**DR. WILSON ANSWERS
J. V. COCKRUM QUERY**

Mr. J. V. Cockrum, a citizen of Goldthwaite, has an article in the Goldthwaite Eagle Oct. 5, 1928, accompanied by certain figures taken from what he purports to be the correct amount of a bond issue of June 17, 1913 and says that \$13,500.00 were used and figures from that amount. The facts are \$14,000.00 bonds were issued on that date. He further states that \$1,000.00 of these bonds were retired, when the facts are that \$2,000.00 have been retired from the 1913 issue. He figures that the sinking fund for the \$13,500.00 issue for 14 years there should be in the treasury at last \$4,725.00 and deducts \$1,000.00 from that amount and asks why \$3,500.00 worth of additional bonds have not been retired. He says, "I do not mean to cast any reflection on any member of the school board because I know they are high toned, honorable men, but a sinking fund is sometimes overlooked and the money used for maintaining the public school."

If Mr. Cockrum had taken the time to go to the Trent State Bank and examine the records it might have saved him the embarrassment of having his figures proven wrong. The books are open and we court examination.

If the sinking fund has ever been used for maintenance purposes, I know nothing of it. I do know that it has not been used for over five years since I have been on the school board. And I further know that the necessary amount to retire the bonds to date is in the hands of the treasurer who is under bond for twice the amount coming in to his hands.

The treasurer has to make a yearly report to the board and to the State Department. The department audits and checks against previous reports and approves or disapproves as the case may be. Under these circumstances no one can misapply any funds without the knowledge of the department. So it is impossible for any change to be made, even if that the sinking funds were used for a short time. We will prove that his figures are all wrong as far as results are concerned.

Mr. Cockrum said that in order to pay the sinking fund to date and interest accrued we should have \$3500.00 more on hand, or in other words, that amount was missing from the sinking fund, according to his figures. I am sorry, but he figured wrong and it is liable to lead one on a stray. Therefore I am submitting the last year's report from the treasurer, who is bonded for over \$18,000.00 for the handling of the funds, and furthermore the Comptroller after the state auditing committee passes on the report and approves it. So it must be correct:

Goldthwaite, Texas.
October 4, 1928
This is to certify that there

is in the building fund for the Goldthwaite Independent School District, \$1,375.00 which is the exact amount necessary to pay the bonds to date, or June 1, 1928, the end of the bond year.

(Signed)
THE TRENT STATE BANK
By W. C. Dew, President.

So every cent necessary to take care of the bond indebtedness is in the sinking fund, which effectively answers Mr. Cockrum's statement.

That proves that there has been no misappropriation of funds by this board, and if a board has previously done so it has been made right before this board's time except a \$60 account this board inherited which had ran some time and this board wiped it out.

Mrs. Cockrum claims that there will have to be a 25 per cent raise in all renditions to take care of the fifty thousand dollar bond issue.

We have at present \$1,154,590 rendition. If this can be raised to \$1,400,000 it will take care of the fifty thousand dollar bond issue.

A \$1,400,000 rendition will meet the requirements divided as follows: 73 per cent maintenance fund will render \$10,220.00 against \$10,282.49, this year's receipts, or just \$62.49 short. The 2% applied to the building fund will render \$3,780.00 or \$30.00 more than required to pay interest and sinking fund for \$50,000.00 bond issue the first year. The foregoing amount is \$500,000 short of the peak rendition in the past. Every sane person knows that with over 34,000 acres of land including the city of Goldthwaite we should easily get a rendition of \$1,400,000 which will take care of the situation.

This can be done by every person rendering their property for about 60 per cent of its full valuation and this will work a hardship on no one.

If every taxpayer had to raise his rendition a little what would a few dollars be compared with good schools? Good schools, from a business standpoint, is worth the money expended, besides the satisfaction of providing the best possible for our children. We work for our children and it is better to expend part of our income to provide facilities for a good education than to leave them money to quarrel over. If educated their citizenship is improved and we provide better neighbors, which is a great inducement for a better class of citizens to move into our country.

The board sincerely desires that every qualified voter in this district turn out next Monday, October 15th, and vote your sentiments. If you are an "aginer" of course you will vote against this bond issue.

But we have a citizenship in Goldthwaite which have always supported the schools. We anticipate at least a four to one vote in favor of the bond issue.

Respectfully,
Em. WILSON.

**AUSTIN NEGRO
KILLS FOUR
AND THEN SELF**

A 27 year old negro, Armond Alexander, ran amuck in Austin Tuesday after a family row and killed four persons before killing himself, while officers stormed a dwelling in which he had taken refuge.

One of the victims was chief of police, J. N. Littlepage, 67, of Austin. The other dead are: Joe Blunt, 56; Mrs. D. Pyburn, 45, negro; Ethel Pyburn, 24, negro.

Alexander fired at others, including Mrs. Ernest Arnold who fled with her month old daughter in her arms, while the negro took refuge in her home. Later the home was riddled with bullets by officers whom Alexander cursed, retreating to the bathroom, where he was found dead. He had shot himself with chief Littlepage's pistol.

In a fit of rage after he had ejected his wife from their car, Alexander called the Pyburn women to the door of their home and shot them. Going to the home of another negro, Tom Shelby, the enraged negro shot Blum who was working on the house. He told Shelby's wife he guessed he would have to kill her too and fired. She screamed and fell but was unharmed.

Chief Littlepage joined the Austin police department about 14 years ago as a detective, and with sergeant Sam D. Griffin, composed the detective department of that city at that time. He was promoted from time to time, and in May, 1924 became chief of police, after the resignation of chief James H. Rodgers.

Chief Littlepage was an uncle of R. V. and Elmo Littlepage of Goldthwaite.

