SCHOOL BOARD ORGANIZES

The School Board for the Goldthwaite Independent district, met Tuesday night, for the purpose of organizing and transacting such business as was necessary.

E. T. Fairman was elected president, D. O. Simpson, vice-president; W. A. Bayley, secretary. The Trent State Bank is the treasurer or depository.

Mrs. J. S. Bowles was elected to the chair of English in the High School. This selection completes the faculty for the schools.

The Board fixed the time for its regular meeting to be the second Monday night in each month.

LOTTIE MOON JUNIOR G. A.

The Lottie Moon Junior G. A. met at the home of little Aileen Ross Monday at 4:15 p. m. with President Robert Elizabeth Littlepage, presiding. A short and interesting program honoring our mothers was given. Mesdames Carl Bledsoe and Allen Ross were our honored guests, and we appreciate these mothers who are interested enough in our work to come visit with us. We are always glad to have our mothers and friends come visit us any time and see what we are doing. Next Monday we are going to play Missionary games and we want every mother present.

We want to thank Mrs. Ross and Aileen for being so kind as to invite us to meet with them. At our last business meeting Loraine Bledsoe was elected reporter, since the promotion of Juanita Rudd. REPORTER

COMMISSIONERS COURT HOLDS SESSION

Equalization Board Soon Will Meet

The court was in session Monday and transacted considerable routine business, including auditing accounts and examining official reports.

A change was granted in the Indian Gap and Caradan road, where Commissioner Biddle has been doing a lot of work and where the road will be benefited by the change. Mr. Biddle is a hard worker and a mighty good road man.

The highway money for the month was divided to the different precincts in proportion to the amount paid in from those precincts. Precinct No. 1 received \$128.27; No. 2, \$45.78; No. 3, \$132.85; No. 4, \$34.75.

The court will meet again today to complete the work of examining the tax renditions, preparatory to convening as a board of equalization.

All the young people of the city have a cordial invitation to attend these services.

CEMETERY WORK

Ladies of the Cemetery Association.

You are certainly to be congratulated on your untiring work and the success of your efforts in keeping "Our City of the Dead" in not only a clean and respectable condition, but show the love and reverence for the last resting places of our dear, departed ones, by inspiring the people of the whole community to decorate and place with loving hands the beautiful flowers we are privileged to grow and place on these graves.

It is a noble and unselfish work and you can be sure the people who have loved ones buried here are grateful to you for what you have done and are doing. May you not tire or become discouraged because of the seeming inattention and ingratitude of some, for you can be sure everybody appreciates your great organization and its objects and attainments. Keep up the good work and may you be blessed in it. A CITIZEN.

MARRIAGE LICENSE

County Clerk L. B. Porter officiated in his office an application for marriage license for Cecil Wilcox and Mrs. Dora Hurst, both of Star community.

FAMILY REUNION

A family reunion of the Kingsbury and Putnam families was held Sunday, May 11, at the ranch home of E. G. Kingsbury, five miles east of Star, in Hamilton county.

Gilbert Kingsbury and wife, Emily Kingsbury, and her sister, Lavina Putnam, a widow, moved to Hamilton county, Texas, in the early seventies. This was then a pioneer country, but as Ernest Kingsbury well said, "An ideal pioneer country." Timber for the cutting, stone for fences and houses for the hauling; open land for cultivation, grass waist high and running streams. All the settler needed was a hammer and saw, ax, turning plow, shot gun, nerve and backbone to make a good start in life. To such a country came these two families 60 years ago. And Sunday, something over 80, perhaps about one-third of their descendants, gathered at the stumping ground to do honor to their memory.

Of the immediate descendants of Gilbert and Emily Kingsbury only one son, Ernest G. Kingsbury, now survives. He is county surveyor of Hamilton county. Mrs. Dora Warren, the daughter, widow of Judge John Warren, died several years ago.

Of the seven living children of Mrs. Lavina Putnam, all were present. They are: Mrs. Clara Baker and Owen Putnam of Evant, Mrs. Jennie Van Buskirk of Chicago, Mrs. Elta Bowman of Star, Carl Putnam of Gould, Okla., Mrs. Percy Sawyer of Hamilton. Another sister, Mrs. Hattie Crispell, died about 30 years ago. The combined ages of the seven present was 508 years, or an average age of 72 4-7 years.

Others present of the E. G. Kingsbury family were his wife, Eva, and Laura, Dora and Clara, daughters. Also Rosser Warren, son of Dora Warren.

Of Clara Baker's family present—Blanche Roddy of Corpus Christi, Mrs. Bessie Langford and daughter, Mrs. Gladys White of Coleman, Mrs. Dora Kelly and children of Temple, Roy Baker, wife and son, Ruth and Evant Brooks and children of Evant and O. C. Baker.

Of Owen Putnam's family, were his wife and grandson, Grace and Robert Mason, and son Rodney, of Coryell county, Ben Putnam and wife and Nora and Kenneth Putnam, J. C. Putnam and son, Donald Putnam and daughter.

Of Jennie Van Buskirk's family, one daughter, Ora Van Buskirk of Chicago.

Of Mrs. Elta Bowman's family were Tinnie and James Williamson, and children, Lowell, Imogene and Patricia Williamson, F. P. Bowman and wife, and Virginia, Clara and John Bowman.

Of Mrs. Percy Sawyer's family were Tom Sawyer, husband, and T. C. Sawyer and son, P. R. Sawyer and daughter, G. H. Sawyer and son, Miss Annie Sawyer.

Of Mrs. Nellie Drake's family were Hazel Drake, Owen Drake, Mrs. G. C. McAnelly and foster daughters, Dorothy and Marguerite, Mrs. Walter Newson and daughter, Fay, Miss Ruth Hibets, Arlie Bush Hibets.

Others present, not descendants, were Clyde Thompson, Vivian Hedgepeth, W. T. James and wife of Hamilton, Cecil Gent, Al-

A SAD MESSAGE

Mrs. R. M. Thompson received a message yesterday morning announcing the death of her nephew, James Lawrence Pierce, at Tulsa, Okla. His home was in Minneapolis, Minn., and he was en route to Texas. Full particulars were not given in the message, but it is supposed to have been an automobile wreck that caused his death. His mother died here some years ago and is remembered by friends who were residents here in former years. Mr. Pierce leaves a wife, three sons and one daughter in Minneapolis, also several relatives at Blessing, in this state, where his parents resided during their life time.

BIG VALLEY

The weather has been fine and the farmers have been getting in the last seeds and plowing over the first time their corn and other crops already planted. With all the work there has been time for visiting and social activities in the community.

The young folks enjoyed their annual reception at Miss Ruth Featherston's home last Friday night. Everyone had a good time and hope Miss Ruth will give another one next year.

Mr. and Mrs. J. C. Moreland and daughters, Misses Zora Lee and Shirley Maxine of Shive were visitors in the Valley Sunday and took dinner with Mr. and Mrs. T. P. Reed.

J. T. Bledsoe of Clyde attended the Mothers' Day service Sunday and was shaking hands with old friends. We hope he comes to make a longer stay next time.

The Mothers' Day program was certainly fine and everyone enjoyed it. We wish to thank the program committee for their splendid program.

Little Miss Yvonne Bohannon from Fort Worth is visiting her grandparents, Mr. and Mrs. Walter Nelson.

Mrs. J. J. Cockrell left Friday for Dallas, where she will visit friends and then on to Sherman to visit her sister.

Tuesday evening the ladies of the community met at Mrs. Swin's to quilt. Everyone had a good time quilting. When the quilting was almost finished Mrs. Swin called the workers in to the dining room and served hot tea and cookies, which was enjoyed by all.

Mrs. Ed Barrington and little son from near Abilene are visiting her mother, Mrs. Robert Long.

Miss Oma Roberts from Alberta was visiting Miss Loraine Dewey Sunday.

Monday night Miss Onita Knowles gave a farewell 42 party for Ralph Fisher. Everyone seemed to have a good time.

Brother Braswell of Goldthwaite preached at Lower Valley Sunday.

Miss Flora Weaver visited in the J. J. Cockrell home Sunday.

Last, but not least comes our graduating exercises at the Baptist church (Friday) tonight. We think we have a very efficient group of teachers and regret that that term is to come to a close. Everyone is invited to attend.

Sunday is regular preaching day. Come and bring someone with you. FARMER.

MOUNT OLIVE

The farmers are busy plowing corn and planting cotton. Although the weather has been cool the crops are growing beautifully.

There was church at the school house Saturday night and Sunday.

There will be a three days' meeting at the church this week end. This being communion time there will be dinner on the grounds Saturday and Sunday.

Mrs. C. C. Couch and her uncle, Mr. George McWhirter, of Dallas, are visiting relatives and friends at Mount Olive and Caradan this week.

Friday was the last day of school. The patrons came and brought dinner and everyone seemed to enjoy themselves. There was a baseball game with the Mount View and Mount Olive teams that afternoon. We are glad to say that Mount Olive was victorious.

Lewis Sparkman and wife went home with Tuiley Lee and wife Sunday afternoon.

Mrs. Sallie Couch spent Saturday afternoon with Mrs. William Koen at Caradan.

Oran Conway returned from Oklahoma Tuesday, after being gone a month.

