Developing Strength

Very Important Road Being Improved

Every business man knows that good roads are a help to any town. Where we have good roads we have good towns, almost invariably. Another thing that is important in the roads is to have them as direct as possible, cutting out the turns and preambles. There are several concrete examples that might be cited of the benefits of good roads leading direct to the section with which business relations are desired, but the truth is obvious to all business men.

A movement is on foot to straighten and improve the road from Indian Gap to Priddy, which will not only make trade relations between that section and Goldthwaite more easily maintained, but will bring a large trade from the Pottsville and Indian Gap section to this city. The business men of this town are urged to give every assistance needed or desired to the movement and the Eagle feels sure that not only Commissioner Duren, but the entire commissioners court will co-operate with the movement for improving the road from the Indian Gap section to Priddy, where the Pecan Belt highway—the best graded highway in this part of Texas—gives direct connection with the Goldthwaite markets.

There is no intention or idea among the business men to attempt to bring trade here to the detriment of the local community dealers, but it is necessary for such communities to have ready access to a large town where every need can be supplied and where a good market is maintained, in wholesale as well as retail lines.

Give aid and encouragement to the improvement and shortening of the road between Indian Gap and Priddy and the people of those communities will be benefitted as well as Goldthwaite business community.

Much Beneficial Road Work Being Planned

The Humble Oil Co. recently purchased the two lots at the southeast corner of Front and Fourth streets and this week the buildings are being moved off by their owner, Mrs. J. W. Edwards. Both residences will be moved to Mrs. Edwards' lots north of the school grounds and will be occupied there as residences.

It is understood the Humble Co. plans erecting an office building of considerable dimensions on the lots and will occupy it with a district office, maintaining quite a force here directing the business of the company for a considerable portion of this section of Texas. Nothing definite can be learned at this time, as to the details of the plans, but it is understood work will begin on the office building in the near future.

The Woman's Missionary Society of the Methodist church will meet Monday afternoon at two o'clock, in business session, and for election of officers at the residence of Mrs. Dan Westerman, on Fisher street.

Over W. B. A. P. Fort Worth Sunday from 4 to 5 p. m. Matters of interest to Baptists will be discussed.

SOME BRILLIANT SOCIAL EVENTS

HALLOWEEN PARTY

One of the most delightful and elaborately planned socials enjoyed in Goldthwaite for many moons was the party given by Mesdames O. H. Yarborough and Neal Dickerson last Thursday night, in the Yarborough home. More than forty guests responded to the invitation and the evening was most delightfully spent, the joyous laughter and enthusiastic conversation during the entire time attested the genuine pleasure of everybody. The Halloween season was ushered in at this party and the decorations were in keeping with the motif, as were the plate favors and the table coverings.

The main feature of entertainment was 42 and the players seemed to take especial delight in the games for the evening and mighty few of them failed to receive a liberal amount of "beans in the baskets." No prizes were offered, but everyone played with zest and earnestness for the mere delight of the game and because of the pleasant company and surroundings, and when "time" was called at about 10:30 there was indeed a happy throng assembled about the tables.

A most elaborate refreshment plate was served, the menu consisting of sandwiches, pickles, pumpkin pie topped with whipped cream and hot coffee, and this was enjoyed almost as much as the other part of the program and proved that the ladies favoring their friends with this evening's entertainment were as adept at preparing enjoyable refreshments as in outlining a program of social pleasures.

Plate favors were Halloween horns and enough music (or noise) was created to awaken the neighborhood.

A DELIGHTFUL ENTERTAINMENT

The social gathering at the home of Mr. and Mrs. C. A. Eacott Monday night, as a courtesy by Mesdames Eacott and Claude Dickerson, was one of genuine pleasure for a large number of guests. The attractive home was decorated for the occasion and the guests were made so welcome by the hostesses and their husbands that it would have been impossible to fail to enjoy the evening.

Eleven tables were arranged for the game of 42, which is ever popular with the old and young alike. The pleasant surroundings and delightful company caused a spirit of joy to pervade the entire house and the games were played with enthusiasm. Merry conversation filled the rooms as the games progressed and the hours sped by so rapidly that when the announcement was made that the last game had been played many expressed astonishment that the time had passed so quickly and watches were consulted to see if some mistake could not be discovered, but it was "just too bad" that the delightful occasion was to come to an end.

Covers were passed for the tables and a most appetizing plate of refreshments was set before the guests, the collation consisting of salad, toasted crackers, cake, salted nuts, hot chocolate with whipped cream. A considerable time was spent by the guests about the tables and when the time arrived to depart they seemed to regret to leave

HIGH SCHOOL

FOOTBALL NOTES

We would like to call your attention to the work of John C. Price and Bert Patterson, as sport scribes. They are writing up our games play by play. We think they are doing might good work for beginners.

The team is minus the services of Joe Barnett and Luther Rudd, who were ineligible at the six weeks report. Ben Patterson and Donald Brim were eligible, but forced to quit for other reasons. They have played some good football for beginners.

We think that our wisest move will be to cancel all of our home games, as we have lost about \$20 on each one played, and as we have two more scheduled, we can not afford to go further into the hole. What do you think about it?

San Saba is apparently ashamed of being scored on by Goldthwaite, as they sent in a report of never being scored on to the state dailies. Who is our reporter and why don't they correct these erroneous reports?

Well, we are going to San Saba Friday afternoon for a practice tilt with the Armadillos. Actually they want to see if they can beat us as badly as Lampasas did and to get revenge on us for dirtying up their old goal line. We are the innocent victims, who will prove that their goal line looks like any other team's.

You will see a real ball game if you go over.

Let's hear what you have to say on the question of home games.

REPORTER.

A HALLOWEEN PARTY

Mr. and Mrs. Neal Dickerson and Mr. and Mrs. O. H. Yarborough were joint hosts and hostesses at a "42" party given at the charming Yarborough home on Thursday evening. The house was appropriately decorated in orange and black, the lights shaded with Halloween shades, giving a spooky atmosphere.