**BERT MAYFIELD GETS
CHANGE OF VENUE;
GOES TO COLEMAN**

After a legal battle extending over most of Monday, in which his lawyers brought testimony tending to prove that he could not get a fair trial at Goldthwaite, the Bert Mayfield case was transferred to Coleman. Mr. Mayfield is charged with the murder of Miss Ruby Osbrone, who was found about three miles out on the San Saba road from Goldthwaite with a fractured skull. She died at the Dr. Osterhaut sanitarium a few days later without regaining consciousness. It is alleged that Mr. Mayfield had been seen leaving the Fair Grounds with her a few minutes before, and that Miss Osbrone, though unconscious, stated "Don't, Bert, Don't," and "My God, Bert, Don't."

It was announced that the Eagle's broadcasting station KGKB would broadcast this trial, on account of the interest in it. Permission had been gotten from Judge Lewis Jones to do so. However, the first motion by the defense was that the trial not be broadcast. No ruling was made on this motion. The transfer, of course, automatically settled the broadcast matter for the time being. It is likely that the case will be tried at Coleman in the spring term of court.

**SCHOOL BUILDING
CRITICISED SINCE 1921**

Following is a letter addressed to F. F. Henderson, secretary of the school board, from A. M. Blackman, chief supervisor of high schools, relative to the rating of the grammar school building here. The letter is self-explanatory.

October 9, 1928.
Mr. F. F. Henderson
Secretary School Board
Goldthwaite, Texas
Dear Mr. Henderson:

Upon receipt of your request for information as to the reports of our division upon the condition of your elementary building, I consulted our file of reports and found that as early as 1921 your elementary building was criticised by the supervisor who visited your school that year, and that the criticism has been continued by successive visitors. The building is described as being obsolete and impossible of renovation, and the hope expressed that the community will provide a modern elementary school building in the near future. Inasmuch as good work is dependent upon a good foundation laid in the elementary grades, and this can hardly be given in a poor building, poorly equipped, it is only a question of time until your school system will be deprived of recognition by the State Department unless a radical improvement is made in the building and equipment for your elementary school work.

Very sincerely yours,
A. M. BLACKMAN
Chief Supervisor of High Schools.

ART AND CIVIC CLUB

Mrs. Carl Keese received the club members of the Art and Civic club and ten invited guests in the late hours of last Wednesday afternoon at the home of Mrs. Joha Keese, the social setting to gather the members and friends for the first party of the year. Roses, garden blossoms and the usual foliage of the home made the rooms most inviting. The windows wide with wind blown curtains giving view to the beautiful bedded flowers in which the home has its setting.

At the conclusion of eight games of 42, delicious refreshments were served to Mesdames Jake Saylor, Harry Allen, F. P. Bowman, James Lewis, Kelly Saylor, Walter Fairman, W. E. Miller, Roy Rowntree, D. H. Harrison, Fred Martin, Barnett, Mark Fairman, Homer DeWolfe, Floyd Ligon, Bob Steen Sr., Earl Clements, J. D. Lindsey, G. H. Frizzell, and Misses Lucille Conroe, Anna Lee Ashley, and Lois Keese.

Mrs. Keese was assisted in hostess duties by Mrs. DeWolfe and other friends.

**CITY BUYS NEW
G. M. FIRE TRUCK**

Delivery was made this week to the city a new General Motors American-LaFrance fire truck—one of the finest medium size trucks for fighting fire made. This truck is motorized with a Buick engine and has plenty of speed and pick-up.

A five hundred and fifty gallon per minute water pump is a unit of the truck—thus where the water pressure is too low it can be forced thru with a pressure of 90 pounds per square inch.

In a test yesterday afternoon water was pulled from the old cistern which drains the courthouse and was thrown over the courthouse building.

The city has bought a rock building on the west side of the square from A. J. Harrison and is converting it into a fire station. It is the intention of the city council to have a man sleep in this building who will immediately answer the fire call.

The addition of the new fire truck was absolutely necessary if Goldthwaite keeps her present low insurance rate. The old truck was worn out and too slow—besides it was a half hour's job to get it started.

EMBROIDERY CLUB

Members of the Central Embroidery Club were entertained in the spacious home of Mrs. Marvin Rudd Friday, October 5th. Mesdames Marvin Rudd, R. E. Clements, W. B. Jackson and D. D. Tate were the charming hostesses.

The home was artistically decorated with a profusion of cut flowers and pot plants, which made a beautiful setting for the delightful games of progressive 42. Beautifully hand embroidered table covers were laid and a delicious salad course was served to the club members and the following guests:

Mesdames W. E. Miller, Frank Bowman, W. K. Marshall, John Hester, Haynes Harrison, Claudi Eacott, J. H. Greathouse, Kate Page, Roy Rowntree, Mark Fairman, L. R. Conroe, Walter Fairman, Chas. Frizzell, W. E. Bridgeforth, Arnold F. Tipp, Jake Saylor, and D. A. Newton.

NOTICE OF ELECTION

The election on the Goldthwaite Independent School bond issue will be held in the Mills County Court House in the City of Goldthwaite, at the Chamber of Commerce room, October 15th, 1928.

F. F. HENDERSON, Sec.
Em. WILSON, Pres.
Board of Education.

**WILL VOTE ON
BOND ELECTION
NEXT MONDAY**

Next Monday there will be an election held in the Chamber of Commerce room in the basement of the courthouse for the purpose of ascertaining whether or not the Goldthwaite Independent School District shall issue bonds to the amount of \$50,000.00 for the purpose of building a new grammar school building and possibly retiring the present outstanding indebtedness of approximately \$12,500.00.

The citizens who are property tax payers in this district should vote next Monday. A representative vote of most of the interested people is the only way the board of education has to know whether or not to issue the bonds.

The Eagle is strictly in favor of the proposed proposition. Good schools are a primary requisite for a community and by no stretch of imagination can anyone class our grammar school building as even fair. The roof is gone, the walls are faulty, the ceilings are falling in, the floors are oil-soaked and germ-laden, the lighting is very bad and the room arrangement is even worse. And in addition to this the Goldthwaite grammar school building is a positive fire menace, as it is composed of inflammable material and has wooden stairways and inadequate fire escapes. It would be almost impossible for the building to burn without costing the lives of a great many school children.