Mrs. Argue Huckabee spent the week end with her nephew, Sam Koen. Mrs. Hettie Cline spent Sunday and Sunday night in his home, too.

Isaac Cody went to church at Pottsville Sunday.

Curtis Koen had business in town Tuesday.

Alta and Leslie Kerby visited Ira Kerby Friday and went to the play "Mamma's Lil' Will Rose" at the school house Friday night. REPORTER.

MIDWAY

As one day follows another one, it grows into weeks, so it is my time to tell you that—

Mrs. Jackson spent one evening with Mrs. Anderson last week.

Some of the men have been shearing sheep lately.

Bill Anderson and Fred Perry went to Priddy one day last week on business.

Claude and Woodrow Price were visitors in Will Hill's home last week end.

Several from this community enjoyed themselves at Center City Sunday, especially with the fine eats that were served at noon.

Herman Reynolds is a little better at this writing. He is planning to take a trip to Marlin soon for treatment, which we hope will help him.

Some of the young people mortored to Mount Olive Friday night to see a fine play.

R. A. (Pat) Parker left for the pipe-line last Tuesday week which is in Neraska.

Mrs. Anderson, Mrs. Batchelor and Lula spent a little while with Herman Reynolds Saturday evening.

Jimmie Mae Reynolds and sister from Dallas visited their parents, Mr. and Mrs. W. W. Reynolds last Sunday.

Alfred Parker went to Waco Tuesday.

Mr. and Mrs. Deward Reynolds visited his parents, Mr. and Mrs. W. W. Reynolds, Sunday.

As these days are so pretty, we should be at work so I will ring off. JIGGS.

CENTER POINT

The Sunday school rendered a very impressive program in honor of Mothers' Day Sunday morning. We are glad to report our Sunday school growing all the time. Rev. Bedford Renfro will preach Saturday night, Sunday morning and Sunday night. Every body is invited to attend these services.

This scribe wishes to correct an error of her fault, which appeared in this communication last week. It read Mr. Clyde Cline and it should have been Alvin Cline.

Mesdames Spivey, Speck and Stevens of Bangs spent Sunday with their mother, Mrs. Jennie Hallford.

Mrs. R. V. Leverett returned to her home in Sweetwater, after a week's visit with her parents, Mr. and Mrs. Will Spinks, and other relatives.

Miss Julia Dee Fallon spent Saturday night with Gladys Brown at Lake Merritt.

Mr. and Mrs. Jesse Davee of Clyde were in our community one day last week calling on their old friends and neighbors. Carl Spinks visited Johnnie Taylor Sunday.

Mrs. B. F. Mahon is visiting her daughter, Mrs. Roscoe Smith, at Blanket.

Mesdames Willard Mosier, Addie Beshears and Misses Vena and Dimples Beshears of Mullin visited Mrs. Craig Wesson and small son Friday afternoon.

Doris and Dorothea Marie Davis visited Arlie and Lucille Taylor Sunday.

Mr. and Mrs. Bill Harmon and children dined in the Joe Spinks home Sunday.

Mrs. C. O. Stark helped Mrs. John Edlin can English peas Tuesday. BLUE BELL.

SOUTH BENNETT

There were twenty-two present at Sunday school Sunday. There was some good singing Sunday night.

Casey Smith and Clyde Featherston fished at the river Saturday night and caught quite a lot of fish. They got back in time for Sunday school Sunday morning.

Dan Covington's family had visitors Sunday. I did not learn who they were.

Henry Webb and family visited D. W. Webb and family Sunday.

Mrs. M. L. Casbeer and baby spent one night last week with Mrs. J. T. Morris and Dorothy Eunice.

Mesdames Ray Blackburn and Arch Collier visited their mother, Mrs. Elder, one day last week.

Travis Griffin and family visited Mrs. Griffin's mother, Mrs. Covington, at Pleasant Grove, Sunday.

Miss Etha Mae Wade spent Sunday with Evelyn Covington.

Mrs. Clyde Featherston spent Saturday night in the J. M. Stacy home.

Mr. and Mrs. B. R. Casbeer spent the first of this week in Goldthwaite.

Mrs. Travis Griffin made a short visit in the B. R. Casbeer home Saturday morning.

Mrs. Bina Oquin of Fort Worth visited relatives here the first of the week.

Mrs. M. L. Casbeer spent Sunday with J. M. Stacy and family.

There were quite a number of guests that visited in the J. M. Casbeer home Sunday, but I did not learn all the names.

Mesdames Biná Oquin, M. L. Casbeer, J. M. Stacy and Miss Mary Leigh Lane were visitors to Brownwood Monday.

Mrs. J. T. Morris and daughter and Miss Lena Huffman, Will Horton and Virgil Casbeer visited B. R. Casbeer and family Sunday. ROSE BUD.

THE GOLDTHWAITE EAGLE

Mr. and Mrs. A. F. Taylor of Eastland visited relatives in this city Sunday.

Don't put your winter clothing away dirty. Have Burch fix them right.

Otto Lorenz of Priddy transacted business in the city one day the early part of the week.

Farmers are mighty busy now, but this means prosperity to the country at harvest time.

Henry Nieman of the Priddy section, was an appreciated caller at the Eagle office Monday.

Hon. Homer C. DeWolfe came over from Austin last week end to visit his family and look after business matters.

Jake Harrison has returned to his duties in the postoffice, after a vacation trip to Austin, San Antonio and into the coast country.

Kurt Walther, a prosperous farmer of the Indian Gap section, has the thanks of the Eagle for a renewal of his subscription this week.

Mrs. Bina Oquin of Fort Worth visited her daughter, Mrs. M. L. Casbeer, and family in South Bennett community the first of the week.

A special train passed thru Goldthwaite early Tuesday morning, carrying delegates to the state bankers association convention at San Angelo.

F. E. Schultz, a prosperous farmer of the Mullin section, looked after business in this city Saturday and made the Eagle an appreciated call.

Mrs. M. M. Van Glahn writes to change her address to 1214 South Norton Street, Los Angeles, Calif. Her friends here will note the change in address.

Rev. and Mrs. G. C. Ivins left Monday for Sulphur Springs and Texarkana to spend ten days with relatives and friends. He expects to return in time to fill his pulpit on May 24.

Miss Emma Smith of Comanche was here the first of the week visiting friends. She formerly lived in Mills county, and her friends were indeed glad to have her with them again.

Lee Berry and family now occupy the residence at the corner of Fourth and Hutehings streets, opposite the Methodist church, formerly occupied by I. O. Harvey and family.

The Eagle is loyal to Goldthwaite—preaching and practicing home trade. It is only fair that the business men should be loyal to the Eagle and have their printing done in Goldthwaite.

The recital by Mrs. Free Martin's music class at the school auditorium last Friday night was quite interesting to the large audience and much praise was given the pupils, as well as their teacher.

Rev. Bedford Renfro filled his appointment at Mount Olive Sunday and a large congregation heard his sermon. He will preach Saturday night, Sunday and Sunday night at Center Point and a general invitation is extended to hear him.

Chas. C. Smith of Comanche has the thanks of the Eagle for a renewal of his subscription, sent in this week by his sister, who came over to visit friends in this county, where they formerly lived.

Knowing ones say that there has been more grain and less cotton planted in this county this year than for many years past. Diversification has been the salvation of this county and will surely bring prosperity.

Just received a lot of moth-proof O'cedar Bags. Have your winter coats and furs cleaned and they will be delivered to you with this bag at no extra cost.—Steve the Tailor.

BAPTIST CHURCH

We had one of the best, if not the best services we have had in our church last Sunday. In spite of many who were providentially kept away, and others who were out of town visiting their kinspeople, we had 276 in Sunday school and a splendid congregation.

Three bouquets of flowers were given away. The one given to oldest mother went to Mrs. Sullivan, a member of our church, and one of the most loyal members that we have. Mr. and Mrs. J. D. D. Berry got the one that was given to the couple that had journeyed together the greatest number of years. They have traveled together, sharing each other's joys as well as each other's burdens, for more than a half century.

To this writer they seem to have not a burden, perfectly happy, traveling together toward the setting of the sun to enter into a more beautiful life. Mr. W. E. Miller, in his pleasing manner with well chosen words, presented these flowers. Mr. Toland, our efficient superintendent was presented the other bouquet by Mrs. W. B. Jackson. Traveling toward his sixtieth birthday and being one of the best Sunday school superintendents in the land, it was very appropriate for Mrs. Jackson to render this service.

We started our collection for the purpose of purchasing new song books for our church. Many were not present who want to have a part in this work and the offering that was made is at the First National bank and if you have not made an offering toward this fund go right now and leave your offering. We are anxious to have enough books for every person that attends our services. We want you to have one and ask that you contribute toward this fund. Just any amount that you want to give. Don't fail, attend to this matter today. We want to have the new books for our Sunday school rally on the fourth Sunday.

There will be no preaching services at the Baptist church Sunday. Let all of our people worship at the High school auditorium Sunday morning and with the other churches Sunday night. We will return some time next week. Let everyone be found in Sunday school Sunday morning. Praying that good rains may fall upon our section of country, and that all of our people who are ill may soon regain their health, and that happiness and prosperity may prevail.

G. C. IVINS, Pastor.

TRIGGER MOUNTAIN

It just seems as if summer will never come. A fire really feels good.