Clever little baskets were passed and partners and tables were found by numbers on these baskets. Scores were kept by black and orange candy witch faces.

The refreshment plate also carried out the chosen scheme. Delicious sandwiches, pickles, pumpkin pie and hot coffee were served.

Much merriment ensued by the blowing of the Halloween horns, which were plate favors. Many guests showed decided talent in performing on these "musical instruments."

It was indeed a party not soon to be forgotten. At a late hour, we bade our hosts and hostesses good-night with the hope that they will soon entertain again.

and spent more than the necessary time in securing their wraps and expressing to the hosts, hostesses and the company in general the delights they felt and the appreciation they were due for the courtesy of the occasion.

ART AND CIVIC CLUB

Mrs. Fred Martin was hostess to the Art and Civic club in their second program of the year Thursday afternoon, Oct. 23. All members were present except one. Mrs. Jacob Saylor called the house to order. Several items of interest was transacted. Mrs. Claud Eacott made a report from the civic committee. It was suggested that we follow plans as outlined by State president Mrs. R. F. Lindsay. The chairman urged that each member of the club plant a rose garden and as suggested by the Junior club that each member plant a bed of blue bonnets. It was pointed out that now is the time to plant them or transplant them. Mrs. Eacott promised complete plans for her committee for a beautification program at an early date.

At the close of the business session, a most interesting program on Mexico was ably led by Mrs. Roy Rowntree.

Program

Devotional—

Roll Call—Current events of Mexico.

Paper—North America's Oldest Metropolis—Mrs. Osterhout.

Vocal duet—Spanish music—Mesdames Eacott and Littlepage.

New roads and what they have meant to Mexico—Mrs. Harry Allen.

Piano solo—La Golandrina—Mrs. Martin.

Talk on Mexican Art—Mrs. F. P. Bowman.

Spanish chorus—Schubert club.

Lovely Spanish shawls worn by members of the chorus was very effective.

In keeping with the program, a plate of Mexican viands in their colors of red and yellow was served to members of the Art and Civic club, Schubert club and Mesdames Marvin Rudd, C. L. Stevens, Walter Diddy, D. D. Tate, M. E. Fairman, Henry Martin, Sophia Klipp of Chicago and Miss Lucille Conro.

There was a display of Mexican pottery, novelties and hand work. In fact the whole atmosphere reminded one of Mexico, which gave each and all a desire to see and know more of their sister republic.

Mullin—Mrs. R. H. Patterson.

Center City—Miss Lois Keese.

Star—Mrs. Ed Hamilton.

Big Valley—Miss Ruth Featherston.

Pleasant Grove—Mrs. Paul Horton.

Priddy—Mrs. Lillian Priddy.

Goldthwaite—Mrs. J. C. Evans.

CHURCH OF CHRIST

Preaching at 11 a. m. Sunday. Subject "Godly Counsel." Evening service at 7:30, subject "Spiritual Life in Christ Jesus."

Prayer meeting was well attended Wednesday night.

We cordially invite all to come to both services Sunday. Come let us reason together and receive counsel. Preaching by Jas. G. Lloyd, evangelical friend.

MEMBER.

BAPTIST CHURCH

We wish to extend to all who have recently lost a friend or relative our sympathy. Remember that we do not only sympathize with you, but we carry you in our petitions to our Heavenly Father, who can always comfort the broken heart, driving away the sorrow and drying every tear. We also remember those who are upon the bed of afflictions. We never retire at night until we have carried every interest of our people to a throne of God's grace, and especially those who have trouble, or ill in any way.

We missed several of our regular church goers last Sunday. Several were providentially hindered and we always want them to know that we miss them in our services. Our Methodist friends were out in numbers, and they are always an inspiration to this preacher, and their fellowship, as well as their service rendered in our worship, is always delightful and appreciated.

We understand that Brother Lambert and his family go to Eagle Lake. The Lamberts have been in our midst for two years and they have conducted themselves on the highest plane of Christian living. They are worthy of the consideration of any people. We heartily commend them not only to the Methodist people of Eagle Lake, but to the entire citizenship, as unceasing workers, with a beautiful spirit of co-operation, always ready to serve in any place for the good of humanity. Our prayers go with them to their new field of labor, and may they succeed in their efforts to advance the cause of our Master.

We understand that Brother Dare will be here for the Sunday services. There are a few things that ought to be said here in reference to what some of these Methodist gentlemen have said to this writer, and they will be said later, but at present we deem it wise not to say too much. Now listen Baptists. We are going to have our regular Sunday morning service, but Sunday night we are going to worship with our Methodist friends, giving our new Methodist pastor a cordial welcome to our town. We want to go over in such numbers that we will put the Methodists in the basement. Now don't disappoint me. Let's go. Not for curiosity, but to worship.

Much comment pro and con has been made direct to this preacher about his Sunday sermons. We appreciate comment, whether it is pro or con. A sermon that does not get any kind of comment has failed in its purpose. There is one thing that this preacher wants every one to know, and that is, he positively does not deal in personalities, but strictly in generalities. My sermons are prepared not for any individual, but for every one that attends our services. Every sermon that we try to deliver is seasoned thru and thru with prayer. As we prepare our messages we take in consideration the masses and not any individual. We never enter our pulpit without we have a prayer in our heart. "O, Lord help me to deliver my message in a spirit of love whereby men will get a blessing." The superintendent, teachers, and Sunday school goers make it possible for this preacher to be alone and talk to his Lord just before entering his pulpit and that is one of the things that has made our Sunday school and church services

BOY SCOUTS CONVENTION

The Boy Scouts of the district held a convention here last Saturday afternoon and their program was decidedly interesting to the members of that organization, as were their contests. Mr. Pouncey of Brownwood, head of the organization for the district, was here and assisted with the program and gave instruction to the boys, all of whom seemed enthusiastic in the exercises. W. C. Barnett, W. M. Johnson and others who are interested in the Boy Scout movement, gave every assistance, as did Prof. Mayfield, coach of the High school, and others of the city. The movement is one that should appeal to everybody, especially those who have boys in the Scout age, and Goldthwaite is proud of the membership of the organization at this place.