Remember to vote next Monday. If you are for or against the bond election, cast your ballot.

**PARENT TEACHERS
FIRST MEETING OF YEAR**

Tuesday, October 9, 1928, the Parent-Teachers Association held its first meeting of this year at the high school auditorium.

Delicious iced punch was served to the members and trustees of the school.

The meeting was opened by singing America, after which the new president, Mrs. W. E. Fairman, delivered the president's address, which was followed by a talk from Mr. Newton on "Facts About Your High School." Mrs. J. A. Palmer's subject was "Co-operation Between Teachers and Parents."

Dr. Wilson, president of the school board, made a nice talk and presented tentative plans for the proposed new school building. These plans were carefully studied and endorsed by the Association. The mothers and some of the fathers, realizing how unsafe the old building has grown to be, the P. T. A. stands ready to do all we can to get a good safe place for our children to spend their school days.

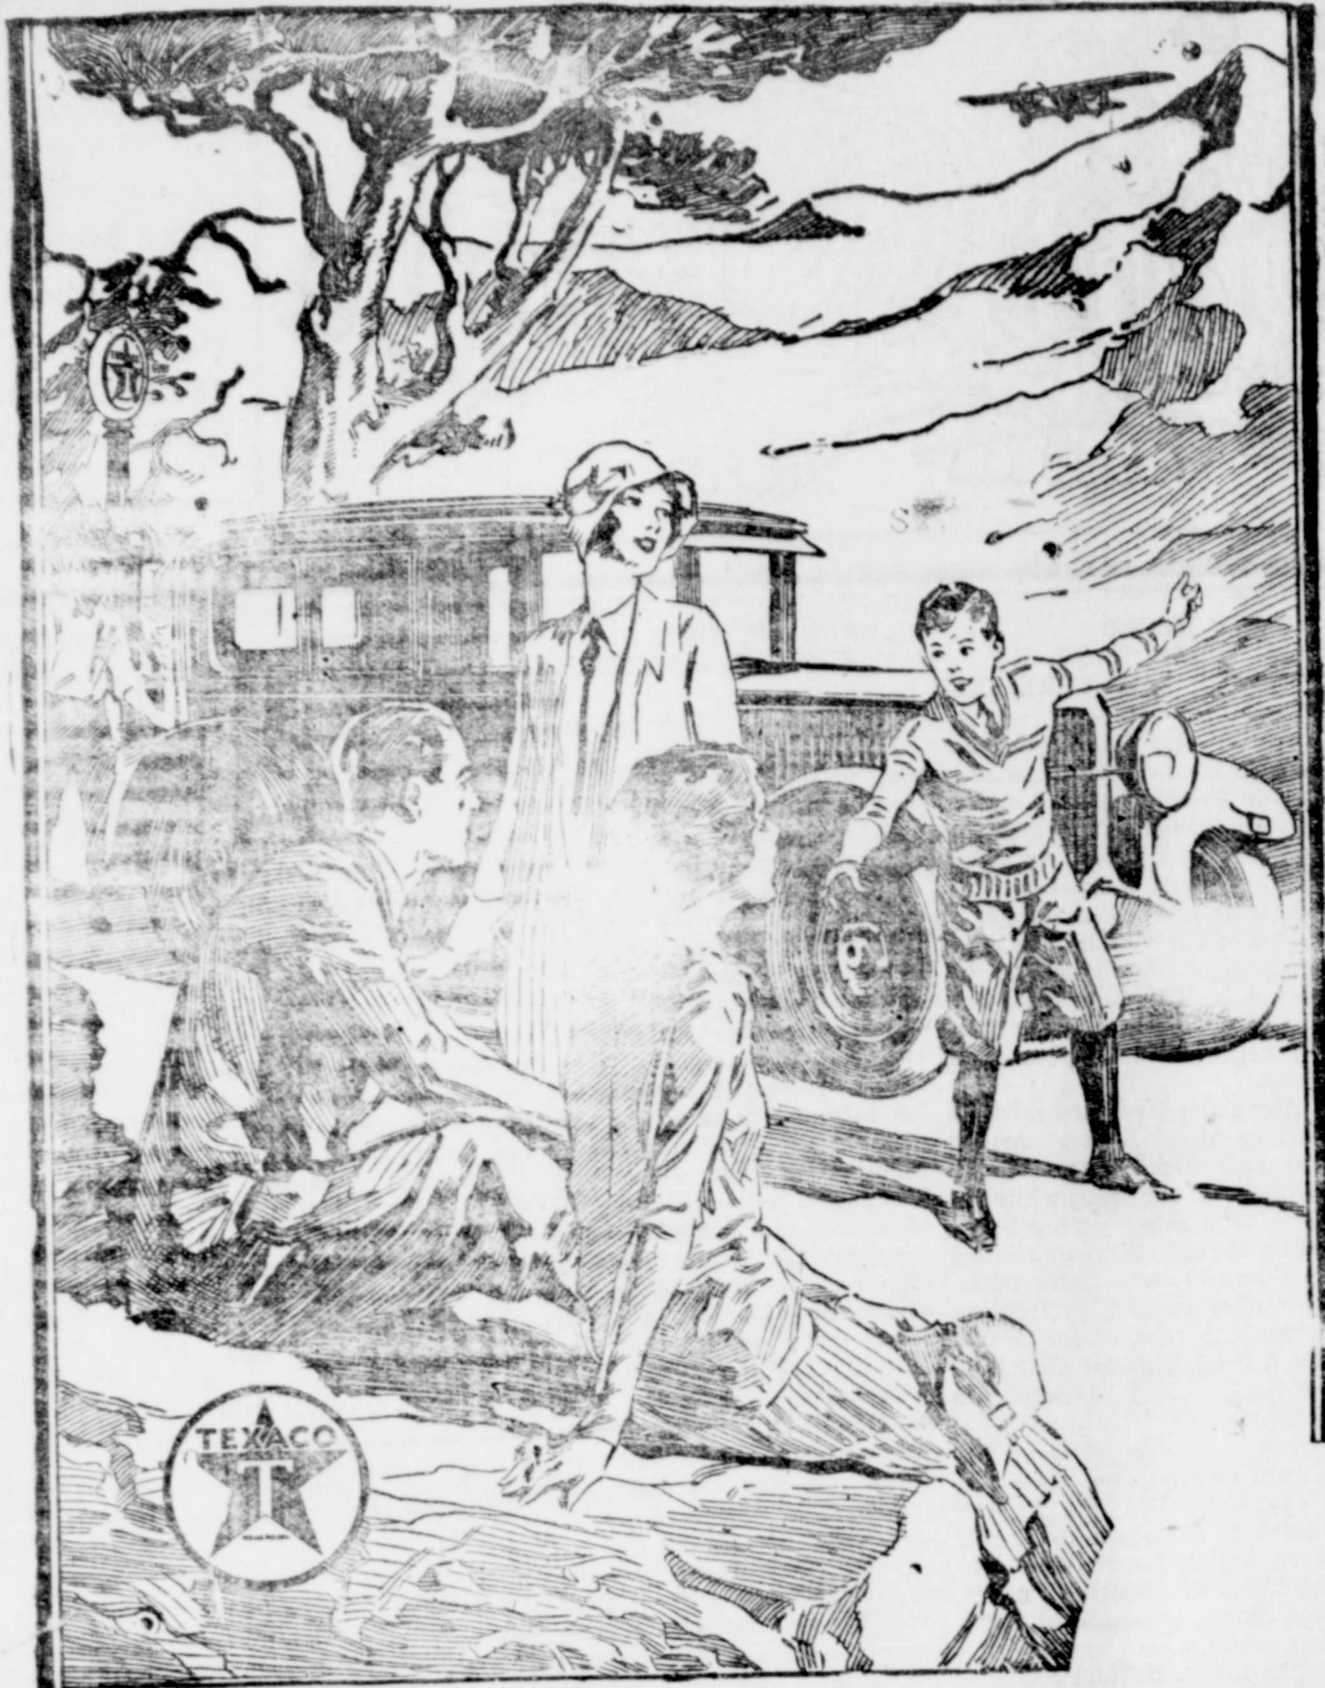

Mr. A. J. Harrison was also present at the meeting and made a splendid talk and pledged his support toward getting a new school house.

We thank Mr. Harrison for his interest.

Several of the trustees made talks, after which the regular business was transacted. It was decided to hold a Halloween carnival at the Court House.

Punch was again served at the close of the business session.

Mrs. Kallie Collins of Clyde, is visiting her brother, D. B. Kemper, and wife.

WHEREVER Summer traits may lead

Swift, eager miles—smooth, soaring mastery of the hills—all the keen satisfaction of driving a car that fairly out-performs all its past records, is yours with the new and better Texaco Gasoline.

For the new and better Texaco is a true product of modern science—a gasoline formulated and produced to meet exact, scientific specifications, and available everywhere.

With the new and better Texaco, the action of the carburetor alone is sufficient to vaporize it completely. At all engine-speeds it forms a dry gas. Free of every trace of wetness, a perfectly blended mixture of gasoline vapor and air, it flows freely and swiftly from carburetor to spark. Combustion, whatever the compression, is smoothly progressive and complete.

Wherever you are—wherever you go—this summer you can enjoy the advantage of the new and better Texaco Gasoline. It is sold at all pumps displaying the Texaco Red Star with the Green T.

WET
A wet gas is an unburned mixture of gasoline vapor with liquid droplets of gasoline. These droplets, retarding the motion of the spark, make starting difficult and cause an uneven and sluggish power-flow.

DRY
The new and better Texaco Gasoline vaporizes completely. It forms a dry gas—a perfect mixture of gasoline vapor and air which responds immediately to the spark, giving you maximum flow of power from all cylinders.

A PLEA FOR HIGHER EDUCATION OF MASSES

(Dr. Em. Wilson, M. D.)

The first installment of this article was printed in The Eagle several weeks ago. Considerable comment from the press was had concerning the plan outlined. All, so far as I know, were favorable.