The sick folks of our community seem to be getting along very well.

J. B. Lively's physician told him he would be able to sit up soon, if he kept improving.

W. S. Cunningham is complaining of rheumatism in his knee.

Mr. and Mrs. Ira Byler and son of Brownwood visited relatives here Sunday.

Miss Ola Mae Dellis spent the week end with friends in Mullin.

Mr. and Mrs. Byron Hays, who are successful school teachers in West Texas, visited home folks here last week.

Mrs. Lee Chambers of Petros, Washington, is visiting her parents, Mr. and Mrs. J. B. Lively. They are indeed glad to have a visit from a daughter so far away.

Mr. and Mrs. Ernest Calloway, who have been visiting relatives here, returned to their home in Odessa Friday.

Mrs. Katherine Dellis was so unfortunate as to lose her brooder house and several chickens by fire Sunday morning.

Our boys played ball with Mullin on our grounds recently. The score was 15 to 20 in favor of the visitors.

Dane Huffman and E. W. McNutt visited W. S. Cunningham Sunday afternoon.

Walter Robertson and family of Center City spent Saturday night and Sunday in the home of her father, J. J. Kennedy.

How One Woman Lost 102 Pounds of Fat

Almost Unbelievable Nevertheless True

Dear Friends: You advise Kruschen Salts for reducing, so I finally tried them and when I started I weighed 19 pounds and when I took them for a year and three weeks, I lost exactly 102 pounds.

I am 23 years old and I look at least 5 years younger now than I did when I was fat. I have a picture of myself before and after, so if you want to see them let me know.

I am always telling my friends about the wonderful salts. I am always advertising them.

I took two bottles every month for a year and three weeks. It amounted to \$25 for reducing 102 pounds, but it was worth it. If I can be of any help to you let me know.

Yours truly, Miss Nellie Simpson, 1903 Wayne street, Swissvale, Pa., Oct. 31, 1930.

The Modern Safe Way—Right Way to Lose Fat

Just take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast. You can hasten the reducing action of Kruschen by going lighter on potatoes, pastry and fatty meats.

Unlike other Salts, Kruschen doesn't reduce by rushing food thru your system. Rather it's an ideal blend of 6 separate mineral salts which help every gland nerve and body organ to function properly.

Women everywhere are overjoyed with this marvelous reducing treatment. Frequently pound by pound of surplus fat leaves and soon you possess that trim, slender figure you've always craved.

An 85¢ bottle of Kruschen (lasts 4 weeks) is sold by leading druggists the world over—so start this SAFE method to lose ugly fat TODAY! Hudson Bros. sell lots of it.

BELIEVES IN DEWOLFE

Homer C. DeWolfe is one of the best bets in the Texas legislature. He is not pretty. He does not have a sweet disposition. But he is a born fighter and a student. He may not finish, but he has the foundation for the making of another Andrew Jackson, as little as anybody may think of my statement. Blessed with the physique of a strong daddy and the energy and brain of a talented mother, this young Texan will get up many times after being knocked down, but if a tree doesn't fall on him he is going to be a part of the main show as the years roll on.—Ferguson Forum.

CALL BURCH

When you want a suit, dress or single garment cleaned or pressed, call Burch and he will please you.

Mrs. Robertson suffered a broken limb some time ago and we are sorry to say it has not healed properly.

The following were visitors in the J. B. Lively home Sunday: Mr. and Mrs. Dennis Fox and children and Grandmother Fox, Lampasas; Ben Lively and Mr. Patterson, Bend; Mr. and Mrs. Sanders and son, Mullin; T. B. Graves.

Mrs. H. T. Vaughan and Miss Dora Oden of Goldthwaite spent Friday afternoon with Mrs. J. H. Vaughan and the girls.

The young people of the community have secured books and assigned parts for a play. Mrs. J. M. Hays will direct them.

Mr. and Mrs. V. T. Stevens are the proud parents of a sweet baby girl, which arrived Wednesday evening.

Mr. and Mrs. Calder and son of Rock Springs and C. H. Teiferteller, Bozar, made a visit to Mr. Lively Friday afternoon.

Mr. and Mrs. Dorman Lively and baby visited relatives here Saturday.

Well, Mr. Editor, I hope it comes summer time before I call again. This means I'm cold and it's bed time.

THE FARMER'S WIFE.

FIRE ON THE FARM

During 1930 farmers suffered one of the greatest fire losses in agricultural history—a total of about \$125,000,000, according to the National Fire Waste Council, as compared with an average of \$100,000,000 in "normal" years.

This unusually heavy fire loss was attributed largely to the drought, which increased the common farm hazards such as highly combustible buildings, isolation from the protection of adequately equipped fire companies, and general lack of fire quenching facilities.

Even so, the annual farm fire loss cannot be justified. Numerous studies have been completed and others are being made on how to reduce the waste. Many authoritative booklets, dealing with every phase of the agricultural fire problem, are available. The barrier in the way of prevention, of course, is the same on farms as in cities—the refusal of the individual to learn the fundamentals of fire prevention, and his carelessness in permitting unnecessary hazards to go uncorrected.

It cannot be questioned that the annual fire waste has done much to prevent farm prosperity. Even if all property were covered by insurance—which it is not—no policy can compensate for destroyed buildings and crops, wasted time, devastated land. Every farmer should take steps to make his property as "fire-proof" as is humanly possible.

LOW-COST ROADS IMPORTANT

Bernard E. Gray, highway engineer, has an interesting article on low-cost, farm-to-market roads, in a recent issue of the Manufacturers Record. He says:

"What a paradox! A country able to produce a surplus of all agricultural products, with prices at give-away levels, and yet with people in actual want in the cities. . . Inadequate facilities for distribution and bad roads are a very large factor in this situation.

What are low-cost roads?" asks Mr. Gray. "They are roads surfaced with top soil, sand, clay, shale, chert, cinders, gravel, crushed stone or similar materials so placed on properly graded and drained road beds as to give year-round service.

"During the past few years engineering research and science has developed inexpensive methods of treating these surfaces with asphalt so as to prevent dust and mud, reduce wear and roughness and, at the same time, give smooth, non-skid roadways . . . with low costs. As traffic increases, it is necessary to add only a small additional thickness. All preceding work is saved for further use. Employment is given to local labor in the preparation of materials."

The low-cost road problem is one which every community must consider.

CO-OPERATION

After all, the desire for happiness in this world is the primary object in the life of the average man. To attain this condition of happiness man makes the world a better place to live in or to obtain his happiness in, and unless humanity as a whole works together in improving the world the individual members of society fail to find happiness in life. The community is the world in miniature; so like the world, it depends upon the co-operation of all its citizens to make it a better and happier residence for the individual.—Corsicana Sun.

EXTRA PROTECTION on Paper... or On the Road... Which Do You Want?

INSURANCE of all kinds is based on the principle of the vast majority paying for the losses of a small minority. Insurance is a wise investment in many things— but unnecessary on Goodyear Tires. Rarely does anyone but the reckless, careless driver require a repair or a replacement on a Goodyear the first twelve months. Insurance against accident, blowout, cuts, bruises, punctures, etc., is built into Goodyear Tires, in extra quality and construction. World's largest production gives it to you at no extra cost. Goodyear could give you insurance on paper instead—but wouldn't you rather have it on the road? In addition, without limit as to months or mileage, Goodyear guarantees each tire perfect.

EARLY SETTLERS

We found the following apt
little bit of wisdom printed up-
on a blotter—evidently in the
hopes that the reader might
absorb some of the wisdom as
readily as blotting paper ab-

with this ordinance as herein-
above set out, shall be deemed
guilty of a misdemeanor, and on
conviction, shall be punished by
a fine of not less than Five and
not more than One Hundred
Dollars.

ARTICLE II

Sec. 1. There is hereby creat-
ed, the office of FOOD, MILK
and MEAT INSPECTOR, for the
City of Goldthwaite. The duties
of the incumbent of said office
shall be:

- (a.) To inspect as often as four
times a year, all dairies and
premises of persons, firms
or corporations, selling milk
in the City of Goldthwaite,
Texas.
- (b.) To inspect meats, and
sources of supply, of per-
sons peddling same in the
City of Goldthwaite.
- (c.) To collect samples of milk
at any time from persons
selling in Goldthwaite,
Texas; and transmit the
same in proper containers
to the State Health Depart-
ment at Austin when re-
quired by the Sanitary
committee.
- (d.) To issue certificates to
owners of dairies and per-
sons selling milk in Gold-
thwaite, certifying that
they have been and are
complying with the re-
quirements of this ordi-
nance.

Sec. 2. The expense of such
inspection of dairies and slaugh-
ter houses, shall be the actual
cost thereof, and not in any
event to exceed \$3.00 for each
inspection. The person or per-
sons for whom inspection is
made, shall be charged with said
expense, which shall be paid
before certificate is issued. The
city shall bear the expense of
testing samples taken.

Sec. 3. The Food, Milk and
Meat Inspector, shall receive for
his services such fees and re-
muneration as the City Council
shall provide.

Sec. 4. Any person, firm or
corporation, violating any of the
provisions of this ordinance, or
refusing to have their dairies or
premises inspected, or selling
milk or other products in the
City of Goldthwaite, without a
certificate of the inspector as
herein required, shall be deemed
guilty of a misdemeanor, and on
conviction, shall be fined in any
sum not less than Five Dollars
and not more than One Hunder-
red Dollars.