MEETING OF W. M. U.

The Woman's Missionary Union of the Mills County Baptist association will have its quarterly meeting Saturday, Nov. 8, at 1:30 p. m., at the Goldthwaite Baptist church. Let the chairmen of each committee be ready to make a report; also all officers are urged to be present. We will have a brief program as well as a business session.

Regardless, whether you have a society or not, if you are a member of a Baptist church, you are urged to come. Let the announcement be made Sunday morning in every church in the county. Remember the date Saturday, 1:30 p. m., before the second Sunday. Come early to town to visit with us, and then you will have plenty of time to do your shopping.

MRS. G. C. IVINS, President.

FARM TERRACING

County Agent Weaver reports that the terracing program, which has been hindered by the recent rains is now progressing steadily. This week lines were located for J. B. Hopper, Priddy; J. F. Williams, J. C. Cobb, M. W. Hilliard, Mullin; L. W. Leverett, Lake Merritt; J. H. Hallford and Mr. Curb. Prairie; Adolph Niemann, Priddy, and Mr. Shipp. Caradan, will be assisted this week or early next week. Mills county farmers having observed the value of terraces made evident by the drought are building more and better terraces this season.

MERRY WIVES CLUB

Mrs. W. H. Trent entertained the members of the Merry Wives club and a few friends in the home of Mrs. S. P. Sullivan on Tuesday afternoon, Oct. 28. In the games Mrs. O. H. Yarborough won high score for guest and Mrs. D. Albert Trent for club member. At the close of the games a delicious salad collation was passed to club members and Mesdames J. H. Randolph, L. E. Miller, Holland Frizzell, O. H. Yarborough, D. H. Trent and S. P. Sullivan.

UNION PRAYER MEETING

The Union prayer meeting will be held with Mrs. Fuller at 3 o'clock this afternoon. Mrs. Crews will be leader.

a success. And if we have an enemy that comes to hear our message, just remember that our message is prepared for our friends, and not for enemies, and the only place that you have in our mind or heart is a place of prayer that "God will make you a better man or woman and give to you the blessings of life." No man can help his enemies only to pray for them. And just remember if this preacher has such a person, "For you I am praying." Come to church Sunday.

PASTOR.

THE GOLDTHWAITE EAGLE

A whole fish was extracted from a child's throat in New Orleans, after the child had been taken to a hospital in a fine condition. As an experiment one of the physicians inserted a dentist's forcep and pulled, when out came the fish.

Prohibition enforcement officers at Galveston were making an inspection Sunday and found four quarts of liquor at the end of a fishing line in the bay. It was but natural to suppose some one had been fishing for mermaids, as ordinary fish would not be attracted by such "bait."

Announcement comes from Washington that Bishop Jim Cannon is in a hospital for a rest, after an interview with the ministers of his church who have filed charges against him. He may be just "resting up" preparatory to spending a lot of the five million he expects to get from Wm. Randolph Hearst in his suit for defamation of character.

After a legal battle reaching to the supreme court, Thomas W. Cunningham, former Philadelphia sheriff, is now subject to removal to Washington for trial on charges of contempt of the senate. He is under indictment as the result of refusing to tell the senate campaign funds committee the source of the \$50,000 he contributed to the '30 senatorial campaign of Hiram S. Ware in Pennsylvania.

A billion dollar outlay will be needed next year to meet the government's increasing bill for veterans' compensation and pensions. Despite the efforts of the administration of veterans' affairs to keep the estimate below the billion figure, demands for pensions, hospitalization and compensation under the laws created by Congress last spring have brought the total to staggering heights. Preliminary estimates for the Veterans' Bureau alone for the next fiscal year indicate a probable increase of more than \$100,000,000.

The Abilene pastor of the First Christian church, Rev. Salkeld, who recently announced his "withdrawal from the world," by canceling his membership in fraternal and civic organizations and even having his telephone taken out, in order that he might more completely concentrate on spiritual things and shut the world out on his mind, is still attracting attention to himself. Newspaper reporters continually interview him and write about him and it is likely he is now more conspicuous in the eyes of the world than he would have been had he not made the unusual announcement.

Again the Rev. Robert P. Shuler, broadcasting pastor, and his Trinity Methodist church South of Los Angeles, are in public attention as police investigate the mysterious bombing of the downtown church building early Sunday. Only slight damage was caused by the bomb and police believed the blast was set off as a prank or by some crank who wished to frighten worshippers from the church. Several plate glass windows in the building and in nearby structures were broken. Police explosive experts said the bomb apparently was a black powder affair, similar to those used in aerial fireworks displays. Investigators said the device apparently had been hurled from a moving automobile.

THE FIRST FIFTY YEARS

A god many of us fall into the error of assuming that because the average expectancy of life for the people as a whole has greatly increased during the last forty or fifty years, the man who has escaped the menaces and perils of the first half century of life is less under obligation than formerly to look out for his physical welfare.

It is true, of course, that the baby born today has a far better chance of reaching the allotted span of three score years and ten than he would have had only a comparatively few years ago; but it is not true on the other hand, that the traditional scriptural allotment has been largely extended.

In the lower age brackets, more lives are being saved, but the life span itself has been very little affected by better hygienic, social and economic conditions. The maladies of childhood and the teens have been encouragingly subordinated, but the so-called degenerative diseases and certain others common to late middle life have been scarcely touched.