The committee on the plan for assisting all schools by appropriate legislation met in Dallas the second week in October and outlined a feasible plan for the assistance of schools, especially the rural schools. This plan appears to be a good one, unless the change from the old tried and proven plan of scholastic census in wrong. I do not say that it is not as good as the old plan, but there is the same condition of some schools getting more than their proportionate amount and others less. In our rural schools class enrollment is always greater than average attendance. So is the scholastic enrollment.

The plan to give the first year college work in accredited schools in counties where there is no higher institution of learning is commendable from every standpoint. It is expressly applicable to counties that have not enough taxable values to establish a Junior College. It is these counties that especially need help. For in poor counties we are sure to have a large percentage of poor people—people who could not send their children off to schools. Children that would have to go through life with only a high school education. We can help these poor children to better things in life with a maximum expenditure of state funds.

No greater boon could come to the poor children than an educational lift into the first year in college work. This would give them a chance to teach rural schools, thereby securing means to attend college and finish their education.

While the committee is completing its educational survey and working out the details of their plan, the arrangement for one year of college work in accredited high schools would be an easy matter and would be an everlasting benefit to

a great number of girl and boys.

We hope that this matter will receive the attention it deserves before the plan is completed, and that the committee on educational survey will find it in their hearts to give a place to this plan of teaching first year of college in designated high schools.

Let us build for the future and not for "just a day." It can be arranged so that there will not be a great expenditure of high school funds by selecting four subjects fitting into the curriculum of the State University.

GIVE HIM A CHANCE!

That is the plea that goes up when a criminal is hailed into court to answer for his offenses against the law.

He would have the public believe that he has been deprived of his chances as a citizen. Jurors many times yield to the importunities of feonsel and grant the prayer for another chance. This is what happened not far away and not long ago:

A peace officer with a warrant in hand attempted to arrest a bootlegger as he was commanded to do. The officer was shot down in cold blood. Another officer risked his life and captured the offender. His cause was sent to another county where the district attorney sought the death penalty. The jurors yielded to the plea of attorneys for another chance and assessed a term in the state prison.