The above and foregoing ordi-
nance was passed, approved and
adopted by the City Council of
the City of Goldthwaite, Texas,
at a regular meeting held on the
7th day of May, A. D. 1931. The
rule requiring ordinances to be
read at three separate meetings
was unanimously suspended,
and this ordinance passed to its
third and last reading. All mem-
bers present and voting for its
passage. It was approved by the
Mayor on the 9th day of May,
A. D. 1931, and ordered publish-
ed in the Goldthwaite Eagle,
hereafter to be in full force
and effect.

H. G. BODKIN,
Mayor of Goldthwaite, Texas.

Secretary.

**PAINS
QUIT COMING**

"When I was a girl, I suf-
fered periodically with ter-
rible pains in my back and
sides. Often I would bend
almost double with the in-
tense pain. This would
last for hours and I could
get no relief.

"I tried almost every-
thing that was recom-
mended to me, but found
nothing that would help
until I began taking
Cardui. My mother
thought it would be
good for me, so she
got a bottle of Cardui
and started me taking
it. I soon improved.
The bad spells quit
coming. I was soon
in normal health."

ROCK SPRINGS

Sunday was a well spent day
for most everyone. There was a
nice crowd at Sunday school
and the B. Y. P. U. program
was fine. Miss Stark's quiz pro-
gram was real good. For a won-
der nearly everyone answered
a question.

Our mail carrier surprised
his patrons by slipping by last
Wednesday in a brand new
Ford. Very few saw him all
last week, he has made such a
little noise. We people in this
community want him to tie tin
cans or put some bells on this
new car so we can know when
he is passing. Anyway, we are
proud for Mr. Faulkner.

Those who enjoyed Mothers'
Day and Mr. and Mrs. Claud
Holley's wedding anniversary in
the Nickols home were Mr.
and Mrs. Claud Holley from
Gonzales, Albert Downey and
family from Mullin, Duke Cle-
ment and family, Miss Love
Gatlin, Mrs. Joe Roberts and
children, Homer Doggett and
wife and Miss Juanita Tyson,
Mrs. John Roberts and Walton
Daniel. All of Mrs. Nickols' chil-
dren were at home for the oc-
casion.

J. O. McClary made a busi-
ness visit to Vernon last week.
His daughter, Miss Minnie Hill,
accompanied him as far as Cis-
co to visit her sister, Mrs. B.
A. Meeks.

Mrs. Enla Nickols called on
Mrs. Jennie Simpson at Live
Oak last Wednesday afternoon.

J. T. Davis and wife spent
Mothers' Day at Cedar Point,
where they were reared.

John Roberts and wife and
to Edwards county Saturday
afternoon on business.

W. A. Daniel and wife and
daughters spent Sunday in
Hugh Dennard's in Big Valley.

J. T. Robertson and family
spent Mothers' Day in Big Val-
ley with Mrs. Zona Robertson
and Robert and George Robert-
son and families.

Little Charley Frank Davis
from Elkin is visiting his grand
parents, Mr. and Mrs. J. F. Davis,
and J. C. Stark.

Homer Doggett and wife
spent Sunday night in the
Nickols home.

Several from here attended
the funeral of Mrs. J. E. Great-
house last Friday afternoon. We
extend our deepest sympathy to
Mr. Greathouse and children.

Mrs. Claud Holley and Mrs.
Nickols and boys sat until bed
time in the Hutchings home at
Center Point Monday night.

J. T. Stark went to Rising
Star last Friday afternoon to
begin his old job at Rising Star
for the summer.

Herbery Cooke is enjoying
farm life again, since teaching
a very successful school in
Hamilton county.

The Ford brothers from Seal-
born and August Kauh from
Bulls Creek attended B. Y. P.
U. Sunday night.

Rev. J. S. Bowles from town
has been working in the Gatlin
garden this week.

Mrs. Homer Doggett from
town favored the B. Y. P. U.
Sunday night with a Mothers'
Day song.

Glenn Nickols has been help-
ing to load wool in town this
week.

J. F. Davis and wife and
grandson sat until bed time in
J. C. Stark's home Monday
night.

Mrs. Lula Gatlin from the
city spent the day Sunday with
her son, Osear, on the ranch.

Miss Mary Clements had an
enjoyable day with Eloise and
Alberta Downey in the Nickols
home Sunday.

Mesdames Nickols and Hol-
ley called in the Lucevell,
Karnes and Roberts homes
Monday afternoon.

Harvey McClary had the good
fortune of emptying the cream
freezer for the Nickols boys
Sunday night.

Miss Nellie D. Cooke visited
Mrs. Homer Doggett last Fri-
day afternoon.

J. C. Stark and family visit-
ed Will Stark and wife Sunday
afternoon.

Mesdames Robert, Grede and
Nickol enjoyed the tea at the
Junior high school last Wednes-
day afternoon.

One of my friends in town
said to me: "Why don't you
wish for summer sometime,
when you close your letter and

**INDUSTRY AND
GOVERNMENT**

That government is depend-
ent upon industry is shown in a
forceful manner by the tremen-
dous deficit that now faces the
Federal Treasury as a result
of the falling off in income
taxes.

This tax loss is due to the
slowing up of industrial activi-
ty with reduced output from
factories, smaller incomes for
the wage earners, executives
and investors.

It is obvious to a school child
that industrial prosperity and
government stability go hand
in hand. Any measures which
discourage or destroy indus-
try immediately react on all the
people by heaping additional
burdens on the taxpayer at a
time when he is least able to
pay.

Up to the present time, in-
stead of retrenching on gov-

ernmental expenditures to cor-
respond to the ability of the
people to pay taxes without
real hardship, we have gone
merrily on increasing public
burdens.

not ask for a rain." Well I
guess since this norther, she
will wonder if I wished for it,
as I like cold weather best. We
are needing a good rain and
then some summer days to make
things grow. **BUSY BEE.**

A WASHINGTON QUARTER

The issue of a new quarter
dollar in 1932 will commem-
orate the bicentenary of George
Washington's birth. It will ap-
proximately bear a profile bust
of Washington. There were
many similar coins in the period
between 1783, when the "Geor-
gius Triumpho" cent appeared,
and 1792, when congress estab-
lished the mint and took the
business of coinage out of the
hands of Tom, Dick and Harry.
Washington put a stop to all
efforts to ornament official
coins with his likeness. For one
thing, he was modest; another,
he must have shuddered at
some of the busts of him on the
privately issued coins that made
him look a cross between Julius
Caesar and Baron Steuben. In
all the years of the republic its
mints have put but one man's
head on a coin—the Lincoln

I have secured the services of Dr. A. H. Bertie, nationally known Foot Correction Specialist, and he will
be in my office Friday and Saturday, May 15, 16.

Dr. Bertie does not use knife, drug or metal arch supports, but has a system of his own, whereby he will
give you immediate results for practically any kind of foot trouble. There is no doubt that bad feet are
responsible for an incorrect posture that may cause a labored walk, swollen ankles, tired out feeling, pains
in the limbs and back, nervousness and irritability, and yet they are among the easiest of all human ail-
ments to correct.

This is a personal invitation for you and your friends to visit my office for an examination and consul-
tation, which will be held in private. Dr. Bertie will only be able to take care of a limited number of
patients, therefore, I advise you to make your appointment as early as possible.

There will be no charge for examination. Phone 131 for your appointment.

**The Harvester-Thresher
Savings Investment Plan**

**MAKES IT EASY FOR YOU TO OWN A
McCORMICK-DEERING HARVESTER-THRESHER**

*Under This New Plan Every Responsible Grain
Grower Can Pay for His McCormick-Deering Out
of a Part of the Savings His Combine Will Make*

CROP production cost figures compiled by
McCormick-Deering Harvester-Thresher
users show savings in harvesting and thresh-
ing costs of 20 cents or more per bushel when com-
pared with government average costs for farms
with similar yields.

We are so confident that thousands of additional
grain growers can make proportionate savings with
a McCormick-Deering Harvester-Thresher that
we are announcing the **McCORMICK-DEERING
HARVESTER-THRESHER SAVINGS INVESTMENT
PLAN**, under which you or any other responsible
grain grower can purchase a combine now and
meet the first payment after harvest with just a
part of the savings made possible by the new ma-
chine—with two more years to pay the balance.

Keep in mind that under this plan you get a
time-tried and time-tested combine backed by 18
years of field experience with harvester-threshers.
It is sold to you by a well-established McCormick-
Deering dealer in your own community, whose
stocks and service are supplemented by this large,
permanently established International Harvester
branch house right here in your own section.

In McCormick-Deering dealers' stores the re-
pair bins are well stocked with genuine IHC repair
parts. Thousands of these dealers maintain com-
pletely equipped service stations, offering factory-

standard service on McCormick-Deering Har-
vester-Threshers and Tractors and all International
Harvester equipment. Additional service stations
are being established as rapidly as they are just-
ified by business in the community. As a direct
result, McCormick-Deering service is better today
than it was last year or 10 years ago; our resources
and reputation are your guarantee that it will be
still better when the harvester-thresher, tractor,
or any other machine you buy today is 10 years old.