As the Portland Oregonian recently pointed out, "the distinction between greater expectancy for all the population and increase of the ultimate life term is important, because those who do not make it are apt to acquire a false sense of security."

It is not very difficult to forestall a considerable percentage of the afflictions which menace the elderly by early adoption of a system of hygienic living, but we should not fail to give proper stress to the word "early" in reaching this conclusion.

RETURN OF THE NATIVE

Alaska is to have musk oxen again. One hundred years ago the Arctic tundra of America abounded with these shaggy-haired beasts, which provided food for the Eskimo. Then the hunters got busy, and soon the American musk ox went the way of the buffalo. Now the Department of Agriculture has had to import musk-ox calves from Greenland to form a nucleus from which it is hoped Alaska will be restocked. If the experiment with reindeer can be taken as typical, the time will come when the Far North will have as great herds of the musk oxen as ever. They range over territory far less favorable for animal life than the reindeer requires. Already the United States has begun to draw on the vast reindeer herds of Alaska for meat. The ancestors of those herds were planted there only a few decades ago. Besides providing meat and hides for the domestic market, the reindeer have been a godsend to the Eskimo. No doubt the musk oxen will serve a similar purpose. —New York Evening Post.

MISTAKES

Mistakes are so many and so varied that it may be wise for us to profit by some "Mistakes of a Life" that we found not long ago in an old scrap book. Here they are:

It is a great mistake to set up your own standard of right and wrong and judge people accordingly.

It is a mistake to measure the enjoyment of others by your own.

It is a mistake to expect conformity of opinion in the world. It is a mistake to yield to trifles of no consequence.

It is a mistake to expect ourselves and others with that which cannot be remedied.

It is a mistake not to make allowance for the infirmities of others, to consider everything impossible that we cannot perform, to believe only what our finite minds can grasp, or to expect to be able to understand everything.—Selected.

MONEY NOT WORKING

The drought and the alleged business depression do not appear to have had any effect on the gate receipts of sports. The baseball season has closed with a record-breaking attendance of both major and minor league games. The football season has opened with indications of even larger attendance than last year or any year since these events have been the center of so much attention.

Aside from this, the attendance at the International Yacht Race, at which Lipton made another attempt to lift the cup, was the largest since this event was inaugurated seventy years ago. The "gallery" at the golf matches and tennis games was larger than at any other time since the American people have taken up these sports. The attendance at tennis matches this year was as large as it was at baseball games ten or twelve years ago. Boxing has kept pace with the attendance at other sports. Third-rate fighters are drawing larger gates than such champions as Sullivan, Corbett and Fitzsimmons. About the only industry which has kept its volume of business up to the standards of more prosperous times is the manufacturing of sporting goods and equipment.

Will some of the experts give us an explanation of this phenomena in periods of business depression? Evidently there is plenty of money in the country, but it is not working. It is only playing.

FOR THE FARMER

It is announced that the salvaging of old macadam and gravel roads and the building of farm-to-market roads as a farm relief measure, a stimulant to employment, a means of increasing the amount of freight handled by the railroads and a traffic relief aid on congested highways, will be featured subjects at the Ninth Annual Asphalt Paving Conference to be held in Memphis, Tenn., from December 1 to 5. These problems will be discussed by authorities from American Farm Bureau Federation, American Automobile Association, American Association of Railway Executives and others.

One of the "real" agricultural problems is lack of adequate year-round road facilities. The average farmer is cut off from the outside world during months of each year by impassable roads, which become a series of mud-holes with the first rains.

It has been demonstrated that long wearing, weather-proof surfaced roads can be constructed and maintained in rural districts at a low cost by various asphaltic and road oil processes.

If the coming road conference accelerates secondary road construction, it will have done more for the farmer than theoretical "farm relief" experts.

Saxophone Not Jazz, Says Orchestra Leader

TOMMY CHRISTIAN

It's blue just thinking of you — and working too — from now on.

Real Southern Musicians Use Clarinets Instead

New York City.—Saxophones and jazz have been coupled for many years in public prints, spoken comment, law courts and pulpits. So says Tommy Christian, famous orchestra leader. "In fact it was a business executive who wanted to get volume out of a small orchestra combination who first suggested using the saxophone," says Mr. Christian.

"The original jazz bands were made up of cornets and clarinets. The clarinets give many more effects than saxophones and are great for hot tunes and cover three and one-half to four octaves, while a saxophone only reaches

two and one-half, but can be sweet and melodious.

"People down South don't even like the sound of a saxophone except in serious music. They can listen all night to blues, played with a clarinet, fiddle, bass fiddle, cornet and guitar, and never feel blue, but give them saxophone music on a dance floor and they start feeling sorry for themselves.

"There's just something about a saxophone that does that. It is sweet and sad because it doesn't laugh like a clarinet. Doesn't make you want to get up and yell. It means too low.

"Some pieces need a saxophone to tell their story though. 'I'll Be Blue Just Thinking of You, From Now On' is one of those. Its dancing qualities make it real saxophone music. It has sex appeal which is only put over musically with sax appeal."

THIRTY-SIX THOUSAND LIVES

The United States is on its way toward establishing a new high record for deaths due to the automobile, according to a well-known authority. It is forecast that at the end of 1930 at least the total of casualties will be 36,000—several thousand more than were killed last year, when the present tragic record was established.

Recklessness is still the modern rules of the road. Hundreds of thousands of incompetents are allowed full use of the public highways.

This last factor—that of incompetence—is probably largely responsible for our gigantic record of fatalities. Only a few states have laws requiring strict examination of applicants for drivers' licenses. Fortunately, there is a trend toward such laws throughout the nation and when every state has and enforces them at least partial success in accident prevention will be achieved.

Another crying need, in most states, is for modernization and revision of traffic ordinances. Up-to-date, enforceable codes that would be supported by the public, are essential to highway safety.