Thus the criminal had another chance. Change for what?

To endanger the lives of other officers by breaking jail, which he did. He was given a chance to arm himself that he might slay another officer who might attempt to re-arrest him.

Finally he arrived in the penitentiary where only a few days ago he took another chance and made a murderous assault on a fellow prisoner, hoping that in the confusion he might effect his escape.

Th prisoner assaulted took his chance and slew the slayer. Thus ended the career of one whom the jury gave another chance.

Russel Mullan left day morning for Dallas to tend to some business.

Will You HELP?

Fire is the greatest criminal in all history. He kills, burns and destroys without mercy. He blots out thousands of lives and hundreds of millions of dollars worth of property each year.

Will you help capture this criminal—tie him—bind him—run him out of town? This is Fire Prevention Week. Now is the time for all of us to band together for the protection of our homes, our places of business, and the lives of our families.

THE NAZARENE CHURCH

We are very glad to report a very good meeting with the Methodist people at Bula, Texas, which is a new town on the plains within thirty miles of the New Mexico line. It is a new and growing country—one of the finest on the plains. And corn and other feed crops are extra fine. Cotton is good, but late.

The meeting at Bula was a co-operative revival campaign between the Methodists and the Nazarenes and was planned by the Methodist pastor of the Morton charge, Rev. J. B. Anglin, whom we have known for thirteen years, and whom we found to be the same old Jim, except that he is a young lawyer now as well as a Methodist preacher. He is very congenial and our association with him in this meeting was very pleasant. Also the Rev. Frank Booth, the Baptist pastor whom we have known for 25 years, was present and added much to the spirit and interest of the meeting.

It was a great pleasure to be thus associated with these and other old friends in such revival effort, many of whom testified that they had been greatly benefitted by such meetings.

We received calls for other meetings while on the plains, but had to put them off until later dates and return to our post of duty here in Goldthwaite, where we are making our plans for the future.

Sunday school 9:45, N. Y. P. S. 6:30 p. m. and Prayer Meeting each Sunday evening at 7:45 p. m. Worship and sermon each Sunday from 11 to 12 a. m. and also at 7:30 p. m. Subject next Sunday evening will be "Spurious, Its Source and Its Operation."

WILL H. LYNN, Pastor.

A MESSAGE TO UNEMPLOYED TEACHERS

We have an unusual proposition to offer teachers who unable to get schools this term. Four literary qualifications fit you admirably to qualify for a business position. Large business concerns when calling for help invariably ask us to recommend some one who has a good literary foundation such as your teachers training has given you.

You can finish a course under our new plan in half the time required formerly. A few short weeks and a very few dollars will place you on some substantial payroll.

To those who want to continue teaching why not let us prepare you for commercial teaching? Read the following letter which explains itself.

Tyler Commercial College, Tyler, Texas

Gentlemen:
Can you put me in touch with a man or woman for the commercial department here at Acadia? They should have three years of College work at least. Would want someone who could teach typewriting.

Yours very truly,
—E. H. FISHER

There seem to be many more teachers than there are public schools while in business or as commercial school teachers there are many more openings than there are young people prepared to fill them.

Write your name and address below and mail to us quickly. We cannot extend this unusual offer to more than one hundred young people at

a time.

BIG VALLEY

Autumn is herewith its gold and crimson. The glorious rains that we have been having only made us appreciate the sunshine more when it came out. Cotton picking was held up for awhile due to the rains, but I think everyone is back on the job again.

Grandmother Robertson fell last Friday and hurt her hip. We do not know whether her hip is broken, but we hope it isn't and that she will soon be up again.

Mrs. Bob Robertson returned from Georgetown last week where she has been with her daughter. She reports Miss Norma Lee is getting along fine.

Misses Pattie Cockrell, Joy Doak and Zora Lee Moreland left the 23rd for San Marcos where they will attend school. Miss Joy Doak was reported ill, but is better at this writing.

Gordon Miller, who is attending Howard Payne, was visiting with home folks this weekend. He reports that he likes school fine. We are mighty proud of our Big Valley boys and girls who have gone to college. They have all made good. We are for the young people.

Clifford Moreland and wife of Winters were visiting his mother and father this weekend. Mr. and Mrs. J. C. Moreland.

Bro. Newton preached for us Sunday morning and Sunday night.

There was also preaching in the Lower Valley by Bro. Kelley Saturday night and Sunday.

Charles Miller was on the sick list last week.

Will Dney and wife of Rattler were visitors in our community Sunday. Come again, folks, we are always glad to have you with us.

Mr. and Mrs. Cockrell called on Grandmother Robertson Monday afternoon.

We understand that Joe Walker sold out his filling station and that Alvin Oglesby is to take charge. We are sorry to lose our neighbors and wish the new owners success with the business.

Glen Johnson of San Saba was visiting in the home of his mother, Mrs. Nath Goode, Sunday afternoon.—FARMER.

Necklaces, lavaliers, bar pins and brooches—all the new creations at L. E. Miller's Jewelry Store. (adv)

Mrs. John Roberts and Mrs. E. L. Pass motored to Brownwood last Thursday to hear Bro. White preach.

Dr. W. R. Wirtz, evangelist and former pastor of Goldthwaite Baptist Church, but now holding a revival in Brownwood, visited in the R. V. Littlepage home Monday night.

LOCAL SCHOOL HISTORY

When Goldthwaite was new the people had their real school troubles. There were pupils to be educated and no facilities to educate them. There was no school building and no money with which to build. The first school terms were conducted in privately owned houses of small dimensions and with but few conveniences.

In the fifth year of the town's existence it became quite evident that something must be done at once in the way of housing the children. Mr. Goldthwaite, for whom the town was named, was asked to render some assistance. He donated a business lot fronting West Front Street. This lot was disposed of by a lottery scheme for the sum of one thousand dollars.