Consider well the value of this superior service
before you select a harvester-thresher. You want
to buy where you get the greatest value; not just
the day you sign the order, but through every day
and every year you rely on your purchase for cost-
reducing performance at home and in your custom
work. Consider, too, the advantage of being able
to pay for your combine under the **McCORMICK-
DEERING HARVESTER-THRESHER SAVINGS IN-
VESTMENT PLAN** . . . making it doubly advantage-
ous for you to buy your equipment where you can
get the absolute assurance of good, quick, complete
service which is offered you by this International
Harvester branch and the McCormick-Deering
dealer serving your community.

See the McCormick-Deering dealer for full
details of the **McCORMICK-DEERING HARVESTER-
THRESHER SAVINGS INVESTMENT PLAN.**

FAMILY REUNION

(Continued From Page One)

bert Wright, Opal Gordon, Altus
Jordan, Miss Annie Shave of
Hillsboro, Upton Kennedy and
sons of Abbott, Texas, Mr. and
Mrs. Fink Shave, W. L. Eddy and
wife.

A sumptuous feast was spread
and a short program rendered.
Grandsons and granddaughters
recited, sang and played. E. G.
Kingsbury welcomed the crowd
in characteristic manner. He
told of another reunion, years
ago, when he was a lad and the
Putnam clan were young and
giddy, and the children had to
"wait". The main piece de resis-
tance on that occasion was boiled
dried peaches with plenty of
juice. All he got when the old
folks backed off and let the chil-
dren in was juice. Carl Putnam
spoke in jocular vein, telling
about some of the stunts pulled
off when he was a boy and in-
cidentally letting the cat out of
the bag about the former gener-
ation being so much more staid,
serious and respectful than the
kids of today. Several of the
young folks went home deter-
mined to give the grandmas and
grandpas a lecture on how the
young should behave. Jennie Van
Buskirk then read a poem of her
own composition, depicting the
lives and characteristics of the
Putnam clan. Blanche Roddy re-
sponded in a tender manner, call-
ing to mind the sturdy pioneers,
whose hardihood and sterling
character had made possible, the
happy, healthy throng present.

Then someone said, "let's eat,"
and an eloquent silence for 30
minutes, testified to the quality
and quantity of the viands con-
sumed.

After dinner, the spacious liv-
ing room of the Kingsbury home
was crowded with eager grand-
sons and granddaughters, in-
specting old family albums, pic-
tures, paintings and particular-
ly a history of the Kingsbury
and Tenney families from way
back yonder when America was
young.

Group pictures were made.
Many went to the family ceme-
tery at Fairview burying-ground
on the Kingsbury ranch, to place
flowers on the graves of depart-
ed loved ones.

The parting was sad, for sil-
vered heads and aged memory
knew all too well of the ravages
of time, know all too well that
never again will the seven of
the Putnam clan meet and greet
each other and their cousin
Kingsbury, who is after all, just
a brother, knew all too well that
it was for other hands to clasp
and voices to speak welcome at
future earthly reunions. But
nevertheless, with a bright face,
and a cherry "see you again
sometime!" each went his way.
God grant that they may all see
each other again sometime
when the veil of eternity is lifted,
and all true hearted men and
women, boys and girls, meet in
the Grand Reunion that shall
never end. ONE OF THE CLAN.

R. L. BOWEN MADE

HEAD OF POWER FIRM

Former General Manager Is
Elected Vice-President and
Director of Texas-Louis-
iana Power Co.

R. L. Bowen, well-known in
this city, has been elected Vice-
President and Director of the
Texas-Louisiana Power Com-
pany, according to an announce-
ment received by S. W. Smith,
local manager.

Mr. Bowen, who is a native of
Van Alstyne, Texas, has been
with the company since its in-
ception in 1922, having started
work in the capacity of line
walker at Graham, Texas, when
a very young man.

By successive steps, he was
promoted to field superintend-
ent, chief engineer and western
division manager, with offices in
El Paso. In 1929, he was brought
to the General Offices of the
company in Fort Worth as Gen-
eral Manager, and his subsequent
record of accomplishment result-
ed in his election to the Vice-
Presidency and Directorship of
this \$30,000,000 public utility sys-
tem.

Mr. Bowen's first schooling was
received in the public schools at
Van Alstyne and later, he at-
tended Terrill School for Boys at
Dallas. His college education was
received in Blue Mountain, Miss.,
where he was a student in Miss-
issippi college.

He joined the Pershing Expe-
dition to Mexico in 1916. The
day following his mustering out
of the National Guard service,
the United States declared war
on Germany and Mr. Bowen en-
listed immediately, leaving with-
in a few months for France,
where he served almost two
years in active service during the
World War.

In 1919, he returned to the
states and was married in Aug-
ust of that year to Miss Bertha
Booth of Austin. Mr. and Mrs.
Bowen made their home in San
Antonio, where Mr. Bowen en-
gaged in real estate work for
several months before joining the
forces of A. P. Barrett, who was
then organizing several small
companies, which were to become
the nucleus of the Texas-Louis-
iana Power Company. Mrs. Bow-
en was also associated with the
company in its early days.

Mr. Bowen, being a native of
the Southwest, has always had
a deep interest in this section
and has made important contri-
butions to its development.

DEATH OF FORMER CITIZEN

Miss Brazie Clements, daugh-
ter of Mr. and Mrs. Gabe Clem-
ents, formerly of this city and
now of Houston, died at the
home of her sister in Stephen-
ville Tuesday and her remains
were carried to the family burial
grounds at Moody for interment.
She had recently returned with
her brother-in-law and sister,
Mr. and Mrs. Ernest Ezzell from
a visit in California, and had
stopped at Stephenville for a
visit.

Mrs. Curtis Long and Mrs.
C. C. Bledsoe attended the fun-
eral at Moody and conveyed to
the bereaved family the sym-
pathy of Goldthwaite friends.

SCIENCE COMMUNIZED

The malign influence of the
bogy of capitalism is seen even
in the work of the scientists, as
explained by Nikolai Bukharin,
who says: "So-called pure
science, that is, science devoid
of contact with practical life is a
figment. The whole fabric of
scientific investigation work in
capitalistic countries is a weap-
on in the hands of capitalist
magnates and governments and
their industrial and military or-
ganizations." No one would be
more surprised than the world's
mild and patient workers, im-
mured in their laboratories for
half a life-time, to learn that
they were in league with militar-
ism. But in Russia these scien-
tists "who hide their hostility
behind a screen of pure science
and its abstraction from the na-
tional life" must now come out
of their shells and work for com-
munism. If they will not or can
not apply their science to the
soviet scheme they must be sup-
pressed. "However, suitable the
soil of Russia may be for bolshe-
vist doctrines," comments Mr.

**MRS. GREATHOUSE
PASSED AWAY**

A meagre announcement was
made in last week's paper of the
death of Mrs. Viola Couch Great-
house, wife of Mr. J. E. Great-
house, which occurred in the
sanitarium in Brownwood last
Thursday afternoon, she having
been a patient in that institution
for several weeks.

The remains were brought to
the family home here Thursday
night and funeral services were
held in the Church of Christ
Friday afternoon at 5 o'clock,
conducted by Elder Hoover, pas-
tor of the church, after which
burial was made in the cemetery
at this place.

Mrs. Greathouse lived here for
about twenty years, the family
having moved here from Kauf-
man county. She always took an
active part in church work and
drew around herself many
friends, all of whom were deep-
ly grieved when the announce-
ment of her death reached them.

She leaves her husband, three
sons, O. E., E. E. and Ector Great-
house, and two daughters, Mrs.
C. McPherson of Tulsa, Okla.,
and Mrs. J. C. Venable of Evant,
besides other relatives who have
the sincere sympathy of all who
know of their bereavement.

J. T. Bledsoe of Clyde spent
the week end with his son and
other relatives and friends here
and in Big Valley.

Mrs. O. U. Daniels and chil-
dren are here from Fort Worth,
visiting her parents, Mr. and
Mrs. J. S. Chesser.

Mrs. Charley Boyd returned to
her home at Clyde the first of
the week, after a week's visit
here with relatives.

Now is a good time to have
your watch repaired by L. E.
Miller, the jeweler, with satis-

Mrs. J. S. Chesser, who spent
some time in Brownwood for
treatment by a specialist, is at
home and is doing nicely.

FIRE DESTROYS HOME

News came here Wednesday that the residence of W. O. Kemp in Brownwood burned Tuesday night at 10:30, and the house and contents were a total loss, with partial insurance on the residence.

L. C. Belks and wife of Dallas are guest of Mr. and Mrs. G. A. Buchanan.

Mr. and Mrs. J. L. Pickens of Lometa were guests of J. J. Candy and family Sunday.

Mr. and Mrs. L. E. Henry spent the week end with his parents, Mr. and Mrs. Wylie Henry.

W. W. Jones, a boyhood schoolmate of R. H. Patterson, was a Mullin visitor from Van Dyke recently.

Prof. E. L. Curb of Prairie has accepted the Center Point school. Prof. Curb has had years of experience and will co-operate with the good people of this community for the up-building of their school.

Mrs. Ruth Daniel of Fort Worth is visiting here and her sister, Mrs. H. S. Casey, in Brownwood. Mrs. Daniel will be better known here as Miss Ruth Chesser, daughter of Mr. and Mrs. J. S. Chesser.