We have no more serious problem than that of automobile accident prevention. It affects every citizen and is a vital element in the life of every community.

WANT FLOOD CONTROL

A report from Washington says: "A survey of Brady creek at Brady, by an army engineer, together with recommendations for flood control, has been requested of the War Department by Mayor E. L. Jones of Brady in a letter to Senator Tom Connally of Texas.

Mayor Jones said the recent thirty-foot rise in the creek caused damage to city property estimated at \$350,000.

Heavy rains caused two floods this year and the survey is desired, the Mayor explained, to restore confidence in investors in Brady property and to prevent a recurrence of damage."

PSYCHOLOGY'S CONTRARIANESS

George M. Reynolds, dean of Chicago bankers, celebrated his fiftieth year of banking the other day with a cheering statement about business.

Said Mr. Reynolds: "Depressions don't kill people. We recover and are recovering from this one faster than we appreciate. There is no fundamental trouble either with the country or with the American people. I predict that within a few months we will discover we are doing a volume of business comparable with any other period of prosperity, a volume of business that will startle the Nation."

Psychology is a big factor in business, and in this field psychology is too often working on the wrong side. It is overly optimistic when retrenchment is evidently called for, and over-depressed when that is desirable and warranted is courage and initiative. The few cold-blooded

exceptions, like Babson a year ago and Mr. Reynolds of Chicago, Colonel Ayres, the Cleveland seer, and others now, are apt to state the realities of the situation. But the average mind seems to be unable to come out of the state of depression until it is convinced by business recovery so obvious that even the blind can see it: In other words business will beat psychology to it.—Star-Telegram.

Rae Samuels Finds the Theatre Is Coming Back Into Own

RAE SAMUELS
Sweet heart of my old-time days, Sweet as still their man's face, is 'where my fun is days.

Houses for Legitimate Will Again Dot Land, She Declares

New York City.—All this talk about the passing of the American legitimate theatre is bunk, says Rae Samuels who as the "blue streak of vaudeville," has toured every town and hamlet in the U.S.A.

"The public wants good shows just as much as it ever did," she declares. "For a time our playwrights became accused writers and now they are doing talkies. What we need now is a new crop of writers and then you just watch the public step up to the box-office."

"In vaudeville, the same situation holds. Good acts always get over. I think that in a few years

from now there will be more legitimate theatres than ever and more houses playing vaudeville.

"The theatre is an integral part of our life and the personal touch with the audience can never be supplanted.

"Music, too, needs a lot of coming back. For a while all of our writers did nothing but theme songs, simply because 'Ramona' made a fortune for its writers. The country wants good novelty tunes and sweet ballads. 'Sweetheart of My Student Days,' comes as near to what the public demands as anything I've heard. It carries you back to life's happiest days and does it in a delightfully tuneful manner."

Miss Samuels, one of the few stars of the stage who has not succumbed to pictures, is one of America's best loved singers.

LET'S HAVE FACTS

It is said that the construction of vast systems of waterways at favorable points thru out the nation would save the people of the United States untold millions of dollars. The deduction then follows that these waterways—in particular the St. Lawrence canal—should be constructed as soon as possible and set to work transporting commodities at an almost ridiculously low cost.

No one has yet been able to show just how the waterways would make gigantic savings possible, while many unbiased authorities have pointed out that, entirely disregarding the great original construction, the maintenance costs would be a tremendous burden on the public treasury.

If waterways would really save public money, they should be built. But if they would be a terrific public expense, their construction would be economically folly. This is a problem about which the public is entitled to the full facts.

WHY NOT STOP CRIME NEWS AT THE SOURCE?

"The people of Portugal have become alarmed over the prevalence of crime and the Portuguese government has met the emergency by ordering the newspapers to minimize their reports. It appears to escape the attention of the Portuguese government, as it does the good people who would like to see a similar censorship in America, that the best way to minimize such reports is to suppress the criminals," says the San Francisco Chronicle.

One of the Ross trucks started to Eagle Lake yesterday, moving the household effects of Rev. Lambert to that place. The same truck will move the former pastor of Eagle Lake to Edna and then move Rev. Dare's household goods to this place. Mr. Ross expects the truck to reach Goldthwaite on its return Saturday.

Walters Hester is spending the week at home, because of a shutdown in the T. & P. shops at Marshall this week. The system of instruction in electrical engineering in S. M. U. provides for one month in class and one month in actual experience and this is the month for his active work in the shops, which he will begin next week.

Keep the correct time. Set your watch by the Regulator at Miller's Jewelry store. It is always correct standard time.

Mr. and Mrs. W. C. Dew have moved into their beautiful new home at the northeast corner of Hutchings and Fifth streets, which is the site of their former home, it having been remodelled into a modern brick of two stories and a basement, with all modern conveniences, including steam heat. This is one of the finest and most attractive homes in the city and is an ornament to the town.

When you want a suit, dress or single garment cleaned or pressed, call Burch and he will please you.

ROCK SPRINGS

We had Sunday school and B. Y. P. U. Sunday for the first time since Sept. 28. As Miss Oleta Daniel is teaching and can't be with us on Sunday nights, we elected Mrs. Joe Davis our quiz leader and Mrs. McClary assistant leader.

If you don't believe everybody out here enjoyed the sunshine Sunday, just see how they visited.

F. W. Chadwick, wife and son joined our Sunday school Sunday morning. They live across the bayou.

Mrs. Mary Faulkner and grand children and Mrs. Claud Laird and children spent Sunday with Grandmother Perry at Center Point. In the afternoon Mrs. J. M. Traylor and children joined them in their visit.

Mr. and Mrs. E. D. McNutt went to hear Brother Ivins preach Sunday morning.

O. L. Ellis and family sat until bed time in the Ballard home Saturday night.

Philip Nickols spent Saturday night with Walton Daniel. Walton returned the visit Sunday afternoon.