On July 9, 1891, a note for the sum of \$3000.00 was given to the D. H. Trent Bank, bearing 8 per cent interest and signed by the following citizens: C. P. Beaty, J. B. Ferguson, J. H. Rutland, A. J. Gatlin, J. L. McAlpin, J. H. Randolph, J. A. Mohler, W. E. Scott, James Rahl, G. W. Cunningham, Uvalde Burnes, C. P. Abney, John Huffstutler, J. L. Lewis, Phil H. Clements, J. A. Austin, R. F. Logan, J. B. B. McNutt, H. P. Smith, R. L. Burns, J. W. Hill, M. C. Humphries, J. C. Nailer, Matt Roach, G. H. Farnum, J. P. Grundy, and W. A. Dozier.

With the four thousand thus raised and in hand, a contract was let to Barney Lammers to erect the first part of the Grammar School building. This part consists of four rooms and was made to answer our purpose for about three years when two additional rooms were added to the west. The note referred to above was paid on August 7, 1891, in part from subscriptions and in part from money raised by the bond

issue, the Legislature having but recently provided for the formation of independent school districts with authority to issue bonds for building purposes.

The troubles of the early days were of the real kind. What the city now suffers from are only "growing pains."

ON EDGE Worried A Lot

"I took Cardui at intervals for three years, and have been in good health since last fall," says Mrs. Noble J. Hayes, of Watadoo, S. C. "My improvement after taking a course of this medicine was really remarkable."

"I am much stronger and can accomplish so much more work now. My weight increased twenty pounds, and my color is good."

"For a long time I had been feeling poorly. Some days I dragged around the house and had not enough energy to do my housework."

"I worried a lot about my night. I did not seem like myself, and my nerves were all on edge. I did not sleep well, and my appetite left me."

"I found Cardui to be an excellent tonic. After I had taken it a few weeks, I began to pick up and to gain in weight and strength."

**PRESIDENT'S MESSAGE
TO P. T. ASSOCIATION**

My message is to invite and
welcome the teachers, and each
patrons of the school, to join
the Parent-Teachers Organiza-
tion and co-operate in its
work.

The love and development of
children is the common tie
which unites us in the great
work of this Association.

Its object is to study, pro-
mote and improve the condi-
tions affecting child-life; to
create a better understanding
between parents and teachers,
and to further their co-opera-
tion in all child-welfare.

Let us make for our aim
this year—"Every parent a
member and a worker." It has
been said and generally accept-
ed that, "The school is the
heart of our nation."

Our schools are the direct re-
flection of the people who sup-
port them, a direct reflection of
the spirit and attitude of the
community in relation to edu-
cation.

The journey of life is much
like other journeys, except
that life is the sum total of all
other journeys, and therefore
the greatest preparation for it
is imperative. It is manifest to
all that the better the prepara-
tion the more successful the
achievement. We are reminded
that the schools and colleges
which the young people attend
are places of preparation.

It happens that it is the priv-
ilege of the people of a commu-
nity to have a voice as to the
kind of places the children
and young people attend to
receive an education.

The time is near at hand for
us to decide this important
question for our children. It is
not only a privilege to vote,
but a duty and responsibility
worthy of a fine consideration.
The future of the children of
the Goldthwaite School Dis-
trict now hangs in the bal-
ance.

It is said that, "God could
not be everywhere, so He made
Mothers." My appeal is to
You Mother, that you hold
True to the Trust that is plac-
ed with you, and to ask You
to swing the Balance in favor
of Bigger and Better schools
for Goldthwaite children.

Every home needs and should
have a reliable clock that can
be depended upon for correct
time. We sell and recommend
the Seth Thomas clock—the
best clock ever made. See them
at L. E. Miller's Jewelry store.

**BOB CHURCH NAMED
TO GET NEGRO VOTES**

Washington, August 1— An-
nouncement was made today
by Chairman Hubert Work of
the Republican national com-
mittee of the appointment of a
negro voters' division of the
committee to direct the Hoover
Curtis presidential campaign.
Among those appointed is
Bob Church, Memphis negro
politician, and one of the boss-
es of the Republican party in
Tennessee. He is classed as
"business man of Memphis."
Branch headquarters for the
negro workers, it is announced,
will be opened in Washington,
Chicago and probably in New
York.

"In my opinion," said the
chairman, "the election of Her-
bert Hoover will herald a new
day of hope and opportunity
for the group they represent."

This cheering assurance to
the negro voters of the country
calls to mind the offer made by
the Republican party years
gone by of "40 acres and a
mule," to those negro voters
who proved their loyalty to the
party, all of which was a vain
promise to inspire ignorant
negroes to attend the polls and
vote the Republican ticket.

**YOU SAY, "I DON'T
BELIEVE"**

We work with the substance
of the soul. We release the
prisoned impulse, the tiny, riv-
ulet of force that emanates
from the brain and flows over
the nerves to the cells and
stirs them into life. We deal
with innate intelligence—the
power that transforms common
food into living, loving, think-
ing clay that robs the earth
with beauty and hues and
scents the flowers with the
air.

In the dim, dark distant
time of long ago, when the sun
first bowed to the morning
star, this power spoke and
there was life; it quickened
the slime of the sea and the
dust of the earth and drove
the cell to union with its fel-
lows in countless living forms.
Through aeons of time it finned
the fish, winged the bird and
fanged the beast. Endlessly it
worked, evolving its forms un-
til it produced the crowning
glory of them all—man. With
tireless energy it blows the
bubble of each individual life
and then silently, relentlessly
dissolves the form, and absorbs
itself again. And you say, "I
don't believe" — Chiropractic
can affect a cure or do me any-
good.