L. L. Wilson happened to a painful accident while at work in his garage Friday. He got a small piece of steel in his eye and it required a hurry-up trip to an oculist in Brownwood to have the steel removed.

C. O. Buchanan, a motor policeman of Dallas, was badly hurt by running his motorcycle into a car. He received numerous cuts and is mighty glad it was no worse than it was and feels lucky to be getting along nicely.

Misses Cassie Williams, Mildred, Velma and Selma Clark of Abilene made a short visit in the down town section Saturday, as they were en route to Lometa to spend Mothers' Day with Mrs. S. F. Williams and W. W. Tippen and family.

Mrs. D. B. Lindsey and daughter, Miss Flowers, are in Fort Worth and Glen Rose. Miss Flowers has been suffering for several weeks with an attack of rheumatism and may take treatment while gone, either in Fort Worth or Glen Rose.

Miss Sybil Guthrie was in town Monday. Her school closed recently for the summer at Priddy and she will enjoy a vacation at home for awhile.

Barney Herrington and family and Miss Imogene Herrington of Brownwood and Mr. and Mrs. M. A. Toliver of San Saba were visitors in the home of Dr. and Mrs. J. L. Herrington Sunday.

Mr. and Mrs. San Isom of San Saba and Mrs. G. B. Baskin and daughter, Miss Lillian, of Prairie spent Mothers' Day at the home of Mr. and Mrs. G. M. Fletcher.

Mr. and Mrs. Roland Hallford and daughter, Carolyn, of Hico visited Mr. and Mrs. S. J. Casey Saturday. They were en route to Zephyr to attend the funeral of a relative.

J. P. Burkett and family of Locker and his mother, Mrs. J. L. Burkett, went to Lubbock Sunday to visit their daughter and sister, Mrs. Annie Jackson.

The invitations of the Senior class have arrived and the editor wishes again to express appreciation for the courtesy of the nice order. This is probably the largest class of seniors in the history of Mullin school.

Dr. R. H. Jones has returned from a visit at Agua Dulce, Robstown and other points in South Texas. He was accompanied home by his daughter, Mrs. Harvey Wigley, and two small sons, who are having a most admirable time at the home of their grand parents playing with their cousins, Maxma Leta Brewster, who has been a visitor here for several weeks.

THE GOLDTHWAITE EAGLE

As a result of an automobile collision in Brownwood Saturday night Clarence Williams, aged 25, cafe owner, died Sunday.

The cities of Austin, Waco and Eastland are candidates for the location of the Texas Highway department headquarters. A strong effort is being made to move the headquarters away from Austin.

Formation of a bureau of prohibition advisory research essential "to ascertain the truth regarding the operation of the Eighteenth Amendment," from sociological and economic viewpoints was announced Sunday by Prohibition Director Woodcock in Washington.

Those who have been connected with the charity work in this city and county could not help from being impressed with the necessity of enforcing the law against men who have deserted their wives and children, leaving them destitute and a charge on the public. One man who has been closely allied with this charity work says there are more than a hundred families in the county that have been thus deserted. Often there are six to ten children in these homes that husbands and fathers have abandoned.—Marshall News.

Last Saturday afternoon Dr. Albert A. Michelson, 78, discoverer of the speed of light and one of the greatest scientists of modern times, died at Pasadena, Calif. Death came mostly to the man whose work made it possible to know the distance of the stars and measure remote stars far greater than the sun which gives the earth its life-permitting rays. It came on the eve of success of what he called his "last experiment," the most precise and extensive in physics, the exact determination of the speed of light.

A writer in the Dallas News says: "The year 1931 may see considerable increase in crop and live stock pests since a late set, cool spring following upon one of the mildest winters in Texas history, is likely to favor insect pest. Already there are signs that many crop insects are in position to become troublesome this summer, not only in Texas, but in all parts of the South and in other sections of the United States. In a year of low prices for farm products it is doubly necessary to safeguard high acre returns. Farmers can ill afford to let the insects destroy the fruits of their labor when at comparatively small cost these can be controlled."

High up in the Himalaya mountains lives a tribe of which nearly every member, who escapes freezing or sudden extinction under an avalanche, lives to the age of 100 or more. A band of British scientists is averting its way into this lofty region to inquire into the people's manner of life, hoping to learn the secret of longevity. Thus far we have nothing but speculation to go on, but there are two or three plausible theories. The tribesmen live to 100 because they never use tobacco, being unable to obtain any; because they eat goats' milk cheese in the absence of any other food; because they spend much time in the open air, the only kind they have, and because they have kept no records of when they were born and don't know how to count.—Detroit News.

WHAT'S WRONG WITH TEXAS

Read all the Texas newspapers for a month, including editorials and "letters from the people," and you might come to the conclusion that the state has gone to pot. If, however, you enlisted the aid of a staff of Philadelphia lawyers, the chances are you'd have found out to you a very significant thing: Texas differs from most states because many of her ills are self-inflicted.

Ninety per cent of the editorial railing is founded in one or another of countless objections to our tax policy. Some editors call it "lack of 'try.'" Almost as great a percentage of popular complaints are similarly grounded. Wipe the inequalities, the injustices, the discriminations and the absurdities from our tax laws, and it may be we will have wiped away the pallor of economic ailment and faced ourselves forward upon the highroad to robust health and happiness.

Whatever may be our attitude upon the cigarette and gas tax bills, we must admit they were railroaded through the present legislature as more or less makeshift bridges to span a revenue emergency. Expediency, then, may be one of the fundamental faults in our tax structure. Whatever may be our attitude in the sulphur tax controversy, we must confess that some form of that natural resource industry is prosecuting a private feud through legislative channels. Partisanship, therefore, becomes a second inherent fault in tax legislation.

Neither expediency nor partisanship should be tolerated in the building of a tax system for a great commonwealth. They are opposed to the constitutional principles of equality; they defy the fundamental concepts of democratic government.

A sane, sound, tax system must be built scientifically and impartially; it must be equal in its distribution of the burden. It must avoid the faults of confusion and favoritism; it must be fair.

We can't expect the self-interest of both that it costs money to operate the government of the state of Texas. We can't even evade the fact that this necessary expense will increase with population and the multiplied problems of government. The legislature should not be criticized too severely if, harassed and bewildered, it erred in its tax policies; it should be remembered that few of its members pretend to be tax experts.

Probably the fault for our tax middle lies with business and industry. They are quick to show the legislature why this or that should not be passed; but seldom, out of their experience and understanding, do they offer a constructive suggestion as to how needed funds can be raised.

Business and industry, upon the one hand, and the legislature upon the other, should meet under different circumstances. The legislature should say: "We need so many millions of dollars for the next biennium." And business and industry should say: "Here is a tax schedule which will raise the money you need; we won't fight this bill, we will support it. We are agreed among ourselves that the burden is equitably distributed."

Then, in no more hours than it takes days, the legislature could pass its appropriation and revenue bills and go home; business and industry would be spared the expense of costly lobbies; the state would be saved thousands of dollars of legislative expense.

Even more important, business and industry would feel

MONEY FOR COTTON

The world situation, so far as it affects the purchasing power of foreign nations within the borders of the United States, has reached a crisis, and it is likely to become even more perplexing in the future. In a very true sense it can be said that for several years we have been accepting foreign securities in payment for our cotton. American investors have been providing the money with which to pay the American farmer for his cotton, the American investor taking the foreign securities, and the foreign cotton buyer taking the cotton and turning over foreign money to the corporation, municipality or whatnot issuing the securities. But that is a game that has its limits. Soon or later the time comes when the interest and dividends on such securities become greater than the annual investment of new American capital in foreign securities, and that makes the situation worse than ever. Then when foreign securities are sold in the United States the exchange of currency is accomplished by paying dividends and interest to other American investors instead of paying for cotton and when the dividends and interest reach the point where they are greater than the annual amount of new investment money, the American money to pay the balance must be found elsewhere, and this reduces further the amount available to pay the cotton farmers. If that point has not been reached already, it is not very far in the future. And meantime there remains also an indebtedness of more than eleven billions of dollars of foreign governments to the United States government, the annual payments of interest and principal of which amount to something in excess of \$200,000,000, which is only another way of saying that the pretense is being made of paying all that is due. But even \$200,000,000 is a lot of money in foreign commerce. It could pay for about four million bales of cotton at present prices.

It is better still, such an increase of purchasing power might serve to buy two million bales at twenty cents a pound, after adjusting the price of all the rest of the cotton sold in the world. Instead of doing that, however, it is now an influence in reducing purchasing power and in putting down the price of cotton.—Texas Weekly.

confident and secure; the spirit of uneasiness would depart. We could go about our business of producing and selling and manufacturing, undisturbed; and much of what's wrong with Texas would disappear.—Editorial Digest.