J. F. Davis and wife went to Brownwood Friday afternoon to visit their son and wife and Grandfather Davis. They came home Monday afternoon.

MRS. FOWLER DEAD

Mrs. W. W. Fowler died at her home in Dallas Wednesday afternoon at 2 o'clock, after a long illness, and her remains will reach Goldthwaite on the early morning train today, for burial in the cemetery here at 9 o'clock this morning.

Mrs. Fowler, nee Dacre Strickland, was reared in this city and spent most of her early life here. She was a daughter of the late Capt. and Mrs. M. J. Strickland, and a sister of Mrs. J. W. Roberts of Rock Springs. She is also survived by three brothers: Ernest of Brady, George of Gatesville and Ollie of Hamilton, together with her husband and one daughter, who live in Dallas. She was married to Dr. Fowler here and they spent a good many years at this place, where Dr. Fowler was engaged in the practice of medicine, later moving to Dallas for a year or more and for the past several months there has been very little hope of her ultimate recovery.

While living here Mrs. Fowler was always interested in the civic welfare of the town and was one of the leaders in the organization of the Cemetery association and took part in other movements for community betterment. The announcement of her death brought sorrow to a great many Goldthwaite friends, who sincerely sympathize with the bereaved relatives.

A SAD DEATH

W. W. Taylor, Mr. and Mrs. Frank Taylor, Supt. and Mrs. E. D. Stringer, Mr. and Mrs. C. C. Wilkins were among the Mills county folk who went to Brownwood Saturday to attend the funeral of little Dorothy Smith, the 3-year-old daughter of Mr. and Mrs. Frank Smith and granddaughter of Mr. and Mrs. J. W. Johnson, whose death occurred Friday night after an illness of less than two hours with locked bowels and convulsions. The grandparents have lots of friends here and the mother spent a part of her childhood here and has the friendship of many people in this city and county. The bereaved ones have the sincere sympathy of all of their friends thruout the county.

MULLIN NEWS

NEWS NOTES CLIPPED FROM THE MULLIN ENTERPRISE

A TURKEY FEAST - HALLOWEEN SOCIAL

Mrs. Emil Steinmann was at home to a group of her friends recently with a good turkey dinner and an all-day quilting. The day was ideal for the group of friends to have a merry time socially and to ply the needle with speed. Time passed off most happily. The entire list of guests was not received, but among the group were Mesdames J. D. Cobb, J. A. Williams, J. P. Williams, B. F. Romans, Ed Davis, Spinks, Meyers and the honoree, Mrs. Steinmann.

PROGRAM AT METHODIST CHURCH SATURDAY NIGHT

Orchestra—Onward Christian Soldiers.
Prayer—Dr. R. H. Jones.
Welcome address—Superintendent J. M. Scott.
Piano solo—Miss Marie Rice.
Echoes from the conference—by the pastor.
Solo—Miss Nelson.

The public is cordially invited to attend this program and enjoy a service together at the church. Come and meet your friends and the Methodist pastor, and let us work together for a successful year in the vineyard.

RATLIFF-EATON

Sunday morning at 9:30, Mr. Vann J. Ratliff and Miss Edith R. Eaton were quietly married at the home of Rev. L. J. Vann in this city.

Both these young people were reared in our midst and have hosts of friends in this section.

The amiable bride is the only daughter of Postmaster and Mrs. S. J. Eaton. The groom is a son of Mr. and Mrs. J. W. Ratliff.

MISS TENNIE CARLISLE

Miss Tennie Carlisle, the second daughter of Mr. and Mrs. T. W. Carlisle of Pompey, died on Oct. 21, at the home of her aunt in Roswell, N. M., after a three week's attack of typhoid fever.

She had a large circle of relatives and friends, who miss her smiling face and her going so young is a shock to the loved ones. She leaves a vacancy that will be hard to fill. The parents who adored her and the other sisters and brother know "They will not mine" must be their humble submission to the Divine Power, "Who doeth all things for the best."

The funeral was held at the Methodist church in this city Wednesday, Rev. L. J. Vann officiating. Interment was made in Oak View cemetery.

Many beautiful flowers covered the last resting place.

F. A. Cobb and family recently visited his parents, Mr. and Mrs. J. D. Cobb. The grand parents are always glad to see the little folks come and make merry at the farm home.

Misses Ruby and Bernice Horton recently visited their grand mother, Mrs. Mary Campbell, and Miss Verna Lee Barker returned to their home in San Saba county with them for a visit.

JOHN TIPPEN DEAD

John W. Tippen, age 40, died at the home of his mother, Mrs. G. W. Tippen at Ebony Saturday morning at 8:10 o'clock and was laid to rest at 3 o'clock Sunday afternoon at the Ebony cemetery. Rev. A. E. Prince of Brownwood conducting the funeral services. The great crowd of friends and the beautiful floral offerings bore evidence of the high esteem in which he was held. He had been in ill health for three years, but only a few weeks had his condition been grave. Surviving him are his mother, Mrs. G. W. Tippen of Ebony, two brothers, W. W. and Bud Tippen of Lometa, three sisters, Mrs. Effie Egger, Mrs. Della Reynolds of Ebony and Mrs. Ollie Cutbirth of Brownwood, besides nephews, nieces and other relatives and friends. The Enterprise extends condolence to the sorrowing ones.

Mr. and Mrs. Dudley of Zephyr spent the week end with Mr. and Mrs. L. C. Ratliff.

Mr. and Mrs. W. E. Burlington and Miss Ruby Burlington visited in Brownwood Saturday.

Mr. and Mrs. C. B. Lindsey of Brownwood recently visited her parents, Mr. and Mrs. John Neill.

Mr. and Mrs. Sam Isom of San Saba spent the week end with her parents, Mr. and Mrs. G. M. Fletcher.

Mr. and Mrs. C. D. Green and little grand sons and Mrs. Will Butts of Duren were in town Saturday.