Do you believe man's intel-

ligence is superior to the intel-
ligence that created it? I know
intelligent people do not, be-
cause there has not been a few
people who have come to my
office who live in Mills Coun-
ty who get pleasing results; be-
cause they were relieved of
many such cases as Asthma,
Tonsillitis, Bronchitis, Lock-
jaw; Blood poison, Ear trouble
and aches, Nose bleeds, Tor-
ticollis, Epilepsy, Chronic Osteo-
myelitis, Toxidermitis, Scia-
tica, Appendicitis, Pneumonia,
Pleuralgia, Pleurisy, Hemiple-
gia, Rheumatism, various stom-
ach disorders, Dyspepsia, Hemi-
crania, Eczema, Diphtheria, Gas-
tralgia, Various kidney trou-
bles, Neuritis, Splenalgia, con-
stipation, pains and cramps
common to many women, Dia-
rrhea and many cases of Dys-
neuria and Flu.

I do not claim Chiropractic
to be a cure all, but what
others have attained you may
if you will not refrain and per-
chance your friend or neighbor
will attest this statement in
part at least. If in doubt come
in and let me analyze your con-
dition and direct you to some
person you know who has
gotten well through Chiroprac-
tic. It may be that they had a
condition similar to yours.
This will cost only your time.

QUALITY IS OF FIRST IMPORTANCE!

Any man should buy as cheaply as he can—there is no denying this fact,
and it applies to drugs as well as any other class of merchandise. But the
druggist is different from other merchants in that he should never
sacrifice quality to get a low price. Cheap dress goods, or cheap shoes, fill
a real need, but there is no place for cheap drugs. In treating disease the
best is none too good. You want to take no chance with human life or
health. You have to hit the bull's eye every time—but it takes money to
turn out biologicals or pharmaceuticals as they should be turned out. Money
and time and equipment must not be spared in an effort to make remedies
which can be counted on to render the best possible service in the battle
with disease. Nothing is too expensive when human life is at stake.

We invite you to come to our drug store, inspect our labels. You will find
our drugs are prepared by the most reliable drug houses in the world—
we use only the best. Quality comes first here. Our drugs are properly
kept and dispensed by a graduate pharmacist. Our biological line is com-
plete and kept on ice. All drugs are weighed on accurate balances.—Every
precaution is taken to protect your health. Your doctor's prescription will

CHEVROLET MOTOR CO. TO ERECT WAREHOUSES

The parts and service division of Chevrolet Motor Company, for the purpose of bringing the consumer closer to the point of distribution, has been since the first of the year quietly carrying on a building program amounting to hundreds of thousands of dollars. This has added to the company's numerous plants five zone warehouses, now in use, and calls for construction of three more before January 1. In addition, major supply depots in Atlanta, Houston, Omaha, Philadelphia and Cleveland are the centers which have seen warehouses already built and opened for use. Work is to begin this fall on others in New Orleans, Fargo and Indianapolis. The New Orleans warehouse is scheduled to open in November, the Fargo warehouse in December and the Indianapolis warehouse in January.

J. P. Little, manager of the parts and service division, in a statement issued last week pointed out that the 1928 building program when completed will increase the storage facilities of his division by 30 percent. It will mean, he said, an addition of 210,000 additional feet of floor space.

"Chevrolet parts warehouses and major supply depots constitute an added service that the company offers in order that every authorized service station and repair depot will

have genuine Chevrolet parts available promptly for Chevrolet owners," Mr. Little said.

The warehouses and depots carry several hundreds of thousand dollars worth of stock, and represent, a very important factor in the commercial life of the communities in which they are located, Mr. Little said. Aside from the building activity, the divisional program for 1928, as outlined by Mr. Little, is also concerned with Boston and Denver, cities where new existent warehouses will be vacated this fall for new quarters because present facilities have proven inadequate. Thus before the year closes the parts and service division will have new headquarters in each of ten cities.

In every instance between 5,000 and 6,000 square feet of space has been set aside in these warehouses for use of the zone sales schools. The warehouses also house the offices of the zone sales managers and their staffs. All of the new buildings have been built according to plans and specifications of Chevrolet Motor Company.

With this year's addition the total number of Chevrolet zone warehouses will be increased to 20. Other cities in which they are located are Baltimore, Pittsburgh, Charlotte, S. C.; Jacksonville, Fla.; Des Moines, Ia.; Minneapolis, Minn.; Memphis, Tenn.; Dallas Texas.

STATE FAIR TO BE ONE OF THE BEST

The State Fair (in arranging the program for the 1928 exposition has brought more new features to the fair this year than ever before in its history. Many of them are free attractions, insuring visitors of a day well spent at any time during the exposition.

Three aviation acts, consisting of a passenger hauling dirigible, a flying circus for afternoon work, and a stunt flyer for night flying have been signed. The inside of the race track has been made into a landing field where all of these stunts will take place.

"The Desert Song," said to be the greatest musical play ever produced in this country, and "The King of Kings," the stupendous picturization of the last two years of the life of Christ, which has been made at a cost of \$2,500,000 will be the attractions for Fair Park Auditorium.

Racing and the Hippodrome show, consisting of America's greatest circus acts will feature the afternoon at the grandstand, while the night grandstand attraction will be the hippodrome performance and a great display of pyrotechnics. "Poodles" Hannaford and his equestrian troupe will headline the circus performance. Other actions of the hippodrome are Shorty Flem,

famous clown; Harmon's Elephants, and Five Cardinales, the Two Atenos, and a gorgeous review with 18 beautiful dancing girls and five stars direct from Broadway.

Number Three

GREETINGS

Freshmen, we greet you. We are proud of your great number and your great opportunities for making G. H. S. a better school.

As a hint to the freshmen boys we would suggest the dashing blonde, Frances McGowan, or the fascinating brunette, Thelma Richards, for your choice.

In speaking of handsome boys, we would mention the "Three Nickols Boys," two are entering G. H. S. for the first time and are making excellent scholars.

We hope to find Loraine Hale, the athlete, to be as capable of going "over the top" in her athletics this year as in past years.

There goes D. K. Simpson, the best looking boy last year in the grammar school.

As a hint to Freshmen girls: Get someone to point out Edward Dalton. He adores carrying girls' books from classes to study hall.