Halle, deceased, and all the heirs, representatives, legatees and devisees of the above named parties, are defendants, and said petition alleging: That on Aug. 11, 1917, Willie Henderson Baskin and wife, Effie Gertrude Baskin, executed a deed of trust on the hereinafter described land, to the Federal Land Bank of Houston, to secure a note for \$1,675. Said note bore 5 per cent interest and was payable in 71 installments semi-annually, payments being \$50.25 each, with final payment of \$78.06, said deed of trust recorded in Vol. 8, pages 135-138, deed of trust records of Mills county, Texas, and conveying the following described lot, tract or parcel of land, to-wit:

A part of Block No. 3 of the subdivision of the East 1,500 acres of land out of the Adam Cloud survey in Mills County, Texas: Beginning at the original sw corner of said block No. 3; thence e 84 7/8 vrs to se corner of said Block No. 3 and sw corner of Block No. 4; thence n 1,999 vrs to stone mound in east line of Block No. 3; thence w 84 7/8 vrs to west line of said Block No. 3; thence s 1,000 vrs to the place of beginning, containing 159 acres of land, and being same land conveyed by G. B. Baskin and wife to W. H. Baskin by deed shown of record in Volume 40, page 326, Deed Records, Mills county, Texas, to which reference is made for more particular description.

That, thereafter, to-wit: On or about the 14th day of March, 1923, the land above described was sold and conveyed to W. D. Halle, the latter assuming the payment of said note for \$1,675 above described, thereby becoming personally liable for the prompt and punctual payment thereof.

In compliance with the Federal Farm Loan Act the makers of said note, and deed of trust, and those who assumed its payment, became the owners of 17 shares of Capital Stock of this plaintiff of par value of \$5.00 each; and that plaintiff was required to, did subscribe and pay for an equal number of shares of stock in the Federal Land Bank of Houston of the par value of \$5.00 each; and which is held as collateral security by said bank on account of the endorsement of said note and loan by plaintiff; and plaintiff holds the stock of the makers of said note and mortgage as collateral security to it by the reason of said endorsement. That the payment of interest herein alleged represents only a small part of the loan made herein, and that the stock owned by the makers of said note is pledged for collateral security for the whole of said loan and cannot be used or applied in discharge of any single installment on said note, and plaintiff holds said stock as collateral security for the payment of the whole indebtedness. And the plaintiff, by reason of the provisions of the Federal Farm Loan Act is entitled to have said stock sold with the land and not separately, subject to the unpaid balance of the defendants note to said bank and the obligation of said plaintiff as herein set forth, and now sues for such relief, as well as other relief sued for herein, and as to said stock for only such equity and ownership as defendants have or appear to own. That defendants above named, failed to pay the semi-annual installments on said note, due on May 1, 1930, November 1, 1930 and May 1, 1931, amounting to \$150.75. That complying with the provisions of law, the said loan first above referred to was made three

plaintiff as a National Farm Loan Association serving the Federal Land Bank of Houston, and payment thereof guaranteed by plaintiff. That upon the failure of defendants to pay the semi-annual installments of said note, when due, plaintiff was required to pay the same, and has paid same because of its liability therefor. That after such payment by plaintiff, the Federal Land Bank of Houston assigned to plaintiff its lien on said land to the extent of said payments made, and by virtue of said deed of trust and the Federal Farm Loan Act, authorized and empowered plaintiff to sue for foreclosure of said lien, and to obtain judgment and sell said land for payment of said indebtedness, subject to the balance of said lien, still held as superior lien by said bank.

Plaintiff alleges that defendants herein named are asserting some claim to said land and premises, the exact nature of which it is unable to determine, but which claims, if any, are inferior to that of plaintiff, and constitute a cloud on plaintiff's title to said land.

Wherefore, plaintiff prays that defendants be cited to answer this petition, and that on a final hearing hereon, plaintiff have judgment for said sum of \$150.75, and all interest thereon at 8 per cent since the date of payment, 10 per cent thereof, as attorney's fees, all costs of suit, and that plaintiff's lien as it existed at the execution of said deed of trust, and now exists, be foreclosed, and the said land seized and sold as under execution. Plaintiff further prays for a foreclosure of its lien on said stock held as security for said loan, as plaintiff's rights and defendant's equity may appear.

And for all other relief, general and special, law in law and in equity, as it may appear to the court, it is entitled.

Herein fall plaintiff have before said Court, as aforesaid, next regular term, this writ with your return, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Goldthwaite, Texas, this 22nd day of April, A. D. 1931.

THE PEOPLE FINALLY PAY

Price to the crash of the New York stock market which initiated the present depression, it was said of the average American that his income was not sufficient to meet his expense account. The income has been reduced and in some cases wiped out. What was true of individuals is yet true of state government—the income does not meet the expense account and legislators are looking about for new tax sources. Nearly all are seizing upon those in plainest view. There is no doubt that much property is even yet escaping taxation. Taxes should be equalized. But whatever tax is levied the people finally pay it. The people must decrease their demands upon state governments if taxes even remain at present levels, not to mention decrease.—Lockhart Post-Register.

CITY ORDINANCE

Chapter 70
 An ordinance, to be a part of the Code of Ordinances of the City of Goldthwaite, Texas, providing for the erection of sanitary toilets and septic tanks, prohibiting the use or maintenance of ground or surface dry toilets, requiring pit toilets, forbidding placing foreign substances therein, repealing all conflicting ordinances and providing a penalty for violation. Be it ordained by the City Council of the City of Goldthwaite, Texas:

ARTICLE I.
 Sec. 1. No person, firm or corporation, owning, holding, leasing or using any property and premises in the City of Goldthwaite, for residence, business, or other purpose, shall have, use or permit thereon, any surface or ground privy, dry closet or toilet, for human use.

Sec. 2. All privies, toilets or closets, hereafter used, built or maintained within the City of Goldthwaite, Texas, shall be either, the under-ground or pit toilet, or septic tank, properly constructed.

Sec. 3. Under-ground or pit toilets shall be constructed and built by excavating a pit at least 3 feet deep, 3 1/2 feet long and 2 1/2 feet wide. Over this shall be placed a slab of either concrete, metal or well-grooved and fitted wood, having therein an opening in which the stool is placed and fixed. Said slab shall completely cover the excavation or pit. The sides of the pit should be boxed into the depth of soft earth, and raised slightly above the surrounding level. This shall then be built up with earth and same shall be fly-proof. There shall also be another hole in said cover or slab in which shall be fixed a vent pipe of wood or metal of not less than 3 inches in inside diameter, through which all fumes and gases may escape, and which shall extend through the roof of said privy or toilet. Over the stool shall be placed a seat or cover. The building over the pit or excavation may be of any material or construction, but it is recommended that it be made according to the plans and specifications given by the State Health Department, which may be obtained at the Secretary's office.

Sec. 4. No privy or toilet of any kind shall be placed or located within 30 feet of any privately owned well, or within any distance sufficiently close to contaminate said well, nor within 100 feet of any City well in the City of Goldthwaite, Texas.

Sec. 5. In case the pit should cave at any time, it must be repaired promptly by the owner. All repairs necessary to make said pit fly-proof shall be made whenever needed, by the owner thereof.

ARTICLE II
 Sec. 1. This ordinance shall go into effect and be in operation in the City of Goldthwaite, Texas, on and after the 1st day of July, A. D. 1931.

Sec. 2. All privies or toilets, existing or maintained in the City of Goldthwaite, Texas, after the date on which this ordinance takes effect, which do not conform to the requirements hereof, shall be and are hereby declared nuisances, dangerous to the public health, liable to spread contagion and disease, and breeding places for flies in the foulest manner; and the City of Goldthwaite shall proceed to abate such nuisances in accordance with law and the ordinances of the City of Goldthwaite, Texas. And the City Council, on order of the Mayor of said city, or by unanimous vote without order, are hereby authorized to have such nuisances removed or destroyed, wherever situated.

Sec. 3. It shall be unlawful for any person, whether the owner of such sanitary or pit toilet or not, to place or throw therein, any cans, trash, waste water, dead animals, or any other substance whatever, except human excrement.

ARTICLE III
 Sec. 1. Any person or persons, firm or corporation, violating any of the provisions of this ordinance, or any article or section thereof, shall be deemed guilty of a misdemeanor, and on conviction, shall be punished by a fine of not exceeding \$100.00.

Sec. 2. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

The above and foregoing ordinance was passed, approved and adopted by the City Council of the City of Goldthwaite, Texas, at a regular meeting held on the 7th day of May, A. D. 1931. The rule requiring ordinances to be read at three separate meetings was unanimously suspended, and this ordinance passed to its third and last reading. All members present and voting for its passage. It was approved by the Mayor on the 9th day of May, A. D. 1931, and ordered published in the Goldthwaite Eagle, thereafter to be in full force and effect as therein provided.

H. G. BODKIN,
 Mayor of Goldthwaite, Texas.

WHOM YEARS FORGOT

He ran a successful business twenty years ago. He had built up this business by hard personal effort. Those who dealt with him knew that he could be relied upon, and anything which he sold was well worth the money.

And he had a fine group of customers. But customers change. Some of them die. Some go away. Some get restless and turn to competitors.

So it was with his customers. And not enough new ones came to take their place.

This man worked harder. He studied his products. He kept them up to date. In many ways he was the best posted man in his line of business.

Except for one thing—and on that one thing his competitors passed him. He did not keep in touch with old customers and attract new ones with sufficient energy.

He believed the old "mouse trap" saying, that people would beat a path to his door. But competitors set up along the beaten path and the customers were diverted.

What this man forgot was advertising—and so the years forgot him.

