "that you are the only one not able to meet your obligations?"

"I run a newspaper," he answered meekly, "and the brethren here who stood up are my subscribers, and—"

"Let us pray," exclaimed the minister.—Escanaba Press.

Woodrow Wilson.—Woodrow Wilson sat in his library Wednesday in a receiving line, while hundreds of delegates of the Democratic National committee passed before him, gripped his hand and wished him well.

U. S. Warship.—The U. S. cruiser Tacoma is aground and in distress on the Blanquilla reefs, 16 miles from Vera Cruz, and was sending out distress calls Wednesday.

WORLD'S NEWS IN BRIEF.

Explosion.—Six persons were killed outright and three others died later in hospitals from injured received Wednesday when a gasoline still exploded in the Texas Company oil refinery plant at Port Arthur.

Execution.—The governor of Arkansas this week fixed Feb. 15 as the date for the execution of Eulos Sullivan, formerly of Oklahoma, under sentence of death for the slaying of a deputy United States marshal, who was shot and killed at Harrison last July. The Supreme Court affirmed the action of the trial court in sentencing Sullivan to be electrocuted.

Ballinger Case.—Taking of testimony on which the State will seek to convict Ralph G. Vancil,

23-year-old Ballinger youth, for the alleged slaying of his 8-day-old baby was started in Fort Worth Wednesday.

Democratic Convention.—New York was selected Tuesday as the meeting place of the 1924 Democratic National Convention. The vote on the third ballot in the national committee was New York 57, San Francisco 40, St. Louis 8. June 24 was fixed as the convention date.

Huerta Warned.—The Washington government is preparing to inform Adolfo de la Huerta, Mexican rebel chief, that American commerce with the port of Tampico must not be interfered with in the course of the present uprising against the Obregon government.

Another Quake.—A number of lives were lost, many persons ser-

iously injured and heavy property damage caused early Tuesday by the second great earthquake which has stricken Japan within five months. The victims of the shock, so far as known, were all Japanese. Reports state seven railway trains were thrown from the tracks by the quake, one of them falling into the Banku river.

Two Bonus Bills.—A Washington dispatch says two new bonus plans, each designed to meet some of the principal objections raised against the old bill, made their appearance in the Senate Tuesday.

Prohibition Delegates.—President Coolidge praised the several hundred delegates to the prohibition convention in Washington who marched through a pouring rain to the white house Wednesday.

Perfect Accompaniments, too, on the Gulbransen

Soft and sweet, and in perfect time, is the accompaniment played on a Gulbransen.

A mere striking of notes would be out of place. The accompaniment must be gentle and dainty—delicately shaded—with here and there a dash of brilliancy to add color to the performance.

Playing accompaniments is a good test of an instrument—and one that when you make it, will increase your admiration of the Gulbransen.

What nimblest fingers do in playing the piano, and gaining expression, you do with a music roll and the sensitive "pedal-touch" of the Gulbransen.

This is so completely true that a new name is used to distinguish the Gulbransen from ordinary player-pianos. It is "The Registering Piano."

Please think of it, and investigate it, as such—as a piano that registers your exact touch, your time, your expression.

Think of it, also, as the only instrument that gives you the protection of the price branded in the back; as the original and only instrument with simple, complete Instruction Rolls that show a method of correct playing.

The easiest shoes you ever wore

Here is a work shoe for harvesting and dry weather field work and shop work. It is horsehide, through and through, tanned to the softness and flexibility of calfskin, soft and easy on the feet as a moccasin. Come in and see it. Try it on. You'll be delighted. THE WOLVERINE comes in several models, for all outdoor service. All wear like iron.