Mr. and Mrs. Happy Shelton have returned to their home at Fort Worth, after a pleasant visit in the home of her parents, Dr. and Mrs. R. H. Jones, in this city.

Mr. Aaron Little and Miss Ora Mills of Comanche were meeting old friends in Mullin Saturday. Mrs. Little was indisposed and unable to make the drive over here.

ACCIDENT PREVENTION

Accident prevention—both the "why" and "how"—is becoming understood. There is hardly a major industry in the United States which does not realize that accident prevention is an essential factor in industrial efficiency—as much an economic matter as a social matter. In contrast to this, a few decades ago most employers grudgingly took steps to prevent accidents, believing that it was an expense that produced no return.

Last year there was an 11 per cent decrease in deaths among children of school age, due mainly to the improvement and extension of safety education. Accident prevention and health promotion work has become a basic factor in the curricula of modern schools and is achieving remarkable results.

Offsetting these favorable conditions, is the vast increase in deaths due to the automobile. It is forecast that a new high record of 36,000 will be established this year. However, hope is found in the trend toward modernization of traffic laws throughout the nation and the spread of laws requiring strict examination of applicants for drivers' licenses.

Automobile accidents must be checked to complete an enviable national accident prevention record.

Mr. and Mrs. John Merrill of the McGirk community are rejoicing over the arrival of a sixteen pound baby girl, who came to their home on the 21st day of October, 1930. John thinks it is worth keeping. Dr. Mary Brooking says it is next to the largest new-born baby she ever saw.

Ernest Linkenhoger, who is a student in college in Brownwood, was painfully injured while in a practice game of football last Saturday. One of the players struck him in the stomach with his knee, causing temporary paralysis of some of the organs. His parents, Mr. and Mrs. W. H. Linkenhoger of this city, were notified of the accident and went to Brownwood and brought him home Sunday morning. He was sufficiently recovered to be able to return to school Monday afternoon.

BAPTIST PROGRAM

I am sure the other members of the program committee will permit me to extend the number of speakers. I conferred with other members of the committee by correspondence and when they completed the program, I see they placed me as a speaker. They will agree with me in substituting others.

The workers' conference is to meet with Trigger Mountain church next Sunday evening at two o'clock, which is the first Sunday in November, and the program to be as follows:

Program

Short devotional by T. J. Sparkman.

1. What is regeneration as taught in the scriptures—J. W. Stripling and C. H. Miles.

2. Relation of the Bible to regeneration—G. C. Ivins and Travis Sparkman.

3. Evidences of regeneration to one's self—Joe Frizzelle and R. V. Mayfield.

If the weather is suitable we should have a large gathering and much interest and enthusiasm. This is the first time we have tried to have so important a meeting within a brief Sunday afternoon, but if everyone will come promptly and do his best, it will prove a large blessing. L. L. HAYS.

TRIGGER MOUNTAIN

There seems to have been an epidemic of colds among us for the past week. Nothing serious though.

We hesitate to write to the good paper here of late, as we are unable to learn much news. However, there are a few comings, goings and doings, and there is always the weather which is rather inclined to be showery at present.

We had Sunday school and B. Y. P. U. Sunday with a good crowd each time.

Grady Kennedy and Emerson Davis returned from a trip to east Texas Friday.

Mr. and Mrs. W. S. Cunningham visited their daughters in the city the past week.

Mr. and Mrs. Amos B. Campbell of Brady visited Mr. and Mrs. J. B. Lively Sunday.

Miss Lucille Cunningham, who is our efficient school principal, went home over the week end.

The young people enjoyed a party in the home of Mr. and Mrs. Joe Burdette Saturday night.

Several of the patrons of the school met recently and did some work on the building. Mr. and Mrs. J. W. Dellis spent a week with their daughter at Lometa. These good people apply themselves diligently to farming and one of its more important side lines—dairying, and we are glad when they enjoy a vacation.

HALLOWE'EN PROGRAM

The Lake Merritt school is planning a Halloween program for tonight (Friday) and extends a cordial invitation to the public to attend. Special music will be provided by Henry Cryer and an interesting and pleasant affair is promised.

Modern Music Supplants Big Business As Career

DON BIGELOW

Betty Co-ed has lips of red for her word. — Betty Co-ed has eyes of Yule's deep blue.

Son of Steel Magnate Becomes Famous Orchestra Leader

New York City.—"Music is as much a Big Business as steel." This is the opinion of Don Bigelow, blue stocking orchestra leader of Manhattan.

"Music is as practical as any so-called big business," Bigelow declares. "My father has an office at his steel plant ready for me, but I like music better and I'm making more money than any steel plant could pay a man who had been on the job only one year. A few years ago, musicians were a kind of family curse. To have one around the home was about like having a queer old maid aunt. One didn't talk about it. But now all that is changed. The musician is respectable and respected for he must know his business onions, especially if he is an orchestra leader. He has to make contracts involving millions and must certainly know what it is all about before he assumes a modern orchestra pay roll. "Yet commerce has not taken the artistry out of music. The modern dance band player must know his instrument perfectly. He must read well and be a thorough musician. "However, the general run of music has improved because high-salaried men want good stuff to play. Each piece must have some outstanding feature. It must not be just another number. Just now college songs are in vogue and believe me, they must be good. "Betty Co-ed" is illustrative of the new type of collegiate fox trot that goes for any college. It has collegiate 'it' and when a song makes the sensation this one has, then it must have also real musical merit."

Cold weather is motor-punishing weather... Now, more than ever you need the extra protection this DE-WAXED, EASY-STARTING

In cold weather motors usually are hard to start, but Conoco Germ-Processed oil actually makes starting easier!

There are two good reasons for this.

First: Germ-Processed oil is thoroughly de-waxed and does not congeal at low temperatures. Second: Germ-Processed oil does not drain away during periods of motor idleness.