He forgot to study the progress made in merchandising. He failed to see or find out the methods used by others in his same line of business, who were continually in communication with his customers, telling them the advantages of other merchandise, building confidence in other business institutions, winning away the people who had made this one business a success twenty years ago.

This is not the story of any one business. It is the story of scores of businesses, once successful, but today disappeared from the field.—The Paxbury, Nebraska, News.

Don't let anyone forget your business. Keep in touch with your present market, and open a larger and better market by using the advertising columns of the Goldthwaite Eagle.

Mr. Car Owner! YOU BE THE JUDGE

READ the comparison of construction and prices outlined below and judge for yourself. Why should anyone take chances with special brand tires of unknown manufacture when you can buy Firestone quality tires at no extra cost? We save you money and serve you better because of Firestone's direct buying of rubber and cotton — undivided interest in building tires — owning their own factories, the most efficient in the world — and their great economical distributing and standardized service system. Come in today—we will give you more value for your dollar.

Billie Black was real sick Sunday.

We didn't have Sunday school Sunday, as most everyone went somewhere else.

CENTER CITY

We are enjoying fine spring weather and everyone is busy. Our school closed last Friday with a picnic. We enjoyed a nice program in the afternoon by the pupils. Then that night commencement exercises were held at the Baptist church. We enjoyed the address by Brother Isma, after which Judge Simpson delivered the diplomas. We are well pleased with progress made in school work and glad to have Professor Patterson with us next year.

Denver McCasland, oldest son of Mr. and Mrs. Stacy McCasland was thrown from a horse two weeks ago and sustained a fractured skull. He was rushed to Brownwood for treatment immediately. Little hope was held for his recovery. However, Tuesday's report says he is improving and hopes are that he will gain consciousness in the next few days at least. A number of relatives and friends have visited Brownwood since his injury. Mr. and Mrs. McCasland have been at his bedside all the time. Our sympathy is with these good people and we sincerely trust the child will soon be much better.

Mr. and Mrs. John Carter, Jr., announce the arrival of a new girl.

Mothers' Day was observed appropriate programs Sunday. The men of the community furnished barbecue, pickles, bread and coffee, while the ladies furnished cakes, pies, salads, etc. A large crowd attend and all enjoyed the feast. Judge E. B. Anderson and wife, Brother Kelley and Mr. Hudson of Goldthwaite were with us at the noon hour. In the afternoon Judge Anderson and Brother Kelley spoke to a large audience.

Prof. and Mrs. J. W. Patterson and little daughter visited Denver McCasland in Brownwood Tuesday. Mrs. Patterson and little daughter went of Winchell for a visit, while Mr. Patterson finishes his work here, before going to Austin, where he will attend the university this summer.

We are glad to report Mrs. Caseer improving, after her operation. She is at home now.

Many farmers are having their sheep sheared this week. A few sheared last week.

LIVE OAK

"I fancy that it's springtime in the mountains. The flowers with their colors are aflame"

Said a song-writer once upon a time. I don't know how it is in the mountains, but spring is coming rather slow here.

I want to tell you the following things:

Margie Featherston attended District Conference at Comfort last week as a delegate from the Bethel church. She visited in San Antonio, Austin and Georgetown while she was gone.

Dick and Myrtle Parker are visiting relatives in Lott this week.

Wilbur Gray of the U. S. Army is visiting relatives here now.

Ruth Featherston entertained the Big Valley school at her parent's home last Friday night.

A large crowd enjoyed a party at Will Rose's Saturday night.

MIDWAY

We have been having another norther this week.

The farmers are all busy planting cotton this week.

Mrs. Anderson, Andrew, and Oleta and Joyce Knight visited J. M. Petsick and family Sunday.

Mr. and Mrs. Mack Gray are visiting Mr. and Mrs. George Denman.

Mr. and Mrs. A. J. Cline, Jr., are moving to the Mountain this week.

Mrs. Lewis Otis and Miss Jimmie Mae Reynolds visited their parents, Mr. and Mrs. W. W. Reynolds, over the week end.

The young folks enjoyed a party at Will Rose's Saturday night.

The Cline boys sheared sheep for Watson Wright Wednesday.

Mr. Jackson's family attended the Mothers' Day program at Center City Sunday.

Watson Wright and family visited relatives in Hamilton county Sunday.

Folks in our community are looking forward to attending the play at North Bennett, which is to be given May 22.

Will Denton had the Cline boys shear his sheep Tuesday.

Cranville Huckabee and family visited relatives in Hamilton county Sunday.

Mr. and Mrs. Frank Kerby visited his mother, Mrs. H. M. Kerby, Sunday.

Durward Wright visited the Cline boys Sunday. The Denton boys also visited in that home.

Mrs. Beard and Hazel visited Miss Swim at North Bennett school Monday afternoon.

Herman Reynolds expected to leave this week for Marlin, where he will undergo treatment.

OWNING A HOME

When the land fails to absorb the surplus population of the cities, the nation is overpopulated. It is agreed on all sides that Japan is too populated. It hasn't land enough to grow its people's food. China is in the same case, except China is on a lower standard of living than Japan. The Chinese are more prolific in starvation. England is sometimes said to be overpopulated, but it seems so only because agriculture there has had to compete with farms all over the world for the home market. This was in order that the industrial population might have cheap food, and manufacture might have lower costs. The result is that England became top-heavy with factories while English farms went to grass, game preserves and vacancy. Mr. Snowden is trying to make land owning more difficult by increasing land taxes. He hopes big estates will divide into small farms. But what help will that be if the small farmers must bear the burden out of their crops? The big estate owners pay much or all of their taxation out of investment income. The little farmers have to squeeze their taxes out of the ground. The worst statesmanship in the world is that which legislates for the city as against the country. In the last analysis, as well as the first, it is the country by which a nation is saved.—State Press in Dallas News.

GOOD FORMULA TO ACQUIRE INDEPENDENCE

We are farmers, and farm our own land. Drouths have made the last three crops failures, and if we tried the one-crop system once, we would go broke. But we plant different crops of different things at different times, and with ordinary work, some of them will make something.

A real farmer will have work every day in the year on a farm. Every farmer should be interested in choosing the things that will reward him most for his work. No farmer can succeed until he learns to raise his living at home.

My husband and I are not as young as we once were, but we have made a living and kept out of debt. In January, we were milking one cow nearly dry. In February, we began milking two fresh cows. In May, we began milking four two-year-old heifers. In August we had two more fresh ones, and the January one was dry. By September we had another one fresh, and in October we dried off the two February fresh ones, and they were fresh again in December.

From these cows, I made and sold 1,875 pounds of butter, besides what we used on our own table. We raised (last dry year) most of our feed. We sold about \$35 worth of milk to the cheese factory, raised eight hogs on the skim milk, sold three, and killed five, from which we will have plenty of meat and lard, besides sausage that brought me \$37. The skim milk also furnished rations for 125 Leghorn hens. Even though eggs were cheap, I sold \$368 worth, and always had plenty for my table.

Besides giving these things the care they required to make them yield a profit, we worked our farm and garden. I canned 97 No. 2 cans of corn; 75 No. 2 cans of snap beans; 36 No. 2 cans squash; 97 frying chickens (two chickens to a No. 3 can); a three-months calf that filled 50 No. 3 cans; two young goats; and 125 cans of peaches.

Now, this work is not irksome, but a pleasure. We had through last summer, from four to twenty-eight visitors for ten weeks. We enjoyed their company, but we let them help work as well as eat.

Profitable farm work must be done regularly and correctly. One can't get good results and work one day and skip the next. He must be on time all the time. If you want a good price for your produce, you must put good quality in everything you offer for sale, with your name as a guarantee.

I get fifty cents a pound for butter, and highest market prices for eggs because they know it is first quality. Don't ever let butter and eggs or anything go with your name on it that is not the very best. My sausage always finds a ready sale; and when I have more hams than I want, they bring a fancy price.

Now, all of this work will never make you rich, but it will surely keep you out of debt, and you will have the best living. A few cows, pigs, chickens, a garden, sheep and goats, enough backbone to work, and you won't be asking somebody to help you make a living, or asking the merchant to furnish you groceries, while you work a crop to pay him for them.

Everyone cannot do the same things, but when all try to raise enough for home use, the groceryman will be glad to sell you that which you can't raise, and "hard times" will cease.

MRS. J. W. DELLIS.

CARD OF THANKS

We want to express our thanks to all the people who were so kind, thoughtful and sympathetic at the time of our overshadowing bereavement. Not only were our neighbors in Goldthwaite helpful and sympathetic, giving us words of consolation and supplying many beautiful flowers, but those of Brownwood and other communities were kind in words and deeds. We want them all to know that their goodness has helped to comfort and sustain us and we appreciate them to the fullest extent.

THE GREATHOUSE FAMILY.

A HEAVY CROP

Sheep-shearing has been in progress for several weeks and a large amount of wool is being brought to this market. While the price is not as high as we all would like to see it, the fact that some of the largest buyers in America are represented here gives assurance that the full market price is being paid. Even at the present price, a great amount of money will be put in circulation through the sale of this wool crop.

A GOOD SHOW

The Mary Frank Players have held forth in their tented theatre on the McGirk lot all this week and will continue until Saturday, according to announcement. The entertainment has received liberal patronage and those who have attended speak well of the programs and management. Goldthwaite is sustaining its reputation as a good show town.