It is often said that brains and beauty rarely go together, but we have proof they do. Add to this a charming manner and you have Lucille Bledsoe.

There is a big blonde walking around, and you would never guess from his modest manner that Owen Clements was an "A" student last year.

We hear you have a wonderful extemporaneous speaker among your ranks and his name is Wayne Locklear.

In the field of sports only the best men win and so it is hard to forget the future or single out any freshman who will be outstanding in this line. However, we believe it most fitting to introduce to you our leaders in sports—Millard Evans and Paul Johnson. Millard, captain of our football

team, is a fine all-round sportsman, and Paul has played a good game for the past three years and is as good as we could find anywhere.

Frances Page, cheer leader, is a favorite, and we hope Frances McGowan fall heir to this honor.

There are unlimited opportunities in G. H. S. for every new comer, and to you we have introduced only a few of our stars. Great things are expected of you, and remember, Freshmen, "the eyes of G. H. S. are upon you."

SOPHS

Well, we elected our officers the other day, and here they are:

Marlin Ross—President.
Bonnie Mae Wheeler—Vice-President.

Myrtle Crawford—Sec. and Treasurer.

The entertainment committee included:

Hildagene DeWolfe.—Chairman.
LaVera Oltrogge—Assistant Chairman.

Duand Howard.
Hardy McClary.

I think we have some very efficient executives this term that will do their best to put over the Sophomore class.

Here is a joke that a Soph told me the other day:

Mrs. Robert Katz was hunting her husband, and not finding him at his regular hang-out, she went to the barber shop. When she entered, the barber asked her what she wanted. She asked, "Bob Katz here?" The barber answered angrily, "No," and walked away.

Editor-in-Chief says get up four pages of personals about

seniors. I ask you, sophs, are the seniors worth four pages?

Things that should be abolished from Goldthwaite High: Detention cards. Odors of garlic. Long (?) assemblies. Red ink. Study hall teachers.

"Now," said the high school student to his dad at a football game, "you'll see more excitement for \$2.00 than you ever saw before."

"I don't know," replied the old gent, "that's what my marriage license cost me."

CHAPEL MONDAY

A song by the student body was followed by a short talk by Rev. Moore pertaining to the moral preparation that equips one for running life successfully. We should be honest, upright, honorable and just in all of life's activities. We should live a clean life so that people won't have anything to say harmful about us, but if we do not live a clean life, it will sooner or later come back to us.

It is much better to live an upright life receiving no applause and therefore receive blessings in the world beyond. We should also have determination and patience in tackling the things of life.

The Goldthwaite Eagles competed against the San Saba Armadillos Friday at San Saba. Much interest was shown throughout the game by both the people and the pep squad.

The first quarter ended with the score 13 to 0 in San Saba's favor. The third quarter found San Saba ahead by a 20 to 0 score.

The final score was 26 to 0. The Goldthwaite line-up was:

Center—Edward Dalton.
Right guard — Talmadge Head, Clarence Ducey.
Right tackle—Jack Welsh.
Right end—Oran Laewell.
Left end—Hollos Blackwell.
Wayne Locklear.
Left tackle—Chester Head.
Left guard—Weldon Jones.
Quarter back—Paul Johnson.

Full back—Millard Evans.
Right half—Weyman Harvey.
Left Half—Howard Ducey.

The Eagles have a game with Lometa today. Be there and help the Eagles beat Lometa. The Eagles have always won over Lometa and this year should not be an exception.

Eulion and Bulious Doggett spent the week-end at Pleasant Grove.

Frances Page saw the T. C. U-Daniel Baker game at Fort Worth Saturday.

Marvin Spence Rudd spent Sunday in Comanche.

JOKES

Current literature tells us the saddest words of tongue or pen were uttered by the landlady who said: "Go! And never darken my bathtub again!"

Small Boy (viewing tiny and very new brother with great disfavor). "And they call that an interesting event!"

"Are you crazy, Pat? Ye say ye turned down the job because the pay was too high?"
"Sure. If I ever got sick an' had to lay off, losin' so much money would worry me to death."

Mother: "Why is it taking you so long to put on your dress?"
Daughter: "I can't decide just where to put it."

Judge (in assault and battery case): "What weapon did you use to reduce the complainant to this condition?"
Defendant (proudly): "No weapon at all, your honor. It was all hand work."

Counsel: "The cross examination didn't seem to worry you. Have you had any experience in that line?"

Client: "Married three times."

Old Farmer Tightmoney was not exactly stingy, but mighty economical. One day he fell into a cistern. The water was over his head and cold, but he could swim. His wife, attracted by his screams, yelled excitedly down to him: "I'll ring th dinner bell so the boys will come home and pull you out."

"What time is it?" the farmer called up.
" 'Bout eleven o'clock."
"No, let 'em work until dinner time. I'll just swim around until they come."

These red hot mammas they sing about didn't get that way leaning over a cook stove.

Mrs. Goldie. "I mended the hole in your trousers' pocket after you went to bed last night. Am I not a helpful little wife, dear?"
Mr. G.: "Um-er- yes, but how in thunder did you know there was a hole in my pocket?"

Drunk, feeling around a telegraph pole: "By Gad, I'm walled in."

Izzy: "Ikie, help me find my speas."
Ikie: "Why, they're on your nose."
Izzy: "Don't be so indefinite."

Leota: "Be still, Bernadine, I'm trying to draw a physics figure by looking at your head."

Bernadine: "What is it, something intelligent?"
Leota: "No, a block."

TWINS FAREWELL

The Junior Class will miss very much the good classmates and true sportsmanship that has been manifested from year to year by Eulion and Bulious Doggett, who expect to leave G. H. S. next week and enter Comanche High School, a school in our neighboring town.

Letris Berry of Pleasant Grove gave the girls a farewell party Saturday night. A large crowd attended and the party was enjoyed by all.

The seniors feel that if they met up with Chaucer they could easily carry on a conversation with him, as they have been studying the prologue to the "Canterbury Tales."