The initial "turning over" process is made easier by the protective lubricating film which is on duty before you touch the starter. The usual 40% to 60% of motor wear occurring during the starting period is greatly reduced. Conoco Germ-Processed Motor Oil gives you

safe starting—and quick starting, even at low temperatures.

Change now to this new oil. Use it all winter for motor safety and economy. You will find Germ-Processed Motor Oil at all stations bearing the Conoco Red Triangle.

could stand a lit- and every voter should be fully informed, not only on the issues involved, but as to the correct manner of marking the ticket. The party tickets are printed parallel and where one desires to vote a "straight ticket" it is only necessary to run a zig-zag line through the other four tickets, but where one desires for any reason to write in names not printed on the ticket it will be necessary to write them in the unheaded ticket. As an example: The Republican party does not have a full ticket and should a member of that party desire to vote for some one not on either of the other tickets for a county or precinct office, they should not write the names under the Republican heading, but in the list of the unheaded ticket, under the proper headings. The amendments are so arranged that any intelligent voter can mark the ticket the way desired and these need no explanation.

PROBLEMS OF EMPIRE

"What Texas needs is a definite program set for the younger generation to accomplish in the next twenty-five years. The resources of Texas should enrich Texas and Texans. Its farming population should own their lands, not be tenants in a condition quite like serfdom. Its empty forest lands should be restored and exempted from taxation for the period of growth. Small industries should be established in every village and town of the state to supply work and to put on sale Texan-made goods. "Made in Texas" should be a guaranty of excellence in material and manufacture. Above all, the younger generation should be free to acquire a generous education, combined with a training for vocations on the farm and in the future industries of Texas.

Texas needs local Chambers of Commerce, civic improvement societies and city planning. It needs a new Constitution, a reorganized government, wise legislators who can think in terms of an empire state. It should place obligations on its professions to give to its people health, good laws, spiritual insight. It should aim to develop that broad intelligence that appreciates the value of the artistic in connection with vigorous applications of the many varieties of science to the problems of the state.

"Talk Texas, think Texas, help make Texas famous for its comfortable homes and its wide-awake intelligent citizens." — Texas Weekly.

Awake Half the Night Weak and in Pain

"Night after night I could not sleep," writes Mrs. Mary J. Roberts, 117 West Franklin St., Raleigh, N. C. "I would lie awake half the night. I was dizzy and weak, suffered frequently with pains in my side and small part of my back.

"When I was a girl, my mother gave me Cardui, and it did me so much good. I thought I would try it again. I took five bottles, and I feel like a new person.

Joe Spinks and family spent Sunday with Bill Harmon and family.

Mr. and Mrs. Jim Dailey and Earl Davis and family visited Cleve Perry and family Tuesday afternoon.

Mr. and Mrs. Marvin Spinks were callers in the Joe Spinks home Tuesday.

Mrs. Julia Taylor and children spent the week end in Gorman, visiting relatives.

Mr. and Mrs. Manford Anderson made a business trip to Brownwood Saturday.

Mrs. Kate Shelton, Mrs. Craig Wesson and Mrs. Rube Wesson called on Mrs. Julia Taylor Friday afternoon.

Mr. and Mrs. Oliver Green and little daughter of Duren spent Saturday night and Sunday with Mr. and Mrs. Manford Anderson.

C. O. Stark and family visited Townsend Perry, wife and son Sunday.

C. C. Wesson and family were guests of Mr. and Mrs. Aubrey French Sunday.

C. O. Stark is gathering pecans on the river this week.

Mrs. J. D. Fallon and Mrs. C. O. Stark canned turnip greens last Friday.

Miss Morine Anderson spent Friday night with her sister, Mrs. Fred Pafford.

BLUE BELL

HOG MEAT

Frequently we read in the public prints or hear from oral publicists that "everything is being overdone." Sometimes it does seem so, but there is one business that has never, is not now and probably never will be overdone. That is the hog business. There is never enough swine meat to supply the demand at a moderate price. Today the cheapest cuts are selling at about twice the price of cotton, pound for pound.

Side meat, or salt pork, is the foundation of the American cotton crop. Yet there are one million cotton farmers today selling cotton at ten cents and buying salt pork at twenty cents, or thereabouts. The south used to be a very successful hog country. It has an abundance of grass for the hog's nutrition and diversion. It grows hog grains successfully. It is climatically adapted to hog comfort, and the near-by market appeals to the hog's sense of economy. The reason why hog raising has so largely died out in the south is not because of any remissness on the part of the hog. That animal is as willing to root industriously and grunt contentedly now as previously. But the open range lands disappeared and a barbed wire fence is a poor pig pen. Therefore, hogs have been done away with in order to avoid building hog lots and fencing hog pastures. If hogs had to be milked, like cows, there might be some excuse for hogless southern farms, but the hog in fact requires less pampering and grows into money quicker than any other domestic animal. The task of building a pig tight fence has been too arduous to be undertaken by a chronic cotton raiser.—State Press in Dallas News.

Mrs. Charlie Smith and Mrs. Ben McCenol shopped in Goldthwaite Monday.

Mrs. Adrian Long spent the day with Mrs. Attaway Monday.

Mr. and Mrs. Joe Walker of Goldthwaite are attending the singing class here. FARMER.

BUSINESS AS USUAL

Our national resources are as great today as they were last year. Our great business organizations are in strong financial condition and our industrial plants are at the highest state of efficient development. Credit is abundant. With the exception of the difficulties that have arisen as a result of the drastic deflation of commodity prices, the business horizon is reasonably clear. All that is lacking is courageous and intelligent effort and confidence in the future of the country. We all know that the present period cannot long endure, yet many good citizens are hesitant and wait for others to show their courage and initiative. If everybody would get into the swim they would all realize how fine it is. — Los Angeles Times.
